Hello,

Please see attached for 4 letters regarding File No. 231079, Ordinance No. 059-24.

File No. 231079, Ordinance No. 059-24: Ordinance amending the Planning Code to modify density limits in the Northeast Waterfront Historic District, the Jackson Square Historic District, and the Jackson Square Historic District Extension, except for projects in those areas using the Commercial to Residential Adaptive Reuse Program; affirming the Planning Commission's determination under the California Environmental Quality Act; making public necessity, convenience, and welfare findings under Planning Code, Section 302; and making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1. (Peskin)

Sincerely,

Joe Adkins
Office of the Clerk of the Board
San Francisco Board of Supervisors

Date: Tuesday, April 2, 2024 4:07:42 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development.

PLEASE WE URGE YOU TO UPHOLD YOUR YES VOT AND OVERRIDE MAYOR BREED'S VETO !

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
C Walsh

Dear Board of Supervisors,

Housing development can be accomplished without abolishing the character of our historic neighborhoods. Scott Wiener is out of line by trying to force housing where it is not needed and would destroy what we all cherish about living here. This is a cheap developers' ploy to make a fast buck by exploiting our supposed need for more housing. (Just look at all the empty apartments around the city, and the asset parks where no-one lives.) We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. I think the public needs to be aware that the Mayor's plans to build housing and destroy the charm and beauty of the city is about building towers of LUXURY APARTMENTS. I get frustrated when people including senator Scott Weiner say we need more housing. We do not need more luxury apartments. Anne Herrick

I am so glad that the Mayor is held in check from running amok destroying the charm of San Francisco to build expensive high-rise housing all over the place. I have lived in San Francisco and now Berkeley and have seen both cities destroyed by huge buildings all over the place. The Bay Area is so crowded and when we keep building there is little thought to the impact that has on traffic and overcrowdedness. I have seen such a decline in the Bay Area that started long before Covid. This Mayor does not seem to deal with reality as she got all excited about tourists coming back. The truth is a lot of people from Europe do not want to come. Word has spread that you are likely to get your car broken into, the streets are dirty, there are safety concerns because there is so much violence and half the stores are closed. Nothing has been done to prevent electric bikes and scooters on the sidewalk making it very unsafe to walk around. Anne Herrick

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Troy Daniels

Dear John Carroll,

As an SF resident who worked in the Jackson Square Historic District for 17 years, and continues to cherish our NE waterfront, I urge you to override Mayor Breed's veto of the Housing Density Limit bill.

Of course we all know that world-class cities like ours are struggling to find solutions to the affordable housing crisis.

From a recent New York Times article about how Paris is pouring billions into public housing:

"Paris is being buffeted by the same market forces vexing other so-called superstar cities like London, San Francisco and New York -- a sanctum for the world's wealthiest to park their money and buy a piece of a living museum."

Given luxury developers' insatiable demand for iconic waterfront views, high-rising our city's historic neighborhoods and waterfront will result in an even greater gap between the haves and have-nots.

It will also recklessly alter San Francisco's unique character, skyline and scale forever.

instead, we need creative solutions that will truly address the lack of affordable housing for our lower and middle income residents without ruining our city with Miami-style towers.

The zoning change that allows single family homes to be replaced with 4 and 6-plexes is certainly a step in the right direction.

Finally, I would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Historic Districts and Waterfront from rapacious high-rise development.

On behalf of current and future generations, please uphold your Yes vote and override Mayor Breed's veto.

Thank you for your leadership, and your service to our great city.

Sincerely,
Marie D Joyce

Dear Sup Preston,

As a half-century San Franciscan, who has one child priced out and two more living with me as adults, and someone who works with homeless people everyday, I urge you not to overturn the Mayor's veto. We need to collaborate and find common ground, not continue to create barriers to housing.

It seems like a lot of housing decisions are made by homeowners who do not understand the struggle working people face and I'm speaking up for low income, working people.

Please work with the Mayor and let's build the housing we need to make this City affordable for all.

Thank you,
Tami Bryant

23. March 2024

Dear Board of Supervisors,

My heartfelt thanks to you President Peskin, Supervisors Chan, Stefani, Preston, Ronen, Mandelman, Walton and Safai for voting to preserve these historic districts, while we go about thoughtfully repurposing vacant offices into housing WITHOUT destroying our rich history.

Please continue to support and vote this Tuesday to override the veto.

Most sincerely,

Theresa Flandrich

SPOTLIGHT

Art Agnos says Scott Wiener's Aaron Peskin criticism misses the mark

*By Art Agnos | Special to The Examiner |
Mar 26, 2024*

Former San Francisco Mayor Art Agnos, right, poses alongside Dean Preston, second from left, before the latter is sworn in to the Board of Supervisors at City Hall on Monday, Dec. 16, 2019.

Kevin N. Hume/The Examiner

Our city is under attack by a new radicalism, and it's not the free-loving kind of the past. It's a well-funded and dangerous "my way or the highway" rhetoric that slams any attempt at smart neighborhood planning as "anti-housing."

Last summer, Board of Supervisors President Aaron Peskin partnered with the mayor to upzone

the entire northeastern waterfront through joint Downtown Adaptive Reuse legislation. The legislation was carefully crafted in partnership with the Planning Department and City Attorney's Office to spur appropriate housing and mixed-use development downtown.

Disturbed by the cooperative work within our city, developers went to Sacramento again and found a loophole in the legislation allowing for "density double-dipping" in key areas that have long anchored the most iconic features of San Francisco's identity.

That means buildings Peskin already upzoned are now being promoted as building sites with the promise of supersized towers up to 270 feet without review or consideration for the neighborhood's overall affordability, design, or livability.

The ink on the latest state developer loophole was barely dry before a proposal was submitted to tear down a historic building at 1088 Sansome St. in a 65-foot historic zone and replace it with a 267-foot high rise. That, fellow San Franciscans, would create a new high rise in North Beach, close to Telegraph Hill, that would be 60 feet higher than Coit Tower!

Your neighborhood could be next because buildings originally upzoned to 85 feet by our city leaders in key historic districts can now be rebuilt as 270-foot towers anywhere in The City without local checks and balances.

Think 50-story high rises across from the zoo in the Sunset. In other words, a radical one-size-fits-all approach promoted by calculating special interests in Sacramento who care nothing about our city.

These special interests are aggressively moving to abuse our collective work to create more affordable neighborhoods. In short, they and their politically ambitious allies, like state Sen. Scott Wiener, would irreparably disrupt San Francisco community planning for their own financial and political gain.

On the other hand, Peskin — who represents the densest neighborhoods in the entire city — moved quickly in partnership with the Planning Department to tweak the loophole by restoring the original upzoning in key historic districts.

The amendments to his original upzoning legislation ensure that, in two of our oldest historic districts, which cover only a handful of city blocks and date from the Gold Rush, developers can

actually receive additional density to reuse historic buildings — as long as they don't demolish them.

The rest of the northeastern waterfront, from Fisherman's Wharf to the downtown areas, still enjoys the full super-charged upzoning benefits of his original Downtown Adaptive Reuse legislation, intended to spur collaboration and reimagine a new neighborhood downtown.

It is exactly the kind of pragmatic, balanced approach to development we desperately need in this time of unprecedented state overreach — which is why the Planning Commission unanimously supported the amendments and why eight members of the Board of Supervisors voted to approve them.

During his time leading the Board of Supervisors, President Peskin has presided over the most significant upzonings in San Francisco's history by encouraging commonsense and community-led planning.

As a result, we have witnessed the creation of entire new complete neighborhoods, from the South of Market, Central Waterfront, Potrero Hill, Market and Octavia and the Transbay Redevelopment Plan.

And it was done without destroying the neighborhoods that were already there. They negotiated affordability increases, neighborhood infrastructure, parks and community facilities. They listened to working families, seniors, tenants and small businesses and worked together to further a plan for The City's future.

Later, in 2013, when the ultra-wealthy wanted to build a literal wall of luxury condos on the public waterfront, I joined them in their fight for affordable neighborhoods — and we won.

That is how we have always done it in San Francisco ... until now.

The new radical talking points corrupt the reality that President Peskin's commonsense approach allows developers to build higher and bigger while protecting our precious and irreplaceable historical resources on our shared public waterfront.

We need to continue to grow and build complete, livable neighborhoods on our terms as a city — not those dictated by the developer contributors to Scott Weiner.

But it's not about building affordable housing — it's about the massive profits developers can make with a 270-foot tower versus an 85-foot tower.

Along the way, Wiener, a recipient of real-estate donations in the state legislature to prepare for his Congressional run, recently penned an op-ed denouncing President Peskin's density amendment as "anti-housing" and mischaracterizing The City's affordable housing bond process.

This kind of radical "Truthiness" only erodes public confidence in our entire concept of neighborhood planning, which has delivered affordable housing, neighborhood parks and transit infrastructure for thousands of San Franciscans.

The self-serving rhetoric being spouted by Weiner undercuts the reality that we can be pro-housing *and* pro-neighborhood.

Take it from someone who has been there: We fought successfully to protect our city's right to control our planning laws. But today, we see our city's senator enhancing rich developers' rights to build out our city to maximize profit for their investors and to hell with what San Francisco's government plans and citizens want for our city.

Art Agnos is a former mayor of San Francisco.

Density Done Right: We Can Be Pro-Housing & Pro-Neighborhood

Our city is under attack by a new radicalism, and it's not the free-loving kind of the past. It's a well-funded and dangerous "my way or the highway" rhetoric, that slams any attempt at smart neighborhood planning as "anti-housing".

Last summer, President of the Board of Supervisors, Aaron Peskin, partnered with the Mayor to up zone the entire northeastern waterfront through joint Downtown Adaptive Reuse legislation. It was carefully crafted in partnership with the Planning Department and City Attorney's Office in order to spur appropriate housing and mixed-use development downtown.

Disturbed by the cooperative work within our City, developers went to Sacramento again and found a loophole in the legislation that would allow for "density double-dipping" in key areas that have long anchored the most iconic features of San Francisco's identity. That means buildings already upzoned by Peskin are now being promoted as building sites with the promise of supersize towers up to 270 feet without review or consideration for the neighborhood's overall affordability, design, or livability. The ink on the latest state developer loop hole was barely dry before a proposal was submitted to tear down a historic building at 1088 Sansome in a 65 foot historic zone and replace it with a 267 foot high rise . That, fellow San Franciscans would create a new high rise in North Beach, close to Telegraph Hill, that would be *60 feet higher than Coit Tower!*

Your neighborhood could be next because buildings originally upzoned to 85 feet by our city leaders in key historic districts are now being eligible to be rebuilt as 270-foot towers anywhere in the City without local checks and balances. Think 50 story high rises across from the zoo in the Sunset. In other words, a radical one-size-fits-all approach promoted by calculating special interests in Sacramento who care nothing about our city. These special interests are aggressively moving to abuse our collective work to create more affordable neighborhoods. In short, they and their politically ambitious allies like Wannabe Congressman Scott Weiner would irreparably disrupt San Francisco community planning for their own financial and political gain.

On the other hand, President Peskin – who represents the densest neighborhoods in the entire city – moved quickly in partnership with the Planning Department to tweak the loophole by restoring the original upzoning in key historic districts. The amendments to his original upzoning legislation ensure that, in two of our oldest historic districts which cover only a handful of city blocks that date from the Gold

That is the way we have always done it in San Francisco...until now.

The new radical talking points corrupt the reality that President Peskin's commonsense approach allows for developers to build higher and bigger, while protecting our precious and irreplaceable historic resources on our shared public waterfront. We need to continue to grow and build complete livable neighborhoods but on our terms as a city...not those dictated by the developer contributors to State Senator Scott Weiner. But it's not really about building affordable housing – it's about the massive profits developers can make with a 270-foot tower versus an 85-foot tower.

Along the way, State Senator Scott Wiener, who has been the number one recipient of real estate donations in the state legislature to prepare for his Congressional run, recently penned an op-ed denouncing President Peskin's density amendment as "anti-housing" and mischaracterizing the city's own affordable housing bond

process. This kind of radical “Truthiness” only serves to erode public confidence in our entire concept of neighborhood planning which has delivered affordable housing, neighborhood parks and transit infrastructure for thousands of San Franciscans. The self-serving rhetoric being spouted by Senator Weiner undercuts the reality that we can be pro-housing AND pro-neighborhood. Take it from someone who has been there...we fought successfully to protect our city’s right to control our planning laws...but today we see our city’s Senator enhancing rich developer’s rights to build out our city to maximize profit for their investors and to hell with what San Francisco's government plans and its citizens want for our City.

