 - (4) Records Retention End Date
- (d) The Recipient must begin work timely.
- (e) The undisbursed balance for any Fiscal Year of this Agreement may be deobligated if the Recipient does not provide its final Disbursement Request to the Division on or before the Annual Disbursement Request Deadline, unless prior approval has been granted by the Division.
- (f) Failure to provide items by the due dates indicated in the table below may constitute a material violation of this Agreement. However, the dates in the "Estimated Due Date" column of this table may be adjusted as necessary during the Disbursement Period with Grant Manager approval. All work or submittals must be achieved with relevant submittals approved by the Division prior to the Work Completion Date, the final Disbursement Request for each Fiscal Year must be submitted prior to the Annual Disbursement Request Deadline, and the final Disbursement Request must be submitted prior to the Final Disbursement Request Date set forth in Exhibit B.

As applicable for specific submittals, the Recipient shall plan adequate time to solicit, receive, and address comments prior to submitting the final submittal.

EXHIBIT B – FUNDING TERMS

B.1. FUNDING AMOUNTS AND DISBURSEMENTS.

B.1.1 Funding Contingency and Other Sources.

- (a) If this Agreement's funding for any Fiscal Year expires due to reversion or is reduced, substantially delayed, deleted, or not made available by the Budget Act, by Executive Order, or by order or action of the Department of Finance, the State Water Board has the option to either cancel this Agreement with no liability accruing to the State Water Board, or offer an amendment to the Recipient to reflect the reduced amount.
- (b) If funding for Project Costs is made available to the Recipient from sources other than this Agreement, the Recipient must notify the Division. The Recipient may retain such funding up to an amount which equals the Recipient's share of Project Costs. To the extent allowed by requirements of other funding sources, excess funding must be remitted to the State Water Board.

B.1.2 Estimated Reasonable Cost.

The estimated reasonable cost of the total Project is EIGHTY-SEVEN THOUSAND SIX HUNDRED SEVENTY-FIVE DOLLARS (\$87,675).

B.1.3 Grant Amount.

Subject to the terms of this Agreement, the State Water Board agrees to provide Project Funds not to exceed TWENTY-NINE THOUSAND TWO HUNDRED TWENTY-FIVE DOLLARS (\$29,225) per Fiscal Year, and not to exceed the amount of the Grant Amount set forth on the Cover Page of this Agreement in total.

The Beach Safety Program is funded by an annual appropriation from the Waste Discharge Permit Fund (WDPF). If the Beach Safety Program receives insufficient funding to provide Project Funds in any Fiscal Year for any reason including, but not limited to, failure of the state government to appropriate funds necessary for disbursement of Project Funds or a change in policy, the State Water Board has the option to either cancel this Agreement with no liability accruing to the State Water Board, or offer an amendment to the Recipient to reflect the reduced amount.

If state or federal law, policies, or regulations change prior to the Annual Eligible Start Date for any Fiscal Year such that disbursement of Project Funds under this Agreement would violate or conflict with state or federal law, policies, or regulations, as determined by the Division, the State Water Board has the option to either cancel this Agreement with no liability accruing to the State Water Board or, if possible, offer an amendment to the Recipient to reflect the new funding conditions.

Project Funds may only reimburse costs incurred in the Fiscal Year for which they are allocated, as set forth in the table below. If the Recipient does not submit invoices requesting all of the funds encumbered for that Fiscal Year by the Annual Disbursement Request Deadline, any remaining amount will revert to the State and will not be available to reimburse costs incurred past the Annual Work Completion Date.

B.1.4 Annual Funding Amounts and Deadlines.

Fiscal Year	Allocated Project Funds	Annual Eligible Start Date	Annual Work Completion Date	Annual Disbursement Request Deadline
2019-2020	\$29,225	July 1, 2019	June 30, 2020	July 31, 2020
2020-2021	\$29,225	July 1, 2020	June 30, 2021	July 31, 2021
2021-2022	\$29,225	July 1, 2021	June 30, 2022	July 31, 2022

B.1.5 Budget Costs.

