Good Morning Ms. Somera,  
Please note and list my comments below as part of your record for today's proceedings.

-----

My name is Dr. Veronica Hunnicutt. I am a former Dean of the Southeast Campus of City College of San Francisco, Chair of the Citizens Advisory Committee for the Shipyard, an Author, and a longtime community leader.

I have known Commissioner Linda Fadeke Richardson for decades and observed her tireless work in the community and citywide. Linda was on my Community Advisory Committee when I worked at the College.

She spearheaded the Planning of the Bayview and India Basin Revitalization Master Plan and worked with City agencies. Linda Fadeke has also been very instrumental in advising and advocating for transportation improvements to the Southeast sector, and she has worked with the communities, governmental agencies, and citywide organizations with the distinct purpose of advocating for transportation linkages citywide.

Her roles at Treasure Island and Yerba Buena Island development are essential. She has vital experience that we need.

She is one of the few citizens with in-depth knowledge of Community Development and Economic Revitalization.

We are very proud of her passion, knowledge, integrity, and commitment to Equity, Inclusion, and her leadership on Environmental Justice issues over many decades. She is a strategic, principled, and brilliant woman who cares about our communities in the City and County of San Francisco.

Commissioner Richardson is working very hard to connect Treasure Island to the San Francisco Mainland and ensuring we move forward with needed Housing and Workforce Development as she has outlined.

Please approve her reappointment. Thank you!
