February 10, 2009

The Honorable Members of the San Francisco Board of Supervisors
1 Dr. Carlton B. Goodlett Place, City Hall, Room 244
San Francisco, CA 94102-4698

Dear Supervisors:

I am writing to express my interest in the vacancy for appointment to the Citizen's Committee on Community Development. As a Field Representative in Speaker Nancy Pelosi's San Francisco office, I am responsible for a wide variety of legislative issues of importance to San Francisco. I am confident that I will be able to apply my professional experience in the federal government, my personal interest in City policy and my experience with community development issues to work as a member of the Citizen's Committee on Community Development.

In the Speaker's office I am responsible for a number of policy areas, including education, housing, labor and veteran's affairs that directly and substantively affect quality of life in San Francisco. Handling these issues, I monitor legislation, attend community hearings, meet with elected officials and community members, advise my Chief of Staff and brief the Speaker. In this role I have successfully seen complex legislative issues through to completion and am certain that I will be able to provide a comparable level of efficiency and effectiveness.

In my past professional experiences I've handled public relations, communications fundraising, event planning and grassroots organizing. I am passionate about the work I do in government. I am proud of the role our government can play in improving lives and proud of my service to that end. I know that my experience in government, along with understanding the needs of San Francisco would make me a valuable asset on this committee. I look forward to speaking with you and discussing my qualifications in more detail.

Sincerely,

Nicole Rivera

RE: Recommendation for Aaron Goodman

To Whom It May Concern:

I am delighted to offer this recommendation of Mr. Aaron Goodman.

Aaron joined our San Francisco office staff in May 2006, and I followed his career throughout his tenure.

Aaron served variously as Job Captain or Project Designer on some extremely important projects, and he ranked among our most competent staff. As business conditions changed, we asked Aaron if he was willing to take a short term assignment in our east coast offices, which he willingly accepted. Such temporary reassignments are quite delicate, and they are successful only when the staff member has both the right technical skills and the right personal temperament. Aaron was a great hit with his east coast colleagues, and the exchange was considered one of our most effective.

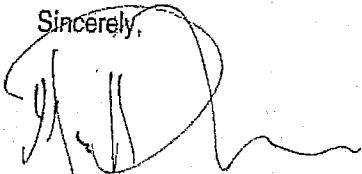

STUDIOS has an interesting and challenging culture, one where the baseline for technical skills is extremely high and almost taken for granted, and people are recognized for the social intangibles they bring in addition to their skills. Aaron was a terrific office activist, frequently offering ideas on how to do things better, particularly with regard to safety and environmental sustainability. Some office operations today reflect his positive influence.

We also encourage our staff to be active citizens, to engage the community outside of work. Aaron was exemplary in this regard too. He is a dedicated community activist, father, and husband, who clearly cares about people and the role of architecture in making life better for all. He genuinely grasps *why* we practice architecture.

It was most unfortunate that our San Francisco business unit suffered so much during the recent economic turmoil, resulting in the decision to eliminate Aaron's position along with several others. I would strongly urge you to consider him for any appropriate architecture job.

If you would like any additional information, please do not hesitate to contact us.

Subject: Letter of Recommendation for Aaron Goodman

I have had the pleasure of working with Aaron in my studio for over a year. Of most significance during this time was his team involvement on the UC Berkeley CITRIS Headquarters project, UC Davis Genomics Laboratory record drawings and assistance in improving and updating our Detail Library.

Aaron's professional skills and natural ability to work with people in a team setting allowed him to appropriately respond to clients' interests and be a strong advocate for design. On both efforts, he contributed at every level in design, documentation, and team critique. He is articulate and direct. He is well on his way to being a well-rounded architect, always equally concerned for the technical quality of the product and design.

Specifically for the CITRIS project, Aaron utilized his skills in production, detailing, materials research, consultant coordination, and management of our ftp site. This was a fast moving, large, complex project which completed SD, DD and CD's within 11 months. Aaron always made an effort to comply with schedule demands and helped to encourage a team attitude on a stressful demanding project.

