The proposed project would involve the demolition of a vacant gas station building, approximately 1,650 square feet in size, and construction of a four-story, five-unit residential building. The proposed project would provide seven off-street parking spaces on the ground floor. Entrance and access to the residential units would be from Larkin Street and vehicular entrance and access would be from North Point Street. The project site at 899 North Point Street (Assessor's Block 0026, Lot 020) is approximately 5,469 square feet in size and located on the southeastern corner of North Point and Larkin Streets in the Russian Hill neighborhood on the block bounded by Larkin, North Point, Hyde and Bay Streets.
