13 Section 1. The Board of Supervisors hereby submits to the qualified voters of the City  
14 and County, at an election to be held on November 8, 2016, a proposal to amend the Charter of  
15 the City and County by adding Sections 16.134 and 16.135, to read as follows:

16 NOTE: **Unchanged Charter text and uncodified text** are in plain font.  
17 **Additions** are *single-underline italics Times New Roman font*.  
18 **Deletions** are *strike-through italics Times New Roman font*.

20 subsections.

21 **SEC. 16.134. HOMELESS HOUSING AND SERVICES FUND.**

22 *(a) Creation of the Fund. There shall be a Homeless Housing and Services Fund. In*  
23 *fiscal year 2016-2017, the City shall appropriate \$12.5 million to the Fund. Beginning in fiscal*  
24 *year 2017-2018 and each year thereafter through fiscal year 2040-2041, the City shall*  
25 *appropriate \$50 million to the Fund, to be adjusted as provided in subsection (b).*

*(b) Adjustments to the Required Appropriation. Beginning with fiscal year 2018-2019,*

1 the City shall each year adjust the appropriation required under subsection (a) by the  
2 percentage increase or decrease in aggregate City discretionary revenues, as determined by the  
3 Controller, based on calculations consistent from year to year. In determining aggregate City  
4 discretionary revenues, the Controller shall only include revenues received by the City that are  
5 unrestricted and may be used at the option of the Mayor and the Board of Supervisors for any  
6 lawful City purpose.

7 (c) Appropriations Excluded from Discretionary Revenues. Notwithstanding the  
8 provisions of Charter Sections 8A.105, 16.107, 16.108, 16.109, 16.110, and 16.123-2, the value  
9 of appropriations to the Fund, as calculated in subsections (a) and (b), shall be excluded from  
10 the Controller's calculation of aggregate discretionary revenue used to adjust required  
11 appropriations baselines and set-asides set in the Charter.

12 (d) Uses of the Fund. Monies in the Fund shall be used to provide services to the  
13 homeless, including programs to prevent homelessness, create exits from homelessness, and  
14 move homeless individuals into more stable situations. Such programs may be designed to  
15 address the needs of specific at-risk populations. Monies in the Fund may be used for both  
16 operations of these programs and capital investments required to maintain or expand system  
17 infrastructure needs.

18 (e) Term. Except as provided in subsection (f) below, this Section 16.134 shall, by  
19 operation of law, become inoperative on July 1, 2041, and on or after such date the City  
20 Attorney shall cause this Section 16.134 to be removed from the Charter.

21 (f) Early Termination. At any time before January 1, 2017, the Mayor, after consulting  
22 with his or her Budget Director and the Controller, and after taking into account the City's  
23 projected revenues and expenditures in the City's financial plans, may terminate implementation  
24 of this Section 16.134 by issuing a written notice to the Board of Supervisors and the Controller.  
25 The termination shall be irrevocable and apply to this entire Section. Upon the Mayor's

1 submittal of the notice to the Controller and the Board of Supervisors, this Section 16.134 shall,  
2 by operation of law, become inoperative, and the City Attorney shall cause this Section to be  
3 removed from the Charter.

4  
5 **SEC. 16.135. TRANSPORTATION IMPROVEMENT FUND.**

6 (a) Creation of the Fund. There shall be a Transportation Improvement Fund. In fiscal  
7 year 2016-2017, the City shall appropriate \$25.4 million to the Fund. Beginning in fiscal  
8 year 2017-2018 and each year thereafter through fiscal year 2040-2041, the City shall  
9 appropriate \$101.6 million to the Fund, in the amounts specified in subsection (d), to be adjusted  
10 as provided in subsection (b).

11 (b) Adjustments to the Required Appropriation. Beginning with fiscal year 2018-2019,  
12 the City shall each year adjust the appropriations required under subsections (a) and (d) by the  
13 percentage increase or decrease in aggregate City discretionary revenues, as determined by the  
14 Controller, based on calculations consistent from year to year. In determining aggregate City  
15 discretionary revenues, the Controller shall only include revenues received by the City that are  
16 unrestricted and may be used at the option of the Mayor and the Board of Supervisors for any  
17 lawful City purpose.

18 (c) Appropriations Excluded from Discretionary Revenues. Notwithstanding the  
19 provisions of Charter Sections 8A.105, 16.107, 16.108, 16.109, 16.110, and 16.123-2, the value  
20 of appropriations to the Fund, as calculated in subsections (a) and (b), shall be excluded from  
21 the Controller's calculation of aggregate discretionary revenue used to adjust required  
22 appropriations baselines and set-asides set in the Charter.