Given our recent reduction of work load following the cancellation of a few very large projects, it has been impossible to hold onto a number of very good architects. I recommend Aaron highly and wish him good luck in his new endeavors. I hope that our paths may cross again in the future.

Yours truly,

To whom it may concern:

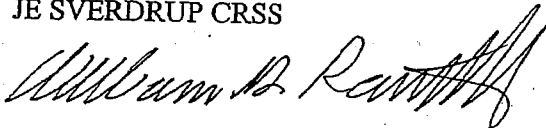

Aaron Goodman worked for JE Sverdrup CRSS during a two year period as an architectural intern starting in Sept. 10 1997. During this time Mr. Goodman was entrusted with varied responsibilities within an Architectural and Engineering Firm.

The projects that Mr. Goodman participated in focused on maintenance facilities (which included work for the Army Corp. of Engineers, Air National Guard, Omnitrans, and BNSF). Mr Goodman's position often centered around the coordination and development of the architectural/structural/mechanical/ and electrical drawings.

Mr. Goodman performed exceptionally well amongst his peers in an office environment, learning from supervisors and each member of the team, often giving input and creative ideas to help in the development of the designs. His interest in the firm's well being often led to him undertaking additional tasks on his own initiative with a determination that showed his strong interest in improving himself and the office while employed within Sverdrup. He often helped assist other older and newer members of the staff explaining office computer systems, lending a hand when needed in anything requested. When asked to perform such tasks as a study model or coordinating consultants for a deadline, he was always there to perform and complete the tasks at hand given to him with hard work and energy.

His work ethic, creativeness and personality allow me to recommend him to you.

Sincerely,
JE SVERDRUP CRSS

Re: Item#3 - [110211] Citizen's Committee on Community Development - SF Rules Committee / March 3rd, 2011

Supervisors Kim, Elsbernd and Farrell;

As I am unable to attend the meeting on March 3rd to introduce myself to the new members under the rules committee, I would like to forward this intro./info. to you regarding my qualifications for the position on the Citizen's Committee on Community Development.

I am a local bay architect who has worked on numerous projects within San Francisco, and the surrounding counties in the bay area. My efforts at advocating for affordable housing, and rental housing are key in the issues many communities face in the development issues being discussed at city hall in relation to growth and change.

As a designer and concept generator, I can link disparate strategies, and help combine groups to see the positive in the issues. My work on Parkmerced in the last 5 years has helped not only bring together neighborhood organizations such as WOTPCC, CSFN, SFT, and other activist organizations into discussing Parkmerced, but being willing to listen to neighborhood concerns, and help look positively at what may solve the issue.

I strongly believe we need someone who see's a vision that is modern, future-minded, and can help conceive of the need required to house, and provide jobs and opportunities for our neighborhoods future.

I actively supported Mr. John Jweinat on his efforts to remodel, and fix up the Cambon business center, and courted neighborhood organizations and business interests to speak on there issues and concerns at hearings.

I was involved in the SFSU-CSU Taskforce, on neighborhood issues, and discussed with Jason Porth many views on how to best resolve the traffic/transit/parking concerns through adequate support of Tier-5 level transit improvements funded by SFSU-CSU.

I have spoken with Eric Mar, John Avalos and Sean Elsbernd on the need to create better linkage of transit routing through multiple districts, on the cities western and south-western corridors. This would provide better impetus for change, and housing, jobs and business growth.

I have worked with tenants organizations, and housing groups on the need for affordable low-mid income housing with ammenities. The

Trinity Plaza project is not the only solution for housing of our citizens. We need larger and bigger visions of what can be built that respects neighborhood character, the existing inhabitants, the environment and helps to create a better future for ALL San Franciscans.

For those reasons and many others I request your support for the position noted this thursday on the Citizen's Committee on Community Development.

Sincerely

Aaron Goodman
