My ten years of military service, combined with my commitment to public service as an Assistant United States Attorney and the community in which I live, make me an ideal candidate for re-appointment to Seat # 9 on the Veterans Affairs Commission. I served on active duty in the United States Navy from January, 2006 until August, 2010. During that four and a half year time period, I deployed to Baghdad, Iraq, as part of Operation Iraqi Freedom, for six months from December 2006 until June 2007. Additionally, during my time in the Navy on active duty, I served as a military criminal litigator and legal assistance attorney. In addition to my criminal litigation experience at the trial and appellate level, while on active duty I also served as a White House Social Aide. In that position, I assisted the President and First Lady in their capacity as official host and hostess of the United States at formal social functions at the White House. Since I left active duty in August of 2010, I have continued to serve as a Reservist in the Navy, and I currently hold the rank of Lieutenant Commander. My wife, Phoebe, and I live with our 1 year old daughter in the Cow Hollow neighborhood of San Francisco, in District Two. I have had the privilege of serving on the Veterans Affairs Commission since December, 2012. Currently, I serve as the Vice President of the Veterans Affairs Commission, and I have been nominated to serve as President of the Commission for the 2016 year.

Business and/or professional experience:

After leaving active duty in August 2010, I became an Assistant District Attorney for the City and County of San Francisco. I served as an Assistant DA for four years, until September 2014. During my four years as an Assistant DA, I prosecuted hundreds of cases at the misdemeanor and felony level.
In September of 2014, I transitioned to the United States Attorney's Office in the Northern District of California, where I work as a federal prosecutor.

TO: Whom It May Concern
RE: Joseph Koppel, Ph.D.

January 19, 2000

Dear Sirs,

Dr. Koppel has given a presentation today to a group of homeless and marginally housed veterans who come for treatment at the San Francisco V.A's 13th and Mission Clinic which serves a large number of homeless and addicted as well as dual diagnosis veterans. His presentation was part of the "Food for Your Brain" lecture series which is designed to present veterans in all stages of recovery from drug abuse and mental disorders with information and tools that will serve them in life and help them to be more informed and better their lives. Topics covered include medical information on drug abuse and infectious disease, legal and financial topics, alternative medicine, stress reduction and spiritual/inspirational topics.

I invited Mr Koppel to be a speaker as he came highly recommended by a clinician who's opinion I trust. He was a very effective speaker and kept the attention of a large room of veterans. He is flexible enough in his style to be able to adjust his speaking style to the needs of his audience. This was clear to me as I saw him work to engage what I know is a difficult audience by mixing presentation of material with personal experiences and with inspirational material. I feel that he was very effective at getting across his material, keeping 100% of the attention of the vets, and successfully encouraging them to really incorporate his ideas into their lives. Many walked in as "doubting Thomases" but only one walked out as such. It is clear to me that he has been teaching for years and has developed a very effective style of delivery. I would be happy to have him come back anytime to speak with any group of veterans and hope that he will consider doing so.

Sincerely,

“This unbeatable combination of FranklinCovey solutions, is building the capacity of the San Francisco public workforce to meet the 21st century challenges...”

—Robert Sanchelli

THE JOB TO BE DONE

The City and County of San Francisco, founded in 1847, employs 26,000 people who serve 744,230 residents. In 1997, a survey of 12,000 city and county employees identified a significant need for improvement in management and leadership. Consequently, Robert Sanchelli, Director of Training for the City and County of San Francisco, and his team started shopping for a training program to improve leadership and management citywide. After reviewing various training programs, Sanchelli and his team selected FranklinCovey and implemented The 7 Habits of Highly Effective People workshop in various departments at all levels of the city organization.

SOLUTION

Since 1997, they have continued to partner with FranklinCovey to train their 26,000 employees. They have worked together to develop a corporate culture where work is organized around the core values of respect, integrity, teamwork, alignment and continuous improvement. In one city department, after a turnover of 11 general managers in 10 years, Michael Burns was hired as the general manager of the Municipal Railway (MUNI) in 1999. The inconsistency over the past years had produced a lack of trust and motivation among the 3,000 employees throughout the MUNI organization.

