1 [Agreement Amendment - GEI Consultants, Inc. - PRO.0138.B, Engineering Services for
2 Dams and Reservoirs - Not to Exceed \$18,000,000]

3 **Resolution approving and authorizing the General Manager of the San Francisco Public**
4 **Utilities Commission to execute Amendment No. 1 to Contract No. PRO.0138.B,**
5 **Engineering Services for Dams and Reservoirs, with GEI Consultants, Inc., increasing**
6 **the contract amount by \$7,000,000 for a new not to exceed contract amount of**
7 **\$18,000,000, with no change to the contract duration, with work starting in April 2020**
8 **and an estimated completion date of April 2031, to add design services for the**
9 **Moccasin Dam and Reservoir Long Term Improvement Project and planning and**
10 **design services to the O'Shaughnessy Dam Outlet Works Phase II Project under the**
11 **Hetch Hetchy Water Capital Improvement Program, pursuant to Charter, Section 9.118.**
12

13 WHEREAS, The California Division of Safety of Dams (DSOD) has ordered the San
14 Francisco Public Utilities Commission (SFPUC) to conduct condition assessments of the
15 spillways for all dams under DSOD jurisdiction, and specialized dam and reservoir
16 engineering services are necessary to address potential dam safety issues determined from
17 the ongoing condition assessments and reevaluation of existing facilities; and

18 WHEREAS, The SFPUC developed a plan to address the DSOD orders and included
19 projects in their 10-Year Capital Plan to perform condition assessments as well as subsequent
20 projects to implement the needed improvement; and

21 WHEREAS, On February 11, 2020, by Resolution No. 20-0029, the SFPUC
22 Commission authorized the General Manager of the SFPUC to execute Contract No.
23 PRO.0138.B, Engineering Services for Dams and Reservoirs with GEI Consultants, Inc., for a
24 not to exceed amount of \$11,000,000 and a duration of 11 years; and
25

1 WHEREAS, On March 31, 2020, by Resolution No. 135-20, this Board of Supervisors
2 authorized the General Manager of the SFPUC to execute Contract No. PRO 0138.B,
3 Engineering Services for Dams and Reservoirs with GEI Consultants, Inc., for a not to exceed
4 amount of \$11,000,000 and with services anticipated to be completed from April 2020 to April
5 2031, for a term of 11 years; and

6 WHEREAS, The original amount of this contract was based on project budgets
7 included in the Fiscal Year 2019-2028 10-Year Hetch Hetchy Water Capital Improvement
8 Program, which funded the needs assessment phases of the various dam and reservoir
9 facilities; and

10 WHEREAS, The needs assessment work has helped SFPUC to define project scopes,
11 and the SFPUC has significantly adjusted the latest capital program budgets to reflect the
12 updated needs for the various dam and reservoir facilities; and

13 WHEREAS, The Moccasin Dam and Reservoir Long Term Improvement project has
14 been advanced to the 35% design phase by HDR, Inc. under contract PRO. 0138.A, and the
15 O'Shaughnessy Outlet Works Phase II Project has completed its needs assessment phase;
16 and

17 WHEREAS, HDR Inc. now has a potential conflict of interest for performing final design
18 due to its lead role as part of HDR Stantec Joint Venture in PRO. 0205 Water Capital Program
19 Management Contract; and

20 WHEREAS, SFPUC staff recommends that the remaining scope for the Moccasin and
21 O'Shaughnessy Dams Project be completed by GEI Consultants, Inc. under PRO. 0138.B,
22 since this work falls within the same geographic footprint and is similar in technical
23 requirements as the original work scope included in PRO. 0138.B; and

24 WHEREAS, The primary role of GEI Consultants, Inc. is to provide dam and reservoir
25 planning and engineering services for projects identified within the Hetch Hetchy and Water

1 Enterprise Capital Improvement Programs under the direction of the SFPUC Engineering
2 Management Bureau; and

3 WHEREAS, Amendment No. 1 will provide capacity for reviewing and confirming data,
4 reports, plans, and other deliverables previously developed under contract PRO. 0138.A,
5 advancing the Moccasin Dam and Reservoir Long Term Improvement Projects through the
6 65%, 95%, and 100% design stages, addressing all DSOD comments as needed to obtain
7 their authorization to construct the project, and providing support for the bid and award phase,
8 as well as optional tasks for a supplemental geotechnical investigation and supplemental
9 ground surveys; and

10 WHEREAS, The amendment will also provide capacity for planning and design
11 services for O'Shaughnessy Dam Outlet Works Phase II improvements, and if current scopes
12 of the other projects change significantly in future capital improvement cycles, additional
13 engineering support services may need to be added, either through this contract by a future
14 amendment or by other contracting means; and

15 WHEREAS, Work outside the dam and reservoir will be performed by city engineering
16 resources wherever applicable; and

17 WHEREAS, A Contract Monitoring Division (CMD) subconsultant goal of 7% Local
18 Business Enterprise (LBE) subcontractor participation was established for this contract, and
19 GEI Consultants, Inc. committed to a 12% LBE subcontractor participation; and

20 WHEREAS, Charter, Section 9.118(b), requires Board of Supervisors' approval by
21 Resolution of any contract which, when entered into, extends over 10 years, and of any
22 contract which, when entered into, costs the City \$10,000,000 or more; and

23 WHEREAS, On October 28, 2025, by Resolution No. 25-0158, the SFPUC
24 Commission approved Amendment No. 1 to Contract No. PRO.0138.B, Engineering Services
25 for Dams and Reservoirs, with GEI Consultants, Inc., increasing the contract amount by

1 \$7,000,000 for a new not to exceed amount of \$18,000,000 with no change to the contract
2 duration, to provide dam and reservoir planning and engineering services for projects
3 identified within the Hetch Hetchy and Water Enterprise Capital Improvements Program
4 funded by the Hetch Hetchy 10-Year Capital Improvements Program, subject to Board of
5 Supervisors approval pursuant to Charter, Section 9.118; and

6 WHEREAS, Funds for this Amendment No. 1 are available from individual projects
7 within the Hetch Hetchy Water Capital Improvements Program; and

8 WHEREAS, The proposed Amendment No. 1 contained in File No. 251129, is
9 substantially in final form, with all material terms and conditions included, and only remains to
10 be executed by the parties upon approval of this Resolution; now, therefore, be it

11 RESOLVED, That the Board of Supervisors hereby approves the Amendment in
12 substantially the form contained in File No. 251129; and, be it;

13 FURTHER RESOLVED, That the Board of Supervisors hereby authorizes the General
14 Manager of the SFPUC to execute Amendment No. 1 to Contract No. PRO.0138.B,
15 Engineering Services for Dams and Reservoirs, with GEI Consultants, Inc., increasing the
16 contract amount by \$7,000,000 for a new not to exceed amount of \$18,000,000, with no
17 change to the contract duration, to provide support to SFPUC engineering services under the
18 Hetch Hetchy Water Capital Improvement Plan; and, be it

19 FURTHER RESOLVED, That within 30 days of Amendment No. 1 being fully executed
20 by all parties, the SFPUC shall provide the signed revised contracts to the Clerk of the Board
21 for inclusion in the official file.

Item 2 File 25-1129	Department: Public Utilities Commission
EXECUTIVE SUMMARY	
Legislative Objectives - The proposed resolution would approve Amendment No. 1 to the agreement between the San Francisco Public Utilities Commission (SFPUC) and GEI Consultants, Inc. (GEI) for specialized engineering services for dams and reservoirs to increase the maximum agreement amount by \$7,000,000 for a new total not-to-exceed amount of \$18,000,000, with no change to the 11-year term, from June 29, 2020, to June 29, 2031. Key Points - Following the Oroville Dam spillway crisis in 2017, the California Division of Safety of Dams (DSOD) ordered the SFPUC to assess all spillways of dams in DSOD's jurisdiction. - In September 2019, the SFPUC initiated a request for proposals (RFP) process to establish a pool of qualified dam safety engineers. From that solicitation, in 2020, the Board of Supervisors approved three agreements between the SFPUC and HDR, AECOM, and GEI, each with a \$11,000,000 not-to-exceed and an 11-year term. - Under the proposed amendment, GEI will continue to provide a range of engineering services, including civil, electrical, mechanical, structural, geotechnical, and tunnel engineering, as well as cost estimating, surveying, materials testing, and risk assessments. - The amendment adds two new projects: (1) the Moccasin Dam and Reservoir Long Term Improvement Project and (2) the O'Shaughnessy Dam Outlet Works Phase II Project. - SFPUC is transferring the projects from the HDR agreement into this agreement because HDR has since been contracted to act as the program management consultant for the Water Capital Improvement Program. - In the most recent Consultant Performance Evaluation for GEI, covering the period of July 1, 2024, to June 30, 2025, the SFPUC rated GEI's overall performance as "Excellent." Fiscal Impact - The proposed amendment increases the total agreement amount by \$7,000,000 (63.6 percent), from an original authorization of \$11,000,000 to a new total not-to-exceed amount of \$18,000,000 over the eleven-year term (April 2020 through April 2031). - Contract costs are funded by water and power customers, depending on the project. Recommendation - Approve the proposed resolution.	

MANDATE STATEMENT

City Charter Section 9.118(b) states that any contract entered into by a department, board or commission that (1) has a term of more than ten years, (2) requires expenditures of \$10 million or more, or (3) requires a modification of more than \$500,000 is subject to Board of Supervisors approval.

BACKGROUND**Hetch Hetchy Regional Water System Spillway Assessment**

The Hetch Hetchy Regional Water System, operated by the San Francisco Public Utilities Commission (SFPUC), is an infrastructure network that supplies approximately 85 percent of the water used by 2.7 million customers in Alameda, Santa Clara, San Mateo, and San Francisco counties.¹ This system relies on assets, including dams, reservoirs, powerhouses, and tunnels that stretch from the Sierra Nevada to the San Francisco Peninsula, some dating back to the 1920s.

Following the Oroville Dam spillway crisis in 2017, which caused the evacuation of more than 180,000 people, regulatory scrutiny on hydraulic structures and spillways intensified statewide. That year, the California Division of Safety of Dams (DSOD) ordered the SFPUC to conduct condition assessments of spillways for all dams under DSOD jurisdiction.² Specialized dam and reservoir engineering services are necessary for substantive structural, hydraulic, and seismic rehabilitation beyond routine maintenance.

Procurement Strategy

The SFPUC uses a "master service agreements" procurement to prequalify engineering, construction management, and project management vendors and deploy them, as needed, for projects. According to the SFPUC, this strategy helps supplement internal engineering staff and capital project execution by avoiding the 6 to 12-month administrative delay required to issue a new contract solicitation for each project.

Procurement and Contractor Selection

On September 12, 2019, SFPUC initiated a request for proposals (RFP) process to establish a pool of qualified dam safety engineers. The RFP was advertised with the intent to select up to three consulting firms.

HDR Engineering, Inc. (HDR), GEI Consultants, Inc. (GEI), and AECOM Technical Services, Inc. (AECOM) were the three highest-scoring qualified proposers, with GEI ranked second.

¹ The Hetch Hetchy Regional Water System sources its water from the Tuolumne River watershed in the high Sierra Nevada mountains and delivers it via a gravity-fed aqueduct

² The DSOD exercises regulatory authority over dams in California to prevent failure and safeguard life and property.

Contract History

On March 6, 2020, the Board of Supervisors approved two agreements between the SFPUC and HDR and AECOM, each with a \$11,000,000 not-to-exceed and an 11-year term.³

On April 18, 2020, the Board of Supervisors approved the agreement with GEI for a not-to-exceed amount of \$11,000,000 and an 11-year term from April 2020 to April 2031 for planning and engineering design support for five projects (File 20-0166).⁴

On October 28, 2025, the SFPUC Commission approved Amendment No. 1 to the agreement between the SFPUC and GEI.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution would approve Amendment No. 1 to the agreement between the San Francisco Public Utilities Commission (SFPUC) and GEI Consultants, Inc. (GEI) for specialized engineering services for dams and reservoirs to increase the maximum agreement amount by \$7,000,000 for a new total not-to-exceed amount of \$18,000,000, with no change to the 11-year term, from June 29, 2020, to June 29, 2031.

Scope of Work

Under the proposed amendment, GEI will continue to provide a range of engineering services, including civil, electrical, mechanical, structural, geotechnical, and tunnel engineering, as well as cost estimating, surveying, materials testing, and risk assessments.⁵

The amendment adds two new projects with new specific tasks: (1) the Moccasin Dam and Reservoir Long Term Improvement Project and (2) the O'Shaughnessy Dam Outlet Works Phase II Project.

The Moccasin Dam and Reservoir Long-Term Improvement Project

Built in 1930, Moccasin Dam regulates the Moccasin reservoir and stabilizes water flow between the Moccasin Powerhouse (for electricity generation) and the Foothill Tunnel (for water transmission).

³ According to SFPUC, this long duration for infrastructure projects enables "cradle-to-grave" engineering support from initial assessment through design, bidding, and construction.

⁴ The five projects include the (1) Cherry Valley Dam Spillway project that addresses erosion and increases capacity for updated flood estimates, (2) Early Intake Dam Rehabilitation that involves installing a liner to mitigate alkali-aggregate reaction in the concrete, (3) Eleanor Dam Rehabilitation that addresses seismic stability and concrete spalling, (4) Eleanor Dam Bridge Rehabilitation that repairs the bridge, and (5) the Priest Condition Assessment and Monitoring Project that involves installing instrumentation to monitor dam movement due to settlement and deflection.

⁵ Services are executed through a task order process. Following negotiation of the scope and budget for a specific task, and Controller certification of funding, a notice to proceed is issued.

On March 22, 2018, a severe storm caused rapid runoff and debris clogged the upstream diversion dam bypass,⁶ sending the full flow of Moccasin Creek into the reservoir. The water level rose within one foot of the top of the dam. Seepage (the slow escape of water through the dam structure or foundation, a potential precursor to internal erosion failure) was observed downstream, and the backup spillway suffered severe erosion.⁷

Following the 2018 event, the California Division of Safety of Dams (DSOD) downgraded the dam's rating to "Fair" and imposed a reservoir level restriction. This restriction prevents the installation of flashboards (temporary barriers used to increase reservoir levels) in the main spillway. This results in a reduction of 50 acre-feet in storage capacity, representing approximately 9.4 percent of the reservoir's total 530 acre-feet capacity. Consequently, it constrains the Moccasin Powerhouse's ability to generate peak power, impacts SF Clean Power Enterprise's revenue, and complicates water-delivery operations.

Furthermore, updated modeling indicates the existing 1929 spillways are undersized for modern probable maximum flood standards. The project aims to enable the dam to safely pass a probable maximum flood event without overtopping or causing damage, and to repair damage caused by the 2018 storm.

GEI's technical scope includes designing a new, high-capacity concrete auxiliary spillway, implementing flood-proofing for the Powerhouse, and conducting geotechnical remediation of seepage pathways. The project is currently at the 35 percent design phase. GEI's responsibilities include (1) validating the prior design vendor's 35 percent design, (2) advancing the project through 100 percent design, (3) addressing DSOD comments to obtain construction authorization, (4) providing bid and award phase support, and (5) providing engineering support during construction.

The estimated total project cost has increased from the initial 2022 budget of \$73.18 million to a current 2025 forecast of \$142.2 million to \$155 million, with construction costs escalating from \$35 million to approximately \$100 million.⁸

Design completion and DSOD authorization are estimated by June 30, 2028. Construction is anticipated to start on October 1, 2028, and finish by June 30, 2032.

⁶ An upstream diversion dam bypass is an engineered system that redirects a portion or all of a river's flow around a diversion dam and its associated facilities for environmental protection, construction activities, sediment management, or flood control.

⁷ An auxiliary, or backup, spillway is a secondary, less frequently used spillway that manages high floodwaters when a dam's primary spillway is at capacity

⁸ The SFPUC attributes the significant variance to underdeveloped initial estimates during the 35 percent design phase, longer construction timeline estimates, and increased concrete/steel and general construction costs. Revised analysis required thicker spillway walls/slabs, temporary excavation support, temporary water retaining structures (assuming dry conditions), a necessary transition structure, blasting/difficult rock excavation, and a construction risk contingency.

O'Shaughnessy Dam Outlet Works Phase II Project

O'Shaughnessy Dam, which was completed in 1923 and raised in 1938 to increase its water supply and power generation, holds the Hetch Hetchy Reservoir in Yosemite National Park, the start of the Hetch Hetchy Water System. Many components are original and are reaching the end of their service lives. A condition assessment of the "dam outlet works", consisting of valves, gates, and conduits that control the release of water, identified the need for improvements to ensure safe and reliable operation, which is critical for operational flexibility and the ability to drain the reservoir in an emergency, a capability required by DSOD.

Design and construction have faced constraints because the dam is located inside Yosemite National Park which requires strict environmental compliance. For example, the reservoir cannot be drained, requiring underwater work, such as diving or remotely operated vehicles, and it is a historic landmark that requires aesthetic preservation.

Based on the prioritization of asset condition, the project is being implemented in two phases.

Phase I began in January 2023 and is estimated to be completed in December 2025 with a total estimated budget of \$43.7 million. The project involved replacing or fixing the dam's water control system by installing new temporary barriers, repairing outdated sliding doors and the large, curved gates used on the spillway (replacing seals, hinges, and rivets, and repainting the gates), fixing the spillway concrete, and installing a new temporary pipe with a shut-off valve.

Phase II is currently in the planning/pre-design stage with an estimated completion date of December 2041. Phase II includes completing an overhaul of the dam's water control mechanisms by replacing old, high-pressure valves that are worn out, repairing and restoring other large water-flow control gates, installing a new emergency shut-off valve for the bypass pipe, and improving the underground tunnel that diverts or releases water.

Justification for Transfer

SFPUC is transferring the Moccasin Dam and Reservoir and the O'Shaughnessy Dam Outlet Works Phase II projects from a separate agreement held by HDR Engineering Inc. (HDR) into this agreement to mitigate a developing conflict of interest. The SFPUC confirms that these two projects will be formally removed from HDR's agreement via a corresponding amendment. Under HDR, the Moccasin Dam and Reservoir Project had advanced to 35 percent in the design phase. However, the SFPUC states that HDR now has a potential conflict of interest that prevents it from performing the final design, due to HDR's role in a separate Water Capital Program Management Contract.

