### (1629 MARKET – COLTON STREET, COLUSA PLACE AND CHASE COURT)

This PUBLIC IMPROVEMENT AGREEMENT (1629 MARKET – COLTON STREET, COLUSA PLACE AND CHASE COURT) (this "**Agreement**") dated for reference purposes only as of \_\_\_\_\_, 2020, is entered into as of \_\_\_\_\_, 2020 (the "**Effective Date**"), by and between the CITY AND COUNTY OF SAN FRANCISCO, a municipal corporation of the State of California ("**City**") and STRADA BRADY, LLC, a California limited liability company, its successors and assigns ("**Subdivider**").

### RECITALS

A. Subdivider and City are parties to the Development Agreement dated as of April 17, 2018, and recorded in the Official Records of the City and County of San Francisco (the "**Official Records**") on April 25, 2018, as Document No. 2018K607299 (the "**DA**").

B. Subdivider is engaged in subdividing the property that is subject to proposed "Parcel Map No. 9640 ("**Parcel Map**") consisting of approximately 1.28 acres, as shown therein ("**Property**"). A tentative map application, No. 9640, for a tentative map entitled "Tentative Phased Final Map A Merger and 8 Lot Subdivision in 2 Phases, Lots 1, 2 and 5-8 Being a Vertical Subdivision" ("**Tentative Map**"), for the proposed subdivision of the Property was approved by the Director of the Department of Public Works ("**Director**" with references to Director also including the Director's designee where authorized by law), acting as the advisory agency for purposes of the Subdivision Map Act ("**Advisory Agency**"), subject to certain requirements and conditions contained in the Director's corrected Conditions of Approval dated December 17, 2019 ("**Conditions of Approval**").

C. Pursuant to the San Francisco Subdivision Code (the "**Code**") and the San Francisco Subdivision Regulations ("**Subdivision Regulations**"), the Tentative Map, and the Conditions of Approval, the Developer, on the Parcel Map, or by separate instrument, irrevocably offers the public improvements, as described herein.

D. Under Public Works Order No. 202283 no exceptions and modifications to the Code and Subdivision Regulations pertaining to design and construction of the Colton Street Infrastructure was granted and no deferral of improvements except as provided in the Public Works Order for the Parcel Map.

E. Pursuant to the DA, Subdivider is obligated to construct horizontal infrastructure and public improvements in the public right of way as described in Exhibit C to the DA, the Project Open Space and Streetscape Plan, as may be amended from time to time, and the Tentative and Parcel Map. Such public improvements are more particularly described in those certain improvement plans identified in Exhibit A (as such plans are revised from time to time, the "**Plans and Specifications**"). The forms of infrastructure mentioned above collectively comprise the Required Infrastructure. The estimated costs of completing the Required Infrastructure are described in Section 3 (Improvement Security) (the "**Estimated Costs**"). Copies of the Plans and Specifications are on file with the San Francisco Department of Public Works ("**Public Works**").

F. The Code provides that before a final subdivision map or parcel map is approved by the City, the Subdivider shall have either (i) installed and completed all of the public improvements required by the City and detailed in the plans and specifications approved by the Director, or (ii) entered into an agreement with the City to install and complete, free of liens, but subject to the Memorandum of Ground Lease dated January 1, 2018, and recorded January 30, 2018, as Document 2018-K573635-00 (the "**Ground Lease**") all of such public improvements within a definite period of time and provided appropriate security to ensure improvement securities to secure satisfactory completion of the work.

G. The City and the Subdivider, desire to enter into this Agreement in order to permit the approval and recordation of the Parcel Map by the City, to implement the Conditions of Approval, and to simultaneously satisfy the security provisions of the Subdivision Map Act, the Code, and the DA.

H. Except as specifically defined herein, capitalized terms shall have the meaning given in (i) the Code, (ii) the DA, (iii) the Subdivision Regulations, and (iv) the Plans and Specifications.

NOW, THEREFORE, in order to ensure satisfactory performance of the Subdivider under the Code, Subdivider and the City agree as follows:

1. Recitals. The above recitals are true and correct, and are incorporated into this Agreement.

2. Subdivider's Obligations.

(a) Required Infrastructure. Subdivider shall, in good and workmanlike manner, furnish all necessary materials and complete the Required Infrastructure in conformity with the Plans and Specifications as described in Exhibit A.

