## Homekey Round 3 Notice of Funding Availability (NOFA)

Homekey Round 3 Application

### State of California Governor Gavin Newsom

Lourdes M. Castro Ramírez, Secretary
Business, Consumer Services and Housing Agency

Gustavo Velasquez, Director
Department of Housing and Community Development

2020 West El Camino Avenue, Suite 150, Sacramento, CA 95833

Telephone: (916) 263-2771

Website: https://www.hcd.ca.gov/grants-and-funding/homekey

Email: Homekey@hcd.ca.gov

**April 24, 2023** 

#### **Homekey Round 3 Project Overview**

§401 Pre-Application Consultation Requirement

Has the Eligible Applicant completed a pre-application survey and received approval from the Department to submit an Application? Pre-application surveys will be available upon the release of this NOFA and may be requested by emailing Homekey@hcd.ca.gov.

Yes

Rev 4/23/2023

#### Instructions

"Yellow" shaded cells are for Applicant input. Failure to submit a complete application including the required documentation may result in the need for you to amend and resubmit your application resulting in your application's HCD review to be repositioned to the date of resubmittal.

"Red" shaded cells indicate the Applicant has likely failed to meet a Homekey requirement. 'Applicant Scoring Criteria' worksheet cells shaded in "red" indicate that the Applicant has failed to meet the minimum points required.

"Orange" shaded cells' indicate required attachments. Electronically attached files must use the naming convention in the Application. For Example: "Housing Site Map" for the map indicating the original target housing location and all proposed housing location(s).

"Green" shaded cells indicate HCD Use Only.

"Blue" shaded cells indicate Application scores

NOFA section references are made with "§" and the corresponding NOFA section number.

Please don't hesitate to contact us with any questions or if you need assistance in completing this application.

For general Homekey NOFA and program questions, email: homekey@hcd.ca.gov.

For application specific assistance, complete the 'App Support' worksheet & email your Excel application to: homekey.help@hcd.ca.gov

For appeals, submit to: homekeyappeals@hcd.ca.gov

§202 Eligible Projects Other describe below

Other Eligible Projects not listed above (describe below)

Tourist hotel converted to Interim Housing under Homekey

§202(viii). Applicant acknowledges Homekey Assisted Units previously awarded under Rounds 1 and 2 of Homekey funding are ineligible for Homekey Round 3 funding.

Project Narrative

685 Ellis is a tourist hotel built in 1927. The property was identified as a semi-congregate shelter site during the Covid-19 pandemic when shelters were closed. This property has been operated as an interim housing site since it was purchased by the City and County of San Francisco (CCSF) in December 2022. This project is for acquisition only of this 78 unit hotel, with individual bathrooms, and will be operated as a 67 unit Interim Housing under Homekey. The CCSF is evaluating the existing conditions to perform a major renovation of the property in 3 years and convert it to Permanent Supportive Housing. However, this application is for acquisition and interim housing operations at this time. CCSF is still crafting the conversion plan and waiting for additional guidance from HCD on what they want to see in the plan.

Scope of Work (Please include a clear, precise description of the work to be performed; the services to be provided; and all other goals, objectives, and deliverables to be fulfilled.) This project is for the acquisition of 685 Ellis for use as Interim Housing under Homekey. The project will serve as interim housing, with robust wrap around services, for the next 3 years while a detailed rehabilitation plan is developed. This property is being used as interim housing and will continue to be used as interim housing under the Homekey program. This application is for acquisition costs only

anally award up to four (4) single-family home scattered site housing Projects up to \$10 million each.

As described in §203 and §207(1)(c), the Department may conditionally award up to four (4) single-family home scattered site housing Projects up to \$10 million each. Applicants for this project type must meet all requirements identified in §300, and submit all documents required in the Application Upload Checklist with the following exceptions:

- i. Applicant acknowledges that the Eligible Projects under this project type must provide evidence of site control (as defined in §300) within 60 days from the date of the conditional award. Note: Failure to meet this requirement will rescind the conditional award.
- ii. Applicant acknowledges that the Eligible Projects under this project type must meet the following threshold requirements (a-d below), within 90 days from the date of the conditional award. Note: Failure to meet this requirement will rescind the conditional award.
  - a. Relocation narrative, as defined in §300;
  - b. Appraisal, as noted in the Application Upload Checklist;
  - c. PNA or equivalent evidence of rehabilitation costs, as noted in the Application Upload Checklist; and
  - d. Phase 1 ESA or equivalent, as noted in the Application Upload Checklist.

