Section 3. Required Data.

(a) The description, location, and boundary of the landmark site consists of the footprint of the Alexander Adams Home, located on Assessor’s Parcel Block No. 2603, Lot No. 009, on the east side of Masonic Avenue between Frederick and Java Streets in San Francisco’s Haight Ashbury neighborhood, as shown in the Landmark Designation Fact Sheet.

(b) The characteristics of the landmark that justify its designation are described and shown in the Landmark Designation Fact Sheet and other supporting materials contained in Planning Department Record Docket No. 2026-001889DES. In brief, the Alexander Adams Home, located at 1450 Masonic Avenue, is eligible for local designation as an exemplary example of Queen Anne architecture. The property was constructed in 1891 in the Haight Ashbury neighborhood. Alexander P. Adams was the original homeowner and also served as builder, with assistance from day laborers. Mr. Adams was owner of coffee roasting company, A.P. Adams & Company; and along with M.E. Adams was the proprietor of Lind Vineyard Wine Cellar. The home was built at a time early in Haight Asbury’s development history when many of the surrounding lots were not yet improved. The property is an exemplary example of Queen Anne architecture, and a 1960 San Francisco Chronicle article featured the property’s dome for its unique Russian-styled onion shape.

(c) The particular features that should be preserved, or replaced in kind as determined necessary, are those generally shown in photographs and described in the Landmark Designation Fact Sheet, which can be found in Planning Department Record Docket No. 2026-001889DES, and which are incorporated in this designation by reference as though fully set forth herein. This designation does not identify any interior character-defining features. Specifically, the features that are character-defining and shall be preserved or replaced in kind

1 are the exterior elevations, form, massing, structure, rooflines, architectural ornament, and
2 materials of the property, identified as:

- 3 (1) Location of the house on the property with front and side setbacks;
- 4 (2) Two-story height over basement;
- 5 (3) Complex roof shapes;
- 6 (4) Octagonal tower with corner blocks and onion shaped, fish-scaled wood
7 shingled dome with finial;
- 8 (5) Asymmetrical facade;
- 9 (6) First and second level front porches with wood railings; arches with floral and
10 geometric detailing, and lower level front facing gable with sunburst;
- 11 (7) Angled corner front bays with wood windows with grids and ogee lugs;
- 12 (8) Stained glass windows and transoms at front;
- 13 (9) Round and circular shingled cladding; and
- 14 (10) Roof balcony with balustrade.

15
16 Section 4. Effective Date.

17 This ordinance shall become effective on the 31st day after enactment. Enactment
18 occurs when the Mayor signs the ordinance, the Mayor returns the ordinance unsigned or