(b) Completion. Subdivider shall complete the Required Infrastructure in accordance with Section 6(a) below on or within two (2) years following the recordation of the Parcel Map. The period of time provided in this condition may be extended upon application by Subdivider and approval by the Director pursuant to Section 4(b) below, or may be extended by operation of Sections 10(c) through (f) below. In reviewing such application for an extension of time, the Director shall consider reasonable construction, access and storage requirements for each adjacent project and subsequent projects.

(c) Other Required Documentation.

(i) Prior to the Director's submittal of this Agreement to the City's Board of Supervisors ("**Board of Supervisors**"), Subdivider has provided executed and recorded copies of all the documents, agreements and notices required pursuant to Exhibit C, unless deferred by the Director, in writing, until the time of a request for a Notice of Completion, pursuant to Section 6(a).

(ii) At the time of request for a Notice of Completion, pursuant to Section 6(a), for the Required Infrastructure, Subdivider shall provide all documents required pursuant to Exhibit E, plus any other material previously deferred by the Director in item (i) above, unless deferred by the Director in writing until the time of a request for Acceptance pursuant to Section 6(b) below. In addition, the Subdivider shall furnish to Public Works and, if requested, the City Department of Building Inspection, as-built plans of the completed Required

Infrastructure or portion thereof, in both electronic (in a reasonably current version of AutoCAD and/or another digital format acceptable to Public Works) and Mylar formats and any reports required by any related Plans and Specifications.

(iii) At the time of a request for Acceptance of the Required Infrastructure pursuant to Section 6(b), Subdivider shall provide all the documents required pursuant to Exhibit F, plus any other materials previously deferred by the Director pursuant to subsections (i) and (ii) above. In addition, as part of compliance with this Section 2, Subdivider shall coordinate with the City and assist in the City's process for the subsequent dedication and Acceptance of the Required Infrastructure by (i) providing necessary maps, legal descriptions and plats for street openings, any proposed easements and/or dedications for right of way or utility purposes and for relinquishment of existing rights of access and utilities associated with on-site and off-site development, and (ii) executing easement agreements or grant deeds or modifying existing easements or grant deeds consistent with the Conditions of Approval.

3. Improvement Security.

(a) Security. Subdivider has furnished and delivered to the Director bonds, in favor of the City, in the form attached as Exhibit G-1 and G-2 and approved by the City Attorney, from an issuer approved by the Director, securing the installation and completion of the Required Infrastructure as follows:

(i) Performance bonds in the amount of **\$386,737** (100% of estimated cost of completion of the construction and installation of Required Infrastructure as determined by the DPW Director) to secure the satisfactory performance of Subdivider's obligations (Exhibit G-1); and

(ii) A payment bond or other acceptable security in the amount of **\$193,368.50** (50% of the estimated cost of completion of the Required Infrastructure as determined by the DPW Director) as guarantee of payment for the labor, materials, equipment, and services required for Required Infrastructure (Exhibit G-2).

(iii) Monument bonds [not required as monuments will have already been set].

(b) Other Acceptable Security. In lieu of providing any of the security described in Section 3(a), Subdivider may, subject to the approval of the Director, provide a deposit or other security as described in Section 66499 of the Government Code. Any security provided under Section 3(a) or this Section 3(b) shall be referred to collectively as the "Security".

(c) Use of Security. If the Required Infrastructure is not completed within the time periods specified in Section 2(b) and such period is not extended by the City or as otherwise provided under this Agreement, or Subdivider has not satisfactorily corrected all deficiencies during the Warranty Period, the Security may, by resolution of the Board of Supervisors, be used by the City for completion of the Required Infrastructure in accordance with the Plans and Specifications and for the correction of any such deficiencies.

(d) DA Security. The security requirements of this Agreement shall be read and constructed in accordance with the requirements of the Code and the DA. Nothing in this Agreement shall alter the City or Subdivider's rights and remedies under the DA or the security to be provided by Subdivider under the DA, or require duplicative security for the same improvements.

