Hello,

Please see the attached declaration from Michael Garavaglia regarding the 72 Harper Street CEQA appeal (Case No. 2023-002706ENV). We would like this declaration to be included in the record for this matter. Additionally, I have attached a letter from one of the appellants that was submitted earlier, but we do not see a copy of the letter in the file. Please also include this in the record for this matter.

Thank you,  
Brian

new addition. The new addition will be highly visible from the public right-of-way fronting on the project site.

4. Attached hereto as **Exhibit B** are true and correct copies of photographs of the house at 72 Harper Street, San Francisco, CA, taken on April 19, 2024, from the public right-of-way fronting on the project site, from the sidewalks on both sides of Harper Street and from Harper Street itself. The photographs demonstrate that the existing roof is visible from the public right-of-way, all the way to the rear of the house.

5. I am highly experienced with San Francisco historic preservation procedures, including under the San Francisco Planning Code and the California Environmental Quality Act. In my professional opinion, it was improper not to complete a Historic Resource Evaluation for the subject project proposal, and it was a departure from the City’s standard requirements. In fact, from my review of the project files available at <https://sfplanninggis.org/PIM/>, all four of the example project applications cited by the Planning Department’s April 15, 2024 Response to Categorical Exemption Appeal at p. 8 actually received an evaluation by the Planning Department to determine whether the project sites qualified as historic resources, unlike the subject property in this case: 105 Laidley Street (case no. 2015-006770ENV), 1783 Noe Street (case no. 2014.1079E), 278 Randall Street (case no. 2020-000199ENV), and 279 Randall Street (2021-010580GEN). Attached hereto as **Exhibit C** are true and correct copies of the related historic preservation review documents for the aforementioned properties.

6. Attached hereto as **Exhibit D** is a true and correct copy of my curriculum vitae.

## HISTORIC RESOURCE ASSESSMENT

*Project Address:* 279 Randall Street  
*Record Number:* 2021-010580GEN  
*Date:* February 10, 2022  
*To:* Missy Canton  
*From:* Maggie Smith, Acting Principal Planner, Survey and Designations,  
Frances McMillen, Preservation Planner, Planning Department  
[CPC.HRA@sfgov.org](mailto:CPC.HRA@sfgov.org)

The Historic Resource Assessment (HRA) provides preliminary feedback from the Planning Department regarding whether a property is eligible for listing on the National Register of Historic Places (NRHP) and/or California Register of Historical Resources (CRHR) before any development applications are filed. This preliminary assessment provides property owners with information about the eligibility of their property in advance of the Citywide Cultural Resource Survey, which is a multi-year, phased effort, and in advance of preparation and submittal of a project application. This process shall only be undertaken at the request of a property owner, or their authorized agent, and is not required in advance of any future applications with the Department.

The HRA represents a preliminary assessment of the subject property's potential historical significance based on the information available at time of assessment and is not a formal determination pursuant to the California Environmental Quality Act (CEQA). This assessment is subject to change during evaluation of the property and surrounding neighborhood as part of the Citywide Cultural Resources Survey or if new information becomes available during subsequent review of a project application. In some cases, the assessment may be inconclusive pending additional information as part of a formal determination pursuant to CEQA.

**Please be advised that the HRA does not constitute an application for development with the Planning Department. This HRA does not represent a complete review of any proposed project, does not grant a project approval of any kind, does not exempt any subsequent project from review under the California Environmental Quality Act (CEQA), and does not supersede any required Planning Department approvals.**

You may contact us with any questions you may have about this HRA or the HRA process. Please email to [CPC.HRA@sfgov.org](mailto:CPC.HRA@sfgov.org).

