5. SUMMARY OF WORK TO BE PERFORMED:

A. Project Summary

Contractor shall administer a pre-trial Felony IST Mental Health Diversion Program for individuals who have been deemed incompetent to stand trial on felony offenses in its jurisdiction. Program participants are individuals with serious mental disorders who have been found incompetent to, stand trial on felony charges and found by a Court of competent jurisdiction, to qualify for diversion services pursuant to Penal Code (PC) section 1001.36 and Welfare & Institutions Code (WIC) section 4361, hereafter referred to as "Felony IST Mental Health Diversion Clients (Clients)." Program is budgeted to provide Mental Health Diversion services to support the admission of 16 new Felony IST Mental Health Diversion Clients on an annual basis for an average length of service of eighteen (18) months throughout the term of this Agreement.

Contractor shall provide clinically appropriate, evidence-based behavioral health treatment and wraparound services across a continuum of care to meet the individual needs of Felony IST Mental Health Diversion Clients. For the purpose of this section, "wraparound services" means care and treatment that addresses broader social, environmental, and personal factors necessary for the individual to successfully manage their behavioral health symptoms and successfully live in the community.

- B.** Felony IST Mental Health Diversion Clients participating in the community-based diversion program shall remain under the legal and physical supervision of Contractor. Contractor shall be responsible for providing and/or arranging a full range of services and supports including but not limited to medical care, transportation, and patients-rights services.

6. CONTRACTOR RESPONSIBILITIES:

A. Program Plan and Implementation

Contractor shall submit a written document detailing the program plan developed and agreed to by all county collaborative partners. Said document shall be in compliance with the DSH Diversion Program Manual, identify roles and responsibilities, describe the program from initial identification and evaluation of potential Felony IST Mental Health Diversion Clients to program completion, and list all services to be provided in the program. Plan shall also include a detailed program flowchart depicting all stages of the program; an itemized budget plan identifying personnel, operation and equipment costs, other fund sources, and program implementation costs as detailed in this Agreement. The final county plan must be approved by DSH prior to program activation. Any changes to this plan must be agreed to in writing by both parties.

Contractor shall keep a detailed account of and may invoice for initial program implementation costs incurred under this Agreement at the rate listed in Exhibit B, Budget Detail and Payment Provisions. The implementation costs may include, but are not limited to:

- 1) Staff costs for developing program plan;
- 2) Security deposits for housing sites;
- 3) Initial setup of Client rooms as well as treatment and office space;
- 4) Initial administrative operating expenses and equipment;
- 5) Development of an operational clinical and administrative Policy and Procedure Manual; and
- 6) Orientation and training time for new staff on clinical operations, policies, and procedures.

B. Client Identification, Evaluation and Treatment

Contractor shall assess and identify individuals found incompetent to stand trial on a felony charge, to determine Mental Health Diversion eligibility and suitability as defined by Penal Code (PC) section 1001.36 and WIC section 4361 for clinical appropriateness and admission into the community-based Felony IST Mental Health Diversion program.

Upon determining the Client is eligible, suitable, and clinically appropriate for the Felony IST Mental Health Diversion Program, Contractor shall submit to the committing court a community-based diversion placement recommendation and treatment plan. Contractor, treatment provider, Public Defender's Office, District Attorney's Office and court are encouraged to work together to determine a Client's clinical appropriateness for a community-based Mental Health Diversion program, however, only a judge may make a ruling on whether placement is granted.

1) Client Evaluation and Placement

All Felony IST Mental Health Diversion Clients participating in the Felony Mental Health Diversion Program must meet the statutory eligibility criteria identified in PC section 1001.36 and WIC section 4361 and have been found Incompetent to Stand Trial (IST) on a current felony charge.