4. Construction of the Required Infrastructure.

(a) Permits and Fees. Subdivider shall not perform any Required Infrastructure work until all required permits have been obtained for the portion of work involved, and all applicable fees, including inspection and testing fees, have been paid. In addition, no work shall commence until the Subdivider has submitted to the City and City has approved all required items described in Section 2(c) and any additional requirements of and authorizations specified in the Code, Subdivision Regulations, Conditions of Approval, and this Agreement, unless the Director, in his or her discretion, has granted a written deferral for one or more of these materials.

(b) Extensions. The Subdivider may request an extension of the time period specified in Section 2(b) for completion of the Required Infrastructure by written request to the Director. A request shall state adequate evidence to justify the extension, and shall be made

upon Subdivider's determination that it cannot reasonably meet the deadline in the time remaining for completion. The Director may request additional information, and shall in good faith attempt to determine within thirty (30) days of the request whether to grant an extension of time. The Director's failure to respond within the time specified shall, however, not constitute either a grant or denial of the requested extension. The time for completion additionally shall be automatically extended for the number of days past thirty (30) during which a request for an extension is pending a determination by the Director, as well as during any Excusable Delay or Developer Extension, as provided in Section 10(c) – (e). The Director shall not unreasonably withhold a request for an extension. The Director may reasonably condition an extension subject to the terms of this Agreement and the conditions provided in the Code, including execution of an extension agreement and the extension of any security. No extension approved hereunder shall limit or relieve a surety's liability, or provide an extension on any future obligation under this Agreement or the DA, if applicable, (except as expressly stated in the approved extension).

(c) Revisions to Plans and Specifications. Requests by the Subdivider for revisions, modifications, or amendments to the approved Plans and Specifications (each a "**Plan Revision**") shall be submitted in writing to the Director (with a copy to the Director's designee). Subdivider shall not commence construction of any proposed Plan Revision without approval by Public Works and until revised plans have been received and approved by the Director (or the Director's designee). If the Director or his or her designee approves an instructional bulletin, such approval shall be considered the Director's approval for purposes of this Subsection.

(i) Any Streetscape Plan amendments or other related documentation required for a Plan Revision, if any, shall be processed with reasonable promptness, and approval of the Plan Revision shall not be deemed final until the amendment or other documentation has been completed.

(ii) Any Plan Revision request shall be accompanied by (A) a statement explaining the need for or purpose of the proposed revision, and (B) drawings and specifications and other related documents showing the proposed Plan Revision in reasonable detail, consistent with the original Plans and Specifications.

5. Release of Security. The Security, or any portions thereof, not required to secure completion of Subdivider's obligation for construction or installation of the Required Infrastructure, to satisfy claims by contractors, subcontractors, and/or persons furnishing materials or equipment, [or, if applicable, for setting monument as set forth on the Parcel Map], shall be released to the Subdivider, or its successors in interest, or reduced, pursuant to the procedures below as appropriate:

(a) One Year Warranty Bond. Upon the Director's issuance of a Notice of Completion for a portion of the Required Infrastructure in accordance with Section 6(a), the Security shall be reduced as to that portion of the Required Infrastructure in accordance with Section 1770 of the Code. As to that portion of the Required Infrastructure, the Security remaining following such reduction is referred to herein as the "**Remaining Security**," which term shall also refer to all Security remaining after any release under this Subsection following the Director's issuance of a Notice of Completion for the final portion of Required Infrastructure.

(b) Partial Release of Security. Notwithstanding the release provisions in Section 5(a) and except as provided in Sections 5(c), and after written request from Subdivider, the Security may be reduced in conjunction with completion of any portion of the Required Infrastructure to the satisfaction of the Director in compliance with Section 6(a) hereof to an amount determined by the Director that equals the actual cost of the completed portion of the Required Infrastructure. Prior to the date that the conditions set forth in Section 5(c) are satisfied, in no event, however, shall the amount of the Security be reduced below the greater of (i) the amount required to guarantee the completion of the remaining portion of the Required Infrastructure and any other obligation imposed by the Subdivision Map Act, the Code or this Agreement; or (ii) ten percent (10%) of the original amount.