Although Burns had a wealth of past experience to draw on from his successful management of the Philadelphia and Atlanta Transit Systems, after attending The 7 Habits of Highly Effective People Workshop with his new team of deputies, he saw leadership and management differently. He decided to train all of his employees to achieve and sustain desired foundational and core changes in performance. Burns developed a plan with Sanchelli and his team who facilitated the 7 Habits, First Things First and What Matters Most workshops every week to classes of approximately 50 MUNI employees. After attending the training, consistent employee feedback indicated how valuable it was professionally and personally. As a result, the MUNI organization achieved the desired changes in planning, management, operations and maintenance by restoring employee trust in leadership and management and strengthening their corporate culture to better serve their 700,000 daily riders on more than 80 railway and bus lines.

In 2003, Sanchelli was invited to be the manager of training for another city department, the San Francisco Public Utilities Commission, and its 2,000 employees. The Commission was preparing to undertake a massive reconstruction program comprised of more than 70 projects and wanted to arm their employees with the training and skills needed to execute these projects successfully. Sanchelli continued to partner with FranklinCovey to create a training and development program to support the commission's 10-year, \$4.3 billion Water System Improvement Program. The projects will seismically retrofit, rebuild, and protect the 167-mile Yosemite water and hydroelectric power conveyance and storage systems that serve 2.4 million customers in 30 San Francisco Bay communities.

The training included The 7 Habits of Highly Effective People, What Matters Most, FOCUS: Achieving Your Highest Priorities, The 4 Disciplines of Execution, The 4 Roles of Leadership, The xQ (Execution Quotient) Service, and the Rapid Performance Modules. These programs are strategically used to meet the needs of management, teams and employees at all levels within the Public Utilities Commission to build their capacity to achieve and sustain organizational business results.

RESULTS

“This unbeatable combination of FranklinCovey Solutions, is building the capacity of the San Francisco public workforce to meet the 21st century challenges of this 10-year, multi-billion dollar program,” said Sanchelli, “and to achieve our responsibilities of environmental stewardship and sustainable resources.”

In his nine years partnering with FranklinCovey in different training capacities for the City and County of San Francisco, Sanchelli has personally trained more than 2,000 city managers, supervisors and citizens with FranklinCovey Solutions. He and his teams have arranged and hosted five FranklinCovey certification programs for 75 city, federal and private sector employees in an effort to bring FranklinCovey training solutions to managers and employees in 60 city departments. “I have only been doing, these nine years, that which I enjoy most,” said Sanchelli. “I’ve been helping people in San Francisco explore, come to know in their hearts, live and teach the timeless principles that Stephen Covey, Hyrum Smith and FranklinCovey have shared with the world.”

RE: Status Report on Service-Learning and Academic Classes

The following material is submitted for consideration for your study on the Broader Community within USF. Over the last four semesters my BA304 (Management and Organizational Dynamics) has been involved in service-learning projects. There have been over 18 teams in the first three semesters and there will be eight teams this semester who have all been in contact with community service organizations. The student's work has been to provide service to the community based upon the educational goals of my specific course, their interest and capabilities, and the needs and wants for service by the community partner. A listing of the community service organizations that were assisted last semester, the Fall of 1996 are as follows:

- The Haight-Ashbury Food Program
- The Teo Che Community Center, Incorporated Northern California
- The Society for the Prevention of Cruelty to Animals
- The Assistance for Retarded Citizens Gala Wine Auction and Tasting
- Meals-On-Wheels of San Francisco
- KDNZ - the USF radio station
- The Fromm Institute
- The Delancey Street Foundation
- Shriner's Hospital
- St. John's Educational Threshold Center
- AIDS Memorial Grove in Golden Gate Park

The number active in this involvement has been over 200 students during these four semesters and this indicates an involvement with the faculty and the students in conjunction with the broader community for USF. This activity seems to relate to point two of the Building A Bold Tomorrow, the vision for the Committee 2005 that relates to sponsor formal association between the University and organizations addressing the need for the community.

