MANDATE STATEMENT/DETAILS OF PROPOSED LEGISLATION

File 26-0617: Administrative Provisions of the Annual Appropriation Ordinance

The proposed FY 2026-27 and FY 2027-28 Annual Appropriation Ordinance (AAO) contains the administrative provisions governing the appropriation ordinance. The proposed AAO for FY 2026-27 and FY 2027-28 contain the following significant changes to the administrative provisions:

Section 11.11 Hotel Tax- Special Situations

The proposed ordinance removes Section 11.11, which had authorized the Controller to make interfund transfers or other adjustments necessary to administer the 1994 Lease Revenue and San Francisco Redevelopment Agency Hotel Tax Revenue Bond issuances. According to Michelle Allersma, Director of the Controller's Office Budget and Analysis Division (BAD), these bond issuances have been retired and Section 11.11 is therefore no longer necessary.

Section 11.27 Behavioral Health Services Act (BHSA) Implementation

The proposed ordinance adds Section 11.27, which establishes a local Behavioral Health Services Fund (BHSF). It also authorizes the Controller to transfer funds, including fund balance, and appropriation authority, between and within accounts related to former Mental Health Services Act funds and the new BHSF to comply with BHSA requirements.

The State is transitioning the Mental Health Services Fund to the Behavioral Health Services Fund effective July 1, 2026. State Welfare and Institutions Code Section 5893 requires counties to establish a local BHSF in which to allocate BHSA subventions and to spend funds consistent with their Three-Year Integrated Plan and related updates.

Section 12.10 Closure of Special Funds, Projects, and Accounts

The proposed ordinance adds language to Section 12.10 that would create a process for the Controller's Office to conduct narrower reviews and closures of funds with no expenditure activity in the previous two fiscal years. According to Director Allersma, the new language would allow the Controller's Office to conduct more frequent reviews as time allows rather than very infrequently. Further, Director Allersma noted that it is considered best practice to close inactive projects and funds on an ongoing basis. The timing of the reviews would be dependent on the availability of staff resources.

The new language states that the Controller shall submit a report to the Board of Supervisors and the Mayor from time to time identifying funds that have no expenditure activity for the past two fiscal years and were enacted at least four years before the date of the report. The language further states that the Controller shall notify the department responsible for administering the fund, if any, and that the funds identified by the Controller shall be repealed 90 days after the date of the Controller's report. Additionally, the language states that the City Attorney is

authorized to cause the removal from the Municipal Code references to funds that have been repealed under Section 12.10.

Section 32.2- Emergency Housing Revenue Risk Reserve

The proposed ordinance creates a new Emergency Housing Revenue Risk Reserve (the proposed legislation includes a typographical error which refers to this reserve as the Emergency Housing Revenue Risk Reserve) to be funded with \$98 million of unappropriated Homelessness Gross Receipts Tax revenue in the Our City Our Home Fund (Administrative Code Section 10-100-164). The purpose of the new reserve is to provide a contingency to manage revenue risks related to potential reductions in federal and state funding for the Continuum of Care, Emergency Housing Vouchers, Housing Choice Vouchers, and other programs that support stable housing for individuals experiencing, or at risk of experiencing, homelessness.

File 26-0618: Administrative Provisions of the Annual Salary Ordinance

The proposed FY 2026-27 and FY 2027-28 Annual Salary Ordinance (ASO) contains the administrative provisions governing the salary ordinance. The changes to the proposed ASO for FY 2026-27 and FY 2027-28 are related to updating compensation provisions to account for changes in inflation, specifically for stipends to employees permanently assigned to Hetch Hetchy and Camp Mather and for moving expenses for new employees in the Manager IV classification or higher (Manager V or higher for SFMTA).

RECOMMENDATIONS

1. Amend Section 32.2 to rename the Emergency Housing Revenue Risk Revenue Reserve to the Emergency Housing Revenue Risk Reserve to remove a typographical error in the proposed Annual Appropriation Ordinance.
2. Approve the administrative provisions of the Annual Appropriation Ordinance, as amended, and the administrative provisions of the Annual Salary Ordinance as proposed, when considering approval of the Mayor's proposed FY 2026-27 and FY 2027-28 budget.

SECTION 3. General Authority.

The Controller is hereby authorized and directed to set up appropriate accounts for the items of receipts and expenditures appropriated herein.

SECTION 3.1 Two-Year Budget.

For departments for which the Board of Supervisors has authorized, or the Charter requires, a fixed two-year budget, appropriations in this ordinance shall be available for allotment by the Controller on July 1st of the fiscal year in which appropriations have been approved. The Controller is authorized to adjust the two-year budget to reflect transfers and substitutions consistent with City's policies and restrictions for such transfers. The Controller is further authorized to make adjustments to the second year budgets consistent with Citywide estimates for salaries, fringe benefits, and work orders.

SECTION 4. Interim Budget Provisions.

All funds for equipment and new capital improvements shall be held in reserve until final enactment of the budget. No new equipment or capital improvements shall be authorized during the interim period other than equipment or capital improvements that, in the discretion of the Controller, is reasonably required for the continued operation of existing programs or projects previously approved by the Board of Supervisors. Authorization for the purchase of such equipment may be approved by the Board of

Supervisors.

During the period of the interim Annual Appropriation Ordinance and interim Annual Salary Ordinance, no transfer of funds within a department shall be permitted without approval of the Controller, Mayor's Budget Director and the Chair of the Budget and Finance Committee.