(c) Release of Remaining Security. Remaining Security shall be released when all of the following have occurred:

(i) One (1) year following the date of Acceptance (as defined below) of (or, as appropriate, a Certificate of Conformity regarding) the relevant portion the Required Infrastructure, or, with respect to any specific claim of defects or deficiency in Required Infrastructure after such has been Accepted, one (1) year following the date that any such defect

or deficiency which the Director identified in the Required Infrastructure in accordance with Section 8(a) has been corrected or waived in writing by the Director; and

(ii) The Clerk of the Board of Supervisors (or the Clerk's designee) certifies that no claims by any contractor, subcontractor or person furnishing labor, materials or equipment for the Required Infrastructure have been filed against the City, all such claims have been satisfied, withdrawn, or otherwise secured by bond or other security approved by the Director (or the Director's designee).

(d) Final Street Repaving. The obligation to construct the final street grinding/repaving of the Colton Street public right of way, as described in the Plans and Specification, and the Security provided under this Agreement in connection therewith, shall be released upon the execution of a subsequent (phase 2) improvement agreement that includes such improvements, and the provision of security for such improvements under said agreement. Such subsequent improvement agreement is anticipated to be executed in connection with a lot line adjustment merging into a single combined lot: Lot 1 ( as shown on the Parcel Map) with APN 3505-048 and APN 3505-032A.

6. Completion and Acceptance.

(a) Director's Inspection. No sooner than ninety (90) days prior to the date that Subdivider intends to request the Director issue a Notice of Completion, Subdivider shall make a written request to the Director of the Subdivider's intent to initiate the Notice of Completion process ("**Letter of Intent to Request Notice of Completion**"). Upon written request from the Subdivider for a "**Notice of Completion**" as defined in the Code, accompanied with any and all materials that are required under Section 2(c)(iii) related to the Notice of Completion and any other materials that the Director deferred in writing at the time of approval of this Agreement, the Director shall initiate the inspection. If the Subdivider fails to submit a Letter of Intent to Request Notice of Completion, the Director need not consider the Subdivider's request for the Director's issuance of a Notice of Completion until such a Letter of Intent to Request Notice of Completion is submitted to the Director and ninety (90) days have passed from the submission of the Letter; provided, however, that the Director, in his or her discretion, may agree in writing to a period of less than ninety (90) days from receipt of the Letter to

consider issuance of a Notice of Completion. If the Director determines that the Required Infrastructure has not been completed or does not satisfy the above requirements, Director shall notify Subdivider of such determination together with a statement setting forth with particularity the basis for that determination. If the Director determines that the Required Infrastructure has been completed and meets the above requirements, the Director shall issue the Notice of Completion.

(b) Acceptance. "**Acceptance**" by the City of the Required Infrastructure, or portion thereof, for public use and maintenance shall be deemed to have occurred when:

(i) The Director has issued a Notice of Completion for the Required Infrastructure, or portion thereof in accordance with Section 6(a);

(ii) The Subdivider submits a written request to the Director to initiate acceptance legislation or other appropriate action, before the Board of Supervisors as appropriate. Such submission shall include any and all materials for which the Director authorized deferral under Section 2(c); and

(iii) The Board of Supervisors by ordinance or other appropriate action, accepts the Required Infrastructure, or portion thereof, for public use and maintenance in accordance with the provisions of San Francisco Administrative Code Section 1.52 and Subdivider's maintenance and warranty obligations under and Section 9(a) of this Agreement.

(c) Offers of Dedication. The owners' statements of the Parcel Map include or shall include certain irrevocable offers of dedication of improvements. In addition, the offers of dedication of improvements shall be made by separate instrument(s). The Board of Supervisors shall accept, conditionally accept, or reject such offers. The Board of Supervisors shall by ordinance accept, conditionally accept, or reject for public right-of-way and utility purposes the Required Infrastructure (or a portion of the Required Infrastructure) in accordance with Subsection 6(b). Upon the Director's issuance of a Notice of Completion for the Required Infrastructure, or portion thereof, in accordance with Section 6(a) of this Agreement, the Board of Supervisors shall by ordinance or other appropriate action accept, conditionally accept, or reject such offers.

(d) Dedication. In addition to accepting improvements, the City shall, except as set forth in Section 6(e), below, dedicate the Required Infrastructure to public use and shall designate them for their appropriate public uses.

(e) Temporary Facilities and Private Infrastructure Shall Not Be Publicly Dedicated. [Colton Street pavement patching.]