Annual budget costs are contained in the Project Cost Table below:

LINE ITEM	WDPF STATE FUNDS	TOTAL PROJECT COSTS
Personnel Services [these are persons employed by the Recipient. Must have classification, hours, & pay rates on file.]	\$24,499	\$24,499
Actual Indirect Costs (Not to exceed 20%)	\$3,430	\$3,430
Operating Expenses: Travel, Sample Collection, Supplies	\$1,296	\$1,296
Laboratory Costs	\$0	\$0
TOTAL	\$29,225	\$29,225

- (a) Subject to the prior review and approval of the Grant Manager, adjustments between existing line items may be used to defray allowable direct costs up to fifteen percent (15%) of the annual Project Funds, including any amendment(s) thereto. Line Item adjustments approved by the Grant Manager must be de minimis, less than 15% of the annual Project Funds, and may not include any changes to the Scope of Work. Line item adjustments in excess of fifteen percent (15%) or line item adjustments that result in a change to the scope of work will require an Agreement amendment. If the detailed budget includes an amount for the Recipient's personnel costs, that amount is based on the hours, classifications, and rates submitted by the Recipient in its application. Any changes to the hours, classifications, and rates must be approved, in advance and in writing, by the Grant Manager.
- (b) The Recipient may submit a request for an adjustment in writing to the Grant Manager. Such adjustment may not increase or decrease the total Grant Amount allocated to any Fiscal Year or move funds between Fiscal Years. The Recipient shall submit a copy of the original Agreement budget sheet reflecting the requested changes and shall note proposed changes by striking out the original amount(s) followed with proposed change(s) in bold and underlined. Budget adjustments deleting a budget line item or adding a new budget line item shall require a formal amendment. The Division may also propose budget adjustments.

- (c) The sum of adjusted line items for any Fiscal Year shall not exceed the total budget amount allocated to that Fiscal Year.
- (d) In the event the Recipient does not submit invoices requesting all of the funds encumbered for a Fiscal Year under this Agreement by the corresponding Annual Disbursement Request Deadline, any remaining funds revert to the State. The State Water Board will mail a Notice of Project Completion letter to the Recipient stating that the project file is closed, the final invoice is being processed for payment, and any remaining balance will be disencumbered and unavailable for further use under the Agreement.

B.1.6 Contingent Disbursement.

- (a) Notwithstanding any other provision of this Agreement, the Recipient agrees that the State Water Board may retain an amount equal to ten percent (10%) of the Grant Funds until Project Completion. Any retained amounts due to the Recipient will be promptly disbursed to the Recipient, without interest, upon Project Completion.
- (b) The State Water Board's disbursement of funds hereunder is contingent on the Recipient's compliance with the terms and conditions of this Agreement.
- (c) The State Water Board's obligation to disburse Project Funds is contingent upon the availability of sufficient funds to permit the disbursements provided for herein. If sufficient funds are not available for any reason including, but not limited to, failure of the federal or state government to appropriate funds necessary for disbursement of Project Funds, the State Water Board shall not be obligated to make any disbursements to the Recipient under this Agreement. This provision shall be construed as a condition precedent to the obligation of the State Water Board to make any disbursements under this Agreement. Nothing in this Agreement shall be construed to provide the Recipient with a right of priority for disbursement over any other agency. If any disbursements due the Recipient under this Agreement are deferred because sufficient funds are unavailable, it is the intention of the State Water Board that such disbursement will be made to the Recipient when sufficient funds do become available, but this intention is not binding.
- (d) No costs incurred prior to the Eligible Work Start Date are eligible for reimbursement.
- (e) Failure to proceed according to the timelines set forth in this Agreement may require the Recipient to repay to the State Water Board all disbursed Project Funds.
- (f) The Recipient agrees to ensure that its final Disbursement Request for each Fiscal Year is received by the Division no later than the Annual Disbursement Request Deadline, unless prior approval has been granted by the Division. If the final Disbursement Request for a Fiscal Year is not received by the Annual Disbursement Request Deadline, the undisbursed balance for that Fiscal Year may be deobligated.
- (g) The Recipient agrees to ensure that its final Disbursement Request is received by the Division no later than the Final Disbursement Request Date, unless prior approval has been granted by the Division. If the final Disbursement Request is not received timely, the undisbursed balance of this Agreement may be deobligated.
- (h) The Recipient is not entitled to interest earned on undisbursed funds.
- (i) Management fees or similar charges in excess of the Direct Costs are prohibited. The term "management fees or similar charges" refers to expenses added to the Direct Costs in order to accumulate and reserve funds for ongoing business expenses, unforeseen

liabilities, or for other similar costs which are not allowable under the Agreement. The payment of Indirect Costs with federal money is only allowed a de minimis rate of ten percent (10%) or an approved federally recognized indirect cost rate negotiated between the Recipient and the Federal Government. The Recipient may only seek reimbursement of Indirect Costs incurred during the term of this Agreement and shall comply with 2 CFR part 200 (E) and Appendix V to 2 CFR part 200. For grant recipients receiving federal USEPA funds, any invoice submitted including Indirect Costs in excess of a de minimis rate of ten percent (10%) that have not been pre-approved by a federal agency for the term of this Agreement will cause that invoice, in its entirety, to be disputed and will not be paid until the dispute is resolved. This prohibition applies to the Recipient and any subcontract or sub-agreement for work on the Project that will be reimbursed pursuant to this Agreement with federal USEPA funds. Recipients with USEPA-approved Indirect Cost rates agree to comply with 2 CFR Part 200 (E) and Appendices V and VII to 2 CFR part 200.

