RE: Odd Fellows Way

To Whom It May Concern:

I am a former president of the San Francisco Board of Supervisors. I currently serve as the Chief Attorney of the San Francisco Public Defender's Office. I write to offer my support to the effort to name the 600 block of Stevenson Street to Odd Fellows Way.

The renaming of that block is warranted given the long history the Independent Order of Odd Fellows has with the building adjacent to the block and also because the Order has a long history of engaging in public service and cultural events. Since 1885 the Order of Odd Fellows has occupied the corner of Market and Stevenson Street. Even earlier, since 1849, they have engaged in activities that have enriched the city.

I am well aware of the obstacles a street naming can pose, having participated in some during my tenure on the Board of Supervisors. However, since the 600 block of Stevenson Street is a dead end street with no commercial establishments, it poses less opportunity for opposition, even from merely a logistical point of view. As such, I believe it would be an appropriate honor to bestow on an organization that has played a vital role in San Francisco's history.

Re: Changing the name of the 600 Block of Stevenson to Odd Fellows Way

Dear Supervisor Kim:

We here at Trinity Properties wish to communicate to you our strong support for changing the name of the short portion of Stevenson Street between the west side of 7th Street westward to its dead end, to Odd Fellows Way.

The Order Of Odd Fellows has a rich history of contributions to the San Francisco community dating from the late 1800's to the present where they remain active and supportive of a number of public agencies and the local arts. They regularly host various film groups and students at their facility and introduce and expose the burgeoning Mid-Market area to those that otherwise would not have the opportunity to participate in the arts on such a local level.

As large long term stake holders at 8th and Market Streets in close proximity to the Old Fellows building, we at Trinity greatly appreciate and value their contributions, long term commitment and service to the neighborhood and all of San Francisco in general.

Naming this small portion of Stevenson 'Odd Fellows Way' would be a wonderful way of memorializing and honoring the importance of this organization's lasting contributions to the fabric of the City as a whole and our local community in particular.

Thank you for your kind consideration of this opportunity.

Sincerely,

Re: Name change of 600 Block of Stevenson Street to "Odd Fellows Way"

Dear Supervisor Kim,

LightHouse for the Blind & Visually Impaired recently moved into a new headquarters at 1155 Market Street. We are a 114 year old agency serving the blind and visually impaired in San Francisco. We own 1155 Market, currently providing services on the top three floors, the bottom eight rented by the City and County of San Francisco.

As I am sure you know, the Independent Order of Odd Fellows (IOOF) has been a part of the rich history of San Francisco since 1849. With such illustrious members as Charles Crocker, Leland Stanford, and John Lawrence Geary, the Odd Fellows have contributed their time and expertise in service to the citizens of San Francisco.

In the building they built in 1910, on the corner of Market and Stevenson Streets, the IOOF houses not only its own meeting space and historical museum, but provides rental space to a variety of local arts organizations, from artists to dance collectives.

LightHouse for the Blind is proud to have a neighbor with such a rich and varied history of service. We wholeheartedly support the renaming of this section of Stevenson Street to Odd Fellows Way; the name change will honor the contributions the Odd Fellows have made to San Francisco for 167 years.

Re: Street Name Change of the 600 Block Segment of the Dead End Portion of Stevenson Street...From the West Side of 7th Street to its Dead End to "Odd Fellows Way"

Dear Superivor Kim:

SOMA Grand is a high-rise condominium building comprised of 246 residential units, a parking garage and commercial spaces located at 1160 Mission Street between 7th Street and 8th Street. Stevenson Street borders the back of SOMA Grand and is our back entrance.

On behalf of the SOMA Grand community, the Board of Directors is writing to communicate our strong support for changing the name of the 600 block of Stevenson Street from 7th Street to its dead end at Angelo's Alley to Odd Fellows Way.

The Independent Order of Odd Fellows (IOOF) has a rich history of contributions to the San Francisco community dating from the late 1800s to the present. Since 1910, from its current location in its building on the corner of Market Street and Stevenson Street known as the Odd Fellows Building, the IOOF has remained active and supportive of a number of public agencies and the local arts. The IOOF's importance to the Mid-Market neighborhood cannot be underestimated – from regularly hosting host various groups and students at its facility to introducing and exposing the burgeoning Mid-Market area to those who otherwise would not have the opportunity to participate in the arts on such a local level.