23 (d) Uses of the Fund. Monies in the Fund shall be used to improve the transportation  
24 network in San Francisco through investments in the following categories and amounts:  
25

1                   (1) Muni Transit Service and Affordability. Expenditures in this category 1 shall  
2 be used to mitigate identified deficiencies in transit service to low-income and transit-dependent  
3 communities and to provide transit service affordability for low- and moderate-income youth,  
4 seniors, and people with disabilities. Unspent funds in this category shall be used to supplement  
5 the Municipal Transportation Agency's reserves to protect against service cuts in future years.

6                   Appropriations for this purpose shall equal 12.4% of appropriations to the Fund  
7 in that fiscal year.

8                   (2) Muni Fleet, Facilities, and Infrastructure Repair and Improvement.  
9 Expenditures in this category 2 shall be used to keep Muni's fleet of buses, historic street cars,  
10 trains, and paratransit vehicles in a state of good repair through timely vehicle replacement and  
11 rehabilitation, and to expand the fleet through the acquisition of additional vehicles.

12 Expenditures in this category also may be used to repair and upgrade Municipal Transportation  
13 Agency facilities, including stations and associated escalators and elevators, and to fix or  
14 replace rails, overhead wires, and associated fixed guideway infrastructure for light rail, trolley  
15 coaches, historic streetcars, and cable cars.

16                   In any fiscal year in which the Municipal Transportation Agency would otherwise  
17 be required to adopt service reductions as part of its budget, the Agency shall transfer all or a  
18 portion of the annual allocation of funds that would otherwise go to this category to the Transit  
19 Service and Affordability category in subsection (d)(1) to offset those service reductions, in an  
20 amount not to exceed the cost of maintaining the services.

21                   Appropriations for this purpose shall equal 18.8% of appropriations to the Fund  
22 in that fiscal year.

23                   (3) Transit Optimization and Expansion. Expenditures in this category 3 shall be  
24 used to plan, design, and deliver projects to improve the efficiency and enhance the service of the  
25 existing transit system, as well as to expand the capacity of the system, and to provide funding

1 for planning, design, education, outreach, evaluation, and capital investment in supportive  
2 transportation infrastructure for transit-oriented development.

3 Appropriations for this purpose shall equal 9.4% of appropriations to the Fund in  
4 that fiscal year.

5 (4) Regional Transit and Smart System Management. Expenditures in this  
6 category 4 shall be used to improve reliability and increase capacity in regional transit systems  
7 serving San Francisco, including BART and Caltrain. Expenditures in this category also may be  
8 used to fund long-range regional network planning and design studies and/or capital  
9 improvements. Expenditures in this category also may be used to fund technology-enabled  
10 system corridor management strategies for regional highways and associated surface arterial  
11 approach/distribution streets, and to fund demand management strategies, education, and  
12 outreach to promote sustainable travel choices.

13 Appropriations for this purpose shall equal 14.1% of appropriations to the Fund  
14 in that fiscal year.

15 (5) Vision Zero Safe and Complete Streets. Expenditures in this category 5 shall  
16 be used to fund infrastructure improvements that promote users' safety, and to fund safety  
17 education, outreach, and evaluation. Safety upgrades, including those primarily for bicycle and  
18 pedestrian traffic, may be paired with streetscape enhancements. Expenditures in this category  
19 also may be used to keep traffic infrastructure and signals in a state of good repair through  
20 replacement and upgrade of deteriorated or obsolete signal hardware, to bring advanced  
21 technology to the traffic signal system allowing real-time traffic management, and transit and  
22 emergency vehicle signal priority.

23 Appropriations for this purpose shall equal 12.4% of appropriations to the Fund  
24 in that fiscal year.

1                   (6) Street resurfacing. Expenditures in this category 6 may be used to maintain  
2 City streets through timely repair and resurfacing programs and preventative maintenance.

3                   Appropriations for this purpose shall equal 32.9% of appropriations to the Fund  
4 in that fiscal year.

5                   (e) Administration of the Fund. In addition to the requirements set forth in this  
6 Section 16.135, all expenditures from the Fund shall be allocated to public agencies and shall be  
7 subject to the budget and fiscal provisions of the Charter.

8                   (1) Appropriations in categories (1) and (2) in subsection (d) shall be allocated  
9 to the Municipal Transportation Agency (MTA), or its successor agency, for the purposes  
10 specified.