#### §203 Geographic Distribution and Allocations - Homeless Youth Allocation

Unless otherwise indicated, all scoring criteria and other NOFA provisions shall govern the allocation awards provided under this NOFA. Homekey Projects are not required to serve only Homeless Youth, or Youth at Risk of Homelessness, Homekey Projects proposing to serve Homeless Youth, or Youth at Risk of Homelessness, may also serve other qualifying members of the Target Population. At the close of the application period, any unused funds from this allocation shall be reallocated to the Discretionary Reserve and shall be subject to the prioritization methods therein.

Applicant acknowledges that to qualify under Homeless Youth Allocation, Projects that meet the threshold requirements of Article III, as well as the following criteria, will be prioritized for Homeless Youth allocation funds:

- Have at least 25% of Assisted Units reserved for Homeless Youth or Youth at Risk of Homelessness;
- Have jointly applied and/or partnered with a nonprofit corporation(s), including community-based organization(s), with at least three years of experience serving current or former Foster Youth, Homeless Youth, or Youth at Risk of Homelessness; and
- Provide Supportive Services for Youth Assisted Units using a Positive Youth Development (PYD) model and trauma- informed care. Services may include, but are not limited to, case management, income supports, educational and employment counseling, life skills, legal assistance, health and wellness, and family connection services.

#### §303 Other Requirements

i. Applicant acknowledges that Homekey may fund all units in a Project or a portion of the units. If seeking Homekey funding for a portion of the units in a given project, Applicants must identify committed sources for the non-Homekey units. The non-Homekey units are not required to serve the Homekey Target Population and may therefore be restricted at higher AMI levels, which may help promote project feasibility.

a. If at time of acquisition, an existing tenant's household income is at or below 50% AMI, but the tenant does not qualify as a member of the Target Population, the tenant may remain in place and the unit may still be funded by Homekey. When, in the course of normal tenant turnover, the ineligible household moves from the unit, the Applicant acknowledges that the unit shall thereafter be occupied by the Target Population?

Note: There should be no more than 49 percent of the Assisted Units that do not meet the Target Population at the time of acquisition. An existing household who meets the Target Population definition or was a member of the Target Population at the time they moved into the property will not be counted towards the 49 percent cap. Evidence confirming that existing tenants qualify as either at or below 50% AMI or Target Population will be required of the Applicant.

ii. Applicant acknowledges that at year 15 from the recordation of the Affordability Covenant, in circumstances where the Grantee has exhausted available operating funding and demonstrated to the Department that the Project is no longer feasible, the Department may approve an increase in income levels, to the minimum extent required for fiscal integrity, in five percent increments of Assisted Units up to 50 percent AMI?

iii. Applicant acknowledges that the Department reserves the right to set restrictions on the unit mix, rent levels, and other factors deemed necessary. To the maximum extent possible, these changes shall minimize the impact on the lowest income Project residents and shall be phased in as gradually as possible. If, following any increase in rents and income limits, or modification of Target Population occupancy requirements, new resources become available, or market demand changes, allowing reversion to the former income and rent limits or Target Population occupancy requirements, the Department may re- impose these income limits and rent limits or Target Population occupancy requirements, in whole or in part, subject to an analysis of Project feasibility?

iv. Applicant acknowledges that in addition to §300 above, Applicants purchasing affordability covenants and restrictions will also be evaluated on the following requirements:

a. The Grantees that purchase affordability covenants and restrictions for existing residential units shall restrict those units to individuals and families who are Homeless or who are At Risk of Homelessness, as defined in 24 CFR part 578.3. Such restriction shall run for 55 years.

v. Applicant acknowledges that in addition to §300 above, master leasing projects will also be evaluated on the following requirements:

a. The Grantee shall provide a 15-year plan from the recordation of the use restriction to cover operations and service costs for the Project with specific funding sources (government/philanthropic/private).

vi. Applicant acknowledges that Homekey Grantee(s) shall not, for the duration of this Agreement, sell, assign, transfer, or convey the Project, or any interest therein or portion thereof, without the express prior written approval of the Department?

