Department of Human Resources and San Francisco
Metropolitan Transportation Agency

EXECUTIVE SUMMARY

Legislative Objectives

The proposed resolution would authorize a contract between the City, on behalf of the San Francisco Municipal Transportation Agency (SFMTA) and the Department of Human Resources (DHR), and Intercare Holdings Insurance Services, Inc. (Intercare) for Workers' Compensation Third Party Administrator services for an amount not-to-exceed a five-year total of \$26,500,000 including an initial term of three-years effective November 1, 2012 through October 31, 2015, and two one-year options to extend the contract through October 31, 2017.

Key Points

- DHR manages workers' compensation claims for City departments except for the San Francisco Municipal Transportation Agency (SFMTA), which manages workers' compensation claims for SFMTA employees. DHR currently processes two-thirds of their claims in-house and has a contract with Intercare to process the remaining one-third, which expired October 31, 2012. SFMTA currently has a third party administrator process all of SFMTA's workers' compensation claims whose contract expires November 30, 2012.
- On February 21, 2012, the SFMTA Board of Directors authorized the Director of Transportation to jointly issue a Request for Proposals (RFP) with DHR for a new agreement for Workers' Compensation Claims Administration Services. Intercare was selected as the highest ranked proposer based on their oral interview, cost of services and written proposal.

Fiscal Impacts

- The proposed year one contract budget from November 1, 2012 through October 31, 2013 is \$4,954,603, which includes \$2,413,022 for DHR claims and \$2,541,581 for SFMTA claims. The contract budget will increase by 3% per year, for total contract amount of \$15,314,182 over the initial three-year term of the contract and a not-to-exceed \$26,500,000 contract amount over the total five-year term of the contract if the two one-year options to extend the contract are exercised.
- Intercare will begin service for SFMTA on December 1, 2012 rather than November 1, 2012 and end the first year October 31, 2013, which is eleven months. Because SFMTA will only pay Intercare for eleven months in the first year, or \$2,329,782, which is \$211,799 less than the contract budget for SFMTA in year one of \$2,541,581, the Budget and Legislative Analyst recommends reducing the contract not-to-exceed amount by \$211,799, from \$26,500,000 to \$26,288,201 for the five-year contract term.

Policy Considerations

- DHR has not evaluated the costs and benefits of managing workers' compensation claims in-house as compared to contracting with a third party administrator since first contracting with a third party administrator in 1994. In order to evaluate the costs and benefits of using in-house staff to administer workers' compensation claims compared to contracting with third party administrators to administer these claims, the Budget and Legislative Analyst recommends that DHR (1) establish performance metrics for processing claims and collect data on these metrics over the

proposed initial three-year contract term with Intercare; (2) evaluate the costs and benefits of contracting for workers' compensation claims administration as compared to processing these claims in-house prior to exercising the first one-year option to extend the contract from November 1, 2015 through October 31, 2016; and (3) based on this evaluation, determine whether to exercise the one-year option to extend or to perform such services in-house.

Recommendations

- Amend the proposed resolution to reduce the not-to-exceed amount by \$211,799, from \$26,500,000 to \$26,288,201 for the five-year contract term.
- Amend the proposed resolution to provide for retroactive approval of the proposed contract as of November 1, 2012.
- Amend the proposed resolution to require that DHR (1) establish performance metrics for processing claims and collect data on these metrics over the proposed initial three-year contract term with Intercare; (2) evaluate the costs and benefits of contracting for workers' compensation claims administration as compared to processing these claims on an in-house basis prior to exercising the first one-year option to extend the contract from November 1, 2015 through October 31, 2016; and (3) based on this evaluation, determine whether to exercise the one-year option to extend the contract or to perform such services on an in-house basis.
- Approve the proposed resolution as amended.

MANDATE STATEMENT

In accordance with Charter Section 9.118(b), City contracts with anticipated expenditures of \$10,000,000 or more, or amendments to such agreements with anticipated expenditures of more than \$500,000 are subject to approval by the Board of Supervisors.

BACKGROUND

The Department of Human Resources (DHR) manages workers' compensation claims for City departments except for the San Francisco Municipal Transportation Agency (SFMTA), which manages workers' compensation claims for SFMTA employees. DHR currently processes two-thirds of their claims in-house and had a contract with Intercare Holdings Insurance Services, Inc. (Intercare) for Workers' Compensation Third Party Administrator services to process the remaining one-third of their claims, which expired October 31, 2012. SFMTA uses a third party administrator, Sedgwick, to process all of their workers' compensation claims, and Sedgwick's contract expires November 30, 2012.

On February 21, 2012, the SFMTA Board of Directors authorized the Director of Transportation to jointly issue a Request for Proposals (RFP) with DHR for Workers' Compensation Claims Administration Services and to jointly evaluate proposals, conduct negotiations, and draft a contract. On April 11, 2012, the City received three proposals which were evaluated by a selection panel composed of representatives from the SFMTA, DHR, and staff members of Risk Management Offices from the City of San Jose, the City of San Francisco and the University of San Francisco. Intercare was selected as the highest ranked proposer based on their oral interview, cost of services and written proposal.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution would authorize the City, on behalf of DHR and SFMTA, to execute a contract with Intercare for Workers' Compensation Third Party Administrator Services for three years, beginning retroactively on November 1, 2012 and ending October 31, 2015 with the option to extend for two, one-year terms. The City would pay Intercare an amount not-to-exceed \$26,500,000. This amount is the total cost over a five-year term assuming that the City will extend the contract.

The Annual Fixed Fee for Intercare's services is based on the amount and type of claims received each year, which determines the number of staff that Intercare will require to process the DHR's and SFMTA's claims. Table 1 shows the amount and type of SFMTA's claims and DHR's claims that were processed by a third-party administrator for FY 2011-12.

Table 1
DHR and SFMTA's Indemnity and Medical Only Claims in FY 2011-12

Claim Type	City-wide (DHR)	SFMTA	Total Claims
Indemnity – New	666	589	1,255
Indemnity – Pending	1,273	1,264	2,537
Medical Only – New	905	108	1,010
Medical Only – Pending	175	76	251
Future Medical – Pending	521	382	903
TOTAL Claims	3,540	2,419	5,959

According to the contract, if the total number of indemnity claims increases or decreases by 5% or more, the Annual Fixed Fee for services will increase or decrease by the same percentage for the subsequent year. According to Mr. Dan Roach, SFMTA's Workers' Compensation Manager, this term was included in the contract because it is more likely that indemnity claims will decrease. SFMTA's indemnity claims have decreased by 4% from FY 2010-11 to FY 2011-12 and DHR's total indemnity claims have decreased by 6% from FY 2010-11 to FY 2011-12.

Intercare Holdings will provide both Workers' Compensation Claims Management services and Workers' Compensation Medical and Disability Claims Management services for DHR and SFMTA as listed below.

Workers' Compensation Claims Management

- Provide Contractor's current claims manual to City outlining performance and documentation guidelines, standards, procedures and practices.
- Record and process claims data within twenty-four hours of receiving new claim.
- Investigate causation of injury/illness and determine if the injury/illness arose out of employment/course of employment.
- Determine the compensability of injuries and illnesses claimed by City employees.
- Establish and maintain a diary system utilizing the City's current process.
- Evaluate, maintain and adjust the estimated costs of all anticipated benefits and expenses on each individual case.
- Promptly issue all payments and any notices of delay in decision and compensability determinations within the time frames required by law.
- Establish a Plan of Action ("POA") for the investigation, adjustment and prompt resolution of all indemnity cases as soon as possible.
- Close claims no later than 30 days from the date that the Contractor identified the claim for closure.

Workers' Compensation Medical and Disability Claims Management

- Manage medical treatment using the City's managed care utilization review criteria to reduce medical costs.

- Notify the City within 10 days if an injured worker's permanent restrictions preclude him or her from returning to their usual and customary occupation.
- Pay uncontested medical bills within the time frames established by the State of California Workers' Compensation laws.

FISCAL IMPACTS

Based on a competitive RFP process, the proposed contract's total not-to-exceed amount over the five-year term from November 1, 2012 through October 31, 2017, including two, one-year options to extend, is \$26,500,000. DHR's and SFMTA's FY 2012-13 and FY 2013-14 budgets, previously approved by the Board of Supervisors, include appropriations for Workers' Compensation Third Party Administrator services.

Table 2 below shows Intercare's Annual Fixed Fees in a not-to-exceed amount of \$26,000,000, over the five-year contract term, including the two, one-year options to provide Intercare's Workers' Compensation Claims Management services and Workers' Compensation Medical and Disability Claims Management services. The Annual Fixed Fee for Year 1 is based on the number and type of claims received by DHR and SFMTA in FY 2011-12 (see Table 1).

Table 2
Intercare's Annual Fixed Fees per Service Year

Year	DHR	SFMTA	Total
1	\$2,413,022	\$2,541,581	\$4,954,603
2	\$2,485,413	\$2,617,828	\$5,103,241
3	\$2,559,975	\$2,696,363	\$5,256,338
Subtotal for Three-Year Contract			\$15,314,182
4 (Option 1)	\$2,636,774	\$2,777,254	\$5,414,028
5 (Option 2)	\$2,715,878	\$2,860,572	\$5,576,450
Subtotal for Five-Year Contract			26,304,660
Ad Hoc & As-Needed Services	\$97,670	\$97,670	\$195,340
Total Five-Year Not-to-Exceed Amount			\$26,500,000

Since the SFMTA's existing third party administrator contract expires on November 30, 2012, according to Mr. Roach, Intercare will actually begin service for SFMTA on December 1, 2012 rather than November 1, 2012 and end the first year October 31, 2013, which is eleven months.

Therefore SFMTA will only pay Intercare for eleven months, or \$2,329,782, of the Annual Fixed Fee for the first year, which is \$211,799 less than the contract budget for SFMTA in year one of \$2,541,581. Therefore, the Budget and Legislative Analyst recommends reducing the contract not-to-exceed amount by \$211,799, from \$26,500,000 to \$26,288,201 for the five-year contract term.

Table 3 provides the details of Intercare's annual expenditures for DHR and SFMTA for Year 1 of the contract effective November 1, 2012 through October 31, 2013.

Table 3

Profit Margin (11.1% of Costs)	241,302	254,158
Total Budgeted Expenditures	\$2,413,022	\$2,541,581*

*Intercare's annual operating budget expenditures for SFMTA in Year 1 of \$2,541,581, as shown in Table 3 above, is for 12 months. However, as previously discussed, Intercare will provide only 11 months of services at an estimated cost of \$2,329,782, which is \$211,799 less than Intercare's annual operating budgeted expenditures of \$2,541,581 for SFMTA for Year 1.

