Subject: Supporting the Tenderloin Community Action Plan Investment Blueprint File #: 250522
Date: Wednesday, June 11, 2025 10:28:02 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

The **Tenant Associations Coalition of San Francisco**, along with numerous tenant and community partners, proudly endorses **Supervisor Balal Mahmood's resolution** to embrace and fund the **Tenderloin Community Action Plan (TCAP) Blueprint**. This initiative is the result of years of hard work, collaboration, and input from community members who are deeply committed to the future of our neighborhood. We have invested significant time cooperating to develop a thorough community planning process that tackles the specific challenges and opportunities present in the Tenderloin. It is now essential that this carefully designed plan is not only accepted but also receives the continuous funding and matching resources required to implement it effectively and ensure its sustained success. By obtaining these resources, we can turn our aspirations into reality, fostering a vibrant and flourishing community that serves all residents and stakeholders involved.

The [Tenderloin](#) Community Action Plan is a vital initiative aimed at addressing the complex challenges facing the [Tenderloin](#) neighborhood in [San Francisco](#). Supporting this plan is of paramount importance due to its potential to significantly improve the lives of residents and revitalize the community.

Here's why:

1. Combating Homelessness and Poverty: The [Tenderloin](#) has a disproportionately high rate of homelessness and poverty. The Action Plan directly tackles these issues through initiatives focused on providing affordable housing, supportive services, and job training programs. Success in these areas would dramatically reduce the number of people living on the streets and improve economic stability for vulnerable populations.

2. Addressing Public Safety Concerns: The neighborhood struggles with public safety challenges. The Action Plan seeks to address these issues through increased police presence, community-based policing strategies, and initiatives aimed at reducing crime and drug use. A safer environment is essential for residents to thrive and attract investment in the community.

3. Improving Public Health: The [Tenderloin](#) faces significant public health challenges, including high rates of drug use and mental health issues. The Action Plan aims to improve public health by expanding access to healthcare services, addiction treatment, and mental health support. Improved public health leads to a healthier, more productive community.

4. Revitalizing the Neighborhood: The Action Plan encompasses initiatives aimed at improving the physical environment of the [Tenderloin](#). This includes efforts to clean up streets, improve infrastructure, and create more green spaces. A more attractive and functional neighborhood will enhance the quality of life for residents and attract new businesses and investment.

5. Fostering Community Engagement: The Action Plan emphasizes community engagement and collaboration. By working with residents, businesses, and community organizations, the plan aims to create a sense of ownership and shared responsibility for the neighborhood's future. This participatory approach is crucial for the long-term success of the initiative.

Supporting the **Tenderloin Community Action Plan** involves investing in the well-being of the community and its residents, recognizing the intrinsic value of fostering a thriving environment for all. Its success relies on a multi-faceted approach that tackles the interconnected challenges of poverty, homelessness, public safety, and public health, ensuring that each aspect is addressed holistically. By doing so, the initiative not only aims to alleviate immediate hardships but also seeks to create sustainable pathways for growth and opportunity. This comprehensive

strategy ultimately results in a more vibrant and equitable neighborhood, where every individual has the chance to thrive and contribute to the community's overall resilience and prosperity.

Since 1997 the **Tenant Associations Coalition of San Francisco** is a group of local tenant organizations that work together to advocate for and improve the rights of renters. They aim to build capacity within local tenant groups, create a statewide and national movement, and collectively advocate for policy changes that benefit low-income tenants.

In solidarity,

Susan Bryan

Hello Supervisor and Staff,

My name is **Tim Svoboda**, and I work in the Tenderloin. I'm urge you to support **Supervisor Balal Mahmood's resolution** calling for the City to formally adopt—and invest in—the **Tenderloin Community Action Plan (TCAP) Investment Blueprint**.

This plan is more than words on paper—it's the result of **three years of deep community engagement**. Thousands of Tenderloin residents, workers, small business owners, and over **30 community organizations** came together to shape a shared vision for our neighborhood's future.

And it's already working:

What started as a \$4 million City commitment has grown into **\$6.6 million in leveraged investments**—funding real solutions led by the community itself.