#### §500 Article XXXIV

Applicant acknowledges per HSC §37001, subdivision (h)(2), article XXXIV, §1 of the California Constitution is not applicable to a development that consists of the acquisition, rehabilitation, reconstruction, alterations work, new construction, or any combination thereof, of lodging facilities or dwelling units using moneys received from the CSFRF established by the federal American Rescue Plan Act of 2021 (ARPA) (Public Law 117-2)? As such, Article XXXIV is not applicable to Homekey funded development.

#### §501 Housing First

Applicant acknowledges that the Eligible Applicant shall certify to employ the core components of Housing First, as set forth at Welfare and Institutions Code section 8255(b), in its property management and tenant selection practices? Projects shall accept tenants regardless of sobriety, participation in services or treatment, history of incarceration, credit history, or history of eviction in accordance with practices permitted pursuant to Housing First practices, including local Coordinated Entry System prioritization protocols, or other federal or state Project funding sources.

#### §502 Tenant Selection and Participant Selection

Applicant acknowledges that referrals to Homekey Assisted Units shall be made through the local Coordinated Entry System (CES) or another comparable prioritization system based on greatest need. All referral protocols for Homekey Assisted Units must be developed in collaboration with the local CoC and implemented consistent with the requirements set forth in this NOFA. CoC collaboration in Project and Supportive Service design is also strongly encouraged to help target and serve greatest need populations. If referrals will be made using a prioritization system other than CES, the Applicant must describe the plan for tenant and participant selection, and it shall be reasonably detailed and comprehensive, as determined by the Department in its sole and absolute discretion. For Grantees utilizing HOME-ARP funds as match, this includes descriptions of any system that are consistent with HOME-ARP referral methods as described in HUD Community Planning and Development (CPD) Notice 21-10. The CES Participation and CoC Coordination document can be found on the Homekey website.

No utilities will be charged to the interim housing clients. Homekey restricts units to the Target Population and Greatest Need, not a specific AMI per the definition of Target Population in the NOFA. However the application spreadsher requires an AMI to make the rest of the spreadsheet work so we chose 30% AMI. We do not expect to restrict the AMI to anything other than "greatest need."

"Article VII(xiv) "Enforceable Funding Commitment" means a letter or other document, in form and substance satisfactory to the Department, which evidences an enforceable commitment of funds or a reservation of funds by a Project funding source, and which contains the following: a. The name of the Applicant; b. The Project name; c. The Project site address, assessor's parcel number, or legal description; and d. The amount, interest rate (if any), and terms of the funding source. The Enforceable Funding Commitment may be conditioned on certain standard underwriting criteria, such as appraisals, but may not be generally conditional. Examples of unacceptable general conditions include phrases such as "subject to senior management approval," or a statement that omits the word "commitment," but instead indicates the lender's "willingness to process an application" or indicates that financing is subject to loan committee approval of the Project.

Contingencies in commitment documents based upon the receipt of tax-exempt bonds or low-income housing tax credits will not disqualify a source from being counted as committed.

Note: Where local sources may be dependent upon future budget allocations or are in the process of being allocated, Applicants can demonstrate funding commitments by submitting one of the following:

i. A formal letter, on official letterhead, from the Local Public Entity's governing body or from an official with authority, that demonstrates the Local Public Entity's intent to commit the funds to the Eligible Project (by name) upon allocation approval. These funding commitments will be noted in the Homekey Standard Agreement.

Applicant comments: Include a description of balloon payments and unusual or extraordinary circumstances that have resulted in higher than expected Project costs and provide a justification as to why these costs are

This application is for acquisition reimbursement costs only

Applicant Comments:

#### §300(iii) Supportive Services Plan (SSP)

#### Part I. Tenant Selection

\$502 asks for a detailed description of the Tenant Selection process. Using the titled sections below, the narrative should be as specific as possible, delineating the roles of property management and the support service provider and how these functions will be coordinated. Your description should clearly and conclusively document processes to ensure compliance with the Homekey Round 3 NOFA for Tenant Selection and Housing First Practices.