There are two types of workers' compensation claims: indemnity claims and medical only claims. Indemnity claims include medical payments and payment for lost time by the injured worker, including lost weekly wages and permanency. Medical only claims tend to be minor injuries that may or may not include lost time from the workplace. According to Mr. Roach, indemnity claims are more expensive to process than medical only claims because they are more complex, take longer to process and require a more experienced adjuster. As shown in Table 4 below, the average cost per claim is higher for SFMTA than DHR because SFMTA receives a higher percentage of indemnity claims relative to SFMTA's total number of claims. The average number of SFMTA claims per adjuster is 125 compared to 145 DHR claims per adjuster.

Table 4
DHR and SFMTA's Percentage of Indemnity Claims & Average Cost per Claim in FY 2011-12

Department	FY 11-12 Total Number of Claims	FY 11-12 Indemnity Claims	Percentage of Indemnity Claims	Average Cost per Claim	Total
DHR	3,540	1,939	54.8%	\$682	\$2,413,005
SFMTA	2,419	1,853	76.6%	\$1,051	\$2,541,571
				Total	\$4,954,576

POLICY CONSIDERATIONS

DHR has not evaluated the costs and benefits of managing workers' compensation claims in-house rather than contracting with a third party administrator.

DHR has used an outside third-party administrator to process one-third of their workers' compensation claims since 1994. According to Mr. Brent Lewis, the DHR Chief Financial Officer, this policy was instituted because at the time, the City had more claims than their in-house claims adjusters could process and therefore needed additional adjusters.

According to Mr. Lewis, the use of third party administrators to process workers' compensation claims, rather than the use of in-house staff, has not been reviewed since 1994. According to Ms. Peggy Sugarman, DHR Workers' Compensation Director, an evaluation of the costs and benefits of using outside third party administrator's to process claims as compared to using DHR in-house staff to process claims would include a comparison of:

- The average cost to process a claim;
- Length of time a claim is open;
- Length of temporary disability of claimant;
- Number of cases denied and the legal parameters;
- Litigation rates; and
- Total cost per claim

The Budget and Legislative Analyst recommends that DHR (1) establish performance metrics for processing claims and collect data on these metrics over the proposed initial three-year contract term with Intercare; (2) evaluate the costs and benefits of contracting for workers' compensation claims administration as compared to processing these claims on an in-house basis prior to exercising the first one-year option to extend the contract from November 1, 2015 through October 31, 2016; and (3) based on this evaluation, determine whether to exercise the one-year option to extend the contract or to perform such services on an in-house basis.

RECOMMENDATIONS

1. Amend the proposed resolution to reduce the not-to-exceed amount by \$211,799, from \$26,500,000 to \$26,288,201 for the five-year contract term.
2. Amend the proposed resolution to provide for retroactive approval of the proposed contract as of November 1, 2012.
3. Amend the proposed resolution to require that DHR (1) establish performance metrics for processing claims and collect data on these metrics over the initial three-year contract term with Intercare; (2) evaluate the costs and benefits of contracting for workers' compensation claims administration compared to processing these claims on an in-house basis prior to exercising the first one-year option to extend the contract from November 1, 2015 through October 31, 2016; and (3) based on this evaluation, determine whether to exercise the one-year option to extend or to perform such services on an in-house basis.
4. Approve the proposed resolution as amended.

Background

The City has administered its self-insured Workers' Compensation Program through DHR since 1932. In 2000, SFMTA was authorized by Proposition E to administer its own Workers' Compensation claims. Collectively, the two departments are responsible for the administration of Workers' Compensation benefits for all 31,500 City employees and Community College employees (approximately 26,000 employees under the DHR program and 5,500 employees under the SFMTA program).

The SFMTA currently has a contract with Sedgwick Claims Management Services, Inc., and DHR currently contracts with Intercare for a portion of its claims management. DHR manages 67 percent of its claims with in-house staff.

Request for Proposal Process

After receiving SFMTA Board of Director approval on February 21, 2012, the SFMTA released a Request for Proposals on March 9, 2012 for a new agreement for Workers' Compensation Third Party Administrator services for the City's Workers' Compensation claims administration services. A pre-proposal conference was held on March 23, 2012. Eleven potential vendors attended the pre-proposal conference. Three proposals were submitted on April 23, 2012.

The proposals submitted were reviewed, and were found to be responsive. A selection panel consisting of five members evaluated all three proposals using an approved selection evaluation plan consisting of scoring strengths and weaknesses of the written proposals and presentation/interview with each proposer. Intercare was selected as the highest ranked proposer, and negotiations were successfully conducted.

Summary of Contract Services:

- Overall Claims Management
- Medical and Disability Claim Management, (which facilitates return to work and mitigates cost)
- Cost Containment and Contractor Liability
- Investigation and Discovery Standards
- Subrogation and Third Party Claim Settlement
- Litigation Support and Management
- Settlement of Employee Claims Settlement Authority and Standards
- Communications and Reporting to DHR and the SFMTA

Funding Impact

Both SFMTA and DHR will be responsible for funding this service. The not to exceed amount for SFMTA is \$13,557,725 and for DHR is \$12,942,275.

An additional amount of \$127,754 is included in the total not-to-exceed contract of \$26,500,000 for as needed services to be used only if authorized by the City.

SFMTA Board Action

On November 6, 2012 the SFMTA Board will be considering a resolution authorizing the Director of Transportation to execute the contract pending Board of Supervisor approval.

Recommendation

In order to maximize operational efficiency, quality of service and cost savings to the City by combining the Workers' Compensation Third Party Administrator Services into one contract, the SFMTA and DHR recommend that the Board of Supervisors authorize both departments to enter into an agreement with Intercare Holdings Insurance Services, Inc. for Workers' Compensation Third Party Administrator Services, for a term of three years, with the option to extend the term up to two additional years, for an amount not to exceed \$26,500,000.

Thank you for your consideration of this proposed agreement. Should you have any questions, or require more information, please do not hesitate to contact SFMTA Worker's Compensation Manager, Dan Roach at 701.4351 or dan.roach@sfmta.com or DHR Chief Financial Officer, Brent Lewis at 557.4944 or brent.lewis@sfgov.org.

**Agreement between the City and County of San Francisco
and Intercare Holdings Insurance Services, Inc.
for Workers' Compensation Third Party Administrator for Claims**

Contract No. SFMTA2011/12-13

This Agreement is made this XX day of November, 2012, in the City and County of San Francisco, State of California, by and between Intercare Holdings Insurance Services, Inc., hereinafter referred to as "Contractor," and the City and County of San Francisco, a municipal corporation, hereinafter referred to as "City," acting through its Department of Human Resources, hereinafter referred to as "DHR," and its Municipal Transportation Agency, hereinafter referred to as "SFMTA."

Recitals

WHEREAS, the City and County of San Francisco ("City") wishes to obtain Workers' Compensation Third-Party Administrator Services; and,

WHEREAS, a Request for Proposals ("RFP") was issued on March 9, 2012, and City selected Contractor pursuant to the RFP; and

WHEREAS, Contractor represents and warrants that it is qualified to perform the services required by City as set forth under this Contract; and,

WHEREAS, approval for this professional service was obtained when the Civil Service Commission approved PSC number 4088-11/22 on February 10, 2012 and PSC number 4134-07/08 on June 29, 2012;

Now, THEREFORE, the parties agree as follows:

1. Certification of Funds; Budget and Fiscal Provisions; Termination in the Event of Non-Appropriation. This Agreement is subject to the budget and fiscal provisions of the City's Charter. Charges will accrue only after prior written authorization certified by the Controller, and the amount of City's obligation hereunder shall not at any time exceed the amount certified for the purpose and period stated in such advance authorization. This Agreement will terminate without penalty, liability or expense of any kind to City at the end of any fiscal year if funds are not appropriated for the next succeeding fiscal year. If funds are appropriated for a portion of the fiscal year, this Agreement will terminate, without penalty, liability or expense of any kind at the end of the term for which funds are appropriated. City has no obligation to make appropriations for this Agreement in lieu of appropriations for new or other agreements. City budget decisions are subject to the discretion of the Mayor and the Board of Supervisors. Contractor's assumption of risk of possible non-appropriation is part of the consideration for this Agreement.

THIS SECTION CONTROLS AGAINST ANY AND ALL OTHER PROVISIONS OF THIS AGREEMENT.

2. Term of the Agreement. Subject to Section 1, the term of this Agreement shall be from November 1, 2012 to October 31, 2015 with the option, in the City's sole discretion, to extend the Agreement through October 31, 2017.

3. **Effective Date of Agreement.** With respect to the services to be performed for the SFMTA, this Agreement shall become effective when the Controller has certified to the availability of funds and Contractor has been notified in writing. With respect to the services to be performed for DHR, when the Controller has certified to the availability of funds and Contractor has been notified in writing, the Agreement shall be effective retroactively to November 1, 2012.
4. **Services Contractor Agrees to Perform.** The Contractor agrees to perform the services provided for in Appendix A, "Services to be Provided by Contractor," attached hereto and incorporated by reference as though fully set forth herein.
5. **Compensation.** Compensation shall be made in monthly payments on or before the last day of each month for work, as set forth in Section 4 of this Agreement, that the Department Head(s), in his or her sole discretion, concludes has been performed as of the last day of the immediately preceding month. In no event shall the amount of this Agreement exceed Twenty-Six Million and Five Hundred Thousand Dollars (\$26,500,000). The breakdown of costs associated with this Agreement appears in Appendix B, "Calculation of Charges," attached hereto and incorporated by reference as though fully set forth herein. No charges shall be incurred under this Agreement nor shall any payments become due to Contractor until reports, services, or both, required under this Agreement are received from Contractor and approved by DHR's Departmental Liaison, or SFMTA's Departmental Liaison, both of whom are identified in Appendix A, as being in accordance with this Agreement. City may withhold payment to Contractor in any instance in which Contractor has failed or refused to satisfy any material obligation provided for under this Agreement. In no event shall City be liable for interest or late charges for any late payments.
6. **Guaranteed Maximum Costs.** The City's obligation hereunder shall not at any time exceed the amount certified by the Controller for the purpose and period stated in such certification. Except as may be provided by laws governing emergency procedures, officers and employees of the City are not authorized to request, and the City is not required to reimburse the Contractor for, Commodities or Services beyond the agreed upon contract scope unless the changed scope is authorized by amendment and approved as required by law. Officers and employees of the City are not authorized to offer or promise, nor is the City required to honor, any offered or promised additional funding in excess of the maximum amount of funding for which the contract is certified without certification of the additional amount by the Controller. The Department(s) is not authorized to make payments on any contract for which funds have not been certified as available in the budget or by supplemental appropriation.
7. **Payment; Invoice Format.** Invoices furnished by Contractor under this Agreement must be in a form acceptable to the City, and must include a unique invoice number. All amounts paid by City to Contractor shall be subject to audit by City. Payment shall be made by City to Contractor at the address specified in the section entitled "Notices to the Parties."
8. **Submitting False Claims; Monetary Penalties.** Pursuant to San Francisco Administrative Code §21.35, any contractor, subcontractor or consultant who submits a false claim shall be liable to the City for the statutory penalties set forth in that section. The text of Section 21.35, along with the entire San Francisco Administrative Code is available on the web at <http://www.municode.com/Library/clientCodePage.aspx?clientID=4201>. A contractor, subcontractor or consultant will be deemed to have submitted a false claim to the City if the

contractor, subcontractor or consultant: (a) knowingly presents or causes to be presented to an officer or employee of the City a false claim or request for payment or approval; (b) knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by the City; (c) conspires to defraud the City by getting a false claim allowed or paid by the City; (d) knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the City, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City within a reasonable time after discovery of the false claim.

