ESTABLISHING FINDINGS OF CONSISTENCY WITH THE GENERAL PLAN OF THE CITY AND COUNTY OF SAN FRANCISCO FOR PROPOSED AMENDMENTS TO THE BAYVIEW HUNTERS POINT REDEVELOPMENT PLAN AND THE HUNTERS POINT SHIPYARD REDEVELOPMENT PLAN, AS PART OF THE CANDLESTICK POINT - HUNTERS POINT SHIPYARD PHASE 2 PROJECT, RECOMMENDING THE APPROVAL OF THE AMENDMENTS TO SUCH REDEVELOPMENT PLANS, AND MAKING OFFICE ALLOCATION FINDINGS PURSUANT TO PLANNING CODE SECTIONS 320 - 325.

WHEREAS, In accordance with California Redevelopment Law, the San Francisco Redevelopment Agency is proposing to amend both the Bayview Hunters Point Redevelopment Plan and the Hunters Point Shipyard Redevelopment Plan.

The Bayview Hunters Point has one of the highest concentrations of very low-income residents and one of the highest unemployment rates in San Francisco, and public health in the area has generally been poor compared to the rest of San Francisco. Bayview Hunters Point has very few quality public parks and open spaces that provide active recreation facilities for neighborhood youth, and is in need of affordable housing and business and job opportunities for its residents. The area remains under-served by transit and basic neighborhood-serving retail and cultural amenities. The betterment of the quality of life for the residents of the Bayview Hunters Point community is one of the City's highest priorities.

Hunters Point Shipyard and Candlestick Point are part of the Bayview Hunters Point neighborhood and are in close proximity to one another, separated only by the Yosemite Slough and South Basin. Together, they comprise about 702 acres, and make up the largest area of underused land in the City. This legislation creating the Candlestick Point Activity Node Special Use District, the Hunters Point Shipyard Phase 2 Special Use District, the 40/420-CP Height and Bulk District and the 40/370-HP Height and Bulk District, and the related rezoning and General Plan amendments, will implement the proposed consolidated redevelopment of the Hunters Point Shipyard Phase 2 and

Candlestick Point – Hunters Point
Shipyards Phase 2 - Findings of
Consistency with the General Plan,
Recommending Approval of the
Redevelopment Plans, and Making
Office Allocation Findings Under
Sections 320-325 of the Planning
Code

Candlestick Point ("the Project"). The areas within the Candlestick Activity Node Special Use District and the Hunters Point Shipyards Phase 2 Special Use District together comprise the Project Site ("The Project Site"). As set forth in Proposition G, passed by San Francisco voters on June 3, 2008, the Project is designed to reconnect the Shipyards and Candlestick Point with the Bayview Hunters Point community and the rest of San Francisco and transform these long-abandoned waterfront lands into productive areas for jobs, parks and housing, including affordable housing. Expediting implementation of the Project will provide long overdue improvements to the Bayview Hunters Point community that will also benefit the City as a whole.

Hunters Point Shipyards

Hunters Point Shipyards was once a thriving, major maritime industrial center that employed generations of Bayview Hunters Point residents. Following World War II, the Shipyards was a vital hub of employment in the Bayview Hunters Point, providing logistics support, construction and maintenance for the United States Department of the Navy. At its peak, the Shipyards employed more than 17,000 civilian and military personnel, many of whom lived in Bayview Hunters Point. The United States Navy ceased operations at the Shipyards in 1974 and officially closed the base in 1988. The Shipyards was then included on the Department of Defense's 1991 Base Realignment and Closure (BRAC) list. In 1993, following designation of the Shipyards by the City's Board of Supervisors as a redevelopment survey area, the City and the Redevelopment Agency began a community process to create a plan for the economic reuse of the Shipyards and the remediation and conveyance of the property by the Navy.

In planning for the redevelopment of the Shipyards, the City and the Redevelopment Agency worked closely with the Hunters Point Citizen's Advisory Committee ("CAC"). The CAC is a group of Bayview Hunters Point community residents, business owners and individuals with expertise in specific areas, who are selected by the Mayor to oversee the redevelopment process for the Shipyards. The Agency has worked with the CAC and the community throughout the process of implementing revitalization activities regarding the Shipyards.

