Market Octavia Area Plan

Application for the Community Advisory Committee

Pursuant to Charter section 4.101 (a)1, please state how your qualifications represent the communities of interest, neighborhoods, and the diversity in ethnicity, race, age, sex, sexual orientation, gender identity, types of disabilities, and any other relevant demographic qualities of the City and County of San Francisco:

My qualifications for participating in the Market Octavia Community Advisory Committee are derived from my professional and personal experience. Professionally, my urban planning background has provided the skills to grasp and evaluate the Market Octavia project concepts and challenges. This enables me to provide objective and constructive oversight and guidance. As the attached resume further details, I have held a variety of transportation planning positions, both public and private, primarily in San Francisco. Through these positions, I gained experience with the city's political structure and have worked with a variety of city, regional and state agencies, as well as stakeholder groups and citizens directly, understanding their roles, relationships and concerns.

I am a native of San Francisco and have rented an apartment in the Market/Octavia area for the last twelve years (I grew up in the Fisherman's Wharf area). As San Francisco is my hometown, I am committed to maintaining the historic nature of city neighborhoods and advancing cost-effective and creative urban and transportation projects that enhance the livability, economy and safety of the Market Octavia area in particular.

Business and/or professional experience:

I have over fifteen years professional experience in transportation planning. In my current position at the Metropolitan Transportation Commission, I manage a suite of programs that reduce greenhouse gas emissions through the increase of walking, biking, taking transit and ridesharing modes. Through this and previous positions, I have been able to interact with our target populations directly and understand their concerns regarding transportation and economic development.

Civic Activities:

I have occupied the renter seat for the Market Octavia CAC for the past four years. I have also served as the vice-chair for Committee for the entire length of time.