9. Left blank by agreement of the parties. (Disallowance)

10. Taxes

a. Payment of any taxes, including possessory interest taxes and California sales and use taxes, levied upon or as a result of this Agreement, or the services delivered pursuant hereto, shall be the obligation of Contractor.

b. Contractor recognizes and understands that this Agreement may create a "possessory interest" for property tax purposes. Generally, such a possessory interest is not created unless the Agreement entitles the Contractor to possession, occupancy, or use of City property for private gain. If such a possessory interest is created, then the following shall apply:

1) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that Contractor, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest;

2) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extension, renewal, or assignment of this Agreement may result in a "change in ownership" for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest created by this Agreement. Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by Revenue and Taxation Code section 480.5, as amended from time to time, and any successor provision.

3) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., Rev. & Tax. Code section 64, as amended from time to time). Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.

4) Contractor further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.

11. Payment Does Not Imply Acceptance of Work. The granting of any payment by City, or the receipt thereof by Contractor, shall in no way lessen the liability of Contractor to replace unsatisfactory work, equipment, or materials, although the unsatisfactory character of such work, equipment or materials may not have been apparent or detected at the time such payment was made. Materials, equipment, components, or workmanship that do not conform to the

requirements of this Agreement may be rejected by City and in such case must be replaced by Contractor without delay.

12. Qualified Personnel. Work under this Agreement shall be performed only by competent personnel under the supervision of and in the employment of Contractor. Contractor will comply with City's reasonable requests regarding assignment of personnel, but all personnel, including those assigned at City's request, must be supervised by Contractor. Contractor shall commit adequate resources to complete the project within the project schedule specified in this Agreement.

13. Responsibility for Equipment. City shall not be responsible for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Contractor, or by any of its employees, even though such equipment be furnished, rented or loaned to Contractor by City.

14. Independent Contractor; Payment of Taxes and Other Expenses

a. **Independent Contractor.** Contractor or any agent or employee of Contractor shall be deemed at all times to be an independent contractor and is wholly responsible for the manner in which it performs the services and work requested by City under this Agreement. Contractor or any agent or employee of Contractor shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Contractor or any agent or employee of Contractor is liable for the acts and omissions of itself, its employees and its agents. Contractor shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Contractor's performing services and work, or any agent or employee of Contractor providing same. Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Contractor or any agent or employee of Contractor. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to policy and the result of Contractor's work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Contractor performs work under this Agreement.

b. **Payment of Taxes and Other Expenses.** Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Contractor is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Contractor which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Contractor for City, upon notification of such fact by City, Contractor shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Contractor under this Agreement (again, offsetting any amounts already paid by Contractor which can be applied as a credit against such liability). A determination of employment status pursuant to the preceding two paragraphs shall be solely for the purposes of the particular tax in question, and for all other purposes of this Agreement, Contractor shall not be considered an employee of City.

Notwithstanding the foregoing, should any court, arbitrator, or administrative authority determine that Contractor is an employee for any other purpose, then Contractor agrees to a reduction in City's financial liability so that City's total expenses under this Agreement are not greater than they would have been had the court, arbitrator, or administrative authority determined that Contractor was not an employee.

15. Insurance

a. Without in any way limiting Contractor's liability pursuant to the "Indemnification" section of this Agreement, Contractor must maintain in force, during the full term of the Agreement, insurance in the following amounts and coverages:

- 1) Workers' Compensation, in statutory amounts, with Employers' Liability Limits not less than \$1,000,000 each accident, injury, or illness; and
- 2) Commercial General Liability Insurance with limits not less than \$1,000,000 each occurrence Combined Single Limit for Bodily Injury and Property Damage, including Contractual Liability, Personal Injury, Products and Completed Operations; and
- 3) Commercial Automobile Liability Insurance with limits not less than \$1,000,000 each occurrence Combined Single Limit for Bodily Injury and Property Damage, including Owned, Non-Owned and Hired auto coverage, as applicable; and
- 4) Professional liability insurance, applicable to Contractor's profession, with limits not less than \$1,000,000 each claim and not less than \$5,000,000 aggregate annual limit with respect to negligent acts, errors or omissions in connection with professional services to be provided under this Agreement.; and
- 5) Commercial Crimes Insurance covering employee dishonesty, forgery or alteration, theft, disappearance and destruction, embezzlement, mail theft or fraud, wire theft or fraud, and electronic theft or fraud, inclusive, with limits not less than \$5,000,000, covering all of Contractor's employees; and
- 6) A Fidelity Bond with limits not less than one million dollars (\$1,000,000).

b. Commercial General Liability and Commercial Automobile Liability Insurance policies must be endorsed to provide:

- 1) Name as Additional Insured the City and County of San Francisco, its Officers, Agents, and Employees.
- 2) That such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that insurance applies separately to each insured against whom claim is made or suit is brought.

c. Regarding Workers' Compensation, Contractor hereby agrees to waive subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss. Contractor agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation. The Workers' Compensation policy shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Contractor, its employees, agents and subcontractors.

d. All policies shall provide thirty days' advance written notice to the City of reduction or nonrenewal of coverages or cancellation of coverages for any reason. Notices shall be sent to the City address in the "Notices to the Parties" section.

e. Should any of the required insurance be provided under a claims-made form, Contractor shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the contract term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.

f. Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

g. Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the lapse date. If insurance is not reinstated, the City may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.

h. Before commencing any operations under this Agreement, Contractor shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Failure to maintain insurance shall constitute a material breach of this Agreement.

i. Approval of the insurance by City shall not relieve or decrease the liability of Contractor hereunder.

j. If a subcontractor will be used to complete any portion of this agreement, the Contractor shall ensure that the subcontractor shall provide all necessary insurance and shall name the City and County of San Francisco, its officers, agents and employees and the Contractor listed as additional insureds.

16. Indemnification. Contractor shall indemnify and save harmless City and its officers, agents and employees from, and, if requested, shall defend them against any and all loss, cost, damage, injury, liability, and claims thereof for injury to or death of a person, including employees of Contractor or loss of or damage to property, arising directly or indirectly from Contractor's performance of this Agreement, including, but not limited to, Contractor's use of facilities or equipment provided by City or others, regardless of the negligence of, and regardless of whether liability without fault is imposed or sought to be imposed on City, except to the extent that such indemnity is void or otherwise unenforceable under applicable law in effect on or validly retroactive to the date of this Agreement, and except where such loss, damage, injury, liability or claim is the result of the active negligence or willful misconduct of City and is not contributed to by any act of, or by any omission to perform some duty imposed by law or agreement on Contractor, its subcontractors or either's agent or employee. The foregoing indemnity shall include, without limitation, reasonable fees of attorneys, consultants and experts and related costs and City's costs of investigating any claims against the City. In addition to Contractor's obligation to indemnify City, Contractor specifically acknowledges and agrees that

it has an immediate and independent obligation to defend City from any claim which actually or potentially falls within this indemnification provision, even if the allegations are or may be groundless, false or fraudulent, which obligation arises at the time such claim is tendered to Contractor by City and continues at all times thereafter. Contractor shall indemnify and hold City harmless from all loss and liability, including attorneys' fees, court costs and all other litigation expenses for any infringement of the patent rights, copyright, trade secret or any other proprietary right or trademark, and all other intellectual property claims of any person or persons in consequence of the use by City, or any of its officers or agents, of articles or services to be supplied in the performance of this Agreement.

17. Incidental and Consequential Damages. Contractor shall be responsible for incidental and consequential damages resulting in whole or in part from Contractor's acts or omissions. Nothing in this Agreement shall constitute a waiver or limitation of any rights that City may have under applicable law.

18. Liability of City. CITY'S PAYMENT OBLIGATIONS UNDER THIS AGREEMENT SHALL BE LIMITED TO THE PAYMENT OF THE COMPENSATION PROVIDED FOR IN SECTION 5 OF THIS AGREEMENT. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, IN NO EVENT SHALL CITY BE LIABLE, REGARDLESS OF WHETHER ANY CLAIM IS BASED ON CONTRACT OR TORT, FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE SERVICES PERFORMED IN CONNECTION WITH THIS AGREEMENT.

19. Left blank by agreement of the parties. (Liquidated Damages)

20. Default; Remedies

a. Each of the following shall constitute an event of default ("Event of Default") under this Agreement:

1) Contractor fails or refuses to perform or observe any term, covenant or condition contained in any of the following Sections of this Agreement:

8.	Submitting False Claims; Monetary Penalties.
10.	Taxes

57.	Protection of private information

2) Contractor fails or refuses to perform or observe any other term, covenant or condition contained in this Agreement, and such default continues for a period of ten days after written notice thereof from City to Contractor.

3) Contractor (a) is generally not paying its debts as they become due, (b) files, or consents by answer or otherwise to the filing against it of, a petition for relief or

b. On and after any Event of Default, City shall have the right to exercise its legal and equitable remedies, including, without limitation, the right to terminate this Agreement or to seek specific performance of all or any part of this Agreement. In addition, City shall have the right (but no obligation) to cure (or cause to be cured) on behalf of Contractor any Event of Default; Contractor shall pay to City on demand all costs and expenses incurred by City in effecting such cure, with interest thereon from the date of incurrence at the maximum rate then permitted by law. City shall have the right to offset from any amounts due to Contractor under this Agreement or any other agreement between City and Contractor all damages, losses, costs or expenses incurred by City as a result of such Event of Default and any liquidated damages due from Contractor pursuant to the terms of this Agreement or any other agreement.

c. All remedies provided for in this Agreement may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules and regulations. The exercise of any remedy shall not preclude or in any way be deemed to waive any other remedy.