**Project Sponsor Submittal**

To assist in the evaluation of the property for this Historic Resource Assessment, the applicant has submitted a:

- Supplemental Information for Historic Resource Assessment (HRA)  
Prepared by: Tim Kelley Consulting, September 2021
- Consultant-prepared Historic Resource Evaluation (HRE)

<b>Historic Resource Assessment</b>	<b>Category C (No Historic Resource)</b>

**Appears Ineligible**

Per the material submitted and information assessed from the Planning Department's files, the subject property does not appear historically or aesthetically significant such that it would rise to a level of individual eligibility. No historic events (Criterion 1), associated persons (Criterion 2), nor architecture/rarity of construction (Criterion 3) appear to be associated with the subject property. Archaeological assessment is outside the scope of this review (Criterion 4). Additionally, the subject property does not appear to be part of a significant concentration of historically or aesthetically unified buildings such that it would rise to the level of an eligible historic district; however, this finding does not preclude the presence of a district in the vicinity. Therefore, the subject property is not eligible for listing in the California Register under any criteria individually or as part of a historic district. The reader is directed to the HRA for additional information.

**What Does This Mean**

The assessment of the property provided herein will be reflected on the Department's Property Information Map and shall be referenced by Department staff during review of any subsequent project application. If the subject property appears eligible individually or is located within a historic district that appears eligible, then the property will be assumed to be a historic resource for purposes of Department review of project applications. If the subject property does not appear eligible individually and is not located within a historic district that appears eligible, then it would not be considered a historic resource. This preliminary assessment is subject to change during evaluation of the property and surrounding neighborhood as part of the Citywide Cultural Resources Survey or if new information becomes available during subsequent review of a project application.

### STEP 2: CEQA IMPACTS

#### TO BE COMPLETED BY PROJECT PLANNER

<b>If any box is checked below, an <i>Environmental Evaluation Application</i> is required.</b>	
<input type="checkbox"/>	<b>Transportation:</b> Does the project create six (6) or more net new parking spaces or residential units? Does the project have the potential to adversely affect transit, pedestrian and/or bicycle safety (hazards) or the adequacy of nearby transit, pedestrian and/or bicycle facilities?
<input type="checkbox"/>	<b>Air Quality:</b> Would the project add new sensitive receptors (specifically, schools, day care facilities, hospitals, residential dwellings, and senior-care facilities within an Air Pollution Exposure Zone? Does the project have the potential to emit substantial pollutant concentrations (e.g., backup diesel generators, heavy industry, diesel trucks, etc.)? (refer to EP_ArcMap > CEQA Catex Determination Layers > Air Pollution Exposure Zone)
<input type="checkbox"/>	<b>Hazardous Materials:</b> If the project site is located on the Maher map or is suspected of containing hazardous materials (based on a previous use such as gas station, auto repair, dry cleaners, or heavy manufacturing, or a site with underground storage tanks): Would the project involve 50 cubic yards or more of soil disturbance - or a change of use from industrial to residential? If yes, this box must be checked and the project applicant must submit an Environmental Application with a Phase I Environmental Site Assessment. <i>Exceptions: do not check box if the applicant presents documentation of enrollment in the San Francisco Department of Public Health (DPH) Maher program, a DPH waiver from the</i>

	<i>Maier program, or other documentation from Environmental Planning staff that hazardous material effects would be less than significant (refer to EP_ArcMap &gt; Maier layer).</i>
<input type="checkbox"/>	<b>Soil Disturbance/Modification:</b> Would the project result in soil disturbance/modification greater than two (2) feet below grade in an archeological sensitive area or eight (8) feet in a non-archeological sensitive area? (refer to EP_ArcMap > CEQA Catex Determination Layers > Archeological Sensitive Area)
<input type="checkbox"/>	<b>Noise:</b> Does the project include new noise-sensitive receptors (schools, day care facilities, hospitals, residential dwellings, and senior-care facilities) fronting roadways located in the noise mitigation area? (refer to EP_ArcMap > CEQA Catex Determination Layers > Noise Mitigation Area)
<input type="checkbox"/>	<b>Subdivision/Lot Line Adjustment:</b> Does the project site involve a subdivision or lot line adjustment on a lot with a slope average of 20% or more? (refer to EP_ArcMap > CEQA Catex Determination Layers > Topography)
<input type="checkbox"/>	<b>Slope = or &gt; 20%:</b> Does the project involve excavation of 50 cubic yards of soil or more, square footage expansion greater than 1,000 sq. ft., shoring, underpinning, retaining wall work, or grading on a lot with a slope average of 20% or more? <i>Exceptions: do not check box for work performed on a previously developed portion of site, stairs, patio, deck, or fence work.</i> (refer to EP_ArcMap > CEQA Catex Determination Layers > Topography) <b>If box is checked, a geotechnical report is required and a Certificate or higher level CEQA document required</b>
<input type="checkbox"/>	<b>Seismic: Landslide Zone:</b> Does the project involve excavation of 50 cubic yards of soil or more, square footage expansion greater than 1,000 sq. ft., shoring, underpinning, retaining wall work, grading –including excavation and fill on a landslide zone – as identified in the San Francisco General Plan? <i>Exceptions: do not check box for work performed on a previously developed portion of the site, stairs, patio, deck, or fence work.</i> (refer to EP_ArcMap > CEQA Catex Determination Layers > Seismic Hazard Zones) <b>If box is checked, a geotechnical report is required and a Certificate or higher level CEQA document required</b>

