Shawna Gates, PE
Project Manager, Infrastructure Task Force
San Francisco Public Works

Subject: Street names at Candlestick

Dear Shawna,

CP Development Co., LLC is requesting initiation of formalizing street names at Candlestick as part of our final map application process. In partnership with San Francisco Office of Community Investment and Infrastructure, our respective teams have reached out to District 10 Supervisor Shamann Walton to affirm the community outreach work that has been completed over the past years and are reflected in the street names selected as follows:

PROPOSED STREET NAMES (PUBLIC)

- Christine Neal Street
- Zerline Dixon Street
- Elder Samuel Pryor Smith Sr. Street
- West Harney Way
- Bill Walsh Street (South of Harney Way)
- Edward J. Debartolo Jr. Way (east of Willie Mays Park)
- Montana-Clark Drive (South of Harney Way)
- Carmen Policy Avenue (South of Harney Way)
- Jerry Rice Road
- Candlestick Park Drive

PROPOSED MID BLOCK BREAK (PRIVATE)

- Barry Bonds Lane
- Juan Marichal Lane
- Ronnie Lott Lane
- Orlando Cepeda Lane

The following street names have both public and private segments depending upon location as defined in Candlestick Design for Development:

Christine Neal, Zerline Dixon, Edward J. Debartolo Jr. Way, Montana-Clark Drive, Carmen Policy Avenue

EXISTING/APPROVED STREET NAMES

- Hawes Street
- Griffith Street
- Giants Drive
- Arelious Walker Drive
- Earl Street
- Harney Way

CP Development Co., LLC

One Sansome Street, Suite 1400, San Francisco, CA 94104 | p. 415-995-1770 | Fivepoint.com

- Carroll Avenue
- Donner Avenue
- Egbert Avenue
- Fitzgerald Avenue
- Gilman Avenue
- Ingerson Avenue
- Jamestown Avenue

PROPOSED STREET NAMES TO REPLACE EXISTING STREET NAMES (PUBLIC)

- *Giants Drive replaces Bill Walsh Way along Gilman Playground Park*
The existing street currently named Bill Walsh Way occurred through a resolution introduced in 2004 to rename existing Giants Drive north of the Candlestick project area. Bill Walsh will continue to be remembered within the Candlestick Park neighborhood by relocating the street name to a more prominent location where homes would have Bill Walsh Street as an address. In its current location, the street borders rear property lines of residences and the southern boundary of Gilman Playground.

I have attached two graphics that show street names and the mid-block break locations. Let me know if you need additional materials.

Sincerely,

Catarina Kidd
Director of Planning