The students are involved in providing work and service to these community agencies related to their Management course. Further, work that the students do is an analysis of the organization's

To Whom It May Concern:

I am writing to recommend a former colleague and servant of the community, Dr. Joseph Koppel. I met Dr. Koppel in 1995 when I served as the Director of Student Disability Services at the University of San Francisco. In addition, Joe served on my Board of Directors when I was the Executive Director of the Peninsula ARC, serving the developmentally disadvantaged members of the Bay Area community. While on the Board he brought a level of expertise that allowed the Board to re-think past practices and improve the organization.

While at USF, Joe was a proactive faculty member for students with disabilities. His strength was recognizing the strength of each student. His daughter was a client of our services. As a result, he was dedicated to the accommodations mandated for all students. He was widely recognized on the campus by both his colleagues and students for being a caring and supportive faculty member.

His daughter served as a model for our services; as she completed a rigorous nursing program and has gone on to receive an award for excellence at the sixth best hospital in the US, the University of California at San Francisco Hospital. She is now a graduate student in UCSF leadership nursing program. In administrative role, Dr. Koppel brought community service experience for both the Haight Ashbury Food Program and its sister organization the ARC of San Francisco. One of his major contributions was to facilitate the empowerment/leadership program the "7 Habits of Highly Effective People" to the staff of our three Bay Area organizations. As an administrator I observed the beneficial results of this program in building a solid foundation that maximized the success of our community organization. His facilitation and the high quality of the material were a great gift to us in the community.

Dr. Koppel has also earned the respect of students and community leaders for his efforts in practicing the teaching methodology of service-learning. His students have served dozens of community organizations like ours. Our community certainly has benefited from his compassion for the disadvantaged. He has helped make our community a better place to live. He'll do the same for your students and community.

Please call on me should you have any questions at this number, (415) 561-1000.

Sincerely,

All commissioners are veterans; however, I returned from a deployment one month ago, and am still in the California Air National Guard. As such, I can offer timely and fresh perspectives.

Business and/or professional experience:

After graduating from UC Irvine, I commissioned into the Air Force. I served over four years in Active Duty, deploying once to Africa and twice to Afghanistan. After active Duty, I attended Berkeley Law School. After Berkeley Law, I clerked for the Honorable Carlos Bea - but my clerkship was interrupted by another deployment, this time with the California Air National Guard. I returned this past June, and will start as an associate at Gunderson this fall.

I served in the US Navy from 1982-1986 and was among the first female sailors to be stationed on board a Navy ship. As a resident of San Francisco, far too often I've seen fellow veterans living on the streets, struggling to survive, and not known what I could do to make a meaningful difference. Volunteering to serve on the Veterans Affairs Commission will provide an opportunity to pro-actively help those who have served our country.

Business and/or professional experience:

As a Senior Internal Auditor, I am responsible for planning, leading, documenting and reporting on internal audits to determine the effectiveness and efficiency of operations, and compliance with applicable laws and regulations. Standard approaches used to achieve audit objectives include performing risk assessments, conducting interviews, documenting processes through observation and inquiry, analyzing data, and testing controls.

When issues are identified, I am responsible for researching and assessing the situation, determining a root cause, identifying viable solutions and presenting them to management in a professional and constructive manner.

I have two professional certifications: Certified Internal Auditor from the Institute of Internal Auditors and Certified Fraud Examiner from the Association of Certified Fraud Examiners. I hold a bachelor's degree in accountancy and am currently pursuing an MBA.

Civic Activities:

I am a member of the Daughters of the American Revolution. They are a non-profit, non-political volunteer women's service organization dedicated to promoting patriotism and preserving American history.

I've served on the Board of Directors for the Altier Credit Union. My responsibilities included setting policy to foster safe stewardship of investments and serving on the Delinquent Loan Committee and the Asset/Liability Committee.