In February 2025, the Board of Supervisors awarded the HDR Stantec Joint Venture, a program management contract for Hetch Hetchy Water Capital Improvement Programs, with an \$80 million not-to-exceed limit for a ten-year term (File 25-0020). This contract positions HDR as an extension of the SFPUC staff responsible for overseeing schedules, auditing costs, ensuring quality assurance/quality control of other consultants, and validating budgets. If HDR were to act as both the designer and the program manager, it would be auditing its own work. Best practice prohibits a program manager from approving their own scope changes or validating their own cost estimates, necessitating this transfer.

The SFPUC reports that the City Attorney's Office participated in discussions on the contracting strategy and provided advice during the preparation of the amendment; however, it did not conduct a formal conflict-of-interest review.

SFPUC staff recommend transferring the remaining scopes to GEI because there are similarities in technical requirements and geography with GEI's existing scope. Utilizing GEI's existing contract vehicle will also avoid the 6-12 month delay associated with a new request for proposals (RFP) process.

Justification for Increase

SFPUC is increasing the not-to-exceed amount because the original contract amount was based on the Fiscal Year 2019-2028 Capital Improvement Program and primarily funded the project needs assessment phases. As needs assessments have been completed, SFPUC has adjusted the capital program budgets to reflect the updated scopes and requirements. Furthermore, transferring a complex engineering project at the 35 percent design stage introduces liability risks. The amendment requires GEI to review, validate, and confirm all deliverables developed by HDR before GEI can assume the role of engineer of record. GEI estimates the cost for this validation task at \$150,116 and the duration at approximately two months.

Liability

GEI has confirmed that by accepting this scope and continuing the design, it will assume all liability for the entire design (including the initial 35 percent completed by HDR) and will provide signed and stamped contract documents as the Engineer of Record, ensuring a single point of accountability.

However, due to the unique nature of the transfer, HDR (as program manager) will be responsible for overseeing GEI's validation of HDR's prior design work. Therefore, the SFPUC contract manager assigned to this agreement will also be responsible for coordinating this aspect of HDR's oversight role.

Local Business Enterprise Participation

The RFP established a minimum of 7 percent Local Business Enterprise (LBE) subcontractor participation. GEI committed to 12 percent LBE subcontractor participation for this contract.⁹ This amendment adds \$840,000 in LBE allocation, raising the total commitment from \$1,320,000 to \$2,160,000. LBE Participation as of October 7, 2025, was 1.93 percent of spending to date, equal to approximately \$212,300.

Social Impact Partnership

The Social Impact Partnership commitment, formerly known as Community Benefits, was originally \$145,200; however, proportional to the amendment's increase to the contract value, the total community benefits commitment would increase by \$92,400 to \$237,600 or by 64

⁹ The subcontracting firms are (1) AGS Inc (geotechnical exploration), (2) Divis Consulting (geotechnical exploration), (3) Meridian Surveying Engineering Inc (surveying), (4) McGovern McDonald (environmental engineering).

percent. The commitments are funded through volunteer hours valued at a fixed rate of \$150 per hour.

As of November 2025, the contract is 49.47 percent through its term. GEI has delivered 32.45 percent of its original commitment, totaling \$47,117.¹⁰ The remaining commitment, including the amendment, is \$190,483. The revised commitments are summarized in Exhibit 1.

Exhibit 1: Amended Social Impact Partnership Commitments

Category	Volunteer Hours	Amount
Original Commitment	968	\$145,200
Delivered to Date	(314)	(\$47,117)
Amendment Increase	616	\$92,400
Total Remaining	1,270	\$190,483
Total	1584	\$237,600

Source: SFPUC

Note: GEI estimates 720 hours to public education and 864 hours to environmental and community health.

Performance

In the most recent Consultant Performance Evaluation for GEI, covering the period of July 1, 2024, to June 30, 2025, the SFPUC rated GEI's overall performance as "Excellent." GEI received "Excellent" ratings in Quality of Service, Schedule Management, Cost Management, Scope Management, and Staff and Resources, and "Good" ratings in Value of Services, and Administrative Functions.

FISCAL IMPACT

The proposed amendment increases the total agreement amount by \$7,000,000 (63.6 percent), from an original authorization of \$11,000,000 to a new total not-to-exceed amount of \$18,000,000 over the eleven-year term (April 2020 through April 2031).

Budget Allocation

The amendment allocates \$9 million intended to fund soft costs (non-construction costs such as engineering design, permitting, and environmental review) for two additional projects. This is achieved through the \$7 million authorization increase, combined with the reallocation of \$2 million in existing unassigned funds from the original agreement authorization. The \$9 million in new scope is split between the Moccasin Dam and Reservoir Project (\$5 million for Design and \$2 million for Engineering Support During Construction) and the O'Shaughnessy Dam Outlet Works Phase II Project (\$2 million for Planning and Design).

¹⁰ The organizations that are receiving volunteers are the Tuolumne County Superintendent of Schools and Camp Sylvester.

With \$15,745,085 allocated, \$2,254,915 is unassigned as a contingency (approximately 12.5 percent of the total authorization). The detailed breakdown of the \$18,000,000 authorization is provided in Exhibit 2.

Exhibit 2: Total Not-To-Exceed Breakdown by Project

Project Name	Actuals as of 05/19/2025	Amendment No. 1	Proposed Budget
Cherry Valley Dam Spillway	\$1,952,107		\$1,952,107
Early Intake Dam Rehabilitation	1,677,507		1,677,507
Eleanor Dam Rehabilitation	542,203		542,203
Eleanor Dam Bridge Rehabilitation	1,497,170		1,497,170
Priest Condition Assessment & Monitoring	1,076,098		1,076,098
Moccasin Dam and Reservoir - Design		5,000,000	5,000,000
Moccasin Dam and Reservoir - ESDC		2,000,000	2,000,000
O'Shaughnessy Dam and Outlet Works Phase II - Planning/Design		2,000,000	2,000,000
Contingency (12.5 percent)	4,254,915	(2,000,000)	2,254,915
Total	\$11,000,000	\$7,000,000	\$18,000,000

Source: SFPUC

Bill Rates

Compensation is based on billing rates established in the agreement's fee schedule. Staff rates range from approximately \$115.35 per hour to \$250.08.

The agreement allows annual adjustments based on the Consumer Price Index, but the original contract included conflicting language suggesting the rates were fixed for two years. The SFPUC clarified that, consistent with the RFP, rates were intended to be fixed for only the first year, and increases have been applied annually since the first anniversary of the contract execution date.

Funding Source

Funds for this Amendment are available from individual projects within the Hetch Hetchy Water Capital Improvements Program. These are Enterprise Funds (Non-General Fund). Costs for joint assets, such as Moccasin Dam, which serve both water delivery and power generation, are typically split between water ratepayers and power customers. The Hetch Hetchy CIP relies significantly on debt financing. Consequently, capital expenditures translate directly into long-term debt service obligations that pressure future utility rates.

Total Project Costs

The total project costs for the period of FY 2020-21 through FY 2040-41 are \$142,187,984 for the Moccasin Dam Project and \$184,106,942 for the O'Shaughnessy Phase II Project. While Construction Management accounts for the majority of the Moccasin Dam budget at 70.9

percent, Construction represents the primary expense for O'Shaughnessy Phase II at 62.7 percent of the total. Exhibit 3 provides a detailed cost breakdown below.

Exhibit 3: Total Project Costs for O'Shaughnessy and Moccasin FY 2020-21 to FY 2040-41

Cost Category	Moccasin Dam Project	% of Total	O'Shaughnessy Phase II Project	% of Total
Project Management	\$2,691,000	1.9%	\$6,844,500	3.7%
Planning and Predesign	7,369,834	5.2%	9,151,400	5.0%
Environmental Planning and Review	5,250,000	3.7%	2,140,000	1.2%
Legal and Right-of-Way Support	312,000	0.2%	374,400	0.2%
Engineering Design	9,302,199	6.5%	15,219,142	8.3%
Bid and Award	117,900	0.1%	314,400	0.2%
Construction	100,800,313	11.5%	115,470,084	62.7%
Construction Management	16,344,738	70.9%	34,593,016	18.8%

RECOMMENDATION

Approve the proposed resolution.

City and County of San Francisco

**San Francisco Public Utilities Commission
525 Golden Gate Avenue
San Francisco, CA 94102**

First Amendment

PRO.0138.B

Engineering Services for Dams and Reservoirs

THIS **FIRST** AMENDMENT (“Amendment”) is made as of **[insert date]**, in San Francisco, California, by and between **GEI Consultants, Inc.** (“Contractor”), and the City and County of San Francisco, a municipal corporation (“City”).

Recitals

WHEREAS, City and Contractor have entered into the Agreement (as defined below); and

WHEREAS, City and Contractor desire to modify the Agreement on the terms and conditions set forth herein to increase the contract amount, update Appendix A to add related scope of work, and update standard contractual clauses; and

WHEREAS, Contractor was competitively selected pursuant to a Request for Proposals entitled Engineering Services for Dams and Reservoirs issued through Sourcing Event ID PUC.PRO.0138.B and this Amendment is consistent with the terms of the RFP and the awarded Contract; and

WHEREAS, this is a contract for Services, there is a Local Business Enterprise (“LBE”) subcontracting participation requirement, and this Amendment is consistent with that requirement; and

WHEREAS, this Amendment is consistent with an approval obtained on October 3, 2010 from the Department of Human Resources on behalf of the Civil Service Commission under PSC number DHRPSC0003873 which authorizes the award of multiple agreements, the total value of which cannot exceed \$49,000,000 and the individual duration of which cannot exceed eleven years; and

WHEREAS, this Amendment is consistent with an approval obtained from City’s San Francisco Public Utilities Commission under **[insert resolution number]** approved on **[insert date of Commission action]** in the amount of **[insert Dollar Amount]** for the period commencing **[Insert Start Date]** and ending **[Insert End Date]**; and

WHEREAS, this Amendment is consistent with an approval obtained from the City’s **[Board of Supervisors]** under **[insert resolution number]** approved on **[insert date of Commission or Board action]** in the amount of **[insert Dollar Amount]** for the period commencing **[Insert Start Date]** and ending **[Insert End Date]**; and

WHEREAS, the Department has filed Ethics Form 126f4 (Notification of Contract Approval) because this Agreement, as amended herein, has a value of \$100,000 or more in a fiscal year and will require the approval of the Board of Supervisors; and

Now, THEREFORE, the parties agree as follows:

Article 1 Definitions

The following definitions shall apply to this Amendment:

1.1 **Agreement.** The term “Agreement” shall mean the Agreement dated May 5, 2020 between Contractor and City.

1.2 **San Francisco Labor and Employment Code.** As of January 4, 2024, San Francisco Administrative Code Chapters 21C (Miscellaneous Prevailing Wage Requirements), 12B (Nondiscrimination in Contracts), 12C (Nondiscrimination in Property Contracts), 12K (Salary History), 12P (Minimum Compensation), 12Q (Health Care Accountability), 12T (City Contractor/Subcontractor Consideration of Criminal History in Hiring and Employment Decisions), and 12U (Sweatfree Contracting) are redesignated as Articles 102 (Miscellaneous Prevailing Wage Requirements), 131 (Nondiscrimination in Contracts), 132 (Nondiscrimination in Property Contracts), 141 (Salary History), 111 (Minimum Compensation), 121 (Health Care Accountability), 142 (City Contractor/Subcontractor Consideration of Criminal History in Hiring and Employment Decisions), and 151 (Sweatfree Contracting) of the San Francisco Labor and Employment Code, respectively. Wherever this Agreement refers to San Francisco Administrative Code Chapters 21C, 12B, 12C, 12K, 12P, 12Q, 12T, and 12U, it shall be construed to mean San Francisco Labor and Employment Code Articles 102, 131, 132, 141, 111, 121, 142, and 151, respectively. The prevailing wage requirements of Section 6.22(e) at Chapter 6 of the San Francisco Administrative Code have been moved to Articles 101 through 107 of the San Francisco Labor and Employment Code.

1.3 **Other Terms.** Terms used and not defined in this Amendment shall have the meanings assigned to such terms in the Agreement.

Article 2 Modifications to Scope of the Agreement

The Agreement is hereby modified as follows:

2.1 Article 2 Term of the Agreement. Section 2.1 of the Agreement currently reads as follows:

2.1 The term of this Agreement shall commence on the later of: (i) May 20, 2020; or (ii) the Effective Date and expire on May 19, 2031, unless earlier terminated as otherwise provided herein.

Such section is hereby amended in its entirety to read as follows:

2.1 The term of this Agreement shall commence on the Effective Date, which is June 29, 2020, and expire eleven years later, unless earlier terminated as otherwise provided herein.

2.2 Article 3 Financial Matters. Section 3.3.1 of the Agreement currently reads as follows:

3.3.1 Payment. Contractor shall provide an invoice to the City on a monthly basis for Services completed in the immediate preceding month, unless a different schedule is set out in Appendix B, "Calculation of Charges." Compensation shall be made for Services identified in the invoice that the General Manager of the SFPUC, in his or her sole discretion, concludes has been satisfactorily performed. Payment shall be made within 30 calendar days of receipt of the invoice, unless the City notifies the Contractor that a dispute as to the invoice exists. In no event shall the amount of this Agreement exceed **Eleven Million dollars and no cents (\$11,000,000)**. The breakdown of charges associated with this Agreement appears in Appendix B, "Calculation of Charges," attached hereto and incorporated by reference as though fully set forth herein. A portion of payment may be withheld until conclusion of the Agreement if agreed to by both parties as retainage, described in Appendix B. In no event shall City be liable for interest or late charges for any late payments.

2.3 **Such section is hereby amended in its entirety to read as follows:**

3.3.1 Payment. Contractor shall provide an invoice to the City on a monthly basis for Services completed in the immediate preceding month, unless a different schedule is set out in Appendix B, "Calculation of Charges." Compensation shall be made for Services identified in the invoice that the General Manager of the SFPUC, in his or her sole discretion, concludes has been satisfactorily performed. Payment shall be made within 30 calendar days of receipt of the invoice, unless the City notifies the Contractor that a dispute as to the invoice exists. In no event shall the amount of this Agreement exceed **Eighteen Million dollars and no cents (\$18,000,000)**. The breakdown of charges associated with this Agreement appears in Appendix B, "Calculation of Charges," attached hereto and incorporated by reference as though fully set forth herein. A portion of payment may be withheld until conclusion of the Agreement if agreed to by both parties as retainage, described in Appendix B. In no event shall City be liable for interest or late charges for any late payments.

2.4 **Appendix A-1 (November 2025 Revision).** Appendix A is hereby replaced in its entirety by Appendix A-1 (November 2025 Revision), attached to this Amendment and fully incorporated within the Agreement. To the extent the Agreement refers to Appendix A in any place, the true meaning shall be Appendix A-1 (November 2025 Revision), which is a correct and updated version.

Article 3 Updates of Standard Terms to the Agreement

The Agreement is hereby modified as follows:

3.1 **Section 10.15 Public Access to Nonprofit Records and Meetings.** *Section 10.15 of the Agreement is replaced in its entirety to read as follows:*

10.15. Nonprofit Contractor Requirements.

10.15.1. Good Standing. If Contractor is a nonprofit organization, Contractor represents that it is in good standing with the California Attorney General's Registry of Charitable Trusts and will remain in good standing during the term of this Agreement. Contractor shall immediately notify City of any change in its eligibility to perform

under the Agreement. Upon City's request, Contractor shall provide documentation demonstrating its compliance with applicable legal requirements. If Contractor will use any subcontractors to perform the Agreement, Contractor is responsible for ensuring they are also in compliance with the California Attorney General's Registry of Charitable Trusts for the duration of the Agreement. Any failure by Contractor or its subcontractors to remain in good standing with applicable requirements shall be a material breach of this Agreement.

10.15.2. Public Access to Nonprofit Records and Meetings. If Contractor is a nonprofit organization; provides Services that do not include services or benefits to City employees (and/or to their family members, dependents, or their other designated beneficiaries); and receives a cumulative total per year of at least \$250,000 in City funds or City-administered funds, Contractor must comply with the City's Public Access to Nonprofit Records and Meetings requirements, as set forth in Chapter 12L of the San Francisco Administrative Code, including the remedies provided therein.

3.2 **Section 4.2 Qualified Personnel.** *Section 4.2 of the Agreement is replaced in its entirety to read as follows:*

4.2 Qualified Personnel. Contractor represents and warrants that it is qualified to perform the Services required by City, and that all Services will be performed by competent personnel with the degree of skill and care required by current and sound professional procedures and practices. Contractor will comply with City's reasonable requests regarding assignment and/or removal of personnel, but all personnel, including those assigned at City's request, must be supervised by Contractor. Contractor shall commit sufficient resources for timely completion within the project schedule

3.3 **Section 4.5 Assignment.** *Section 4.5 of the Agreement is replaced in its entirety to read as follows:*

4.5 Assignment. Services to be performed by Contractor are personal in character. This Agreement may not be directly or indirectly assigned, novated, or otherwise transferred unless first approved by City by written instrument executed and approved in the same manner as this Agreement. Any purported assignment made in violation of this provision shall be null and void.

3.4 **Section 11.14 Article 13 Data and Security.** *Article 13 of the Agreement is replaced in its entirety to read as follows:*

13.1 Nondisclosure of Private, Proprietary or Confidential Information.

13.1.1 Protection of Private Information. If this Agreement requires City to disclose "Private Information" to Contractor within the meaning of San Francisco Administrative Code Chapter 12M, Contractor and subcontractor shall use such information only in accordance with the restrictions stated in Chapter 12M and in this Agreement and only as necessary in performing the Services. Contractor is subject to the enforcement and penalty provisions in Chapter 12M.

13.1.2 City Data; Confidential Information. In the performance of Services, Contractor may have access to, or collect on City's behalf, City Data, which may include proprietary or Confidential Information that if disclosed to third parties may damage City. If

City discloses proprietary or Confidential Information to Contractor, or Contractor collects such information on City's behalf, such information must be held by Contractor in confidence and used only in performing the Agreement. Contractor shall exercise the same standard of care to protect such information as a reasonably prudent contractor would use to protect its own proprietary or Confidential Information.