7. Subdivider's Maintenance Responsibility.

(a) General Maintenance and Liability Prior to Acceptance. Prior to Acceptance, Subdivider shall be responsible for the maintenance and repair of the Required Infrastructure and shall bear the liability regarding the same consistent with the Code.

(b) Maintenance and Liability Following Acceptance. Following Acceptance, and subject to Sections 7(c) and 9(a), the City shall assume the responsibility of operating and maintaining and shall be liable for such Accepted Required Infrastructure. City shall indemnify Subdivider and Master Developer and the officers, agents and employees of each of them from and, if requested, shall defend them against any and all loss, cost, damage, injury, liability, and claims by third parties ("Losses") to the extent first arising from and after City's Acceptance of any applicable portion of the Required Infrastructure, except to the extent that such indemnity is void or otherwise unenforceable under applicable law, and except to the extent such Loss is the result of the active negligence or willful misconduct of Subdivider, or a party for whom Subdivider is liable. The foregoing Indemnity shall include, without limitation, reasonable fees of attorneys, consultants and experts and related costs, and the City's cost of investigating any claims against the City. Without limiting the generality of the foregoing, nothing in this Agreement shall be construed to mean that Subdivider is responsible (or that City shall have right to call upon the Security) for the repair, replacement, restoration, or maintenance of the Required Infrastructure damaged by the actions of third parties following Acceptance by the City or by ordinary wear and tear or harm or damage from improper maintenance or operation of the Required Infrastructure by the City, or any agent or agency of either.

(c) Privately Maintained Public Infrastructure and Private Infrastructure. [None]

(d) Protection of Required Infrastructure. Subdivider may, but shall not be obligated to, allow access by the public to portions of the Required Infrastructure that have been constructed but not Accepted. In order to protect the Required Infrastructure from damage and to minimize Subdivider's exposure to liability until such time as the applicable Required Infrastructure, or portion thereof, is Accepted, Subdivider may erect a construction fence or other physical barrier around areas under construction, to be constructed in the future, or constructed but not Accepted, provided that Subdivider has procured all necessary permits and complied with all applicable laws. However, no construction fence or other physical barrier may be built or maintained if the Director determines that a construction fence or other physical barrier adversely affects public health or safety by unreasonably restricting the ingress and egress of the public to and from a public right of way. For purposes of the preceding sentence, if there exists an alternative means of ingress and egress other than the Required Infrastructure, then the Director may not determine that the construction fence or other physical barrier constitutes an unreasonable restriction of ingress and egress of the public to and from a public right of way.

8. Intentionally Deleted.

9. Warranty and Indemnity.

(a) Warranty. Acceptance of Required Infrastructure by the City shall not constitute a waiver of any defects. Subdivider covenants that all Required Infrastructure constructed or installed by Subdivider shall be free from defects in material or workmanship and shall perform satisfactorily for a period (a "**Warranty Period**") of one (1) year commencing upon the issuance of a Notice of Completion for the Required Infrastructure (or portion thereof) as specified in Section 1751.2 of the Code, except that the Warranty Period for plant materials and trees planted as part of the Required Infrastructure shall not commence until the Director receives a certification from the City's Construction Manager that a plant establishment period set in accordance with the Plans and Specifications has passed. During the Warranty Period, Subdivider shall, as necessary, and upon receipt of a request in writing from the Director that the work be done, inspect, correct, repair or replace any defects in the Required Infrastructure at its own expense. Should Subdivider fail to act with reasonable promptness to make such inspection,

correction, repair or replacement, or should an emergency require that inspection, correction, repair or replacement be made before Subdivider can be notified (or prior to Subdivider's ability to respond after notice), the City may, at its option, upon notice to Subdivider, make the necessary inspection, correction, repair or replacement or otherwise perform the necessary work and Subdivider shall reimburse the City for the actual cost thereof. During the Warranty Period, the City shall hold the Subdivider's Security, reduced as described in Section 5, to secure performance of Subdivider's foregoing warranty obligations. Subdivider's responsibility during the Warranty Period shall include repairing defects and defective material or workmanship, but not ordinary wear and tear or harm or damage from improper maintenance or operation of the Required Infrastructure by the City, or any agent or agency of either.