Art Agnos
former Mayor
San Francisco

Supervisors,

Since 1971, San Francisco Heritage (SF Heritage) has led the civic discussion on the compatibility of rapid change with recognition and commemoration of this city's people and past. A 501(c)3 nonprofit membership organization with a mission to preserve and enhance San Francisco's unique architectural and cultural identity, SF Heritage has been instrumental in establishing the preservation protections that have allowed our city to evolve and flourish.

San Francisco Heritage requests **approval** of Board File No. 231079, an ordinance to restore density limits in the Northeast Waterfront Historic District, the Jackson Square Historic District, and the Jackson Square Historic District Extension. We recognize that this approval overrides Mayor Breed's March 14, 2024 veto.

Much of San Francisco's earliest extant architecture, buildings dating from the Gold Rush, are contained in these historic districts. Other structures dating from just after the 1906 Earthquake and Fire, importantly associated with the city's Italian-American community and its history as a world-renown port, are contributors.

These historic districts were the first to be recognized and designated by the City of San Francisco. This small section of the city has essentially carried San Francisco's origin story for more than 150 years, its brick and concrete storefronts, warehouses, and boarding houses have been successfully adapted over decades for robust economic and artistic uses. They continue to do so.

This is a small section of San Francisco that cannot handle large-scale development without fundamentally destroying the special and important story the landscape conveys about our history. Eliminating density limits for these few but important blocks was unintended, a recent legislative error.

San Francisco Heritage is enthusiastic to contribute to any discussion on the merits and value of historic districts, and indeed, any conversation on the future of this great city. Let's do it together, thoughtfully.

Sincerely,

Woody LaBounty
President & CEO

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Judith Powell

Dear John Carroll,

Hi,

I have lived in San Francisco for 20 years and want desperately to own a home some day in this beautiful city. However, I do not want ridiculous projects like the one at 955 Sansome. Projects like that destroy the soul of this glorious city.

There are countless locations in the city available. Allowing developers to build a wall along the waterfront takes the city away from the average citizen and gives it to the elite in their towers.

You know this makes no sense. Please vote to override the Mayor's veto.

Sincerely,
Tyler Weeks

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Peggy Snyder

Dear Board of Supervisors,

Dear President Peskin (D3) and Supervisors Chan (D1), Stefani (D2), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11):

Thank you for your support of legislation aimed at safeguarding the iconic NE Waterfront from ill-conceived and inappropriate high-rise development. By this means, you will preserve this special San Francisco asset--the Waterfront--for all to enjoy.

Please uphold your Yes vote and override Mayor Breed's veto.

Together, let's preserve the character and integrity of our neighborhood for current and future generations. As a long-term (34+ yrs.) of Outer Sunset/Parkside, I have enjoyed our coastal community and natural habitat throughout. I fear that developers and opportunistic politicians are set on destroying our local community and environment. We care about our sand dunes, snowy plovers and other flora and fauna that are less than 50 yds. Away. Please do what is best for the local residents and not the other interests.

Sincerely,
Stephen Gorski

Subject: Board File No. 231079 (Planning Code - Density Controls in Three Historic Districts)
Date: Monday, March 25, 2024 6:20:07 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors:

I am writing to urge your support of an override of Mayor Breed's veto of this legislation.

As a resident of and participant in San Francisco for the past four decades, and having been engaged in many of efforts focused on San Francisco's historic building resources and public policies around them, I can reasonably assert I hold some perspective and insight.

Keeping this short and simple, I will not attempt to invoke a rationale for why a more thoughtful treatment of the limited number of historic resources to which CCSF has extended some protections is called for. I will only remind us that what we do have is the result of decades-long effort by countless private citizens who had to repeatedly prod their government to take a broader, longer term view; one which acknowledges the economic and community/social/intangible values of these resources.

The lack of more careful consideration of the impacts of the density increases and up-zoning on recognized historic resources is a regression and deeply distressing in the face of the effort that was invested by San Franciscans.

I urge your support of the override.

Thank you.

Mark Ryser

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Blaine Ellis

Dear John Carroll,

Please override the mayor's veto. Our housing needs can be met without highrise condos no one can sell and no one wants to spend \$2+ million on with monthly HOA fees of \$1200 or more that will only provide a couple affordable units here or there. The city has already been upzoned to 4-6 units. There are wonderful developments going in that are 100% affordable. ADUs are going in. We need workforce housing not luxury condos like 1545 Market and tons of downtown units no one can sell. No need to make the rest of the city a ghost town like downtown.

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. Date: Monday, March 25, 2024 9:48:40 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Honorable Supervisors,

I am writing to urge the Board to **approve** Board File No. 231079 and override Mayor Breed's veto of 14 March 2024, which jeopardizes our City's oldest and most historic areas.

Designated in 1971 and 1983, respectively, Jackson Square (the City's first National Register Historic District) and the Northeast Waterfront Historic District are relatively small areas that convey the earliest history of our City and the West. The long-standing designations and density limits do not freeze these areas against development, rather they are thriving, diverse neighborhoods, booming centers of the AI sector that draw millions of dollars of investment, and they still continue to convey historic significance. It works well as it is.

Sincerely,
Katherine Petrin
District 7 Resident
District 3 Business Owner

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Ann Somerville

Living on Telegraph Hill, we get to experience the joyous energy of neighbors, visitors and tourists from all over the world marveling at the beautifully preserved city views from Telegraph Hill. To allow buildings over 3 times the current height limits irreversibly block sight lines to that which greatly contributes to our city's soul would be crushing to the wonder of our unique city and surely rob all-neighbor, resident, visitor, tourist and the like the unique joy and happiness San Francisco provides to our world.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Ann Somerville
San Francisco, CA 94133
aksomerville36@gmail.com

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Eleanor Bertino

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

Dear John Carroll,

To The Board of Supervisors:

Please overturn the mayor's veto of legislation that would retain local authority over decision-making affecting development in communities.

DO NOT ABBROGATE LOCAL COMMUNITIES' RIGHT TO DETERMINE HOW THEIR ENVIRONMENT AND QUALITY OF LIFE WILL BE SHAPED.

Reinforce Board President Peskin's initiative to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Preserve the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

This is not a downzoning measure. It simply provides protection for a tiny historical area that would otherwise be destroyed by monolithic towers.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Robert Harrer

Strolling along the waterfront is one of the joys that residents share with out of town visitors. This is a view that really never gets old. Please help preserve it for future generations instead of pandering it off to speculators for the development of luxury high rises to benefit a minuscule fraction of the people who enjoy it every day.

Dear John Carroll,

Building high rise buildings on the waterfront is yet another assault on our formerly iconic city skyline. Were it not for a few recognizable, architecturally unusual dots in the landscape, this city would look like every other city overwhelmed by hideous big box architecture that's ugly because beauty doesn't "pencil." There's also the issues of rising water levels, and perhaps liquefaction beneath giant, heavy monstrosities that block views for life-long city dwellers. There is no good reason to build them besides lining the pockets of developers who have already made fortunes robbing San Francisco of its former loveliness.

The city currently has 61K empty units; a lot of those high end high rises might as well be completely empty, and there are empty buildings downtown and in the financial district that need repurposing. The last thing we need to do now is build more huge buildings. When you go by them at night, maybe half a dozen windows are illuminated. When I was on the Civil Grand Jury in 2017-18, writing the report that made in-law units legal, I read about an FBI investigation of real estate sales here. A shocking number of people buying here were laundering money. Foreign oligarchs buy property, so the developers are happy, but they leave them empty. We've got to end the Willie Brown school of running this city.

Please vote unanimously to undo the veto. The last thing we need is to use city funds to "save" buildings, that should never have been built at all, on land that is environmentally threatened to begin with.

Sincerely,
Roberta Segal

Dear John Carroll,

The true residents of San Francisco do not want high rise buildings along her waterfront, it's absurd to think otherwise. Please override this poor decision made by Breed. I do not come from a Nimby attitude, I believe in responsible development that retains the character of our unique city.

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. Subject: OVERRIDE MAYOR'S VETO: Protect Our Historic NE Waterfront from High-Rise Development!

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
james carey
San Francisco, CA 94111

Subject: OVERRIDE MAYOR'S VETO: Protect Our Historic NE Waterfront from High-Rise Development!

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

Thank you supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from high-rise development. I believe your votes reflect the desires of those who live in this city.

I urge you to uphold your Yes vote and override Mayor Breed's veto. With all due respect to Mayor Breed, no one person should not be allowed to change the character of this amazing city in the name of politics.

The supervisors' legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations. This is what the people who live in this city want – protection of the unique beauty of our city. Please do not bow to the weight of a political movement trying to solve the housing problem with solutions that are not coherent and threatened to change one of the most beautiful cities in the world. There are plenty of other ways to solve the housing problem without destroying San Francisco as we know it.

Sincerely,
Beth Cataldo

Dear John Carroll,

To The Board of Supervisors:

Please overturn the mayor's veto of legislation that would retain local authority over decision-making affecting development in communities.

DO NOT ABBROGATE LOCAL COMMUNITIES' RIGHT TO DETERMINE HOW THEIR ENVIRONMENT AND QUALITY OF LIFE WILL BE SHAPED.

Reinforce Board President Peskin's initiative to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Preserve the character and integrity of our neighborhood for current and future generations.

Subject: OVERRIDE MAYOR'S VETO: Protect Our Historic NE Waterfront from High-Rise Development!

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Megan Kennedy

Dear John Carroll,

I would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. I urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our historic neighborhood for current and future generations.

Sincerely,
Kay Streit

Dear John Carroll,

I would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from inappropriate high-rise development. I urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation sought to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront, and indeed other neighborhoods, from EXCESSIVE development. Office-to-housing conversions are good. These proposed high-rises are not needed.

Together, let's preserve the character and integrity of our neighborhoods for current and future generations.

Subject: OVERRIDE MAYOR'S VETO: Protect Our Historic NE Waterfront from High-Rise Development!

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Julian Munoz

Introduced by Board President Aaron Peskin, it aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Please listen to the residents of San Francisco, not the backers of blind development behind Mayor Breed's veto of this important initiative. A core reason for our city's appeal, and high-stakes real-estate issues, is its unique identity as a conglomerate of individual, human-scale villages. Please honor this heritage by standing behind this citizen-backed plan to preserve the character and integrity of our neighborhood for current and future generations

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Antonia Grier

Dear Board of Supervisors,

The true residents of San Francisco do not want high rise buildings along her waterfront, it's absurd to think otherwise. Please override this poor decision made by Breed. I do not come from a Nimby attitude, I believe in responsible development that retains the character of our unique city.

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. Dear Board of Supervisors,

Building high rise buildings on the waterfront is yet another assault on our formerly iconic city skyline. Were it not for a few recognizable, architecturally unusual dots in the landscape, this city would look like every other city overwhelmed by hideous big box architecture that's ugly because beauty doesn't "pencil." There's also the issues of rising water levels, and perhaps liquefaction beneath giant, heavy monstrosities that block views for life-long city dwellers. There is no good reason to build them besides lining the pockets of developers who have already made fortunes robbing San Francisco of its former loveliness.

The city currently has 61K empty units; a lot of those high end high rises might as well be completely empty, and there are empty buildings downtown and in the financial district that need repurposing. The last thing we need to do now is build more huge buildings. When you go by them at night, maybe half a dozen windows are illuminated. When I was on the Civil Grand Jury in 2017-18, writing the report that made in-law units legal, I read about an FBI investigation of real estate sales here. A shocking number of people buying here were laundering money. Foreign oligarchs buy property, so the developers are happy, but they leave them empty. We've got to end the Willie Brown school of running this city.

Please vote unanimously to undo the veto. The last thing we need is to use city funds to "save" buildings, that should never have been built at all, on land that is environmentally threatened to begin with.

Sincerely,
Roberta Segal

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto. I have lived in San Francisco for 50 years and support affordable housing but many of the proposed developments are for high rise luxury apartments that degrade our neighborhoods and do nothing to provide housing for those who make the city function.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

We urge you to uphold your Yes vote and override Mayor Breed's veto.

Strolling along the waterfront is one of the joys that residents share with out of town visitors. This is a view that really never gets old. Please help preserve it for future generations instead of pandering it off to speculators for the development of luxury high rises to benefit a minuscule fraction of the people who enjoy it every day.

Subject: Item 1 - Please override the Mayor's veto of Board File No. 2331079
Date: Saturday, March 23, 2024 2:53:15 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors,

Board File No. 2331079 is a common sense effort to protect buildings and people in a historic SF neighborhood.

San Francisco is NOT Manhattan. I am puzzled that some folks move here because San Francisco is a beautiful city with human-scale neighborhoods, and then they try to destroy it. My guess is that after all the characteristics that make SF unique have been destroyed, those people will take their stock options and move elsewhere. Meanwhile, the average resident will have been priced out, and the entire city will be an empty shell of itself – just like downtown is now.

Please stop the tower madness. Over-ride the Mayor's veto!

Thank you.