We're asking the Board to:

- **Continue investing** in community-driven solutions through another round of Participatory Budgeting
- **Align City actions and budgets** with the priorities residents have identified and built consensus around

The TCAP Blueprint outlines **seven clear, community-led priorities** for the next five years:

1. Street Stewardship and Cleanliness
2. Ending Open-Air Drug Dealing and Use
3. Public Space Improvements and Activation
4. Youth Investment
5. Stronger Community Wellness Services
6. Small Business Support
7. Affordable, Dignified, and Supported Housing

By endorsing this resolution, the Board will:

- **Match resources to community-defined needs**
- **Support economic and public health recovery** in one of the city's most impacted neighborhoods
- **Honor the leadership of residents** who've worked tirelessly to shape this plan

- **Recognize that a stronger Tenderloin is key to a stronger San Francisco**

This is our roadmap—and now we need your support to bring it fully to life.

Please vote yes on Supervisor Mahmood's TCAP Resolution. Thank you.

Tim Svoboda

Hello Supervisors and Staff,

My name is Betty Traynor, and I have been an activist in the Tenderloin, mainly leading the Friends of Boeddeker Park for many years. I am writing to urge you to support **Supervisor Balal Mahmood's resolution** calling for the City to formally adopt—and invest in—the **Tenderloin Community Action Plan (TCAP) Investment Blueprint**.

It's the result of **three years of deep community engagement**. Thousands of Tenderloin residents, workers, small business owners, and over **30 community organizations** came together to shape a shared vision for our neighborhood's future.

And it's already working:

What started as a \$4 million City commitment has grown into **\$6.6 million in leveraged investments**—funding real solutions led by the community itself.

We're asking the Board to:

- **Continue investing** in community-driven solutions through another round of Participatory Budgeting
- **Align City actions and budgets** with the priorities residents have identified and built consensus around

The TCAP Blueprint outlines **seven clear, community-led priorities** for the next five years:

1. Street Stewardship and Cleanliness
2. Ending Open-Air Drug Dealing and Use
3. Public Space Improvements and Activation
4. Youth Investment
5. Stronger Community Wellness Services
6. Small Business Support
7. Affordable, Dignified, and Supported Housing

By endorsing this resolution, the Board will:

- **Match resources to community-defined needs**
- **Support economic and public health recovery** in one of the city's most impacted neighborhoods
- **Honor the leadership of residents** who've worked tirelessly to shape this plan
- **Recognize that a stronger Tenderloin is key to a stronger San Francisco**

This is our roadmap—and now we need your support to bring it fully to life.

Please vote YES on Supervisor Mahmood's TCAP Resolution.

Thank you.

Subject: Endorsing the Tenderloin Community Action Plan Investment Blueprint File #: 250522
Date: Wednesday, June 11, 2025 9:55:39 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

The **Alliance for a Better District 6**, along with many affiliated community groups, is proud to support **Supervisor Balal Mahmood**'s resolution to adopt and invest in the **Tenderloin Community Action Plan (TCAP) Blueprint**. This initiative represents the culmination of years of dedicated effort, collaboration, and input from community members who are deeply invested in the future of our neighborhood. We have spent countless hours working together to create a comprehensive community planning process that addresses the unique challenges and opportunities within the Tenderloin. Now, it is crucial that this well-crafted plan is not only adopted but also receives the ongoing funding and matching funds necessary to bring it to fruition and ensure its long-term success. By securing these resources, we can transform our vision into reality, creating a vibrant and thriving community that benefits all residents and stakeholders involved.

The Tenderloin Community Action Plan addresses interconnected problems in the Tenderloin neighborhood, aiming for comprehensive improvement and revitalization of the area.

Key points:

1. **Safety First:** The plan aims to make streets safer by tackling pressing issues such as drug dealing and homelessness, which are significant concerns for residents and visitors alike. By focusing on these issues, the initiative seeks to create an environment where people can feel more secure while going about their daily lives, ultimately enhancing overall quality of life for everyone in the community. Safer streets not only encourage foot traffic but also promote a sense of belonging and community pride.

2. **Housing is Key:** A major factor contributing to the challenges faced in the Tenderloin is the lack of affordable housing. The plan places a strong emphasis on creating more diverse housing options that cater to various income levels. By doing so, it aims to reduce the number of individuals and families who are forced to live on the streets, thus alleviating the burden on local resources and services. This approach not only addresses immediate needs but also helps to reduce the number of people who are vulnerable to exploitation and other negative impacts associated with homelessness.