(b) Indemnity. For purposes of this Subsection, any capitalized term shall be defined consistent with the DA. Consistent with the DA, the indemnity provided in Section 4.7 of the DA shall apply to all work performed under this Agreement. DA Section 4.7 is reproduced here and made a part of this Agreement; such incorporation shall not limit, replace or alter the effect of DA Section 4.7. In the event of any difference between the text of DA Section 4.7 of the DA and the reproduction herein, the DA shall govern.

Sec 4.7 of the DA: Indemnification of City. Developer shall indemnify, reimburse, and hold harmless the City and its officers, agents and employees (the "**City Parties**") from and, if requested, shall defend them against any and all loss, cost, damage, injury, liability, and claims ("**Losses**") arising or resulting directly or indirectly from (i) any third party claim arising from a Default by Developer under this Agreement, (ii) Developer's failure to comply with any Approval, Later Approval or Non-City Approval, (iii) the failure of any improvements constructed pursuant to the Approvals or Later Approvals to comply with any Federal or State Laws, the Existing Standards or any permitted New City Laws, (iv) any accident, bodily injury, death, personal injury, or loss of or damage to property occurring on the Project Site (or the public right of way adjacent to the Project Site) in connection with the construction by Developer or its agents or contractors of any improvements pursuant to the Approvals, Later Approvals or this Agreement, (v) a Third-Party Challenge instituted against the City or any of the City Parties, (vi) any dispute between Developer, its contractors or subcontractors relating to

the construction of any part of the Project, and (vii) any dispute between Developer and any Transferee or any subsequent owner of any of the Project Site relating to any assignment of this Agreement or the obligations that run with the land, or any dispute between Developer and any Transferee or other person relating to which party is responsible for performing certain obligations under this Agreement, each regardless of the negligence of and regardless of whether liability without fault is imposed or sought to be imposed on the City or any of the City Parties, except to the extent that any of the foregoing indemnification obligations is void or otherwise unenforceable under applicable Law, and except to the extent such Loss is the result of the negligence or willful misconduct of the City Parties. The foregoing indemnity shall include, without limitation, reasonable attorneys' fees and costs and the City's reasonable cost of investigating any claims against the City or the City Parties. All indemnifications set forth in this Agreement shall survive the expiration or termination of this Agreement, to the extent such indemnification obligation arose from an event occurring before the expiration or termination of this Agreement. To the extent the indemnifications relate to Developer's obligations that survive the expiration or termination of this Agreement, the indemnifications shall survive for the term of the applicable obligation plus four (4) years.

(c) Limitation on City Liability. The City shall not be an insurer or surety for the design or construction of the Required Infrastructure pursuant to the approved Plans and Specifications, nor shall any officer or employee thereof be liable or responsible for any accident, loss, or damage happening or occurring during the construction of the Required Infrastructure as specified in this Agreement, except as may arise due to the negligence or willful acts or omissions of the City.

10. Miscellaneous.

(a) Parcel Map Recordation. The City, in accordance with the Code, shall record the Parcel Map with the County Clerk in the Official Records of the City and County of San Francisco promptly upon Board of Supervisors' approval of the Parcel Map. The City shall

notify Subdivider of the time of recordation. In the event the Parcel Map is not recorded within fifteen (15) days of approval, this Agreement shall be null and void.

(b) Independent Contractor. In performing its obligations under this Agreement, the Subdivider is an independent contractor and not an agent or employee of the City.

(c) Excusable Delay. All time periods in this Agreement shall be extended for Excusable Delay as defined in Section 11.5 of the DA, which is reproduced below. In the event of any difference between the text of DA Section 11.5 and the reproduction herein, the DA as executed shall govern.

11.5. Extension Due to Legal Action or Referendum: Excusable Delay.

11.5.1 Litigation and Referendum Extension. If any litigation is filed challenging this Agreement or an Approval having the direct or indirect effect of delaying this Agreement or any Approval (including but not limited to any CEQA determinations), including any challenge to the validity of this Agreement or any of its provisions, or if this Agreement or an Approval is suspended pending the outcome of an electoral vote on a referendum, then the Term of this and all Approvals shall be extended for the number of days equal to the period starting from the commencement of the litigation or the suspension (or as to Approvals, the date of the initial grant of such Approval) to the end of such litigation or suspension (a "**Litigation Extension**"). The Parties shall document the start and end of a Litigation Extension in writing within thirty (30) days from the applicable dates.

