Supervisor Avalos,

Have you reached out to the two police officers who went through the trauma of having to take a human life during the course of their duties when Mr. Nieto aimed a laser sited taser at them? Have you checked on how their families are doing after going through the officer involved shooting investigations conducted by the police department, District Attorney's Office, Office of Citizens Complaints, the court of public opinion and of course, political posturing by politicians like you? Have you followed up to see how the officers and the their families were doing while going through the federal, wrongful death trial with protesters in front of the Federal Building, everyday accusing them of being "murders" as they and their significant others made their way into the building? (By the the way, they were exonerated.)

The typical politicos response is "That's what they get paid for." Cops don't want to be in the position where they MUST take another's life, but will do so to protect another's life or their own. Mr. Nieto's actions forced the officers to REACT.

Don't memorialize Mr. Nieto behavior that caused HIM to loose his life because of HIS ACTIONS.

Have some empathy for the cops who answered a radio call for a request for help from a citizen of a man with a gun in a park. Maybe the Board of Supervisors can have a day that honors all of the City's First Responders (that will give you some cover for acknowledging the cops). That would be something new and novel before you leave office!