#### Section 1: Tenant Selection Criteria

Target Population and Eligibility Criteria

a. Do you use Housing First Practices?

b. Describe the criteria that will be used to ensure that tenants are eligible to occupy the Homekey Assisted Units.

Rev 4/23/2023

All participants will be referrred to the program through the City of San Francisco's Coordinated Entry System, designated to serve homeless adults, TAY, and families referred through the ONE System established by the Department of Homelessness and Supportive Housing. All referrals for vacancies come from the Coordinated Entry Access Points. Households referred to interim housing vacancies through CE have been prioritized via an assessment administered by the City's Access Points. Homeless adults who are prioritized for housing in the CE are currently experiencing homelessness. Factors that affect prioritization for housing in the CE are vulnerability, chronicity of homelessness, and barriers to housing.

c. Description of the Target Population to be served, and identification of any additional subpopulation target or occupancy preference for the Project. (all sub-population targeting must be approved by HCD prior to standard agreement issuance and must be consistent with federal and state fair housing requirements).

Adults experiencing homelessness

d. Describe any additional eligibility criteria other than those indicated above, i.e., information needed to determine if the tenant can comply with lease terms. **NOTE:** Selection criteria designed to assess anything other than the ability to comply with lease terms generally run afoul of fair housing laws designed to protect equal access to housing for people with disabilities. See Between the Lines, A Question and Answer Guide on Legal Issues in Supportive Housing Chapter 4.

All placements will be made using the core components of Housing First which are low barrier at entry, as set forth in the Welfare and Institutions Code Section 8255. Placements will be referred based on eligibility and occupancy standards and Homekey target population definitions. There are no minimum income requirements. Homeless status will be verified in writing. All placements may request a reasonable accommodation as part of the referral process.

e. Identify all disclosures that will be provided to applicants/tenants. Example: Megan's Law disclosures, HMIS reporting, etc.

The occupancy package includes a full set of disclosures as required by law. This includes, but is not limited to, disclosures and policies such as bed bug disclosures, grievance policy, reaonable accommodation policy, smoke detector notice, guest policy, community rules, and Covid-19 addendum.

#### Section 2: Referrals

The following addresses the required use of the Coordinated Entry System (CES) for all referrals into Homekey Assisted Units or an alternate comparable prioritization system for those At Risk of Homelessness based on greatest need. Note that use of standard waiting lists is prohibited, in that both of these systems must prioritize referrals based on highest acuity needs, rather than first-come first served.

a. Describe how the local CES will be used to fill Homekey Assisted Units based on the use of a standardized assessment tool which prioritizes those with the highest need and the most barriers to housing retention. Include the CES agency's name, primary staff person's name, and contact information. If the local CES is not yet operational, describe when it'll be established and the plan to use it.

The City of San Francisco's Coordinated Entry is the foundation of the Homelessness Response System (HRS) and is designed to assess, prioritize and match people experiencing homelessness to housing opportunities. Coordinated Entry organizes the Homelessness Response System with a common population-specific assessment, a centralized data system, a "by name" database of clients and a prioritization method. Coordinated Entry Access Points are the community gateways into San Francisco's Homelessness Response System and serve: Adults, Families and Transitional Age Youth. CE Access Points are located throughout the City and are operated by local non-profit service providers. At these community Access Points, eligible adults, youth and families experiencing homelessness are provided with Problem Solving opportunities, shelter, housing opportunities, and other services in San Francisco. The city operates separate Access Points for adults, families, and youth, which are designed to facilitate access to the HRS for each population. All Access Points provide the same assessment approach, including standardized decision-making based on the unique needs of the individuals and families they are designed to serve. The Department of Homelessness and Supportive Housing adopted updated CES Standards on May 2, 2022.

b. If using a separate comparable prioritization system than CES to refer persons At Risk of Homelessness describe that system. All referral protocols for Homekey Assisted Units must be developed in collaboration with the local CoC and implemented consistent with the requirements set forth in the Homekey NOFA.

N/A

#### Section 3: Housing First Certification §501

The Eligible Applicant shall certify to employ the core components of Housing First, as set forth at Welfare and Institutions Code §8255, subdivision (b), in its property management and tenant selection practices. Complete the checklist below to certify compliance with Housing First.