3. **Healthier Community:** One of the core goals of the plan is to improve living conditions and provide enhanced resources to the residents of the Tenderloin. By prioritizing access to healthcare and mental health services, the initiative aims to improve the overall health and well-being of the community. These efforts are crucial in preventing a wide range of social issues from developing in the first place, as healthier individuals are more likely to contribute positively to their community.

4. Economic Opportunities: The plan also looks at innovative ways to create more economic opportunities within the area. By fostering local businesses and attracting new investments, it aims to reduce poverty levels and cultivate a more vibrant, thriving community. More job opportunities mean greater economic stability for residents, leading to a brighter future for individuals and families alike.

5. Community Building: Finally, the plan places a strong emphasis on community building and engagement. By bringing residents together, facilitating communication, and giving them a voice in decision-making processes, the initiative strives to create a stronger, more resilient neighborhood. Collaboration among community members fosters a sense of ownership and empowerment, ensuring that everyone feels heard and valued in the development of their community.

Supporting the **Tenderloin Community Action Plan** means investing in a safer, healthier, and more prosperous future for the Tenderloin. It represents a commitment to addressing the root causes of challenges faced by the community, ultimately giving every resident a fair chance to thrive and succeed. By working together, the community can pave the way for positive change and a brighter tomorrow.

For 26 years the **Alliance for a Better District 6** has revitalize neighborhoods, promote economic development, and improve community facilities, including infrastructure and services in low-income communities.

Subject: Please Support Supervisor Mahmood's Resolution Supporting the Tenderloin Community Action Plan (TCAP) Investment Blueprint

Dear Members of the San Francisco Board of Supervisors,

My name is Theresa Imperial, Executive Director of Bill Sorro Housing Program (BiSHoP). BiSHoP provides both housing education and counseling services to the Arabic-speaking population in the community. As of last year, 19% of our clientele are Arabic-speakers and the majority live in the neighborhood. Many of them are in intensive case management because of lack of services for this population. In addition, they also face access to technology, and many communicate through their phone only.

I am writing to urge you to endorse Supervisor Balal Mahmood's resolution calling on the City to adopt and align its investments with the community-authored **Tenderloin Community Action Plan (TCAP) Investment Blueprint**.

Over the past three years, the Tenderloin Community Action Plan (TCAP) team convened thousands of residents, workers, small-business owners, and more than 30 community-based organizations to craft this Blueprint. That process turned an initial City commitment of **\$4 million** into **\$6.6 million** in leveraged resources—and, more importantly, into a shared roadmap that residents can hold all of us accountable to.

The Blueprint sets out seven clear, data-backed priorities for the next five years:

1. Street Stewardship & Cleanliness
2. Eliminating the Open-Air Drug Trade and Use
3. Public-Space Improvements & Activation
4. Youth Investment
5. Strengthening Services for Community Wellness
6. Small-Business Support
7. Housing that is affordable, dignified, and well-supported

By formally embracing these priorities, the Board can:

1. **Align budgets with on-the-ground needs and the priorities identified by the community.**
2. **Accelerate neighborhood recovery.** Cleaner, safer streets and vibrant public spaces will restore foot traffic for local businesses and give families the stability they deserve.
3. **Honor community leadership.** Residents who have spent years shaping this plan deserve to see their vision reflected in City policy.
4. **Advance Downtown Restoration.** No plan for Downtown or Mid-Market will be successful without also investing in the Tenderloin neighborhood.

1110 Howard Street
San Francisco, CA 94103
Office: (415) 513 - 5177
Fax: (415) 757 - 0437
info@bishopsf.org

For BiSHoP, the need for language and culturally competent housing/tenant counseling services and housing education to dispel myths and guide in navigating the complex system of affordable housing and rental assistance; to educate on their tenants' rights; and to advocate to be rightly housed, will make this very vulnerable population to have a thriving community and a place in Tenderloin.

I respectfully ask that you give your support for Supervisor Mahmood's TCAP Blueprint Resolution for the Tenderloin neighborhood.

Thank you for your commitment to an equitable and thriving Tenderloin. Please stand with us by supporting this resolution.