Katherine Howard

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Louise Bea

Subject: OVERRIDE MAYOR'S VETO: Protect Our Historic NE Waterfront from High-Rise Development!

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Tualatai Mamoe
San Francisco, CA 94102

Dear Board of Supervisors,

Thank you supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from high-rise development. I believe your votes reflect the desires of those who live in this city.

I urge you to uphold your Yes vote and override Mayor Breed's veto. With all due respect to Mayor Breed, no one person should not be allowed to change the character of this amazing city in the name of politics.

The supervisors' legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations. This is what the people who live in this city want – protection of the unique beauty of our city. Please do not bow to the weight of a political movement trying to solve the housing problem with solutions that are not coherent and threatened to change one of the most beautiful cities in the world. There are plenty of other ways to solve the housing problem without destroying San Francisco as we know it.

Sincerely,
Beth Cataldo

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Rita Pisciotta

Dear John Carroll,

Stop playing politics Mayor Breed! Voters shot down the 8 Washington project. Smart development only! Stop trying to fit a square peg in a round hole. This area should be protected unless we want all of San Francisco to look like Mission Bay/Soma. No Thank you!

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Please consider how beautiful and how historic the NE waterfront district is not only to the residents of this city but to the many tourists who come here annually to enjoy San Francisco. It is these small communities and untouched historic districts that bring people here to live and enjoy on an annual basis.

There are many other areas of the city that are more appropriately suited for these types of high-rise living spaces that blend in better with their surrounding environment.

I ask you to please do your best to keep this historic area as is for future generations to experience.

Thak you.
Respectfully,
Mike Ferro

Sincerely,
Mike Ferro

Dear John Carroll,

I was born in SF 71 years ago at Mt Zion hospital. I have lived here ever since... My family has given birth to 4 generations here in SF and 6 in California. WE CARE!!

Thank you Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from completely unnecessary high-rise development. It seems the Mayor is out of touch with all of the prolific "for sale and for rent" signs that blight our city. We have no shortage of space in SF for residential or retail development.

I urge you to uphold your Yes vote and override Mayor Breed's veto. This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from becoming a dense eyesore.

Together, let's preserve the character and integrity of our neighborhoods and KEEP SF BEAUTIFUL!

Sincerely,
Diane Morris

Mayor Breed's action is a sad further example of the extremism rampant in the US and the world today. Aaron Peskin is a moderate concerned both about supporting the needy and about preserving the society and the city. I only hope we can remove her and hope she heals and allow the moderate majority (a new party?: The Moderate Majority) to enact reasonable legislation to preserve our society and humanity.

Sincerely,

I have been to Miami, and several Caribbean beach cities, where a Wall of hotels and luxury apartments line the waterfront towering over the public space. San Franciscans will not allow such destruction of the human and esthetic scale of our uniquely beautiful city!

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development.

We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Julie Herrod-Lumsden

Dear John Carroll,

Please do not build these high rises. The old freeway overpass ruined the waterfront. Why do we want to do that again with another obtrusive structure? Please do not ruin the waterfront/Barbary Coast that is historic!

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Pamela KRELL

Dear John Carroll,

I thank Supervisors Chan, Stefani, Peskin, Preston, Mandelman, Ronen, Walton, and Safai for your support of legislation aimed at correcting an obvious error in recent zoning legislation. Board File No. 231079. That error opened up big and "tall" loopholes now being exploited by developers.

We need to safeguard the northeast waterfront and neighborhoods from ridiculous high rise development. Once built, these overwhelming eyesores will be with us and several generations beyond us--perhaps a century or more. We can't undo that later. These projects are commonly luxury condominiums sold to owners of multiple residential properties as City "get aways" at top dollar. They WORSEN our community, burden our infrastructure, compete for construction resources and ESCALATE their cost, and even take away parcels for real affordable housing. At their core, they are negatives on many dimensions sponsored by for-profit developer interests. Enough!

I urge you to uphold your Yes vote and override Mayor Breed's veto of Supervisor Peskin's legislation to correct the unfortunate code error.

Regards, Elias Blawie & Pam Stoner

Sincerely,
Elias Blawie

Building High-Rise Development on reclaimed land area vulnerable to sea level rise and soil liquefaction during an earthquake will put San Franciscans at great risk. Build sustainably on good land that will not carry the risk of displacing families in the next Earthquake.

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Building High-Rise Development on reclaimed land area vulnerable to sea level rise and soil liquefaction during an earthquake will put San Franciscans at great risk. Build sustainably on good land that will not carry the risk of displacing families in the next Earthquake.

Sincerely,
Dulce Morales

Dear Board of Supervisors,

I thank Supervisors Chan, Stefani, Peskin, Preston, Mandelman, Ronen, Walton, and Safai for your support of legislation aimed at correcting an obvious error in recent zoning legislation. Board File No. 231079. That error opened up big and "tall" loopholes now being exploited by developers.

We need to safeguard the northeast waterfront and neighborhoods from ridiculous high rise development. Once built, these overwhelming eyesores will be with us and several generations beyond us--perhaps a century or more. We can't undo that later. These projects are commonly luxury condominiums sold to owners of multiple residential properties as City "get aways" at top dollar. They WORSEN our community, burden our infrastructure, compete for construction resources and ESCALATE their cost, and even take away parcels for real affordable housing. At their core, they are negatives on many dimensions sponsored by for-profit developer interests. Enough!

I urge you to uphold your Yes vote and override Mayor Breed's veto of Supervisor Peskin's legislation to correct the unfortunate code error.

Regards, Elias Blawie & Pam Stoner

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Camellia Ngo Peabody

Mayor Breed's action is a sad further example of the extremism rampant in the US and the world today. Aaron Peskin is a moderate concerned both about supporting the needy and about preserving the society and the city. I only hope we can remove her and hope she heals and allow the moderate majority (a new party?: The Moderate Majority) to enact reasonable legislation to preserve our society and humanity.

Sincerely,

Dear Board of Supervisors,

I was born in SF 71 years ago at Mt Zion hospital. I have lived here ever since... My family has given birth to 4 generations here in SF and 6 in California. WE CARE!!

Thank you Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from completely unnecessary high-rise development. It seems the Mayor is out of touch with all of the prolific "for sale and for rent" signs that blight our city. We have no shortage of space in SF for residential or retail development.

I urge you to uphold your Yes vote and override Mayor Breed's veto. This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from becoming a dense eyesore.

Together, let's preserve the character and integrity of our neighborhoods and KEEP SF BEAUTIFUL!

Sincerely,
Diane Morris

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Please consider how beautiful and how historic the NE waterfront district is not only to the residents of this city but to the many tourists who come here annually to enjoy San Francisco. It is these small communities and untouched historic districts that bring people here to live and enjoy on an annual basis.

There are many other areas of the city that are more appropriately suited for these types of high-rise living spaces that blend in better with their surrounding environment.

I ask you to please do your best to keep this historic area as is for future generations to experience.

Thank you.
Respectfully,
Mike Ferro

Together, let's preserve the character and integrity of San Francisco, and this charming neighborhood, for current and future generations.

It would be a shame if Mayor Breed's veto stands; she know she will not be reelected so no longer cares about the city or its inhabitants. IF she ever did. And that is not at all clear because actions speak louder than words and her ACTIONS, or lack thereof, are reprehensible and indefensible.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

I thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. I respectfully urge you to uphold your Yes vote on the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), and override Mayor Breed's ill-advised veto.

Here's why:

SF topography makes its vistas endlessly interesting and beautiful. SF's location by water makes its waterfront irresistible for high rise development, blocking vistas in all directions. This contradiction must be addressed by sensible, balanced development policy. The state has no stake in this. SF as a community does. Therefore:

Please vote to override the Mayor's veto of Board File No. 231079. The proposal aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

This legislation seeks to ensure common sense in our planning code and to safeguard our iconic waterfront from high-rise development. (See the Fontana for what that looks like.) Please act in your constituents' interest in protecting the character and integrity of SF's incomparable north-east neighborhood for current and future generations.

I said this in support of the original legislation and I repeat with hope you will continue the commitment you showed when you supported it. Thank you!

Sincerely,
Lucy Johns

Dear John Carroll,

Protect our historic waterfront area!

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Deb Stoner

Dear John Carroll,

I urge the Board of Supervisors to take action to protect San Francisco's historic neighborhoods. The Planning Department's proposed upzoning needs to be revisited. San Francisco is not Miami. Please do not allow the development of medium and high-rise buildings on our neighborhoods near the water. You need to ensure that the Planning Department does not unwittingly unleash rapacious real estate developers on our low density neighborhoods near the water. In particular, the upzoning in the Marina/Cow Hollow district will damage this vibrant neighborhood. I am sympathetic to the City's need to encourage the development of affordable housing. However, we do not create affordable housing by encouraging medium and high-rise buildings in one of our most expensive neighborhoods.

Sincerely,
Philip Scruggs
San Francisco, CA 94123

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. I respectfully urge you to uphold your Yes vote on the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), and override Mayor Breed's ill-advised veto.

Here's why:

SF topography makes its vistas endlessly interesting and beautiful. SF's location by water makes its waterfront irresistible for high rise development, blocking vistas in all directions. This contradiction must be addressed by sensible, balanced development policy. The state has no stake in this. SF as a community does. Therefore:

Please vote to override the Mayor's veto of Board File No. 231079. The proposal aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

This legislation seeks to ensure common sense in our planning code and to safeguard our iconic waterfront from high-rise development. (See the Fontana for what that looks like.) Please act in your constituents' interest in protecting the character and integrity of SF's incomparable north-east neighborhood for current and future generations.

I said this in support of the original legislation and I repeat with hope you will continue the commitment you showed when you supported it. Thank you!

Sincerely,
Lucy Johns

Subject: OVERRIDE MAYOR'S VETO: Protect Our Historic NE Waterfront from High-Rise Development!

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations. As a long-term (34+ yrs.) of Outer Sunset/Parkside, I have enjoyed our coastal community and natural habitat throughout. I fear that developers and opportunistic politicians are set on destroying our local community and environment. We care about our sand dunes, snowy plovers and other flora and fauna that are less than 50 yds. Away. Please do what is best for the local residents and not the other interests.

Sincerely,
Stephen Gorski

Dear John Carroll,

As an SF resident who worked in the Jackson Square Historic District for 17 years, and continues to cherish our NE waterfront, I urge you to override Mayor Breed's veto of the Housing Density Limit bill.

Of course we all know that world-class cities like ours are struggling to find solutions to the affordable housing crisis.

From a recent New York Times article about how Paris is pouring billions into public housing:

"Paris is being buffeted by the same market forces vexing other so-called superstar cities like London, San Francisco and New York -- a sanctum for the world's wealthiest to park their money and buy a piece of a living museum."

Given luxury developers' insatiable demand for iconic waterfront views, high-rising our city's historic neighborhoods and waterfront will result in an even greater gap between the haves and have-nots.

It will also recklessly alter San Francisco's unique character, skyline and scale forever.

instead, we need creative solutions that will truly address the lack of affordable housing for our lower and middle income residents without ruining our city with Miami-style towers.

The zoning change that allows single family homes to be replaced with 4 and 6-plexes is certainly a step in the right direction.

Finally, I would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Historic Districts and Waterfront from rapacious high-rise development.

On behalf of current and future generations, please uphold your Yes vote and override Mayor Breed's veto.

Thank you for your leadership, and your service to our great city.

Sincerely,

Hello,

Please see attached for 445 Letters regarding File No. 231079, which is Item No. 1 on today's Board of Supervisors meeting agenda.

File No. 231079: Ordinance amending the Planning Code to modify density limits in the Northeast Waterfront Historic District, the Jackson Square Historic District, and the Jackson Square Historic District Extension, except for projects in those areas using the Commercial to Residential Adaptive Reuse Program; affirming the Planning Commission's determination under the California Environmental Quality Act; making public necessity, convenience, and welfare findings under Planning Code, Section 302; and making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1. Supervisors,

Since 1971, San Francisco Heritage (SF Heritage) has led the civic discussion on the compatibility of rapid change with recognition and commemoration of this city's people and past. A 501(c)3 nonprofit membership organization with a mission to preserve and enhance San Francisco's unique architectural and cultural identity, SF Heritage has been instrumental in establishing the preservation protections that have allowed our city to evolve and flourish.

San Francisco Heritage requests **approval** of Board File No. 231079, an ordinance to restore density limits in the Northeast Waterfront Historic District, the Jackson Square Historic District, and the Jackson Square Historic District Extension. We recognize that this approval overrides Mayor Breed's March 14, 2024 veto.

Much of San Francisco's earliest extant architecture, buildings dating from the Gold Rush, are contained in these historic districts. Other structures dating from just after the 1906 Earthquake and Fire, importantly associated with the city's Italian-American community and its history as a world-renown port, are contributors.