11.5.2 "**Excusable Delay**" means the occurrence of an event beyond a Party's reasonable control which causes such Party's performance of an obligation to be delayed, interrupted or prevented, including, but not limited to: changes in Federal or State Laws; strikes or the substantial interruption of work because of labor disputes; inability to obtain materials or the substantial interruption of work because of labor disputes; inability to obtain materials; freight embargoes; civil commotion, war or acts of terrorism; inclement weather, fire, floods, earthquakes, or other acts of God; epidemics or

quarantine restrictions; litigation; unforeseen site conditions (including archaeological resources or the presence of hazardous materials); or the failure of any governmental agency, public utility or communication service provider to issue a permit, authorization, consent or approval required to permit construction within the standard or customary time period for such issuing authority following Developer's submittal of a complete application for such permit, authorization, consent or approval, together with any required materials. Excusable Delay shall not include delays resulting from failure to obtain financing or have adequate funds, changes in market conditions, or the rejection of permit, authorization or approval requests based upon Developer's failure to satisfy the substantive requirements for the permit, authorization or approval request. In the event of Excusable Delay, the Parties agree that (i) the time periods for performance of the delayed Party's obligations impacted by the Excusable Delay shall be strictly limited to the period of such delay, interruption or prevention and the delayed Party shall, to the extent commercially reasonable, act diligently and in good faith to remove the cause of the Excusable Delay or otherwise complete the delayed obligation, and (ii) following the Excusable Delay, a Party shall have all rights and remedies available under this Agreement, if the obligation is not completed within the time period as extended by the Excusable Delay. If an event which may lead to an Excusable Delay occurs, the delayed Party shall notify the other Party in writing of such occurrence as soon as possible after becoming aware that such event may result in an Excusable Delay, and the manner in which such occurrence is likely to substantially interfere with the ability of the delayed Party to perform under this Agreement.

(d) Developer Extension. All time periods in this Agreement shall be extended for the period of any "Litigation Extension" as defined in Section 11.5 of the DA (which is reproduced in Section 10(c) of this Agreement) and subject to compliance with the Mitigation Measures (as defined in the DA). In the event of any difference between the text of DA Section 11.5 and the reproduction herein, the DA as executed shall govern.

(e) Notification for Invocation of Developer Extension. In the event that Subdivider invokes the Litigation Extension, Subdivider shall promptly provide written notice to

the Director. The notice required under this Subsection shall identify the nature of the extension and the length of the extension with respect to Subsection 2(b) of this Agreement.

(f) Attorneys' Fees. Should any party hereto institute any action or proceeding in court or other dispute resolution mechanism ("**DRM**") to enforce any provision hereof or for damages by reason of an alleged breach of any provision of this Agreement, the prevailing party shall be entitled to receive from the losing party, court or DRM costs or expenses incurred by the prevailing party including, without limitation, expert witness fees, document copying expenses, exhibit preparation costs, carrier expenses and postage and communication expenses, and such amount as the court or DRM may adjudge to be reasonable attorneys' fees for the services rendered the prevailing party in such action or proceeding. Attorneys' fees under this Section 10(f) include attorneys' fees on any appeal, and, in addition, a party entitled to attorneys' fees shall be entitled to all other reasonable costs and expenses incurred in connection with such action.

For purposes of this Agreement, reasonable fees of attorneys and any in-house counsel for the City or the Subdivider shall be based on the fees regularly charged by private attorneys with an equivalent number of years of professional experience in the subject matter area of the law for which the City's or the Subdivider's in-house counsel's services were rendered who practice in the City in law firms with approximately the same number of attorneys as employed by the City, or, in the case of the Subdivider's in-house counsel, as employed by the outside counsel for the Subdivider.