11                   (2) The Controller shall transfer allocations in categories (3), (4), and (5) to the  
12 County Transportation Authority (CTA), or its successor agency, for the purposes specified.

13                   (3) Appropriations in category (6) shall be allocated to the Department of Public  
14 Works, or its successor agency, for the purposes specified.

15                   (4) In any fiscal year following the adoption by the voters of a vehicle license fee  
16 increase, if the City appropriates or the CTA allocates from any other legally available sources  
17 an amount for street resurfacing equal to the amount that would otherwise be allocated under  
18 subsection (d)(6) for that year, the City shall transfer 10% of the allocation in subsection (d)(6)  
19 to the allocation in subsection (d)(4), 30% to the allocation in subsection (d)(1), and 20% each  
20 to the allocations in subsections (d)(2), (d)(3), and (d)(5).

21                   (5) In any fiscal year in which new revenues become available for street  
22 resurfacing in the City, and the City appropriates or the CTA allocates an amount for street  
23 resurfacing equal to the amount that would otherwise be allocated under subsection (d)(6) for  
24 that year, the City shall transfer 10% of the allocation in subsection (d)(6) to the allocation in  
25 subsection (d)(4), 30% to the allocation in subsection (d)(1), and 20% each to the allocations in

1 subsections (d)(2), (d)(3), and (d)(5). For purposes of this subsection (e)(5), the Controller shall  
2 measure new revenues by comparing non-General Fund revenues projected to be received by the  
3 City and the CTA for this purpose in the upcoming fiscal year to those received by the City and  
4 the CTA in fiscal year 2015-2016, adjusted for inflation.

5 (6) In fiscal year 2027-2028, the Board of Supervisors may, by ordinance passed  
6 by a two-thirds' vote and with the approval of the Mayor, redirect for the remaining term of the  
7 Fund the allocation in subsection (d)(6), as follows: 10% to the allocation in subsection (d)(4),  
8 30% to the allocation in subsection (d)(1), and 20% each to the allocations in subsections (d)(2),  
9 (d)(3), and (d)(5). The Board of Supervisors and the Mayor may not reverse their decision to  
10 redirect the allocation pursuant to this subsection (e)(6).

11 (7) The Controller shall audit the Fund and expenditures from the Fund every  
12 five years, or more often in his or her discretion.

13 (f) Revenue Bond Authority. In order to carry out the purposes of this Section 16.135,  
14 the Board may from time to time authorize the issuance of lease revenue bonds under Charter  
15 Section 9.107 or lease financing arrangements under Charter Sections 9.108 and 8A.102,  
16 secured by monies deposited into the Fund, for the purpose of improving the transportation  
17 network in San Francisco as provided in categories (1), (2), and (6) in subsection (d) above. The  
18 Controller is authorized to issue lease revenue bonds or other lease financing arrangements as  
19 authorized by the CTA, secured by monies deposited into the Fund, for the purpose of improving  
20 the transportation network in San Francisco as provided in categories (3), (4), and (5) in  
21 subsection (d) above.

22 (g) Term. Except as provided in subsection (h) below, this Section 16.135 shall, by  
23 operation of law, become inoperative on July 1, 2041, and on or after such date the City  
24 Attorney shall cause this Section 16.135 to be removed from the Charter.

1           (h) Early Termination. At any time before January 1, 2017, the Mayor, after consulting  
2 with his or her Budget Director and the Controller, and after taking into account the City's  
3 projected revenues and expenditures in the City's financial plans, may terminate implementation  
4 of this Section 16.135 by issuing a written notice to the Board of Supervisors and the Controller.  
5 The termination shall be irrevocable and apply to this entire Section. Upon the Mayor's  
6 submittal of the notice to the Controller and the Board of Supervisors, this Section 16.135 shall,  
7 by operation of law, become inoperative, and the City Attorney shall cause this Section to be  
8 removed from the Charter.