B.1.7 Disbursement Procedure.

Except as may be otherwise provided in this Agreement, disbursement of Project Funds will be made as follows:

- (a) Upon execution and delivery of this Agreement, the Recipient may submit a Disbursement Request for eligible Project Costs as specified in this Exhibit from the Project Costs through submission to the State Water Board using the Disbursement Request form and the Reimbursement Request form provided by the Grant Manager.
- (b) Disbursement Requests shall contain the following information:
 - (1) The date of the request;
 - (2) The time period covered by the request, i.e., the term "from" and "to";
 - (3) The total amount requested;
 - (4) Original signature and date (in ink) of the Recipient's Project Director or his/her designee; and
 - (5) The final Disbursement Request shall be clearly marked "FINAL DISBURSEMENT REQUEST" and shall be submitted no later than the Final Disbursement Request Date. The final Disbursement Request for each Fiscal Year shall be submitted no later than the Annual Disbursement Request Deadline.
- (c) Disbursement Requests must be itemized based on the line items specified in the budget in this Exhibit. Disbursement Requests must be complete, signed by the Recipient's Project Director or his/her designee, and addressed to the Grant Manager as set forth in Section 4 of this Agreement. Disbursement Requests submitted in any other format than the one provided by the State Water Board will cause a Disbursement Request to be disputed. In the event of such a dispute, the Grant Manager will notify the Recipient. Payment will not be made until the dispute is resolved and a corrected Disbursement Request submitted. The Grant Manager has the responsibility for approving Disbursement Requests. Project Costs incurred prior to the Eligible Work Start Date of this Agreement will not be reimbursed.
- (d) Project Funds must be requested quarterly via Disbursement Request for eligible costs incurred during the reporting period of the corresponding Progress Report, describing the activities and expenditures for which the disbursement is being requested. Each

Disbursement Request must be accompanied by a Progress Report. Failure to provide timely Disbursement Requests may result in such requests not being honored.

- (e) The Recipient agrees that it will not submit any Disbursement Requests that include any Project Costs until such cost has been incurred and is currently due and payable by the Recipient, although the actual payment of such cost by the Recipient is not required as a condition of Disbursement Request. Supporting documentation (e.g., receipts, laboratory invoices) must be submitted with each Disbursement Request. The amount requested for administration costs must include a calculation formula (i.e., hours or days worked times the hourly or daily rate = total amount claimed). Disbursement of Project Funds will be made only after receipt of a complete, adequately supported, properly documented and accurately addressed Disbursement Request.
- (f) The Recipient will not seek reimbursement of any Project Costs that have been reimbursed from other funding sources.
- (g) The Recipient shall use Project Funds within 30 days of receipt to reimburse contractors, vendors, and other Project Costs. Any interest earned on Project Funds shall be reported to the State Water Board and will either be required to be returned to the State Water Board or deducted from future disbursements. In the event that the Recipient fails to disburse Project Funds to contractors or vendors within thirty (30) days from receipt of the Project Funds, the Recipient shall immediately return such Project Funds to the State Water Board. Interest shall accrue on such Project Funds from the date of disbursement through the date of mailing of Project Funds to the State Water Board. If the Recipient held such Project Funds in interest-bearing accounts, any interest earned on the Project Funds shall also be due to the State Water Board.
- (h) The Recipient shall submit its final Disbursement Request for each Fiscal Year no later than the Annual Disbursement Request Deadline. If the Recipient fails to do so, the undisbursed balance for that Fiscal Year may be deobligated.
- (i) The Recipient shall submit its final Disbursement Request no later than the Final Disbursement Request Date specified herein unless prior approval is granted by the Division. If the Recipient fails to do so, then the undisbursed balance of this Agreement may be deobligated.
- (j) The Recipient agrees that it will not request a disbursement unless that cost is allowable, reasonable, and allocable.
- (k) Notwithstanding any other provision of this Agreement, no disbursement shall be required at any time or in any manner that is in violation of or in conflict with federal or state laws, policies, or regulations.
- (l) The Recipient agrees that it shall not be entitled to interest earned on undisbursed Project Funds.
- (m) No work or travel outside the State of California is permitted under this Agreement unless the Division provides prior written authorization. Failure to comply with this restriction may result in termination of this Agreement, pursuant to Exhibit C. Any reimbursement for necessary travel and per diem shall be at rates not to exceed those set by the California Department of Human Resources at <http://www.calhr.ca.gov/employees/Pages/travel-reimbursements.aspx> as of the date costs are incurred by the Recipient.