When the Budget and Finance Committee or Budget and Appropriations Committee reserves selected expenditure items pending receipt of additional information from departments, upon receipt of the required information to the satisfaction of that committee, the Controller may release the previously reserved funds with no further action required by the Board of Supervisors.

If the Budget and Finance Committee or Budget and Appropriations Committee recommends a budget that increases funding that was deleted in the Mayor's Budget, the Controller shall have the authority to continue to pay these expenses until final enactment of the budget.

SECTION 4.1 Interim Budget – Positions.

No new position may be filled in the interim period with the exception of those positions which in the discretion of the Controller are critical for the operation of existing programs, ~~or are~~ for projects previously approved by the Board of Supervisors, ~~or are~~ required for emergency operations, ~~or where such are~~ positions that would result in a net increase in revenues, ~~or where such are~~ positions are required to comply with law.

New positions shall be defined as those positions that are enumerated in the Mayor's

1 budget for the current fiscal year but were not enumerated in the appropriation and
2 salary ordinances for the prior fiscal year, as amended, through June 30 of the prior
3 fiscal year. In the event the Mayor has approved the reclassification of a position in the
4 department's budget for the current fiscal year, the Controller shall process a temporary
5 or "tx" requisition at the request of the department and subject to approval of the Human
6 Resources Director. Such action will allow for the continued employment of the
7 incumbent in their former position pending action on the proposed reclassifications.

8
9 If the Budget and Finance Committee or Budget and Appropriations Committee of the
10 Board of Supervisors recommends a budget that reinstates positions that were deleted
11 in the Mayor's Budget, the Controller and the Human Resources Director shall have the
12 authority to continue to employ and pay the salaries of the reinstated positions until final
13 enactment of the budget.

14
15 **SECTION 5. Transfers of Functions and Duties.**

16 Where revenues for any fund or department are herein provided by transfer from any
17 other fund or department, or where a duty or a performance has been transferred from
18 one department to another, the Controller is authorized and directed to make the related
19 transfer of funds, provided further, that where revenues for any fund or department are
20 herein provided by transfer from any other fund or department in consideration of
21 departmental services to be rendered, in no event shall such transfer of revenue be
22 made in excess of the actual cost of such service.

23
24 Where a duty or performance has been transferred from one department to another or
25 departmental reorganization is effected as provided in the Charter, in addition to any

1 required transfer of funds, the Controller and Human Resources Director are authorized
2 to make any personnel transfers or reassignments between the affected departments
3 and appointing officers at a mutually convenient time, not to exceed 100 days from the
4 effective date of the ordinance or Mayoral memorandum transferring the duty or
5 function. The Controller, the Human Resources Director and Clerk of the Board of
6 Supervisors, with assistance of the City Attorney, are hereby authorized and directed to
7 make such changes as may be necessary to conform to all applicable ordinances to
8 reflect said reorganization, transfer of duty or performance between departments.

10 **SECTION 5.1 Agencies Organized Under One Department.**

11 Where one or more offices or agencies are organized under a single appointing officer
12 or department head, the component units may continue to be shown as separate
13 agencies for budgeting and accounting purposes to facilitate reporting. However, the
14 entity shall be considered a single department for purposes of employee assignment
15 and seniority, position transfers, and transfers of monies among funds within the
16 department, and reappropriation of funds.

18 **SECTION 5.2 Continuing Funds Appropriated.**

19 In addition to the amount provided from taxes, the Controller shall make available for
20 expenditure the amount of actual receipts from special funds whose receipts are
21 continuously appropriated as provided in the Municipal Codes.

23 **SECTION 5.3 Multi-Year Revenues.**

24 In connection with money received in one fiscal year for departmental services to be
25 performed in a subsequent year, the Controller is authorized to establish an account for

1 depositing revenues that are applicable to the ensuing fiscal year. Said revenue shall be
2 carried forward and become a part of the funds available for appropriation in said
3 ensuing fiscal year.

4

5 **SECTION 5.4 Contracting Funds.**

6 All money received in connection with contracts under which a portion of the moneys
7 received is to be paid to the contractors and the remainder of the moneys received
8 inures to the City shall be deposited in the Treasury.

9

10 (a) That portion of the money received that under the terms of the contract inures to
11 the City shall be deposited to the credit of the appropriate fund.

12

13 (b) That portion of the money received that under the terms of the contracts is to be
14 paid to the contractor shall be deposited in special accounts and is hereby appropriated
15 for said purposes.

16

17 **SECTION 5.5 Real Estate Services.**

18 Rents received from properties acquired or held in trust for specific purposes are hereby
19 appropriated to the extent necessary for maintenance of said properties, including
20 services of the General Services Agency.

21

22 Moneys received from lessees, tenants, or operators of City-owned property for the
23 specific purpose of real estate services relative to such leases or operating agreements
24 are hereby appropriated to the extent necessary to provide such services.

25

SECTION 5.6 Collection Services.

In any contracts for the collection of unpaid bills for services rendered to clients, patients, or both by the Department of Public Health in which said unpaid bills have not become delinquent pursuant to Article V of Chapter 10 of the Administrative Code, the Controller is hereby authorized to adjust the estimated revenues and expenditures of the various divisions and institutions of the Department of Public Health to record such recoveries. Any percentage of the amounts, not to exceed 25% percent, recovered from such unpaid bills by a contractor is hereby appropriated to pay the costs of said contract. The Controller is authorized and is hereby directed to establish appropriate accounts to record total collections and contract payments relating to such unpaid bills.