In July 1997, the Board of Supervisors adopted a Redevelopment Plan for revitalization of the Shipyards. The Hunters Point Redevelopment Plan contemplated the development of a mix of residential, commercial, cultural, research and development and light industrial uses, with open space around the waterfront perimeter.

Since its selection by the Redevelopment Agency, the Shipyards developer has worked with the City, the Agency, and the Navy to facilitate the redevelopment and economic reuse of the Shipyards. In 2003, the Shipyards developer and the Agency entered into the Hunters Point Shipyards Phase I Disposition and Development Agreement (DDA), under which the Shipyards developer is constructing infrastructure for up to 1,600 residential units on Parcel A of the Shipyards, of which approximately 30 percent will be affordable. The Phase I DDA also requires the Shipyards developer to create approximately 25 acres of public parks and open space on Parcel A.

Hearing Date: June 3, 2010

Resolution No. 18102

Case No 2007.0946BEMTZRU

Candlestick Point – Hunters Point Shipyard Phase 2 - Findings of Consistency with the General Plan, Recommending Approval of the Redevelopment Plans, and Making Office Allocation Findings Under Sections 320-325 of the Planning Code

In March 2004, the Redevelopment Agency, in cooperation with the City and the Shipyard developer negotiated a comprehensive agreement with the Navy governing the terms and conditions of the hazardous materials remediation and conveyance of the Shipyard by the Navy to the Agency. The Conveyance Agreement obligates the Navy to remediate the hazardous materials on the Shipyard to levels consistent with the land uses designated in the original redevelopment plans for the Shipyard and to convey parcels to the Agency at no cost on a phased basis as the Navy successfully completes the remediation.

In 2005, the Navy conveyed Parcel A to the Agency under the Conveyance Agreement, and the Agency then closed escrow on its transfer of a portion of Parcel A to the Shipyard developer to begin site preparation and infrastructure development for the construction of new housing and parks on Parcel A.

Candlestick Point

WHEREAS, Candlestick Point includes, among other things: (a) the City-owned stadium, currently named Candlestick Park, which is home to the San Francisco 49ers and is nearing the end of its useful life; (b) the Alice B. Griffith Housing Development, also known as Double Rock, and (c) the Candlestick Point State Recreation Area.

In June, 1997, San Francisco voters adopted two measures (Propositions D and F) providing for the development by the 49ers or their development partners of a new stadium, a related 1,400,000 square foot entertainment and retail shopping center, and other conditional uses including residential uses. The voters approved up to \$100 million of lease revenue bonds to help finance the proposed development of the new stadium.

In June 2006, following a 10-year planning process, the Board of Supervisors adopted a Redevelopment Plan for the Bayview Hunters Point Project Area that includes Candlestick Point. The primary objective of the Redevelopment Plan is to revitalize the Bayview Hunters Point community through economic development, affordable housing and community enhancement programs for the benefit of existing residents and community-based businesses. The policies and programs of the Redevelopment Plan incorporate community goals and objectives expressed in a Concept Plan that the Bayview Hunters Point Project Area Committee ("PAC") adopted in 2000, following hundreds of community planning meetings. The PAC is a body that was formed in 1997 through a public election by Bayview Hunters Point voters to work with the Redevelopment Agency and the City and represent the interests of the Bayview Hunters Point community in planning for the area's future. The Agency has continued to work through the PAC and with the community throughout the process of implementing revitalization activities under the Redevelopment Plan.

The Alice B. Griffith Housing Development, built in the early 1960s and operated by the San Francisco Housing Authority, needs substantial improvement. An important component of the Project is to provide one-for-one replacement of Alice B. Griffith units at existing low income levels and to ensure

Recommending Approval of the
Redevelopment Plans, and Making
Office Allocation Findings Under
Sections 320-325 of the Planning
Code

that existing tenants have the right to move to the new upgraded units without being displaced until the replacement units are ready for occupancy.