The Recipient must include any other documents or requests required or allowed under this Agreement.

B.1.8 Withholding of Disbursements.

Notwithstanding any other provision of this Agreement, the State Water Board may withhold all or any portion of the Project Funds upon the occurrence of any of the following events:

- (a) The Recipient's failure to maintain reasonable progress on the Project as determined by the Division;
- (b) Commencement of litigation or a judicial or administrative proceeding related to the Project that the State Water Board determines may impair the timely satisfaction of Recipient's obligations under this Agreement;
- (c) Any investigation by the District Attorney, California State Auditor, Bureau of State Audits, United States Environmental Protection Agency's Office of Inspector General, the Internal Revenue Service, Securities and Exchange Commission, a grand jury, or any other state or federal agency, relating to the Recipient's financial management, accounting procedures, or internal fiscal controls;
- (d) A material adverse change in the condition of the Recipient that the Division reasonably determines would materially impair the Recipient's ability to satisfy its obligations under this Agreement, or any other event that the Division reasonably determines would materially impair the Recipient's ability to satisfy its obligations under this Agreement;
- (e) The Recipient's material violation of, or threat to materially violate, any term of this Agreement;
- (f) Suspicion of fraud, forgery, embezzlement, theft, or any other misuse of public funds by the Recipient or its employees, or by its contractors or agents regarding the Project;
- (g) An event requiring Notice as set forth in Exhibit C;
- (h) An Event of Default or an event that the Division determines may become an Event of Default.

B.1.9 Fraud and Misuse of Public Funds.

All requests for disbursement submitted must be accurate and signed by the Recipient's Authorized Representative under penalty of perjury. All costs submitted pursuant to this Agreement must only be for the work or tasks set forth in this Agreement. The Recipient must not submit any invoice containing costs that are ineligible or have been reimbursed from other funding sources unless required and specifically noted as such (i.e., match costs). Any eligible costs for which the Recipient is seeking reimbursement shall not be reimbursed from any other source. Double or multiple billing for time, services, or any other eligible cost is improper and will not be compensated. Any suspected occurrences of fraud, forgery, embezzlement, theft, or any other misuse of public funds may result in suspension of disbursements and, notwithstanding any other section in this Agreement, the termination of this Agreement requiring the repayment of all Project Funds disbursed hereunder. Additionally, the Deputy Director of the Division may request an audit and refer the matter to the Attorney General's Office or the appropriate district attorney's office for criminal prosecution or the imposition of civil liability.

B.2 RECIPIENT'S PAYMENT OBLIGATION.

B.2.1 Project Costs.

The Recipient must pay any and all costs connected with the Project including, without limitation, any and all Project Costs and Additional Payments. If the Project Funds are not sufficient to pay the Project Costs in full, the Recipient must nonetheless complete the Project and pay that portion of the Project Costs in excess of available Project Funds, and shall not be entitled to any reimbursement therefor from the State Water Board.

EXHIBIT C – GENERAL AND PROGRAMMATIC TERMS AND CONDITIONS

C.1 REPRESENTATIONS & WARRANTIES.

The Recipient represents, warrants, and commits to the following as of the Eligible Work Start Date and continuing thereafter for the term of this Agreement, which shall be at least until the Records Retention End Date.

C.1.3 No Violations.

The execution, delivery, and performance by Recipient of this Agreement, including all incorporated documents, do not violate any provision of any law or regulation in effect as of the date set forth on the first page hereof, or result in any breach or default under any contract, obligation, indenture, or other instrument to which Recipient is a party or by which Recipient is bound as of the date set forth on the Cover Page.

C.1.4 No Litigation.

There are, as of the date of execution of this Agreement by the Recipient, no pending or, to Recipient's knowledge, threatened actions, claims, investigations, suits, or proceedings before any governmental authority, court, or administrative agency which materially affect the financial condition or operations of the Recipient, and/or the Project.

