17  
18 WHEREAS, The Department of Homelessness and Supportive Housing's ("HSH")

21 compassionate, and high-quality services; and

22 WHEREAS, Proposition C (2018) (Gross Receipts Tax for Homelessness Services)  
23 ("Prop C"), passed by San Francisco voters in November 2018, created the Homelessness  
24 Gross Receipts Tax to fund the Our City, Our Home ("OCOH") program, in order to expand  
25

1 and be complementary to existing funding and strategic efforts to prevent and end  
2 homelessness for San Francisco residents; and

3 WHEREAS, In October 2021, Resolution No. 479-21 was approved by the Mayor and  
4 the Board of Supervisors and authorized the City to negotiate and enter into a sublease  
5 agreement for an approximately 312,000 square foot parking lot (commonly known as the  
6 “Boat Launch Parking Lot”) within the Candlestick Point State Recreation Area (“CPSRA”),  
7 Assessor’s Parcel Block No. 4886, Lot No. 09 (the “Property”) owned by the California State

11 WHEREAS, The Program opened in January 2022, and provided critical resources to  
12 unhoused people residing in the vehicle encampments in the vicinity of CPSRA and other  
13 recreational and passenger vehicles in the Bayview, providing a safe place to stay in their  
14 vehicles while accessing services and connecting to resources within the Homelessness  
15 Response System to support a permanent exit out of homelessness; and

16 WHEREAS, In October 2023, Resolution No. 458-23 was approved by the Mayor and  
17 the Board of Supervisors and authorized the City to negotiate and enter into a new sublease

8 determined by the Director of Property to be fair market value; and

9 WHEREAS, State Parks supports the New Sublease of the Property to the City for

Maintain this Lease in full force and effect and recover the rent and other monetary charges as they become due, without terminating Lessee's right to possession, irrespective of whether Lessee shall have abandoned the Lease Area. State has the remedy described in California Civil Code Section 1951.4 (State may continue the lease in effect after Lessee's breach and abandonment and recover rent as it becomes due, if Lessee has the right to sublet or assign, subject only to reasonable limitations). In the event State elects not to terminate the Lease, State shall have the right to attempt to re-let the Lease Area at such rent and upon such conditions and for such a term, and to do all acts necessary to maintain or preserve the Lease Area as State deems reasonable and necessary without being deemed to have elected to terminate the Lease, including removal of all persons and property from the Lease Area; such property may be removed and stored in a public warehouse or elsewhere at the cost of and for the account of Lessee. In the event any such re-letting occurs, this Lease shall terminate automatically upon the new Lessee taking possession of the Lease Area. Notwithstanding that State fails to elect to terminate the Lease initially under this sub-section, State at any time during the term of this Lease may elect to terminate this Lease by virtue of such previous default of Lessee.
  - ii. Terminate Lessee's right to possession by any lawful means, in which case this Lease shall immediately terminate and Lessee shall immediately surrender possession of the Lease Area to State. In such event, State shall be entitled to recover from Lessee all damages incurred by State by reason of Lessee's default including, but not limited to, the following:
    - (A) The amount of the rent Lessee would have paid for the balance of the term had the Lease not been terminated, plus interest accrued up to the time of the award, minus any rental amount paid to State from re-letting the Lease Area to another lessee during the balance of the term; and
    - (B) Any amount necessary to compensate State for all the detriment proximately caused by Lessee's failure to perform its obligations under this Lease or which in the ordinary course of events would be likely to result therefrom; and
    - (C) At State's election, such other amounts in addition to or in lieu of the foregoing as may be permitted by applicable state law.
- (b) Upon any re-entry to Lease Area, State shall have the right to make any reasonable repairs, alterations or modifications to the Lease Area which State in its sole discretion deems reasonable and necessary.