#### Tonant Scrooning

- 1. If the project cannot serve someone, it works through the coordinated entry process to ensure that those individuals or families have access to housing and services elsewhere.

  2. The project does everything possible not to reject an individual or family based on poor credit or financial history, poor or lack of rental history, minor criminal convictions, or behaviors that are interpreted as indicating a lack of "housing readiness."
- 3. Access to the project is not contingent on sobriety, minimum income requirements, lack of a criminal record, completion of treatment, participation in services, or any other unnecessary condition not imposed by the terms of the funding itself.
- 4. People with disabilities are offered clear opportunities to request reasonable accommodations within applications and screening processes and during tenancy. Building and units include physical features that accommodate disabilities.

#### Housing-Based Voluntary Services

- 1. If serving youth experiencing homelessness, services use a positive youth development model and culturally competent services to engage with tenants.
- 2. Services are informed by a harm-reduction philosophy that recognizes that substance use/ addiction are a part of some tenants' lives. Tenants are engaged in non-judgmental communication regarding substance use and are offered education regarding safer practices and how to avoid risky behaviors.
- 3. Case managers and service coordinators who are trained in and actively employ evidence-based practices for client engagement, including, but not limited to, motivational interviewing and client-centered counseling.
- 4. Participation in services or compliance with service plans are not conditions of tenancy but are reviewed with tenants and regularly offered as a resource to tenants. Housing and service goals and plans are highly tenant driven.
- 5. Supportive services emphasize engagement and problem-solving over therapeutic goals.

#### Housing Permanency

- 1. Substance use in and of itself, without other lease violations, is not considered a reason for eviction.
- 2. Tenants in supportive housing are given reasonable flexibility in paying their share of rent on time and offered special payment arrangements for rent arrears and/or assistance with financial management, including representative payee arrangements.
- 3. Every effort is made to provide a tenant the opportunity to transfer from one housing situation, program, or project to another if tenancy is in jeopardy. Whenever possible, eviction back into homelessness is avoided.
- 4. Program Requires Housing Providers to Provide Tenants with Leases and Reflects Tenants' Rights & Responsibilities Of Tenancy Under CA Law (including eviction protections).

1. Describe the accessibility of community services to which you propose linkages, whether they are on-site or in close proximity to the Project, and the frequency, travel time and cost to the tenant for transportation required to access the services to include both public transportation and private transportation services (e.g. van owned by the provider). If available, provide documentation, in the form of Memorandum of Understanding, Memorandum of Agreement, letters of support or contracts demonstrating who will be responsible for ensuring access to services and how accessibility will be accomplished.

In order to provide wrap around services, the onsite supportive services team partners with many community providers including behavioral health and substance abuse services, medical and psychiatric providers, the Department of Public Health, police, paramedics, EMS6, crisis response, hospital and jails, money management providers, San Francisco Human Services Agency public benefits division, Social Security Administration, Meals on Wheels, and the Conservators Office. Whenever possible, these services are delivered on site at no cost to the program participants. Additionally, the building is located within walking distance to major public transit options (BART Train and MUNI bus lines). The operating or services budgets can be revised to include funding for transportation needed to access services, depending on needs presented.

2. Describe how the supportive services will be provided in a manner that is culturally and linguistically competent for persons of different races, ethnicities, sexual orientations, gender identities, and gender expressions. This includes explaining how services will be provided to Homekey tenants who do not speak English, or have other communication barriers, including sensory disabilities, and how communication among the services providers, the property manager and these tenants will be facilitated. Additionally, describe how services will accommodate trauma-based, barriers to services. If available, provide documentation, in the form of Memorandum of Understanding, Memorandum of Agreement, letters of support or contracts demonstrating who will be responsible for ensuring access to services and how accessibility will be accomplished.

