Hi,

I am writing to express my strong support for granting Valencia Whole Foods a liquor license. Valencia Whole Foods has been an integral part of our community, providing exceptional products and service. I live couple doors down from the grocery store and I have to share that the family that manages the store has been incredibly personable and knowledgeable about foods, making every shopping experience enjoyable. By adding a liquor license, Valencia Whole Foods would further enhance my shopping experience, allowing me to conveniently purchase a variety of high-quality alcoholic beverages alongside their exceptional organic offerings. In addition, I rather buy alcoholic beverages at Valencia Whole Foods then go to a regular liquor store. The environment is friendly and I know they would educate me on the selection once they are able to sell these types of beverages. I believe that granting them a liquor license would be a natural progression that aligns with their commitment to delivering an outstanding customer experience.

Sincerely,
Shadi Azar

To whom this may concern,

My name is Hilda Padilla and I live in a unit above Valencia Whole Foods which has allowed me to witness firsthand the exceptional dedication and care for which the family that owns a store operate their business. From the very beginning, they have not only provided us with exceptional products but have also extended their warm hospitality, making us feel like a part of your extended family. Their support and kindness have touched our lives in numerous ways. They have not only given us opportunities but also provided a nurturing environment for our children.

Beyond their caring nature, their knowledge and expertise in the realm of food and healthy living have been invaluable. Their commitment to providing high-quality, organic products and promoting wellness has had a profound impact on our lifestyle choices. Their willingness to share knowledge and educate us about the benefits of nutritious foods has empowered us to make healthier decisions for ourselves and our family.

In light of the profound impact Valencia Whole Foods has had on our lives, I wholeheartedly support their pursuit of a liquor license. I believe that this expansion would further enhance the shopping experience for all customers, while maintaining the responsible and caring environment they have cultivated. Their dedication to excellence and customer satisfaction assures me that they will handle the addition of alcoholic beverages with the same level of integrity and responsibility that they have consistently demonstrated.

With heartfelt appreciation,

Hilda Padilla

To whom this may concern,

I am writing to express my enthusiastic support for Valencia Whole Foods' application to obtain a liquor license, specifically for the sale of beer and wine. As a loyal customer and a resident of this community, I firmly believe that granting this license would greatly benefit both the grocery store and the local community. Valencia Whole Foods has been an integral part of our community for many years, providing us with a diverse selection of high-quality organic products and promoting healthy living. The addition of beer and wine to their offerings would further enhance the shopping experience for me and many other customers.

By allowing Valencia Whole Foods to sell beer and wine, customers would have the convenience of purchasing these products alongside their grocery shopping. This would save them time and effort, eliminating the need to visit multiple locations for their needs. Furthermore, the store's commitment to offering organic and locally sourced products ensures that customers will have access to a wide variety of high-quality alcoholic beverages.

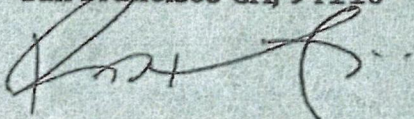

Valencia Whole Foods is not just a grocery store; it serves as a community gathering space for residents like me. It's a place where I go to learn about food and get ideas for delicious dinners. A place that feels like home. The addition of beer and wine would enable them to create more conversations and a welcoming environment where customers can socialize, attend tasting events, and learn about different types of alcoholic beverages. This would enhance community engagement and foster a sense of togetherness among residents.

I kindly request that you support Valencia Whole Foods' application for a liquor license. By doing so, you would not only be supporting a reputable local business but also meeting the demands and preferences of the community.

Yours sincerely,

Rahmi Massarweh