SECTION 5.7 Contract Amounts Based on Savings.

When the terms of a contract provide for payment amounts to be determined by a percentage of cost savings or previously unrecognized revenues, such amounts as are actually realized from either said cost savings or unrecognized revenues are hereby appropriated to the extent necessary to pay contract amounts due. The Controller is authorized and is hereby directed to establish appropriate accounts to record such transactions.

SECTION 6. Bond Interest and Redemption.

In the event that estimated receipts from other than utility revenues, but including amounts from ad-valorem taxes, shall exceed the actual requirements for bond interest and redemption, said excess shall be transferred to a General Bond Interest and Redemption Reserve account. The Bond Interest and Redemption Reserve is hereby appropriated to meet debt service requirements including printing of bonds, cost of bond

rating services, funds due to the Internal Revenue Service, and the legal opinions approving the validity of bonds authorized to be sold not otherwise provided for herein.

Issuance, legal, and financial advisory service costs, including the reimbursement of departmental services in connection therewith, for debt instruments issued by the City, to the extent approved by the Board of Supervisors in authorizing the debt, may be paid from the proceeds of such debt and are hereby appropriated for said purposes.

To the extent bond rating fees are incurred and payable prior to the issuance of Board of Supervisors authorized Certificates of Participation due to unexpected changes in market conditions causing a delay in issuance, such fees may be paid from funds appropriated for annual Certificates of Participation debt service that exceed the actual requirements for bond interest and redemption.

SECTION 7. Allotment Controls.

Since several items of expenditures herein appropriated are based on estimated receipts, income, or revenues which may not be fully realized, it shall be incumbent upon the Controller to establish a schedule of allotments, of such duration as the Controller may determine, under which the sums appropriated to the several departments shall be expended. The Controller shall revise such revenue estimates periodically. If such revised estimates indicate a shortage, the Controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth herein until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by the Charter that a specified or minimum tax shall be levied for any department the amount of appropriation herein provided derived from taxes shall

not exceed the amount actually produced by the levy made for such department.

The Controller, in issuing payments or in certifying contracts, purchase orders, or other encumbrances pursuant to Section 3.105 of the Charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure and shall not approve the incurring of liability under any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstances which could not be anticipated at the time of allotment, an additional allotment for a period may be made on the recommendation of the department head and the approval of the Controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the allotment schedule so established, unless an additional allotment is made, as herein provided.

Allotments, liabilities incurred, and expenditures made under expenditure appropriations herein enumerated shall in no case exceed the amount of each such appropriation, unless the same shall have been increased by transfers or supplemental appropriations made in the manner provided by Section 9.105 of the Charter.

SECTION 7.1 Prior Year Encumbrances.

The Controller is hereby authorized to establish reserves for the purpose of providing funds for adjustments in connection with liquidation of encumbrances and other obligations of prior years.

SECTION 7.2 Equipment Purchases.

Funds for the purchase of items of equipment having a value of over \$20,000 and a useful life of three years and over shall only be purchased from appropriations specifically provided for equipment or lease-purchased equipment, including equipment from capital projects. Departments may purchase additional or replacement equipment from previous equipment or lease-purchase appropriations, or from citywide equipment and other non-salary appropriations, with approval of the Mayor's Office and the Controller.

Where appropriations are made herein for the purpose of replacing automotive and other equipment, the equipment replaced shall be surrendered to the General Services Agency and shall be withdrawn from service on or before delivery to departments of the new automotive equipment. When the replaced equipment is sold, in lieu of being traded-in, the proceeds shall be deposited to a revenue account of the related fund. Provided, however, that so much of said proceeds as may be required to affect the purchase of the new equipment is hereby appropriated for the purpose. Funds herein appropriated for automotive equipment shall not be used to buy a replacement of any automobile superior in class to the one being replaced unless it has been specifically authorized by original appropriation ordinance.

Appropriations for equipment from current funds shall be construed to be annual appropriations and unencumbered balances shall lapse at the close of the fiscal year.

SECTION 7.3 Enterprise Deficits.

Funds appropriated herein to meet estimated enterprise deficits shall be made available

to each such enterprise only to the extent that an actual deficit shall exist and not to exceed the amount herein provided. Any amount not required for the purpose of meeting an enterprise fund deficit shall be transferred back to the General Fund at the end of each fiscal year unless otherwise appropriated by ordinance.

SECTION 7.4 Public Utilities Commission Debt Service.

The San Francisco Public Utilities Commission shall, in coordination with the Controller's Office, record and report the use of debt service appropriations in their respective debt service funds consistent with the Schedule of Bond Redemption and Interest Statement included herein and as required pursuant to Governmental Accounting Standards Board (GASB) and Generally Accepted Accounting Principles (GAAP) accounting rules, requirements and practices. The Controller is hereby authorized to make all associated net-zero appropriation transfers to ensure compliant financial reporting.

SECTION 8. Expenditure Estimates.

Where appropriations are made for specific projects or purposes which may involve the payment of salaries or wages, the head of the department to which such appropriations are made, or the head of the department authorized by contract or interdepartmental order to make expenditures from each such appropriation, shall file with the Controller, when requested, an estimate of the amount of any such expenditures to be made during the ensuing period.

SECTION 8.1 State and Federal Funds.