I was a member of the Blue Star Moms during my son's 1st enlistment. They are an organization for others of military personnel, and provide support to the service members, and their families, during deployments.

Subject: Veterans Affairs Commissioner - Recommendation for Bill Barnickel

Dear Mr. Evans,

I'm writing on behalf of Bill Barnickel, USAF Ret. Bill is a person of great integrity who seeks to serve others. I've known him from his service to:

- Our Parish Finance Council. He's always willing to help. When he heard we were shorthanded, he readily jumped in and rolled up his sleeve to help us. He offered to help us go through the Financial Audit Recommendations to help us meet our Archdiocesan Church guidelines and strengthen our internal controls.
- The Outer Sunset Merchants Association. He's been a great President, getting both city and other agencies help the local merchants. Plus he has also involved the local merchants to give back to their community by doing a Christmas Toy drive for children. The event he organized was very successful and brought joy not only to the children, their families but also to the merchants themselves.

Bill relates well to everyone. He's reliable, trustworthy, a bridge builder and only seeks to be of service to make our communities healthier and stronger. I have a brother who's also Retired Army and a nephew who is just beginning in the Naval Academy and I have no hesitations recommending him as Veterans Affairs Commissioner. In fact I know he'll be an asset to the Commission and a benefit to our Veterans. Please don't hesitate to contact me for more information.

Sincerely in Christ,

Mr Derek Evans,

I am a retired Sergeant with the San Francisco Police Department. I want to endorse the appointment of Mr William Barnickle to Commissioner of Veterans Affairs.

As Administrative Sergeant to the Captain of Taraval District, I have had the pleasure of working with Bill. He is a dedicated community advocate and proud Air Force veteran. I strongly feel that Bill would serve the Veterans well as appointed Commissioner.

Thank you for your consideration.

Sincerely,
Randall Young

Hello Mr. Evans,

I hope this email finds you well. I am writing in regards to our Outer Sunset Merchant Professional Association President, Bill Barnickel. Bill has been an active member of the association for years and also known as the mayor of Irving street. He volunteers his time and energy to help merchants within the corridor and organized community events. Each year, Bill leads the association, along with the district police officers in our annual Christmas toy drive to help under privileged and low income kids. Seeing Bill's effort in our community influenced me to run for the board of director for the OSMPA. Bill is truly a valuable asset for our corridor. Thank you.

Dear Mr. Evans,

I have known Bill for over 25 yrs and he has worked for me for last 15 yrs. I hired him as my Sales Manager because of his enthusiasm, communication skills and professional demeanor. His background has always been in the lending business however his military background has contributed to his being focused, structure and getting the job done. His character and integrity are for others to emulate. He is currently the President of the Outer Sunset Merchants Association and has done an outstanding job. Without a doubt he would definitely be an asset to the Veteran Affairs Commission.

Thank you.

Dear Derek Evans,

My name is Quyen Trinh. I have known Bill since being transferred to the Irving Street Corridor 15 years ago. I recently found out that he has the opportunity of becoming a commissioner. I just wanted to say that he is a great President of the Outer Sunset Merchant's Association (OSMPA) and is the voice of the merchants and community. He has partnered up with the merchants in the corridor to collect toys for children of need year after year, and brought happiness to children during the Christmas Holidays with his toy drives. He is a great leader of the community.

Thank You,

Quyen Trinh

Hello Derek.

I wanted to email you on behalf of Bill Barnickel as a reference. I'm a member of the Irving Street Merchants and a supporter of City wide initiatives that Bill has worked on. I've known Bill now for several years and his passion for the Vets and Military is part of his every conversation and being. He's a true wealth of knowledge for SF, SFPD, SFFD and several other City Service organizations as he brings many of them together in every monthly meetings he hold on Irving St.

I can be reached anytime at 415 999 1389 should you want any additional information from me. I'm a huge supporter of Bill and consider him a close friend as well.

Dear Mr. Evans,

Thank you for your time.

This is a letter of support for
Mr. William J. Barnickel (Bill),
for the VA Commissioner opening.