13.2 Reserved.

13.3 Reserved.

13.4 Management of City Data.

13.4.1 Use of City Data. Contractor agrees to hold City Data received from, or created or collected on behalf of, City, in strictest confidence. Contractor shall not use or disclose City Data except as permitted or required by the Agreement or as otherwise authorized in writing by City. Any work by Contractor or its authorized subcontractors using, or sharing or storage of, City Data outside the United States is prohibited, absent prior written authorization by City. Access to City Data must be strictly controlled and limited to Contractor's staff assigned to this project on a need-to-know basis only. City Data shall not be distributed, repurposed or shared across other applications, environments, or business units of Contractor. Contractor is provided a limited non-exclusive license to use City Data solely for performing its obligations under the Agreement and not for Contractor's own purposes or later use. Nothing herein shall be construed to confer any license or right to City Data, by implication, estoppel or otherwise, under copyright or other intellectual property rights, to any third-party. Unauthorized use of City Data by Contractor, subcontractors or other third-parties is prohibited. For purpose of this requirement, the phrase "unauthorized use" means the data mining or processing of data, stored or transmitted by the service, for commercial purposes, advertising or advertising-related purposes, or for any purpose other than security or service delivery analysis that is not explicitly authorized.

13.4.2 Disposition of City Data. Upon request of City or termination or expiration of this Agreement, Contractor shall promptly, but in no event later than thirty (30) calendar days, return all City Data given to, or collected or created by Contractor on City's behalf, which includes all original media. Once Contractor has received written confirmation from City that City Data has been successfully transferred to City, Contractor shall within ten (10) business days clear or purge all City Data from its servers, any hosted environment Contractor has used in performance of this Agreement, including its subcontractor's environment(s), work stations that were used to process the data or for production of the data, and any other work files stored by Contractor in whatever medium. Contractor shall provide City with written certification that such purge occurred within five (5) business days of the purge. Secure disposal shall be accomplished by "clearing," "purging" or "physical destruction," in accordance with National Institute of Standards and Technology (NIST) Special Publication 800-88 or most current industry standard.

13.5 Ownership of City Data. The Parties agree that as between them, all rights, including all intellectual property rights, in and to City Data and any derivative works of City Data is the exclusive property of City.

13.6 Loss or Unauthorized Access to City's Data; Security Breach Notification. Contractor shall comply with all applicable laws that require the notification to individuals in the event of unauthorized release of PII, PHI, or other event requiring notification. Contractor shall notify City of any actual or potential exposure or misappropriation of City Data (any "Leak") within

twenty-four (24) hours of the discovery of such, but within twelve (12) hours if the Data Leak involved PII or PHI. Contractor, at its own expense, will reasonably cooperate with City and law enforcement authorities to investigate any such Leak and to notify injured or potentially injured parties. The remedies and obligations set forth in this subsection are in addition to any other City may have. City shall conduct all media communications related to such Leak.

Article 4 Effective Date

Each of the modifications set forth in Articles 2 and 3 shall be effective on and after the date of this Amendment.

Article 5 Legal Effect

Except as expressly modified by this Amendment, all of the terms and conditions of the Agreement shall remain unchanged and in full force and effect.

IN WITNESS WHEREOF, Contractor and City have executed this Amendment as of the date first referenced above.

CITY

Appendix A-1: November 2025 Revision

Appendix A-1: November 2025 Revision

1. Description of Services. Contractor agrees to perform the following dam and reservoir planning and engineering design Services:

1. Civil Engineering
2. Electrical Engineering
3. Mechanical Engineering
4. Structural Engineering
5. Pipeline Engineering
6. Geotechnical/Geologic Engineering
7. Tunnel Engineering
8. Cost Estimating
9. Utilities Mapping and Coordination
10. Photogrammetry/Surveys
11. Materials Testing/Special Inspections
12. Quality Assurance Review
13. Peer Review/Independent Technical Review
14. PFMA and Risk Assessments
15. Other Specialized Services

Project Name: Moccasin Dam and Reservoir

Project Description

On March 22, 2018, HHWP, located in the town of Moccasin, experienced more than 5 inches of precipitation over a 24-hour period, of which 3.1 inches fell within a 4-hour period. The torrent of rain caused Moccasin Creek to overtop the Moccasin Creek Diversion Dam. The overtopping creek water brought with it a large volume of debris including downed trees and logs. Flooding reached the Administration Building basement, Moccasin Powerhouse, the Line Shop, and Gardeners' Shop. Both Moccasin Dam Spillways (Main and Auxiliary Spillways) were inundated and the reservoir came within approximately 1 foot of overtopping the dam. Furthermore, seepage was observed exiting the downstream face of the dam. Following an evacuation order for areas downstream of the dam, SFPUC issued emergency contracts to remove debris, perform damage assessments, and perform emergency interim repairs to the Moccasin Reservoir Dam, Main and Auxiliary Spillways, the Moccasin Creek Diversion Dam, and appurtenant facilities. Based on substantial completion of most of the emergency repairs, the California DSOD allowed partial re-filling of the reservoir at the end of calendar year 2018, and SFPUC returned the reservoir to full service in June 2019. SFPUC is planning for upgrades necessary to meet DSOD requirements for Moccasin Reservoir Dam, Spillways and Outlet Works. The purpose of this project will be to plan, design and construct improvements to the dam and appurtenant facilities to meet DSOD requirements.

Scope of work: GEI Consultants, Inc. is being requested to complete the Moccasin Dam and Reservoir improvements design; to review and confirm data, reports, plans, and other deliverables developed under contract PRO.0138.A; advancing the project through the 65%, 95%, and 100% design stages; addressing all California Division of Safety of Dams (DSOD) comments as needed to obtain their authorization to construct the Project; providing support for the bid and award phase; providing engineering services during construction; and optional tasks for a supplemental geotechnical investigation and supplemental ground surveys.

Task 1: Validation of PRO.0138.A Reports/Deliverables Necessary to Complete Final Design
GEI will review relevant PRO.0138.A data, reports, drawings, and other deliverables for the Conceptual Engineering and 35% design submittals provided by the SFPUC, attend a site visit, complete a data gap analysis and prepare a 35% Design Review Memorandum to summarize findings from the review, site visit and data gap analysis. This memorandum will confirm Project understanding and the key criteria and parameters to be adopted by GEI to advance the design. Optional supplemental geotechnical exploration and ground survey may be considered.

Task 2: Address Comments from California Division of Safety of Dams (DSOD) and Prepare 65%/95%/100% Design to Produce the Final Construction Bid Package
GEI will work to efficiently advance the 35% design prepared under PRO.0138.A to the 65%/95%/100% design levels of development, including appropriate level design drawings, specifications, opinion of probable construction cost, constructability reviews, responses to DSOD comments.

Task 3: Support for Bid and Award Phase
GEI will support the SFPUC in construction contract procurement.

Task 4: Engineering Support During Construction Phase
GEI will provide Engineering Support During Construction (ESDC) in support of the SFPUC teams. Support may include meetings, review of documents (e.g., RFIs, RFS, change orders, etc.), field visits, design changes and other engineering services.

Task 5: Miscellaneous Tasks Needed to Complete the Design and Construction of the Project
GEI will provide technical information on various design aspects as needed to support environmental compliance documentation and permit applications being prepared by the SFPUC. GEI will perform a stormwater pollution prevention plan (SWPPP) risk level assessment and document the findings and associated calculations in a draft memorandum for SFPUC's review.

Project Name: O'Shaughnessy Dam Outlet Works Phase II

Project Description

OSD was completed in 1923 and raised in 1938. Condition assessment of the dam outlet works revealed deficiencies. This rehabilitation project addresses deficiencies of the existing outlet works system at OSD, including the drum gates and release system through OSD to Canyon Tunnel and the Tuolumne River. A recent condition assessment identified deficiencies in the OSD release system. Seven projects were identified and have been prioritized. Phase 1 will include three of these projects: drum gate rehabilitation (upgrading the hinges and rivets, recoating the gate and existing seals, and repairing the spillway concrete), installation of a new bulkhead system, and rehabilitation of slide gates & installation of a diversion pipe butterfly valve. Phase 2 will include large valves such as the 60" and 72" needle valves and their associated control system.

Scope of work: The Consultant(s) will review all pertinent background information, previous analyses, construction documents for the project and provide planning and design engineering support as authorized by the SFPUC.

Project Name: Cherry Valley Dam Spillway***Project Description***

Cherry Valley Dam was built in 1956. The spillway includes a 334-foot wide ogee-type concrete weir that discharges into an unlined adjacent channel. The original design documents indicate that the spillway is rated for 52,000 cubic feet per second (cfs). However, significant erosion damage has been experienced below the dam with spillway releases below 1,800 cfs. This has included large scale erosion outside the lower portion of the spillway channel, as well as flooding of the Cherry Power Tunnel Adit and a campground downstream, creating a potentially hazardous condition for the dam, personnel and the public. SFPUC performed a recent condition assessment of the spillway, and a re-assessment of the Probable Maximum Flood (PMF) event shows a significant increase compared to the previous PMF estimate. The objective of this project is to improve the capacity of the existing spillway to provide safe passage of the new PMF.

Scope of work: The Consultant(s) will review all pertinent background information, NAR, and outlet works rehabilitation construction contract. The Consultant(s) will provide planning and design engineering support as authorized by the SFPUC to complete the AAR and CER in the Planning Phase including hydrologic, hydraulic, geotechnical, geologic, structural and seismic analysis, Design Phase deliverables, and environmental support documentation. Additional potential work elements include the confirmation and/or updates to the assumptions and recommendations made with the NAR (e.g., reservoir storage capacity curves above El. 4700, existing spillway discharge capacity, mapping of the rock slopes in the upper spillway channel, and existence of planar joint features beneath the ogee), realignment of the existing spillway, modifying access roads, dam security and maintenance. The project may also involve structural/seismic stability analysis of the outlet tower and other possible safety improvements and appurtenant facilities.

Project Name: Early Intake Dam Rehabilitation***Project Description***

Early Intake Dam is a single-curvature concrete arch structure. It was constructed between 1923 and 1924 to divert Hatch Hetchy water from the Tuolumne River into the Mountain Tunnel. Within a few years of the dam's completion, significant cracking was observed at several locations, most likely due to the absence of contraction joints in the structure. In addition, widely distributed and progressively worsening distributed cracking has been observed throughout the dam and spillway structure over the years. The dam is reaching the end of its design life. SFPUC has identified an interim mitigation alternative to install a liner on the upstream face of the dam to reduce the rate of expansion and deterioration caused by the alkali aggregate reaction. This interim measure may extend the useful life of the dam by 20-25 years.

Scope of work: The Consultant(s) will review all pertinent background information and previous condition assessment reports. The Consultant(s) will provide planning and design engineering support as authorized by the SFPUC to complete the AAR and CER in the Planning Phase, structural and seismic analysis, Design Phase deliverables, and environmental support documentation.

Project Name: Eleanor Dam Rehabilitation***Project Description***

Eleanor Dam is a multiple arch reinforced concrete dam that was constructed in the 1920's. The 2015-2016 NAR identified deterioration and aging of the structure, as well as performance

concerns. Specifically, SFPUC has identified structural/seismic concerns regarding the Eleanor Bridge, which is an integral part of the arch dam, including cracking and spalling of concrete, exposed rebar, multiple significant leakage through the arch barrels, and cracks and erosion of the spillway concrete. SFPUC has prioritized projects to rehabilitate the dam by degree of risk. Rehabilitation may include some or all of the following: installation of a liner on the upstream face of the dam, pressure grouting, concrete repairs, valve replacement, and installation of concrete lining and riprap.

Scope of work: The Consultant(s) will review all pertinent background information and previous inspection and needs assessment reports. The Consultant(s) will provide planning and design engineering support as authorized by the SFPUC to complete the AAR and CER in the Planning Phase, geotechnical investigation, hydrology/hydraulic analysis, structural and seismic analysis of the existing bridge and dam, Design Phase deliverables, and environmental support documentation.

Project Name: Eleanor Dam Bridge Rehabilitation

Project Description

Eleanor Bridge is a critical asset that needs to be repaired or replaced due to multiple structural deficiencies, including corroded reinforcement, concrete cracking, and tripping hazards. The bridge is integral to the dam structure and provides strength and stability during a seismic event. The bridge also provides critical non-redundant access for HHWP personnel, Yosemite National Park personnel, and recreational public users.

The project will implement steps to reduce risks associated with failure of aging infrastructure. This will include a complete alternatives analysis to determine the best way to extend the life of the bridge and ensure full functionality of all system components.

Scope of work: The Consultant(s) will review all pertinent background information and previous bridge inspection and needs assessment reports. The Consultant(s) will provide planning and design engineering support as authorized by the SFPUC to complete the AAR and CER in the Planning Phase, structural and seismic analysis, Design Phase deliverables, and environmental support documentation.

Project Name: Priest Condition Assessment & Monitoring Project

Project Description

Priest Dam is an earth and rock filled dam located just east of Moccasin located on Rattlesnake Creek in Tuolumne County. The dam was built between 1921 and 1923, and is approximately 168 feet tall and 1,000 feet wide with a crest width of 20 ft. Priest Dam has a long history of issues related to settlement and deflection, and needs a condition assessment and stability analysis using current standards and analysis techniques. The project will include installation of new instrumentation to monitor and document the movement of the dam under different storage conditions. SFPUC will use the results to determine whether a future capital improvement project is required.

Scope of work: The Consultant(s) will review all pertinent background information, previous analyses, construction documents for the project and provide planning and design engineering support as authorized by the SFPUC.

All written Deliverables, including any copies, shall be submitted on recycled paper and printed on double-sided pages to the maximum extent possible.

Community Benefits

A) Terms and Conditions

The Contractor shall provide the CB Commitments detailed in its CB Submittal during the term of the Agreement. In the event that the Agreement is amended to increase its value, the Contractor must agree to a proportional increase in the value of its Community Benefits Commitments, pursuant to Ch. 21F of the San Francisco Administrative Code at section 21F.5(b)(1). The representations, warranties, and other terms contained in the Contractor's CB Submittal will be the basis for a Community Benefit Plan, but are for the sole benefit of the parties hereto and shall not be construed as conferring any rights on any other persons or entities.

Providing community benefits is a deliverable, zero-dollar task. No hours or dollars should be allocated or included in the Contractor's costs for the services under this Agreement in order to perform or deliver the voluntarily proposed CB Commitments. The Contractor shall fund the CB Commitments independently and such funding shall neither be tied to, nor dependent upon, SFPUC funds or sources of funding, receivable from SFPUC, including retention associated with this Agreement. This requirement of independent funding includes direct financial contributions and any funding related to the performance or delivery of the CB Commitments. The provision of CB Commitments does not entitle the Contractor to additional work beyond the services specified within the Agreement.

The Contractor shall commence performance of the CB Commitments promptly after issuance of the first Notice to Proceed (NTP) for this Agreement. CB Commitments performed as part of previous contracts or prior to the Contractor being awarded the Agreement cannot count towards the Contractor's CB Commitments for this Agreement. If the Contractor has established programs or plans that are consistent with the Community Benefits areas described in this RFP, the Contractor may continue those programs as part of its CB Commitments and will be given credit for activities that are performed following the issuance of the first NTP by the SFPUC.

B) Project Team

Matt Powers shall serve as the Executive in Charge to manage the Contractor's CB Commitments and provide fiduciary oversight. The Executive in Charge shall ensure that the CB Commitments listed in the Community Benefits Commitments Table below are delivered to the communities that they are intended to benefit in a transparent and accountable manner. The Executive in Charge shall work with the Community Benefits Coordinator, Nellie Reyna, to organize, plan, track, measure, and report on Contractor's CB Commitments. The Executive in Charge is responsible for coordinating the senior management of Contractor's subconsultants to provide benefits to the community should such subconsultants choose to participate.

C) Community Benefits Commitments

Contractor shall provide a minimum of \$0 in financial contributions and \$237,600 in volunteer hours. Contractor commits to a minimum total contribution of \$237,600 over the term of this Agreement as stated in the Commitments Table below.

Community Benefits Summary Table

SIP Commitment Table After Modification					
SIP Program Area	Direct Financial Contributions	Volunteer Hours	Volunteer Hour (Fixed rate \$150)	Value of Volunteer Hours	Total Contribution
Public Education	\$0.00	720.00	\$150.00	\$108,000.00	\$108,000.00
Environment and Community Health	\$0.00	864.00	\$150.00	\$129,600.00	\$129,600.00
TOTAL COMMITMENTS					\$237,600.00

D) Accountability and Deliverables

The Contractor shall provide a detailed description of the accountability methods to ensure that the proposed CB Commitments will be delivered in a transparent and accountable manner. The Contractor shall detail a clear internal plan for tracking, monitoring, and reporting on a regular basis to enable the SFPUC to easily verify that the Contractor's CB Commitments are delivered as intended throughout the life of the contract.

Contractor must provide the following deliverables during performance of the Agreement:

i. Community Benefits Plan and Timeline

- Contractor shall develop a Community Benefits Plan within three (3) months of issuance of the first NTP. The Community Benefits Plan will provide details regarding community partnerships, expenditures, a schedule, and timelines related to the CB Submittal.
- Contractor is invited to meet once a year thereafter or as needed with the SFPUC External Affairs' Social Impact Partnership Manager during the term of the Agreement to discuss the work plan, timelines, partners, strategic delivery, scale, and performance necessary to ensure the commitments maximize collective resources and positive impact.

ii. Community Benefits Commitments and Reporting

- Contractor shall deliver the proposed CB Commitments specified in the CB Submittal and the Community Benefits Plan. Any proposed changes to the CB Commitments as set forth herein shall be submitted in writing for review by the SFPUC External Affairs' Social Impact Partnership Manager.
- Contractor shall submit biannual progress reports to the SFPUC External Affairs' Social Impact Partnership Manager, which detail the geographic scope of commitment, activities and outcomes, key metrics, and the total number of hours, dollars, etc. contributed to date. Progress reports must be submitted on the last business day of the month following the close of 2nd and 4th business quarters. As part of the progress reports, Contractor also must submit documents to substantiate that the CB Commitments and any funds associated therewith were delivered to the communities they were intended to benefit. These reporting requirements may be adjusted over the duration of the program due to system improvements.
- Contractor shall also submit an annual newsletter documenting the culmination of their CB Commitments, beneficiaries, and outcomes for the year.