Contractor shall ensure that an evaluation of each Felony Mental Health Diversion Client is conducted in accordance with the requirements in PC section 1001.36 and WIC section 4361 for Clients recommended for placement in a Felony Mental Health Diversion program by the Court Liaison (Liaison). Contractor shall submit to the committing court a felony mental health diversion recommendation upon determining the Client is clinically appropriate for treatment and participation in the Felony IST Mental Health Diversion program and meets the following program requirements:

- a) The instant offense is a felony with the exception of certain statutorily excluded crimes (PC §1001.36(d)(1-8));
- b) A guilty plea has not been entered in the case for which DSH-funded Diversion is being recommended;
- c) Client was evaluated and found IST by the court (WIC §4361(j)(1)(A-B)); and
- d) Client suffers from a mental disorder with a primary diagnosis from the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-5), or current edition, excluding antisocial personality disorder, borderline personality disorder, and pedophilia pursuant to PC section 1001.36 subdivision (B)(1) and substance-induced psychosis pursuant to WIC section 4361 (c)(1)(A).

Contractor shall utilize the clinical expertise of multiple staff members (psychologist, social worker, psychiatrist) to determine clinical eligibility via direct examination or interview of the participant while in jail or a stabilization program authorized by WIC section 4361.7, and while in court. Contractor's clinical staff shall access jail behavioral health records as well as all County Behavioral Health records, and the arrest report in the instant matter to determine eligibility, suitability, diagnostic factors and treatment needs. Contractor staff shall evaluate candidates for the program using a multidisciplinary approach. An empirically validated, structured professional judgement violence risk assessment tool must be used to assess suitability.

Contractor shall ensure that the Liaison is responsible for making new court placement recommendations to the Superior Court of California, County Court (Court). The Liaison must be a licensed member of one (1) of the following professions: psychiatrist, licensed psychologist, licensed clinical social worker, licensed professional clinical counselor, licensed marriage and family therapist or a psychiatric nurse with a master's degree. Such licensure shall be maintained in good standing and without conditions at all times.

Contractor may consider a waiver of the licensure requirement if the Liaison possesses demonstrated ability in the following clinical and administrative skills: clinical and educational qualifications appropriate for forensic assessment of clinical treatment needs and placement readiness; demonstrated ability to provide full participation and leadership in court commitment procedures; capability to participate actively in interagency policy decisions and communication; and ability to monitor and evaluate treatment provided by others. Contractor is responsible to ensure that each Liaison continues in that capacity until such time they are licensed. A waiver may not exceed five (5) years from the date of employment by, or Agreement with Contractor. Contractor is to maintain documentation of staff registration, license, or waiver in the individual's personnel file.

The Court will authorize Felony Mental Health Diversion Program participation upon determination of Client suitability and risk to public safety. Upon granting the Mental Health Diversion petition, the Court will determine the terms and conditions of diversion for each participant. The diversion plan will be standardized in that individuals who are Court-ordered to programs must follow treatment plans, housing rules and recommendations as determined by Contractor's clinical team.

2) Individualized Treatment Program

Contractor shall identify specific treatment modalities in the treatment plan which focus on intensive behavioral health treatment for long-term stabilization with the goal of the Client remaining in the community. Treatment modalities and frequencies shall be in accordance with the DSH Diversion Program Manual.

Contractor shall conduct case conferences weekly to reassess the Felony IST Mental Health Diversion Client's progress to allow the treatment team to measure whether their treatment interventions are working, and whether additional treatment elements need to be incorporated.

Contractor shall maintain clinical records and other program-related documentation for up to seven (7) years. DSH has the right to review the records and documentation upon request. Examples of documentation include but are not limited to treatment plans, logs, data, and individuals' participation in program requirements.

3) Treatment Protocol

The community-based diversion program shall facilitate long-term psychiatric stabilization through a combination of group therapy, individual therapy, medication as medically necessary, intensive case management and other wrap-around supports to facilitate successful participation and transition to ongoing community-based housing and treatment post-diversion participation. Contractor shall submit a copy of the Grievance Process to the DSH Contract Manager as part of the Program Plan and update annually thereafter. The Grievance Process shall follow all of the requirements detailed in the DSH Diversion, Policy and Procedure Manual, and shall include a tiered review process.