The City and County of San Francisco prohibits discrimination in all its programs, and memorializes the prohibition in all contractual agreements with providers. At a broad, City-wide level, Mayor London Breed established an Office of Racial Equity to oversee City departments' progress to reverse policies that previously created, upheld, or exacerbated racial disparities, and HSH is implementing a Racial Equity Action Plan to advance equity within the homeless response system. Five Keys staff participate in cultural competency training with the intention of increasing awareness of cultural groups other than their own, improve communication skills, and develop strategies for self-awareness and managing personal bias. In our education programs, they provide curriculum specifically written with sensitivity and awareness of the cultural experiences of participants. All Five Keys program participants are treated with dignity and respect, and are actively engaged in the development of their individualized service plans to reflect their perspectives, values, beliefs, and preferences. Policies are posted for participants in Spanish and other languages as needed, and participants are encouraged to participate in shaping policies that affect their lives. When the linguistic needs of a participant cannot be met by on-site or leveraged staff, we reach out to a contracted language access service provider. All critical print documentation and communications are translated into languages commonly spoken in the local area. Five Keys' approach includes evidence-based and evidence-informed practices and models that support equity and inclusivity goals in all programs and services.

3. Describe how you will engage with tenant and/or participant to encourage voluntary participation in services as well as in community building, such as resident councils or similar forums. Included a description of tenant/participant outreach, engagement and retention strategies to be used.

Five Keys staff actively engage with participants to support their connection to needed services, progress on their individual housing-focused service plans and end each participants' homelessness. The provider will create a regular schedule of outreach to participants and shall provide services based on participant services plans and goals. Five Keys shall provide outreach to and offer onsite services and/or referrals to all participants who display indications of placement instability. In addition there is a formal process that encourages participants to share feedback and suggestions in order to improve program delivery and encourage commnity participation.

Part III. Staffing

#### §300(iii) Supportive Services Plan (SSP)

Rev 4/23/2023

Describe the overall staffing pattern, including the roles and responsibilities for each position listed in the Staffing Chart below. List the target populations served through each position.

The Support Services staff includes 4.5 FTE Care Coordinators, 1 FTE Intake and Information Coordinator, 0.25 FTE Activities Coordinator, and 1 FTE Site Director. The Care Coordinator positions provide case management and coordination of care for all participants, with a 15:1 case management ratio. Responsibilities include: completing a comprehensive intake and assessment of participants at the time of entry; providing referrals as needed; conducting outreach to participants; working with participants to set goals and create individualized service plans that support them to move to permanent housing; coordinating with external resources and providers to support participants; coordinating with Property Management to ensure stability of all participants using housing first, harm reduction, and trauma informed approaches. Care Coordinators support participants with exit planning and provide 3 months of follow-up support services after participants are successfully housed to ensure a smooth transition into permanent housing. The Intake Coordinator completes intakes and supports the assessment process for new participants referred into the site, as well as orienting all participants to program rules and responsibilities to support stability. The Activities Coordinator organizes groups and commununity events for the participants, including workshops, parties, special events, classes and programing to help participants successfully meet their housing and other personal development goals. The Site Director directly supervises the Care Coordinators to provide high level of service to participants and provides guidance, training and oversight. The Director also submits required reports, provides coverage, as needed, and responds to requests from HSH and stakeholders.

#### Section 1b: Staffing Chart

List all staff positions that will provide services to the tenants of the Homekey Assisted Units. Include any staff positions of partnering organizations who have committed time to the Project. Include the services coordination staff. For each position, list the position ittle, minimum requirements, the full-time equivalent (FTE), the organization under which the position resides, and the location of the position (on-site or off-site). Do not include staff which serve non-Homekey Units and supervisors, peer support positions, or HMIS Administration positions. If a staff position serves both tenants in Homekey and non-Homekey units, include only that portion (i.e., % FTE) of the staff position dedicated to Homekey Assisted Units. Attach a copy of each positions duty statement, if these documents are available.

#### Part IV. Supportive Services Budget

Provide a line item supportive services budget for the Project using the format below. Complete both income and expense portions of the budget on a yearly basis. Include all costs associated with implementing your SSP, including any in-kind services. Include income and expenses for all staff positions and partnering organizations who have committed time to the Project. Total expenses should equal total income. Add expense item categories & lines as necessary. Don't include costs associated with providing services in non-Homekey Assisted Units. If costs are associated with both Homekey & non-Homekey Assisted Units, include only the Homekey Assisted Units portion.