E) Statements of Understanding

Contractor acknowledges that they agree with the following statements:

- All instructions for the CB Submittal have been followed.
- Any of the CB Commitments that the Proposer voluntarily commits to should directly benefit the communities, neighborhoods, and/or residents served by or impacted by the SFPUC.
- CB Commitments must support nonprofit, charitable, or related activities.
- CB Commitments shall not go to, nor benefit, any City department or employee.
- CB Commitments are separate from and in addition to any regulatory or legal requirements related to the Agreement.
- CB Commitments must be delivered at zero dollar cost to the SFPUC.
- The total commitment amount listed in the Community Benefits Summary Table in the final Agreement is considered binding.
- Only activities commenced after the first NTP for this Agreement is issued will count towards the fulfillment of Proposer's CB Commitments.
- Proposer commits to complying with SFPUC's reporting requirements.
- Proposer commits to the Terms and Conditions set forth in this section and in the Agreement.

Contractor shall provide all of the CB Commitments, consistent with all of the terms of Contractor's Community Benefits Submittal dated **October 21, 2019**, which is incorporated herein by this reference. Should there be any conflicts or discrepancies between the language in this section and the Contractor's Community Benefits Submittal, the terms of the language of this section shall prevail as Contractor and SFPUC's final mutual understanding and agreement.

Request to Approve Amendment No. 1 to Contract Number PRO.0138.B - Engineering Services for Dams and Reservoirs

**San Francisco Board of Supervisors – Budget and Finance Committee Meeting
December 10, 2025**

Background

PRO.0138A and B

Dam and Reservoir Facilities

Regional Dam Projects (10-Year CIP Funding)

PRO.0138.B Projects:

- Cherry Valley Dam Spillway
- Early Intake Dam Rehabilitation
- Eleanor Dam Rehabilitation
- Eleanor Dam Bridge Rehabilitation
- Priest Condition Assessment & Monitoring

Capital Plan
(FY2019-20 thru
FY2028-29)

Capital Plan
(FY2024-25 thru
FY2033-34)

\$213.1M

\$626.7M

PRO.0138.A Projects:

- Moccasin Dam and Reservoir
- O'Shaughnessy Dam Outlet Works Phase II

- Transfer some PRO.0138.A scope to PRO.0138.B
- Needs assessment work defined project scopes
- The SFPUC has significantly increased the latest capital program budgets to reflect the updated needs

Contract PRO.0138.B – Current Planned Budget & Proposed Amendment 1 Modifications

RE: 1) Notice of Contract Award
2) Executed Agreement between the City and County of San Francisco
Public Utilities Commission and GEI Consultants, Inc.

Dear Mr. Gutierrez,

This letter provides a ***Notice of Contract Award*** for the following task order:

Contract ID Number: PRO.0138.B (1000018353)
Contract Title: Engineering Services for Dams and Reservoirs
Effective Date: June 29, 2020 to May 19, 2031
Amount: Total value of contract not to exceed \$11,000,000.00

Work may not be charged against the Contract ID Number. Invoices must be charged against specific task orders only after a *Notice to Proceed* has been issued.

Sincerely,

Rosiana Angel

**City and County of San Francisco
San Francisco Public Utilities Commission
525 Golden Gate Avenue
San Francisco, California 94102**

**Agreement between the City and County of San Francisco and
GEI Consultants, Inc.**

PUC.PRO.0138.B Engineering Services for Dams and Reserviors

This Agreement is made this 5th day of May, 2020, in the City and County of San Francisco ("City), State of California, by and between GEI Consultants, Inc. located at 180 Grand Avenue, Suite 1410, Oakland, CA 94612 ("Contractor") and City.

Recitals

WHEREAS, the San Francisco Public Utilities Commission ("Department" or "SFPUC") wishes to retain the assistance of professional engineering firms to perform planning, design, and, possibly, engineering support of improvements to various SFPUC Dam and Reservoir facilities in the Water and Power Enterprises; and

WHEREAS, this Agreement was competitively procured as required by San Francisco Administrative Code Chapter 6.40 through a Request for Proposal ("RFP") issued on September 12, 2019, in which City selected Contractor as the highest qualified scorer pursuant to the RFP; and

WHEREAS, the Local Business Entity ("LBE") subcontracting participation requirement for this Agreement is 7%

WHEREAS, Contractor represents and warrants that it is qualified to perform the Services required by City as set forth under this Agreement; and

WHEREAS, the City's Civil Service Commission approved Contract number 41310-18/19 on May 20, 2019;

WHEREAS, the SFPUC awarded this Agreement to Contractor under Resolution No. 20-0029 on February 11, 2020;

WHEREAS, the San Francisco Board of Supervisors approved this Agreement by Resolution No. 135-20 on April 18, 2020;

Now, THEREFORE, the parties agree as follows:

Article 1 Definitions

The following definitions apply to this Agreement:

1.1 "Agreement" means this contract document, including all attached appendices, and all applicable City Ordinances and Mandatory City Requirements specifically incorporated into this Agreement by reference as provided herein.

1.2 "City" or "the City" means the City and County of San Francisco, a municipal corporation, acting by and through the SFPUC.

1.3 "CMD" means the Contract Monitoring Division of the City.

1.4 "Confidential Information" means confidential City information including, but not limited to, personally-identifiable information ("PII"), protected health information ("PHI"), or individual financial information (collectively, "Proprietary or Confidential Information") that is subject to local, state or federal laws restricting the use and disclosure of such information, including, but not limited to, Article 1, Section 1 of the California Constitution; the California Information Practices Act (Civil Code § 1798 et seq.); the California Confidentiality of Medical Information Act (Civil Code § 56 et seq.); the federal Gramm-Leach-Bliley Act (15 U.S.C. §§ 6801(b) and 6805(b)(2)); the privacy and information security aspects of the Administrative Simplification provisions of the federal Health Insurance Portability and Accountability Act (45 CFR Part 160 and Subparts A, C, and E of part 164); and San Francisco Administrative Code Chapter 12M (Chapter 12M).

1.5 "Contractor" or "Consultant" means GEI Consultants, Inc. located at 180 Grand Avenue, Suite 1410, Oakland, CA 94612 .

1.6 "Deliverables" means Contractor's work product resulting from the Services provided by Contractor to City during the course of Contractor's performance of the Agreement, including without limitation, the work product described in the "Scope of Services" attached as Appendix A.

1.7 "Effective Date" means the date upon which the City's Controller certifies the availability of funds for this Agreement as provided in Section 3.1.

1.8 "Mandatory City Requirements" means those City laws set forth in the San Francisco Municipal Code, including the duly authorized rules, regulations, and guidelines implementing such laws that impose specific duties and obligations upon Contractor.

1.9 "Party" and "Parties" mean the City and Contractor either collectively or individually.

1.10 "Services" means the work performed by Contractor under this Agreement as specifically described in the "Scope of Services" attached as Appendix A, including all services, labor, supervision, materials, equipment, actions and other requirements to be performed and furnished by Contractor under this Agreement.

Article 2 Term of the Agreement

2.1 The term of this Agreement shall commence on the later of: (i) May 20, 2020; or (ii) the Effective Date and expire on May 19, 2031, unless earlier terminated as otherwise provided herein.

Article 3 Financial Matters

3.1 **Certification of Funds; Budget and Fiscal Provisions; Termination in the Event of Non-Appropriation.** This Agreement is subject to the budget and fiscal provisions of the City's Charter. Charges will accrue only after prior written authorization certified by the Controller, and the amount of City's obligation hereunder shall not at any time exceed the

amount certified for the purpose and period stated in such advance authorization. This Agreement will terminate without penalty, liability or expense of any kind to City at the end of any fiscal year if funds are not appropriated for the next succeeding fiscal year. If funds are appropriated for a portion of the fiscal year, this Agreement will terminate, without penalty, liability or expense of any kind at the end of the term for which funds are appropriated. City has no obligation to make appropriations for this Agreement in lieu of appropriations for new or other agreements. City budget decisions are subject to the discretion of the Mayor and the Board of Supervisors. Contractor's assumption of risk of possible non-appropriation is part of the consideration for this Agreement.

THIS SECTION CONTROLS AGAINST ANY AND ALL OTHER PROVISIONS OF THIS AGREEMENT.

3.2 Guaranteed Maximum Costs. The City's payment obligation to Contractor cannot at any time exceed the amount certified by City's Controller for the purpose and period stated in such certification. Absent an authorized Emergency per the City Charter or applicable Code, no City representative is authorized to offer or promise, nor is the City required to honor, any offered or promised payments to Contractor under this Agreement in excess of the certified maximum amount without the Controller having first certified the additional promised amount and the Parties having modified this Agreement as provided in Section 11.5, "Modification of this Agreement."

3.3 Compensation.

3.3.1 Payment. Contractor shall provide an invoice to the City on a monthly basis for Services completed in the immediate preceding month, unless a different schedule is set out in Appendix B, "Calculation of Charges." Compensation shall be made for Services identified in the invoice that the General Manager of the SFPUC, in his or her sole discretion, concludes has been satisfactorily performed. Payment shall be made within 30 calendar days of receipt of the invoice, unless the City notifies the Contractor that a dispute as to the invoice exists. In no event shall the amount of this Agreement exceed **Eleven Million dollars and no cents (\$11,000,000)**. The breakdown of charges associated with this Agreement appears in Appendix B, "Calculation of Charges," attached hereto and incorporated by reference as though fully set forth herein. A portion of payment may be withheld until conclusion of the Agreement if agreed to by both parties as retainage, described in Appendix B. In no event shall City be liable for interest or late charges for any late payments.

3.3.2 Payment Limited to Satisfactory Services. Contractor is not entitled to any payments from City until SFPUC approves Services, including any furnished Deliverables, as satisfying all of the requirements of this Agreement. Payments to Contractor by City shall not excuse Contractor from its obligation to replace unsatisfactory Deliverables, including equipment, components, materials, or Services even if the unsatisfactory character of such Deliverables, equipment, components, materials, or Services may not have been apparent or detected at the time such payment was made. Deliverables, equipment, components, materials and Services that do not conform to the requirements of this Agreement may be rejected by City and in such case must be replaced by Contractor without delay at no cost to the City.

3.3.3 Withhold Payments. If Contractor fails to provide Services in accordance with Contractor's obligations under this Agreement, the City may withhold any and all payments due Contractor until such failure to perform is cured, and Contractor shall not stop work as a result of City's withholding of payments as provided herein.

3.3.4 Invoice Format. Invoices furnished by Contractor under this Agreement must be in a form acceptable to the Controller and City, and must include a unique invoice number. Payment shall be made by City as specified in 3.3.6 or in such alternate manner as the Parties have mutually agreed upon in writing.

3.3.5 LBE Payment and Utilization Tracking System. Contractor must submit all required payment information using the City's Financial System as required by CMD to enable the City to monitor Contractor's compliance with the LBE subcontracting commitments in this Agreement. Contractor shall pay its LBE subcontractors within three working days after receiving payment from the City, except as otherwise authorized by the LBE Ordinance. The Controller is not authorized to pay invoices submitted by Contractor prior to Contractor's submission of all required CMD payment information. Failure to submit all required payment information to the City's Financial System with each payment request may result in the Controller withholding 20% of the payment due pursuant to that invoice until the required payment information is provided. Following City's payment of an invoice, Contractor has ten calendar days to acknowledge using the City's Financial System that all subcontractors have been paid. Self-Service Training for suppliers is located at this link: <https://sfcitypartner.sfgov.org/Training/TrainingGuide>.

3.3.6 Getting paid by the City for goods and/or services.

(a) All City vendors receiving new contracts, contract renewals, or contract extensions must sign up to receive electronic payments through the City's Automated Clearing House (ACH) payments service/provider. Electronic payments are processed every business day and are safe and secure. To sign up for electronic payments, visit www.sfgov.org/ach.

(b) The following information is required to sign up: (i) The enroller must be their company's authorized financial representative, (ii) the company's legal name, main telephone number and all physical and remittance addresses used by the company, (iii) the company's U.S. federal employer identification number (EIN) or Social Security number (if they are a sole proprietor), and (iv) the company's bank account information, including routing and account numbers.

3.3.7 Subcontractor Prompt Payment. Except as otherwise required by Chapter 14B of the Administrative Code, and consistent with the provisions of Section 6.42(f) of the Administrative Code, Contractor shall pay its subcontractors within seven calendar days after receipt of each progress payment from the City, unless otherwise agreed to in writing by both Contractor and the subcontractor. In the event that there is a good faith dispute over all or any portion of the amount due on a progress payment from Contractor to a subcontractor, the Contractor may withhold the disputed amount, but shall pay the undisputed amount. If Contractor violates the provisions of Section 6.42(f), then Contractor shall pay to the subcontractor directly the penalty specified in Section 6.42(f).

3.4 Audit and Inspection of Records. Contractor agrees to maintain and make available to the City, during regular business hours, accurate books and accounting records relating to its Services. Contractor will permit City to audit, examine and make excerpts and transcripts from such books and records, and to make audits of all invoices, materials, payrolls, records or personnel and other data related to all other matters covered by this Agreement, whether funded in whole or in part under this Agreement. Contractor shall maintain such data and records in an accessible location and condition for a period of not fewer than five years after final payment under this Agreement or until after final audit has been resolved, whichever is later. The State of California or any Federal agency having an interest in the subject matter of this Agreement shall have the same rights as conferred upon City by this Section. Contractor shall include the same audit and inspection rights and record retention requirements in all subcontracts.

3.5 Submitting False Claims. Pursuant to Article V of Chapter 6 of the Administrative Code, any contractor, subcontractor, supplier, consultant or subconsultant who submits a false claim may be subject to monetary penalties, investigation and prosecution and may be declared an irresponsible bidder or an unqualified consultant and debarred as set forth in that Article. A contractor, subcontractor, supplier, consultant or sub consultant will be deemed to have submitted a false claim to the City if the contractor, subcontractor, supplier, consultant or subconsultant: (a) knowingly presents or causes to be presented to an officer or employee of the City a false claim or request for payment or approval; (b) knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by the City; (c) conspires to defraud the City by getting a false claim allowed or paid by the City; (d) knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the City, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City within a reasonable time after discovery of the false claim.

3.6 Payment of Prevailing Wages.

3.6.1 Covered Services. Services to be performed by Contractor under this Agreement may involve the performance of trade work covered by the provisions of Section 6.22(e) [Prevailing Wages] of the Administrative Code (collectively, "Covered Services"). The provisions of Section 6.22(e) of the Administrative Code are incorporated as provisions of this Agreement as if fully set forth herein and will apply to any Covered Services performed by Contractor and its subcontractors.

3.6.2 Wage Rates. The latest prevailing wage rates for private employment on public contracts as determined by the San Francisco Board of Supervisors and the Director of the California Department of Industrial Relations, as such prevailing wage rates may be changed during the term of this Agreement, are hereby incorporated as provisions of this Agreement. Copies of the prevailing wage rates as fixed and determined by the Board of Supervisors are available from the Office of Labor Standards and Enforcement ("OLSE") and are also available on the Internet at <http://www.dir.ca.gov/DLSR/PWD>. Contractor agrees that it shall pay not less than the prevailing wage rates, as fixed and determined by

the Board, to all workers employed by Contractor who perform Covered Services under this Agreement. Contractor further agrees as follows:

3.6.3 Subcontract Requirements. As required by Section 6.22(e)(5) of the Administrative Code, Contractor shall insert in every subcontract or other arrangement, which it may make for the performance of Covered Services under this Agreement, a provision that said subcontractor shall pay to all persons performing labor in connection with Covered Services under said subcontract or other arrangement not less than the highest general prevailing rate of wages as fixed and determined by the Board of Supervisors for such labor or services.

3.6.4 Posted Notices. As required by Section 1771.4 of the California Labor Code, Contractor shall post job site notices prescribed by the California Department of Industrial Relations ("DIR") at all job sites where Covered Services are to be performed.

3.6.5 Payroll Records. As required by Section 6.22(e)(6) of the Administrative Code and Section 1776 of the California Labor Code, Contractor shall keep or cause to be kept complete and accurate payroll records for all trade workers performing Covered Services. Such records shall include the name, address and social security number of each worker who provided Covered Services on the project, including apprentices, his or her classification, a general description of the services each worker performed each day, the rate of pay (including rates of contributions for, or costs assumed to provide fringe benefits), daily and weekly number of hours worked, deductions made and actual wages paid. Every subcontractor who shall undertake the performance of any part of Covered Services shall keep a like record of each person engaged in the execution of Covered Services under the subcontract. All such records shall at all times be available for inspection of and examination by the City and its authorized representatives and the DIR.

3.6.6 Certified Payrolls. Certified payrolls shall be prepared pursuant to Administrative Code Section 6.22(e)(6) and California Labor Code Section 1776 for the period involved for all employees, including those of subcontractors, who performed labor in connection with Covered Services. Contractor and each subcontractor performing Covered Services shall submit certified payrolls to the City and to the DIR electronically. Contractor shall submit payrolls to the City via the reporting system selected by the City. The DIR will specify how to submit certified payrolls to it. The City will provide basic training in the use of the reporting system at a scheduled training session. Contractor and all subcontractors that will perform Covered Services must attend the training session. Contractor and applicable subcontractors shall comply with electronic certified payroll requirements (including training) at no additional cost to the City.