Once signed or stamped and dated, this document constitutes a categorical exemption pursuant to CEQA Guidelines and Chapter 31 of the Administrative Code.  
 In accordance with Chapter 31 of the San Francisco Administrative Code, an appeal of an exemption determination can only be filed within 30 days of the project receiving the first approval action.

**STEP 7: MODIFICATION OF A CEQA EXEMPT PROJECT****TO BE COMPLETED BY PROJECT PLANNER**

In accordance with Chapter 31 of the San Francisco Administrative Code, when a California Environmental Quality Act (CEQA) exempt project changes after the Approval Action and requires a subsequent approval, the Environmental Review Officer (or his or her designee) must determine whether the proposed change constitutes a substantial modification of that project. This checklist shall be used to determine whether the proposed changes to the approved project would constitute a "substantial modification" and, therefore, be subject to additional environmental review pursuant to CEQA.

<b>PRESERVATION TEAM COMMENTS:</b>
<p>According to the Historic Resource Evaluation prepared by Carey &amp; Company (dated August 18, 2014) and information found in the Planning Department files, the subject property at 1783 Noe Street contains one-story- over-basement wood-frame single-family residence constructed in 1896 in a Victorian-era architectural style. The original architect or builder is unknown. Known alterations to the property include: dry rot repair at the front stairs (1991 and 2008), re-roofing (1998), and covering the facades with wood shingles (unknown date).</p> <p>No known historic events occurred at the property (Criterion 1). The subject building is a common Victorian cottage constructed at the turn of the 20th century. None of the owners or occupants have been identified as important to history (Criterion 2). The building is not architecturally distinct such that it would qualify individually for listing in the California Register under Criterion 3 (Design).</p> <p>The subject property is not located within the boundaries of any identified historic districts. The subject property is located within the Glen Park neighborhood on a block that exhibits a variety of architectural styles and construction dates from 1896 to 1960. The area surrounding the subject property does not contain a significant concentration of historically or aesthetically unified buildings and the area does not appear to qualify as a historic district under Criterion 3 (Design).</p> <p>Therefore, the subject property is not eligible for listing in the California Register under any criteria individually or as part of a historic district.</p>

<input type="checkbox"/>	<b>Hazardous Materials:</b> If the project site is located on the Maher map or is suspected of containing hazardous materials (based on a previous use such as gas station, auto repair, dry cleaners, or heavy manufacturing, or a site with underground storage tanks): Would the project involve 50 cubic yards or more of soil disturbance - or a change of use from industrial to residential? If yes, this box must be checked and the project applicant must submit an Environmental Application with a Phase I

