Pursuant to Charter section 4.101 (a)1, please state how your qualifications represent the communities of interest, neighborhoods, and the diversity in ethnicity, race, age, sex, sexual orientation, gender identity, types of disabilities, and any other relevant demographic qualities of the City and County of San Francisco:

I am excited about this opportunity to help make the Richmond District a safer place for people on bikes, and for people who use all forms of transportation as a result. I have lived in San Francisco as an adult since 1995, but I have lived in the Inner Richmond since 2007. Since then, I adopted the bicycle as my primary form of transportation around San Francisco, and even to other parts of the Bay Area when combined with public transportation. I love the Richmond District for its proximity to nature -- bordering with Golden Gate Park, Land's End, the Presidio and the Pacific Ocean, which makes this neighborhood ideal for cycling. However, despite the Richmond's beauty and reputation as being family focused, it is still very car-centric and therefore very unsafe for people who use non-motorized transportation, especially the most vulnerable members of our district. As a member of the Bicycle Advisory Committee representing District 1, I will prioritize improving the public safety of Richmond residents of all ages, genders, ethnicities, income-levels, abilities and backgrounds.
I feel I am uniquely qualified to serve on the BAC for District 1 for many reasons. I am a longtime member of the San Francisco Bicycle Coalition, and an outspoken advocate for safe streets, sustainable transportation, climate resilience and Vision Zero. I have joined Vision Zero workshops and trainings to be better informed of solutions that will reduce traffic deaths and injuries, while also addressing car congestion, air pollution and climate change risks. As a bicycle filmmaker, I have had the opportunity to publicly present real stories of people who ride bikes in San Francisco to local, regional, national and international audiences. In addition, I'm pursuing a certificate in sustainability from City College of San Francisco. I've had opportunities to present climate facts and solutions to the public through webinars, presentations and speaking engagements. As a city, San Francisco cannot be fully committed to achieving climate change goals if we don't make walking and biking safer and more convenient transportation choices for everyone.
In the past, I have been active in the campaigns to make Arguello, Masonic and 8th Avenue safer for people on bikes and on foot. As the D1 representative for the Bicycle Advisory Committee, I would continue to advocate strongly for safety improvements on these corridors, as well as improving bicycle safety in Golden Gate Park, the 8th Avenue Neighborway, and bike routes outside of D1 that are heavily used by Richmond residents like the Panhandle and The Wiggle.
Finally, for the past year, I have had first hand experience using a bicycle for work as a bike courier for various companies. With the increase in popularity of the on-demand delivery economy, more and more vehicles in San Francisco are used to deliver goods or meals to workers and residents, creating jobs for people who need to supplement their income, but creating traffic hazards as well. San Francisco streets are not safe enough to sustain the popularity of the delivery economy. I have first hand knowledge of the issues that couriers face, and also the problems the delivery industry creates. I would endeavor to make our streets safer for bike messengers and encourage the use of fossil fuel free transportation for deliveries rather than greenhouse gas/particulate matter emitting motor vehicles.
For these reasons and more, I would like to serve on the Bicycle Advisory Committee for District 1. It would be a pleasure and honor to serve the district where I was born and that I love.

Since 1972, I have lived in the Haight, Noe Valley, Western Addition, Western SOMA, and West of Twin Peaks. I have nearly always traveled as a transit rider, pedestrian, or bicyclist, promoting lifestyle choices that serve people of all classes, ages, ethnicities, and gender/sexual orientations. I arrived in SF with no assets, raised by my mother, sometimes homeless, providing me an empathetic perspective. I feel a responsibility to give back, and to that end, have served in a wide range of volunteer positions. As Chair of the Bicycle Advisory Committee for 13 yrs., I have used the position to meet concerns and desires of others who share our streets, especially seniors, & disabled, the homeless, and women who have suffered from discrimination and exclusion in their home cultures. I have officiated an LGBTQ wedding, and as an elected delegate to the National Boy Scout Organization, played a role in changing their discriminatory policies. Three generations of my family here are bi-racial.

NORMAN YEE

February 12, 2019

Dear Colleagues,

I am re-appointing Bert Hill to the Bicycle Advisory Committee, Seat 7, because of his extensive experience chairing the Committee for thirteen years and his experience as a regular transit rider, pedestrian and bicyclist.

Bert is an active and engaged civic member. He has been a certified bike safety instructor for fifteen years, teaching "Urban Street Skills" to over 5,000 community members, including 800 adults, primarily Asian and Middle Eastern women who had been culturally discouraged to ride as children. He has also instructed Muni operators for six years how to operate safely around bicyclists. In addition, he lectures on bicycle safety. Bert is well qualified to continue in this position on the Bicycle Advisory Committee.

Sincerely,

A handwritten signature in cursive script that reads "Norman Yee".