3.6.7 Compliance Monitoring. Covered Services to be performed under this Agreement are subject to compliance monitoring and enforcement of prevailing wage requirements by the DIR and /or the OLSE. Contractor and any subcontractors performing Covered Services will cooperate fully with the DIR and/or the OLSE and other City employees and agents authorized to assist in the administration and enforcement of the prevailing wage requirements, and agrees to take the specific steps and actions as required by Section 6.22(e)(7) of the Administrative Code. Steps and actions include but are not limited to requirements that: (A) the Contractor will cooperate fully with the Labor Standards Enforcement Officer and other City employees and agents authorized to assist in

the administration and enforcement of the Prevailing Wage requirements and other labor standards imposed on Public Works Contractor by the Charter and Chapter 6 of the San Francisco Administrative Code; (B) the Contractor agrees that the Labor Standards Enforcement Officer and his or her designees, in the performance of their duties, shall have the right to engage in random inspections of job sites and to have access to the employees of the Contractor, employee time sheets, inspection logs, payroll records and employee paychecks; (C) the contractor shall maintain a sign-in and sign-out sheet showing which employees are present on the job site; (D) the Contractor shall prominently post at each job-site a sign informing employees that the project is subject to the City's Prevailing Wage requirements and that these requirements are enforced by the Labor Standards Enforcement Officer; and (E) that the Labor Standards Enforcement Officer may audit such records of the Contractor as he or she reasonably deems necessary to determine compliance with the Prevailing Wage and other labor standards imposed by the Charter and this Chapter on Public Works Contractors. Failure to comply with these requirements may result in penalties and forfeitures consistent with analogous provisions of the California Labor Code, including Section 1776(g), as amended from time to time.

3.6.8 Remedies. Should Contractor, or any subcontractor who shall undertake the performance of any Covered Services, fail or neglect to pay to the persons who perform Covered Services under this Contract, subcontract or other arrangement for the Covered Services, the general prevailing rate of wages as herein specified, Contractor shall forfeit, and in the case of any subcontractor so failing or neglecting to pay said wage, Contractor and the subcontractor shall jointly and severally forfeit, back wages due plus the penalties set forth in Administrative Code Section 6.22 (e) and/or California Labor Code Section 1775. The City, when certifying any payment which may become due under the terms of this Agreement, shall deduct from the amount that would otherwise be due on such payment the amount of said forfeiture.

3.7 Apprentices.

3.7.1 Contractor and its subcontractors of every tier that provide Covered Services under this Agreement (as defined in Section 10.20 above) shall, as a material term of the Agreement, comply with the requirements of the State Apprenticeship Program (as set forth in the California Labor Code, Division 3, Chapter 4 [commencing at Section 3070], and Section 1777.5 of the Labor Code) and Administrative Code Section 6.22(n). Contractor shall be solely responsible for securing compliance with Labor Code Section 1777.5 for all apprenticeable occupations.

3.7.2 Contractor shall include in all of its subcontracts the obligation for subcontractors to comply with the requirements of the State Apprenticeship Program.

3.7.3 Should Contractor fail to comply with the apprenticeship requirements of Labor Code section 1777.5, Contractor shall be subject to the penalties prescribed in Labor Code Section 1777.7. The interpretation and enforcement of Labor Code Section 1777.5 shall be in accordance with rules and procedures prescribed by the California Apprenticeship Council.

3.7.4 Contractor, if not signatory to a recognized apprenticeship training program under Labor Code, Chapter 4, shall provide to the City with all progress payment requests, starting with the second such request, satisfactory evidence that it has contributed

to the appropriate apprenticeship fund(s). Contractor shall require its subcontractors who are not signatories to provide such evidence to the City as a condition precedent for qualifying for payment from the City.

3.7.5 Contractor shall comply with all requests by the City to provide proof that Contractor and all of its subcontractors at every tier providing Covered Services are in compliance with the State Apprenticeship Program, including proof that Contractor and all of its subcontractors at any tier providing Covered Services contributed to the appropriate apprenticeship fund(s).

Article 4 Services and Resources

4.1 Services Contractor Agrees to Perform. Contractor agrees to perform the Services stated in Appendix A, "Scope of Services." Officers and employees of the City are not authorized to request, and the City is not required to reimburse the Contractor for, Services beyond the Scope of Services listed in Appendix A, unless Appendix A is modified as provided in Section 11.5, "Modification of this Agreement."

4.2 Qualified Personnel. Contractor shall utilize only competent personnel under the supervision of, and in the employment of, Contractor (or Contractor's authorized subcontractors) to perform the Services. Contractor will comply with City's reasonable requests regarding assignment and/or removal of personnel, but all personnel, including those assigned at City's request, must be supervised by Contractor. Contractor shall commit adequate resources to allow timely completion within the project schedule specified in this Agreement.

4.3 Subcontracting.

4.3.1 Contractor may subcontract portions of the Services only upon prior written approval of City. Contractor is responsible for its subcontractors throughout the course of the work required to perform the Services. All Subcontracts must incorporate the terms of Article 10 "Additional Requirements Incorporated by Reference" of this Agreement, unless inapplicable. Neither Party shall, on the basis of this Agreement, contract on behalf of, or in the name of, the other Party. Any agreement made in violation of this provision shall be null and void.

4.3.2 City's execution of this Agreement constitutes its approval of the subcontractors listed in Appendix B.

4.4 Independent Contractor; Payment of Employment Taxes and Other Expenses.

4.4.1 **Independent Contractor.** For the purposes of this Section 4.4, "Contractor" shall be deemed to include not only Contractor, but also any agent or employee of Contractor. Contractor acknowledges and agrees that at all times, Contractor or any agent or employee of Contractor shall be deemed at all times to be an independent contractor and is wholly responsible for the manner in which it performs the services and work requested by City under this Agreement. Contractor, its agents, and employees will not represent or hold themselves out to be employees of the City at any time. Contractor or any agent or employee of Contractor shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Contractor or any agent or employee of Contractor is liable for the acts and omissions of itself, its

employees and its agents. Contractor shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Contractor's performing services and work, or any agent or employee of Contractor providing same. Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Contractor or any agent or employee of Contractor. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to policy and the result of Contractor's work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Contractor performs work under this Agreement. Contractor agrees to maintain and make available to City, upon request and during regular business hours, accurate books and accounting records demonstrating Contractor's compliance with this section. Should City determine that Contractor, or any agent or employee of Contractor, is not performing in accordance with the requirements of this Agreement, City shall provide Contractor with written notice of such failure. Within five (5) business days of Contractor's receipt of such notice, and in accordance with Contractor policy and procedure, Contractor shall remedy the deficiency. Notwithstanding, if City believes that an action of Contractor, or any agent or employee of Contractor, warrants immediate remedial action by Contractor, City shall contact Contractor and provide Contractor in writing with the reason for requesting such immediate action.

4.4.2 Payment of Employment Taxes and Other Expenses. Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Contractor is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Contractor which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Contractor for City, upon notification of such fact by City, Contractor shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Contractor under this Agreement (again, offsetting any amounts already paid by Contractor which can be applied as a credit against such liability). A determination of employment status pursuant to this Section 4.4 shall be solely limited to the purposes of the particular tax in question, and for all other purposes of this Agreement, Contractor shall not be considered an employee of City. Notwithstanding the foregoing, Contractor agrees to indemnify and save harmless City and its officers, agents and employees from, and, if requested, shall defend them against any and all claims, losses, costs, damages, and expenses, including attorneys' fees, arising from this section.

4.5 Assignment. The Services to be performed by Contractor are personal in character. Neither this Agreement, nor any duties or obligations hereunder, may be directly or indirectly assigned, novated, hypothecated, transferred, or delegated by Contractor, or, where the Contractor is a joint venture, a joint venture partner, (collectively referred to as an "Assignment") unless first approved by City by written instrument executed and approved in the same manner as this Agreement in accordance with the Administrative Code. The City's approval of any such Assignment is subject to the Contractor demonstrating to City's reasonable satisfaction that the proposed transferee is: (i) reputable and capable, financially and otherwise,

of performing each of Contractor's obligations under this Agreement and any other documents to be assigned, (ii) not forbidden by applicable law from transacting business or entering into contracts with City; and (iii) subject to the jurisdiction of the courts of the State of California. A change of ownership or control of Contractor or a sale or transfer of substantially all of the assets of Contractor shall be deemed an Assignment for purposes of this Agreement. Contractor shall immediately notify City about any Assignment. Any purported Assignment made in violation of this provision shall be null and void.

4.6 **Warranty.** Contractor warrants to City that the Services will be performed with the degree of skill and care that is required by current, good and sound professional procedures and practices, and in conformance with generally accepted professional standards prevailing at the time the Services are performed so as to ensure that all Services performed are correct and appropriate for the purposes contemplated in this Agreement.

Article 5 Insurance and Indemnity

5.1 Insurance.

5.1.1 **Required Coverages.** Without in any way limiting Contractor's liability pursuant to the "Indemnification" section of this Agreement, Contractor must maintain in force, during the full term of the Agreement, insurance in the following amounts and coverages:

(a) Workers' Compensation, in statutory amounts, with Employers' Liability Limits not less than \$1,000,000 each accident, injury, or illness; and

(b) Commercial General Liability Insurance with limits not less than \$5,000,000 each occurrence for Bodily Injury and Property Damage, including Contractual Liability, Personal Injury, Products and Completed Operations; and

(c) Commercial Automobile Liability Insurance with limits not less than \$1,000,000 each occurrence, "Combined Single Limit" for Bodily Injury and Property Damage, including Owned, Non-Owned and Hired auto coverage, as applicable.

(d) Professional Liability Insurance, applicable to Contractor's profession, with limits not less than \$10,000,000 for each claim with respect to negligent acts, errors or omissions in connection with the Services.

5.1.2 Commercial General Liability and Commercial Automobile Liability Insurance policies must be endorsed to name as Additional Insured the City and County of San Francisco, its Officers, Agents, and Employees.

5.1.3 Contractor's Commercial General Liability and Commercial Automobile Liability Insurance policies shall provide that such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that the insurance applies separately to each insured against whom claim is made or suit is brought.

5.1.4 All policies shall be endorsed to provide thirty (30) days' advance written notice to the City of cancellation for any reason, intended non-renewal, or reduction

in coverages, except for non-payment for which no less than ten (10) days' notice. Notices shall be sent to the City address set forth in Section 11.1, entitled "Notices to the Parties."

5.1.5 Should any of the required insurance be provided under a claims-made form, Contractor shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the contract term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.

5.1.6 Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

5.1.7 Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the lapse date. If insurance is not reinstated, the City may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.

5.1.8 Before commencing any Services, Contractor shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Approval of the insurance by City shall not relieve or decrease Contractor's liability hereunder.

5.1.9 The Workers' Compensation policy(ies) shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Contractor, its employees, agents and subcontractors.

5.1.10 If Contractor will use any subcontractor(s) to provide Services, Contractor shall require the subcontractor(s) to provide all necessary insurance and to name the City and County of San Francisco, its officers, agents and employees and the Contractor as additional insureds.

5.2 Indemnification and Defense Obligations For Design Professionals.

5.2.1 **Defense Obligations.** To the fullest extent permitted by law, Contractor shall, following a tender of defense from City, assume the immediate defense of (with legal counsel subject to approval of the City), the City, its boards, commissions, officers, and employees (collectively "Indemnitees"), from and against any and all claims, losses, costs, damages, expenses and liabilities of every kind, nature, and description including, without limitation, injury to or death of any person(s) and incidental and consequential damages (collectively "Damages"), court costs, attorneys' fees, litigation expenses, fees of expert consultants or witnesses in litigation, and costs of investigation (collectively "Litigation Expenses"), that arise out of, pertain to, or relate to, directly or indirectly, in whole or in part, the alleged negligence, recklessness, or willful misconduct of Contractor, any subconsultant, anyone directly or indirectly employed by them, or anyone that they control (collectively, "Liabilities"). City will reimburse Contractor for the proportionate percentage of defense costs exceeding

Contractor's proportionate percentage of fault as determined by a Court of competent jurisdiction.

5.2.2 Indemnity Obligations. To the fullest extent permitted by law, Contractor shall indemnify and hold harmless Indemnitees from and against any and all Liabilities, including but not limited to those for Damages or Litigation Expenses specified in Section 5.2.1.

5.2.3 Copyright Infringement. Contractor shall also indemnify, defend and hold harmless all Indemnitees from all suits or claims for infringement of the patent rights, copyright, trade secret, trade name, trademark, service mark, or any other proprietary right of any person or persons in consequence of the use by the City, or any of its boards, commissions, officers, or employees of articles, work or deliverables supplied in the performance of Services. Infringement of patent rights, copyrights, or other proprietary rights in the performance of this Agreement, if not the basis for indemnification under the law, shall nevertheless be considered a material breach of contract.

5.2.4 Severability Clause Specific to Indemnification and/or Defense Obligations. To the extent any Court of competent jurisdiction or law invalidates any word, clause, phrase, or sentence herein that word, clause, phrase, or sentence, and no other portion, shall be deemed removed from this section. All other words, clauses, phrases and/or sentences remain enforceable to the fullest extent permitted by law.

Article 6 Liability of the Parties

6.1 Liability of City. CITY'S PAYMENT OBLIGATIONS UNDER THIS AGREEMENT SHALL BE LIMITED TO THE PAYMENT OF THE COMPENSATION PROVIDED FOR IN SECTION 3.3.1, "PAYMENT," OF THIS AGREEMENT. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, IN NO EVENT SHALL CITY BE LIABLE, REGARDLESS OF WHETHER ANY CLAIM IS BASED ON CONTRACT OR TORT, FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE SERVICES PERFORMED IN CONNECTION WITH THIS AGREEMENT.

6.2 Liability for Use of Equipment. City shall not be liable for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Contractor, or any of its subcontractors, or by any of their employees, even though such equipment is furnished, rented or loaned by City.

6.3 Liability for Incidental and Consequential Damages. Contractor shall be responsible for incidental and consequential damages resulting in whole or in part from Contractor's acts or omissions.

Article 7 Payment of Taxes

7.1 Contractor to Pay All Taxes. Except for any applicable California sales and use taxes charged by Contractor to City, Contractor shall pay all taxes, including possessory interest taxes levied upon or as a result of this Agreement, or the Services delivered pursuant hereto. Contractor shall remit to the State of California any sales or use taxes paid by City to Contractor under this Agreement. Contractor agrees to promptly provide information requested by the City

to verify Contractor's compliance with any State requirements for reporting sales and use tax paid by City under this Agreement.

7.2 Possessory Interest Taxes. Contractor acknowledges that this Agreement may create a “possessory interest” for property tax purposes. Generally, such a possessory interest is not created unless the Agreement entitles the Contractor to possession, occupancy, or use of City property for private gain. If such a possessory interest is created, then the following shall apply:

7.2.1 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that Contractor, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest.

7.2.2 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extension, renewal, or assignment of this Agreement may result in a “change in ownership” for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest created by this Agreement. Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by Revenue and Taxation Code section 480.5, as amended from time to time, and any successor provision.

7.2.3 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., Rev. & Tax. Code section 64, as amended from time to time). Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.

7.2.4 Contractor further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.

7.3 Withholding. Contractor agrees that it is obligated to pay all amounts due to the City under the San Francisco Business and Tax Regulations Code during the term of this Agreement. Pursuant to Section 6.10-2 of the San Francisco Business and Tax Regulations Code, Contractor further acknowledges and agrees that City may withhold any payments due to Contractor under this Agreement if Contractor is delinquent in the payment of any amount required to be paid to the City under the San Francisco Business and Tax Regulations Code. Any payments withheld under this paragraph shall be made to Contractor, without interest, upon Contractor coming back into compliance with its obligations.

Article 8 Termination and Default

8.1 Termination for Convenience

8.1.1 City shall have the option, in its sole discretion, to terminate this Agreement, at any time during the term hereof, for convenience and without cause. City shall exercise this option by giving Contractor written notice of termination. The notice shall specify the date on which termination shall become effective.

8.1.2 Upon receipt of the notice of termination, Contractor shall commence and perform, with diligence, all actions necessary on the part of Contractor to effect the termination of this Agreement on the date specified by City and to minimize the liability of Contractor and City to third parties as a result of termination. All such actions shall be subject to the prior approval of City. Such actions may include any or all of the following, without limitation:

- (a) Halting the performance of all Services under this Agreement on the date(s) and in the manner specified by City.
- (b) Terminating all existing orders and subcontracts, and not placing any further orders or subcontracts for materials, Services, equipment or other items.
- (c) At City's direction, assigning to City any or all of Contractor's right, title, and interest under the orders and subcontracts terminated. Upon such assignment, City shall have the right, in its sole discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.
- (d) Subject to City's approval, settling all outstanding liabilities and all claims arising out of the termination of orders and subcontracts.
- (e) Completing performance of any Services that City designates to be completed prior to the date of termination specified by City.
- (f) Taking such action as may be necessary, or as the City may direct, for the protection and preservation of any property related to this Agreement which is in the possession of Contractor and in which City has or may acquire an interest.

8.1.3 Within 30 days after the specified termination date, Contractor shall submit to City an invoice, which shall set forth each of the following as a separate line item:

- (a) The reasonable cost to Contractor, without profit, for all Services prior to the specified termination date, for which Services City has not already tendered payment. Reasonable costs may include a reasonable allowance for actual overhead, not to exceed a total of 10% of Contractor's direct costs for Services. Any overhead allowance shall be separately itemized. Contractor may also recover the reasonable cost of preparing the invoice.
- (b) A reasonable allowance for profit on the cost of the Services described in the immediately preceding subsection (a), provided that Contractor can establish, to the satisfaction of City, that Contractor would have made a profit had all Services under this Agreement been completed, and provided further, that the profit allowed shall in no event exceed 5% of such cost.
- (c) The reasonable cost to Contractor of handling material or equipment returned to the vendor, delivered to the City or otherwise disposed of as directed by the City.
- (d) A deduction for the cost of materials to be retained by Contractor, amounts realized from the sale of materials and not otherwise recovered by or credited to City, and any other appropriate credits to City against the cost of the Services or other work.

8.1.4 In no event shall City be liable for costs incurred by Contractor or any of its subcontractors after the termination date specified by City, except for those costs

specifically listed in Section 8.1.3. Such non-recoverable costs include, but are not limited to, anticipated profits on the Services under this Agreement, post-termination employee salaries, post-termination administrative expenses, post-termination overhead or unabsorbed overhead, attorneys' fees or other costs relating to the prosecution of a claim or lawsuit, prejudgment interest, or any other expense which is not reasonable or authorized under Section 8.1.3.