Renaming this small portion of Stevenson Street is something San Francisco can do to honor the rich history and community enhancement attributable to the IOOF. SOMA Grand would be proud to share in a small part of its history and importance by bordering Odd Fellows Way.

Aida Plaza Hotel has been a long time well established hotel here on Market Street in San Francisco and has had a long term beneficial relationship with The Odd Fellows and it's members. During that time, I have been impressed with the contributions they have made to the history, physical improvements and economic benefits of this neighborhood and to the city of San Francisco as a whole.

Changing the name would cause no impact to the business on that street and would have great significance to the honor and name of Odd Fellowship.

Market Street Association has been asked to support the changing of the name of the short portion of Stevenson Street between the west side of 7th Street westward to its dead end to Odd Fellows Way.

I have been assured that such a change will not cause any impact because there are no businesses fronting that particular block. A name change will honor the Odd Fellows, which has contributed much to this city for more than a century.

Market Street Association, a non-profit organization dedicated to the revitalization and improvement of Market Street and the surrounding neighborhood supports this request.

The Oddfellows, under the leadership of Pete Sellars, has been a supportive organization of our efforts. They have been a contributor to many of our improvement projects on the street including the activation of United Nations Plaza. Oddfellows has consistently attempted to improve the neighborhood, provide a home to the arts and artists and make Market Street a more vibrant street. We appreciate their commitment and believe they should be honored by a street dedication.

Re: Changing the 600 Block of Stevenson to Odd Fellows Way

Dear Supervisor Kim:

MJM Management Group supports changing the name of the short portion of Stevenson Street between the west side of 7th Street westward to its dead end to "Odd Fellows Way."

As a service provider for the Community Benefit District in the area, we have worked with the Odd Fellows Building management on quality of life issues that impacted the building and those who use it. It is always so helpful to have an organization to partner with us when we try to help keep neighborhood clean and safe. Further, we have worked closely with the Odd Fellows members on community murals, and have attended many community events at various spaces in the building. We truly value their presence in the community.

Such a name change as requested would honor the long history of the organization and their commitment to the neighborhood, even before Central Market took on its new life. As we have been told that this change will not cause impact to other businesses and/or residents because there are no addresses fronting that particular block, we feel this is an appropriate honor to bestow, and will add to the rich and vibrant culture of our city- the name itself will be a great addition in the grand tradition of San Francisco characters, quirks and personality.

Thank you for your consideration.

Re: Street Name Change, 600 block of Stevenson to Odd Fellows Way

Dear Supervisor Kim:

As the manager of the Odd Fellows Temple for over 16 years, I am strongly in favor of changing the name of the 600 block of Stevenson Street to "ODD FELLOWS WAY"

While in and out of my position, I am actively involved in the community. During my management Through the long term tenancy arrangement I made with Alonzo King Lines Ballet, I bring in over 2000 young people into the Odd Fellows Building each day. These include students from The School of the Arts (SOTA) high school and the Dominican University students who are majoring in Fine Arts Dance as well as many others. Other tenants are Richard Perri Fine Arts, Climate Music Project, Wear this Art, and FCC Free Radio to mention a few.

I have in=improved the appearance of the neighborhood by upgrading the exterior of the building and bringing in CVS Pharmacy. The Od Fellows and myself have served on the Community Benefits District (CBD) steering committee to bring in the CBD where we did not have one prior to 2004. I allow other non-profits to use our facilities spaces for events, to make there events successful. I also host the Community\Court for quality of k\liv\fe issues, and first time offenders, for the District Attorney free of charge each n\month. I have hosted many community meetings

The Odd Fellows have involved itself in this community. We are quite aware of our impact and relationship with the city . We also host all elections at our building and regularly allow film groups and schools to produce films and movies on the premises. I bring in endless celebrities to the building and introduce them to the MIDMA . The list is endless and i am always working at improving the area.

The impact the Independent Order of Odd Fellows (IOOF) to San Francisco is immense but often understated. Again, I strongly support having the street name changed it really would be an important step in recognizing the enormous contributions the IOOF have made to this great city.

I encourage and appreciate your consideration and welcome you to come over and visit.

RE: Street Name Change, 600 block of Stevenson to Odd Fellows Way

Dear Supervisor Kim:

As the proprietor of Montesacro Pizzeria-Enoteca I wish to express to you my support for changing the name of the 600 block of Stevenson Street to "Odd Fellows Way"

During the time we have been in business we have had the pleasure of meeting and getting to know the members of and the history and contribution of the Odd Fellows here in the neighborhood and in The city of San Francisco

They have been helpful to us in many ways and I'm impressed with the beneficial contributions they have made to the history, physical improvements and economy of this local community.