21. Termination for Convenience

a. City shall have the option, in its sole discretion, to terminate this Agreement, at any time during the term hereof, for convenience and without cause. City shall exercise this option by giving Contractor written notice of termination. The notice shall specify the date on which termination shall become effective.

b. Upon receipt of the notice, Contractor shall commence and perform, with diligence, all actions necessary on the part of Contractor to effect the termination of this Agreement on the date specified by City and to minimize the liability of Contractor and City to third parties as a result of termination. All such actions shall be subject to the prior approval of City. Such actions shall include, without limitation:

- 1) Halting the performance of all services and other work under this Agreement on the date(s) and in the manner specified by City.
- 2) Not placing any further orders or subcontracts for materials, services, equipment or other items.

6) Completing performance of any services or work that City designates to be completed prior to the date of termination specified by City.

7) Taking such action as may be necessary, or as the City may direct, for the protection and preservation of any property related to this Agreement which is in the possession of Contractor and in which City has or may acquire an interest.

c. Within 30 days after the specified termination date, Contractor shall submit to City an invoice, which shall set forth each of the following as a separate line item:

1) The reasonable cost to Contractor, without profit, for all services and other work City directed Contractor to perform prior to the specified termination date, for which services or work City has not already tendered payment. Reasonable costs may include a reasonable allowance for actual overhead, not to exceed a total of 10% of Contractor's direct costs for services or other work. Any overhead allowance shall be separately itemized. Contractor may also recover the reasonable cost of preparing the invoice.

2) A reasonable allowance for profit on the cost of the services and other work described in the immediately preceding subsection (1), provided that Contractor can establish, to the satisfaction of City, that Contractor would have made a profit had all services and other work under this Agreement been completed, and provided further, that the profit allowed shall in no event exceed 5% of such cost.

3) The reasonable cost to Contractor of handling material or equipment returned to the vendor, delivered to the City or otherwise disposed of as directed by the City.

Such non-recoverable costs include, but are not limited to, anticipated profits on this Agreement, post-termination employee salaries, post-termination administrative expenses, post-termination overhead or unabsorbed overhead, attorneys' fees or other costs relating to the prosecution of a claim or lawsuit, prejudgment interest, or any other expense which is not reasonable or authorized under such subsection (c).

other work performed under this Agreement is excessively high due to costs incurred to remedy or replace defective or rejected services or other work, the difference between the invoiced amount and City's estimate of the reasonable cost of performing the invoiced services or other work in compliance with the requirements of this Agreement.

f. City's payment obligation under this Section shall survive termination of this Agreement.

24. Maintenance, Protection and Ownership of Confidential Information

a. **Proprietary or Confidential Information of City.** Contractor understands and agrees that, in the performance of the work or services under this Agreement or in contemplation thereof, Contractor may have access to private or confidential information which may be owned or controlled by City and that such information may contain proprietary or confidential details; the disclosure of which to third parties may be damaging to City. Contractor agrees that all information disclosed by City to Contractor shall be held in confidence and used only in performance of the Agreement. Contractor shall exercise the same standard of care to protect such information as a reasonably prudent contractor would use to protect its own proprietary data.

b. Confidential City Data, Records And Employee Privacy

1) Contractor understands and agrees that, in the performance of the Services to be provided under this Agreement or in contemplation thereof, Contractor will have access to private or confidential information concerning City employees, injuries, and accidents, including but not limited to employee medical records, personnel documents and records, injury reports and data, incident and/or accident reports and data. Contractor agrees that it shall maintain such records in the strictest confidence and privacy. Contractor shall impose these same requirements on its employees and subcontractors that it assigns to perform the Services under this Agreement. Contractor shall require each of its employees performing work under this Agreement to execute a confidentiality agreement in the form of "Appendix C," which is attached hereto and incorporated by reference as though fully set forth herein.

2) Contractor has read and agrees to the terms set forth in San Francisco Administrative Code Sections 12M.2, "Nondisclosure of Private Information," and 12M.3, "Enforcement" of Administrative Code Chapter 12M, "Protection of Private Information," which are incorporated herein as if fully set forth. Contractor agrees that any failure of Contractor to comply with the requirements of Section 12M.2 of this Chapter shall be a material breach of the Contract. In such an event, in addition to any other remedies available to it under equity or law, the City may terminate the Contract, bring a false claim action against the Contractor pursuant to Chapter 6 or Chapter 21 of the Administrative Code, or debar the Contractor.

c. Confidentiality of Medical Information

Contractor agrees that in performance of the Agreement, it will comply with and abide by California Labor Code section 3762(c), which states:

Contractor shall provide to the City's Departmental Liaisons, such other City employees as City's Departmental Liaisons may designate, and to Deputy City Attorneys representing the City before the Workers' Compensation Appeals Board, and other persons working on a claim with a need to know such information, full access to all information, files, documents, and reports in Contractor's possession concerning the medical status or condition of a City employee. Contractor shall not disclose or otherwise discuss any City employee's medical condition with any other persons or provide any persons with documents pertaining to a City employee's medical condition, unless specifically directed to do so by City's Departmental Liaisons, or a court of competent jurisdiction.

However, Contractor may retain and use copies for reference and as documentation of its experience and capabilities, as long as the City and County of San Francisco are not identified and confidential City data is not made public.

27. Works for Hire. If, in connection with services performed under this Agreement, Contractor or its subcontractors create artwork, copy, posters, billboards, photographs, videotapes, audiotapes, systems designs, software, reports, diagrams, surveys, blueprints, source codes or any other original works of authorship, such works of authorship shall be works for hire as defined under Title 17 of the United States Code, and all copyrights in such works are the property of the City. If it is ever determined that any works created by Contractor or its subcontractors under this Agreement are not works for hire under U.S. law, Contractor hereby assigns all copyrights to such works to the City, and agrees to provide any material and execute any documents necessary to effectuate such assignment. With the approval of the City, Contractor may retain and use copies of such works for reference and as documentation of its experience and capabilities.

28. Audit and Inspection of Records. Contractor agrees to maintain and make available to the City, during regular business hours, accurate books and accounting records relating to its work under this Agreement. Contractor will permit City to audit, examine and make excerpts and transcripts from such books and records, and to make audits of all invoices, materials, payrolls, records or personnel and other data related to all other matters covered by this Agreement, whether funded in whole or in part under this Agreement, upon ten (10) days' prior written notice. Contractor shall maintain such data and records in an accessible location and condition for a period of not less than five years after final payment under this Agreement or until after final audit has been resolved, whichever is later. The State of California or any federal agency having an interest in the subject matter of this Agreement shall have the same rights conferred upon City by this Section.

29. Subcontracting. Contractor is prohibited from subcontracting this Agreement or any part of it unless such subcontracting is first approved by City in writing. Neither party shall, on the basis of this Agreement, contract on behalf of or in the name of the other party. An agreement made in violation of this provision shall confer no rights on any party and shall be null and void.

30. Assignment. The services to be performed by Contractor are personal in character and neither this Agreement nor any duties or obligations hereunder may be assigned or delegated by the Contractor unless first approved by City by written instrument executed and approved in the same manner as this Agreement.

31. Non-Waiver of Rights. The omission by either party at any time to enforce any default or right reserved to it, or to require performance of any of the terms, covenants, or provisions hereof by the other party at the time designated, shall not be a waiver of any such default or right to which the party is entitled, nor shall it in any way affect the right of the party to enforce such provisions thereafter.

32. Earned Income Credit (EIC) Forms. Administrative Code section 120 requires that employers provide their employees with IRS Form W-5 (The Earned Income Credit Advance

Payment Certificate) and the IRS EIC Schedule, as set forth below. Employers can locate these forms at the IRS Office, on the Internet, or anywhere that Federal Tax Forms can be found. Contractor shall provide EIC Forms to each Eligible Employee at each of the following times: (i) within thirty days following the date on which this Agreement becomes effective (unless Contractor has already provided such EIC Forms at least once during the calendar year in which such effective date falls); (ii) promptly after any Eligible Employee is hired by Contractor; and (iii) annually between January 1 and January 31 of each calendar year during the term of this Agreement. Failure to comply with any requirement contained in subparagraph (a) of this Section shall constitute a material breach by Contractor of the terms of this Agreement. If, within thirty days after Contractor receives written notice of such a breach, Contractor fails to cure such breach or, if such breach cannot reasonably be cured within such period of thirty days, Contractor fails to commence efforts to cure within such period or thereafter fails to diligently pursue such cure to completion, the City may pursue any rights or remedies available under this Agreement or under applicable law. Any Subcontract entered into by Contractor shall require the subcontractor to comply, as to the subcontractor's Eligible Employees, with each of the terms of this section. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Section 120 of the San Francisco Administrative Code.

33. Local Business Enterprise Utilization; Liquidated Damages

a. **The LBE Ordinance.** Contractor, shall comply with all the requirements of the Local Business Enterprise and Non-Discrimination in Contracting Ordinance set forth in Chapter 14B of the San Francisco Administrative Code as it now exists or as it may be amended in the future (collectively the "LBE Ordinance"), provided such amendments do not materially increase Contractor's obligations or liabilities, or materially diminish Contractor's rights, under this Agreement. Such provisions of the LBE Ordinance are incorporated by reference and made a part of this Agreement as though fully set forth in this section. Contractor's willful failure to comply with any applicable provisions of the LBE Ordinance is a material breach of Contractor's obligations under this Agreement and shall entitle City, subject to any applicable notice and cure provisions set forth in this Agreement, to exercise any of the remedies provided for under this Agreement, under the LBE Ordinance or otherwise available at law or in equity, which remedies shall be cumulative unless this Agreement expressly provides that any remedy is exclusive. In addition, Contractor shall comply fully with all other applicable local, state and federal laws prohibiting discrimination and requiring equal opportunity in contracting, including subcontracting.

b. **Compliance and Enforcement.** If Contractor willfully fails to comply with any of the provisions of the LBE Ordinance, the rules and regulations implementing the LBE Ordinance, or the provisions of this Agreement pertaining to LBE participation, Contractor shall be liable for liquidated damages in an amount equal to Contractor's net profit on this Agreement, or 10% of the total amount of this Agreement, or \$1,000, whichever is greatest. The Director of the City's Human Rights Commission or any other public official authorized to enforce the LBE Ordinance (separately and collectively, the "Director of HRC") may also impose other sanctions against Contractor authorized in the LBE Ordinance, including declaring the Contractor to be irresponsible and ineligible to contract with the City for a period of up to five years or revocation of the Contractor's LBE certification. The Director of HRC will determine the sanctions to be imposed, including the amount of liquidated damages, after investigation pursuant to

Administrative Code §14B.17. By entering into this Agreement, Contractor acknowledges and agrees that any liquidated damages assessed by the Director of the HRC shall be payable to City upon demand. Contractor further acknowledges and agrees that any liquidated damages assessed may be withheld from any monies due to Contractor on any contract with City. Contractor agrees to maintain records necessary for monitoring its compliance with the LBE Ordinance for a period of three years following termination or expiration of this Agreement, and shall make such records available for audit and inspection by the Director of HRC or the Controller upon request.

c. **Subcontracting Goals.** The LBE subcontracting participation goal for this contract is 5% (five percent). Contractor shall fulfill the subcontracting commitment made in its bid or proposal. Each invoice submitted to City for payment shall include the information required in the HRC Progress Payment Form and the HRC Payment Affidavit. Failure to provide the HRC Progress Payment Form and the HRC Payment Affidavit with each invoice submitted by Contractor shall entitle City to withhold 20% of the amount of that invoice until the HRC Payment Form and the HRC Subcontractor Payment Affidavit are provided by Contractor.