	Environmental Site Assessment. <i>Exceptions: do not check box if the applicant presents documentation of enrollment in the San Francisco Department of Public Health (DPH) Maher program, a DPH waiver from the Maher program, or other documentation from Environmental Planning staff that hazardous material effects would be less than significant (refer to EP_ArcMap &gt; Maher layer).</i>
<input type="checkbox"/>	<b>Transportation:</b> Does the project create six (6) or more net new parking spaces or residential units? Does the project have the potential to adversely affect transit, pedestrian and/or bicycle safety (hazards) or the adequacy of nearby transit, pedestrian and/or bicycle facilities?
<input type="checkbox"/>	<b>Archeological Resources:</b> Would the project result in soil disturbance/modification greater than two (2) feet below grade in an archeological sensitive area or eight (8) feet in a non-archeological sensitive area? (refer to EP_ArcMap > CEQA Catex Determination Layers > Archeological Sensitive Area)
<input type="checkbox"/>	<b>Noise:</b> Does the project include new noise-sensitive receptors (schools, day care facilities, hospitals, residential dwellings, and senior-care facilities) fronting roadways located in the noise mitigation area? (refer to EP_ArcMap > CEQA Catex Determination Layers > Noise Mitigation Area)
<input type="checkbox"/>	<b>Subdivision/Lot Line Adjustment:</b> Does the project site involve a subdivision or lot line adjustment on a lot with a slope average of 20% or more? (refer to EP_ArcMap > CEQA Catex Determination Layers > Topography)
<input type="checkbox"/>	<b>Slope = or &gt; 20%:</b> Does the project involve excavation of 50 cubic yards of soil or more, new construction, or square footage expansion greater than 1,000 sq. ft. outside of the existing building footprint? 	<b>Project Approval Action:</b> <b>Building Permit</b> If Discretionary Review before the Planning Commission is requested, the Discretionary Review hearing is the Approval Action for the project.	
Once signed or stamped and dated, this document constitutes a categorical exemption pursuant to CEQA Guidelines and Chapter 31 of the Administrative Code. In accordance with Chapter 31 of the San Francisco Administrative Code, an appeal of an exemption determination can only be filed within 30 days of the project receiving the first approval action.		

**STEP 7: MODIFICATION OF A CEQA EXEMPT PROJECT****TO BE COMPLETED BY PROJECT PLANNER**

In accordance with Chapter 31 of the San Francisco Administrative Code, when a California Environmental Quality Act (CEQA) exempt project changes after the Approval Action and requires a subsequent approval, the Environmental Review Officer (or his or her designee) must determine whether the proposed change constitutes a substantial modification of that project. This checklist shall be used to determine whether the proposed changes to the approved project would constitute a "substantial modification" and, therefore, be subject to additional environmental review pursuant to CEQA.