In 1983, the City donated land at Candlestick Point to the State of California to form the Candlestick Point State Recreation Area with the expectation that the State would develop and implement a plan for improving the park land. The Recreation Area has the potential to be a tremendous open space recreational resource for the region and for the residents of Bayview Hunters Point. But it has not reached its potential due to limited State funding and a challenging configuration. The long-term restoration and improvement of the Candlestick Point State Recreation Area has been a long-term goal of the residents of Bayview Hunters Point, the City, and the State.

Integrated Development of the Hunters Point Shipyards and Candlestick Point.

For over a decade, the redevelopment of Candlestick Point and the Shipyards has proceeded on parallel, though largely separate, paths. But over the last four years, the City and the Redevelopment Agency have been working with the Bayview Hunters Point community on redeveloping the two sites together. A primary objective of both the Hunters Point Shipyards Redevelopment Plan and the Bayview Hunters Point Redevelopment Plan is to create economic development, affordable housing, public parks and open space and other community benefits by developing the under-used lands within the two project areas. Combining the planning and redevelopment of these two areas provides a more coherent overall plan, including comprehensive public recreation and open space plans and integrated transportation plans, and provides better ways to increase efficiencies to finance the development of affordable housing and the public infrastructure necessary to expedite the revitalization of both areas; and

Accordingly, in May, 2007, the Board of Supervisors adopted and the Mayor approved a resolution a Conceptual Framework for the integrated development of Candlestick Point and the Hunters Point Shipyards ("the Project"). The Conceptual Framework, which is the basis for the last three years of planning for the Project, envisioned a major mixed-use project, including hundreds of acres of new waterfront parks and open space, thousands of new housing units, a robust affordable housing program, extensive job-generating retail and research and development space, permanent space for the artist colony that exists in the Shipyards, and a site for a potential new stadium for the 49ers on the Shipyards; and

In furtherance of the Conceptual Framework, in April 2007, the San Francisco Recreation and Parks Commission adopted a resolution requesting the Redevelopment Agency to include the existing stadium site under the Exclusive Negotiations Agreement. In May 2007, the Redevelopment Agency and the Shipyards developer (whose members were reconstituted) entered into a Second Amended and Restated Exclusive Negotiations and Planning Agreement related to Phase II of the Shipyards Redevelopment Plan, which extended the Shipyards developer's exclusive negotiating rights to cover Candlestick Point.

Hearing Date: June 3, 2010
Resolution No. 18102

Case No 2007.0946BEMTZRU
Candlestick Point – Hunters Point
Shipyards Phase 2 - Findings of
Consistency with the General Plan,
Recommending Approval of the
Redevelopment Plans, and Making
Office Allocation Findings Under
Sections 320-325 of the Planning
Code

On June 3, 2008, the San Francisco voters approved Proposition G, an initiative petition measure named The Bayview Jobs, Parks, and Housing Initiative, regarding plans to revitalize the Project site. As set forth in Proposition G, the project is designed to revitalize the Project Site by (a) improving and creating hundreds of acres of public parks and open space, particularly along the waterfront, (b) significantly increasing the quality and quantity of affordable housing in southeastern San Francisco, including the complete rebuilding of the Alice Griffith Housing Development, (c) providing thousands of commercial and construction job opportunities for San Francisco residents and businesses, especially in the Bayview Hunters Point community, (d) supporting the creation of permanent space on the Shipyards for existing artists, (e) elevating the site into a regional center for green development and the use of green technology and sustainable building design, (f) providing extensive transportation improvements that will benefit southeastern San Francisco generally, (g) attracting and sustaining neighborhood serving retail and cultural amenities and services, and (h) offering a world-class waterfront stadium site opportunity as the City's last and best chance to keep the 49ers in San Francisco over the long term, but without requiring the revitalization project to be delayed if the 49ers do not timely decide to build a stadium in the project site or decide to build a new stadium elsewhere.

In October 2009, the State Legislature approved and the Governor signed and filed Senate Bill No. 792 (SB 792). SB 792, enacted as Chapter 2003 of the Statutes of 2009 in January of 2010, provides for the reconfiguration of the Candlestick Point State Recreation Area and improvement of the State park lands, in connection with the development of the Project.