Contractor shall not participate in any back contracting to the Contractor or lower-tier subcontractors, as defined in the LBE Ordinance, for any purpose inconsistent with the provisions of the LBE Ordinance, its implementing rules and regulations, or this Section.

(d) **Subcontract Language Requirements.** Contractor shall incorporate the LBE Ordinance into each subcontract made in the fulfillment of Contractor's obligations under this Agreement and require each subcontractor to agree and comply with provisions of the ordinance applicable to subcontractors.

Contractor shall include in all subcontracts with LBEs made in fulfillment of Contractor's obligations under this Agreement, a provision requiring Contractor to compensate any LBE subcontractor for damages for breach of contract or liquidated damages equal to 5% of the subcontract amount, whichever is greater, if Contractor does not fulfill its commitment to use the LBE subcontractor as specified in the bid or proposal, unless Contractor received advance approval from the Director of HRC and contract awarding authority to substitute subcontractors or to otherwise modify the commitments in the bid or proposal. Such provisions shall also state that it is enforceable in a court of competent jurisdiction.

Subcontracts shall require the subcontractor to maintain records necessary for monitoring its compliance with the LBE Ordinance for a period of three years following termination of this contract and to make such records available for audit and inspection by the Director of HRC or the Controller upon request.

(e) **Payment of Subcontractors.** Contractor shall pay its subcontractors within three working days after receiving payment from the City unless Contractor notifies the Director of HRC in writing within ten working days prior to receiving payment from the City that there is a bona fide dispute between Contractor and its subcontractor and the Director waives the three-day payment requirement, in which case Contractor may withhold the disputed amount but shall pay the undisputed amount.

Contractor further agrees, within ten working days following receipt of payment from the City, to file the HRC Payment Affidavit with the Controller, under penalty of perjury, that the Contractor has paid all subcontractors. The affidavit shall provide the names and addresses of all subcontractors and the amount paid to each. Failure to provide such affidavit may subject Contractor to enforcement procedure under Administrative Code §14B.17.

34. Nondiscrimination; Penalties

a. **Contractor Shall Not Discriminate.** In the performance of this Agreement, Contractor agrees not to discriminate against any employee, City and County employee working with such contractor or subcontractor, applicant for employment with such contractor or subcontractor, or against any person seeking accommodations, advantages, facilities, privileges, services, or membership in all business, social, or other establishments or organizations, on the basis of the fact or perception of a person's race, color, creed, religion, national origin, ancestry, age, height, weight, sex, sexual orientation, gender identity, domestic partner status, marital status, disability or Acquired Immune Deficiency Syndrome or HIV status (AIDS/HIV status), or association with members of such protected classes, or in retaliation for opposition to discrimination against such classes.

b. **Subcontracts.** Contractor shall incorporate by reference in all subcontracts the provisions of §§12B.2(a), 12B.2(c)-(k), and 12C.3 of the San Francisco Administrative Code (copies of which are available from City) and shall require all subcontractors to comply with such provisions. Contractor's failure to comply with the obligations in this subsection shall constitute a material breach of this Agreement.

c. **Nondiscrimination in Benefits.** Contractor does not as of the date of this Agreement and will not during the term of this Agreement, in any of its operations in San Francisco, on real property owned by San Francisco, or where work is being performed for the City elsewhere in the United States, discriminate in the provision of bereavement leave, family medical leave, health benefits, membership or membership discounts, moving expenses, pension and retirement benefits or travel benefits, as well as any benefits other than the benefits specified above, between employees with domestic partners and employees with spouses, and/or between the domestic partners and spouses of such employees, where the domestic partnership has been registered with a governmental entity pursuant to state or local law authorizing such registration, subject to the conditions set forth in §12B.2(b) of the San Francisco Administrative Code.

d. **Condition to Contract.** As a condition to this Agreement, Contractor shall execute the "Chapter 12B Declaration: Nondiscrimination in Contracts and Benefits" form (form HRC-12B-101) with supporting documentation and secure the approval of the form by the San Francisco Human Rights Commission.

e. **Incorporation of Administrative Code Provisions by Reference.** The provisions of Chapters 12B and 12C of the San Francisco Administrative Code are incorporated in this Section by reference and made a part of this Agreement as though fully set forth herein. Contractor shall comply fully with and be bound by all of the provisions that apply to this Agreement under such Chapters, including but not limited to the remedies provided in such Chapters. Without limiting the foregoing, Contractor understands that pursuant to §§12B.2(h) and 12C.3(g) of the San Francisco Administrative Code, a penalty of \$50 for each person for each calendar day during which such person was discriminated against in violation of the

provisions of this Agreement may be assessed against Contractor and/or deducted from any payments due Contractor.

35. MacBride Principles—Northern Ireland. Pursuant to San Francisco Administrative Code §12F.5, the City and County of San Francisco urges companies doing business in Northern Ireland to move towards resolving employment inequities, and encourages such companies to abide by the MacBride Principles. The City and County of San Francisco urges San Francisco companies to do business with corporations that abide by the MacBride Principles. By signing below, the person executing this agreement on behalf of Contractor acknowledges and agrees that he or she has read and understood this section.

36. Tropical Hardwood and Virgin Redwood Ban. Pursuant to §804(b) of the San Francisco Environment Code, the City and County of San Francisco urges contractors not to import, purchase, obtain, or use for any purpose, any tropical hardwood, tropical hardwood wood product, virgin redwood or virgin redwood wood product.

37. Drug-Free Workplace Policy. Contractor acknowledges that pursuant to the Federal Drug-Free Workplace Act of 1989, the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited on City premises. Contractor agrees that any violation of this prohibition by Contractor, its employees, agents or assigns will be deemed a material breach of this Agreement.

38. Resource Conservation. Chapter 5 of the San Francisco Environment Code (“Resource Conservation”) is incorporated herein by reference. Failure by Contractor to comply with any of the applicable requirements of Chapter 5 will be deemed a material breach of contract.

39. Compliance with Americans with Disabilities Act. Contractor acknowledges that, pursuant to the Americans with Disabilities Act (ADA), programs, services and other activities provided by a public entity to the public, whether directly or through a contractor, must be accessible to the disabled public. Contractor shall provide the services specified in this Agreement in a manner that complies with the ADA and any and all other applicable federal, state and local disability rights legislation. Contractor agrees not to discriminate against disabled persons in the provision of services, benefits or activities provided under this Agreement and further agrees that any violation of this prohibition on the part of Contractor, its employees, agents or assigns will constitute a material breach of this Agreement.

40. Sunshine Ordinance. In accordance with San Francisco Administrative Code §67.24(e), contracts, contractors’ bids, responses to solicitations and all other records of communications between City and persons or firms seeking contracts, shall be open to inspection immediately after a contract has been awarded. Nothing in this provision requires the disclosure of a private person or organization’s net worth or other proprietary financial data submitted for qualification for a contract or other benefit until and unless that person or organization is awarded the contract or benefit. Information provided which is covered by this paragraph will be made available to the public upon request.

41. Public Access to Meetings and Records. If the Contractor receives a cumulative total per year of at least \$250,000 in City funds or City-administered funds and is a non-profit organization as defined in Chapter 12L of the San Francisco Administrative Code, Contractor shall comply with and be bound by all the applicable provisions of that Chapter. By executing this Agreement, the Contractor agrees to open its meetings and records to the public in the

manner set forth in §§12L.4 and 12L.5 of the Administrative Code. Contractor further agrees to make-good faith efforts to promote community membership on its Board of Directors in the manner set forth in §12L.6 of the Administrative Code. The Contractor acknowledges that its material failure to comply with any of the provisions of this paragraph shall constitute a material breach of this Agreement. The Contractor further acknowledges that such material breach of the Agreement shall be grounds for the City to terminate and/or not renew the Agreement, partially or in its entirety.

42. Limitations on Contributions. Through execution of this Agreement, Contractor acknowledges that it is familiar with section 1.126 of the City's Campaign and Governmental Conduct Code, which prohibits any person who contracts with the City for the rendition of personal services, for the furnishing of any material, supplies or equipment, for the sale or lease of any land or building, or for a grant, loan or loan guarantee, from making any campaign contribution to (1) an individual holding a City elective office if the contract must be approved by the individual, a board on which that individual serves, or the board of a state agency on which an appointee of that individual serves, (2) a candidate for the office held by such individual, or (3) a committee controlled by such individual, at any time from the commencement of negotiations for the contract until the later of either the termination of negotiations for such contract or six months after the date the contract is approved. Contractor acknowledges that the foregoing restriction applies only if the contract or a combination or series of contracts approved by the same individual or board in a fiscal year have a total anticipated or actual value of \$50,000 or more. Contractor further acknowledges that the prohibition on contributions applies to each prospective party to the contract; each member of Contractor's board of directors; Contractor's chairperson, chief executive officer, chief financial officer and chief operating officer; any person with an ownership interest of more than 20 percent in Contractor; any subcontractor listed in the bid or contract; and any committee that is sponsored or controlled by Contractor. Additionally, Contractor acknowledges that Contractor must inform each of the persons described in the preceding sentence of the prohibitions contained in Section 1.126. Contractor further agrees to provide to City the names of each person, entity or committee described above.