#### Part V. Property Management Plans and Tenant Selection

#### Section 1: Property Management Plans and Tenant Selection

The Property Management Plan and tenant selection policies submitted with the Homekey application will be evaluated for the following consistent with state Housing First requirements. These documents must identify, describe, and utilize Housing First and low-barrier tenant selection processes that prioritize those with the highest needs for available housing. The descriptions of the use of Housing First and tenant selection in this SSP must be consistent with the Property Management Plan and the tenant selection policies. The Property Management Plan and tenant selection policies should address the following and be consistent with state Housing First requirements, as well as and other Homekey program requirements:

1. Applicant eligibility and screening standards	Included	in Property Management Plan?	Yes						
2. Confidentiality	Included	in Property Management Plan?	Yes

Part VI Management a Outcomes and Plan for Evaluation									

#### Part VI. Measurable Outcomes and Plan for Evaluation

Specific target populations will likely have varying outcomes and evaluation strategies. List outcomes and evaluations plans specific to each target population.

Section 1: Measurable Outcomes

#### §300(iii) Supportive Services Plan (SSP)

Outcomes are what you expect to happen for the people served by your Project. Outcomes are sometimes called results. Outcome objectives are time-specific measurable goals that identify how you know if you are achieving your desired results. Outcome objectives are sometimes called outcome benchmarks or indicators. Categorize the outcomes for your Project into the following three categories:

Category	Outcomes	Outcome Objectives
Residential Stability: Tenants maintain permanent housing (see examples in cell comments to the right)	At least 70% of the participants exiting the interim program will exit to stable housing	Case managers, supervisors, and site director along with external community providers as needed will work to assist participants in maintaining housing at the site. Services staff shall provide housing related support that assists participants in achieving goals that move them towards placement in permanent housing. Services will engage in weekly wellness checks and tracks interactions with participants through the individual assessments and ongoing referrals.
Increased Skills and/or Income: Tenants gain job-related skills, participate in job-related training and/or education, gain stipend part-time or full-time supported employment, gain access to mainstream service/income support Programs for which they are eligible (see examples in cell comments to the right)	At least 75% of interim housing participants will be connected to income/public benefit sources, or will be connected to employment, vocational training, or enrolled in post-secondary education	Case management shall assess participant eligibility for public benefits, skills and goals at intake and on an ongoing basis. Case management will assist clients to apply for public benefits for which they may be elgibile, and will encourage clients to engage in educational and employment services to increase education levels, skill levels, and find employment to increase income.
Greater Self- Determination: Tenants gain daily living skills and ability to plan and advocate for themselves to maximize independence and self-sufficiency (see examples in cell comments to the right)	At lease 75% of interim housing participants who have an Individualized Service Plan will accomplish one or more goals	Case management shall create Individualized Service Plans to establish and support achievement of goals. Interactions, engagement, and weekly status will be documented to ensure participants are receiving the support they need. Referrals, linkages, and resources such as transportation will be provided to ensure access is not a barrier to connecting with community supports needed to achieve goals.
Other (specify): Resident Satisfaction  Section 2: Plan for Evaluation	At least 75% of interim housing participants completing an annual survey will be satisfied or very satisfied with supportive services	A written annual survey shall be offered to participants to gather feedback, satisfaction, and assess the effectiveness of services and systems within the program. Services shall offer assistance to participants regarding completion of the survey if the written format presents any problem.
Section 2: Plan for Evaluation		

Describe your evaluation plan, including how you intend to collect, track and analyze data on the effectiveness of your Project, including the outcomes Projected above. Indicate who will analyze the data

Data is reported by Support Service Providers on a monthly, quarterly and annual basis. Information is input into shared databases, CARBON and ONE (Online Navigation and Entry), managed by the City and County of San Francisco. There is least one dedicated HSH staff managing the contract with the Support Services Provider and who reviews the reports on the respective due dates, and provides feedback and follow-up as necessary. Monitoring of the program occurs on an annual basis on-site at the building, at which time the program outcome objectives will be reviewed alongside program documents and client files. A comprehensive report, including findings and feedback, is then issued to the agency providing Support Services. Additionally, HSH will require programs to report how they will address issues of racial equity in services provided, the

demographics of their staff at all levels, and internal mechanisms for advancement of staff of color. HSH will monitor and evaluate programs on their responsiveness to racial disparities.