Changing the name would cause no impact to the business on that street and would have great significance to the honor and name of Odd Fellowship.

Your acceptance of this proposal is greatly appreciated.

Sincerely,

Gianluca Legrottaglie
Proprietor

Re: Changing the 600 Block of Stevenson to Odd Fellows Way

Dear Supervisor Kim:

I support changing the name of the short portion of Stevenson Street between the west side of 7th Street westward to its dead end to Odd Fellows Way.

Such a change will not cause any impact because there are no businesses fronting that particular block. A name change will honor the Odd Fellows, which has contributed much to this city for more than a century.

I work extensively in the nonprofit and social enterprise community working with residents in the Tenderloin/Mid-Market area.

Thank you for your consideration.

Subject: Renaming of 600 Block of Stevenson Street

Dear Supervisor Kim,

I am writing to express my support for the renaming of the 600 block of Stevenson Street to "Oddfellows Way". I am an artist who has been working in a studio in the venerable Oddfellows Building at 26 7th Street for the past decade. The building is one of the last remaining in Mid-Market that is fully dedicated to the arts and non-profits.

In my experience, in addition to contributing to the historical significance of San Francisco, the Oddfellows have consistently encouraged and enabled artists to remain active in this area of MIDMA, and in doing so have greatly contributed to its renaissance and new vibrancy. Therefore, it is fitting that the 600 block of Stevenson Street be renamed "Oddfellows Way".

Re: Street Name Change, 600 block of Stevenson to Odd Fellows Way

Dear Supervisor Kim:

Over many years I have attended lots of events at the Odd Fellows Building at the corner of 7th Street and Stevenson. I am aware of the many good things that the IOOF is involved in and of the upgrades they have made to their property.

I fully support naming the dead end portion of the 600 block of Stevenson to Odd Fellows Way.

Such renaming will not cause any problems for any person, business or organization and will serve to honor a worthy organization that is the center of an arts revolution in the area.

Dear Supervisor Kim:

The San Francisco Canton #5 is the 150+ years old Paramilitary wing of the Odd Fellows Organization. It is the only paramilitary group in the entire United States of America that has the honor to lay flowers on the Tomb of the Unknown Soldier annually.

As a member in good standing in the San Francisco Canton #5 I have witnessed and participated in the wonderful activities and contributions the Independent Order of Odd Fellows have contributed to San Francisco's history and current development. Over many years there have been lots of events at the Odd Fellows Building at the corner of 7th Street and Stevenson including the rigorous upgrades they have made to their property and the infusion of commerce and arts contributing to the economic health of the Mid Market area (MIDMA).

I fully support naming the dead end portion of the 600 block of Stevenson to Odd Fellows Way.

Dear Supervisor Kim:

Morse Lodge #257 of the Independent Order of Odd Fellows has been an active lodge in the city of San Francisco since 1877. As a member in good standing of Morse Lodge and a frequent participant in events in the Odd Fellows Building, I am in favor of and strongly support renaming the dead end portion of the 600 block of Stevenson Street to **Odd Fellows Way**.

For over a century and a half the Odd Fellows have been an integral part of the social, political and economic fabric of the great city of San Francisco. Additionally, the Odd Fellows regularly host many groups and events and are strong supporters of public and civic agencies as well as local arts.

After sacrificing their first building on the same site of Stevenson and 7th Streets to save the spread of fire from the 1906 quake, they have consistently maintained and improved the Odd Fellows Building and have pursued rigorous upgrades and developments to their property thus making ia considerable upgrade to the local area as well.

For these and many other reasons, I fully support renaming the dead end portion of the 600 block of Stevenson to **Odd Fellows Way**.

Such renaming will not cause any problems for any person, business or organization and will serve to honor a worthy organization that is in the middle of the civic/community revitalization and is the center of an arts revolution in the area.

Re: Street Name Change, 600 block of Stevenson St. to **Odd Fellows Way**

Dear Supervisor Kim:

Morse Lodge #257 of the Independent Order of Odd Fellows has been an active lodge in the city of San Francisco since 1877. As a member in good standing of Morse Lodge and a frequent participant in events in the Odd Fellows Building, I am in favor of and strongly support renaming the dead end portion of the 600 block of Stevenson Street to **Odd Fellows Way**.