| RECORDING                    | 56. Lessee shall not record this Lease or a short form memorandum thereof. Any such recordation will, at the option of State, constitute a non-curable default by Lessee hereunder.   |
| AUTHORITY TO CONTRACT        | 57. If Lessee is a public, private or non-profit corporation, each individual executing this Lease on behalf of said Lessee shall provide evidence, which is acceptable to State, that he/she is duly authorized to execute and deliver this Lease on behalf of said Lessee in accordance with a duly adopted resolution of the Board of Directors or in accordance with the Bylaws of said Board, and that this Lease is binding upon said Board of Directors in accordance with its terms.  |
| PARTNERSHIP DISCLAIMER       | 58. Lessee its agents and employees shall act in an independent capacity and not as officers or employees of State. Nothing herein contained will be construed as constituting the parties herein as partners.  |
| MINERAL RIGHTS               | 59. Lessee agrees not to interfere, in any way, with the interests of any person or persons that may hold presently, or in the future, oil, gas, or other mineral interests upon or under said Premises; nor shall Lessee, in any way, interfere with the rights of ingress and egress of said interest holders.  |
| CEQA                         | 60. Any physical changes made to the improvements by Lessee or its agents shall comply with the California Environmental Quality Act (CEQA).  |
| BANKRUPTCY                   | 61. In no event shall this Lease or the leasehold estate become an asset of Lessee in bankruptcy, receivership or other judicial proceedings. Lessee shall be in default under this Lease in the event of any of the following: (a) Lessee becomes insolvent or makes an assignment for the benefit of creditors, (b) a petition in bankruptcy is filed by or against Lessee, (c) a writ of execution is levied against this Lease or the leasehold estate, (d) Lessee abandons or vacates or does not continuously occupy or safeguard the Premises.   |
| AMENDMENTS AND MODIFICATIONS | 62. No amendment, modification, or supplement to this Lease shall be binding on either party unless it is in writing and signed by the party to be bound by the modification.   |
| MUTUAL CONSENT               | 63. Notwithstanding anything herein contained to the contrary, this Lease may be terminated and the provisions of the Lease may be altered, changed, or amended by mutual consent of the parties hereto in writing.   |
| FORCE MAJEURE                | 64. If either Lessee or State will be delayed or prevented from the performance of any act required hereunder by reason of acts of Nature, governmental restrictions, regulations or controls (except those reasonably foreseeable in connection with the uses contemplated by this Lease) or other cause without fault and beyond the control of the party obligated (except financial inability), performance of such act shall be excused for the period of the delay and the period for the performance of any such act shall be extended for a period equivalent to the period of such delay. Nothing in this Paragraph shall excuse Lessee from prompt payment of any rent, taxes, insurance or any other charge required of Lessee, except as may be expressly provided in this Lease. |

Dear Director Quintero and Executive Officer Lucchesi,

The San Francisco Department of Homelessness and Supportive Housing (HSH) is eager to continue our partnership to sublease the boat ramp parking lot at Candlestick Point SRA for an additional two years. This new sublease will allow us to continue to operate a Vehicle Triage Center for people experiencing homelessness and living in their vehicles in the surrounding area.

The San Francisco Board of Supervisor approved this sublease on October 11, 2023, and the lease will be heard by the State Lands Commission in December 2023. As part of this agreement staff from the Department of Parks and Recreation and the State Lands Commission, asked to provide a detailed demobilization plan that articulates how the City intends to close the site and return it to the state during the duration of the lease.

Please see the attached detailed timeline of all action steps required and responsible parties involved in closing the site in a way that ensures that all guests are offered safe alternative shelter and housing options prior to the closure of the site.

Thank you,  
Emily

### Project Description

The Project is the City and County of San Francisco's sublease of a portion of the Candlestick Point State Park Recreation Area that is owned by the State Lands Commission and leased by the State of California Department of Parks and Recreation. The City and County is proposing use of California State Parks Land to continue to operate the Vehicle Triage Center ("VTC") and provide people living in their vehicles with a safe space to park vehicles and access services, including toilets, showers, food, and basic wrap-around services.

HSH will continue to have a Community Based Organization ("CBO") manage the site, with 24X7 staff, including service practitioners familiar with issues regarding vehicle residency who can refer guests to services if needed, along with janitorial service, and security. The City provides food delivery and hygiene services. The City is in the process of repairing SFPUC water and sewer lines for shower and toilet trailers, upgrading the existing electrical infrastructure, and installing solar lighting poles. The City has developed guidelines, procedures and

policies for the site operations. These procedures include sign-in and sign-out procedures, vehicle standards with recommendations from the State Fire Department, length of stay and duration of absence policies. All guests sign participation agreements that outline these guidelines before being admitted into the site.

## Environmental Review

On September 6, 2023, the planning department determined that the Bayview Vehicle Triage Center meets the definition of a low barrier navigation center set forth in Government Code Section 65660(a) and meets the criteria set forth in Government Code Section 65662. Accordingly, the Bayview Vehicle Triage Center is not subject to CEQA.

