Pursuant to Charter section 4.101 (a)1, please state how your qualifications represent the communities of interest, neighborhoods, and the diversity in ethnicity, race, age, sex, sexual orientation, gender identity, types of disabilities, and any other relevant demographic qualities of the City and County of San Francisco:

I have been a labor researcher and organizer for nearly 20 years. For the last four years I've worked with SEIU in the Property Services Division and for the 8 years before that I worked with SEIU United Service Workers West, Workers United and UNITE HERE. In all of these positions I helped contracted service workers in the security, janitorial, food service, laundry, garment and other low wage industries to organize unions and fight for better wages, benefits and working conditions. In all these unions the majority of members are workers of color and immigrants, many of these industries are majority women. I have worked closely with staff, elected leaders and allies on these campaigns. Frequent allies include groups like Causa Justa, ACCE, Pride at Work, Harvey Milk Club, CLUE, Senior Action, EBASE, Interfaith Worker Justice, SF Labor Council and SumOfUs many others working for to win equality in LGBTQ, immigrant, black, asian, latino and other communities. I see this work is integrally connected with that of the Sweatfree Procurement Group and making the connection on these issues with fights for worker justice and dignity outside of our community and country.

Business and/or professional experience:

My work as union researcher has involved researching industries, companies, regulation, public purchasing in the service of winning power for working people. As an internal organizing coordinator, I trained and supervised organizers working with union members to fight for new and better contracts, train stewards and enforce the rights they won. In the last 7 years, I have worked in both research and organizing to improve conditions for security officers, here in San Francisco, across California and the wider US. Over the last five years more than 12,000 security officers have joined SEIU, including nearly 3,000 in Silicon Valley and in Sacramento! Last year we worked with the Board of Supervisors to pass a prevailing wage for San Francisco security officers.

Civic Activities:

I was on the original Bay Area Sweatfree Coalition that fought for the SF Sweatfree law and similar one in Berkeley and at the State level. I have been active in neighborhood associations in the past included NOPNA. My wife is an SF public school teacher and we are active in her and my kids other schools.