These historic districts were the first to be recognized and designated by the City of San Francisco. This small section of the city has essentially carried San Francisco's origin story for more than 150 years, its brick and concrete storefronts, warehouses, and boarding houses have been successfully adapted over decades for robust economic and artistic uses. They continue to do so.

This is a small section of San Francisco that cannot handle large-scale development without fundamentally destroying the special and important story the landscape conveys about our history. Eliminating density limits for these few but important blocks was unintended, a recent legislative error.

San Francisco Heritage is enthusiastic to contribute to any discussion on the merits and value of historic districts, and indeed, any conversation on the future of this great city. Let's do it together, thoughtfully.

Sincerely,

Woody LaBounty
President & CEO

We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Audra Bert

Dear John Carroll,

Hi,

I have lived in San Francisco for 20 years and want desperately to own a home some day in this beautiful city. However, I do not want ridiculous projects like the one at 955 Sansome. Projects like that destroy the soul of this glorious city.

There are countless locations in the city available. Allowing developers to build a wall along the waterfront takes the city away from the average citizen and gives it to the elite in their towers.

You know this makes no sense. Please vote to override the Mayor's veto.

Sincerely,
Tyler Weeks

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Maria Dellafemina
San Francisco, CA 94109

Together, let's preserve the character and integrity of our neighborhood for current and future generations. As a long-term (34+ yrs.) of Outer Sunset/Parkside, I have enjoyed our coastal community and natural habitat throughout. I fear that developers and opportunistic politicians are set on destroying our local community and environment. We care about our sand dunes, snowy plovers and other flora and fauna that are less than 50 yds. Away. Please do what is best for the local residents and not the other interests.

Sincerely,
Stephen Gorski

Subject: Board File No. 231079 (Planning Code - Density Controls in Three Historic Districts)
Date: Monday, March 25, 2024 6:20:07 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors:

I am writing to urge your support of an override of Mayor Breed's veto of this legislation.

As a resident of and participant in San Francisco for the past four decades, and having been engaged in many of efforts focused on San Francisco's historic building resources and public policies around them, I can reasonably assert I hold some perspective and insight.

Keeping this short and simple, I will not attempt to invoke a rationale for why a more thoughtful treatment of the limited number of historic resources to which CCSF has extended some protections is called for. I will only remind us that what we do have is the result of decades-long effort by countless private citizens who had to repeatedly prod their government to take a broader, longer term view; one which acknowledges the economic and community/social/intangible values of these resources.

The lack of more careful consideration of the impacts of the density increases and up-zoning on recognized historic resources is a regression and deeply distressing in the face of the effort that was invested by San Franciscans.

I urge your support of the override.

Thank you.

Mark Ryser

Also the city does not need more expensive condos when the majority of people looking for housing are low income people.

I am not against building more housing in this area, but against high rises!

I read that out of 135 planned apartments only 25 would be affordable housing - that is crazy if true.

Dear John Carroll,

Please override the mayor's veto. Our housing needs can be met without highrise condos no one can sell and no one wants to spend \$2+ million on with monthly HOA fees of \$1200 or more that will only provide a couple affordable units here or there. The city has already been upzoned to 4-6 units. There are wonderful developments going in that are 100% affordable. ADUs are going in. We need workforce housing not luxury condos like 1545 Market and tons of downtown units no one can sell. No need to make the rest of the city a ghost town like downtown.

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Blaine Ellis
San Francisco, CA 94133

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Also the city does not need more expensive condos when the majority of people looking for housing are low income people.

I am not against building more housing in this area, but against high rises!

I read that out of 135 planned apartments only 25 would be affordable housing - that is crazy if true.

Sincerely,
Isabel Ross

Subject: Re: Board File No. 231079 (Planning Code – Density Controls in Three Historic Districts)
Date: Monday, March 25, 2024 9:48:40 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Honorable Supervisors,

I am writing to urge the Board to **approve** Board File No. 231079 and override Mayor Breed's veto of 14 March 2024, which jeopardizes our City's oldest and most historic areas.

Designated in 1971 and 1983, respectively, Jackson Square (the City's first National Register Historic District) and the Northeast Waterfront Historic District are relatively small areas that convey the earliest history of our City and the West. The long-standing designations and density limits do not freeze these areas against development, rather they are thriving, diverse neighborhoods, booming centers of the AI sector that draw millions of dollars of investment, and they still continue to convey historic significance. It works well as it is.

Sincerely,
Katherine Petrin
District 7 Resident
District 3 Business Owner

Living on Telegraph Hill, we get to experience the joyous energy of neighbors, visitors and tourists from all over the world marveling at the beautifully preserved city views from Telegraph Hill. To allow buildings over 3 times the current height limits irreversibly block sight lines to that which greatly contributes to our city's soul would be crushing to the wonder of our unique city and surely rob all-neighbor, resident, visitor, tourist and the like the unique joy and happiness San Francisco provides to our world.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Jerrold Scattini
San Francisco, CA 94123

We urge you to uphold your Yes vote and override Mayor Breed's veto.

Living on Telegraph Hill, we get to experience the joyous energy of neighbors, visitors and tourists from all over the world marveling at the beautifully preserved city views from Telegraph Hill. To allow buildings over 3 times the current height limits irreversibly block sight lines to that which greatly contributes to our city's soul would be crushing to the wonder of our unique city and surely rob all-neighbor, resident, visitor, tourist and the like the unique joy and happiness San Francisco provides to our world.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Patricia Arack
San Francisco, CA 94116

Dear John Carroll,

To The Board of Supervisors:

Please overturn the mayor's veto of legislation that would retain local authority over decision-making affecting development in communities.

DO NOT ABBROGATE LOCAL COMMUNITIES' RIGHT TO DETERMINE HOW THEIR ENVIRONMENT AND QUALITY OF LIFE WILL BE SHAPED.

Reinforce Board President Peskin's initiative to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Preserve the character and integrity of our neighborhood for current and future generations.

Subject: OVERRIDE MAYOR'S VETO: Protect Our Historic NE Waterfront from High-Rise Development!

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Hanmin Liu
San Francisco, CA 94133

This is not a downzoning measure. It simply provides protection for a tiny historical area that would otherwise be destroyed by monolithic towers.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Strolling along the waterfront is one of the joys that residents share with out of town visitors. This is a view that really never gets old. Please help preserve it for future generations instead of pandering it off to speculators for the development of luxury high rises to benefit a minuscule fraction of the people who enjoy it every day.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. Dear John Carroll,

Building high rise buildings on the waterfront is yet another assault on our formerly iconic city skyline. Were it not for a few recognizable, architecturally unusual dots in the landscape, this city would look like every other city overwhelmed by hideous big box architecture that's ugly because beauty doesn't "pencil." There's also the issues of rising water levels, and perhaps liquefaction beneath giant, heavy monstrosities that block views for life-long city dwellers. There is no good reason to build them besides lining the pockets of developers who have already made fortunes robbing San Francisco of its former loveliness.

The city currently has 61K empty units; a lot of those high end high rises might as well be completely empty, and there are empty buildings downtown and in the financial district that need repurposing. The last thing we need to do now is build more huge buildings. When you go by them at night, maybe half a dozen windows are illuminated. When I was on the Civil Grand Jury in 2017-18, writing the report that made in-law units legal, I read about an FBI investigation of real estate sales here. A shocking number of people buying here were laundering money. Foreign oligarchs buy property, so the developers are happy, but they leave them empty. We've got to end the Willie Brown school of running this city.

Please vote unanimously to undo the veto. The last thing we need is to use city funds to "save" buildings, that should never have been built at all, on land that is environmentally threatened to begin with.

Sincerely,
Roberta Segal

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
francine grant

Dear John Carroll,

The true residents of San Francisco do not want high rise buildings along her waterfront, it's absurd to think otherwise. Please override this poor decision made by Breed. I do not come from a Nimby attitude, I believe in responsible development that retains the character of our unique city.

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. As I am a resident of Pacific Height I particularly urge Supervisor Stefani to stay the course. I moved to the city in 1970 and I still find the Fontana towers totally out of proportion.
You are one of the few bright lights in the city.

Dear John Carroll,

Thank you supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from high-rise development. I believe your votes reflect the desires of those who live in this city.

I urge you to uphold your Yes vote and override Mayor Breed's veto. With all due respect to Mayor Breed, no one person should not be allowed to change the character of this amazing city in the name of politics.

The supervisors' legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations. This is what the people who live in this city want – protection of the unique beauty of our city. Please do not bow to the weight of a political movement trying to solve the housing problem with solutions that are not coherent and threatened to change one of the most beautiful cities in the world. There are plenty of other ways to solve the housing problem without destroying San Francisco as we know it.

Subject: OVERRIDE MAYOR'S VETO: Protect Our Historic NE Waterfront from High-Rise Development!

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Renita LiVolsi
San Francisco, CA 94109

Dear John Carroll,

To The Board of Supervisors:

Please overturn the mayor's veto of legislation that would retain local authority over decision-making affecting development in communities.

DO NOT ABBROGATE LOCAL COMMUNITIES' RIGHT TO DETERMINE HOW THEIR ENVIRONMENT AND QUALITY OF LIFE WILL BE SHAPED.

Reinforce Board President Peskin's initiative to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Preserve the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

Please override the Mayor's veto of this important legislation.

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Katherine Howard
San Francisco, CA 94122

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Robyn Tucker

Dear John Carroll,

This is to add my voice to the many wishing to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for supporting legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079). Introduced by Board President Aaron Peskin, it aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Please listen to the residents of San Francisco, not the backers of blind development behind Mayor Breed's veto of this important initiative. A core reason for our city's appeal, and high-stakes real-estate issues, is its unique identity as a conglomerate of individual, human-scale villages. Please honor this heritage by standing behind this citizen-backed plan to preserve the character and integrity of our neighborhood for current and future generations

Sincerely,
CJ Verburg

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Carol Ann Rogers
San Francisco, CA 94133

Dear Board of Supervisors,

This is to add my voice to the many wishing to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for supporting legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079). Introduced by Board President Aaron Peskin, it aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Please listen to the residents of San Francisco, not the backers of blind development behind Mayor Breed's veto of this important initiative. A core reason for our city's appeal, and high-stakes real-estate issues, is its unique identity as a conglomerate of individual, human-scale villages. Please honor this heritage by standing behind this citizen-backed plan to preserve the character and integrity of our neighborhood for current and future generations

Sincerely,

We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Guido Costella

Dear Board of Supervisors,

Building high rise buildings on the waterfront is yet another assault on our formerly iconic city skyline. Were it not for a few recognizable, architecturally unusual dots in the landscape, this city would look like every other city overwhelmed by hideous big box architecture that's ugly because beauty doesn't "pencil." There's also the issues of rising water levels, and perhaps liquefaction beneath giant, heavy monstrosities that block views for life-long city dwellers. There is no good reason to build them besides lining the pockets of developers who have already made fortunes robbing San Francisco of its former loveliness.

The city currently has 61K empty units; a lot of those high end high rises might as well be completely empty, and there are empty buildings downtown and in the financial district that need repurposing. The last thing we need to do now is build more huge buildings. When you go by them at night, maybe half a dozen windows are illuminated. When I was on the Civil Grand Jury in 2017-18, writing the report that made in-law units legal, I read about an FBI investigation of real estate sales here. A shocking number of people buying here were laundering money. Foreign oligarchs buy property, so the developers are happy, but they leave them empty. We've got to end the Willie Brown school of running this city.

Please vote unanimously to undo the veto. The last thing we need is to use city funds to "save" buildings, that should never have been built at all, on land that is environmentally threatened to begin with.

Sincerely,
Roberta Segal

We urge you to uphold your Yes vote and override Mayor Breed's veto.

Strolling along the waterfront is one of the joys that residents share with out of town visitors. This is a view that really never gets old. Please help preserve it for future generations instead of pandering it off to speculators for the development of luxury high rises to benefit a minuscule fraction of the people who enjoy it every day.

I am a resident of San Francisco and i would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations. Thank you for your unwavering and continued support.

Sincerely,
Harry Wong

Subject: Item 1 - Please override the Mayor's veto of Board File No. 2331079
Date: Saturday, March 23, 2024 2:53:15 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors,

Board File No. 2331079 is a common sense effort to protect buildings and people in a historic SF neighborhood.

San Francisco is NOT Manhattan. I am puzzled that some folks move here because San Francisco is a beautiful city with human-scale neighborhoods, and then they try to destroy it. My guess is that after all the characteristics that make SF unique have been destroyed, those people will take their stock options and move elsewhere. Meanwhile, the average resident will have been priced out, and the entire city will be an empty shell of itself – just like downtown is now.

Please stop the tower madness. Over-ride the Mayor's veto!

Thank you.

