Honorable Board of Supervisors Neighborhood Services & Public Safety Committee:

It is with great pleasure I submit our support for the Leather & LGBTQ Cultural District's CHHES. As Director of the Sunset Chinese Cultural District, I understand the depth of research, engagement, and writing that goes into developing this report.

Within the six areas of the CHHES Report, common across all of our sister cultural districts, the Leather and LGBTQ Cultural District's strategies and actions reflect their history and the impacts their community has faced over the years.

I urge you to vote unanimously to pass their CHHES to the full board and pass it without changes.

Lily