Since February 2007, the Project has been reviewed by the Bayview Hunters Point community and other stakeholders in over 200 public meetings, including those held before the PAC, the CAC, the Redevelopment Agency Commission, the Board of Supervisors, the Planning Commission, and other City commissions and in other local forums.

On June 3, 2010, by Resolution No.18098, the Planning Commission adopted amendments to the General Plan and recommended to the Board of Supervisors approval of those amendments to the General Plan including amendments to Bayview Hunters Point Area Plan and the Commerce and Industry Element, and the creation of the Candlestick Point Subarea Plan, and the Hunters Point Area Plan.

Pursuant to Sections 33346 and 33354.6 of the California Health and Safety Code regarding California Redevelopment Law, the planning policies and objectives and land uses and densities of the Redevelopment Plans must be found consistent with the General Plan prior to Redevelopment Plan approval or amendment by the Board of Supervisors.

The Planning Commission wishes to facilitate the physical, environmental, social and economic revitalization of the Bayview Hunters Point and Hunters Point Shipyards, using the legal and financial tools of a Redevelopment Plan, while creating jobs, housing and open space in a safe, pleasant, attractive and livable mixed use neighborhood that is linked rationally to adjacent neighborhoods; and

Hearing Date: June 3, 2010
Resolution No. 18102

Case No 2007.0946BEMTZRU
Candlestick Point – Hunters Point
Shipyards Phase 2 - Findings of
Consistency with the General Plan,
Recommending Approval of the
Redevelopment Plans, and Making
Office Allocation Findings Under
Sections 320-325 of the Planning
Code

The proposed Bayview Hunters Point and Hunters Point Shipyards Redevelopment Plans provides for a type of development, intensity of development and location of development that is consistent with the overall goals and objectives and policies of the General Plan as well as the Eight Priority Policies of Section 101.1 of the Planning Code as set forth in Planning Commission Resolution.

The Planning Commission believes that the Bayview Hunters Point Redevelopment Plan as amended and the Hunters Point Shipyards Redevelopment Plan as amended would meet these objectives; and

The Project will include (a) 10,500 residential units, approximately 32 percent of which (3,345) will be offered at below market rates, (b) approximately 327 to 336 acres of new and improved public parks and open space, (c) 885,000 square feet of regional and neighborhood-serving retail space, (d) 255,000 square feet of new and renovated studio space for Shipyards artists, including an arts education center within a new "Arts District" supporting the vibrant artist community, (e) 2,650,000 square feet of commercial, light industrial, research and development and office space, including space for the United Nations Global Compact Center, (f) 100,000 square feet of community uses, (g) new public and community facilities on the Shipyards and Candlestick Point, (h) improved land and supporting infrastructure for a new football stadium for the San Francisco 49ers, including necessary parking areas and transportation improvements, with an alternative uses that either shift some residential uses from Candlestick Point to the Shipyards and expands by up to 500,000 square feet commercial uses on some of the areas of the Shipyards currently reserved for stadium uses or expand research and development uses by 2,500,000 square feet on the Shipyards if the 49ers do not avail themselves of the opportunity to build a new stadium on the Shipyards, (i) a 10,000 seat arena on Candlestick Point, (j) a hotel, (k) a 300 slip Marina, and (l) a bicycle and pedestrian bridge over Yosemite Slough, that can be used for game day automobile travel in the event the stadium is constructed.

The proposed Hunters Point Shipyards Redevelopment Plan provides that to facilitate early job generation within the Project Area during the early phases of redevelopment under this Plan, the first 800,000 square feet of office development within the Project Area is to receive priority under Sections 320-325 over all office development proposed elsewhere in the City, except within (a) the Mission Bay South Project Areas; and (b) the Transbay Transit Tower (proposed for development on Lot 001 of assessors Block 3720) (but not the remainder of the Transbay Redevelopment Project Area)

The Design for Development document contains detailed design standards and guidelines for all proposed development in both the Candlestick Point and Hunters Point Shipyards areas ("the Project Area").