**PRESERVATION TEAM COMMENTS:**

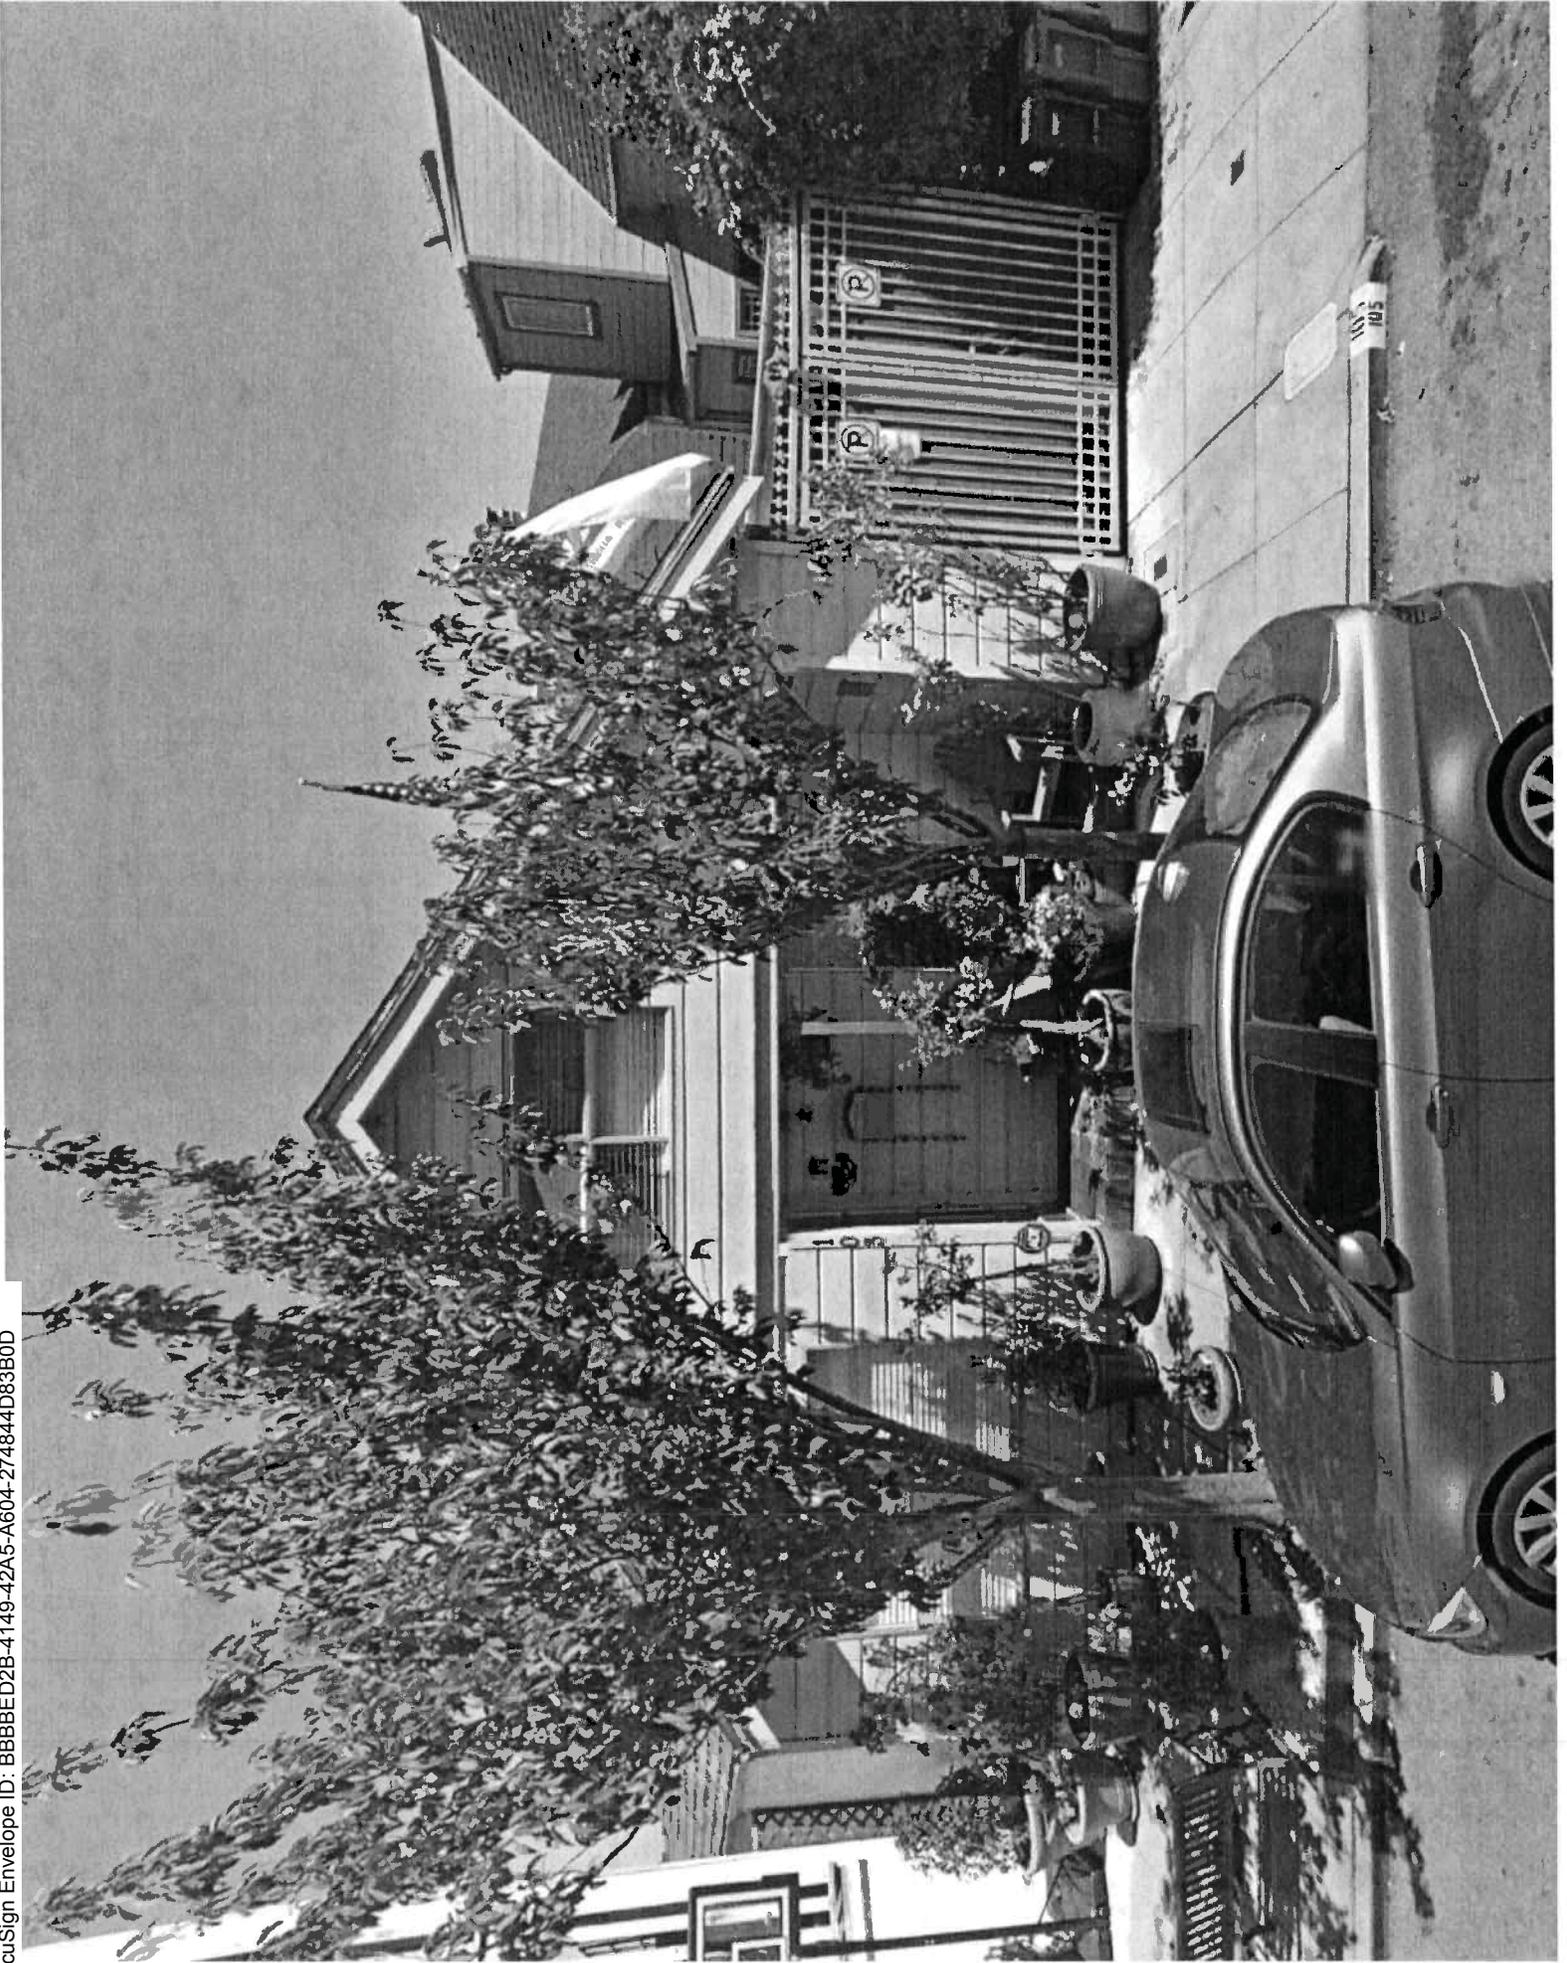

According to the Supplemental Information for Historic Resource Determination prepared by 07 Studios (dated May 29, 2015) and information found in the Planning Department files, the subject property at 105 Laidley Street contains a one-and-a-half-story wood-frame single family residence constructed in 1907 in a vernacular style. The original owner of the property was the Farmers and Merchants Bank of L.A. who sold it to Hans Coltzau, a watchman, and his wife Martha in 1914. According to historic photos, the original building featured masonry columns along the primary facade, which have since been removed. The property also featured an on-site store, the remains of which can no longer be distinguished. Known alterations to the property include: moving the existing residence and store to the front of the lot (1914); applying stucco around front window and door (1961); preparing the front and side for stone, installing attic window, enclosing front window, and painting front facade (1962); installing one picture window, one aluminum window, blocking off and re-stuccoing front bedroom window, installing solid core door to front living room, installing wrought iron rail on front landing, painting front of house, and repairing fence in front of property (1963); applying pre-cast Rocky Mountain Stone to front of house up to window height (1966); and replacing the roof (1997).

