25 (a) By no later than December 31, 2017 and at least once every five years thereafter, the

1 directors of the Office of Economic and Workforce Development (“OEWD”) and the Mayor’s
2 Office of Housing and Community Development (“MOHCD”), or any successor offices, shall
3 each submit to the Board of Supervisors a strategic plan for the office’s plans regarding housing
4 and community development in the City. The Board of Supervisors may approve each plan by
5 resolution or may recommend that the office modify the plan and resubmit it for further
6 consideration by the Board of Supervisors. The Board of Supervisors may not amend the plan.
7 Each plan shall specify the office’s near-term and long-term goals for affordable housing and
8 community development projects. Each office shall prioritize projects and activities consistent
9 with the plan approved by resolution.

10 (b) By no later than March 1, 2017, the director of MOHCD shall submit to the Board of
11 Supervisors a proposed ordinance to create competitive selection processes for (1) the
12 development of affordable housing on City-owned real property under the jurisdiction of
13 MOHCD, and (2) MOHCD’s expenditure of funds for affordable housing. After approving
14 amendments in its discretion, the Board of Supervisors may adopt the ordinance. The ordinance
15 may include exceptions and limitations as deemed appropriate by MOHCD to maximize and
16 expedite the creation of affordable housing and leverage the City’s affordable housing funds,
17 maintain existing affordable housing, increase funding to previously selected projects, provide
18 funding availability on a rolling basis, and provide emergency funding. The ordinance may also
19 recognize affordable housing projects with federal or state funding sources, and exempt projects
20 from the competitive bid process. Any such ordinance adopted by the Board shall supersede any
21 ordinance, rule, process or regulation enacted by the City or adopted by the voters before March
22 1, 2017, relating to a competitive bid process for the City’s development of affordable housing.

23 (c) By no later than February 1, 2017, and at least once every six months thereafter, a
24 committee of the Board of Supervisors designated by the President of the Board shall hold a
25 hearing to receive a report from the director of MOHCD. At that hearing, the director shall

1 report to the Board regarding an annual work plan summarizing the affordable housing projects
2 and community development funds that MOHCD anticipates funding and awarding during the
3 next fiscal year, including any land acquisitions or conveyances for affordable housing, and any
4 additional matters of significance to the office, and (2) a list of surplus real property owned by
5 the City for which the director of MOHCD recommends that the Board of Supervisors approve
6 fee simple absolute conveyance. For the purpose of this Section 16.128(c), "surplus real
7 property" shall mean any real property that is not required to fulfill the mission of the City
8 department, commission, or agency with jurisdiction or control of such property, and that is not
9 required to fulfill the mission of another City department, commission or agency or other
10 governmental entity, as determined by the Board of Supervisors by resolution, and shall not
11 include any real property that is sold or exchanged for purposes other than housing
12 development.

13 (d) By no later than February 1, 2017, and at least once every six months thereafter, a
14 committee of the Board of Supervisors designated by the President of the Board shall hold a
15 hearing to receive a report from the director of OEWD. At that hearing, the director shall report
16 to the Board the following information: (1) a status report of OEWD's current activities and
17 work program; (2) a list and description of all development agreements under California
18 Government Code Section 65864 et seq. or any successor State legislation that OEWD
19 anticipates participating in negotiating in the current or subsequent fiscal year; and (3) a
20 description of OEWD's proposed objectives in negotiating those development agreements.

21 (e) On or before March 1, 2017, the director of MOHCD shall make a
22 recommendation to the Board of Supervisors regarding any proposed changes to the
23 Inclusionary Affordable Housing Program under Planning Code section 415, including but not
24 limited to possibly increasing or decreasing on-site or off-site inclusionary affordable housing
25 percentages, area median income levels, or in-lieu fees, that the director believes would help to

1 increase the availability of affordable housing in the City. Any ordinance subsequently adopted
2 by the Board of Supervisors changing the the Inclusionary Affordable Housing Program under
3 Planning Code section 415, regardless of whether the ordinance approves the recommendations
4 of the director of MOHCD, shall supersede conflicting provisions in any ordinance enacted by

LEGISLATIVE DIGEST

(Duplicated and Amended – Third Draft – 7/14/16)

[Charter Amendment - Affordable Housing and Community Development Hearings and Reports]

Describing and setting forth a proposal to the voters, at an election to be held on November 8, 2016, to amend the Charter of the City and County of San Francisco, to require the Office of Economic and Workforce Development (OEWD) and the Mayor's Office of Housing and Community Development (MOHCD) to propose five-year strategic plans for consideration and approval by the Board of Supervisors; to require OEWD and MOHCD to report to the Board of Supervisors regarding their annual work plans at least two times each fiscal year; and to provide that ordinances adopted under the processes set forth in the Charter regarding inclusionary housing requirements and regarding competitive selection for the expenditure of affordable housing funds and for the development of affordable housing on City-owned property under the jurisdiction of MOHCD shall supersede ordinances and rules adopted by the Board of Supervisors or the voters prior to March 1, 2017.