The Candlestick Point area comprises approximately 281 and Hunters Point Shipyards Phase 2 area comprises approximately 402 acres. Candlestick Point is generally comprised of the 49ers Football Stadium and parking lot, the Candlestick Point State Recreation Area (CPSRA) (excluding the Yosemite Slough portion of the Park), the Alice Griffith Housing development, along with privately held parcels to the southwest of the stadium site between Bayview Hill and Jamestown Avenue, and privately held

Hearing Date: June 3, 2010
Resolution No. 18102

Case No 2007.0946BEMTZRU

Shipyards Phase 2 - Findings of
Consistency with the General Plan,
Recommending Approval of the
Redevelopment Plans, and Making
Office Allocation Findings Under
Sections 320-325 of the Planning
Code

parcels between the stadium and the CPSRA. The Hunters Point Shipyards portion of the project is comprised of a majority of the former Naval Shipyards except for the portion currently being developed as "Phase 1", also often referred to as "Parcel A".

Any office development in the Candlestick Point and Hunters Point Shipyards will be subject to the limitation on the amount of square footage which may be approved, as set forth in Planning Code 321 or as amended by the voters.

Planning Code Sections 320-325 require review of proposed office development, as defined in Planning Code Section 320, by the Planning Commission and consideration of certain factors in approval of any office development.

Based upon the information before the Planning Commission regarding design guidelines for in the Design for Development for Candlestick Point and Hunters Point Shipyards, and the land use designations set out in the respective Redevelopment Plans, the Candlestick Point Subarea Plan and the Hunters Point Shipyards Area Plan, and the goals and objectives of set out in all the relevant documents, the Planning Commission hereby makes the findings set forth below, in accordance with Planning Code Section 321.

The Planning Commission has reviewed and considered the factors set forth in Planning Code Section 321(b) in order to make the determination that the office development contemplated by the Plan in particular would promote the public welfare, convenience and necessity. Those factors include consideration of the balance between economic growth and housing, transportation and public services, the contribution of the office development to the objectives and policies of the General Plan, the quality of the design of the proposed office development, the suitability of the proposed office development for its location, the anticipated uses of the proposed office development, in light of employment opportunities to be provided, needs of existing businesses, and the available supply of space suitable for such anticipated uses, the extent to which the proposed development will be owned or occupied by a single entity, and the use of transferable development rights for such office development.

The Planning Commission will review the design and details of individual office developments which are proposed in the Project Area, using the design standards and guidelines set forth in the Design for Development reviewed by this Planning Commission, to confirm that the specific office development continues to be consistent with the findings set forth herein.

On June 3, 2010, by Motion No. 18096, the Commission certified the Final Environmental Impact Report ("FEIR") as accurate, complete and in compliance with the California Environmental Quality Act ("CEQA"); and

On June 3, 2010 by Motion No. 18097, the Commission adopted findings in connection with its consideration of, among other things, the adoption of amendments to the Bayview Hunters Point Redevelopment Plan and the Hunters Point Shipyards Redevelopment Plan, under CEQA, the State CEQA Guidelines and Chapter 31 of the San Francisco Administrative Code and made certain findings

Hearing Date: June 3, 2010
Resolution No. 18102

Case No 2007.0946BEMTZRU
Candlestick Point – Hunters Point
Shipyards Phase 2 - Findings of
Consistency with the General Plan,
Recommending Approval of the
Redevelopment Plans, and Making
Office Allocation Findings Under
Sections 320-325 of the Planning
Code

in connection therewith, which findings are hereby incorporated herein by this reference as if fully set forth.

The Planning Commission finds the amended Bayview Hunters Point Redevelopment Plan and the amended Hunters Point Shipyards Redevelopment Plan as described in Exhibit A to this Resolution consistent with the General Plan, as it is proposed to be amended, and to Section 101.1 of the Planning Code as described in Exhibit A to Resolution No. 18101 which findings are hereby incorporated herein by this reference as if fully set forth.