No known historic events occurred at the subject property (Criterion 1). None of the owners or occupants have been identified as important to history (Criterion 2). The building is minimally detailed and has had many alterations since its construction. As such, 105 Laidley Street is not architecturally distinct such that it would qualify individually for listing in the California Register under Criterion 3.

The subject property is not located within the boundaries of any identified historic district. The subject property is located in the Glen Park neighborhood on a block that exhibits varying types, sizes, and architectural styles. The area surrounding the subject property does not contain a significant concentration of historically or aesthetically unified buildings.

Therefore, the subject property is not eligible for listing in the California Register under any criteria individually or as part of a historic district.

**STEP 6: CATEGORICAL EXEMPTION DETERMINATION  
TO BE COMPLETED BY PROJECT PLANNER**

<input checked="" type="checkbox"/>	<b>No further environmental review is required. The project is categorically exempt under CEQA. There are no unusual circumstances that would result in a reasonable possibility of a significant effect.</b>	
	<b>Project Approval Action:</b> Building Permit	<b>Signature:</b> Justin Greving
	If Discretionary Review before the Planning Commission is requested, the Discretionary Review hearing is the Approval Action for the project.	03/25/2020
Once signed or stamped and dated, this document constitutes a categorical exemption pursuant to CEQA Guidelines and Chapter 31 of the Administrative Code. In accordance with Chapter 31 of the San Francisco Administrative Code, an appeal of an exemption determination can only be filed within 30 days of the project receiving the approval action. Please note that other approval actions may be required for the project. Please contact the assigned planner for these approvals.		

**STEP 7: MODIFICATION OF A CEQA EXEMPT PROJECT****TO BE COMPLETED BY PROJECT PLANNER**

In accordance with Chapter 31 of the San Francisco Administrative Code, when a California Environmental Quality Act (CEQA) exempt project changes after the Approval Action and requires a subsequent approval, the Environmental Review Officer (or his or her designee) must determine whether the proposed change constitutes a substantial modification of that project. This checklist shall be used to determine whether the proposed changes to the approved project would constitute a "substantial modification" and, therefore, be subject to additional environmental review pursuant to CEQA.