8.1.5 In arriving at the amount due to Contractor under this Section, City may deduct: (i) all payments previously made by City for Services covered by Contractor's final invoice; (ii) any claim which City may have against Contractor in connection with this Agreement; (iii) any invoiced costs or expenses excluded pursuant to the immediately preceding subsection 8.1.4; and (iv) in instances in which, in the opinion of the City, the cost of any Service performed under this Agreement is excessively high due to costs incurred to remedy or replace defective or rejected Services, the difference between the invoiced amount and City's estimate of the reasonable cost of performing the invoiced Services in compliance with the requirements of this Agreement.

8.1.6 City's payment obligation under this Section shall survive termination of this Agreement.

8.2 Termination for Default; Remedies.

8.2.1 Each of the following shall constitute an immediate event of default ("Event of Default") under this Agreement:

(a) Contractor fails or refuses to perform or observe any term, covenant or condition contained in any of the following Sections of this Agreement:

3.5	Submitting False Claims.	10.10	Alcohol and Drug-Free Workplace
4.5	Assignment	10.13	Working with Minors
Article 5	Insurance and Indemnity	11.10	Compliance with Laws
Article 7	Payment of Taxes	Article 13	Data and Security

(b) Contractor fails or refuses to perform or observe any other term, covenant or condition contained in this Agreement, including any obligation imposed by ordinance or statute and incorporated by reference herein, and such default is not cured within ten days after written notice thereof from City to Contractor. If Contractor defaults a second time in the same manner as a prior default cured by Contractor, City may in its sole discretion immediately terminate the Agreement for default or grant an additional period not to exceed five days for Contractor to cure the default.

(c) Contractor (i) is generally not paying its debts as they become due; (ii) files, or consents by answer or otherwise to the filing against it of a petition for relief or reorganization or arrangement or any other petition in bankruptcy or for liquidation or to take advantage of any bankruptcy, insolvency or other debtors' relief law of any jurisdiction; (iii) makes an assignment for the benefit of its creditors; (iv) consents to the appointment of a custodian, receiver, trustee or other officer with similar powers of Contractor or of any

substantial part of Contractor's property; or (v) takes action for the purpose of any of the foregoing.

(d) A court or government authority enters an order (i) appointing a custodian, receiver, trustee or other officer with similar powers with respect to Contractor or with respect to any substantial part of Contractor's property, (ii) constituting an order for relief or approving a petition for relief or reorganization or arrangement or any other petition in bankruptcy or for liquidation or to take advantage of any bankruptcy, insolvency or other debtors' relief law of any jurisdiction or (iii) ordering the dissolution, winding-up or liquidation of Contractor.

8.2.2 On and after any Event of Default, City shall have the right to exercise its legal and equitable remedies, including, without limitation, the right to terminate this Agreement or to seek specific performance of all or any part of this Agreement. In addition, where applicable, City shall have the right (but no obligation) to cure (or cause to be cured) on behalf of Contractor any Event of Default; Contractor shall pay to City on demand all costs and expenses incurred by City in effecting such cure, with interest thereon from the date of incurrence at the maximum rate then permitted by law. City shall have the right to offset from any amounts due to Contractor under this Agreement or any other agreement between City and Contractor: (i) all damages, losses, costs or expenses incurred by City as a result of an Event of Default; and (ii) any liquidated damages levied upon Contractor pursuant to the terms of this Agreement; and (iii), any damages imposed by any ordinance or statute that is incorporated into this Agreement by reference, or into any other agreement with the City.

8.2.3 All remedies provided for in this Agreement may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules and regulations. The exercise of any remedy shall not preclude or in any way be deemed to waive any other remedy. Nothing in this Agreement shall constitute a waiver or limitation of any rights that City may have under applicable law.

8.2.4 Any notice of default must be sent by registered mail to the address set forth in Article 11.

8.3 **Non-Waiver of Rights.** The omission by either party at any time to enforce any default or right reserved to it, or to require performance of any of the terms, covenants, or provisions hereof by the other party at the time designated, shall not be a waiver of any such default or right to which the party is entitled, nor shall it in any way affect the right of the party to enforce such provisions thereafter.

8.4 **Rights and Duties upon Termination or Expiration.**

8.4.1 This Section and the following Sections of this Agreement listed below, shall survive termination or expiration of this Agreement:

3.3.2	Payment Limited to Satisfactory Services	9.1	Ownership of Results
3.3.7(a)	Grant Funded Contracts – Disallowance	9.2	Works for Hire

3.4	Audit and Inspection of Records	11.6	Dispute Resolution Procedure
3.5	Submitting False Claims	11.7	Agreement Made in California; Venue
Article 5	Insurance and Indemnity	11.8	Construction
6.1	Liability of City	11.9	Entire Agreement
6.3	Liability for Incidental and Consequential Damages	11.10	Compliance with Laws
Article 7	Payment of Taxes	11.11	Severability
8.1.6	Payment Obligation	Article 13	Data and Security

8.4.2 Subject to the survival of the Sections identified in Section 8.4.1, above, if this Agreement is terminated prior to expiration of the term specified in Article 2, this Agreement shall be of no further force or effect. Contractor shall transfer title to City, and deliver in the manner, at the times, and to the extent, if any, directed by City, any work in progress, completed work, supplies, equipment, and other materials produced as a part of, or acquired in connection with the performance of this Agreement, and any completed or partially completed work which, if this Agreement had been completed, would have been required to be furnished to City.

Article 9 Rights In Deliverables

9.1 **Ownership of Results.** Any interest of Contractor or its subcontractors, in the Deliverables, including any drawings, plans, specifications, blueprints, studies, reports, memoranda, computation sheets, computer files and media or other documents prepared by Contractor or its subcontractors for the purposes of this agreement, shall become the property of and will be transmitted to City. However, unless expressly prohibited elsewhere in this Agreement, Contractor may retain and use copies for reference and as documentation of its experience and capabilities.

9.2 **Works for Hire.** If, in connection with Services, Contractor or its subcontractors creates Deliverables including, without limitation, artwork, copy, posters, billboards, photographs, videotapes, audiotapes, systems designs, software, reports, diagrams, surveys, blueprints, source codes, or any other original works of authorship, whether in digital or any other format, such works of authorship shall be works for hire as defined under Title 17 of the United States Code, and all copyrights in such works shall be the property of the City. If any Deliverables created by Contractor or its subcontractor(s) under this Agreement are ever determined not to be works for hire under U.S. law, Contractor hereby assigns all Contractor's copyrights to such Deliverables to the City, agrees to provide any material and execute any documents necessary to effectuate such assignment, and agrees to include a clause in every subcontract imposing the same duties upon subcontractor(s). With City's prior written approval, Contractor and its subcontractor(s) may retain and use copies of such works for reference and as documentation of their respective experience and capabilities.

Article 10 Additional Requirements Incorporated by Reference

10.1 **Laws Incorporated by Reference.** The full text of the laws listed in this Article 10, including enforcement and penalty provisions, are incorporated by reference into this Agreement. The full text of the San Francisco Municipal Code provisions incorporated by

reference in this Article and elsewhere in the Agreement ("Mandatory City Requirements") are available at http://www.amlegal.com/codes/client/san-francisco_ca/ .

10.2 Conflict of Interest. By executing this Agreement, Contractor certifies that it does not know of any fact which constitutes a violation of Section 15.103 of the City's Charter; Article III, Chapter 2 of City's Campaign and Governmental Conduct Code; Title 9, Chapter 7 of the California Government Code (Section 87100 *et seq.*), or Title 1, Division 4, Chapter 1, Article 4 of the California Government Code (Section 1090 *et seq.*), and further agrees promptly to notify the City if it becomes aware of any such fact during the term of this Agreement.

10.3 Prohibition on Use of Public Funds for Political Activity. In performing the Services, Contractor shall comply with San Francisco Administrative Code Chapter 12G, which prohibits funds appropriated by the City for this Agreement from being expended to participate in, support, or attempt to influence any political campaign for a candidate or for a ballot measure. Contractor is subject to the enforcement and penalty provisions in Chapter 12G.

10.4 Consideration of Salary History. Contractor shall comply with San Francisco Administrative Code Chapter 12K, the Consideration of Salary History Ordinance or "Pay Parity Act." Contractor is prohibited from considering current or past salary of an applicant in determining whether to hire the applicant or what salary to offer the applicant to the extent that such applicant is applying for employment to be performed on this Agreement or in furtherance of this Agreement, and whose application, in whole or part, will be solicited, received, processed or considered, whether or not through an interview, in the City or on City property. The ordinance also prohibits employers from (1) asking such applicants about their current or past salary or (2) disclosing a current or former employee's salary history without that employee's authorization unless the salary history is publicly available. Contractor is subject to the enforcement and penalty provisions in Chapter 12K. Information about and the text of Chapter 12K is available on the web at <https://sfgov.org/olse/consideration-salary-history>. Contractor is required to comply with all of the applicable provisions of 12K, irrespective of the listing of obligations in this Section.

10.5 Nondiscrimination Requirements.

10.5.1 Non Discrimination in Contracts. Contractor shall comply with the provisions of Chapters 12B and 12C of the San Francisco Administrative Code. Contractor shall incorporate by reference in all subcontracts the provisions of Sections 12B.2(a), 12B.2(c)-(k), and 12C.3 of the San Francisco Administrative Code and shall require all subcontractors to comply with such provisions. Contractor is subject to the enforcement and penalty provisions in Chapters 12B and 12C.

10.5.2 Nondiscrimination in the Provision of Employee Benefits. San Francisco Administrative Code 12B.2. Contractor does not as of the date of this Agreement, and will not during the term of this Agreement, in any of its operations in San Francisco, on real property owned by San Francisco, or where work is being performed for the City elsewhere in the United States, discriminate in the provision of employee benefits between employees with domestic partners and employees with spouses and/or between the domestic partners and spouses of such employees, subject to the conditions set forth in San Francisco Administrative Code Section 12B.2.

10.6 **Local Business Enterprise and Non-Discrimination in Contracting**

Ordinance. Contractor shall comply with all applicable provisions of Chapter 14B ("LBE Ordinance"). Contractor is subject to the enforcement and penalty provisions in Chapter 14B. Contractor shall utilize LBE Subcontractors for at least 12.0% of the Services except as otherwise authorized in writing by the Director of CMD. Contractor shall incorporate the requirements of the LBE Ordinance in each subcontract made in the fulfillment of Contractor's LBE subcontracting commitments.

10.7 Minimum Compensation Ordinance. If Administrative Code Chapter 12P applies to this contract, Contractor shall pay covered employees no less than the minimum compensation required by San Francisco Administrative Code Chapter 12P, including a minimum hourly gross compensation, compensated time off, and uncompensated time off. Contractor is subject to the enforcement and penalty provisions in Chapter 12P. Information about and the text of the Chapter 12P is available on the web at <http://sfgov.org/olse/mco>. Contractor is required to comply with all of the applicable provisions of 12P, irrespective of the listing of obligations in this Section. By signing and executing this Agreement, Contractor certifies that it complies with Chapter 12P.

10.8 Health Care Accountability Ordinance. If Administrative Code Chapter 12Q applies to this contract, Contractor shall comply with the requirements of Chapter 12Q. For each Covered Employee, Contractor shall provide the appropriate health benefit set forth in Section 12Q.3 of the HCAO. If Contractor chooses to offer the health plan option, such health plan shall meet the minimum standards set forth by the San Francisco Health Commission. Information about and the text of the Chapter 12Q, as well as the Health Commission's minimum standards, is available on the web at <http://sfgov.org/olse/hcao>. Contractor is subject to the enforcement and penalty provisions in Chapter 12Q. Any Subcontract entered into by Contractor shall require any Subcontractor with 20 or more employees to comply with the requirements of the HCAO and shall contain contractual obligations substantially the same as those set forth in this Section.

10.9 First Source Hiring Program. Contractor must comply with all of the provisions of the First Source Hiring Program, Chapter 83 of the San Francisco Administrative Code, that apply to this Agreement, and Contractor is subject to the enforcement and penalty provisions in Chapter 83.

10.10 Alcohol and Drug-Free Workplace. City reserves the right to deny access to, or require Contractor to remove from, City facilities personnel of any Contractor or subcontractor who City has reasonable grounds to believe has engaged in alcohol abuse or illegal drug activity which in any way impairs City's ability to maintain safe work facilities or to protect the health and well-being of City employees and the general public. City shall have the right of final approval for the entry or re-entry of any such person previously denied access to, or removed from, City facilities. Illegal drug activity means possessing, furnishing, selling, offering, purchasing, using or being under the influence of illegal drugs or other controlled substances for which the individual lacks a valid prescription. Alcohol abuse means possessing, furnishing, selling, offering, or using alcoholic beverages, or being under the influence of alcohol.

10.11 Limitations on Contributions. By executing this Agreement, Contractor acknowledges its obligations under section 1.126 of the City's Campaign and Governmental Conduct Code, which prohibits any person who contracts with, or is seeking a contract with, any department of the City for the rendition of personal services, for the furnishing of any material,

supplies or equipment, for the sale or lease of any land or building, for a grant, loan or loan guarantee, or for a development agreement, from making any campaign contribution to (i) a City elected official if the contract must be approved by that official, a board on which that official serves, or the board of a state agency on which an appointee of that official serves, (ii) a candidate for that City elective office, or (iii) a committee controlled by such elected official or a candidate for that office, at any time from the submission of a proposal for the contract until the later of either the termination of negotiations for such contract or twelve months after the date the City approves the contract. The prohibition on contributions applies to each prospective party to the contract; each member of Contractor's board of directors; Contractor's chairperson, chief executive officer, chief financial officer and chief operating officer; any person with an ownership interest of more than 10% in Contractor; any subcontractor listed in the bid or contract; and any committee that is sponsored or controlled by Contractor. Contractor certifies that it has informed each such person of the limitation on contributions imposed by Section 1.126 by the time it submitted a proposal for the contract, and has provided the names of the persons required to be informed to the City department with whom it is contracting.

10.12 Reserved (Slavery Era Disclosure.)

10.13 Reserved (Working with Minors.)

10.14 Consideration of Criminal History in Hiring and Employment Decisions.

10.14.1 Contractor agrees to comply fully with and be bound by all of the provisions of Chapter 12T, "City Contractor/Subcontractor Consideration of Criminal History in Hiring and Employment Decisions," of the San Francisco Administrative Code ("Chapter 12T"), including the remedies provided, and implementing regulations, as may be amended from time to time. The provisions of Chapter 12T are incorporated by reference and made a part of this Agreement as though fully set forth herein. The text of the Chapter 12T is available on the web at <http://sfgov.org/olse/fco>. Contractor is required to comply with all of the applicable provisions of 12T, irrespective of the listing of obligations in this Section. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Chapter 12T.

10.14.2 The requirements of Chapter 12T shall only apply to a Contractor's or Subcontractor's operations to the extent those operations are in furtherance of the performance of this Agreement, shall apply only to applicants and employees who would be or are performing work in furtherance of this Agreement, and shall apply when the physical location of the employment or prospective employment of an individual is wholly or substantially within the City of San Francisco. Chapter 12T shall not apply when the application in a particular context would conflict with federal or state law or with a requirement of a government agency implementing federal or state law.

10.15 Reserved (Public Access to Nonprofit Records and Meetings.)

10.16 Food Service Waste Reduction Requirements. Contractor shall comply with the Food Service Waste Reduction Ordinance, as set forth in San Francisco Environment Code Chapter 16, including but not limited to the remedies for noncompliance provided therein.

10.17 Reserved (Distribution of Beverages and Water.)

10.18 Tropical Hardwood and Virgin Redwood Ban. Pursuant to San Francisco Environment Code Section 804(b), the City urges Contractor not to import, purchase, obtain, or

use for any purpose, any tropical hardwood, tropical hardwood wood product, virgin redwood or virgin redwood wood product.

10.19 **Reserved (Preservative Treated Wood Products.)**

Article 11 General Provisions

11.1 Notices to the Parties. Unless otherwise indicated in this Agreement, all written communications sent by the Parties may be by U.S. mail or e-mail, and shall be addressed as follows:

To City: Calvin Huey
San Francisco Public Utilities Commission
525 Golden Gate Avenue
San Francisco, CA 94102
chuey@sfgwater.org

To Contractor: David Gutierrez
GEI Consultants, Inc.
180 Grand Avenue, Suite 1410
Oakland, CA 94612
dgutierrez@geiconsultants.com

Any notice of default must be sent by registered mail. Either Party may change the address to which notice is to be sent by giving written notice thereof to the other Party. If email notification is used, the sender must specify a receipt notice.

11.2 Compliance with Americans with Disabilities Act. Contractor shall provide the Services in a manner that complies with the Americans with Disabilities Act (ADA), including but not limited to Title II's program access requirements, and all other applicable federal, state and local disability rights legislation.

11.3 Incorporation of Recitals. The matters recited above are hereby incorporated into and made part of this Agreement.

11.4 Sunshine Ordinance. Contractor acknowledges that this Agreement and all records related to its formation, Contractor's performance of Services, and City's payment are subject to the California Public Records Act, (California Government Code §6250 et. seq.), and the San Francisco Sunshine Ordinance, (San Francisco Administrative Code Chapter 67). Such records are subject to public inspection and copying unless exempt from disclosure under federal, state or local law.

11.5 Modification of this Agreement. This Agreement may not be modified, nor may compliance with any of its terms be waived, except as noted in Section 11.1, "Notices to Parties," regarding change in personnel or place, and except by written instrument executed and approved in the same manner as this Agreement.

11.6 Dispute Resolution Procedure.

11.6.1 Negotiation; Alternative Dispute Resolution. The Parties will attempt in good faith to resolve any dispute or controversy arising out of or relating to the performance of services under this Agreement. If the Parties are unable to resolve the dispute, then, pursuant to San Francisco Administrative Code Section 21.36, Contractor may

submit to the Contracting Officer a written request for administrative review and documentation of the Contractor's claim(s). Upon such request, the Contracting Officer shall promptly issue an administrative decision in writing, stating the reasons for the action taken and informing the Contractor of its right to judicial review. If agreed by both Parties in writing, disputes may be resolved by a mutually agreed-upon alternative dispute resolution process. If the parties do not mutually agree to an alternative dispute resolution process or such efforts do not resolve the dispute, then either Party may pursue any remedy available under California law. The status of any dispute or controversy notwithstanding, Contractor shall proceed diligently with the performance of its obligations under this Agreement in accordance with the Agreement and the written directions of the City. Neither Party will be entitled to legal fees or costs for matters resolved under this section.

