CONDOMINIUM GENERAL NOTES

- a) This map is the survey map portion of a condominium plan as described in California Civil Code Sections 4120 and 4285. This Condominium Project is limited to a maximum of twenty-nine (29) residential and two commercial (2) condominium units.
- b) All ingress(es), egress(es), path(s) of travel, fire/emergency exit(s) and exiting components, exit pathway(s) and passageway(s), stairway(s), corridor(s), elevator(s), and common use accessible feature(s) and facilities such as restrooms that the Building Code requires for common use shall be held in common undivided interest.
- c) Unless specified otherwise in the governing documents of a condominium homeowners' association, including its conditions, covenants, and restrictions, the homeowners association shall be responsible, in perpetuity, for the maintenance, repair, and replacement of:
 - (i) All general use common area improvements; and
 - (ii) All fronting sidewalks, all permitted or unpermitted private encroachments and privately maintained street trees fronting the property, and any other obligation imposed on property owners fronting a public right-of-way pursuant to the Public Works Code or other applicable Municipal Codes.
- d) In the event the areas identified in (c) (ii) are not properly maintained, repaired, and replaced according to the City requirements, each homeowner shall be responsible to the extent of his/her proportionate obligation to the homeowners' association for the maintenance, repair, and replacement of those areas. Failure to undertake such maintenance, repair, and replacement may result in City enforcement and abatement actions against the homeowners' association and/or the individual homeowners, which may include, but not be limited to imposition of a lien against the homeowner's property.
- e) Approval of this map shall not be deemed approval of the design, location, size, density or use of any structure(s) or ancillary areas of the property associated with structures, new or existing, which have not been reviewed or approved by appropriate City agencies nor shall such approval constitute a waiver of the subdivider's obligation to abate any outstanding municipal code violations. Any structures constructed subsequent to approval of this Final Map shall comply with all relevant municipal codes, including but not limited to the planning, housing and building codes, in effect at the time of any application for required permits.
- f) Bay windows, fire escapes and other encroachments (if any shown hereon, that exist, or that may be constructed) onto or over Valencia Street and Duboce Street are permitted through and are subject to the restrictions set forth in the Building Code and Planning Code of the City and County of San Francisco. This map does not convey any ownership interest in such encroachment areas to the condominium unit owner(s).
- g) Significant encroachments, to the extent they were visible and observed, are noted hereon. However, it is acknowledged that other encroachments from/onto adjoining properties may exist or be constructed. It shall be the responsibility solely of the property owners involved to resolve any issues that may arise from any encroachments whether depicted hereon or not. This map does not purport to convey any ownership interest in an encroachment area to any property owner.