**MODIFIED PROJECT DESCRIPTION**

Modified Project Description:

**DETERMINATION IF PROJECT CONSTITUTES SUBSTANTIAL MODIFICATION**

Compared to the approved project, would the modified project:

- |                          |  |
|--------------------------|--|
| <input type="checkbox"/> | Result in expansion of the building envelope, as defined in the Planning Code;   |
| <input type="checkbox"/> | Result in the change of use that would require public notice under Planning Code Sections 311 or 312;  |
| <input type="checkbox"/> | Result in demolition as defined under Planning Code Section 317 or 19005(f)?   |
| <input type="checkbox"/> | Is any information being presented that was not known and could not have been known at the time of the original determination, that shows the originally approved project may no longer qualify for the exemption? |

**If at least one of the above boxes is checked, further environmental review is required.**

**DETERMINATION OF NO SUBSTANTIAL MODIFICATION**

- |                          |   |
|--------------------------|---|
| <input type="checkbox"/> | The proposed modification would not result in any of the above changes. |
|--------------------------|---|

If this box is checked, the proposed modifications are categorically exempt under CEQA, in accordance with prior project approval and no additional environmental review is required. This determination shall be posted on the Planning Department website and office and mailed to the applicant, City approving entities, and anyone requesting written notice. In accordance with Chapter 31, Sec 31.08j of the San Francisco Administrative Code, an appeal of this determination can be filed within 10 days of posting of this determination.

**Analysis:**

278 Randall Street was constructed in 1910 (assessor's record) by an unknown builder. The simple front gable wood frame building features minimal decorative detailing such as a centered Palladian style arched window framed by two square windows at the attic level, pairs of engaged pilasters supporting a broken pediment and raking cornice at the gable end. The earliest known owner and occupant was a metal worker, William E. Hausman, and his wife Mary. The Hausemans sold the house to a carpenter, Gustave Johnson and his wife Blenda. The house stayed in the Johnson family for the majority of the twentieth century. Known alterations to the building include dryrot repair (1993), reroofing (1993), and conversion of the existing ground floor into a garage (2003). Based on information provided in the supplemental form and research by planning department staff, 278 Randall does not appear to be individually eligible for listing in the California Register under Criterion 1 (Events), 2 (Person), or 3 (Architecture). There are no known events that took place that would be significant on a local, state, or national level and none of the occupants have been identified as persons of historic significance. While the building exhibits some nice decorative detailing on the primary façade it does not rise to the level architecturally such that it would be considered a representation of any particular architectural style and significant for its architecture. The building does not appear to be located within a historic district. The 200 block of Randall Street features a very wide range of architectural styles and construction dates. Altogether the block does not feature a cohesive collection of aesthetically or

historically related buildings.

Therefore, the subject building is not eligible for listing in the California Register as an individual historic resource or as a contributor to a historic district.

**MICHAEL GARAVAGLIA, AIA, LEED AP BD+C**

PRINCIPAL-IN-CHARGE, PRESERVATION ARCHITECT (LIC. C14833)

*Exceeds Secretary of the Interior Professional Qualifications Standards – Historic Architecture*

With more than 30 years of experience in the architectural profession and as principal, Mr. Garavaglia leads the firm with preservation architectural services that respond to the specific needs of cultural resources and their environment. He believes strongly in the role of sustainability in historical rehabilitation, its merit in economic development, and the significance of retaining cultural resources for local communities. He seeks opportunities for creative teaming in his staff and consultants to create the most responsive team for each unique project and client. He directs his firm to constantly evolve its preservation services and work products to maintain the relevance and quality control of the firm's work. As such, a preservation project delivery methodology integrating historical knowledge in the design process is key. His work with the preservation community, primarily through involvement with the California Preservation Foundation, focuses on organizational involvement, educational programs, and stewardship development.

Mr. Garavaglia received his professional Bachelor of Architecture degree from California State Polytechnic University at San Luis Obispo, which included a special study program in Historic Preservation. He is a LEED Accredited Professional with specialization in Building Design and Construction, a Conservation Assessment Program (CAP) Assessor, and he is listed in the Heritage Preservation database maintained by the National Institute for Conservation. Mr. Garavaglia is licensed to practice architecture in California, is a qualified Historic Architect with the California Historical Resources Information System (CHRIS) and Nevada SHPO, and is a member of the American Institute of Architects (AIA). Mr. Garavaglia has been included in several publications including *Northern California Home & Garden*, *Architectural Record*, and the *San Francisco Chronicle*.