Contractor shall report via email (DSHDiversion@dsh.ca.gov) to the DSH Contract Manager or designee all filed Client grievance documents. Contractor must maintain a written log of all Client grievances that includes how the grievance was resolved timely. DSH retains the right to review or request a copy of this log.

K. Absent Without Leave (AWOL) or Special Incidents

Within twenty-four (24) hours, Contractor shall report, via email, to the assigned DSH Consulting Psychologist if a current Client is AWOL or is involved in a Special Incident. A Special Incident Report (SIR) is a significant Client occurrence or any event which has the potential of adversely affecting the operation of the program. The following occurrences qualify as a SIR:

- 1) Suicide or attempt;
- 2) Death of Client;
- 3) Serious injury to or by Client;
- 4) Client is AWOL;

When emailing regarding an AWOL or SIR, the email will include the following information:

- 1) Client name;
- 2) Location of incident;
- 3) Committing charges;

Contractor retains the right to exclude specific individual Felony Mental Health Diversion Clients from the DSH-funded diversion program based on the terms and conditions set forth in the Client's Diversion plan or based on the criteria agreed upon by collaborative partner agencies at any point during participation in the program.

M. Revocation/Hospitalization

Prior to requesting Mental Health Diversion revocation/hospitalization, Contractor will work with the assigned DSH Consulting Psychologist to assess if placement in a DSH Community Inpatient Facility (CIF) for a higher level of care and additional psychiatric stabilization would be appropriate.

If placement in a higher level of care would not be appropriate, Contractor shall consider whether a request for judicial review and/or judicial admonishment is appropriate prior to requesting revocation/hospitalization. In the event that the judicial review request is unsuccessful and the Client cannot be safely maintained in the community, Contractor retains the right to revoke a Felony IST Mental Health Diversion Client from the community-based Felony IST Mental Health Diversion program for security reasons at any point during treatment.

When the Court provides an order for revocation/hospitalization, Contractor shall cooperate with law enforcement agencies, court officials, and DSH to ensure continuity of care for the Client during the revocation/hospitalization process.

Contractor shall provide DSH with complete data sets as determined by DSH. Any overdue, missing, incomplete, and/or inaccurate data sets may be cause for issuance of STD 209, Invoice Dispute Notification. Data that is not provided timely or is otherwise deemed incomplete or inaccurate may result in the termination of an Agreement, as determined by DSH on a case-by-case basis.

DSH reserves the right to amend the data dictionary at any time and will provide Contractor sixty (60) days advanced notice of any such change.

DSH is in the process of developing a cloud-based application to address manual data collections. Upon deployment, DSH will be transitioning all Diversion program data tracking into the cloud-based application. Contractor shall utilize the cloud-based application and must complete all fields identified within the application to track the Client's pre-admission, admission and discharge flows and other variables as indicated within the timeframes specified by DSH.

O. Annual Expenditure Reporting Requirements

Should Contractor not provide the required reports in a timely manner, DSH may choose to issue a STD 209, Invoice Dispute Notification, or to terminate this Agreement. Additionally, DSH may find Contractor to be not responsive in provision of services and evaluate this in future contracting opportunities.

P. Administrative Overhead

Contractor shall track actual expenditures and overhead costs directly related to care and services pursuant to Exhibit A. Administrative overhead is limited to 15% of direct Client care costs. See Exhibit B, Budget and Payment Provisions for invoice instructions.