(h) Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the permitted successors and assigns of the parties hereto (as set forth in the DA), and upon such transfer, the Subdivider shall be released from its obligations hereunder. Any assignment of Subdivider's rights and obligations under this Agreement shall be in writing, shall clearly identify the scope of the rights and/or obligations assigned and shall be subject to the reasonable approval of the Director; provided, however, that if Subdivider assigns its rights under the DA as "Developer" (as defined therein as it relates to the affected real property), an assignment of this Agreement to the same assignee shall not require the Director's approval so long as: (1) Subdivider provides notice of the intended transfer to the Director within five days of providing any required notice to the City under the DA; (2) Subdivider provides to the Director a copy of the executed DA assignment and assumption (which includes the transfer of rights and obligations under this Agreement); (3) the assignee provides replacement bonds that are consistent with Exhibits G-1 and G-2 in the amount required to secure any remaining obligations; and (4) the assignee provides proof of adequate insurance in the amount previously provided by Subdivider and by an insurer with an equal or better credit rating; and (5) the assignee has obtained all real estate rights and can satisfy all other conditions required to complete the work contemplated by this Agreement.

(i) Development Agreement. The City shall cooperate with the Subdivider consistent with the terms of the Development Agreement, including, without limitation, in obtaining applicable approvals required for the construction of the Required Infrastructure.

(j) Waiver. Failure by a party to insist upon the strict performance of any of the provisions of this Agreement by another party, or the failure by a party to exercise its rights upon the default of another party, shall not constitute a waiver of such party's right to insist upon and demand strict compliance by the other party with the terms of this Agreement thereafter.

(k) Parties in Interest. Nothing in this Agreement, expressed or implied, is intended to or shall be construed to confer upon or to give to any person or entity other than the City and the Subdivider, any rights, remedies or claims under or by reason of this Agreement or any covenants, conditions or stipulations hereof; and all covenants, conditions, promises, and agreements in this Agreement contained by or on behalf of the City, or the Subdivider shall be for the sole and exclusive benefit of the named parties.

(l) Amendment. This Agreement may be amended, from time to time, by written supplement or amendment hereto and executed by the City and the Subdivider. The Director of Public Works is authorized to execute on behalf of the City any amendment that the Director determines is in the City's best interests and does not materially increase the City's obligations or materially diminish the City's rights under this Agreement.

(m) Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original.

(n) Interpretation of Agreement. Unless otherwise provided in this Agreement or by applicable law, whenever approval, consent or satisfaction is required of the Subdivider or the City under to this Agreement, it shall not be unreasonably withheld or delayed. Nothing in this Agreement limits the scope of review and certification of completed improvements required under Section 1751.2(b) of the Code. Captions used in this Agreement are for convenience or reference only and shall not affect the interpretation or meaning of this Agreement.

This Agreement shall in no way be construed to limit or replace any other obligations or liabilities which the parties may have in the DA.

11. Insurance. Subdivider shall, at all times prior to Acceptance of the Required Infrastructure, comply with the insurance requirements set forth in the DA and/or any applicable

Permit to Enter. Subdivider shall furnish to the City from time to time upon request by the City's Risk Manager certificate of insurance (and/or, upon request by the City's Risk Manager a complete copy of any policy) regarding each insurance policy required to be maintained by Subdivider.

12. Recording.

(a) Recording Agreement. The Parties to this Agreement acknowledge that this Agreement shall be recorded against the title of the Property.

(b) Purpose and Effect of Recording. This Agreement shall be recorded for the purpose of providing constructive notice to any future owner of the Property of Subdivider's obligations and responsibilities under Sections 2 and 7, respectively. This Agreement shall not be interpreted as creating a lien or security interest against any parcel against which it is recorded, or to effect any secured interest now or in the future, as the obligations hereunder are personal to Subdivider and its successors and assigns as may be authorized pursuant to Section 10(h).

(c) Notice of Termination. At the time all the obligations and requirements specified in this Agreement are fully satisfied as determined by the Director of Public Works in consultation with affected City departments, the Parties shall record a Notice of Termination. Alternatively, Subdivider may request the Director's authorization to record a Notice of Termination with respect to an individual parcel. In evaluating such a request, approval of which shall be in the Director's reasonable discretion, the Director shall consider with respect to Required Infrastructure necessary to serve the parcel, whether: (i) all Required Infrastructure has been completed and accepted by the City, as applicable; (ii) all corresponding bond amounts have been released; (iii) all defects and punch list items have been addressed; and (iv) all warranty and guarantee periods have terminated.

IN WITNESS WHEREOF, the City, and Subdivider have executed this Agreement in one or more copies as of the day and year first above written.