Katherine Howard

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Leah Bernstein

Dear Board of Supervisors,

To The Board of Supervisors:

Please overturn the mayor's veto of legislation that would retain local authority over decision-making affecting development in communities.

DO NOT ABBROGATE LOCAL COMMUNITIES' RIGHT TO DETERMINE HOW THEIR ENVIRONMENT AND QUALITY OF LIFE WILL BE SHAPED.

Reinforce Board President Peskin's initiative to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Mary Judith Robinson

Dear John Carroll,

I would like to thank Supervisors Chan, Stefani, Peskin, Preston, Mandelman, Ronen, Walton, and Safai for their support of legislation aimed at safeguarding the NE Waterfront from avaricious high-rise developers. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Leilani Chun

Dear Board of Supervisors,

Thank you supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from high-rise development. I believe your votes reflect the desires of those who live in this city.

I urge you to uphold your Yes vote and override Mayor Breed's veto. With all due respect to Mayor Breed, no one person should not be allowed to change the character of this amazing city in the name of politics.

The supervisors' legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations. This is what the people who live in this city want – protection of the unique beauty of our city. Please do not bow to the weight of a political movement trying to solve the housing problem with solutions that are not coherent and threatened to change one of the most beautiful cities in the world. There are plenty of other ways to solve the housing problem without destroying San Francisco as we know it.

Sincerely,
Beth Cataldo

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Christine Hsu

Please consider how beautiful and how historic the NE waterfront district is not only to the residents of this city but to the many tourists who come here annually to enjoy San Francisco. It is these small communities and untouched historic districts that bring people here to live and enjoy on an annual basis.

There are many other areas of the city that are more appropriately suited for these types of high-rise living spaces that blend in better with their surrounding environment.

I ask you to please do your best to keep this historic area as is for future generations to experience.

Thak you.
Respectfully,
Mike Ferro

Dear John Carroll,

I was born in SF 71 years ago at Mt Zion hospital. I have lived here ever since... My family has given birth to 4 generations here in SF and 6 in California. WE CARE!!

Thank you Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from completely unnecessary high-rise development. It seems the Mayor is out of touch with all of the prolific "for sale and for rent" signs that blight our city. We have no shortage of space in SF for residential or retail development.

I urge you to uphold your Yes vote and override Mayor Breed's veto. This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from becoming a dense eyesore.

Together, let's preserve the character and integrity of our neighborhoods and KEEP SF BEAUTIFUL!

Mayor Breed's action is a sad further example of the extremism rampant in the US and the world today. Aaron Peskin is a moderate concerned both about supporting the needy and about preserving the society and the city. I only hope we can remove her and hope she heals and allow the moderate majority (a new party?: The Moderate Majority) to enact reasonable legislation to preserve our society and humanity.

Subject: OVERRIDE MAYOR'S VETO: Protect Our Historic NE Waterfront from High-Rise Development!

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

I would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development. I have lived in this neighborhood for over 35 years and do not want to see developers change it's beauty for money. I would like my children to continue to enjoy living here for years to come.

Please override the Mayor's veto.

Sincerely,
Patrice Mulholland
San Francisco, CA 94133

I have been to Miami, and several Caribbean beach cities, where a Wall of hotels and luxury apartments line the waterfront towering over the public space. San Franciscans will not allow such destruction of the human and esthetic scale of our uniquely beautiful city!

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Sherry Sawyer
San Francisco, CA 94111

Dear John Carroll,

Please do not build these high rises. The old freeway overpass ruined the waterfront. Why do we want to do that again with another obtrusive structure? Please do not ruin the waterfront/Barbary Coast that is historic!

Dear John Carroll,

I thank Supervisors Chan, Stefani, Peskin, Preston, Mandelman, Ronen, Walton, and Safai for your support of legislation aimed at correcting an obvious error in recent zoning legislation. Board File No. 231079. That error opened up big and "tall" loopholes now being exploited by developers.

We need to safeguard the northeast waterfront and neighborhoods from ridiculous high rise development. Once built, these overwhelming eyesores will be with us and several generations beyond us--perhaps a century or more. We can't undo that later. These projects are commonly luxury condominiums sold to owners of multiple residential properties as City "get aways" at top dollar. They WORSEN our community, burden our infrastructure, compete for construction resources and ESCALATE their cost, and even take away parcels for real affordable housing. At their core, they are negatives on many dimensions sponsored by for-profit developer interests. Enough!

I urge you to uphold your Yes vote and override Mayor Breed's veto of Supervisor Peskin's legislation to correct the unfortunate code error.

Regards, Elias Blawie & Pam Stoner

Subject: OVERRIDE MAYOR'S VETO: Protect Our Historic NE Waterfront from High-Rise Development!

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Pamela Stoner

Building High-Rise Development on reclaimed land area vulnerable to sea level rise and soil liquefaction during an earthquake will put San Franciscans at great risk. Build sustainably on good land that will not carry the risk of displacing families in the next Earthquake.

President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations. Moreover, let's not expose San Franciscans to avoidable risks and build on solid ground rather than reclaimed land exposed to sea level rise and seismic soil liquefaction risks. What are those risks? Future displacement from homes and bodily harm. This veto will promote the construction of unsustainable homes. Please override and build homes responsibly.

Sincerely,
Cris Subrizi

Dear Board of Supervisors,

I thank Supervisors Chan, Stefani, Peskin, Preston, Mandelman, Ronen, Walton, and Safai for your support of legislation aimed at correcting an obvious error in recent zoning legislation. Board File No. 231079. That error opened up big and "tall" loopholes now being exploited by developers.

We need to safeguard the northeast waterfront and neighborhoods from ridiculous high rise development. Once built, these overwhelming eyesores will be with us and several generations beyond us--perhaps a century or more. We can't undo that later. These projects are commonly luxury condominiums sold to owners of multiple residential properties as City "get aways" at top dollar. They WORSEN our community, burden our infrastructure, compete for construction resources and ESCALATE their cost, and even take away parcels for real affordable housing. At their core, they are negatives on many dimensions sponsored by for-profit developer interests. Enough!

I urge you to uphold your Yes vote and override Mayor Breed's veto of Supervisor Peskin's legislation to correct the unfortunate code error.

Regards, Elias Blawie & Pam Stoner

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Marialice Dockus

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

I have been to Miami, and several Caribbean beach cities, where a Wall of hotels and luxury apartments line the waterfront towering over the public space. San Franciscans will not allow such destruction of the human and esthetic scale of our uniquely beautiful city!

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Nadya Williams

Mayor Breed's action is a sad further example of the extremism rampant in the US and the world today. Aaron Peskin is a moderate concerned both about supporting the needy and about preserving the society and the city. I only hope we can remove her and hope she heals and allow the moderate majority (a new party?: The Moderate Majority) to enact reasonable legislation to preserve our society and humanity.

Sincerely,
Lee Robbins

Dear Board of Supervisors,

I was born in SF 71 years ago at Mt Zion hospital. I have lived here ever since... My family has given birth to 4 generations here in SF and 6 in California. WE CARE!!

Thank you Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from completely unnecessary high-rise development. It seems the Mayor is out of touch with all of the prolific "for sale and for rent" signs that blight our city. We have no shortage of space in SF for residential or retail development.

I urge you to uphold your Yes vote and override Mayor Breed's veto. This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from becoming a dense eyesore.

Together, let's preserve the character and integrity of our neighborhoods and KEEP SF BEAUTIFUL!

Please consider how beautiful and how historic the NE waterfront district is not only to the residents of this city but to the many tourists who come here annually to enjoy San Francisco. It is these small communities and untouched historic districts that bring people here to live and enjoy on an annual basis.

There are many other areas of the city that are more appropriately suited for these types of high-rise living spaces that blend in better with their surrounding environment.

I ask you to please do your best to keep this historic area as is for future generations to experience.

Thank you.
Respectfully,
Mike Ferro

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Christine Hsu

Together, let's preserve the character and integrity of San Francisco, and this charming neighborhood, for current and future generations.

It would be a shame if Mayor Breed's veto stands; she know she will not be reelected so no longer cares about the city or its inhabitants. IF she ever did. And that is not at all clear because actions speak louder than words and her ACTIONS, or lack thereof, are reprehensible and indefensible.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

I thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. I respectfully urge you to uphold your Yes vote on the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), and override Mayor Breed's ill-advised veto.

Here's why:

SF topography makes its vistas endlessly interesting and beautiful. SF's location by water makes its waterfront irresistible for high rise development, blocking vistas in all directions. This contradiction must be addressed by sensible, balanced development policy. The state has no stake in this. SF as a community does. Therefore:

Please vote to override the Mayor's veto of Board File No. 231079. The proposal aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

This legislation seeks to ensure common sense in our planning code and to safeguard our iconic waterfront from high-rise development. (See the Fontana for what that looks like.) Please act in your constituents' interest in protecting the character and integrity of SF's incomparable north-east neighborhood for current and future generations.

I said this in support of the original legislation and I repeat with hope you will continue the commitment you showed when you supported it. Thank you!

Sincerely,
Lucy Johns

Dear John Carroll,

I urge the Board of Supervisors to take action to protect San Francisco's historic neighborhoods. The Planning Department's proposed upzoning needs to be revisited. San Francisco is not Miami. Please do not allow the development of medium and high-rise buildings on our neighborhoods near the water. You need to ensure that the Planning Department does not unwittingly unleash rapacious real estate developers on our low density neighborhoods near the water. In particular, the upzoning in the Marina/Cow Hollow district will damage this vibrant neighborhood. I am sympathetic to the City's need to encourage the development of affordable housing. However, we do not create affordable housing by encouraging medium and high-rise buildings in one of our most expensive neighborhoods.

Sincerely,
Philip Scruggs

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Christine Russell

Dear Board of Supervisors,

I urge the Board of Supervisors to take action to protect San Francisco's historic neighborhoods. The Planning Department's proposed upzoning needs to be revisited. San Francisco is not Miami. Please do not allow the development of medium and high-rise buildings on our neighborhoods near the water. You need to ensure that the Planning Department does not unwittingly unleash rapacious real estate developers on our low density neighborhoods near the water. In particular, the upzoning in the Marina/Cow Hollow district will damage this vibrant neighborhood. I am sympathetic to the City's need to encourage the development of affordable housing. However, we do not create affordable housing by encouraging medium and high-rise buildings in one of our most expensive neighborhoods.

Sincerely,
Philip Scruggs

Date: Thursday, March 21, 2024 12:21:23 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. I respectfully urge you to uphold your Yes vote on the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), and override Mayor Breed's ill-advised veto.

Here's why:

SF topography makes its vistas endlessly interesting and beautiful. SF's location by water makes its waterfront irresistible for high rise development, blocking vistas in all directions. This contradiction must be addressed by sensible, balanced development policy. The state has no stake in this. SF as a community does. Therefore:

Please vote to override the Mayor's veto of Board File No. 231079. The proposal aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

This legislation seeks to ensure common sense in our planning code and to safeguard our iconic waterfront from high-rise development. (See the Fontana for what that looks like.) Please act in your constituents' interest in protecting the character and integrity of SF's incomparable north-east neighborhood for current and future generations.

I said this in support of the original legislation and I repeat with hope you will continue the commitment you showed when you supported it. Thank you!

Sincerely,
Lucy Johns

Together, let's preserve the character and integrity of our neighborhood for current and future generations. As a long-term (34+ yrs.) of Outer Sunset/Parkside, I have enjoyed our coastal community and natural habitat throughout. I fear that developers and opportunistic politicians are set on destroying our local community and environment. We care about our sand dunes, snowy plovers and other flora and fauna that are less than 50 yds. Away. Please do what is best for the local residents and not the other interests.

Sincerely,
Stephen Gorski

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Maria Dellafemina
San Francisco, CA 94109

Together, let's preserve the character and integrity of our neighborhood for current and future generations. As a long-term (34+ yrs.) of Outer Sunset/Parkside, I have enjoyed our coastal community and natural habitat throughout. I fear that developers and opportunistic politicians are set on destroying our local community and environment. We care about our sand dunes, snowy plovers and other flora and fauna that are less than 50 yds. Away. Please do what is best for the local residents and not the other interests.

Sincerely,
Stephen Gorski

Dear John Carroll,

Hi,

I have lived in San Francisco for 20 years and want desperately to own a home some day in this beautiful city. However, I do not want ridiculous projects like the one at 955 Sansome. Projects like that destroy the soul of this glorious city.

There are countless locations in the city available. Allowing developers to build a wall along the waterfront takes the city away from the average citizen and gives it to the elite in their towers.

You know this makes no sense. Please vote to override the Mayor's veto.