11.6.2 Government Code Claim Requirement. No suit for money or damages may be brought against the City until a written claim therefor has been presented to and rejected by the City in conformity with the provisions of San Francisco Administrative Code Chapter 10 and California Government Code Section 900, et seq. Nothing set forth in this Agreement shall operate to toll, waive or excuse Contractor's compliance with the California Government Code Claim requirements set forth in San Francisco Administrative Code Chapter 10 and California Government Code Section 900, et seq.

11.7 Agreement Made in California; Venue. The formation, interpretation and performance of this Agreement shall be governed by the laws of the State of California. Venue for all litigation relative to the formation, interpretation and performance of this Agreement shall be in San Francisco.

11.8 Construction. All paragraph captions are for reference only and shall not be considered in construing this Agreement.

11.9 Entire Agreement. This contract sets forth the entire Agreement between the parties, and supersedes all other oral or written provisions. This Agreement may be modified only as provided in Section 11.5, "Modification of this Agreement."

11.10 Compliance with Laws. Contractor shall keep itself fully informed of the City's Charter, codes, ordinances and duly adopted rules and regulations of the City and of all state, and federal laws in any manner affecting the performance of this Agreement, and must at all times comply with such local codes, ordinances, and regulations and all applicable laws as they may be amended from time to time.

11.11 Severability. Should the application of any provision of this Agreement to any particular facts or circumstances be found by a court of competent jurisdiction to be invalid or unenforceable, then (i) the validity of other provisions of this Agreement shall not be affected or impaired thereby, and (ii) such provision shall be enforced to the maximum extent possible so as to effect the intent of the parties and shall be reformed without further action by the parties to the extent necessary to make such provision valid and enforceable.

11.12 Cooperative Drafting. This Agreement has been drafted through a cooperative effort of City and Contractor, and both Parties have had an opportunity to have the Agreement reviewed and revised by legal counsel. No Party shall be considered the drafter of this

Agreement, and no presumption or rule that an ambiguity shall be construed against the Party drafting the clause shall apply to the interpretation or enforcement of this Agreement.

11.13 Order of Precedence. Contractor agrees to perform the services described below in accordance with the terms and conditions of this Agreement, implementing task orders, the RFP, and Contractor's proposal dated October 21, 2019. The RFP and Contractor's proposal are incorporated by reference as though fully set forth herein. Should there be a conflict of terms or conditions, this Agreement and any implementing task orders shall control over the RFP and the Contractor's proposal. If the Appendices to this Agreement include any standard printed terms from the Contractor, Contractor agrees that in the event of discrepancy, inconsistency, gap, ambiguity, or conflicting language between the City's terms and Contractor's printed terms attached, the City's terms shall take precedence, followed by the procurement issued by the department, Contractor's proposal, and Contractor's printed terms, respectively.

11.14 Notification of Legal Requests. Contractor shall immediately notify City upon receipt of any subpoenas, service of process, litigation holds, discovery requests and other legal requests ("Legal Requests") related to all data given to Contractor by City in the performance of this Agreement ("City Data" or "Data"), or which in any way might reasonably require access to City's Data, and in no event later than 24 hours after it receives the request. Contractor shall not respond to Legal Requests related to City without first notifying City other than to notify the requestor that the information sought is potentially covered under a non-disclosure agreement. Contractor shall retain and preserve City Data in accordance with the City's instruction and requests, including, without limitation, any retention schedules and/or litigation hold orders provided by the City to Contractor, independent of where the City Data is stored.

Article 12 Department Specific Terms

12.1 Reserved.

Article 13 Data and Security

13.1 Nondisclosure of Private, Proprietary or Confidential Information.

13.1.1 Protection of Private Information. If this Agreement requires City to disclose "Private Information" to Contractor within the meaning of San Francisco Administrative Code Chapter 12M, Contractor and subcontractor shall use such information only in accordance with the restrictions stated in Chapter 12M and in this Agreement and only as necessary in performing the Services. Contractor is subject to the enforcement and penalty provisions in Chapter 12M.

13.1.2 Confidential Information. In the performance of Services, Contractor may have access to City's proprietary or Confidential Information, the disclosure of which to third parties may damage City. If City discloses proprietary or Confidential Information to Contractor, such information must be held by Contractor in confidence and used only in performing the Agreement. Contractor shall exercise the same standard of care to protect such information as a reasonably prudent contractor would use to protect its own proprietary or Confidential Information.

13.2 Reserved (Payment Card Industry ("PCI") Requirements.)

13.3 Reserved (Business Associate Agreement.)

13.4 Management of City Data and Confidential Information

13.4.1 Access to City Data. City shall at all times have access to and control of all data given to Contractor by City in the performance of this Agreement (“City Data” or “Data”), and shall be able to retrieve it in a readable format, in electronic form and/or print, at any time, at no additional cost.

13.4.2 Use of City Data and Confidential Information. Contractor agrees to hold City's Confidential Information received from or created on behalf of the City in strictest confidence. Contractor shall not use or disclose City's Data or Confidential Information except as permitted or required by the Agreement or as otherwise authorized in writing by the City. Any work using, or sharing or storage of, City's Confidential Information outside the United States is subject to prior written authorization by the City. Access to City's Confidential Information must be strictly controlled and limited to Contractor's staff assigned to this project on a need-to-know basis only. Contractor is provided a limited non-exclusive license to use the City Data or Confidential Information solely for performing its obligations under the Agreement and not for Contractor's own purposes or later use. Nothing herein shall be construed to confer any license or right to the City Data or Confidential Information, by implication, estoppel or otherwise, under copyright or other intellectual property rights, to any third-party. Unauthorized use of City Data or Confidential Information by Contractor, subcontractors or other third-parties is prohibited. For purpose of this requirement, the phrase “unauthorized use” means the data mining or processing of data, stored or transmitted by the service, for commercial purposes, advertising or advertising-related purposes, or for any purpose other than security or service delivery analysis that is not explicitly authorized.

13.4.3 Disposition of Confidential Information. Upon termination of Agreement or request of City, Contractor shall within forty-eight (48) hours return all Confidential Information which includes all original media. Once Contractor has received written confirmation from City that Confidential Information has been successfully transferred to City, Contractor shall within ten (10) business days purge all Confidential Information from its servers, any hosted environment Contractor has used in performance of this Agreement, work stations that were used to process the data or for production of the data, and any other work files stored by Contractor in whatever medium. Contractor shall provide City with written certification that such purge occurred within five (5) business days of the purge.

Article 14 MacBride And Signature

14.1 MacBride Principles - Northern Ireland. The provisions of San Francisco Administrative Code §12F are incorporated herein by this reference and made part of this Agreement. By signing this Agreement, Contractor confirms that Contractor has read and understood that the City urges companies doing business in Northern Ireland to resolve employment inequities and to abide by the MacBride Principles, and urges San Francisco companies to do business with corporations that abide by the MacBride Principles.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the day first mentioned above.

- B: Calculation of Charges

Appendix A

Scope of Services

1. Description of Services. Contractor agrees to perform the following dam and reservoir planning and engineering design Services:

1. Civil Engineering
2. Electrical Engineering
3. Mechanical Engineering
4. Structural Engineering
5. Pipeline Engineering
6. Geotechnical/Geologic Engineering
7. Tunnel Engineering
8. Cost Estimating
9. Utilities Mapping and Coordination
10. Photogrammetry/Surveys
11. Materials Testing/Special Inspections
12. Quality Assurance Review
13. Peer Review/Independent Technical Review
14. PFMA and Risk Assessments
15. Other Specialized Services

Project Name: Cherry Valley Dam Spillway

Project Description

Cherry Valley Dam was built in 1956. The spillway includes a 334-foot wide ogee-type concrete weir that discharges into an unlined adjacent channel. The original design documents indicate that the spillway is rated for 52,000 cubic feet per second (cfs). However, significant erosion damage has been experienced below the dam with spillway releases below 1,800 cfs. This has included large scale erosion outside the lower portion of the spillway channel, as well as flooding of the Cherry Power Tunnel Adit and a campground downstream, creating a potentially hazardous condition for the dam, personnel and the public. SFPUC performed a recent condition assessment of the spillway, and a re-assessment of the Probable Maximum Flood (PMF) event shows a significant increase compared to the previous PMF estimate. The objective of this project is to improve the capacity of the existing spillway to provide safe passage of the new PMF.

Scope of work: The Consultant(s) will review all pertinent background information, NAR, and outlet works rehabilitation construction contract. The Consultant(s) will provide planning and design engineering support as authorized by the SFPUC to complete the AAR and CER in the Planning Phase including hydrologic, hydraulic, geotechnical, geologic, structural and seismic analysis, Design Phase deliverables, and environmental support documentation. Additional potential work elements include the confirmation and/or updates to the assumptions and recommendations made with the NAR (e.g., reservoir storage capacity curves above El. 4700, existing spillway discharge capacity, mapping of the rock slopes in the upper spillway channel, and existence of planar joint features beneath the ogee), realignment of the existing spillway, modifying access roads, dam security and maintenance. The project may also involve

structural/seismic stability analysis of the outlet tower and other possible safety improvements and appurtenant facilities.

Project Name: Early Intake Dam Rehabilitation

Project Description

Early Intake Dam is a single-curvature concrete arch structure. It was constructed between 1923 and 1924 to divert Hatch Hetchy water from the Tuolumne River into the Mountain Tunnel. Within a few years of the dam's completion, significant cracking was observed at several locations, most likely due to the absence of contraction joints in the structure. In addition, widely distributed and progressively worsening distributed cracking has been observed throughout the dam and spillway structure over the years. The dam is reaching the end of its design life. SFPUC has identified an interim mitigation alternative to install a liner on the upstream face of the dam to reduce the rate of expansion and deterioration caused by the alkali aggregate reaction. This interim measure may extend the useful life of the dam by 20-25 years.

Scope of work: The Consultant(s) will review all pertinent background information and previous condition assessment reports. The Consultant(s) will provide planning and design engineering support as authorized by the SFPUC to complete the AAR and CER in the Planning Phase, structural and seismic analysis, Design Phase deliverables, and environmental support documentation.

Project Name: Eleanor Dam Rehabilitation

Project Description

Eleanor Dam is a multiple arch reinforced concrete dam that was constructed in the 1920's. The 2015-2016 NAR identified deterioration and aging of the structure, as well as performance concerns. Specifically, SFPUC has identified structural/seismic concerns regarding the Eleanor Bridge, which is an integral part of the arch dam, including cracking and spalling of concrete, exposed rebar, multiple significant leakage through the arch barrels, and cracks and erosion of the spillway concrete. SFPUC has prioritized projects to rehabilitate the dam by degree of risk. Rehabilitation may include some or all of the following: installation of a liner on the upstream face of the dam, pressure grouting, concrete repairs, valve replacement, and installation of concrete lining and riprap.

Scope of work: The Consultant(s) will review all pertinent background information and previous inspection and needs assessment reports. The Consultant(s) will provide planning and design engineering support as authorized by the SFPUC to complete the AAR and CER in the Planning Phase, geotechnical investigation, hydrology/hydraulic analysis, structural and seismic analysis of the existing bridge and dam, Design Phase deliverables, and environmental support documentation.

Project Name: Eleanor Dam Bridge Rehabilitation

Project Description

Eleanor Bridge is a critical asset that needs to be repaired or replaced due to multiple structural deficiencies, including corroded reinforcement, concrete cracking, and tripping hazards. The bridge is integral to the dam structure and provides strength and stability during a seismic event. The bridge also provides critical non-redundant access for HHWP personnel, Yosemite National Park personnel, and recreational public users.

The project will implement steps to reduce risks associated with failure of aging infrastructure. This will include a complete alternatives analysis to determine the best way to extend the life of the bridge and ensure full functionality of all system components.

Scope of work: The Consultant(s) will review all pertinent background information and previous bridge inspection and needs assessment reports. The Consultant(s) will provide planning and design engineering support as authorized by the SFPUC to complete the AAR and CER in the Planning Phase, structural and seismic analysis, Design Phase deliverables, and environmental support documentation.

Project Name: Priest Condition Assessment & Monitoring Project

Project Description

Priest Dam is an earth and rock filled dam located just east of Moccasin located on Rattlesnake Creek in Tuolumne County. The dam was built between 1921 and 1923, and is approximately 168 feet tall and 1,000 feet wide with a crest width of 20 ft. Priest Dam has a long history of issues related to settlement and deflection, and needs a condition assessment and stability analysis using current standards and analysis techniques. The project will include installation of new instrumentation to monitor and document the movement of the dam under different storage conditions. SFPUC will use the results to determine whether a future capital improvement project is required.

Scope of work: The Consultant(s) will review all pertinent background information, previous analyses, construction documents for the project and provide planning and design engineering support as authorized by the SFPUC.

All written Deliverables, including any copies, shall be submitted on recycled paper and printed on double-sided pages to the maximum extent possible.

Community Benefits

A) Terms and Conditions

The Contractor shall provide the CB Commitments detailed in its CB Submittal during the term of the Agreement. The representations, warranties, and other terms contained in the Contractor's CB Submittal will be the basis for a Community Benefit Plan, but are for the sole benefit of the parties hereto and shall not be construed as conferring any rights on any other persons or entities.

Providing community benefits is a deliverable, zero-dollar task. No hours or dollars should be allocated or included in the Contractor's costs for the services under this Agreement in order to perform or deliver the voluntarily proposed CB Commitments. The Contractor shall fund the CB Commitments independently and such funding shall neither be tied to, nor dependent upon, SFPUC funds or sources of funding, receivable from SFPUC, including retention associated with this Agreement. This requirement of independent funding includes direct financial contributions and any funding related to the performance or delivery of the CB Commitments. The provision of CB Commitments does not entitle the Contractor to additional work beyond the services specified within the Agreement.

The Contractor shall commence performance of the CB Commitments promptly after issuance of the first Notice to Proceed (NTP) for this Agreement. CB Commitments performed as part of

previous contracts or prior to the Contractor being awarded the Agreement cannot count towards the Contractor's CB Commitments for this Agreement. If the Contractor has established programs or plans that are consistent with the Community Benefits areas described in this RFP, the Contractor may continue those programs as part of its CB Commitments and will be given credit for activities that are performed following the issuance of the first NTP by the SFPUC.

B) Project Team

Matt Powers shall serve as the Executive in Charge to manage the Contractor's CB Commitments and provide fiduciary oversight. The Executive in Charge shall ensure that the CB Commitments listed in the Community Benefits Commitments Table below are delivered to the communities that they are intended to benefit in a transparent and accountable manner. The Executive in Charge shall work with the Community Benefits Coordinator, Nellie Reyna, to organize, plan, track, measure, and report on Contractor's CB Commitments. The Executive in Charge is responsible for coordinating the senior management of Contractor's subconsultants to provide benefits to the community should such subconsultants choose to participate.

C) Community Benefits Commitments

Contractor shall provide a minimum of \$145,200 in financial contributions, volunteer hours or in-kind contributions over the term of this Agreement as stated in the Community Benefits Commitments Table below.

Community Benefits Summary Table

				(A)	(B)	(C)	(D)	(E)	(F)
Community Benefit Priority Area	Community Benefit Initiative or Partner	Expected Outcomes	Timetable & Duration	Direct Financial Contribution	Volunteer Hours	Volunteer Hourly Rate (rate is standardized and cannot be changed)	Total Value of Volunteer Hours (B x C)	In-Kind Contributions	Total Contributions (A + D + E)
Environmental Justice	Youth Outdoor Education in Upcountry Counties	Youth development for at-risk children from communities that have had very little interaction with nature	Duration of the 11-year contract	\$0	528 Hrs	\$150/hr	\$79,200	\$0	\$79,200
Education	High School in Upcountry Counties	Enhancement of high school student STEAM education experience through volunteer tutoring, real-world project	Duration of the 11-year contract	\$0	440 Hrs.	\$150/hr	\$66,000	\$0	\$66,000

		exposure, and development of new, curriculum encouraging hands on and project based learning.							
TOTAL				\$0	968 Hrs		\$145,200	\$0	\$145,200

D) Accountability and Deliverables

The Contractor shall provide a detailed description of the accountability methods to ensure that the proposed CB Commitments will be delivered in a transparent and accountable manner. The Contractor shall detail a clear internal plan for tracking, monitoring, and reporting on a regular basis to enable the SFPUC to easily verify that the Contractor's CB Commitments are delivered as intended throughout the life of the contract.

Contractor must provide the following deliverables during performance of the Agreement:

i. Community Benefits Plan and Timeline

- Contractor shall develop a Community Benefits Plan within three (3) months of issuance of the first NTP. The Community Benefits Plan will provide details regarding community partnerships, expenditures, a schedule, and timelines related to the CB Submittal.
- Contractor is invited to meet once a year thereafter or as needed with the SFPUC External Affairs' Social Impact Partnership Manager during the term of the Agreement to discuss the work plan, timelines, partners, strategic delivery, scale, and performance necessary to ensure the commitments maximize collective resources and positive impact.

ii. Community Benefits Commitments and Reporting

- Contractor shall deliver the proposed CB Commitments specified in the CB Submittal and the Community Benefits Plan. Any proposed changes to the CB Commitments as set forth herein shall be submitted in writing for review by the SFPUC External Affairs' Social Impact Partnership Manager.
- Contractor shall submit biannual progress reports to the SFPUC External Affairs' Social Impact Partnership Manager, which detail the geographic scope of commitment, activities and outcomes, key metrics, and the total number of hours, dollars, etc. contributed to-date. Progress reports must be submitted on the last business day of the month following the close of 2nd and 4th business quarters. As part of the progress reports, Contractor also must submit documents to substantiate that the CB Commitments and any funds associated therewith were delivered to the communities they were intended to benefit. These reporting requirements may be adjusted over the duration of the program due to system improvements.
- Contractor shall also submit an annual newsletter documenting the culmination of their CB Commitments, beneficiaries, and outcomes for the year.