I've known Bill for almost 25 years now. I am a retired San Francisco Police Officer, and I met Bill in the Outer Sunset District, back in the mid 1990s, when I walked the footbeat.

He is one of the most loyal and supportive friends you can ever wish for, and is always caring for others, without asking for anything in return. Besides his work in real estate, he cares about the Community he works in. He is the Business President of the Outer Sunset Merchants Association (OSMPA), volunteering his own time in helping the Community and businesses. He sets up monthly business & safety meetings, Merchant walks with Community leaders, setting up Toy Drives for the kids during Christmas, Community Festivals, and so on.

I think he is so dedicated and dependable, because of his prior Military background, that taught him his values, which is priceless these days. He is never late when we have a meeting, and when he can't do a task, he will tell you. He rides Muni or walks to his meetings, and is never late! I can go on, but enough said.

Bill Barnickel would make a great Veterans Affairs Commissioner, and I hope you would consider him.

Thank you,

Lewis G. Fong

Dear Mr. Derek Evans,

I would like to personally recommend Mr. Bill Barnickel for the position off Verteran's Affairs Commissioner. I have known Bill since January 2010. Over the last six years, I have participated with Bill in his annual Kids Toy Drive in conjunction with the San Francisco Police Department. He has raised thousands of dollars and given thousands of toys to children who would not have any toys for Christmas, had it not been for his efforts. Bill is a very hard working individual. I sometimes wonder where he gets all of his energy. We often refer to Bill as the "Mayor of Irving Street."

Bill Barnickel is an elected President of the Irving Street Merchant's Assn., He works with the merchant's to improve neighborhood safety and promotes the revitalization of this merchant corridor on Irving Street between 27th Ave and 19th Ave. The Merchant's have benefited from Bill's leadership. He holds the community accountable and organizes outside resources for every painstaking project he becomes involved in over the years. He sets his goals for his project and accomplishes the mission. He knows how to forge relationships and uses outside resources effectively. Simply said, he knows how to draw from the local agencies and community who are always willing to help because he has earned their trust for a meaningful and non-selfish purpose.

Additionally, I do know Bill Barnickel has a passion for the men and women in uniform who serve at the federal, state and local levels. He served in the United State Air Force. I believe his experience in the Air Force is his foundation for his discipline and good moral character. There is no doubt in my mind that Mr. Barnickle will be an asset to the Office of Veteran's Affairs and will serve well as a Commissioner.

Please feel free to contact me if you have any additional questions.

Good Morning Derek,

I hope this email finds you well and thank you for taking my call this morning. I am writing on behalf of Sheriff Vicki Hennessy to pass along her recommendation of Bill Barnickel for the Veteran's Affairs Commission. Below please find the Sheriff's recommendation.

Please let me know if I might be of further assistance.

Best,

Sheriff's Recommendation:

Dear Derek,

It is my honor to recommend Bill Barnickel to the Veteran's Affairs Commission. Growing up, relatives of mine served in the United States Military and my husband Jim served in the in the Vietnam War and retired from the Coast Guard Reserves after more than 30 years.

I had the pleasure of meeting Bill eight months ago while running for the position of Sheriff. Immediately I recognized him as the kind of person who works hard to represent others. He is deeply passionate about Veterans, which was apparent during our conversations. He is personable, thoughtful, and dedicated to improving the communities he serves. I know that he would apply the same commitment to the Veteran's Affairs Commission.

Please feel free to contact me at 415-850-5356 if I may be able to provide any additional information.

Best Wishes,

Vicki Hennessy

Hello Mr. Evans,

I am a teacher at Lincoln High School, and I'm writing to share my joy that you are considering Mr. Bill Barnickel for the position of Veterans Affairs Commissioner. In my 20+ years at this school, Bill has been one of the most involved parents in our PTSA. He actively serves on our board, and volunteers so much of his own time and energy in supporting our school functions. Both the faculty and students recognize him for his faithfulness and dedication to our community, especially as he continues to serve us even after his daughter graduated from high school.