For over a century and a half the Odd Fellows have been an integral part of the social, political and economic fabric of the great city of San Francisco. Additionally, the Odd Fellows regularly host many groups and events and are strong supporters of public and civic agencies as well as local arts.

After sacrificing their first building on the same site of Stevenson and 7th Streets to save the spread of fire from the 1906 quake, they have consistently maintained and improved the Odd Fellows Building and have pursued rigorous upgrades and developments to their property thus making a considerable upgrade to the local area as well.

For these and many other reasons, I fully support renaming the dead end portion of the 600 block of Stevenson to **Odd Fellows Way**.

Such renaming will not cause any problems for any person, business or organization and will serve to honor a worthy organization that is in the middle of the civic/community revitalization and is the center of an arts revolution in the area.

Re: Changing the 600 Block of Stevenson to Odd Fellows Way

Dear Supervisor Kim:

Bay City Lodge #71 of the Independent Order of Odd Fellows was founded in 1859 and is a member in the Bay Area District. The Odd Fellows Building on 7th Street provides the meeting venue for the Lodges in the Bay District and Bay City Lodge #71 has been meeting there for over a century and a half.

As an active member in good standing in Bay City Lodge #71, I support changing the name of the short 600 Block portion of Stevenson Street between the west side of 7th Street westward to its dead end to Odd Fellows Way.

The Odd Fellows have made many significant contributions to the development, improvement and history of San Francisco and in the area where the Odd Fellows Building is located, and to this day they are still active in this endeavor.

Such a change will not cause any impact because there are no businesses fronting that particular block. A name change will honor the Odd Fellows, an international organization which has contributed much to this city for more than a century and a half.

Thank you for your consideration.

Sincerely,

Karen Chen

Re: Changing the 600 Block of Stevenson to Odd Fellows Way

Dear Supervisor Kim:

Bay City Lodge #71 of the Independent Order of Odd Fellows was founded in 1859 and is a member in the Bay Area District. The Odd Fellows Building on 7th Street provides the meeting venue for the Lodges in the Bay District and Bay City Lodge #71 has been meeting there for over a century and a half.

As an active member in good standing in Bay City Lodge #71, I support changing the name of the short 600 Block portion of Stevenson Street between the west side of 7th Street westward to its dead end to Odd Fellows Way.

The Odd Fellows have made many significant contributions to the development, improvement and history of San Francisco and in the area where the Odd Fellows Building is located, and to this day they are still active in this endeavor.

Such a change will not cause any impact because there are no businesses fronting that particular block. A name change will honor the Odd Fellows, an international organization which has contributed much to this city for more than a century and a half.

Thank you for your consideration.

Sincerely,

Re: Street Name Change, 600 block of Stevenson St. to **Odd Fellows Way**

Dear Supervisor Kim:

As a member in good standing in Apollo Lodge #123, I am in favor of and strongly support renaming the dead end portion of the 600 block of Stevenson Street to Odd Fellows Way.

For over a century and a half the Odd Fellows have been an integral part of the social, political and economic fabric of the great city of San Francisco.

In my own lifetime, I have witnessed the wonderful activities and contributions the Independent Order of Odd Fellows have contributed to San Francisco's history and current development and I've participated, developed and enjoyed many activities and events at the Odd Fellows Building and have seen the rigorous upgrades and improvements they have made to their property.

I fully support naming the dead end portion of the 600 block of Stevenson to Odd Fellows Way.

Such renaming will not cause any problems for any person, business or organization and will serve to honor a worthy organization that is in the middle of the civic/community revitalization and is the center of an arts revolution in the area.

For over a century and a half the Odd Fellows have been an integral part of the social, political and economic fabric of the great city of San Francisco.

In my own lifetime, I have witnessed the wonderful activities and contributions the Independent Order of Odd Fellows have contributed to San Francisco's history and current development and I've participated, developed and enjoyed many activities and events at the Odd Fellows Building and have seen the rigorous upgrades and improvements they have made to their property.

I fully support naming the dead end portion of the 600 block of Stevenson to Odd Fellows Way.

Such renaming will not cause any problems for any person, business or organization and will serve to honor a worthy organization that is in the middle of the civic/community revitalization and is the center of an arts revolution in the area.

Sincerely,
