Existing Law

Under Section 1622 of the Police Code, cannabis business engaged in delivery must create a manifest prior to the departure of a delivery vehicle. An employee engaged in deliveries may not deviate substantially from the manifest route, unless a stop is necessary for personal safety.

Amendments to Current Law

This ordinance amends Section 1622 of the Police Code to require that a manifest be created prior to the completion of a delivery or series of deliveries, rather than prior to departure of a

delivery vehicle. Additionally, the ordinance eliminates the prohibition against substantial deviation from the manifest route.

Background

As introduced, the ordinance in Board File No. 180912 proposed a wide range of amendments to various provisions of the Police and Health Codes regulating commercial cannabis activity. In the course of considering that ordinance at its special meeting on December 3, 2018, the Rules Committee duplicated the file, and amended this ordinance to remove all amendments except certain amendments (described above) relevant to the regulation of cannabis deliveries under Section 1622 of the Police Code.