Sincerely,
Tyler Weeks

Dear John Carroll,

Please override the mayor's veto. Our housing needs can be met without highrise condos no one can sell and no one wants to spend \$2+ million on with monthly HOA fees of \$1200 or more that will only provide a couple affordable units here or there. The city has already been upzoned to 4-6 units. There are wonderful developments going in that are 100% affordable. ADUs are going in. We need workforce housing not luxury condos like 1545 Market and tons of downtown units no one can sell. No need to make the rest of the city a ghost town like downtown.

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. Hi John,

Could you please also add this letter from former Planning Director John Rahaim to the legislative file for the C-2 legislation?

Nate Horrell

Legislative Aide

Board President Aaron Peskin

Subject: C2 Legislation

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Supervisor Peskin. I hope this finds you well.

I have reviewed your proposed legislation that would reinstate density limits on certain areas within the C2 district and would like to offer some comments.

First, as you know, I am generally a strong proponent of increasing housing density allowances in the city. Simply put, we need to increase housing production in the city and elsewhere in California, to help lower housing costs and address homelessness. I encourage you to read a recent book written by two researchers at the University of Washington, Gregg Colburn and Clayton Page Aldern, "Homelessness is a Housing

Problem”. Their study puts forward clear data to show that the primary cause of homelessness is the overall lack of housing and access to affordable housing.

I also believe that there are many, many locations in the city where increased housing densities just make sense. I am a strong supporter of the Planning Department’s current effort to increase densities along the commercial corridors in the west side. And I will say bluntly that invoking "neighborhood character” to oppose these increases is simply code for stopping change. In fact, I would argue that denser and taller development along these corridors would improve so-called neighborhood character by increasing street level activity and making a clear distinction between residential and commercial areas.

Further I do not subscribe to the outdated notion that placing tall buildings adjacent to smaller buildings inherently represents poor urban design. Many cities, including San Francisco, have long contained a great variety of building heights and sizes within the same blocks, allowing for a range of housing types, sizes and costs within the same neighborhood. Almost none of these streets have been damaging to "neighborhood character" and in fact, have largely created that character. As a design matter, I believe that large width of many new buildings is more problematic than the height.

Having said all this, I do believe there are certain areas where some limitations on these building size differences are appropriate. To that end, I am supportive of your revised legislation to reinstate some density limits in the two historic districts, as recommended by the Planning Department and the Planning Commission. I have long believed that we can and should be cautious about new buildings in certain historic districts. These districts, which represent a very small percentage of the city’s land area, do indeed help to define the city’s special nature. This is not to say that taller buildings are not appropriate in these districts, but rather, that some limitations are appropriate. With the state’s “double density” allowances, I believe these limits have been breached in these historic districts. To be clear, I have also long argued that we should be more flexible in allowing change in these districts, with the goal being to maintain most of the structures but allowing modifications and additions more flexibly. I believe your legislation would aid in that effort as well.

It is worth emphasizing that the potential number of housing units “lost” with this legislation is virtually irrelevant to meeting the city’s housing goals. The numbers are minuscule compared to the overall goal of 82,000 units.

Most importantly, I continue to be quite concerned and quite frustrated by the lack of

progress in the actual construction of entitled housing projects. It is my understanding that over 70,000 units of housing are currently approved. (I believe, but am not certain, that this is the highest number of any city in the state). Frankly, I take this as a personal affront. During my tenure, the Planning Department was repeatedly criticized for the slow pace of housing approvals, with our process being blamed for the lack of housing production. The current state of affairs belies this notion. The sponsors of most of these entitled projects are not even seeking permits. With all of the recent legislation at both the city and state levels, it appears that the goal of our housing policy is to **approve** housing projects, rather than actually **build** them. This is absurd. It is beyond time that the city, region and state actually employ new strategies to help get these projects built, including direct subsidies. In my view, we should consider housing, especially low and middle income housing, as an integral element of our infrastructure, rather than a commodity for only those who can afford it. We would never question whether the public should provide water systems or streets. Why should housing not be a similar public concern?

Thank you for considering my input. I hope it provides some assistance in your process to move this legislation forward.

John Rahaim
Former Planning Director

Subject: OVERRIDE MAYOR'S VETO: Protect Our Historic NE Waterfront from High-Rise Development!
Date: Monday, March 25, 2024 11:10:37 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Also the city does not need more expensive condos when the majority of people looking for housing are low income people.

I am not against building more housing in this area, but against high rises!

I read that out of 135 planned apartments only 25 would be affordable housing - that is crazy if true.

Sincerely,
Isabel Ross

March 25, 2024

San Francisco Board of Supervisors
c/o Angela Calvillo
1 Dr. Carlton B. Goodlett Place, Room 244
San Francisco, CA 94102

RE: Board File No. 231079 (Planning Code – Density Controls in Three Historic Districts)

Supervisors,

Since 1971, San Francisco Heritage (SF Heritage) has led the civic discussion on the compatibility of rapid change with recognition and commemoration of this city's people and past. A 501(c)3 nonprofit membership organization with a mission to preserve and enhance San Francisco's unique architectural and cultural identity, SF Heritage has been instrumental in establishing the preservation protections that have allowed our city to evolve and flourish.

We request **approval** of Board File No. 231079, an ordinance to restore density limits in the Northeast Waterfront Historic District, the Jackson Square Historic District, and the Jackson Square Historic District Extension. We recognize that this approval overrides Mayor Breed's March 14, 2024 veto.

Much of San Francisco's earliest extant architecture, buildings dating from the Gold Rush, are contained in these historic districts. Other structures dating from just after the 1906 Earthquake and Fire, importantly associated with the city's Italian-American community and its history as a world-renown port, are contributors.

These historic districts were the first to be recognized and designated by the City of San Francisco. This small section of the city has essentially carried San Francisco's origin story for more than 150 years, its brick and concrete storefronts, warehouses, and boarding houses have been successfully adapted over decades for robust economic and artistic uses. They continue to do so.

This is a small section of San Francisco that cannot handle large-scale development without fundamentally destroying the special and important story the landscape conveys about our history. Eliminating density limits for these few but important blocks was unintended, a recent legislative error.

San Francisco Heritage is enthusiastic to contribute to any discussion on the merits and value of historic districts, and indeed, any conversation on the future of this great city. Let's do it together, thoughtfully.

Sincerely,

Woody LaBounty
President & CEO

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Linda Moriarty

Dear John Carroll,

The true residents of San Francisco do not want high rise buildings along her waterfront, it's absurd to think otherwise. Please override this poor decision made by Breed. I do not come from a Nimby attitude, I believe in responsible development that retains the character of our unique city.

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. Dear John Carroll,

Building high rise buildings on the waterfront is yet another assault on our formerly iconic city skyline. Were it not for a few recognizable, architecturally unusual dots in the landscape, this city would look like every other city overwhelmed by hideous big box architecture that's ugly because beauty doesn't "pencil." There's also the issues of rising water levels, and perhaps liquefaction beneath giant, heavy monstrosities that block views for life-long city dwellers. There is no good reason to build them besides lining the pockets of developers who have already made fortunes robbing San Francisco of its former loveliness.

The city currently has 61K empty units; a lot of those high end high rises might as well be completely empty, and there are empty buildings downtown and in the financial district that need repurposing. The last thing we need to do now is build more huge buildings. When you go by them at night, maybe half a dozen windows are illuminated. When I was on the Civil Grand Jury in 2017-18, writing the report that made in-law units legal, I read about an FBI investigation of real estate sales here. A shocking number of people buying here were laundering money. Foreign oligarchs buy property, so the developers are happy, but they leave them empty. We've got to end the Willie Brown school of running this city.

Please vote unanimously to undo the veto. The last thing we need is to use city funds to "save" buildings, that should never have been built at all, on land that is environmentally threatened to begin with.

Sincerely,
Roberta Segal

Strolling along the waterfront is one of the joys that residents share with out of town visitors. This is a view that really never gets old. Please help preserve it for future generations instead of pandering it off to speculators for the development of luxury high rises to benefit a minuscule fraction of the people who enjoy it every day.

Dear John Carroll,

I would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from unnecessary high-rise development that will cause immeasurable damage to the character of our city. We urge you to uphold your Yes vote and override Mayor Breed's veto, and send a strong message that ALL citizens of this city do not wish to see it destroyed by reactionary politics.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Neville Morcom

Dear John Carroll,

To The Board of Supervisors:

Please overturn the mayor's veto of legislation that would retain local authority over decision-making affecting development in communities.

DO NOT ABBROGATE LOCAL COMMUNITIES' RIGHT TO DETERMINE HOW THEIR ENVIRONMENT AND QUALITY OF LIFE WILL BE SHAPED.

Reinforce Board President Peskin's initiative to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Preserve the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Stephen Gorski

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Abraham Fahim

Dear John Carroll,

This is to add my voice to the many wishing to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for supporting legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079). Introduced by Board President Aaron Peskin, it aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Please listen to the residents of San Francisco, not the backers of blind development behind Mayor Breed's veto of this important initiative. A core reason for our city's appeal, and high-stakes real-estate issues, is its unique identity as a conglomerate of individual, human-scale villages. Please honor this heritage by standing behind this citizen-backed plan to preserve the character and integrity of our neighborhood for current and future generations

Sincerely,
CJ Verburg

Date: Friday, March 22, 2024 9:58:10 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Michele Benvenuto

President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations. Moreover, let's not expose San Franciscans to avoidable risks and build on solid ground rather than reclaimed land exposed to sea level rise and seismic soil liquefaction risks. What are those risks? Future displacement from homes and bodily harm. This veto will promote the construction of unsustainable homes. Please override and build homes responsibly.

Sincerely,
Cris Subrizi

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Building High-Rise Development on reclaimed land area vulnerable to sea level rise and soil liquefaction during an earthquake will put San Franciscans at great risk. Build sustainably on good land that will not carry the risk of displacing families in the next Earthquake.

Sincerely,
Dulce Morales

Dear John Carroll,

I thank Supervisors Chan, Stefani, Peskin, Preston, Mandelman, Ronen, Walton, and Safai for your support of legislation aimed at correcting an obvious error in recent zoning legislation. Board File No. 231079. That error opened up big and "tall" loopholes now being exploited by developers.

We need to safeguard the northeast waterfront and neighborhoods from ridiculous high rise development. Once built, these overwhelming eyesores will be with us and several generations beyond us--perhaps a century or more. We can't undo that later. These projects are commonly luxury condominiums sold to owners of multiple residential properties as City "get aways" at top dollar. They WORSEN our community, burden our infrastructure, compete for construction resources and ESCALATE their cost, and even take away parcels for real affordable housing. At their core, they are negatives on many dimensions sponsored by for-profit developer interests. Enough!

I urge you to uphold your Yes vote and override Mayor Breed's veto of Supervisor Peskin's legislation to correct the unfortunate code error.

Regards, Elias Blawie & Pam Stoner

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Peter Gowdy

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Chris Self

Mayor Breed's action is a sad further example of the extremism rampant in the US and the world today. Aaron Peskin is a moderate concerned both about supporting the needy and about preserving the society and the city. I only hope we can remove her and hope she heals and allow the moderate majority (a new party?: The Moderate Majority) to enact reasonable legislation to preserve our society and humanity.

Sincerely,

Dear John Carroll,

I was born in SF 71 years ago at Mt Zion hospital. I have lived here ever since... My family has given birth to 4 generations here in SF and 6 in California. WE CARE!!

Thank you Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from completely unnecessary high-rise development. It seems the Mayor is out of touch with all of the prolific "for sale and for rent" signs that blight our city. We have no shortage of space in SF for residential or retail development.

I urge you to uphold your Yes vote and override Mayor Breed's veto. This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from becoming a dense eyesore.

Together, let's preserve the character and integrity of our neighborhoods and KEEP SF BEAUTIFUL!

Please consider how beautiful and how historic the NE waterfront district is not only to the residents of this city but to the many tourists who come here annually to enjoy San Francisco. It is these small communities and untouched historic districts that bring people here to live and enjoy on an annual basis.

There are many other areas of the city that are more appropriately suited for these types of high-rise living spaces that blend in better with their surrounding environment.

I ask you to please do your best to keep this historic area as is for future generations to experience.

Thank you.
Respectfully,
Mike Ferro

Maybe we should rethink business tax subsidies to lure corporations to San Francisco. These firms underpay their employees living in the Bay Area thus increasing the need for subsidized housing. Together, let's leverage economics and common sense to preserve the character and integrity of our neighborhood for current and future generations.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

Dear Mayor Breed and Supervisors,

The historic northeast waterfront and Telegraph Hill/North Beach district are not only unique, iconic sites admired around the world, they are the draw for a major part of our main industry -tourism. Allow high rise development in the NE Waterfront and SF will become just another city and another reason to spend tourism money elsewhere. There is nowhere in our country where such a large historic area remains part of the day to day world and yet retains its centuries' old character. If you allow high-rise development to go forward, you will only be creating more asset parks in unserved areas.

