

July 29, 2025

Ms. Angela Calvillo  
Clerk of the Board of Supervisors  
1 Dr. Carlton B. Goodlett Place  
San Francisco, CA 94102

Dear Madame Clerk,

Item number thirty-eight on the agenda for the Board of Supervisors meeting on July 29, 2025, is a request for a retroactive resolution that would authorize the Port of San Francisco to enter into a lease with Autodesk Inc. at Pier 9. We are respectfully seeking retroactive approval due to procedural delays in the leasing process.

Autodesk is currently a tenant in the Pier 9 space. The previous lease has expired and reverted to a month-to-month tenancy, with no loss of funds to the Port. Please let us know if you have any questions.

Sincerely,

Boris Delepine  
Government Affairs Manager