Q. Language Access Services

Contractor shall comply with the California Department of Health and Human Services language access policy, adopted on May 22, 2023, and revised January 10, 2024, as it may be amended from time to time. In accordance with that policy, contractor shall:

- 1) Provide access and delivery of written translation and verbal interpretation services to Clients/Patients with limited English proficiency (LEP) and/or disabilities.
- 2) Provide vital documents, translated into, at minimum, the five threshold languages identified by the California Department of Health and Human Services Language Access Policy: Chinese, Korean, Spanish, Tagalog, and Vietnamese. For the purposes of this contract, Chinese language translation of vital documents will be provided in Simplified and Traditional Chinese. Additionally, Chinese language interpretation will be provided in Client's/Patient's preferred dialect of Cantonese or Mandarin. If the LEP Client's/Patient's primary language falls outside of the five threshold languages, Contractor shall provide written translation of vital documents and sight translation using a certified translator to convey the information to the LEP Client/Patient or family members to accommodate their primary language. The contractor shall provide a certified interpreter to provide translations. A certified interpreter is one who has passed an exam and evaluation process by a recognized governmental or professional organization showing interpreting competence in at least two languages. The certification exam must have been validated as effectively testing interpreting knowledge skills. An LEP Client's/Patient's primary language is the language in which they most effectively communicate when interacting with DSH. This can be their native language, sign language or tactile sign language. If a Client/Patient or Client's/Patient's family members' preferred language is a unique dialect or language, sight translation is allowable.

"Vital documents" are vital to Client/Patient rights and responsibilities, care and treatment, notices regarding eligibility or benefits, posted information, and information about the availability of free language assistance services.

- 3) Provide DSH with interpreter services 24-hours a day for its monolingual, non-English-speaking, or LEP Clients/Patient and their family members, either through interpreters, sign language or tactile sign language personnel or telephone language services.
- R. Contractor shall review with each Client upon admission the terms and conditions of their court order(s) and participation in the Felony IST Mental Health Diversion Program.
- S. Contractor shall provide services as outlined in this Agreement and DSH Diversion Program Manual. Contractor shall be responsible to fulfill the requirements of the Agreement and shall incur expenses at its own risk and invest sufficient time and capital to fulfill the obligations as contained herein.
- T. Contractor acknowledges that, in addition to other auditing and/or compliance-review rights retained by DSH under this Agreement, DSH may monitor Contractor for compliance with administration and treatment of Clients. Contractor is expected to show documentation for any given period which may include, but not be limited to, timesheets for employees, scheduled appointments for each employee, Client records, or other methods to validate percentages of time dedicated to the Felony IST Mental Health Diversion program. Contractor acknowledges that this information may be compared to the contracted requirements. Contractor is required to ensure that staff positions funded pursuant to Agreement are reserved solely for the provision of Felony IST Mental Health Diversion services, regardless of caseload size.
- U. Contractor agrees that DSH shall have access to facilities, programs, documents, records, staff, Clients, or other material or persons DSH deems necessary to perform monitoring and auditing of services rendered, in its sole and absolute discretion. Contractor further acknowledges that while DSH may monitor Contractor program operations to determine compliance with DSH policies, regulations, statutes, the DSH Diversion Program Manual, and Agreement requirements, Contractor shall be solely responsible for its compliance with state and federal laws and shall seek its own legal counsel for advice on these laws.
- V. Contractor shall participate in any job-related training provided or required by DSH.
- W. Contractor and its subcontractors shall procure and keep in full force and effect during the term of this Agreement all permits, registrations, and licenses necessary to accomplish the work specified in this Agreement and shall give all notices necessary and incident to the lawful prosecution of the work. Contractor shall provide proof of any such license(s), permits(s), and certificate(s) upon request by DSH. Contractor agrees that failure by itself or its subcontractors to provide evidence of licensing, permits, or certifications shall constitute a material breach for which DSH may terminate this Agreement with cause.
- X. Contractor and its subcontractors shall keep informed of, observe, comply with, and cause all of its agents and employees to observe and to comply with all prevailing federal, state, and local laws, rules, and regulations made pursuant to said federal, state, and local laws which in any way affect the conduct of the work of this Agreement. If any conflict arises between provisions of the plans and specifications and any such law above referred to, then Contractor shall immediately notify DSH in writing.