There are no proceedings, actions, or offers by a public entity to acquire by purchase or the power of eminent domain any of the real or personal property related to or necessary for the Project.

C.1.5 Property Rights.

The Recipient owns or has sufficient property rights in the Project property for the purposes contemplated in this Agreement, either in fee simple or for a term of years that is not subject to third-party revocation prior to Project Completion.

C.1.6 Solvency and Insurance.

None of the transactions contemplated by this Agreement will be or have been made with an actual intent to hinder, delay, or defraud any present or future creditors of Recipient. The Recipient is solvent and will not be rendered insolvent by the transactions contemplated by this Agreement. The Recipient is able to pay its debts as they become due. The Recipient maintains sufficient insurance coverage considering the scope of this Agreement including, for example, but not necessarily limited to, general liability, automobile liability, workers compensation and employer liability, professional liability.

C.1.7 Legal Status and Eligibility.

The Recipient is duly organized and existing and in good standing under the laws of the State of California. Recipient must at all times maintain its current legal existence and preserve and keep in full force and effect its legal rights and authority. The Recipient acknowledges that changes to its legal or financial status may affect its eligibility for funding under this Agreement and commits to maintaining its eligibility. Within the preceding ten years, the Recipient has not failed to demonstrate compliance with state or federal audit disallowances.

C.1.8 Financial Statements and Continuing Disclosure.

The financial statements of Recipient previously delivered to the State Water Board as of the date(s) set forth in such financial statements: (a) are materially complete and correct; (b) present fairly the financial condition of the Recipient; and (c) have been prepared in accordance with GAAP. Since the date(s) of such financial statements, there has been no material adverse change in the financial condition of the Recipient, nor have any assets or properties reflected on such financial statements been sold, transferred, assigned, mortgaged, pledged or encumbered, except as previously disclosed in writing by Recipient and approved in writing by the State Water Board.

The Recipient is current in its continuing disclosure obligations associated with its material debt, if any.

C.1.9 Compliance with State Water Board Funding Agreements.

The Recipient represents that it is in compliance with all State Water Board funding agreements to which it is a party.

C.2 DEFAULTS AND REMEDIES.

In addition to any other remedy set forth in this Agreement, the following remedies are available under this Agreement.

C.2.1 Return of Funds; Acceleration; and Additional Payments.

Notwithstanding any other provision of this Agreement, if the Division determines that an Event of Default has occurred, the Recipient may be required, upon demand, immediately to do each of the following:

- (a) return to the State Water Board any grant or principal forgiveness amounts received pursuant to this Agreement;
- (b) pay interest at the highest legal rate on all of the foregoing; and
- (c) pay any Additional Payments.

C.2.2 Judicial remedies.

Whenever the State Water Board determines that an Event of Default shall have occurred, the State Water Board may enforce its rights under this Agreement by any judicial proceeding, whether at law or in equity. Without limiting the generality of the foregoing, the State Water Board may:

- (a) by suit in equity, require the Recipient to account for amounts relating to this Agreement as if the Recipient were the trustee of an express trust;
- (b) by mandamus or other proceeding, compel the performance by the Recipient and any of its officers, agents, and employees of any duty under the law or of any obligation or covenant under this Agreement; and

- (c) take whatever action at law or in equity as may appear necessary or desirable to the State Water Board to collect the payments then due or thereafter to become due, or to enforce performance of any obligation or covenant of the Recipient under this Agreement.

C.2.3 Termination.

Upon an Event of Default, the State Water Board may terminate this Agreement. Interest shall accrue on all amounts due at the highest legal rate of interest from the date that the State Water Board delivers notice of termination to the Recipient.

C.2.4 Damages for Breach of Federal Conditions.

In the event that any breach of any of the provisions of this Agreement by the Recipient results in the failure of Project Funds to be used pursuant to the provisions of this Agreement, or if such breach results in an obligation on the part of the State or any subdivision or agency thereof to reimburse the federal government, the Recipient must immediately reimburse the State or any subdivision or agency thereof in an amount equal to any damages paid by or loss incurred by the State or any subdivision or agency thereof due to such breach.

C.2.5 Remedies and Limitations.

None of the remedies available to the State Water Board shall be exclusive of any other remedy, and each such remedy shall be cumulative and in addition to every other remedy given hereunder or now or hereafter existing at law or in equity. The State Water Board may exercise any remedy, now or hereafter existing, without exhausting and without regard to any other remedy.

Any claim of the Recipient is limited to the rights and remedies provided to the Recipient under this Agreement and is subject to the claims procedures provided to the Recipient under this Agreement.

