32.           **020933**       **[Legislative Analyst Request - Process for Conversion of Rental Units to Ownership Units]**                               **Supervisor McGoldrick**

Motion asking the Legislative Analyst to analyze how the process for conversion of rental units to ownership units will take place under the process that would be created under this legislation, and compare this to the process that currently is in place under Article 9 of the

Subdivision code. In particular, analyze how the process for conversion of rental units to ownership units will take place under this initiative ordinance, and compare this to the process that currently is in place for conversions under Article 9 of the Subdivision code. Where the HOPE conversion process differs with the provisions of the Article 9 conversion process, please identify the function and purpose of the Article 9 section in question. In addition, please assess how this legislation changes timelines for processing applications for conversions, what affect such changes in timelines may have on the ability of City agencies in fulfilling their responsibilities under the initiative ordinance. Also, please analyze how efficiently and effectively this initiative ordinance would be in allocating among City departments the administration of the responsibilities and duties that it imposes. Please also answer the following questions:

1) Based on an analysis of other jurisdiction that have enacted similar measures, are the more likely beneficiaries of such a policy existing tenants living in the units to be subdivided, or prospective buyers who will move into the units after offering incentives for existing tenants to move out of their apartments; 2) How will the measure impact the availability in San Francisco of what many business leaders refer to as "workforce housing," or housing affordable to the middle class; 3) How might such a measure be phased in as a trial program over time, so that information on its impacts on the housing market may be assessed before it is expanded, and what types of information and processes to collection information would be necessary to assess such impacts; 4) Does this measure contain effective measures to discourage speculation, and what would such measures need to contain to effectively discourage speculation; 5) What would be the effect of allowing conversions on all buildings, regardless of size, and what are the demographic characteristics of tenant populations in different size buildings; 6) What effect would the measure have on the availability of affordable housing, especially affordable rental housing, in the City, and would it be possible to impose an affordable housing conversion fee that would adequately mitigate any potential negative impacts on this supply; 7) How does the measure deal with the question of whether tenants with lifetime leases continue to have access to and enjoyment of common areas in buildings that have been subdivided through the HOPE conversion process; 8) Does the measure contain any requirement for tenant participation beyond the simple signing of an intent to purchase, and how would the addition of provisions requiring further participation by tenants to make the subdivision effective (such as signed purchase agreements for units) affect the ability of the measure to realize its purported goals; 9) What are the potential financial benefits of this measure for owners of existing rental buildings; What would be the estimated affect of this measure on the number of rent controlled units in the City; 10) What is the possibility that any provisions of this measure will be struck down in court, and if certain provisions are struck down what would be the overall effect on the remainder of the measure.

**Question: Shall this Motion be ADOPTED?**

**33. 020934 [Legislative Analyst Request - HOPE initiative measure] Supervisor McGoldrick**

Motion asking the Legislative Analyst to analyze the HOPE initiative measure that is on file with the Department of Elections and for which signatures are currently being collected in order to qualify it for the November 2002 ballot. Because this initiative is in many respects the same as the HOPE ordinance which your office will separately analyze, please consolidate this analysis with the analysis of the HOPE ordinance, with special attention to ways in which the initiative measure differs from the ordinance. In particular, analyze how the process for conversion of rental units to ownership units will take place under this initiative ordinance, and compare this to the process that currently is in place for conversions under Article 9 of the Subdivision code. Where the HOPE conversion process differs with the provisions of the Article 9 conversion process, please identify the function and purpose of the

Article 9 section in question. In addition, please assess how this legislation changes timelines for processing applications for conversions, what affect such changes in timelines may have on the ability of City agencies in fulfilling their responsibilities under the initiative ordinance.  Motion asking the Legislative Analyst to report on methodology which could be used to determine the number of motorcycles in San Francisco, both those registered in San Francisco and those registered elsewhere, and how other municipalities arrive at these numbers.

**Question: Shall this Motion be ADOPTED?**

- 35. 020936 [Legislative Analyst Request - Experience of Santa Monica with TORCALegislation] Supervisor McGoldrick**  
 Motion asking the Legislative Analyst to analyze how the process for conversion of rental units to ownership units will take place under the process that would be created under this legislation, and compare this to the process that currently is in place under Article 9 of the Subdivision code. Where the HOPE conversion process differs with the provisions of the Article 9 conversion process, please identify the function and purpose of the Article 9 section in question. In addition, please assess how this legislation changes timelines for processing applications for conversions, what affect such changes in timelines may have on the ability of City agencies in fulfilling their responsibilities under the initiative ordinance. Also, please

analyze how efficiently and effectively this initiative ordinance would be in allocating among City departments.

Please analyze the experience of the City of Santa Monica with legislation referred to as TORCA, the Tenants' Ownership Rights Charter Amendment, which was in effect in that City from 1984 to 1996. In particular, please analyze the degree to which this legislation increased the number of tenants purchasing the rental units in which they resided prior to conversions of their units. In addition, to the extent possible, also analyze the effect of this legislation on the number and types of conversions of units from rental to ownership while the legislation was in effect and compare this to the same data before and after the legislation was in effect. Also analyze the effect of this legislation on the number of rental units protected by Santa Monica's version of rent control. Please include any data, analysis, or reports prepared by the City of Santa Monica and its departments related to their experience with this law.

**36. 020937 [Hope Initiative/Process for Conversion of Rental Units to Ownership] Supervisor McGoldrick**

Motion asking the Legislative Analyst to analyze the HOPE initiative measure that is on file with the Department of Elections and for which signatures are currently being collected in order to qualify it for the November 2002 ballot. In particular, analyze how the process for conversion of rental units to ownership units will take place under this initiative ordinance, and compare this to the process that currently is in place for conversions under Article 9 conversion process. Please identify the function and purpose of the Article 9 section in question. In addition, please assess how this legislation changes timelines for processing applications for conversions, what affect such changes in timelines may have on the ability of City agencies in fulfilling their responsibilities under the initiative ordinance. Also please analyze how efficiently and effectively this initiative ordinance would be in the administration of responsibilities and duties that it imposes on City departments. Finally, please compare the provisions of the HOPE initiative with those of the related but different HOPE ordinance, File #020489, sponsored by Supervisor Hall at the Board of Supervisors.