43. Requiring Minimum Compensation for Covered Employees

a. Contractor agrees to comply fully with and be bound by all of the provisions of the Minimum Compensation Ordinance (MCO), as set forth in San Francisco Administrative Code Chapter 12P (Chapter 12P), including the remedies provided, and implementing guidelines and rules. The provisions of Sections 12P.5 and 12P.5.1 of Chapter 12P are incorporated herein by reference and made a part of this Agreement as though fully set forth. The text of the MCO is available on the web at www.sfgov.org/olse/mco. A partial listing of some of Contractor's obligations under the MCO is set forth in this Section. Contractor is required to comply with all the provisions of the MCO, irrespective of the listing of obligations in this Section.

b. The MCO requires Contractor to pay Contractor's employees a minimum hourly gross compensation wage rate and to provide minimum compensated and uncompensated time off. The minimum wage rate may change from year to year and Contractor is obligated to keep informed of the then-current requirements. Any subcontract entered into by Contractor shall require the subcontractor to comply with the requirements of the MCO and shall contain contractual obligations substantially the same as those set forth in this Section. It is Contractor's obligation to ensure that any subcontractors of any tier under this Agreement comply with the

requirements of the MCO. If any subcontractor under this Agreement fails to comply, City may pursue any of the remedies set forth in this Section against Contractor.

c. Contractor shall not take adverse action or otherwise discriminate against an employee or other person for the exercise or attempted exercise of rights under the MCO. Such actions, if taken within 90 days of the exercise or attempted exercise of such rights, will be rebuttably presumed to be retaliation prohibited by the MCO.

d. Contractor shall maintain employee and payroll records as required by the MCO. If Contractor fails to do so, it shall be presumed that the Contractor paid no more than the minimum wage required under State law.

e. The City is authorized to inspect Contractor's job sites and conduct interviews with employees and conduct audits of Contractor

f. Contractor's commitment to provide the Minimum Compensation is a material element of the City's consideration for this Agreement. The City in its sole discretion shall determine whether such a breach has occurred. The City and the public will suffer actual damage that will be impractical or extremely difficult to determine if the Contractor fails to comply with these requirements. Contractor agrees that the sums set forth in Section 12P.6.1 of the MCO as liquidated damages are not a penalty, but are reasonable estimates of the loss that the City and the public will incur for Contractor's noncompliance. The procedures governing the assessment of liquidated damages shall be those set forth in Section 12P.6.2 of Chapter 12P.

g. Contractor understands and agrees that if it fails to comply with the requirements of the MCO, the City shall have the right to pursue any rights or remedies available under Chapter 12P (including liquidated damages), under the terms of the contract, and under applicable law. If, within 30 days after receiving written notice of a breach of this Agreement for violating the MCO, Contractor fails to cure such breach or, if such breach cannot reasonably be cured within such period of 30 days, Contractor fails to commence efforts to cure within such period, or thereafter fails diligently to pursue such cure to completion, the City shall have the right to pursue any rights or remedies available under applicable law, including those set forth in Section 12P.6(c) of Chapter 12P. Each of these remedies shall be exercisable individually or in combination with any other rights or remedies available to the City.

h. Contractor represents and warrants that it is not an entity that was set up, or is being used, for the purpose of evading the intent of the MCO.

i. If Contractor is exempt from the MCO when this Agreement is executed because the cumulative amount of agreements with this department for the fiscal year is less than \$25,000, but Contractor later enters into an agreement or agreements that cause contractor to exceed that amount in a fiscal year, Contractor shall thereafter be required to comply with the MCO under this Agreement. This obligation arises on the effective date of the agreement that causes the cumulative amount of agreements between the Contractor and this department to exceed \$25,000 in the fiscal year.

44. Requiring Health Benefits for Covered Employees

Contractor agrees to comply fully with and be bound by all of the provisions of the Health Care Accountability Ordinance (HCAO), as set forth in San Francisco Administrative Code Chapter 12Q, including the remedies provided, and implementing regulations, as the same may be amended from time to time. The provisions of section 12Q.5.1 of Chapter 12Q are

incorporated by reference and made a part of this Agreement as though fully set forth herein. The text of the HCAO is available on the web at www.sfgov.org/olse. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Chapter 12Q.

a. For each Covered Employee, Contractor shall provide the appropriate health benefit set forth in Section 12Q.3 of the HCAO. If Contractor chooses to offer the health plan option, such health plan shall meet the minimum standards set forth by the San Francisco Health Commission.

b. Notwithstanding the above, if the Contractor is a small business as defined in Section 12Q.3(e) of the HCAO, it shall have no obligation to comply with part (a) above.

c. Contractor's failure to comply with the HCAO shall constitute a material breach of this agreement. City shall notify Contractor if such a breach has occurred. If, within 30 days after receiving City's written notice of a breach of this Agreement for violating the HCAO, Contractor fails to cure such breach or, if such breach cannot reasonably be cured within such period of 30 days, Contractor fails to commence efforts to cure within such period, or thereafter fails diligently to pursue such cure to completion, City shall have the right to pursue the remedies set forth in 12Q.5.1 and 12Q.5(f)(1-6). Each of these remedies shall be exercisable individually or in combination with any other rights or remedies available to City.

d. Any Subcontract entered into by Contractor shall require the Subcontractor to comply with the requirements of the HCAO and shall contain contractual obligations substantially the same as those set forth in this Section. Contractor shall notify City when it enters into such a Subcontract and shall certify to the City that it has notified the Subcontractor of the obligations under the HCAO and has imposed the requirements of the HCAO on Subcontractor through the Subcontract. Each Contractor shall be responsible for its Subcontractors' compliance with this Chapter. If a Subcontractor fails to comply, the City may pursue the remedies set forth in this Section against Contractor based on the Subcontractor's failure to comply, provided that City has first provided Contractor with notice and an opportunity to obtain a cure of the violation.

e. Contractor shall not discharge, reduce in compensation, or otherwise discriminate against any employee for notifying City with regard to Contractor's noncompliance or anticipated noncompliance with the requirements of the HCAO, for opposing any practice proscribed by the HCAO, for participating in proceedings related to the HCAO, or for seeking to assert or enforce any rights under the HCAO by any lawful means.

f. Contractor represents and warrants that it is not an entity that was set up, or is being used, for the purpose of evading the intent of the HCAO.

g. Contractor shall maintain employee and payroll records in compliance with the California Labor Code and Industrial Welfare Commission orders, including the number of hours each employee has worked on the City Contract.

h. Contractor shall keep itself informed of the current requirements of the HCAO.

i. Contractor shall provide reports to the City in accordance with any reporting standards promulgated by the City under the HCAO, including reports on Subcontractors and Subtenants, as applicable.

j. Contractor shall provide City with access to records pertaining to compliance with HCAO after receiving a written request from City to do so and being provided at least ten business days to respond.

k. Contractor shall allow City to inspect Contractor's job sites and have access to Contractor's employees in order to monitor and determine compliance with HCAO.

l. City may conduct random audits of Contractor to ascertain its compliance with HCAO. Contractor agrees to cooperate with City when it conducts such audits.

m. If Contractor is exempt from the HCAO when this Agreement is executed because its amount is less than \$25,000 (\$50,000 for nonprofits), but Contractor later enters into an agreement or agreements that cause Contractor's aggregate amount of all agreements with City to reach \$75,000, all the agreements shall be thereafter subject to the HCAO. This obligation arises on the effective date of the agreement that causes the cumulative amount of agreements between Contractor and the City to be equal to or greater than \$75,000 in the fiscal year.

45. First Source Hiring Program

a. Incorporation of Administrative Code Provisions by Reference.

The provisions of Chapter 83 of the San Francisco Administrative Code are incorporated in this Section by reference and made a part of this Agreement as though fully set forth herein. Contractor shall comply fully with, and be bound by, all of the provisions that apply to this Agreement under such Chapter, including but not limited to the remedies provided therein. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Chapter 83.

b. First Source Hiring Agreement.

As an essential term of, and consideration for, any contract or property contract with the City, not exempted by the FSHA, the Contractor shall enter into a first source hiring agreement ("agreement") with the City, on or before the effective date of the contract or property contract. Contractors shall also enter into an agreement with the City for any other work that it performs in the City. Such agreement shall:

1) Set appropriate hiring and retention goals for entry level positions. The employer shall agree to achieve these hiring and retention goals, or, if unable to achieve these goals, to establish good faith efforts as to its attempts to do so, as set forth in the agreement. The agreement shall take into consideration the employer's participation in existing job training, referral and/or brokerage programs. Within the discretion of the FSHA, subject to appropriate modifications, participation in such programs maybe certified as meeting the requirements of this Chapter. Failure either to achieve the specified goal, or to establish good faith efforts will constitute noncompliance and will subject the employer to the provisions of Section 83.10 of this Chapter.

2) Set first source interviewing, recruitment and hiring requirements, which will provide the San Francisco Workforce Development System with the first opportunity to provide qualified economically disadvantaged individuals for consideration for employment for entry level positions. Employers shall consider all applications of qualified economically disadvantaged individuals referred by the System for employment; provided however, if the employer utilizes nondiscriminatory screening criteria, the employer shall have the sole

discretion to interview and/or hire individuals referred or certified by the San Francisco Workforce Development System as being qualified economically disadvantaged individuals. The duration of the first source interviewing requirement shall be determined by the FSHA and shall be set forth in each agreement, but shall not exceed 10 days. During that period, the employer may publicize the entry level positions in accordance with the agreement. A need for urgent or temporary hires must be evaluated, and appropriate provisions for such a situation must be made in the agreement.

3) Set appropriate requirements for providing notification of available entry level positions to the San Francisco Workforce Development System so that the System may train and refer an adequate pool of qualified economically disadvantaged individuals to participating employers. Notification should include such information as employment needs by occupational title, skills, and/or experience required, the hours required, wage scale and duration of employment, identification of entry level and training positions, identification of English language proficiency requirements, or absence thereof, and the projected schedule and procedures for hiring for each occupation. Employers should provide both long-term job need projections and notice before initiating the interviewing and hiring process. These notification requirements will take into consideration any need to protect the employer's proprietary information.

4) Set appropriate record keeping and monitoring requirements. The First Source Hiring Administration shall develop easy-to-use forms and record keeping requirements for documenting compliance with the agreement. To the greatest extent possible, these requirements shall utilize the employer's existing record keeping systems, be nonduplicative, and facilitate a coordinated flow of information and referrals.

5) Establish guidelines for employer good faith efforts to comply with the first source hiring requirements of this Chapter. The FSHA will work with City departments to develop employer good faith effort requirements appropriate to the types of contracts and property contracts handled by each department. Employers shall appoint a liaison for dealing with the development and implementation of the employer's agreement. In the event that the FSHA finds that the employer under a City contract or property contract has taken actions primarily for the purpose of circumventing the requirements of this Chapter, that employer shall be subject to the sanctions set forth in Section 83.10 of this Chapter.

6) Set the term of the requirements.

7) Set appropriate enforcement and sanctioning standards consistent with this Chapter.

8) Set forth the City's obligations to develop training programs, job applicant referrals, technical assistance, and information systems that assist the employer in complying with this Chapter.