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Susan Mackowski

President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Jackson Square and the Northeast Waterfront are some of the only downtown neighborhoods bucking the trend of divestment by businesses. The exact things that are attracting companies to these neighborhoods are precisely what allowing massive high-rise development would destroy: historic charm and smaller building footprints. Allowing the area to be subject to Manhattanization is only going to expand the Financial District's dead zone.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Alexander Coughlin

The Mayor is confusing our desire for a cleaner more orderly San Francisco with carte blanche for decisions that alter the very nature of the City itself. She offers to save the City from its current blight by so altering its nature and experience as to make it not worth saving.

Do not allow her to make this mistake.

Sincerely,
chris chouteau

Hi all,

I'd like to thank Matt Dorsey, Joel Engardio, and Myrna Melgar for voting against this action ([231079](#) - "Planning Code - Density Controls in Three Historic Districts"). And I'm grateful Mayor Breed vetoed this given the eight supervisors who continue to cause harm to our city by making it even more difficult than it already is to build enough housing. Enough with the Nimby nonsense. This past election should be a warning that the citizens who live and work in San Francisco want change and progress, not more of the status quo that continues to damage our reputation globally. Please do not try to override Mayor Breed's veto.

Regards,
Michael Tiano
District 9

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
NFN Sountru

Dear Board of Supervisors,

I support the board's recent vote to restore the previous height limits along the Northeast Waterfront. I was surprised and disappointed by the mayor's veto and urge you to override it. This waterfront is a crucial part of the unique appeal of San Francisco. Preserving the look and feel of this waterfront not only protects the unique character of our beloved city, it also is one of the things that helps attract businesses and talent.

Please vote to override the mayor's veto. Thank you.

Dear Board of Supervisors,

Please don't build a wall along the Embarcadero. Didn't we learn our lesson when the freeway destroyed the neighborhood along the waterfront. The historic district will always be a magnet for tourism, but not with these monstrosities destroying the character of the open views. We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Sean Roherty

I am extremely upset at the proposals to raise the height limit in this area and also in Cow Hollow and the Marina. The proposed changes will ruin the beauty of this area to build luxury high rises that will in no way be affordable housing. This will be the single issue I will be voting on in the next election.

Dear Board of Supervisors,

To the Board of Supervisors:

Please override the Mayor's veto of Board File No. 231079.

I am not against building more taller buildings in SF. However, we should have a proper planning and review process before we embark on this new path.

Thank you Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your diligence i this matter,

Sincerely,
Jack Oswald
San Francisco, CA 94133

Dear Board of Supervisors,

Thank you to Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. I urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079).

I was shocked by the mayor's veto and hope you will step up to preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Kellin Defiel-Scudder

Dear Board of Supervisors,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Pedro Salrach

Dear John Carroll,

To the Board of Supervisors:

Please override the Mayor's veto of Board File No. 231079.

I am not against building more taller buildings in SF. However, we should have a proper planning and review process before we embark on this new path.

Thank you Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your diligence i this matter,

Sincerely,

The Mayor is confusing our desire for a cleaner more orderly San Francisco with carte blanche for decisions that alter the very nature of the City itself. She offers to save the City from its current blight by so altering its nature and experience as to make it not worth saving.

Do not allow her to make this mistake.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

I am extremely upset at the proposals to raise the height limit in this area and also in Cow Hollow and the Marina. The proposed changes will ruin the beauty of this area to build luxury high rises that will in no way be affordable housing. This will be the single issue I will be voting on in the next election.

Sincerely,
Jessica Vistnes
San Francisco, CA 94123

Jackson Square and the Northeast Waterfront are some of the only downtown neighborhoods bucking the trend of divestment by businesses. The exact things that are attracting companies to these neighborhoods are precisely what allowing massive high-rise development would destroy: historic charm and smaller building footprints. Allowing the area to be subject to Manhattanization is only going to expand the Financial District's dead zone.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

Dear Mayor Breed and Supervisors,

The historic northeast waterfront and Telegraph Hill/North Beach district are not only unique, iconic sites admired around the world, they are the draw for a major part of our main industry -tourism. Allow high rise development in the NE Waterfront and SF will become just another city and another reason to spend tourism money elsewhere. There is nowhere in our country where such a large historic area remains part of the day to day world and yet retains its centuries' old character. If you allow high-rise development to go forward, you will only be creating more asset parks in unserved areas.

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. Dear John Carroll,

Please don't build a wall along the Embarcadero. Didn't we learn our lesson when the freeway destroyed the neighborhood along the waterfront. The historic district will always be a magnet for tourism, but not with these monstrosities destroying the character of the open views. We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Sean Roherty

Dear John Carroll,

Dear mayor Breed, dear Board of Supervisors: With all due respect of a resident who's been in SF for 15 years: It is unacceptable to me that mayor Breed would overrule a supervisor vote. Thank you for considering support for this legislation.

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. Dear John Carroll,

Thank you mayor breed and all the other supervisors who are encouraging San Francisco"sefford to climb our of the houses bg crisis (and the knock on effects).the mayor's veto of the NIMBY bill must stand. San Francisco is well behind the state mandated housing element. We have citizens live by on the streets because they can't afford housing. The evidence backing YIMBY policies are clear at this point.

Stop the nimby's and let SF grow again

Sincerely,
James Frazier

Maybe we should rethink business tax subsidies to lure corporations to San Francisco. These firms underpay their employees living in the Bay Area thus increasing the need for subsidized housing. Together, let's leverage economics and common sense to preserve the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

I support the board's recent vote to restore the previous height limits along the Northeast Waterfront. I was surprised and disappointed by the mayor's veto and urge you to override it. This waterfront is a crucial part of the unique appeal of San Francisco. Preserving the look and feel of this waterfront not only protects the unique character of our beloved city, it also is one of the things that helps attract businesses and talent.

Please vote to override the mayor's veto. Thank you.

Sincerely,

Subject: OVERRIDE MAYOR'S VETO: Protect Our Historic NE Waterfront from High-Rise Development!

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

I am a longtime resident (522 47th Ave) and I vote EVERY election.

I would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Thank you!!!

Sincerely,
Carey White

Dear John Carroll,

Hello, I am a former telegraph Hill resident.

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Nanci gaglio

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Helga GINIGE
San Francisco, CA 94133

Dear John Carroll,

Dear Supervisors:

I am appalled by this veto, and I urge you to override it.

I can not understand why my redistricted supervisor (not the person I voted for; nobody in the neighborhood voted for her) did not vote for the original legislation, and I strongly urge Myra Melgar to do the right thing for once and vote to override this unconscionable veto!

Harry S. Pariser

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Dennis Leuer

Dear John Carroll,

To the Board of Supervisors:

Please override the Mayor's veto of Board File No. 231079.

I am not against building more taller buildings in SF. However, we should have a proper planning and review process before we embark on this new path.

Thank you Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your diligence i this matter,

Sincerely,

The Mayor is confusing our desire for a cleaner more orderly San Francisco with carte blanche for decisions that alter the very nature of the City itself. She offers to save the City from its current blight by so altering its nature and experience as to make it not worth saving.

Do not allow her to make this mistake.

I am extremely upset at the proposals to raise the height limit in this area and also in Cow Hollow and the Marina. The proposed changes will ruin the beauty of this area to build luxury high rises that will in no way be affordable housing. This will be the single issue I will be voting on in the next election.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Rose Taylor

President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Jackson Square and the Northeast Waterfront are some of the only downtown neighborhoods bucking the trend of divestment by businesses. The exact things that are attracting companies to these neighborhoods are precisely what allowing massive high-rise development would destroy: historic charm and smaller building footprints. Allowing the area to be subject to Manhattanization is only going to expand the Financial District's dead zone.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

Dear Mayor Breed and Supervisors,

The historic northeast waterfront and Telegraph Hill/North Beach district are not only unique, iconic sites admired around the world, they are the draw for a major part of our main industry -tourism. Allow high rise development in the NE Waterfront and SF will become just another city and another reason to spend tourism money elsewhere. There is nowhere in our country where such a large historic area remains part of the day to day world and yet retains its centuries' old character. If you allow high-rise development to go forward, you will only be creating more asset parks in unserved areas.

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. Dear John Carroll,

Please don't build a wall along the Embarcadero. Didn't we learn our lesson when the freeway destroyed the neighborhood along the waterfront. The historic district will always be a magnet for tourism, but not with these monstrosities destroying the character of the open views. We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. Dear John Carroll,

Thank you mayor breed and all the other supervisors who are encouraging San Francisco"seffortd to climb our of the houses bg crisis (and the knock on effects).the mayor's veto of the NIMBY bill must stand. San Francisco is well behind the state mandated housing element. We have citizens live by on the streets because they can't afford housing. The evidence backing YIMBY policies are clear at this point.

Stop the nimby's and let SF grow again

Sincerely,
James Frazier

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of San Francisco, and this charming neighborhood, for current and future generations.

It would be a shame if Mayor Breed's veto stands; she know she will not be reelected so no longer cares about the city or its inhabitants. IF she ever did. And that is not at all clear because actions speak louder than words and her ACTIONS, or lack thereof, are reprehensible and indefensible.

Sincerely,
Jean Stanley
San Francisco, CA 94116

Maybe we should rethink business tax subsidies to lure corporations to San Francisco. These firms underpay their employees living in the Bay Area thus increasing the need for subsidized housing. Together, let's leverage economics and common sense to preserve the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

I support the board's recent vote to restore the previous height limits along the Northeast Waterfront. I was surprised and disappointed by the mayor's veto and urge you to override it. This waterfront is a crucial part of the unique appeal of San Francisco. Preserving the look and feel of this waterfront not only protects the unique character of our beloved city, it also is one of the things that helps attract businesses and talent.

Please vote to override the mayor's veto. Thank you.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
M Lindsay

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Heffernan Barbara

Dear John Carroll,

I urge the Board of Supervisors to take action to protect San Francisco's historic neighborhoods. The Planning Department's proposed upzoning needs to be revisited. San Francisco is not Miami. Please do not allow the development of medium and high-rise buildings on our neighborhoods near the water. You need to ensure that the Planning Department does not unwittingly unleash rapacious real estate developers on our low density neighborhoods near the water. In particular, the upzoning in the Marina/Cow Hollow district will damage this vibrant neighborhood. I am sympathetic to the City's need to encourage the development of affordable housing. However, we do not create affordable housing by encouraging medium and high-rise buildings in one of our most expensive neighborhoods.

Dear John Carroll,

I thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. I respectfully urge you to uphold your Yes vote on the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), and override Mayor Breed's ill-advised veto.

Here's why:

SF topography makes its vistas endlessly interesting and beautiful. SF's location by water makes its waterfront irresistible for high rise development, blocking vistas in all directions. This contradiction must be addressed by sensible, balanced development policy. The state has no stake in this. SF as a community does. Therefore:

Please vote to override the Mayor's veto of Board File No. 231079. The proposal aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

This legislation seeks to ensure common sense in our planning code and to safeguard our iconic waterfront from high-rise development. (See the Fontana for what that looks like.) Please act in your constituents' interest in protecting the character and integrity of SF's incomparable north-east neighborhood for current and future generations.

I said this in support of the original legislation and I repeat with hope you will continue the commitment you showed when you supported it. Thank you!

Sincerely,
Lucy Johns

Together, let's preserve the character and integrity of San Francisco, and this charming neighborhood, for current and future generations.

It would be a shame if Mayor Breed's veto stands; she know she will not be reelected so no longer cares about the city or its inhabitants. IF she ever did. And that is not at all clear because actions speak louder than words and her ACTIONS, or lack thereof, are reprehensible and indefensible.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Hartmut Gerdes

Dear John Carroll,

Dear Supervisors:

I am appalled by this veto, and I urge you to override it.

I can not understand why my redistricted supervisor (not the person I voted for; nobody in the neighborhood voted for her) did not vote for the original legislation, and I strongly urge Myra Melgar to do the right thing for once and vote to override this unconscionable veto!

Harry S. Pariser

Dear John Carroll,

Thank you to Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. I urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079).

I was shocked by the mayor's veto and hope you will step up to preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Kellin Defiel-Scudder

Dear John Carroll,

To the Board of Supervisors:

Please override the Mayor's veto of Board File No. 231079.

I am not against building more taller buildings in SF. However, we should have a proper planning and review process before we embark on this new path.

Thank you Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your diligence i this matter,

Sincerely,
Jack Oswald

The Mayor is confusing our desire for a cleaner more orderly San Francisco with carte blanche for decisions that alter the very nature of the City itself. She offers to save the City from its current blight by so altering its nature and experience as to make it not worth saving.

Do not allow her to make this mistake.

I am extremely upset at the proposals to raise the height limit in this area and also in Cow Hollow and the Marina. The proposed changes will ruin the beauty of this area to build luxury high rises that will in no way be affordable housing. This will be the single issue I will be voting on in the next election.

