### Existing Law

Police Code Article 16 and Health Code Article 33 govern the regulation of commercial cannabis. Existing law defines an owner as an individual participating in the direction, control, or management of the entity applying for a Cannabis Business permit and does not define ownership interest. Existing law establishes an Equity Program in which Equity Incubators can apply for a permit provided that they agree to assist or "incubate" Equity Applicants. Existing law authorizes the Director of the Office of Cannabis ("Director") to issue Temporary Cannabis Permits. Existing law prescribes the order in which the Director may review and process Cannabis Business Permit applications, defines the application requirements, defines the conditions under which a change in ownership requires a permit amendment, defines the amount of Cannabis that may be delivered or sold, authorizes storefront and delivery sales, and defines the requirements to operate a Cannabis Microbusiness. Finally, existing law defines the date on which Article 33, which regulates Medicinal Cannabis, expires.