Applicant Comments

and perform your Program evaluation. (e.g., staff, consultant, etc.).

#### <sup>1</sup>Application Upload Checklist

Rev 4/23/2023

The Checklist below is intended to be used after the Applicant completes the Homekey Round 3 application. Use the electronic file name descriptions below for the electronic submission via online portal. Failure to submit a complete application including the required documentation may result in the need for you to amend and resubmit your application resulting in your application's HCD review to be repositioned to the date of resubmittal.

Application materials, workbooks, and supporting documentation must be submitted no later than 5:00 p.m. Pacific Daylight Time on July 28, 2023.

<sup>1</sup>Applicant acknowledges that the Application Upload Checklist is a form in the application to be completed by the Applicant prior to submission to verify that required documents are submitted pursuant to this NOFA?

#### **Applicant Documents**

#### **Certifications & Legal Disclosure**

A completed and signed Certification is required for each Joint Applicant. Each Joint Applicant must sign an individual Certification form. A completed and signed Legal Disclosure is also required for each Joint Applicant. The hard copy Certifications & Legal Disclosure should be submitted with the application as detailed in the NOFA.

#### Resolutions

Applicant may use their own Resolution format as long as it contains ALL of the authorizations as in the sample

The person attesting to the resolution signing cannot be the same person authorized to execute the documents in the name of the applicant.

If more than one authorized signatory is identified, state whether both signatories are required or only one signatory is required to submit and execute Program docs. If the application is being signed by a designee of the authorized signatory, the applicant must also submit a designee letter or other proof of signing authority.

A resolution is required of each Joint Applicant - both private and public entities. A sample resolution template is available on the Homekey website.

#### **Organizational Documents**

#### Organizational documents are required for all Applicants except Governmental entities are not required.

Submit organizational documents supporting the Resolution submitted with the application.

#### Corporation organizational documents

Articles of Incorporation (Corp. Code §154, 200 and 202) as certified by the CA Secretary of State.

Bylaws and any amendments thereto (Corp. Code §207(b), 211 and 212)

Certificate of Amendment of Articles of Incorporation (Corp. Code §900-910 (general stock), §5810-5820 (public benefit and religious corporations), §7810-7820 (mutual benefit corporations), or §12500-12510 (general cooperative corporations)) as applicable.

Restated Articles of Incorporation (Corp. Code §901, 906, 910 (general stock), §5811, 5815, 5819 (public benefit and religious corporations), §7811, 7815 and 7819 (mutual benefit corporations) and §12501, 12506 and 12510 (general cooperative corporations)) as applicable.

Statement of Information (CA Secretary of State form SI-100 or SI-200)

Shareholder Agreements (Corp. Code §186) if applicable.

Certificate of Good Standing certified by Secretary of State.

#### **Limited Liability Company**

Articles of Organization (CA Secretary of State form LLC-1)

Certificate of Amendment (CA Secretary of State form LLC-2) if applicable

Restated Articles of Organization (CA Secretary of State form LLC-10) if applicable

Certificate of Correction (CA Secretary of State form LLC-11) if applicable

Statement of Information (CA Secretary of State form LLC-12 or LLC-12NC)

Operating Agreement (Corp. Code §17707.02(s) and 17701.10)

Certificate of Good Standing certified by Secretary of State

#### **Limited Partnership**

Certificate of Limited Partnership (CA Secretary of State form LP-1)

Amendment to Certificate of Limited Partnership (CA Secretary of State form LP-2) if applicable.

Certificate of Correction (CA Secretary of State form LP-2) if applicable.

Limited Partnership Agreement (CA Corp. Code §15901.02(x) and 15901.10)

Certificate of Good Standing certified by Secretary of State.

Any other CA Secretary of State filings applicable to revivals, conversions or mergers.

#### **Organizational Chart**

The Organizational chart must depict the organizational structure of the entities in relation to the applicant.

#### Signature Block

All Applicants must submit a Signature Block in a Microsoft Word Document that will be used in the HCD legal documents such as the Standard Agreement.

#### Payee Data Record STD-204 or Taxpayer Identification Number (TIN)

The TIN must be submitted by all governmental entity Applicants. All other Applicants must submit the STD-204 Payee Data Record. Available on the Homekey website.