C.2.6 Non-Waiver.

Nothing in this Agreement shall affect or impair the Recipient's obligation to undertake work under this Agreement or shall affect or impair the right of the State Water Board to bring suit to enforce such work. No delay or omission of the State Water Board in the exercise of any right arising upon an Event of Default shall impair any such right or be construed to be a waiver of any such Event of Default. The State Water Board may exercise from time to time and as often as shall be deemed expedient by the State Water Board, any remedy or right provided by law or pursuant to this Agreement.

C.2.7 Status Quo.

If any action to enforce any right or exercise any remedy shall be brought and either discontinued or determined adversely to the State Water Board, then the State Water Board shall be restored to its former position, rights and remedies as if no such action had been brought.

C.3 STANDARD CONDITIONS.

C.3.1 Access, Inspection, and Public Records.

The Recipient must ensure that the State Water Board, the Governor of the State, or any authorized representative of the foregoing, will have safe and suitable access to the Project site at all reasonable times for the term of the Agreement. The Recipient acknowledges that, except for a subset of information regarding archaeological records, the Project records and locations are public records including, but not limited to, all of the submissions accompanying the application, all of the documents incorporated into this Agreement by reference, and all reports, Disbursement Requests, and supporting documentation submitted hereunder.

C.3.2 Accounting and Auditing Standards; Financial Management Systems; Records Retention.

The Recipient must maintain GAAP-compliant project accounts, including GAAP requirements relating to the reporting of infrastructure assets. Without limitation of the requirement to maintain Project accounts in accordance with GAAP, the Recipient must:

 - (4) Establish an accounting system which will accurately depict final total costs of the Project, including both direct and Indirect Costs;
 - (5) Establish such accounts and maintain such records as may be necessary for the State to fulfill federal reporting requirements, including any and all reporting requirements under federal tax statutes or regulations; and
 - (6) If Force Account is used by the Recipient for any phase of the Project, other than for planning, design, and construction engineering and administration provided for by allowance, accounts will be established which reasonably document all employee hours charged to the Project and the associated tasks performed by each employee. Indirect Costs from Force Account are not eligible for funding.
- (b) The Recipient must maintain separate books, records and other material relative to the Project. The Recipient must also retain such books, records, and other material for itself and for each contractor or subcontractor who performed or performs work on this project for a minimum of seven (7) years after Work Completion. The Recipient must require that such books, records, and other material are subject at all reasonable times (at a minimum during normal business hours) to inspection, copying, and audit by the State Water Board, the California State Auditor, the Bureau of State Audits, the United States Environmental Protection Agency (USEPA), the Office of Inspector General, the Internal Revenue Service, the Governor, or any authorized representatives of the aforementioned. The Recipient must allow and must require its contractors to allow interviews during normal business hours of any employees who might reasonably have information related to such records. The Recipient agrees to include a similar duty regarding audit, interviews, and records retention in any contract or subcontract related to the performance of this Agreement. The provisions of this section survive the term of this Agreement.

C.3.3 Amendment.

C.3.4 Assignability.

This Agreement is not assignable by the Recipient, either in whole or in part, without the consent of the State Water Board in the form of a formal written amendment to this Agreement.

C.3.5 Audit.

- (a) The Division may call for an audit of financial information relative to the Project if the Division determines that an audit is desirable to assure program integrity or if an audit becomes necessary because of state or federal requirements. If an audit is called for, the audit must be performed by a certified public accountant independent of the Recipient and at the cost of the Recipient. The audit must be in the form required by the Division.
- (b) Audit disallowances must be returned to the State Water Board.

C.3.6 Bonding.

Where construction contractors are used, the Recipient must not authorize construction to begin until each contractor has furnished a performance bond in favor of the Recipient in the following amounts: faithful performance (100%) of contract value; labor and materials (100%) of contract value. This requirement shall not apply to any contract for less than \$25,000.00.

C.3.7 Competitive Bidding

The Recipient must adhere to any applicable state law or local ordinance for competitive bidding and applicable labor laws.

C.3.8 Compliance with Applicable Laws, Rules, and Requirements.

The Recipient must, at all times, comply with and require its contractors and subcontractors to comply with all applicable federal and state laws, rules, guidelines, regulations, and requirements. Without limitation of the foregoing, to the extent applicable, the Recipient must:

- (a) Comply with the provisions of the adopted environmental mitigation plan, if any, for the term of this Agreement;
- (b) Comply with and require compliance with the state and federal requirements set forth elsewhere in this Agreement.