- Y. Unless otherwise specified, this Agreement may be canceled at any time by Contractor, in writing, with fifty (50) days' advance notice. - D. The DSH's failure to detect or the DSH's detection of any unsatisfactory practices, but failure to notify Contractor or require Contractor's remediation of the unsatisfactory practices does not constitute acceptance of such practice or a waiver of the DSH's enforcement rights under the Agreement.

22. CANCELLATION PROVISIONS:

- A. Unless otherwise specified, this Agreement may be canceled at any time by the DSH, in writing, with fifty (50) days advance notice. If canceled, payment shall be made only for the provision of services expressly authorized by this Agreement until the date of cancellation and only at the rates set forth in Exhibit B, Budget Detail. In the case of early termination, a final payment will be made to Contractor upon receipt of an invoice covering all authorized costs, at the rates set forth in Exhibit B, incurred prior to the date of cancellation or termination. The DSH shall not be responsible for unamortized costs, overhead or capital costs or any other related costs, including but, not limited to costs incurred in connection with the cancellation of leases or contracts pertaining to facilities, equipment or supplies, labor and employee benefits costs, and expenditures incurred after the date of notice of cancellation.

- B. If the DSH determines that the Contractor has breached a material term of the Agreement and has not cured the breach or ended the violation within the time specified by the DSH, the DSH may terminate the contract by providing notice to the Contractor. The DSH Information Security Officer shall report as required HIPAA violations to the Secretary of the U.S. Department of Health and Human Services.
- C. Failure to comply with section 1 or 6 of this Exhibit, or a violation of section 12 of this Exhibit, shall be deemed a material breach of this Agreement.

25. SECURITY CLEARANCE/FINGERPRINTING/TUBERCULIN SKIN TESTING:

- A. The DSH reserves the right to conduct fingerprinting, drug testing, and/or security clearance through the Department of Justice, Bureau of Criminal Identification and Information (BCII), prior to award and at any time during the term of the Agreement, in order to permit Contractor, their personnel, subcontractors, and other service providers through this Agreement access to State premises. The

DSH further reserves the right to terminate this Agreement should a threat to security be determined.

- B. In the event that the services required under this Agreement will be performed within a DSH facility, Contractors and their employees who are assigned to work with, near, or around patients shall be required to be examined and tested or medically evaluated by a licensed healthcare provider for TB in an infectious or contagious stage prior to the performance of contracted duties, and at least once a year thereafter (within 12 months of their initial or previous TB test under this contract), or more often as directed by DSH. - C. If both of the documented results of the TST provided $\leq 0-9$ /mm of induration, then the tested person may be cleared to provide services. However, if the documented result of the TST is ≥ 10 /mm of induration, then they shall be subject to additional testing and/or clearances before he or she is allowed to work at a DSH facility.
- D. The DSH reserves the right, in its sole and absolute discretion, to take measures to minimize the transmission of influenza. Contractor, their personnel, subcontractors, and other service providers through this Agreement may be required to either a) show written proof that they have received an influenza vaccine, or b) complete an Influenza Declination Form, which will be provided upon request. In addition, all non-vaccinated providers may be required to wear a mask. In its sole and absolute discretion, DSH may elect to provide free influenza vaccines to Contractor, their personnel, subcontractors, and other service providers through this Agreement.

Re: Agreement - Retroactive - California Department of State Hospitals - Felony Incompetent to Stand Mental Health Diversion Program - Anticipated Revenue to the City \$15,060,000

This Resolution seeks retroactive authorization for the Board of Supervisors to approve the new Agreement between California Department of State Hospitals (DSH) and the San Francisco Department of Public Health (DPH).

This agreement is retroactive due to the State of California's contracting process. The California Department of State Hospitals dictated the contract timeline based on their standard contracting process which resulted in the delays. DSH and DPH came to an agreement on the terms on July 9, 2025.

We respectfully request retroactive approval for this item.