**LEGISLATIVE DIGEST**

*(Third Draft, 7/7/2016)*

[Charter Amendment - Homeless Housing and Services Fund and Budget Set-Aside; Transportation Improvement Fund and Budget Set-Aside]

**Describing and setting forth a proposal to the voters, at an election to be held on November 8, 2016, to amend the Charter of the City and County of San Francisco to: create a Homeless Housing and Services Fund and appropriate \$12.5 million to the Fund in fiscal year 2016-2017 and \$50 million annually to the Fund, adjusted for changes in discretionary City revenues, for the next 24 years; and create a Transportation Improvement Fund and appropriate \$25.4 million to the Fund in fiscal year 2016-2017 and \$101.6 million annually to the Fund, adjusted for changes in discretionary City revenues, for the next 24 years, and authorize the City to issue indebtedness secured by monies deposited in the Transportation Improvement Fund.**

Existing Law

The City currently does not have a special fund or mandatory level of funding for homeless housing and services. The City has a Municipal Transportation Fund for operations of the Municipal Transportation Agency (MTA); the Municipal Transportation Fund receives various transit- and transportation-related revenues as well as an annual baseline appropriation. The City currently does not have a special fund or mandatory level of funding for street resurfacing.

Amendments to Current Law

The proposal is a charter amendment that would establish two new special funds/budget set-asides in the Charter.

**Homeless Housing and Services Fund**

First, the proposal would create a Homeless Housing and Services Fund. In fiscal year 2016-2017, the City would appropriate \$12.5 million to the Fund. Beginning in fiscal year 2017-2018 and for the next 24 years, the City would appropriate \$50 million to the Fund each year. The amount of the appropriation would be adjusted annually for changes in discretionary City revenues. Monies in the Fund would be used to provide services to the homeless, including programs to prevent homelessness, create exits from homelessness, and move homeless individuals into more stable situations. Such programs could be designed to address the needs of specific at-risk populations. Monies in the Fund could be used for both operations of these programs and capital investments required to maintain or expand system infrastructure needs.

The Fund would end on June 30, 2041. Up until January 1, 2017, the Mayor would have the one-time authority to terminate the Fund immediately, based on his or her review of the City's financial condition.

Appropriations to the Fund would not be counted as aggregate discretionary City revenues for purposes of adjusting other appropriations baselines and set-asides set in the Charter.

### **Transportation Improvement Fund**

Second, the proposal would create a Transportation Improvement Fund. In fiscal year 2016-2017, the City would appropriate \$25.4 million to the Fund. Beginning in fiscal year 2017-2018 and for the next 24 years, the City would appropriate \$101.6 million to the Fund each year. The amount of the appropriation would be adjusted annually for changes in discretionary City revenues.

Monies in the Fund would be used to improve the transportation network in San Francisco as follows:

Category 1: 12.4% of appropriations to the Fund each year would go to the Municipal Transportation Agency ("the MTA") for Muni Transit Service and Affordability, to mitigate identified deficiencies in transit service to low-income and transit-dependent communities and to provide transit service affordability for low- and moderate-income youth, seniors, and people with disabilities, and to supplement the Municipal Transportation Agency's reserves to protect against service cuts in future years.

Category 2: 18.8% of appropriations to the Fund each year would go to the MTA for Muni Fleet, Facilities, and Infrastructure Repair and Improvement. The money would be used to keep Muni's vehicle fleet in good repair through timely vehicle replacement and rehabilitation, and to expand the fleet through acquisition of additional vehicles. The money also would be used to repair and upgrade MTA facilities, including stations, and their escalators and elevators, and to fix or replace rails, overhead wires and other fixed guideway infrastructure. In any year in which the MTA would otherwise be required to adopt service reductions as part of its budget, the MTA would transfer some or all of this allocation to Muni Transit Service and Affordability (Category 1) to offset those service reductions.

Category 3: 9.4% of appropriations to the Fund each year would go to the County Transportation Authority ("the CTA") for Transit Optimization and Expansion. The money would be used to plan, design and deliver projects to improve the efficiency and enhance the service of the existing transit system, as well as to expand the capacity of the system, and to provide funding for planning, design, education, outreach, evaluation, and capital investment in supportive transportation infrastructure for transit-oriented development.

Category 4: 14.1% of appropriations to the Fund each year would go to the CTA for Regional Transit and Smart System Management. The money would be used to:

improve reliability and increase capacity in regional transit systems serving San Francisco, including BART and Caltrain; fund long-range regional network planning and design studies and/or capital improvements; fund technology-enabled system corridor management strategies for regional highways and associated surface arterial approach/distribution streets; and fund demand management strategies, education, and outreach to promote sustainable travel choices.

Category 5: 12.4% of appropriations to the Fund each year would go to the CTA for Vision Zero Safe and Complete Streets. The money would be used to: fund infrastructure improvements that promote users' safety and complete streets; fund safety education, outreach, and evaluation; and keep traffic infrastructure and signals in a state of good repair through replacement and upgrade of deteriorated or obsolete signal hardware and adoption of advanced traffic signal technology allowing real-time traffic management and transit and emergency vehicle signal priority.

