### MANDATE STATEMENT

City Charter Section 9.105 states that amendments to the Annual Appropriations Ordinance, after the Controller certifies the availability of funds, are subject to Board of Supervisors approval by ordinance.

City Charter Section 9.113(e) states that the Board of Supervisors may borrow money by short-term debt instruments in the manner provided by state law or City ordinance.

### BACKGROUND

The Corona Virus 2019 Disease (COVID-19) has prompted public authorities around the world to impose restrictions on travel and group gatherings to prevent the spread of the disease. On March 16, 2020, and in conjunction with five Bay Area County Health Officers, the San Francisco Health Officer issued Order C19-07, generally requiring, among other things, residents to remain at home. While necessary to maintain public health, these restrictions have imposed economic costs to businesses.

### DETAILS OF PROPOSED LEGISLATION

<u>File 20-0296</u>: The proposed ordinance would authorize the Treasurer to either (1) secure a short-term line of credit in an amount not to exceed \$20,000,000 to fund a short-term loan program for San Francisco businesses, or (2) pursue opportunities with one or more financial institutions to provide short-term loans to small businesses in San Francisco. The details of the loan program are described below.

<u>File 20-0297</u>: The proposed ordinance would appropriate \$20 million in short-term loan proceeds and \$600,000 from the General Reserve, totaling \$20.6 million. Section 4 of the proposed ordinance provides for an additional appropriation of \$20 million from the General Reserve to provide for loan repayment in the event that the small business borrowers default on loan repayments. Section 4 further authorizes the Controller to reduce the \$20 million General Reserve appropriation by June 30, 2021 based on the actual default experience.

### Short-term Loan Program for Small Businesses

File 20-0296 provides criteria for the proposed short-term loan program for which the City would (a) either borrow money or facilitate borrowing and (b) lend or facilitate lending to San Francisco small businesses that meet all three of the following requirements:

- 1. The business has a business registration issued by the Treasurer-Tax Collector, as required by Article 12 of the Business and Tax Regulations Code
- 2. The business has no more than \$1.1 million in gross receipts (Amendments to this item pending before the Board of Supervisors would increase the gross receipts cap to \$2.5 million.)
- 3. The business has paid its annual business license fees, as required by Section 76.1 of Article 2 of the Business and Tax Regulations Code

File 20-0296 requires that the loans be unsecured and provided on a one-time and an interestfree basis. Each loan has a maximum amount of \$15,000 per business and a term no longer than one year. The loans may be used to fund up to three months of "rent, mortgage, or other fixed operating costs."

If borrowers default on their loans, the City would have to repay the lending institution that provided the funds for the program.

According to Ms. Tajel Shah, Chief Assistant Treasurer at the Treasurer-Tax Collector, the Department is still in the process of identifying a lender and developing an application process for potential borrowers.

### FISCAL IMPACT

Table 1 below shows the sources and uses of the proposed loan program.

## Table 1: Sources and Uses of Proposed Appropriation for the Loan Program

| Sources                      | Amount       |
|------------------------------|--------------|
| Loan Proceeds                | \$20,000,000 |
| General Reserve              | 20,600,000   |
| Total Sources                | \$40,600,000 |
|                              |              |
| Uses                         | Amount       |
| Loan Program                 | \$20,000,000 |
| Reserve for Borrower Default | 20,000,000   |
| Borrowing Costs              | 300,000      |
| Administrative Costs         | 300,000      |
| Total Uses                   | \$40,600,000 |

Source: File 20-0297

As shown above, the File 20-0297 would appropriate \$20 million in loan proceeds for the proposed loan program. In addition, File 20-0297 would appropriate \$20.6 million from the General Reserve to (a) pay for an estimated \$300,000 in borrowing costs, (b) pay for an estimated \$300,000 in Treasurer-Tax Collector administrative costs, which may include addition staff, and (c) to fund a reserve account of \$20 million to repay the City's short-term debt related to this program if borrowers default.

### Interest Payments

Under the proposed ordinance, eligible small businesses would be issued loans of up to \$15,000 over one year at no interest. According to Ms. Shah, because the short-term line of credit to be obtained by the City under the proposed ordinance (File 20-0296) would accrue interest and have other borrowing costs, the City would be liable for interest payments and borrowing costs to be paid from the General Reserve appropriation.

### General Reserve Appropriation

Under File 20-0297, the Controller is authorized, without further Board of Supervisors' approval, to reduce the \$20 million reserve account by June 30, 2021, given the actual defaults in the program through that time.

### POLICY CONSIDERATION

Administrative Code Section 10.60 (b) provides for a General Reserve equal to 2.75 percent of budgeted General Fund revenues in FY 2019-20. If the General Reserve is drawn down, the Administrative Code provides for appropriation of sufficient funds in the Annual Appropriation Ordinance to restore the required funding level. However, the Board of Supervisors may suspend this provision following a declaration of an emergency due to a natural disaster.

As of June 30, 2019, the General Reserve fund balance was \$130.9 million.

### RECOMMENDATION

Approval of the proposed ordinances is a policy matter for the Board of Supervisors.
