8. Proposed Grant Project Summary: **San Francisco Department of Public Health (SFDPH) will use the Prevention and Control for Health Departments (PCHD) supplemental funding to support disease investigation for Coronavirus Disease 2019 (COVID-19) and other infectious diseases in alignment with the four goals of this funding; i. conduct disease investigation, ii. outbreak response, iii. linkage to prevention and treatment, and iv. case management and oversight. SFDPH aims to expand the existing Disease Intervention Specialists (DIS) workforce by hiring more DIS and workforce support staff, with an emphasis around diversity, equity, and inclusion practices. We will also create a new fellowship pathway program for DIS called the DIS Rapid Response Reserve for Accelerated Disease Response (RADR) focused on enhancing our ability to respond to outbreaks in a flexible, experienced, and urgent manner. Training and skill building of this workforce is another critical component. In writing the Work plan for these funds, we surveyed 30 DIS and workforce support staff and developed a list of specific training needs related to organizational skills, communication, supervision, leadership, and time management. Monitoring and evaluation will be implemented to ensure quality assurance and improvement processes. Additionally, funds will be used for consultation around improving the data management/informatics tools and resources available to the DIS workforce and support staff.**