9) Require the developer to include notice of the requirements of this Chapter in leases, subleases, and other occupancy contracts.

c. Hiring Decisions

Contractor shall make the final determination of whether an Economically Disadvantaged Individual referred by the System is "qualified" for the position.

d. **Exceptions**

Upon application by Employer, the First Source Hiring Administration may grant an exception to any or all of the requirements of Chapter 83 in any situation where it concludes that compliance with this Chapter would cause economic hardship.

e. **Liquidated Damages**

Contractor agrees:

- 1) To be liable to the City for liquidated damages as provided in this section;
- 2) To be subject to the procedures governing enforcement of breaches of contracts based on violations of contract provisions required by this Chapter as set forth in this section;
- 3) That the contractor's commitment to comply with this Chapter is a material element of the City's consideration for this contract; that the failure of the contractor to comply with the contract provisions required by this Chapter will cause harm to the City and the public which is significant and substantial but extremely difficult to quantify; that the harm to the City includes not only the financial cost of funding public assistance programs but also the insidious but impossible to quantify harm that this community and its families suffer as a result of unemployment; and that the assessment of liquidated damages of up to \$5,000 for every notice of a new hire for an entry level position improperly withheld by the contractor from the first source hiring process, as determined by the FSHA during its first investigation of a contractor, does not exceed a fair estimate of the financial and other damages that the City suffers as a result of the contractor's failure to comply with its first source referral contractual obligations.
- 4) That the continued failure by a contractor to comply with its first source referral contractual obligations will cause further significant and substantial harm to the City and the public, and that a second assessment of liquidated damages of up to \$10,000 for each entry level position improperly withheld from the FSHA, from the time of the conclusion of the first investigation forward, does not exceed the financial and other damages that the City suffers as a result of the contractor's continued failure to comply with its first source referral contractual obligations;
- 5) That in addition to the cost of investigating alleged violations under this Section, the computation of liquidated damages for purposes of this section is based on the following data:
 - (a) The average length of stay on public assistance in San Francisco's County Adult Assistance Program is approximately 41 months at an average monthly grant of \$348 per month, totaling approximately \$14,379; and
 - (b) In 2004, the retention rate of adults placed in employment programs funded under the Workforce Investment Act for at least the first six months of employment was 84.4%. Since qualified individuals under the First Source program face far fewer barriers to employment than their counterparts in programs funded by the Workforce Investment Act, it is reasonable to conclude that the average length of employment for an individual whom the First Source Program refers to an employer and who is hired in an entry level position is at least one year;

Therefore, liquidated damages that total \$5,000 for first violations and \$10,000 for subsequent violations as determined by FSHA constitute a fair, reasonable, and conservative attempt to quantify the harm caused to the City by the failure of a contractor to comply with its first source referral contractual obligations.

6) That the failure of contractors to comply with this Chapter, except property contractors, may be subject to the debarment and monetary penalties set forth in Sections 6.80 et seq. of the San Francisco Administrative Code, as well as any other remedies available under the contract or at law; and

Violation of the requirements of Chapter 83 is subject to an assessment of liquidated damages in the amount of \$5,000 for every new hire for an Entry Level Position improperly withheld from the first source hiring process. The assessment of liquidated damages and the evaluation of any defenses or mitigating factors shall be made by the FSHA.

f. **Subcontracts**

Any subcontract entered into by Contractor shall require the subcontractor to comply with the requirements of Chapter 83 and shall contain contractual obligations substantially the same as those set forth in this Section.

46. Prohibition on Political Activity with City Funds. In accordance with San Francisco Administrative Code Chapter 12.G, Contractor may not participate in, support, or attempt to influence any political campaign for a candidate or for a ballot measure (collectively, "Political Activity") in the performance of the services provided under this Agreement. Contractor agrees to comply with San Francisco Administrative Code Chapter 12.G and any implementing rules and regulations promulgated by the City's Controller. The terms and provisions of Chapter 12.G are incorporated herein by this reference. In the event Contractor violates the provisions of this section, the City may, in addition to any other rights or remedies available hereunder, (i) terminate this Agreement, and (ii) prohibit Contractor from bidding on or receiving any new City contract for a period of two (2) years. The Department(s) will not consider Contractor's use of profit as a violation of this section.

47. Preservative-treated Wood Containing Arsenic. Contractor may not purchase preservative-treated wood products containing arsenic in the performance of this Agreement unless an exemption from the requirements of Chapter 13 of the San Francisco Environment Code is obtained from the Department of the Environment under Section 1304 of the Code. The term "preservative-treated wood containing arsenic" shall mean wood treated with a preservative that contains arsenic, elemental arsenic, or an arsenic copper combination, including, but not limited to, chromated copper arsenate preservative, ammoniacal copper zinc arsenate preservative, or ammoniacal copper arsenate preservative. Contractor may purchase preservative-treated wood products on the list of environmentally preferable alternatives prepared and adopted by the Department of the Environment. This provision does not preclude Contractor from purchasing preservative-treated wood containing arsenic for saltwater immersion. The term "saltwater immersion" shall mean a pressure-treated wood that is used for construction purposes or facilities that are partially or totally immersed in saltwater.

48. Modification of Agreement. This Agreement may not be modified, nor may compliance with any of its terms be waived, except by written instrument executed and approved in the same manner as this Agreement. Contractor shall cooperate with Department to submit to the Director

of HRC any amendment, modification, supplement or change order that would result in a cumulative increase of the original amount of this Agreement by more than 20% (HRC Contract Modification Form).

49. Administrative Remedy for Agreement Interpretation. Should any question arise as to the meaning and intent of this Agreement, the question shall, prior to any other action or resort to any other legal remedy, be referred to City who shall decide the true meaning and intent of the Agreement.

50. Agreement Made in California; Venue. The formation, interpretation and performance of this Agreement shall be governed by the laws of the State of California. Venue for all litigation relative to the formation, interpretation and performance of this Agreement shall be in San Francisco.

51. Construction. All paragraph captions are for reference only and shall not be considered in construing this Agreement.

52. Entire Agreement. This contract sets forth the entire Agreement between the parties, and supersedes all other oral or written provisions. This contract may be modified only as provided in Section 48, "Modification of Agreement."

53. Compliance with Laws. Contractor shall keep itself fully informed of the City's Charter, codes, ordinances and regulations of the City and of all state, and federal laws in any manner affecting the performance of this Agreement, and must at all times comply with such local codes, ordinances, and regulations and all applicable laws as they may be amended from time to time.

54. Services Provided by Attorneys. Any services to be provided by a law firm or attorney must be reviewed and approved in writing in advance by the City Attorney. No invoices for services provided by law firms or attorneys, including, without limitation, as subcontractors of Contractor; will be paid unless the provider received advance written approval from the City Attorney.

55. Left blank by Agreement of the Parties. (Supervision of Minors)

56. Severability. Should the application of any provision of this Agreement to any particular facts or circumstances be found by a court of competent jurisdiction to be invalid or unenforceable, then (a) the validity of other provisions of this Agreement shall not be affected or impaired thereby, and (b) such provision shall be enforced to the maximum extent possible so as to effect the intent of the parties and shall be reformed without further action by the parties to the extent necessary to make such provision valid and enforceable.

57. Protection of Private Information. Contractor has read and agrees to the terms set forth in San Francisco Administrative Code Sections 12M.2, "Nondisclosure of Private Information," and 12M.3, "Enforcement" of Administrative Code Chapter 12M, "Protection of Private Information," which are incorporated herein as if fully set forth. Contractor agrees that any failure of Contractor to comply with the requirements of Section 12M.2 of this Chapter shall be a material breach of the Contract. In such an event, in addition to any other remedies available to it under equity or law, the City may terminate the Contract, bring a false claim action against the Contractor pursuant to Chapter 6 or Chapter 21 of the Administrative Code, or debar the Contractor.

58. Left blank by agreement of parties. (Graffiti Removal)

Effective June 1, 2007, Contractor agrees to comply fully with and be bound by all of the provisions of the Food Service Waste Reduction Ordinance, as set forth in San Francisco Environment Code Chapter 16, including the remedies provided, and implementing guidelines and rules. The provisions of Chapter 16 are incorporated herein by reference and made a part of this Agreement as though fully set forth. This provision is a material term of this Agreement. By entering into this Agreement, Contractor agrees that if it breaches this provision, City will suffer actual damages that will be impractical or extremely difficult to determine; further, Contractor agrees that the sum of one hundred dollars (\$100) liquidated damages for the first breach, two hundred dollars (\$200) liquidated damages for the second breach in the same year, and five hundred dollars (\$500) liquidated damages for subsequent breaches in the same year is reasonable estimate of the damage that City will incur based on the violation, established in light of the circumstances existing at the time this Agreement was made. Such amount shall not be considered a penalty, but rather agreed monetary damages sustained by City because of Contractor's failure to comply with this provision.

60. Slavery Era Disclosure

a. Contractor acknowledges that this contract shall not be binding upon the City until the Director receives the affidavit required by the San Francisco Administrative Code's Chapter 12Y, "San Francisco Slavery Era Disclosure Ordinance."

b. In the event the Director of Administrative Services finds that Contractor has failed to file an affidavit as required by Section 12Y.4(a) and this Contract, or has willfully filed a false affidavit, the Contractor shall be liable for liquidated damages in an amount equal to the Contractor's net profit on the Contract, 10 percent of the total amount of the Contract, or \$1,000, whichever is greatest as determined by the Director of Administrative Services. Contractor acknowledges and agrees that the liquidated damages assessed shall be payable to the City upon demand and may be set off against any monies due to the Contractor from any Contract with the City.

c. Contractor shall maintain records necessary for monitoring their compliance with this provision.

61. Cooperative Drafting. This Agreement has been drafted through a cooperative effort of both parties, and both parties have had an opportunity to have the Agreement reviewed and revised by legal counsel. No party shall be considered the drafter of this Agreement, and no presumption or rule that an ambiguity shall be construed against the party drafting the clause shall apply to the interpretation or enforcement of this Agreement.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the day first mentioned above.

State in the claims notes the basis for all initial reserves, reserve revisions, and payments using the appropriate reserve analysis forms. Clearly document the POA in the file and update the POA at a minimum of every 90 days until a settlement is reached and the claim is converted to a future medical claim, after which time update the POA at a minimum of every six (6) months. The POA shall be based upon the facts and complexities of each individual case.

3. **Review and analyze appropriate charges**
4. **Identify cases for potential fraud investigation**
5. **Identify recovery opportunities, such as subrogation and apportionment**

7. **Minimize penalties**

D. Contractor Liability

1. Denial/Delay Of Benefits. Contractor shall be solely liable for all payments of penalty awards, required self-imposed penalties, interest, settlements of penalty claims and petitions for penalties, and regulatory fines, fees and assessments arising out of Contractors' negligent or unreasonable denial, unreasonable or negligent delay, or late provision of workers' compensation benefits to claimants in Contractor's performance of the Agreement. Such penalties shall include, but

are not limited to, penalties and fees arising under the California Labor Code and the California Code of Regulations. Contractor shall report all payments of penalties and interest to City on a monthly basis. Contractor shall reimburse City on a monthly basis for all such penalty and interest payments made with City funds.