E) Statements of Understanding

Contractor acknowledges that they agree with the following statements:

- All instructions for the CB Submittal have been followed.
- Any of the CB Commitments that the Proposer voluntarily commits to should directly benefit the communities, neighborhoods, and/or residents served by or impacted by the SFPUC.
- CB Commitments must support nonprofit, charitable, or related activities.
- CB Commitments shall not go to, nor benefit, any City department or employee.
- CB Commitments are separate from and in addition to any regulatory or legal requirements related to the Agreement.
- CB Commitments must be delivered at zero dollar cost to the SFPUC.
- The total commitment amount listed in the Community Benefits Summary Table in the final Agreement is considered binding.
- Only activities commenced after the first NTP for this Agreement is issued will count towards the fulfillment of Proposer's CB Commitments.
- Proposer commits to complying with SFPUC's reporting requirements.
- Proposer commits to the Terms and Conditions set forth in this section and in the Agreement.

Contractor shall provide all of the CB Commitments, consistent with all of the terms of Contractor's Community Benefits Submittal dated **October 21, 2019**, which is incorporated herein by this reference. Should there be any conflicts or discrepancies between the language in this section and the Contractor's Community Benefits Submittal, the terms of the language of this section shall prevail as Contractor and SFPUC's final mutual understanding and agreement.

2. Services Provided by Attorneys. Any services to be provided by a law firm or attorney must be reviewed and approved in writing in advance by the City Attorney. No invoices for services provided by law firms or attorneys, including, without limitation, as subcontractors of Contractor, will be paid unless the provider received advance written approval from the City Attorney.

3. Department Liaison In performing the Services provided for in this Agreement, Contractor's liaison with the SFPUC will be **Calvin Huey**.

4. Task Orders. Performance of the service under this Agreement will be executed according to a task order process, and Contractor is required to provide adequate quality control processes and deliverables in conformance with the technical requirements of the task order. The SFPUC Project Manager will initially identify tasks and request the contractor to propose a project scope, sub tasks, staffing plan, LBE utilization, schedule, deliverables, budget and costs to complete the task in accordance with Appendix B. All costs associated with the development of the scope of work for each task order shall be borne by Contractor. A final task order will be negotiated between the SFPUC Project Manager and the Contractor and then submitted to the SFPUC Bureau Manager for approval. However, as provided in the RFP, the budget, if applicable, identified for tasks is an estimate, and the City reserves the right to modify the

applicable budget allocated to any task as more specific information concerning the task order scope becomes available.

The task order request will be processed for Controller certification of funding, after which a "Notice to Proceed" will be issued. The Contractor is hereby notified that work cannot commence until the Contractor receives a written Notice to Proceed in accordance with the San Francisco Administrative Code. ***Any work performed without a Notice to Proceed will be at the Contractor's own commercial risk.*** The calculations of costs and methods of compensation for all task orders under this Agreement shall be in accordance with Appendix B.

5. Reports. Contractor shall submit written reports as requested by the SFPUC. Format for the content of such reports shall be determined by the SFPUC. The timely submission of all reports is a necessary and material term and condition of this Agreement. The reports, including any copies, shall be submitted on recycled paper and printed on double-sided pages to the maximum extent possible.

6. Performance Evaluation. Performance evaluations support the SFPUC's objective of continuously improving the quality of Contractor services. The SFPUC may or may not, at its sole discretion, conduct evaluation/s of Contractor's performance. Ratings are ultimately the decision of the SFPUC and are not subject to negotiation with the Contractor. However, the Contractor may provide comments on a performance evaluation form if an evaluation is performed. In the event that the SFPUC conducts performance evaluation(s) of the Contractor, such performance evaluation(s) shall not confer any express or implied rights upon Contractor, nor shall they shift any liability to the SFPUC for the Contractor's performance of the contract.

7. Standard of Care for Design Professionals. Contractor acknowledges and agrees that Contractor shall perform its services under this Agreement in accordance with the professional standard of care applicable to professionals providing similar services for projects of similar type, size and complexity in the San Francisco Bay Area.

Appendix B Calculation of Charges

As part of Contractor's proposal dated **October 21, 2019**, Contractor submitted proposed billing rates, attached hereto as Appendix B-1, Fee Schedule, for the requested tasks identified in Appendix A, Scope of Services which are incorporated herein by this reference.

As provided in the Fee Schedule, the budget identified for tasks is an estimate, and the City reserves the right to modify the budget allocated, if applicable, to any task as more specific information concerning the task order scope becomes available.

No invoices for Services provided by law firms or attorneys, including, without limitation, as subcontractors of Contractor, will be paid unless the provider received advance written approval from the City Attorney.

1. Billing Rates. Contractor's billing rates and each and every staff classification as stated in Appendix B-1 will be the billing rates for the listed individuals. The billing rate may not exceed the lowest rate charged to any other governmental entity except the City and County of San Francisco. Billing rates will be fixed for the first two years of the contract, and may be adjusted annually thereafter. The first adjustment may be made no earlier than the second anniversary of the effective start date as indicated in the original Notice of Contract Award letter. Billing rates will be fixed for the first year of the contract, and may be adjusted annually thereafter. The first adjustment may be made no earlier than the first anniversary of the effective start date as indicated in the original Notice of Contract Award letter. The amount of the adjustment is limited to a maximum of the CPI annual percentage change increase (San Francisco Bay Area for Urban Wage Earners and Clerical Workers) for the previous calendar year. No increase, including the annual CPI adjustment, is allowed to billing rates exceeding \$250 per hour, unless Project Manager and Bureau Manager authorize an increase to the rate in writing.

2. Personnel Changes. Any proposed changes to project personnel or staff classification as listed in Appendix C must be approved in advance of any work commencing on the project and in writing by the SFPUC Project Manager. These personnel changes may include but are not limited to:

- Proposed addition of new project personnel to perform requested services that are within the scope of the Agreement;
- Proposed change of staff classification for existing personnel; and/or
- Proposed replacement or substitution of any employee listed in Appendix B-1 due to termination, promotion or reclassification.

All proposed personnel must meet all qualification requirements established by the Agreement.

3. Effective Overhead and Profit Rate. The Effective Overhead and Profit Rate (EOPR) for PRO.0138.A is **3.04**. The EOPR or Individual Firm Overhead and Profit Rate will apply to

the billing rate of all individuals not listed in Appendix B-1. The EOPR will also apply to all amendments to the Agreement. If a new subcontractor is added during the duration of the Agreement, the new individual firm multiplier can be no more than the EOPR.

4. Other Direct Costs (ODC). Direct reimbursable expenses (ODCs – Other Direct Costs) shall include actual direct costs (with no mark up) of expenses directly incurred in performing the work. All ODCs are subject to pre-approval in writing by the SFPUC Project Manager.

a. The following items will be eligible for reimbursement as ODCs:

- Out-of-town travel (“out-of-town” shall mean outside the nine Bay Area counties: San Francisco, Alameda, Marin, Santa Clara, Sonoma, Contra Costa, Napa, San Mateo, Solano);
- Out- of town meal, travel and lodging expenses for project-related business trips, including, but not limited to:
 - Rental vehicle: traveler must select the most economical contractor and type of vehicle available and acquire any commercial rate or government discount available when the vehicle is rented;
 - Personal vehicle use: Contractor will be paid per mile as established by the United State Internal Revenue Service and only for that portion of travel that is outside the nine Bay Area counties and non-routine. Should the travel begin or end on a normal workday, the Contractor shall subtract commuting mileage from total mileage to calculate reimbursable mileage. The Contractor shall submit to the City an approved mileage log with its monthly invoices;
 - Meal and lodging expenses shall be reasonable and actual but limited to Federal government per diem rates;
- Specialty printing (“specialty” as used herein shall mean large volume printing and color printing and requires prior written approval by SFPUC project staff and documentation of the written approval by the SFPUC must be included with the invoice);
- Specialty computer hardware and software (only with prior written approval by SFPUC project staff and documentation of the written approval by the SFPUC must be included with the invoice – all hardware and software will be the property of the City);
- Courier services that are project related and originated from the project site offices;
- Permit fees;
- Expedited courier services when requested by SFPUC staff; and
- Safety equipment.

b. Anything not listed above is not eligible for reimbursement. They include, but are not limited to:

- All other travel expenses such as parking, bridge tolls, public transit, vehicle mileage within the nine Bay Area Counties, travel from Contractor's home office to SFPUC facilities;
- Contractor personnel relocation costs;
- Any home or regional office labor charges or pass-throughs, including but not limited to, administrative and clerical personnel time;
- Personnel relocation and temporary assignment expenses;
- Entertainment expenses;
- Cell phones;
- Home office expenses;
- Telephone calls and faxes originating in the firm's home office, standard computer use charges, computer hardware or software computer hardware or software (other than the specialty hardware or software mentioned above), communication devices, and electronic equipment;
- Meal expenses which are not related to project-related business trips, including refreshments and working lunches with SFPUC staff;
- Equipment to be used by SFPUC staff; and
- Postage and courier services which are not requested by SFPUC staff.

5. Subcontractor make-up and documentation. Second-tier and pass-through subcontracting is prohibited. Additional subcontractors may be added to the contractor team after obtaining pre-authorization by the SFPUC Project Manager, Bureau/Division Manager and the Contract Monitoring Division (CMD).

6. Subcontractor Fees:

- Subject to the restrictions in this Section 4;
- Shall be subject to written pre-approval by the Contractor's liaison with the SFPUC;
- Subcontractor administration markup is limited to five percent (5%) of subcontractors' actual labor costs.

7. Retention. Five percent (5%) of each invoice payment will be withheld for each task order. When the work for the task order or defined critical milestones has been completed to the satisfaction of the SFPUC Project Manager and all work products have been received and approved by the SFPUC Project Manager, the Contractor may request that the retention be released. In lieu of money retention, an irrevocable letter of credit acceptable to the City will be accepted.

8. Invoice Requirements. As part of its contracting obligations, the Contractor is required to utilize the City's approved invoicing and time-keeping systems, as specified by the SFPUC project team, for the purposes for which they are intended. Contractor shall not bill the SFPUC

to use these systems. Contractor shall not charge SFPUC to send appropriate personnel to user training.

Contractor shall follow the invoicing and supporting documentation instructions as prescribed by the SFPUC.

Invoice Supporting Documentation:

All labor hours must be substantiated by timesheet summaries extracted from the Contractor's accounting system. Each timesheet summary shall include the staff person's name, company, dates of the days worked, and the number of hours worked each day.

Mileage ODCs must be accompanied by mileage logs providing the beginning and ending mileage to substantiate the variable portal-to-portal distance and local driving required while performing the work. All other ODCs must be substantiated with copies of original receipts including a brief description for each receipt memorializing the purpose.

CMD Form 7 "Progress Payment Form" must be included with each invoice to identify the participation and amount payable to the subcontractors.

CMD Form 9 "Payment Affidavit" must be submitted within ten (10) days of receiving payment for each invoice to document the subcontractor's payment by the prime contractor.

PUBLIC UTILITIES COMMISSION

City and County of San Francisco

RESOLUTION NO. 20-0029

WHEREAS, The San Francisco Public Utilities Commission (SFPUC) requires the assistance of professional engineering firms to perform planning, design, and, possibly, engineering support of improvements to various SFPUC Dam and Reservoir facilities in the Water and Power Enterprises; and

WHEREAS, The Request for Proposals (RFP) was advertised on September 12, 2019 to select up to three consulting firms to provide specialized dam and reservoir design services, with a not-to-exceed amount of \$11,000,000 per agreement and with a term not to exceed eleven (11) years per agreement; and

WHEREAS, Services are anticipated to begin in May 2020 and end in April 2031 and the duration of this agreement is eleven (11) years; and

WHEREAS, Review of the responses to the RFP established AECOM Technical Service, Inc., GEI Consultants, Inc., and HDR Engineering, Inc. as the three highest scoring qualified proposers; and

WHEREAS, On January 14, 2020, by Resolution No. 20-0008 this Commission awarded Project-Funded Agreements Nos. PRO.0138A&C, Engineering Services for Dams and Reservoirs, to HDR Engineering, Inc. (PRO.0138A) and AECOM Technical Services, Inc. (PRO.0138C), to provide planning and specialized engineering design services, and authorized the General Manager to negotiate and execute two professional services agreements with the selected consultants, each in an amount not-to-exceed \$11,000,000 and each with a term of eleven years; and

WHEREAS, Staff now recommends that the Commission proceed with award of PRO.0138B to GEI, the second highest scoring proposer to the RFP; and

WHEREAS, SFPUC staff and Contract Monitoring Division (CMD) review of the selection panel evaluations of the proposals and interviews resulted in the establishment of HDR Engineering, Inc., AECOM Technical Services, Inc., and GEI Consultants, Inc. as the highest scoring proposers; and

WHEREAS, CMD established a 7% Local Business Enterprise (LBE) subconsultant participation requirement for each of these agreements, and HDR Engineering, Inc., AECOM Technical Services, Inc., and GEI Consultants, Inc. committed to LBE subconsultant participation of 10.50%, 9.45%, and 12%, respectively; and

WHEREAS, Failure to reach successful agreement on contract terms and conditions within 30 days of the date of the Commission award may result in award of the contract to the next highest ranked proposer, or re-advertising and re-selecting consultants at the discretion of the City; and

WHEREAS, The firm being awarded a contract by the SFPUC must be in compliance with the Equal Benefits Provisions of Chapter 12B of the City's Administrative Code either at the time of the award, or within two weeks of the date of the Commission award; failure of the proposer to obtain compliance certification from CMD may, in the General Manager's sole discretion, result in award of the agreement to the next highest ranked proposer, or re-advertising and re-selecting consultants at the discretion of the City; and

WHEREAS, Funds for Agreement No. PRO.0138B, Engineering Services for Dams and Reservoirs, will be available from projects in the Hetch Hetchy and Water Enterprise 10-Year Capital Improvements Programs; and

WHEREAS, No Engineering Support During Bid and Award, Construction, Start-up, and Closeout services will be initiated under this contract until California Environmental Quality Act (CEQA) review is complete and if necessary, the appropriate CEQA document is prepared, and until this Commission has reviewed and considered the CEQA determination or the approved (Mitigated Negative Declaration) or certified (Environmental Impact Report) CEQA document and has adopted the document, the CEQA findings, and a Mitigation and Monitoring Reporting Program for the Project and approved the project; now, therefore, be it

RESOLVED, That this Commission hereby approves the selection of GEI Consultants, Inc., awards Project-Funded Agreement No. PRO.0138B, Engineering Services for Dams and Reservoirs, to GEI Consultants, Inc. to provide planning and specialized engineering design services, and authorizes the General Manager to negotiate and execute a professional services agreement with GEI in an amount not-to-exceed \$11,000,000 and with a term of eleven years, or, in the event negotiations are not successful or City requirements are not satisfied, to negotiate and execute a professional services agreement with the next highest ranked proposer, subject to the Board of Supervisors approval pursuant to Charter Section 9.118.

I hereby certify that the foregoing resolution was adopted by the Public Utilities Commission at its meeting of February 11, 2020.

Secretary, Public Utilities Commission

PUBLIC UTILITIES COMMISSION

City and County of San Francisco

RESOLUTION NO. 25-0158

WHEREAS, The California Division of Safety of Dams (DSOD) ordered the San Francisco Public Utilities Commission (SFPUC) to conduct condition assessments of the spillways for all dams under DSOD jurisdictions, and specialized dam and reservoir engineering services are necessary to address potential dam safety issues determined from the ongoing condition assessments and reevaluation of existing facilities; and

WHEREAS, On February 11, 2020, by Resolution No. 20-0029, this Commission awarded Contract No. PRO.0138.B, Engineering Services for Dams and Reservoirs, to GEI Consultants, Inc., to provide dam and reservoir planning and engineering services for projects identified within the Hetch Hetchy and Water Enterprise Capital Improvement Programs, for an amount not-to-exceed \$11,000,000 and with a contract duration of 11 years; and

WHEREAS, Staff recommends this Commission approve Amendment No. 1 to Contract No. PRO.0138.B, Engineering Services for Dams and Reservoirs, to increase the contract amount by \$7,000,000, for a total not-to-exceed contract amount of \$18,000,000, with no change to the contract duration, in order to add design of improvements to the Moccasin Dam and Reservoir Long-Term Improvement and planning and design services to the O'Shaughnessy Dam Outlet Works Phase II projects in the Hetch Hetchy Water Capital Improvement Program; and

WHEREAS, The Contract Monitoring Division (CMD) established a 7% Local Business Enterprise (LBE) subcontractor participation requirement (of the total value of services to be provided) for this contract, GEI Consultants, Inc., committed to a 12% LBE subcontractor participation with their proposal, and this amount remains unchanged; and

WHEREAS, Award of this professional services contract does not fall within the definition of a "project" under the California Environmental Quality Act (CEQA) Guidelines section 15378 because work under the agreement will consist of planning and design services only, and no support services during construction and closeout will be initiated under this contract until CEQA review is complete and until this Commission has reviewed and considered the CEQA determination and has approved the projects; and approval of individual task orders under this contract for activities that would result in physical changes to the environment, such as geotechnical investigations, would require compliance with CEQA prior to initiation of ground-disturbing activities; and

WHEREAS, Funds for this Amendment No. 1 are available from individual projects within the Hetch Hetchy and Water Enterprise 10-Year Capital Improvements Programs; now, therefore, be it

RESOLVED, That this Commission hereby approves Amendment No. 1 to Contract No. PRO.0138.B, Engineering Services for Dams and Reservoirs, with GEI Consultants, Inc., to add design of improvements to the Moccasin Dam and Reservoir Long-Term Improvement and planning and design services to the O'Shaughnessy Dam Outlet Works Phase II projects in the Hetch Hetchy Water Capital Improvement Program, increasing the contract amount by \$7,000,000, for a total not-to-exceed contract amount of \$18,000,000, with no change to the contract duration, subject to Board of Supervisors approval under Charter Section 9.118.

I hereby certify that the foregoing resolution was adopted by the San Francisco Public Utilities Commission at its meeting of October 28, 2025.
