Re: OMI File No. 98-1158

Dear Supervisor Bierman:

I am writing to advise as to the current numbers of owner move in eviction (OMI) notices that have have been filed with our office since January 1998.

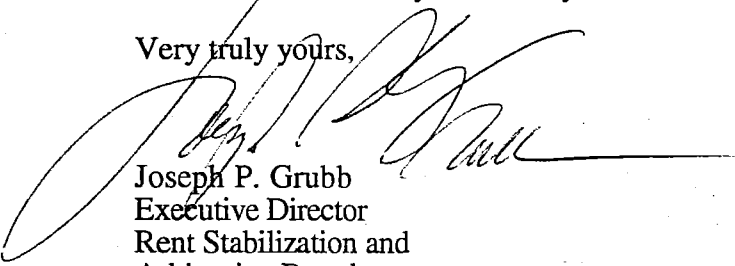

There have been approximately 768 OMI notices filed with the department for the first six months of 1998. This is an average of 128 notices filed per month.

I have also enclosed the statistics for OMI notices filed with the deparment for the past several years. To summarize the last three years from these records:

March 1995-96	439
March 1996-97	831
March 1997-98	1,253

Please let me know if you need any additional information from our office.

Very truly yours,

Joseph P. Grubb