C.3.9 Computer Software.

C.3.10 Conflict of Interest.

The Recipient certifies that its owners, officers, directors, agents, representatives, and employees are in compliance with applicable state and federal conflict of interest laws.

C.3.11 Data Management.

The Recipient will undertake appropriate data management activities so that Project data can be incorporated into statewide data systems.

C.3.12 Disputes.

- (a) The Recipient may appeal a staff decision within 30 days to the Deputy Director of the Division or designee, for a final Division decision. The Recipient may appeal a final Division decision to the State Water Board within 30 days. The Office of the Chief Counsel of the State Water Board will prepare a summary of the dispute and make recommendations relative to its final resolution, which will be provided to the State Water Board's Executive Director and each State Water Board Member. Upon the motion of any State Water Board Member, the State Water Board will review

and resolve the dispute in the manner determined by the State Water Board. Should the State Water Board determine not to review the final Division decision, this decision will represent a final agency action on the dispute.

- (b) This clause does not preclude consideration of legal questions, provided that nothing herein shall be construed to make final the decision of the State Water Board, or any official or representative thereof, on any question of law.
- (c) Recipient must continue with the responsibilities under this Agreement during any dispute.
- (d) This section relating to disputes does not establish an exclusive procedure for resolving claims within the meaning of Government Code sections 930 and 930.4.

C.3.13 Drug-Free Workplace.

The Recipient certifies that it will provide a drug-free workplace in compliance with the Drug-Free Workplace Act (Gov. Code. §§ 8350-8357). The Recipient shall publish a statement notifying employees that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in the Recipient's workplace and specifying the actions to be taken against employees for violations of the prohibition. The Recipient shall establish a drug-free awareness program to inform employees about the dangers of drug abuse in the workplace, the Recipient's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation and employee assistance programs, and penalties that may be imposed upon employees for drug abuse violations. The Recipient shall provide that every employee who works on the Project receives a copy of the Recipient's drug-free workplace policy statement and agrees to abide by the terms of the statement as a condition of employment on the Project.

C.3.14 Environmental Clearance.

Notwithstanding any other provision, the State Water Board has no binding obligation to provide funding under this Agreement except for activities excluded from, not subject to, or exempt under the California Environmental Quality Act (CEQA) and National Environmental Policy Act (NEPA). No work that is subject to CEQA or NEPA may proceed under this Agreement until the State Water Board has provided approval to proceed. Upon receipt and review of the Recipient's environmental documents, the State Water Board shall make the appropriate environmental findings before determining whether to approve construction or implementation funding for the Project under this Agreement. Providing approval for such construction or implementation funding is fully discretionary. The State Water Board may require changes in the scope of work or additional mitigation as a condition to providing construction or implementation funding under this Agreement. Recipient shall not perform any work subject to CEQA and/or NEPA before the State Water Board completes its environmental review and specifies any changes in scope or additional mitigation that may be required. Proceeding with work subject to CEQA and/or NEPA without approval by the State Water Board shall constitute a breach of a material provision of this Agreement.

C.3.15 Governing Law.

This Agreement is governed by and shall be interpreted in accordance with the laws of the State of California.

C.3.16 Income Restrictions.

The Recipient agrees that any refunds, rebates, credits, or other amounts (including any interest thereon) accruing to or received by the Recipient under this Agreement must be paid by the Recipient to the State Water Board, to the extent that they are properly allocable to costs for which the Recipient has been reimbursed by the State Water Board under this Agreement.

C.3.17 Indemnification and State Reviews.

The parties agree that review or approval of Project plans and specifications by the State Water Board is for administrative purposes only, including conformity with application and eligibility criteria, and expressly not for the purposes of design defect review or construction feasibility, and does not relieve the Recipient of its responsibility