The Controller is authorized to increase federal and state funds that may be claimed

due to new General Fund expenditures appropriated by the Board of Supervisors. The Human Resources Director is authorized to add civil service positions required to implement the programs authorized by these funds. The Controller and the Human Resources Director shall report to the Board of Supervisors any actions taken under this authorization before the Board acts on the Annual Appropriation and Annual Salary Ordinances.

SECTION 8.2 State and Federal Funding Restorations.

If additional state or federal funds are allocated to the City to backfill state or federal reductions, the Controller shall backfill any funds appropriated to any program to the General Reserve.

SECTION 8.3 Process for Addressing General Fund Revenue Shortfalls

Upon receiving Controller estimates of revenue shortfalls that exceed the value of the General Reserve and any other allowances for revenue shortfalls in the adopted City budget, the Mayor shall inform the Board of Supervisors of actions to address this shortfall. The Board of Supervisors may adopt an ordinance to reflect the Mayor's proposal or alternative proposals in order to balance the budget.

SECTION 9. Interdepartmental Services.

The Controller is hereby authorized and directed to prescribe the method to be used in making payments for interdepartmental services in accordance with the provisions of Section 3.105 of the Charter, and to provide for the establishment of interdepartmental reserves which may be required to pay for future obligations which result from current performances. Whenever, in the judgment of the Controller, the amounts which have

1 been set aside for such purposes are no longer required or are in excess of the amount
2 which is then currently estimated to be required, the Controller shall transfer the amount
3 no longer required to the fund balance of the particular fund of which the reserve is a
4 part. Provided further that no expenditure shall be made for personnel services, rent,
5 equipment, or capital outlay purposes from any interdepartmental reserve or work order
6 fund without specific appropriation by the Board of Supervisors.

7
8 The amount detailed in departmental budgets for services of other City departments
9 cannot be transferred to other spending categories without prior agreement from both
10 the requesting and performing departments.

11
12 The Controller, pursuant to the provisions of Charter Section 3.105, shall review and
13 may adjust charges or fees for services that may be authorized by the Board of
14 Supervisors for the administration of the Technology Marketplace. Such fees are hereby
15 appropriated for that purpose.

16
17 **SECTION 10. Positions in the City Service.**

18 Department heads shall not make appointments to any office or position until the
19 Controller shall certify that funds are available.

20
21 Funds provided herein for salaries or wages may, with the approval of the Controller, be
22 used to provide for temporary employment when it becomes necessary to replace the
23 occupant of a position while on extended leave without pay, or for the temporary filling
24 of a vacancy in a budgeted position. The Controller is authorized to approve the use of
25 existing salary appropriations within departments to fund permanent appointments of up

to six months to backfill anticipated vacancies to ensure implementation of successful succession plans and to facilitate the transfer of mission critical knowledge. The Controller shall provide a report to the Board of Supervisors every six months enumerating permanent positions created under this authority.

Appointments to seasonal or temporary positions shall not exceed the term for which the Controller has certified the availability of funds.

The Controller shall be immediately notified of a vacancy occurring in any position.

SECTION 10.1 Positions, Funds, and Transfers for Specific Purposes.

Funds for personnel services may be transferred from any legally available source on the recommendation of the department head and approval by the City Administrator, Board, or Commission, for departments under their respective jurisdiction, and on authorization of the Controller with the prior approval of the Human Resources Director for:

(a) Lump sum payments to officers, employees, police officers and fire fighters other than elective officers and members of boards and commissions upon death or retirement or separation caused by industrial accident for accumulated sick leave benefits in accordance with Civil Service Commission rules.

(b) Payment of the supervisory differential adjustment, out of class pay, or other negotiated premium to employees who qualify for such adjustment provided that the transfer of funds must be made from funds currently available in departmental

1 personnel service appropriations.

2
3 (c) Payment of any legal salary or fringe benefit obligations of the City, including
4 amounts required to fund arbitration awards.

5
6 (d) The Controller is hereby authorized to adjust salary appropriations for positions
7 administratively reclassified or temporarily exchanged by the Human Resources
8 Director provided that the reclassified position and the former position are in the same
9 functional area.

10
11 (e) Positions may be substituted or exchanged between the various salary
12 appropriations or position classifications when approved by the Human Resources
13 Director as long as said transfers do not increase total departmental personnel service
14 appropriations.

15
16 (f) The Controller is hereby authorized and directed upon the request of a
17 department head and the approval by the Mayor's Office to transfer from any legally
18 available funds amounts needed to fund legally mandated salaries, fringe benefits, and
19 other costs of City employees. Such funds are hereby appropriated for the purpose set
20 forth herein.

21
22 (g) The Controller is hereby authorized to transfer any legally available funds to
23 adjust salary and fringe benefit appropriations as required under reclassifications
24 recommended by the Human Resources Director and approved by the Board of
25 Supervisors in implementing the Management Compensation and Classification Plan.

Amounts transferred shall not exceed the actual amount required including the cost to the City of mandatory fringe benefits.

(h) Pursuant to California Labor Code Section 4850.4, the Controller is authorized to make advance payments from departments' salary accounts to employees participating in CalPERS who apply for disability retirement. Repayment of these advanced disability retirement payments from CalPERS and from employees are hereby appropriated to the departments' salary account.

(i) For purposes of defining terms in Administrative Code Section 3.18, the Controller is authorized to process transfers where such transfers are required to administer the budget through the following certification process: In cases where expenditures are reduced at the level of appropriation control during the Board of Supervisors phase of the budget process, the Chair of the Budget and Finance Committee, on recommendation of the Controller, may certify that such a reduction does not reflect a deliberate policy reduction adopted by the Board. The Mayor's Budget Director may similarly provide such a certification regarding reductions during the Mayor's phase of the budget process.

