

July 15, 2025

Ms. Angela Calvillo
Clerk of the Board of Supervisors
1 Dr. Carlton B. Goodlett Place
San Francisco, CA 94102

Dear Madame Clerk,

Item number 51 (Resolution-250658) on today's full Board of Supervisors meeting agenda is a retroactive resolution authorizing the Port of San Francisco to accept and expend \$28 million from the San Francisco Bay Area Water Emergency Transportation Authority to support the construction of the Mission Bay Ferry Landing. We are respectfully requesting retroactive approval due to procedural delays between the Port and the awarding agency.

No funds granted under this authorization have been expended or allocated for this project, and no funds will be accepted or expended until this resolution is finally approved.

Please let us know if you have any questions

Sincerely,

Boris Delepine
Government Affairs Manager