NOW, THEREFORE, BE IT RESOLVED, That the Planning Commission having considered this proposal at a public meeting on June 3, 2010 pursuant to Planning Code Sections 302(b) and 340, having heard and reviewed oral and written testimony and reports, and having reviewed and certified the Final Environmental Impact Report on the Redevelopment Plans as adequate, complete, and in compliance with CEQA, does hereby find the Bayview Hunters Point Redevelopment Plan, as amended, and the Hunters Point Shipyards Redevelopment Plan, as amended, dated May 6, 2010 respectively, in conformity with the General Plan as it is recommended to be amended by Resolution No. 18101; and

BE IT FURTHER RESOLVED, That the Planning Commission hereby finds that up to 5,000,000 square feet of office development contemplated by the Hunters Point Shipyards Redevelopment Plan and up to 150,000 square feet of office development contemplated in Zone 1 of the Bayview Hunters Point Redevelopment Plans in particular promotes the public welfare, convenience and necessity for the following reasons:

1. The office development is part of the Redevelopment Plans, which would eliminate blighting influences and correct environmental deficiencies in the Hunters Point Redevelopment Project Area and Zone 1 (Candlestick Point) of the Bayview Hunters Point Redevelopment Project Area through a comprehensive plan for redevelopment.
2. The Redevelopment Plans and their supporting documents include a series of detailed design standards and guidelines which will ensure quality design of office development as well as a quality urban design scheme.
3. The Redevelopment Plans provide the important ability to retain and promote, within the City and County of San Francisco, the possibility of new emerging industries including green technology through the provision of a major new site and space for adjacent office and related uses.
4. Implementing permitted office uses as part of the Redevelopment Plans enables the achievement of a coordinated mixed-use development plan incorporating many features, such as large open spaces and parks and a new street grid.
5. Implementing the office use contemplated by the Redevelopment Plans would strengthen the economic base of the Project Area and the City as a whole by strengthening retail and other commercial functions in the Project Area community

through the addition of approximately 850,000 leasable square feet of various kinds of retail space, and as much as about 5,000,000 leasable square feet of mixed office, research and development and light manufacturing uses depending on the final disposition of the 49ers to building a new stadium at the Shipyards.

6. Build-out, including office uses, of both the Candlestick Point and Hunters Point Shipyards Phase 2 is anticipated to result in significant positive fiscal impacts to the City. This includes \$22 million in net cumulative revenues will accrue to other City funds including the Children's Fund, Library Fund and Open Space Fund
7. The development proposed by the Project will also have significant positive economic impacts on the City. At full build-out, employment in the Project Area is expected to be about 10,700. Direct and indirect job generation is estimated to be about 18,500. About 55% of the direct and indirect jobs are expected to be held by San Francisco residents. Project-related construction employment is projected to total 1,500 annual full-time equivalent jobs over the build-out period, representing a five percent increase in the City's construction job industry base. The employees working at the Project Area are expected to generate total household income of about \$746 million annually. Total direct, indirect and induced economic activity within the City and County of San Francisco is expected to be approximately \$3.7 billion. The Project provides an unprecedented system for diversity and economic development, including good faith efforts to meet goals for hiring minority and women-owned consulting and contracting businesses, hiring of minority and women laborers, compliance with prevailing wage policies, and would include a robust job training and placement program that will include, but not be limited to, almost \$9 million to workforce training and placement programs for local residents. The community benefits package also includes funds for child care and school facilities. Development of office uses will help to create the employment opportunities to achieve such hiring goals.
8. The Project includes the opportunity for substantial new publicly accessible open spaces totaling upwards of approximately 336 acres including a fully realized CPSRA, the dual use sports facility on the stadium's parking lot, ecological restoration areas, and a wide variety of neighborhood parks, plazas and shorefront promenades. Office users will benefit from the conveniently located open space, and the development of office uses will help to finance the provision of such open space and its maintenance.
9. The office uses would be located in an ideal area to take advantage of a wide variety of transit, including a new Bus Rapid Transit (BRT) line, express downtown buses, and extended Muni lines. The Project Area has been designed in consultation with the City, including MUNI, to capitalize on opportunities to coordinate with and expand transit systems to serve the Project. The Project also includes Transportation Management Programs which will be in place throughout the development of the Project Area.