SECTION 10.2 Professional Services Contracts.

Funds appropriated for professional service contracts may be transferred to the account for salaries on the recommendation of the department head for the specific purpose of using City personnel in lieu of private contractors with the approval of the Human Resources Director and the Mayor and certification by the Controller that such transfer of funds would not increase the cost of government.

SECTION 10.3 Surety Bond Fund Administration.

The Controller is hereby authorized to allocate funds from capital project appropriations to the San Francisco Self-Insurance Surety Bond Fund, as governed by Administrative Code Section 10.100-317 and in accordance with amounts determined pursuant to Administrative Code Section 14B.16.

SECTION 10.4 Salary Adjustments, Memoranda of Understanding (MOUs).

The Controller is authorized and directed to transfer from the Salary and Benefits Reserve, or any legally available funds, amounts necessary to adjust appropriations for salaries and related mandatory fringe benefits of employees whose compensation is pursuant to Charter Sections A8.403 (Registered Nurses), A8.404 (Transit Operators), A8.409 (Miscellaneous Employees), A8.405 and A8.590-1 through A8.590-5 (Police and Firefighters), revisions to state law, or collective bargaining agreements adopted pursuant to the Charter or arbitration award. The Controller and Human Resources Director are further authorized and directed to adjust the rates of compensation to reflect current pay rates for any positions affected by the foregoing provisions.

Adjustments made pursuant to this section shall reflect only the percentage increase required to adjust appropriations to reflect revised salary and other pay requirements above the funding level established in the base and adopted budget of the respective departments.

The Controller is authorized and directed to transfer from reserves or any legally available funds amounts necessary to provide costs of non-salary benefits in ratified Memoranda of Understanding or arbitration awards or Board of Supervisors approved

employee and retiree health and dental rates. The Controller's Office shall report to the Budget and Finance Committee or Budget and Appropriations Committee on the status of the Salary and Benefits Reserve, including amounts transferred to individual City departments and remaining Reserve balances, as part of the Controller's Six and Nine Month Budget Status Reports.

SECTION 10.5 MOUs to be Reflected in Department Budgets.

Should the City adopt an MOU with a recognized employee bargaining organization during the fiscal year which has fiscal effects, the Controller is authorized and directed to reflect the budgetary impact of said MOU in departmental appropriations by transferring amounts to or from the Salary and Benefits Reserve, or, for self-supporting or restricted funds, to or from the respective unappropriated fund balance account. All amounts transferred pursuant to this section are hereby appropriated for that purpose.

SECTION 10.6 Funding Memoranda of Understanding (MOUs).

Whenever the Board of Supervisors has ratified by ordinance or resolution Memoranda of Understanding with recognized employee organizations or an arbitration award has become effective, and said memoranda or award contains provisions requiring the expenditure of funds, the Controller, on the recommendation of the Human Resources Director, shall reserve sufficient funds to comply with such provisions and such funds are hereby appropriated for such purposes. The Controller is hereby authorized to make such transfers from funds hereby reserved or legally available as may be required to make funds available to departments to carry out the purposes required by the Memoranda of Understanding or arbitration award.

SECTION 10.7 Fringe Benefit Rate Adjustments.

Appropriations herein made for fringe benefits may be adjusted by the Controller to reflect revised amounts required to support adopted or required contribution rates. The Controller is authorized and is hereby directed to transfer between departmental appropriations and the General Reserve or other unappropriated balance of funds any amounts resulting from adopted or required contribution rates and such amounts are hereby appropriated to said accounts.

When the Controller determines that prepayment of the employer share of pension contributions is likely to be fiscally advantageous, the Controller is authorized to adjust appropriations and transfers in order to make and reconcile such prepayments.

SECTION 10.8 Police Department Uniformed Positions.

Positions in the Police Department for each of the various ranks that are filled based on the educational attainment of individual officers may be filled interchangeably at any level within the rank (e.g., Patrol Officer Q2, Q3 or Q4, Sergeant Q50, Q51, Q52). The Controller and Human Resources Director are hereby authorized to adjust payrolls, salary ordinances, and other documents, where necessary, to reflect the current status of individual employees; provided however, that nothing in this section shall authorize an increase in the total number of positions allocated to any one rank or to the Police Department.

SECTION 10.9 Holidays, Special Provisions.

Whenever the Mayor formally declares that any day is a holiday for City employees under the terms of a Memorandum of Understanding, the Controller, with the approval

of the Mayor's Office, is hereby authorized to make such transfer of funds not to exceed the actual cost of said holiday from any legally available funds.

SECTION 10.10 Litigation Reserve, Payments.

The Controller is authorized and directed to transfer from the Reserve for Litigation Account for General Fund supported departments or from any other legally available funds for other funds, amounts required to make payments required to settle litigation against the City that has been recommended by the City Attorney and approved by the Board of Supervisors in the manner provided in the Charter. Such funds are hereby appropriated for the purposes set forth herein.

Amounts required to pay settlements of claims or litigation involving the Public Utilities Commission are hereby appropriated from the Public Utilities Commission Wastewater Enterprise fund balance or the Public Utilities Commission Water Enterprise fund balance, as appropriate, for the purpose of paying such settlements following final approval of those settlements by resolution or ordinance.