Existing Law

The Office of Economic and Workforce Development (OEWD) generally oversees programs related to coordinating private workforce development and job training, attracting and retaining businesses in the City, including international businesses, managing public-private development projects, and facilitating the revitalization of commercial corridors in economically disadvantaged neighborhoods.

The Mayor's Office of Housing and Community Development (MOHCD) provides financing for the development, rehabilitation, and purchase of affordable housing in the City; administers programs to finance the development of affordable housing; administers programs to finance housing rehabilitation costs for low-income homeowners; administers the City's below-market-rate inclusionary housing program; and administers grants programs to support community development and economic infrastructure.

Amendments to Current Law

By December 31, 2017, and at least once every five years thereafter, the Directors of MOHCD and OEWD would be required to present five-year strategic plans for their respective agencies to the Board of Supervisors, who could either approve or ask staff to consider changes.

By March 31, 2017, the Director of MOHCD would be required to present to the Board of Supervisors for adoption a proposed set of rules to create competitive selection processes for the development of affordable housing on city-owned real property under MOHCD jurisdiction as well as MOHCD expenditure of the City's affordable housing funds. An ordinance adopted

by the Board would supersede any ordinance, rule, process or regulation enacted by the City or adopted by the voters before March 1, 2017, relating to a competitive bid process for the City's development of affordable housing.

Starting by February 1, 2017, and not less than once every six months thereafter, the director of MOHCD would be required to attend a hearing at committee of the Board of Supervisors to present an annual work plan and a list of surplus properties that MOHCD proposes to convey in the next fiscal year.

Starting by February 1, 2017, and not less than every six months thereafter, the director of OEWD would be required to attend a hearing at committee of the Board of Supervisors to present an annual work plan and discuss potential development agreements.

The Charter Amendment would also require the Director of MOHCD to provide recommendatinos to the Board of Supervisors regarding possibly setting or changing inclusionary housing requirements for housing developments. Any ordinance adopted following that report would supersede any conflicting provisions in ordinances enacted by the City or adopted by the voters before March 1, 2017, relating to inclusionary housing requirements.

RE: File 160588 – Charter amendment creating a Housing and Development Commission
(second draft)

Dear Ms. Calvillo,

Should the proposed charter amendment be approved by the voters, in my opinion, it would have a minimal impact on the cost of government.

The proposed amendment would increase the cost of government by approximately \$190,000 annually to fund the cost of a new city commission which would have oversight over the Department of Economic and Workforce Development and the Department of Housing and Community Development. These funds would provide for a commission secretary, commissioner compensation, and costs such as preparing public materials.

The proposed amendment establishes the Housing and Development Commission consisting of five members, two appointed by the Mayor, two by the Board of Supervisors, and one by the Controller. Commission members must have significant affordable housing development or community development experience. The commission would have the authority to appoint, evaluate, and remove the department heads of the three departments.

The commission would be required to review and make recommendations to the Board of Supervisors regarding proposed development agreements and conveyance of certain surplus City property. The commission would adopt rules to create competitive selection processes for development of affordable housing on City property and expenditure of the City's affordable housing funds. Additionally, the commission would review any proposed ordinance that would set or change the minimum or maximum inclusionary or affordable housing obligations for housing development projects, prior to any Board of Supervisors hearings.

Sincerely,

Dear Committee,

Good Morning Members,

I wish to voice my concern regarding the proposed rule.

San Francisco has an amazing team of dedicated visionaries who are working hard at empowering communities to thrive under very challenging conditions, in a city where disparities can be quite stark.

This additional layer of oversight represents bureaucracy that is not necessary, and will slow down the delivery of projects in what is already a difficult and often cumbersome process. Putting this process in place will only make it more difficult to get resources to communities and organizations that benefit from the grants and resources provided by the Mayor's Office of Economic & Workforce Development. These grants allow service providers to meet the growing needs of disenfranchised communities; many of which would otherwise lose the constant battle to keep their doors open to provide opportunity to communities that need it most. More so, it can obliterate these community organizations, which often run on tight margins.

We need the City of San Francisco to speedily process grant requests in order to support communities who are experiencing continued hardship in a city that says it values diversity, even as it provides diminished opportunities for us.