## General Plan Compliance and Basis for Recommendation

As described below, the proposed Project is consistent with the Eight Priority Policies of Planning Code Section 101.1 and is, on balance, in conformity with the Objectives and Policies of the General Plan.

Note: General Plan Objectives are shown in **BOLD UPPER CASE** font; Policies and Actions are in **Bold** font; staff comments are in *italic* font.

### HOUSING ELEMENT

#### OBJECTIVE 1.C

##### ELIMINATE HOMELESSNESS.

###### Policy 8

Expand permanently supportive housing and services for individuals and families experiencing homelessness as a primary part of a comprehensive strategy to eliminate homelessness.

###### Action 3.3.1

Expand the capacity of temporary shelter models that are low barrier and that incorporate housing-focused case management, such as non-congregate shelter options and Navigation Centers. Per HSH's forthcoming strategic plan, aim to increase temporary shelter investments, along with Permanent Supportive Housing and homelessness prevention investments to improve the rate of successful exits from homelessness to stable housing.

###### Action 3.3.6

Offer safe places to park for unhoused people living in their vehicles and access to financial assistance to help address their barriers to housing.

*The Project would enable the continued operation of the VTC, an existing facility which provides unhoused people living in their vehicles with a safe place to park and access to services including toilets, showers, food, and basic wrap-around services. The VTC is a low-barrier, non-congregate shelter offering supportive services.*

**Planning Code Section 101 Findings**

Planning Code Section 101.1 establishes Eight Priority Policies and requires review of discretionary approvals and permits for consistency with said policies. The Project is found to be consistent with the Eight Priority Policies as set forth in Planning Code Section 101.1 for the following reasons:

1. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced;

*The Project would not impact existing and future neighborhood-serving retail uses.*

2. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods;

*The Project would not impact existing housing. The Project would enable the continued operation of the VTC, which enables unhoused San Francisco residents to continue living in the City thus preserving the City's cultural and economic diversity.*

3. That the City's supply of affordable housing be preserved and enhanced;

*The Project would enable the continued operation of the VTC, which provides unhoused San Francisco residents with shelter and services.*

4. That commuter traffic not impede MUNI transit service or overburden our streets or neighborhood parking;

*The Project would not increase commuter traffic and would not impede MUNI transit service or overburden City streets or neighborhood parking.*

5. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced;

*The Project would have no impact on the City's industrial and service sectors.*

6. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake;

*The Project would enable the continued operation of an existing facility which was constructed in compliance with all relevant regulations. It would not have an adverse effect on City's preparedness against injury and loss of life in an earthquake.*

7. That the landmarks and historic buildings be preserved;

*The Project would have no impact on the City's Landmarks and historic buildings.*

8. That our parks and open space and their access to sunlight and vistas be protected from development;

*The Project would enable the continued operation of the VTC, which is located in the northernmost parking lot of the Candlestick Point State Recreation Area (SRA). This parking lot is situated approximately ¼ mile north of the main gate of the SRA and is accessed from outside the SRA. The SRA includes several parking lots accessed from the main gate which continue to be available to SRA patrons. The VTC is located back from the shoreline which remains accessible to SRA patrons. Continued operation of the VTC would not negatively impact the City's parks and open space and their access to sunlight and vistas.*

**Recommendation: Finding the Project, on balance, is in conformity with the General Plan**

## MEMO

**TO:** Ronald Alameida, San Francisco Public Works

**FROM:** Don Lewis, Senior Environmental Planner

**DATE:** September 6, 2023

**PROJECT:** Bayview Vehicle Triage Center

**SUBJECT:** Planning Department / Environmental Review Officer Concurrence  
California Environmental Quality Act (CEQA) Exemption per AB 101

This memorandum is in response to a memorandum from San Francisco Public Works dated August 30, 2023 requesting Planning Department confirmation that no environmental review is required for the proposed Bayview Vehicle Triage Center at Candlestick Point State Recreation Area at 500 Hunters Point Expressway. The memo will confirm that the proposed Bayview Vehicle Triage Center is not subject to the California Environmental Quality Act (CEQA) pursuant to California law set forth in Assembly Bill 101, California Government Code Sections 65660 – 65668 (AB 101).

AB 101 provides that a low barrier navigation center that meets certain criteria and is located in a mixed-use zoning district or a non-residential zone that permits multifamily uses is a use by right and is not subject to CEQA (Government Code Section 65660(b)). A “use by right” is defined in Government Code Section 65583.2(i) to mean that the local government’s review of the use may not require a conditional use permit, planned unit development permit, or other discretionary local government review or approval that would constitute a “project” for purposes of CEQA.