SECTION 10.11 Changes in Health Services Eligibility.

Should the Board of Supervisors amend Administrative Code Section 16.700 to change the eligibility in the City's Health Service System, the Controller is authorized and directed to transfer from any legally available funds or the Salary and Fringe Reserve for the amount necessary to provide health benefit coverage not already reflected in the departmental budgets.

Section 10.12 Workers' Compensation Alternative Dispute Resolution Program

Resolutions 85-19 and 86-19 authorized the Department of Human Resources to enter Workers' Compensation Alternative Dispute Resolution (ADR) Labor-Management Agreements with the San Francisco Firefighters' Association, Local 798, and San Francisco Police Officers Association, respectively. These Agreements require the City to allocate an amount equal to 50% of the ADR program estimated net savings, as determined by actuarial report, for the benefit of active employees. The Controller is authorized and directed to transfer from any legally available funds the amount necessary to make the required allocations. This provision will terminate if the parties agree to terminate the Agreements.

SECTION 11. Funds Received for Special Purposes, Trust Funds.

The Controller is hereby authorized and directed to continue the existing special and trust funds, revolving funds, and reserves. The receipts in and expenditures from each such fund are hereby appropriated in accordance with law and the conditions under which each such fund was established.

The Controller is hereby authorized and directed to set up additional special and trust funds and reserves as may be created either by additional grants and bequests or under other conditions, and the receipts in each fund are hereby appropriated in accordance with law for the purposes and subject to the conditions under which each such fund is established.

SECTION 11.1 Special and Trust Funds Appropriated; Approval of Certain Grant Agreements under Charter Section 9.118

Whenever the City and County of San Francisco shall receive for a special purpose

1 from the United States of America, the State of California, or from any public or
2 semi-public agency, or from any private person, firm or corporation, any moneys, or
3 property to be converted into money, the Controller shall establish a special fund or
4 account evidencing the said moneys so received and specifying the special purposes
5 for which they have been received and for which they are held. Said account or fund
6 shall be maintained by the Controller as long as any portion of said moneys or property
7 remains.

8
9 Recurring grant funds which are detailed in departmental budget submissions and
10 approved by the Mayor and Board of Supervisors in the annual budget shall be deemed

SECTION 11.25 Housing Trust Fund.

The Controller is hereby authorized to adjust appropriations as necessary to implement the movement of Housing Trust Fund revenues and expenditures from the General Fund to a special revenue fund.

SECTION 12.3 Property Tax.

Consistent with state Teeter Plan requirements, the Board of Supervisors elects to continue the alternative method of distribution of tax levies and collections in accordance with Revenue and Taxation Code Section 4701. The Board of Supervisors directs the Controller to maintain the Teeter Tax Losses Reserve Fund at an amount not less than 1% of the total of all taxes and assessments levied on the secured roll for that year for participating entities in the county as provided by Revenue and Taxation Code Section 4703. The Board of Supervisors authorizes the Controller to make timely property tax distributions to the Office of Community Investment and Infrastructure, the Treasure Island Development Authority, and City Infrastructure Financing Districts as approved by the Board of Supervisors through the budget, through development pass-through contracts, through tax increment allocation pledge agreements and ordinances, and as mandated by State law.

The Controller is authorized to adjust the budget to conform to assumptions in final approved property tax rates and to make debt service payments for approved general obligation bonds accordingly.

The Controller is authorized and directed to recover costs from the levy, collection, and administration of property taxes. SECTION 12.9 Hetch Hetchy Power Stabilization Fund.

1 Hetch Hetchy has entered into a long-term agreement to purchase a fixed amount of
2 power. Any excess power from this contract will be sold back to the power market.

3
4 To limit Hetch Hetchy's risk from adverse market conditions in the future years of the
5 contract, the Controller is authorized to establish a power stabilization account that
6 reserves any excess revenues from power sales in the early years of the contract.
7 These funds may be used to offset potential losses in the later years of the contract.
8 The balance in this fund may be reviewed and adjusted annually.

9
10 The power purchase amount reflected in the Public Utility Commission's expenditure
11 budget is the net amount of the cost of power purchased for Hetch Hetchy use. Power
12 purchase appropriations may be increased by the Controller to reflect the pass through
13
14 costs of power purchased for resale under long-term fixed contracts previously
15 approved by the Board of Supervisors.

17 **SECTION 12.10 Closure of Special Funds, Projects, and Accounts**

18 In accordance with Administrative Code Section 10.100-1(d), if there has been no
19 expenditure activity for the past two fiscal years, a special fund or project can be closed
20 and repealed. The Controller is hereby authorized and directed to reconcile and balance
21 funds, projects and accounts, and to close completed projects. The Controller is
22 directed to create a clearing account for the purpose of balancing surpluses and deficits
23 in such funds, projects and accounts, and funding administrative costs incurred to
24 perform such reconciliations.

1 From time to time, the Controller shall submit a report to the Board of Supervisors and
2 the Mayor identifying funds in Article XIII of Chapter 10 of the Administrative Code or in
3 other sections of the Municipal Code that have had no expenditure activity for the past
4 two fiscal years and were enacted at least four years before the date of the report.
5 Before including a fund on the report, the Controller shall notify the department
6 responsible for administering the fund, if any. Funds identified on the Controller's report
7 shall be repealed 90 days after the date of the Controller's report. After such time, the
8 City Attorney is authorized to cause the removal from the Municipal Code references to
9 funds that have been repealed under this Section.