San Francisco **must** continue to assist disenfranchised communities who belong here and are important to the fabric of the City of San Francisco. Community organizations will not benefit from the additional costs, logistics, processes, meetings, and hearings that this commission adds to the process.

We believe that the additional layers created by the proposed Housing and Development Commission will greatly impair the ability of service providers to efficiently and effectively meet the needs of our communities that need it most.

Thank you

Evans, Derek

Dear Board Of Supervisors, Rules Committee,

My husband and I are small business owners in the West Portal area of San Francisco. The demands of our business don't allow either of us to attend the public hearing tomorrow addressing the Charter Amendment proposing that a commission be created to provide oversight for the Housing and Development Offices.

Our business district is in the process of being revitalized and this long process has relied significantly on the programs, grants, and personnel resources of the Office of Economic and Workforce Development (OWED) over the past few years. I have served as a Board Member of the West Portal Merchant Association since opening our business and my role within our organization has required me to be the primary liaison with OWED for utilizing the departments programs and facilitating any awarded grants.

While I agree that reforms are needed to address the real estate crisis in San Francisco there is no such emergency within OWED. In my opinion, to group these two departments together within this same Charter Amendment proposal is unwarranted. While San Francisco is at a crossroads with our housing situation which would benefit from oversight, there is not a critical demand for overseeing OWED. To add another layer of bureaucracy to OWED would be ill-advised and would slow the department's programs and funding process which is already longer than most business districts require.

In short, please do not group OWED with this reform charter as it will result in a disservice to all levels of business in San Francisco.

Sincerely,

Tammy Scott-Wigens

RE: 6.30.16 Rules Commission Agenda Item #1 Charter Amendment – Housing and Development Commission, File # 160588

To the Board of Supervisors Rules Committee:

I am writing on behalf of the Excelsior Action Group (EAG) to express our opposition to the proposed Charter Amendment for the creation of a Housing and Development Commission.

As a partner of the Mayor's Office of Economic and Workforce Development in their Invest in Neighborhoods initiative, we work closely with this office and can attest to the great support OEWD's grants and staff have given our organization in helping us uplift our commercial corridor. Given this close relationship, we are deeply concerned about the overall impact this Charter Amendment will have OEWD's ability to effectively address community needs in a timely way if more processes are involved in funding projects on the ground. Projects and initiatives are often created as calls to action for immediate corridor concerns. The proposed oversight delineated in the Charter Amendment poses a risk of diluting the response to these needs, which can have great potential negative impacts to communities of need.

The EAG has been committed to revitalizing the Excelsior's commercial corridor through economic development efforts namely small business development and abatement of blight through place making. Examples of this work include an ADA grant program to help finance costly ADA upgrades for merchants, the Ever Upward sculpture on Geneva and Mission, Hot Spot Reports to track and address corridor safety concerns, and the Safer Business Safer Community Grant- a program aimed at financing much needed safety improvements for local entrepreneurs after merchants and the Ingleside Station voiced concern over merchant safety and poor reporting. All the abovementioned projects and initiatives were put into place thanks the support of OEWD.

We ask that the Rules Committee take heed of our concern. Thank you in advance for your consideration. Please feel free to reach out to me at 415-585-0110 or scajina@eagsf.org should you have any further questions.

Kind regards,

Dear Supervisors,

As a long-tenured nonprofit working in SF, SCRAP urges you not to adopt these proposed regulations.

We feel that these new rules would add to our already difficult burden of complying with the many layers of rules and regulations that control our business with the city. We cannot afford a staff position to ensure compliance, and if the regulatory burden become much greater we would have to stop doing business with the city, as we would not be able to be certain we were in compliance.

While I see the logic in adding an oversight function in the Housing and Development Commission, consolidating agencies and their required paperwork would be far more efficient than adding a new layer of bureaucracy and regulation. These agencies are already heavily overseen, adding another agency will reduce their efficiency, increase the time it takes them to do their work, and make it even harder for small businesses and nonprofits to feel confident in their compliance efforts. I realize we need to create jobs, but this is the wrong way to do it.

Thank you for your hard work on behalf of the City.

Best regards,

Ben Delaney

It irritates me that in order to get things done government has to keep expanding and expanding with new commissions this and depts that, with executives and staff to further fatten the public trough expenses. Certainly if the existing depts and commissions and staffs did their job as they should be doing for their pay then we wouldn't have to keep coming up with these "workarounds" cuz no one wants to hold those people accountable to their responsibilities.

i've seen and felt lots of times when the very duties of certain depts are ignored by staff and "other" ways are found to do those jobs, at our added expense.

commissions do not guarantee that anything better, more efficient or effective results. I know that first hand... been there, done that... stop "playing" with creating govt and just make the one we have now do what it's supposed to do!!