The zoning designation for this site is Public (P). This zoning district could be classified as a “non-residential zone” because most of the allowed uses are non-residential. Further, the P zoning can be classified as permitting “multifamily uses” because homeless shelters serve multifamily populations. A homeless shelter that is owned, operated, or leased by the City and County of San Francisco is a principally permitted use in the P District on a permanent basis pursuant to Planning Code Section 211.1(b). Therefore, the Bayview Triage Center would be considered a principally permitted use in the P zoning district.

The memorandum dated August 30, 2023 from Public Works explained how the proposed Vehicle Triage Center complies with the criteria set forth in AB 101. While this proposed Vehicle Triage Center is a little different from other navigation centers currently operating in the City, the proposal meets the definition of a low barrier navigation center set forth in Government Code Section 65660(a) and meets the criteria set forth in Government Code Section 65662. Accordingly, the Bayview Vehicle Triage Center is not subject to CEQA.

**To:** Honorable Members of the San Francisco Board of Supervisors

**From:** San Francisco Department of Homelessness and Supportive Housing

**Date:** June 2, 2025

**Subject:** Retroactive Sublease Agreement – Candlestick Point State Recreation Area – Vehicle Triage Center

---

This Resolution seeks retroactive authorization and approval for the Director of Property, on behalf of the Department of Homelessness and Supportive Housing (“HSH”), to negotiate and enter into a new sublease agreement for a portion of the Candlestick Point Recreation Area (the “Property”) for continued use as a Vehicle Triage Center with the California Department of Parks and Recreation (“State Parks” as a Sublandlord for HSH.

Following approval of the original sublease in October 2023, State Parks requested additional amendments to the approved form of sublease which are needed for the City to close out final payments for use of the Property.

The Director of Property, on behalf of HSH and in consultation with the Office of the City Attorney has negotiated a new sublease that reflects appropriate signatories, cash rent in place of in-kind rent retroactive from the retroactive commencement date of January 13, 2024, with an expiration date of April 11, 2025, in addition to other agreed upon revisions (the “New Sublease”).

A request for retroactive approval is being sought because the effective date of the New Sublease is January 13, 2024. The additional amendments requested by State Parks resulted in additional review and further negotiations while the City’s tenancy remained in holdover. Board of Supervisors authorization and approval of the New Sublease is needed for the city to close out final payments for the use of the Property as the Bayview Vehicle Triage Center through April 11, 2025.

If you have questions about the retroactive request for approval, please contact Dylan Rose Schneider, HSH Manager of Legislative Affairs, at [dylan.schneider@sfgov.org](mailto:dylan.schneider@sfgov.org).

**RE: Retroactive Sublease Agreement – Candlestick Point State Recreation Area – Vehicle Triage Center**

Dear Honorable Board Members:

Attached for your consideration is a Resolution retroactively authorizing and approving the Director of Property, on behalf of the Department of Homelessness and Supportive Housing ("HSH"), to negotiate and enter into a new sublease agreement for a portion (312,000 square feet) of Candlestick Point Recreation Area ("the Property") for continued use as a Vehicle Triage Center with the California Department of Parks and Recreation ("State Parks") as a Sublandlord for HSH.

Following approval of the original sublease in October 2023, State Parks requested additional amendments to the approved form of sublease which are needed for the City to close out final payments for use of the Property. The Director of Property, on behalf of HSH and in consultation with the Office of the City Attorney has negotiated a new sublease that reflects appropriate signatories, cash rent in place of in-kind rent retroactive from the retroactive commencement date of January 13, 2024, with an expiration date of April 11, 2025, in addition to other agreed upon revisions (the "New Sublease").

HSH closed the Bayview Vehicle Triage Center in April 2025, as the program did not meet expectations and the City is moving in a different direction to address vehicular homelessness.

Both the Executive Director of HSH and I recommend approval of the proposed Resolution. If you have questions regarding the New Sublease, please contact me at 415.554.9850 or [Andrico.penick@sfgov.org](mailto:Andrico.penick@sfgov.org). If you have questions regarding the use of the property by HSH, please contact Dylan Schneider at 628.652.7742 or [dylan.schneider@sfgov.org](mailto:dylan.schneider@sfgov.org).