10
11 This budget ordinance appropriates fund balance from active project closeouts in
12 continuing funds in the General Fund and a number of special revenue and enterprise
13 funds. The Controller is directed to deappropriate projects to realize the fund balance
14 used as a source in the adopted budget.

15
16 **SECTION 12.11 Charter-Mandated Baseline Appropriations.**

17 The Controller is authorized to increase or reduce budgetary appropriations as required
18 by the Charter for baseline allocations to align allocations to the amounts required by

20 obtain Board of Supervisors' approval prior to any expenditure supported by increasing
21 baseline allocations as required under the Charter and the Municipal Code.

22
23 **SECTION 12.12 Parking Tax Allocation.**

SECTION 12.13 Former Redevelopment Agency Funds.

Pursuant to Board of Supervisors Ordinance 215-12, the Successor Agency to the San Francisco Redevelopment Agency (also known as the Office of Community Investment and Infrastructure, or OCII) is a separate legal entity from the City and its budget is subject to separate approval by resolution of the Board of Supervisors. The Controller is authorized to transfer funds and appropriation authority between and within accounts related to former San Francisco Redevelopment Agency (SFRA) fund balances to serve the accounting requirements of the OCII, the Port, the Mayor's Office of Housing and Community Development and the City Administrator's Office and to comply with state requirements and applicable bond covenants.

The Purchaser is authorized to allow the OCII and departments to follow applicable contracting and purchasing procedures of the former SFRA and waive inconsistent provisions of the San Francisco Administrative Code when managing contracts and purchasing transactions related to programs formerly administered by the SFRA.

If, during the course of the budget period, the OCII requests departments to provide additional services beyond budgeted amounts and the Controller determines that the Successor Agency has sufficient additional funds available to reimburse departments for such additional services, the departmental expenditure authority to provide such services is hereby appropriated.

When 100% of property tax increment revenues for a redevelopment project area are pledged based on an agreement that constitutes an enforceable obligation, the Controller will increase or decrease appropriations to match actual revenues realized for the project area.

The Mayor's Office of Housing and Community Development is authorized to act as the fiscal agent for the Public Initiatives Development Corporation (PIDC) and receive and disburse PIDC funds as authorized by the PIDC bylaws and the PIDC Board of Directors.

SECTION 12.14 CleanPowerSF.

CleanPowerSF customer payments and all other associated revenues deposited in the CleanPowerSF special revenue fund are hereby appropriated in the amounts actually received by the City in each fiscal year. The Controller is authorized to disburse the revenues appropriated by this section as well as those appropriated yet unspent from prior fiscal years to pay power purchase obligations and other operating costs as provided in the program plans and annual budgets, as approved by the Board of Supervisors for the purposes authorized therein.

individual items of less than \$15; and (2) any individual items of \$5,000 or less if the depositor's name is unknown. The Treasurer shall notify the Controller of transfers performed using this authorization.

SECTION 12.16 City Attorney Gifts and Grants for Federal Response

The City Attorney is authorized to accept and expend gifts or grants of funds and gifts of in-kind services, including but not limited to in-kind outside counsel services and expert consultant or witness services, to support the City Attorney's legal advice, advocacy, and litigation in preparation for or response to policies, actions, threats, and other decisions by the federal government. The City Attorney shall report all such grants and gifts to the Controller and the Mayor's Budget Office, in addition to any other applicable reporting requirements in the Administrative Code and the Campaign and Governmental Conduct Code.

SECTION 14. Departments.

The term department as used in this ordinance shall mean department, bureau, office, utility, agency, board, or commission, as the case may be. The term department head as used herein shall be the chief executive duly appointed and acting as provided in the Charter. When one or more departments are reorganized or consolidated, the former entities may be displayed as separate units, if, in the opinion of the Controller, this will facilitate accounting or reporting.

(a) The Public Utilities Commission shall be considered one entity for budget purposes and for disbursement of funds within each of the enterprises. The entity shall retain its enterprises, including Water, Hetch Hetchy, Wastewater, and the Public Utilities Commission, as separate utility fund enterprises under the jurisdiction of the Public Utilities Commission and with the authority provided by the Charter. This section shall not be construed as a merger or completion of the Hetch Hetchy Project, which

1 shall not be deemed completed until a specific finding of completion has been made by
2 the Public Utilities Commission. The consolidated agency will be recognized for
3 purposes of determining employee seniority, position transfers, budgetary authority, and
4 transfers or reappropriation of funds.

5
6 (b) There shall be a General Services Agency, headed by the City Administrator,
7 including the Department of Telecommunication and Information Services, and the
8 Department of Administrative Services. The City Administrator shall be considered one
9 entity for budget purposes and for disbursement of funds.

10
11 (c) There shall be a Human Services Agency, which shall be considered one entity
12 for budget purposes and for disbursement of funds. Within the Human Services Agency
13 shall be two departments: (1) the Department of Human Services, under the Human
14 Services Commission, and (2) the Department of Disability and Aging Services
15 ("DAAS"), under the Disability and Aging Services Commission, which includes Adult
16 Protective Services, the Public Administrator/Public Guardian, the Mental Health
17 Conservator, the Department of Disability and Aging Services, the County Veterans'
18 Service Officer, and the In-Home Supportive Services Program. This budgetary
19 structure does not affect the legal status or structure of the two departments. The

20
21 Human Resources Director and the Controller are authorized to transfer employees,
22 positions, and funding in order to effectuate the transfer of the program from one
23 department to the other. The consolidated agency will be recognized for purposes of
24 determining employee seniority, position transfers, budgetary authority and transfers or
25 reappropriation of funds.