to properly plan, design, construct, operate, and maintain the Project. To the extent permitted by law, the Recipient agrees to indemnify, defend, and hold harmless the State Water Board, and any trustee, and their officers, employees, and agents for the Bonds, if any (collectively, "Indemnified Persons"), against any loss or liability arising out of any claim or action brought against any Indemnified Persons from and against any and all losses, claims, damages, liabilities, or expenses, of every conceivable kind, character, and nature whatsoever arising out of, resulting from, or in any way connected with (1) the Project or the conditions, occupancy, use, possession, conduct, or management of, work done in or about, or the planning, design, acquisition, installation, or construction, of the Project or any part thereof; (2) the carrying out of any of the transactions contemplated by this Agreement or any related document; (3) any violation of any applicable law, rule or regulation, any environmental law (including, without limitation, the Federal Comprehensive Environmental Response, Compensation and Liability Act, the Resource Conservation and Recovery Act, the California Hazardous Substance Account Act, the Federal Water Pollution Control Act, the Clean Air Act, the Toxic Substances Control Act, the Occupational Safety and Health Act, the Safe Drinking Water Act, the California Hazardous Waste Control Law, and California Water Code Section 13304, and any successors to said laws), rule or regulation or the release of any toxic substance on or near the Project; or (4) any untrue statement or alleged untrue statement of any material fact or omission or alleged omission to state a material fact necessary to make the statements required to be stated therein, in light of the circumstances under which they were made, not misleading with respect to any information provided by the Recipient for use in any disclosure document utilized in connection with any of the transactions contemplated by this Agreement, except those arising from the gross negligence or willful misconduct of the Indemnified Persons. The Recipient must also provide for the defense and indemnification of the Indemnified Parties in any contractual provision extending indemnity to the Recipient in any contract let for the performance of any work under this Agreement, and must cause the Indemnified Parties to be included within the scope of any provision for the indemnification and defense of the Recipient in any contract or subcontract. To the fullest extent permitted by law, the Recipient agrees to pay and discharge any judgment or award entered or made against Indemnified Persons with respect to any such claim or action, and any settlement, compromise or other voluntary resolution. The provisions of this section survive the term of this Agreement.

C.3.18 Independent Actor.

The Recipient, and its agents and employees, if any, in the performance of this Agreement, shall act in an independent capacity and not as officers, employees, or agents of the State Water Board.

C.3.19 Integration.

This Agreement constitutes the complete and final agreement between the parties. No oral or written understanding or agreement not incorporated in this Agreement shall be binding on either party.

C.3.20 No Discrimination.

- (f) The Recipient, its contractors, and subcontractors must ensure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment.
- (g) The Recipient, its contractors, and subcontractors must comply with the provisions of the Fair Employment and Housing Act and the applicable regulations promulgated thereunder. (Gov. Code, §12990, subds. (a)-(f) et seq.; Cal. Code Regs., tit. 2, § 7285 et seq.) Such regulations are incorporated into this Agreement by reference and made a part hereof as if set forth in full.
- (h) The Recipient, its contractors, and subcontractors must give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement.
- (i) The Recipient must include the nondiscrimination and compliance provisions of this clause in all subcontracts to perform work under this Agreement.

C.3.21 No Third Party Rights.

The parties to this Agreement do not create rights in, or grant remedies to, any third party as a beneficiary of this Agreement, or of any duty, covenant, obligation, or undertaking established herein.

C.3.22 No Obligation of the State.

Any obligation of the State Water Board herein contained shall not be an obligation, debt, or liability of the State and any such obligation shall be payable solely out of the moneys encumbered pursuant to this Agreement.

The Recipient will procure and maintain or cause to be maintained insurance on the Project with responsible insurers, or as part of a reasonable system of self-insurance, in such amounts and against such risks (including damage to or destruction of the facilities or structures integral to completion of this Project, if any) as are usually covered in connection with projects similar to the Project. Such insurance may be maintained by a self-insurance plan so long as such plan provides for (i) the establishment by the Recipient of a separate segregated self-insurance fund in an amount determined (initially and on at least an annual basis) by an independent insurance consultant experienced in the field of risk management employing accepted actuarial techniques and (ii) the establishment and maintenance of a claims processing and risk management program.

In the event of any damage to or destruction of the Project or any larger system of which it is a part caused by the perils covered by such insurance, the net proceeds thereof shall be applied to the reconstruction, repair or replacement of the damaged or destroyed portion of the Project. Regardless of the outcome of any such litigation, and notwithstanding any conflicting language in

this Agreement, the Recipient agrees to repay all of the disbursed funds plus interest in the event that Recipient does not complete the project.

C.3.32 State Water Board Action; Costs and Attorney Fees.

Any remedy provided in this Agreement is in addition to and not in derogation of any other legal or equitable remedy available to the State Water Board as a result of breach of this Agreement by the Recipient, whether such breach occurs before or after completion of the Project, and exercise of any remedy provided by this Agreement by the State Water Board shall not preclude the State Water Board from pursuing any legal remedy or right which would otherwise be available. In the event of litigation between the parties hereto arising from this Agreement, it is agreed that each party shall bear its own costs and attorney fees.

C.3.33 Timeliness.

Time is of the essence in this Agreement.

C.3.34 Unenforceable Provision.