Sincerely,

Theresa Imperial
Executive Director
Bill Sorro Housing Program (BiSHoP)

Subject: Please Support Supervisor Mahmood's Resolution Backing the TCAP Investment Blueprint

Dear Members of the San Francisco Board of Supervisors,

My name is Ayaa Subuh, I am a Bilingual Housing case manager at Bill Sorro Housing Program. I'm writing to you not just as a case manager, but as someone who sees firsthand how vital language access is for our communities, especially when it comes to housing and tenant rights

I work at the Bill Sorro Housing Program, and I'm one of only three Arabic-speaking housing counselors in all of San Francisco. That means I serve an entire population who would otherwise have no one to turn to when they're trying to understand how to apply for affordable housing, how to talk to their landlord, or even just how to read their lease agreement.

This proposed budget threatens to take that all away. If this goes through, there will be almost no Arabic-language housing counselors left to support the many people, especially in District 5, who rely on us. This isn't just a number on a spreadsheet. These are families, elders, and refugees. People who already face so many barriers, and now we're talking about removing one of the only tools they have to stay housed.

Language is everything in this work. Without it, people are left confused, isolated, and vulnerable. I've sat with clients who were about to sign leases they didn't understand, who felt hopeless after being denied housing because they couldn't navigate the system, who cried when they finally spoke to someone in their own language and felt heard for the first time.

If these cuts go through, it won't just be my job on the line. It will be an entire community left without support. We must do better for the people of our city.

I urge you to reconsider. Please don't take this lifeline away. Protect funding for community-based, multilingual housing services so that we can keep showing up for the people who need us most. I respectfully ask that you give your support for Supervisor Mahmood's TCAP Blueprint Resolution for the Tenderloin neighborhood. Thank you for your time, and for listening to those of us on the ground.

Sincerely,

Ayaa Subuh

Re: Approve Resolution No. 250522 (Tenderloin Community Action Plan Blueprint)

Dear Board of Supervisors:

The Tenderloin Neighborhood Development Corporation (TNDC) has been an integral partner with the City of San Francisco and other community representatives in developing the Tenderloin Community Action Plan (TCAP) Blueprint. We request your support to endorse the TCAP Blueprint by adopting Resolution No. 250522.

TNDC is the largest affordable housing developer and operator in the City of San Francisco, and we mainly work in the Tenderloin. The majority of our staff work in the neighborhood, and most of our tenants call the Tenderloin home. We see the problems of the Tenderloin every day, and we believe that the TCAP Blueprint will address these problems by meeting immediate needs and supporting systems-change.

The TCAP Blueprint is the result of nearly three-years of a community-created and neighborhood-led planning process through hundreds of community meetings, thousands of stakeholders engaged, over 1,200 surveys collected with an 18-month vetting process, and multiple town halls to develop a robust plan to resource and improve the Tenderloin. Those who have lived and worked in the Tenderloin, many for decades, have collectively reached broad consensus on the priorities of the Tenderloin community. This proves that when community is empowered, the community can lead the way forward.

This process turned an initial City commitment of \$4 million into \$6.6 million in leveraged resources—and, more importantly, into the Blueprint as a shared roadmap that community can use to hold us all accountable. This Blueprint calls for community-driven solutions, and those can be achieved through more participatory budgeting processes where the City of San Francisco can align its efforts to the priorities identified by the community. The Blueprint sets out seven, clear data-backed priorities for the next five years:

1. Street Stewardship and Cleanliness;
2. Eliminating the Open Air Drug Trade and Use;
3. Public Space Improvements and Activation;

4. Youth Investment;
5. Strengthening Services for Community Wellness;
6. Small Business Support; and
7. Housing that is affordable, dignified, and well supported

By formally embracing these priorities, the Board of Supervisors can:

- Align budgets with on the ground needs and the priorities identified by the community;
- Accelerate neighborhood recovery where cleaner, safer streets and vibrant public spaces will restore foot traffic for local businesses and give families the stability they deserve;
- Honor community leadership so that residents who have spent years shaping this plan can see their vision reflected in City policy;
- Advance Downtown Restoration because no plan for Downtown or Mid-Market will be successful without also investing in the Tenderloin neighborhood.

In addition, we request that any policies advanced and implemented through the TCAP Blueprint use a “do no harm and do the most good” approach to ensure that inequities for those that are most marginalized are not maintained and increased. This is important and should be a critical component in moving the Blueprint forward.

We appreciate the leadership of Supervisor Bilal Mahmood in sponsoring this resolution, and we urge your support in tandem. Together, we can make the Tenderloin a thriving community. Please stand with us by supporting Resolution No. 250522.

Sincerely,

Curtis Bradford