1 The departments within the Human Services Agency shall coordinate with each other
2 and with the Disability and Aging Services Commission to improve delivery of services,
3 increase administrative efficiencies and eliminate duplication of efforts. To this end, they
4 may share staff and facilities. This coordination is not intended to diminish the authority
5 of the Disability and Aging Services Commission over matters under the jurisdiction of
6 the Commission.

7
8 The Director of the Disability and Aging Services Commission also may serve as the
9 department head for DAAS, and/or as a deputy director for the Department of Human
10 Services, but shall receive no additional compensation by virtue of an additional
11 appointment. If an additional appointment is made, it shall not diminish the authority of
12 the Disability and Aging Services Commission over matters under the jurisdiction of the
13 Commission.

14
15 ~~(d) There shall be a Film, Grants, and Arts Agency (FGAA), whose formal name~~
16 ~~shall be determined at a later date, which shall be considered one entity for budget~~
17 ~~purposes and for disbursement of funds. Within the FGAA shall be two departments and~~
18 ~~one division of the General Services Agency: (1) the Arts Commission department, led~~
19 ~~by the Director of Cultural Affairs under its Commission, (2) the Film Commission~~
20 ~~department, led by the Executive Director under its Commission, and (3) Grants for the~~
21 ~~Arts ("GFTA"), under the Director. This budgetary structure does not affect the legal~~
22 ~~status or structure of the two departments or GFTA. The Human Resources Director~~
23 ~~and the Controller are authorized to transfer employees, positions, and funding in order~~
24 ~~to effectuate the transfer of the program from one department or division to the other.~~
25 ~~The consolidated agency will be reorganized for purposes of determining employee~~
~~seniority, position transfers, budgetary authority and transfers or reappropriation of~~
~~funds.~~

~~The Director of the Agency, appointed by the Mayor, will lead the FGAA. The Director will ensure that the departments and division within the Agency shall coordinate with each other to improve delivery of services to and for artists and the arts, increase administrative efficiencies and eliminate duplication of efforts. To this end, they may share staff and facilities. This coordination is not intended to diminish the authority of the two commissions the Arts Commission and the Film Commission over matters under their respective jurisdictions.~~

(de) There shall be an Agency for Human Rights, which shall be considered one entity for budget purposes and for disbursement of funds. Within the Agency shall be two departments: (1) the Human Rights Commission, led by the Executive Director under its Commission, and (2) the Department on the Status of Women, led by the Director under the Commission on the Status of Women. This budgetary structure does not affect the legal status or structure of the two departments. The Human Resources Director and the Controller are authorized to transfer employees, positions, and funding in order to effectuate the transfer of the program from one department or division to the other. The consolidated agency will be reorganized for purposes of determining employee seniority, position transfers, budgetary authority and transfers or reappropriation of funds.

The Executive Director of the Human Rights Commission will lead the Agency for Human Rights. The Executive Director will ensure that the departments within the Agency shall coordinate with each other to improve delivery of services, increase administrative efficiencies, and eliminate duplication of efforts. To this end, they may share staff and facilities. This coordination is not intended to diminish the authority of

1 the two commissions—the Human Rights Commission and the Commission on the
2 Status of Women—over matters under their respective jurisdictions.

3 Neither the Executive Director of the Human Rights Commission nor the Director of the
4 Department on the Status of Women shall receive additional compensation by virtue of
5 their role in the Agency.

6
7 (ef) The Local Agency Formation Commission (LAFCo) is a separate legal entity
8 established under state law and is not a department or agency of the City. Because the
9 City has a legal obligation to provide funds to LAFCo, this ordinance includes an
10 appropriation for that purpose. Although LAFCo is not part of the Board of Supervisors
11 or subject to the Board's oversight and direction, this ordinance includes appropriations
12 to LAFCo in the Board of Supervisors budget for administrative reasons related to the
13 format of this ordinance. Any transfers of funds to LAFCo from other appropriations in
14 the budget are prohibited without approval by a subsequent ordinance. City staff,
15 including but not limited to the Clerk of the Board of Supervisors, may not perform work
16 for LAFCo, except as authorized by a memorandum of understanding between the City
17 and LAFCo, subject to any required approvals.

18

20 The Controller shall establish rules for the payment of all amounts payable for travel for
21 officers and employees, and for the presentation of such vouchers as the Controller
22 shall deem proper in connection with expenditures made pursuant to this Section. No
23 allowance shall be made for traveling expenses provided for in this ordinance unless
24 funds have been appropriated or set aside for such expenses in accordance with the
25 provisions of the Charter.

1 The Controller may advance the sums necessary for traveling expenses, but proper
2 account and return must be made of said sums so advanced by the person receiving
3 the same within ten days after said person returns to duty in the City, and failure on the
4 part of the person involved to make such accounting shall be sufficient cause for the
5 Controller to withhold from such persons pay check or checks in a sum equivalent to the
6 amount to be accounted.

7
8 In consultation with the Human Resources Director, the Controller shall establish rules
9 and parameters for the payment of monthly stipends to officers and employees who use
10 their own cells phones to maintain continuous communication with their workplace, and
11 who participate in a Citywide program that reduces costs of City-owned cell phones.

12 **SECTION 15.1 State of California Travel Program.**