I have no doubt that Bill will fulfill his responsibilities as the Veteran Affairs Commissioner with the respect and dignity that it deserves.

Sincerely,
Christine Eng

Mr. Secretary,

I was informed that Bill Barnickel is being considered for the Veterans Affairs Commissioner post. I just want to express that Bill Barnickel would be an excellent choice. I have known him for approximately seven years and he is a man of true integrity, a man who cares extremely about his community, is selfless in his volunteerism and a proud veteran of the armed forces. Bill is also a humble man who constantly praises others and never himself. He is a great family man and a good friend. He has led the Outer Sunset Merchants to countless toy drives for underprivileged children (he is also the president) . He was intricately involved in Lincoln High's Parent Teacher Association (I think he was the president) and a great supporter of the men and women in uniform. Bill Barnickel would be a great addition as a Commissioner of the Veterans Affairs Commission.

Sincerely

Mr. Evans:

Please accept this email of endorsement for Mr. Bill Barnickel for appointment to the Commission on Veterans' Affairs.

I have known Mr. Barnickel for five years in my role as Principal of Abraham Lincoln High School in the San Francisco Unified School District. As a parent Mr. Barnickel is an absolutely devoted father, and was an active member of our Parent Teacher Association Board of Directors. As a Lincoln alumnus, he has been involved in our Alumni Association. From my perspective, Mr. Barnickel strongly values community and is high skilled at "grass roots" organization. He is thoughtful and diligent when it comes to the various causes he believes in and has personally raised thousands of dollars for the school.

I believe Mr. Barnickel would make an outstanding commissioner. He is a man of integrity and humility.

Dear Bill,

Congratulations on being nominated to be a commissioner on the Veterans Affairs Commission. They're making a great choice in you. I wish I could write you a letter of recommendation, but the SFPD specifically prohibits testimonials.

When I met you 5 years ago, I was a brand new captain at Taraval Station. I remember you telling me of your many years of service in the Air Force and Air Force Reserves. It was very evident how much you cared about the military and especially its men and women.

That caring still shows through in the things you have done for the community. Five years ago, you came to me and said that you wanted to conduct a toy drive with Taraval Police Station for the underprivileged children in San Francisco. I said, "sure", but I really didn't have to do anything. You did all the work and collected hundreds of toys that year. These toys were given out to underprivileged children in the Taraval Police District and in other parts of San Francisco. Every year since that first toy drive has gotten bigger and better. Last year was the best. You raised thousands of toys. These toys went to underprivileged children all over San Francisco; Chinatown, Tenderloin, Portola, and Mid-Market.

We even had about 20 toys left over. I intended to save them for next year, but I heard that off-duty law enforcement officers were traveling to the Philippines to teach Filipino police officers investigative techniques, defensive tactics, and force options. One other thing they do is to visit schools. They go to the poorest schools and bring school supplies to give to them. When I asked if I could give the 20 left over toys to the officers going to the Philippines, not only did you say yes, but you gave me 30 more toys. The officers recently came back, they said that we made a lot of kids happy with the toys. The officers said that the schools were very poor and so rural that they had to walk for hours carrying the supplies because there were no roads to the school. You made those children happy.

Toys you collected not only went to under privileged children in San Francisco, they went to some extremely poor children in the Philippines.

Even as the current president of the Outer Sunset Professional and Merchants Association your leadership has shone through. When you first became president last year, there were only about 15 merchants in the association. Now there are almost 100.

Your leadership and community service has been recognized several times. You were honored by the San Francisco Police Commission for your work. Last year, you were honored by the San Francisco Police Department Asian Pacific Islander Community Police Advisory Board for your commitment to the community. You even have been recognized by the San Francisco Board of Supervisors.

Now you are being recognized again in this opportunity to become a commissioner. I know that you would do a great job as a Veterans Affairs Commissioner. Your enthusiasm and hard work would be an asset to any organization.

Good luck in this endeavor and I hope to attend your swearing in ceremony.