10. The Plan areas include sites for both a new fire station and a flexible approach to other community facilities including the potential use for a school, so that necessary services and assistance are available near the office uses and so that office uses will not otherwise burden existing services.
11. The Redevelopment Plan and their supporting documents include significant new infrastructure, including a linked program for creation of a comprehensive vehicular, bicycle and pedestrian circulation system. The public infrastructure will include public streets, underground pipes, traffic signals and open space, plus additional substantial infrastructure as described in the Candlestick Point – Hunters Point Shipyards Phase 2 Infrastructure Plan. An emphasis will be placed on sustainable development techniques as outlined in the Sustainability Plan. The office development would be adequately served by the infrastructure and the tax increment generated by office development in the Project Area will also provide a critical component of the financing of such infrastructure.
12. This new infrastructure included in the Plan will be financed through a self-taxing financing device to be imposed upon the Project Area (excluding affordable housing sites and open space).

BE IT FURTHER RESOLVED, That the Planning Commission has considered the factors set forth in Planning Code Section 321(b)(3)(A)-(G) and finds as follows:

- (A) The apportionment of potential office space over the course of many approval periods during the anticipated 20-30 year build-out of the Plan Areas will remain within the limits of Planning Code Section 321 and will maintain a balance between economic growth and housing, transportation and public services, pursuant to the terms of the Plans and their supporting documents which provide for the appropriate construction and provision of housing, roadways, transit and all other necessary public services in accordance with the Infrastructure Plan; and
- (B) As determined in this Resolution, above, and for the additional reasons set forth in Planning Commission Resolution No. 18101, the adoption of the Plan, which includes office uses and contemplates office development, and all of the other implementation actions, are consistent with the objectives and policies of the General Plan and Priority Policies of Planning Code Section 101.1 and will contribute positively to the achievement of City objectives and policies as set forth in the General Plan; and
- (C) The design guidelines for the Project Area are set forth in the respective Design for Development documents for Candlestick Point and Hunters Point Shipyards Phase 2. This Planning Commission has reviewed the design standards and guidelines and finds that such standards and guidelines will ensure quality design of any proposed office

development. In addition, the Planning Commission will review any specific office development subject to the terms of Planning Code §§320-325 to confirm that the design of that office development is consistent with the findings set forth herein; and

- (D) The potential office development contemplated in the Plans is suitable for the Project Area where it would be located. As discussed above, transportation, housing and other public services including open space will be provided in the Project Area. The office development would be located in an area which is not currently developed, nor is it heavily developed with other office uses; and
- (E) As noted above, the anticipated uses of the office development will enhance employment opportunities and will serve other Research and Development related uses including potentially those for green technology businesses which wish to locate in the Project Area, where the underdeveloped nature of the area provides a readily available supply of space for potential research and development, light industrial and office uses; and
- (F) While the overall Project is being developed by a master developer, the proposed office development is available to serve a variety of users, including a variety of businesses expected to locate in the area, and could accommodate a multiplicity of owners; and
- (G) The Plan does not provide for the use of transferrable development rights (“TDRs”) and this Planning Commission does not believe that the use of TDRs is useful or appropriate in the Project Area, given the availability of space for development and the fact that only a relatively few number of buildings have been identified as a potential historic resource; and

BE IT FURTHER RESOLVED, That the Planning Commission will review and approve the design of specific office development which may be proposed in the Project Area and subject to the provisions of Planning Code §§320-325, using the design standards and guidelines set forth in the Design for Development, as reviewed by this Planning Commission, to confirm that the specific office development continues to be consistent with the findings set forth herein; and

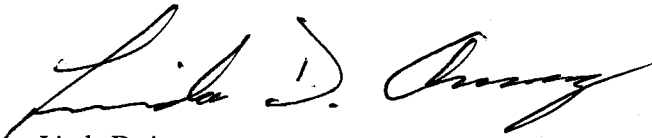

BE IT FURTHER RESOLVED, That upon such determination, the Planning Commission will issue an authorization for the proposed office development project;

BE IT FURTHER RESOLVED, That the Planning Commission does hereby recommend approval of the amendments to the Bayview Hunters Point Redevelopment Plan and the Hunters Point Redevelopment Plan to the Board of Supervisors.