Category 6: 32.9% of appropriations to the Fund each year would go to the Department of Public Works for Street Resurfacing, to maintain City streets through timely repair and resurfacing programs and preventative maintenance.

In fiscal year 2027-2028, the Board of Supervisors could, by ordinance passed by a two-thirds' vote and with the approval of the Mayor, redirect for the remaining term of the Fund the allocation to Street Resurfacing, as follows: 10% to Regional Transit and Smart System Management, 30% to Muni Transit Service and Affordability, and 20% each to: Muni Fleet, Facilities, and Infrastructure Repair and Improvement; Transit Optimization and Expansion; and Vision Zero Safe and Complete Streets. The Board of Supervisors and the Mayor could not reverse their decision to redirect the Street Resurfacing allocation.

In any fiscal year following the adoption by the voters of a vehicle license fee increase or in which other new revenues became available for street resurfacing, if the City appropriated or the CTA allocated an amount for street resurfacing equal to the amount that would otherwise be allocated under the Fund, the City would transfer 10% of the allocation otherwise going to Street Resurfacing from the Fund to Regional Transit and Smart System Management, 30% to Muni Transit Service and Affordability, and 20% each to: Muni Fleet, Facilities, and Infrastructure Repair and Improvement; Transit Optimization and Expansion; and Vision Zero Safe and Complete Streets.

All allocations from the Fund would go to public agencies and would be subject to the budget and fiscal provisions of the Charter. The proposal would require the Controller to audit the Fund and expenditures from the Fund every 5 years, or more often in his or her discretion.

Under the proposal, the Board of Supervisors could authorize the issuance of lease revenue bonds or other lease financing arrangements to be secured by monies deposited into the Fund to carry out the work in Categories 1, 2, and 6. The Controller could issue lease revenue bonds or other lease financing arrangements on behalf of the CTA, to be secured by monies deposited into the Fund, to carry out the work in Categories 3, 4, and 5.

The Fund would end on June 30, 2041. Up until January 1, 2017, the Mayor would have the one-time authority to terminate the Fund immediately, based on his or her review of the City's financial condition.

Appropriations to the Fund would not be counted as aggregate discretionary City revenues for purposes of adjusting other appropriations baselines and set-asides set in the Charter.

24 of this Section 16.134 by issuing a written notice to the Board of Supervisors and the Controller.  
25 The termination shall be irrevocable and apply to this entire Section. Upon the Mayor's

12 the City shall each year adjust the appropriations required under subsections (a) and (d) by the  
13 percentage increase or decrease in aggregate City discretionary revenues, as determined by the  
14 Controller, based on calculations consistent from year to year. In determining aggregate City

RE: File 160581 – Charter amendment creating a homeless housing and services fund, transportation improvement fund (second draft)

Dear Ms. Calvillo,

Should the proposed charter amendment be approved by the voters, in my opinion, it would significantly increase the cost of government.

The proposed amendment would require general fund contributions to two newly created funds, the Homeless Housing and Services Fund and the Transportation Improvement Fund, of \$12.5 million and \$25.4 million, respectively, in fiscal year (FY) 2016-17 and \$50 million and \$101.6 million, respectively, in FY 2017-18.

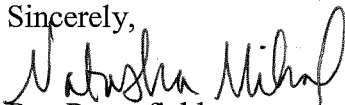

For fiscal years FY 2018-19 through FY 2041-42, contributions to the funds would be equal to the FY 2017-18 contributions adjusted for annual changes in discretionary revenue. The proposed amendment would authorize the City to issue lease revenue bonds or lease financing arrangements for certain categories in the Transportation Improvement Fund.

The Homeless Housing and Services Fund would be used to provide services to the homeless, including programs to prevent homelessness, create exits from homelessness, and move homeless individuals into more stable situations. The fund can be used to support operations of these services and to make capital investments required to maintain or expand system infrastructure needs.

The Transportation Improvement Fund would be used to improve San Francisco's transportation network through investments in transit services and affordability; Muni fleet, facilities, and infrastructure repair and improvement; transit optimization and expansion; regional transit; Vision Zero safer and complete streets; and street resurfacing.

This proposed amendment is not in compliance with a non-binding, voter-adopted city policy regarding set-asides. The policy seeks to limit set-asides which reduce General Fund dollars that could otherwise be allocated by the Mayor and the Board of Supervisors in the annual budget process.

Sincerely,