2. Interest. Contractor shall be solely liable for all payments of penalty awards, required self-imposed penalties, interest, and settlements of penalty claims and petitions for all penalties and regulatory fines and assessments arising out of Contractors' unreasonable or negligent denial of or late payment of interest on delayed workers' compensation benefits to claimants arising out of Contractor's performance of the Agreement. Such penalties include but are not limited to penalties and fees arising under the California Labor Code and the California Code of Regulations. Contractor shall report all payments of penalties and interest to City on a monthly basis. Contractor shall reimburse City on a monthly basis for all such penalty and interest payments made with City funds.

3. Confirmation of Claimant's Weekly Wages. Contractor is solely liable for all payments of penalty awards, required self-imposed penalties, interest, settlements of penalty claims and petitions for all penalties, and regulatory fines and assessments arising out of Contractors' failure to determine a claimant's average weekly wage as of the date of injury and at the time that wage-loss benefits are requested. Such penalties and fees include but are not limited to penalties arising under the California Labor Code and the California Code of Regulations. Contractor shall report all payments of penalties and interest to City on a monthly basis. Contractor shall reimburse City on a monthly basis for all such penalty and interest payments made with City funds.

4. Late Payment of Bills. Contractor shall be solely liable for all payments of penalty awards, required self-imposed penalties, interest, settlement payments of penalty claims and petitions for all penalties, and regulatory fines and assessments arising out of Contractors' failure to pay bills and invoices of medical service providers within the time requirements of the California Labor Code, California Code of Regulations, and Workers' Compensation Appeals Board ("WCAB") Rules.

5. Failure to Timely Deny Claim. Contractor's timely determination of claim compensability is an essential function and duty that is necessary and material under the Agreement. Contractor shall indemnify and reimburse the City for costs of claims (including but not limited to indemnity, medical care and associated allocated expenses) that become compensable by operation of law, when such compensability was caused by Contractor's failure to meet a mandated deadline for delaying or denying a claim (including, but not limited to, application of the 90-day provision of the California Labor Code), and such claim would not otherwise have been compensable. Determination of whether a claim would otherwise have been compensable shall be determined by an independent third party selected by the mutual agreement of the parties.

6. Defense Medical Reports.

a. Obtaining Ratable Medical Reports is an essential function and material duty of Contractor under the Agreement. Except as provided for in this Appendix A, Contractor shall timely obtain a Ratable Medical Report from a reputable physician for every claim in which a claimant's treating physician or QME reports permanent disability of 35 percent or greater, or reports more than 24 weeks total temporary disability. In

cases where the injured worker is unrepresented, Contractor shall object to the findings of the treating physician and direct the injured worker through the panel QME Process. For any claim in which Contractor and the City's Workers' Compensation Manager agree (and such agreement is memorialized in writing) that the treating physician's report or claimant's QME report accurately represents the level of disability, the procurement of an additional or any further Ratable Medical Reports is not required, and Contractor is relieved of liability under this Section 2.4(D)(6).

b. For purposes of this Agreement, a Ratable Medical Report is a report containing sufficient information that the Disability Evaluation Unit of the WCAB can evaluate the report and issue an advisory permanent disability rating.

c. Where Contractor fails to obtain a Ratable Medical Report as required under this Section 2.4(d)(6), Contractor shall reimburse the City for (or at Contractor's option shall directly assume full liability for) all costs and allocated expenses of the claim from the date of the mandatory settlement conference, including but not limited to temporary disability indemnity, permanent disability indemnity, medical costs, and vocational rehabilitation costs. The parties stipulate that the shifting of liability from City to Contractor is a measure of liquidated damages and is not an actual or constructive penalty, as it would be difficult, if not impossible, to calculate actual damages incurred by City should Contractor fail to obtain a Ratable Medical Report under this Section 2.4(D)(6).

7. Sanctions, Attorneys' Fees and Costs. Contractor is liable for any sanctions and costs awarded to a claimant arising out of Contractor's negligent performance of the Agreement. Such sanctions and costs shall include, but are not limited to, sanctions and costs that the WCAB may award under the California Labor Code, the California Code of Regulations, and the WCAB Rules.

8. Incorrect Payment of Indemnity. Contractor is liable for and must reimburse City for overpayments of temporary disability indemnity where Contractor negligently continues to pay temporary disability indemnity to a claimant in the face of an uncontested medical report determining claimant to be permanent and stationary, or where Contractor has negligently continued to pay temporary disability indemnity in the face of a written notice that the Claimant has returned to work. Contractor is liable for and must reimburse City for overpayments of permanent disability indemnity where Contractor has negligently failed to estimate reasonably a claimant's level of permanent disability or has failed to rate properly a medical report listing factors of permanent disability.

9. Incorrect Payment of Vocational Rehabilitation Maintenance Allowance. Where Contractor fails to send required vocational rehabilitation notices to a claimant, or fails to respond timely to a request for vocational rehabilitation benefits, and due to Contractor's negligent act or omission City is thereby liable for payment of Vocational Rehabilitation Maintenance Allowance ("VRMA") at the temporary disability indemnity rate, Contractor is liable for and shall reimburse City the difference between VRMA paid at the applicable temporary disability indemnity rate and the amount of payment that should have been made at the applicable usual VRMA rate.

10. Late Payment of Medical Bills. Contractor shall pay uncontested medical bills within the time frames established by the California Labor Code and

any other California Workers' Compensation laws. Any penalties or fines assessed against Contractor by the DWC Audit Unit, or resulting from Contractor's delay in paying within state-mandated time frames shall be the responsibility of Contractor.

11. Contractor Not Liable For Errors And Omissions Of Prior TPA Contractor. Contractor shall not be liable for penalties (including but not limited to penalties arising under the California Labor Code) arising from the errors and omissions of SFMTA's prior TPA Contractor, where such error and omissions occurred prior to the Effective Date. However, Contractor shall take appropriate action to communicate such errors and omissions of SFMTA's prior TPA Contractor to City, and shall remedy those errors and omissions promptly.

12. Disputes Concerning Contractor's Liability. If Contractor believes that a penalty, interest payment, sanction, fine or allocated expense is the responsibility of City under this Agreement, Contractor shall provide City with a written explanation. City and Contractor shall attempt to resolve disputes concerning their respective responsibility for claims, penalties, interest payments, sanctions, fines and allocated expenses under the Agreement by informal negotiation prior to pursuing legal remedies.

E. INVESTIGATION AND DISCOVERY STANDARDS

- 1. Witness Statements.** Investigate questionable claims by obtaining statements from anyone who may have knowledge of the injury, including the claimant, witnesses, co-workers, and supervisors, within ten calendar days of notice of claim to Contractor, unless the file reflects an explanation for unavoidable delay in obtaining same
- 2. Three Point Contact.** Establish a "three point contact" (i.e. telephone contact by Claims Examiner with injured employee, employer and medical provider) within twenty-four (24) hours of Contractor's receipt of notice of claim. Additionally, verify disability status with the treating physician and/or employer's medical facility prior to making any indemnity payment.
- 3. Confirmation of Employment Status.** When Form 5020, Employer's First Report of Injury, does not accompany the DWC-1 Form (employee's Claim Form), verify that the claimant is a City employee by contacting the claimant's employer to confirm employment status prior to authorizing benefits.
- 4. Reports from Treating Doctors.** If disability continues for more than twenty-one (21) days, obtain a medical report at a minimum of every forty-five (45) days to justify continuing indemnity payments. If Contractor does not receive a report every 45 days, Contractor shall notify in writing the treating physician of the requirements of section 9785 of the California Code of Regulations, and shall provide the physician with a copy of that section. If the treating physician does not provide a medical report within ten (10) days of that notification, Contractor shall discontinue payment of temporary disability indemnity and shall notify the injured worker for the reason of the suspension of benefits according to the California Labor Code.
- 5. Sub Rosa Surveillance**

- a. Where the existence or extent of disability is in question, an activity check/surveillance may be referred to the City's Investigator or Panel.
 - b. Referrals for either activity checks and/or surveillance (sub rosa) must be based upon specific information discovered for mitigation purposes, and not based upon any subjective criteria
6. **Compensability Investigations.** Perform a compensability evaluation for each new claim filed. If the initial evaluation or investigation warrants it, perform a more in-depth investigation to ascertain whether the claimed injury is industrial and compensable under the California Labor Code. For all stress/psychiatric claims, interview employee's supervisor and/or manager and review employee's personnel file.
 7. **Insurance Index Searches.** Where an Insurance Index search reveals prior claims, lawsuits or court actions that may relate to the injured worker's claim, obtain copies of the court records or claim records, and medical records. As appropriate, refer the claim for further investigation.
 8. **Selection of Agreed Medical Examiners (AME) and Qualified Medical Evaluators.** The purpose of referring a City employee alleging industrial injury to an outside medical expert shall be to ascertain; (a) whether the alleged injury occurred; (b) whether the alleged injury is work-related; (c) the nature and extent of the alleged injury; and (d) the need for medical treatment. All medical-legal evaluations are subject to the requirements of California Labor Code. All requests for agreement of use of an AME must be made to the City prior to agreement with applicant's attorney.

F. SUBROGATION AND THIRD PARTY CLAIM SETTLEMENT

Identify claims with subrogation potential, make subrogation referrals when a third party may be responsible for a claimed injury, work with the City Attorney's Office to coordinate the resolution of subrogation liens, and ensure all credits are properly adjusted.

G. LITIGATION SUPPORT AND MANAGEMENT

Legal counsel for City workers' compensation claims and litigation is to be provided only by the City Attorney's Office. Contractor is primarily responsible for managing City workers' compensation claims. Contractor shall:

1. Refer litigated cases to City Attorney while continuing claims management of these cases
2. Provide litigation support for the City Attorney's efforts
3. Substantiate and refer subrogation cases to the City Attorney
4. Prepare and forward all legally required notifications
5. Seek legal advice and assistance as early as possible for discussion and resolution of high exposure cases

H. SETTLEMENT AUTHORITY AND STANDARDS

1. **Rating Permanent Disability.** Determine the nature and extent of permanent disability or need for further medical care following the receipt of

a medical report indicating a likelihood of permanent disability. Permanent disability advances shall be made in accordance with the California Labor Code.

2. **Claim Settlement Valuation.** Settlement valuation shall be made promptly, based on information included in the file and in accordance with industry standards. Emphasis shall be placed on early settlement of claims.