Jackson Square and the Northeast Waterfront are some of the only downtown neighborhoods bucking the trend of divestment by businesses. The exact things that are attracting companies to these neighborhoods are precisely what allowing massive high-rise development would destroy: historic charm and smaller building footprints. Allowing the area to be subject to Manhattanization is only going to expand the Financial District's dead zone.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Peter Lewis

Dear John Carroll,

Dear Mayor Breed and Supervisors,

The historic northeast waterfront and Telegraph Hill/North Beach district are not only unique, iconic sites admired around the world, they are the draw for a major part of our main industry -tourism. Allow high rise development in the NE Waterfront and SF will become just another city and another reason to spend tourism money elsewhere. There is nowhere in our country where such a large historic area remains part of the day to day world and yet retains its centuries' old character. If you allow high-rise development to go forward, you will only be creating more asset parks in unserved areas.

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. Subject: DRAFT LUT REGULAR AGENDA - Meeting of March 25, 2024

Good afternoon, Jen:

Attached please find the draft agenda for the Land Use meeting of March 25, 2024.

Please let me know if you anticipate a quorum of the full BOS at this meeting, or any guest Supervisors in attendance.

Any changes to the agenda are due no later than 10 a.m. on Thursday, March 21, 2024.

Thanks!

John Carroll

Assistant Clerk

Board of Supervisors

San Francisco City Hall, Room 244

Dear John Carroll,

Please don't build a wall along the Embarcadero. Didn't we learn our lesson when the freeway destroyed the neighborhood along the waterfront. The historic district will always be a magnet for tourism, but not with these monstrosities destroying the character of the open views. We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. Dear John Carroll,

Thank you mayor breed and all the other supervisors who are encouraging San Francisco"seffortd to climb our of the houses bg crisis (and the knock on effects).the mayor's veto of the NIMBY bill must stand. San Francisco is well behind the state mandated housing element. We have citizens live by on the streets because they can't afford housing. The evidence backing YIMBY policies are clear at this point.

Stop the nimby's and let SF grow again

Dear John Carroll,

I support the board's recent vote to restore the previous height limits along the Northeast Waterfront. I was surprised and disappointed by the mayor's veto and urge you to override it. This waterfront is a crucial part of the unique appeal of San Francisco. Preserving the look and feel of this waterfront not only protects the unique character of our beloved city, it also is one of the things that helps attract businesses and talent.

Please vote to override the mayor's veto. Thank you.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Meg Ruxton

Dear John Carroll,

We would like to thank Supervisors Chan (D1), Stefani (D2), Peskin (D3), Preston (D5), Mandelman (D8), Ronen (D9), Walton (D10), and Safai (D11) for your support of legislation aimed at safeguarding the NE Waterfront from rapacious high-rise development. We urge you to uphold your Yes vote and override Mayor Breed's veto.

This legislation seeks to rectify inadvertent changes made during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin. President Peskin's initiative aims to restore common sense to our planning code and protect our iconic waterfront from excessive development.

Together, let's preserve the character and integrity of our neighborhood for current and future generations.

Sincerely,
Mike Boyd

Hello,

Please see below for communication from Sabrina Yih regarding File No. 231079, which is Item No. 10 on today's Board of Supervisors meeting agenda.

File No. 231079: Planning Code - Density Controls in Three Historic Districts (Peskin)

Sincerely,

Joe Adkins

Dear Board of Supervisors,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Subject: Please support / pass Board File No. 2331079 authored by Supervisor Aaron Peskin
Date: Monday, February 26, 2024 6:31:55 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear President Peskin,

Thank you for authoring the above referenced legislation to correct a mistake in earlier legislation. In 2023 legislation was passed to rezone downtown San Francisco to facilitate offices being converted to housing in Community Business Districts. The legislation permitted high rise development not only in the downtown area, but also inadvertently [upzoned properties](#) all along the waterfront bordering Telegraph Hill, including within the Northeast Waterfront Historic District.

This email is to urge the entire Board of Supervisors to support this legislative proposal correcting the mistake in earlier legislation.

My home is at 353 Vallejo Street at the corner of Prescott Alley. I own this 3-unit building jointly with my daughter and son-in-law. I have lived on this block of Vallejo Street since 1976 (used to live across the street and moved here after buying this building in 1980). I originally settled in Telegraph Hill because it is a charming historic community and within walking distance of many parts of SF important to me, even more important now as I am a senior (am 77). It reminded me of my prior community in NYC which bordered little Italy and Chinatown. I raised my daughter in this building and as a result she loves the bustle of the city and returned here after college on the east coast. She and her husband are now raising my two grandchildren in San Francisco in a different historic neighborhood. The character of this city is important to all of us.

Our block is mostly made up of 2 - 6 unit multi-family buildings, many constructed on the ashes of the homes that burned down after the 1906 earthquake. We are zoned for 40' yet buildings already being proposed along the waterfront will be 4 or 5 times our height. Proposals for high-rises - more than 200 feet in height - have already been submitted - one just below my home. These proposals can stand because the 2023 law eliminated density controls for downtown while unintentionally subverting the existing height limits in the Northeast Waterfront Historical District, significantly impacting two of San Francisco's oldest designated historic districts.

Our historic homes are more than 100 years old. We are part of an iconic neighborhood visited by tourists from across the country and the world. We provide the setting for numerous television programs and movies. Unless this corrective legislation is passed, our community will resemble

Miami Beach with a wall of expensive high rises built along the Embarcadero below Telegraph Hill. And expensive condos won't provide trickle down housing for working class families.

Board President Peskin has introduced an amendment to the SF Planning Code, referenced above, to correct this inadvertent error in the 2023 legislation that was designed to encourage conversion of downtown offices to residential uses. The Planning Commission supports the legislation to correct the previous error, but developers' lobbyists and the groups they support oppose this sensible fix.

Approving this legislation will return common sense to our planning code and safeguard our waterfront from the encroachment of high-rise development. We can develop our area, and the Telegraph Hill Dwellers have supported several 100% affordable housing projects here. I would be happy with a 100% affordable project on my block that fits with our neighborhood in height and density. Developers could actually provide affordable housing for our community in buildings that maintain the character and integrity of our neighborhood for current and future generations. Passing this legislation will ensure sensible development.

Sincerely,

Frances C. Schreiber

Dear John Carroll,

Dear Supervisor,

I'm writing to urge you to vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

This legislation is needed to protect the waterfront from being walled off by luxury high rises like the Fontana Towers. Please do not provide a give away for high-end real estate developers who are already proposing to destroy the City's skyline that is cherished by residents and attracts so many tourists.

Sincerely,
Judith Powell

Dear John Carroll,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

Please stop the proposed upzoning of the Marina and Cow Hollow areas. The Marina and Cow Hollow neighborhoods are strong, vibrant neighborhoods that are working. The proposed upzoning will damage these important historical neighborhoods and will do little to advance the goal of affordable housing. San Francisco does not advance the objective of more affordable housing by encouraging developers to build higher density housing in one of the most expensive neighborhoods of the City.

In contrast, I believe that San Francisco can add additional housing by reclaiming the Tenderloin neighborhood. This neighborhood is filled with underutilized housing stock that retains its original historic architecture. If San Francisco encourages the restoration and re-development of the Tenderloin, we can unlock abandoned/underutilized rental units, beautify the City and support our urban, historical core in the Financial District.

Thank you.

Sincerely,
Philip Scruggs

Dear John Carroll,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

Please do not destroy the viability and beauty of our neighborhoods. It is ridiculous to build a structure of non-conforming height when there is so much empty space in downtown SF.

This is almost as egregious as putting a Marina in front of the iconic view of the Marina Green.

You do know what makes SF so special, right?

Sincerely,
Katharine Beckwith

PLEASE DON'T ALLOW our waterfront to be plagued by similar development to Russian Hill; once a single tall building is up there will be many, many more. This represents a major one time shift of wealth to developers. Please, let's say no. And fully support building heights for housing similar to what exists in this neighborhood currently.

Thanks!

Dear John Carroll,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

Honorable Powers That Be: SF topography makes its vistas endlessly interesting and beautiful. SF's location by water makes its waterfront irresistible for high rise development, blocking vistas in all directions. This contradiction must be addressed by sensible, balanced development policy. The state has no stake in this. SF as a community does. Therefore:

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

We lived with the Embarcadero Freeway walling us off from the waterfront for decades and the transformation when the Freeway came down was spectacular. A whole new public space emerged where commerce and tourism flourished and locals could once again enjoy the views, the history and the beauty of a vibrant waterfront. To go backwards now by allowing a new wall of buildings to undo all we've so recently regained would be unconscionable.

I urge you to support President Peskin's legislation for our benefit and the benefit of future generations of San Franciscans.

Are you people insane. San Francisco is not Manhattan nor is it Miami. Are you intent on destroying the charm and beauty of San Francisco? It certainly seems like it. Put the high rises in Daly City and South San Francisco. You want low income housing--put it in those cities. Your stupidity has resulted in a huge loss of the tax base. We cannot afford to be Manhattan. You are making government the enemy of the people.

With climate change affecting our oceans and their rise - among other impacts - Building plans and coastline protection initiatives must protect this city from these deeply flawed 'development' programs that have wrought severe damage SF in the past (such as the near criminal construction of the freeway system that despoiled the waterfront for decades!)

This City - of all US cities - has the talent and vision and resources to better manage itself today and design a future that all Americans can look to for inspiration and to find solutions to even our most challenging problems.

PLEASE find the political will and search for better, more inspired solutions.

Sincerely,
Myrna Hymans

I am outraged at the broad sweeps of height increases you have proposed all over San Francisco. The homelessness crisis and "affordable housing" is such a complex issue. It does not fix either problem by just creating more housing. This short-sighted proposed height limit increases have massive ramifications for our City. Our height limits are an essential attribute of San Francisco. This up-zoning plan will be a disaster for SF if it is approved because our city relies on tourism and without a doubt it will destroy SF's very best asset — its charm and beauty.

But I want to specifically address my neighborhood of Aquatic Park and Fisherman's Wharf and how doubling the height limits for those areas to 65 feet would be devastating to those iconic hill-swept neighborhoods and the priceless beauty of our waterfront.

The iconic hills of our waterfront rise dramatically from the Bay waters and seemingly all the way to the clouds. They are what songs, poems and movies are written about.

From the water, views of those neighborhoods have been photographed a million times over. Hundreds of thousands of tourists marvel at them from cruise ships every year. Videos of them compliment nearly every sports broadcast. I am disgusted to think, so many decades ago, views of our majestic hills were nearly completely obliterated by sky rises like the horrendous Fontana buildings.

From land, sweeping views of the Bay would be horribly obstructed or completely blocked by doubling the height limits in those neighborhoods. Views of the Golden Gate Bridge from the cable car on Hyde Street would no longer take visitors' breath away because buildings would stand in the way. And the long fight to establish Francisco Park will have all been for naught because its very best asset, views of the Bay, would no longer exist.

The height limits established in our neighborhoods have made San Francisco arguably one of the most beautiful cities in the world. Please do not let your short-sighted attempt to meet the State's ill-conceived and unattainable mandate for more housing destroy the very thing that makes San Francisco iconic. Please reconsider your appalling massive height limit increases.

Sincerely,

Jill B

Dear John Carroll,

PLEASE vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let us protect the character and integrity of our neighborhood for current and future generations.

Thank you!

Sincerely,
Genevieve Segol

Dear John Carroll,

Please help protect the unique personality of San Francisco by voting in favor legislation introduced by Board President Aaron Peskin that will restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079).

President Peskin's legislation is an important step toward protecting San Francisco's famous waterfront, one of the city's attractions that bring tourists from the world over. We've all read articles about a "doom loop" threatening San Francisco. Part of any doom loop is the prospect of permitting developers in many areas of the city to profiteer by replacing structures that make this city iconic with giant eyesores that pad developers' pockets but do little to provide housing for the service people who teach our children and otherwise keep the city functioning. The Salesforce Tower is ugly enough and intrusive enough. Learn from that. This isn't Dubai, or even Manhattan. Convert unused office space to housing rather than build any more sky scrapers. If high-rises need to be built, isolate them in SOMA where they won't be a sore thumb. Please be good shepherds for this city and its residents.

Sincerely,
Rebecca LeBuhn

Frankly, it looks as if developers have a few politicians doing their bidding. These mega buildings will deteriorate San Francisco as a tourist destination. If visitors —let alone residents—can't see the bay, San Francisco becomes Manhattan: no light, no air, lots of traffic.

We are a city that sits on a 7-mile x 7-mile stretch of land. With twenty-story high-rises on our main thoroughfares, San Francisco becomes Atlanta or Houston—neither of which, unlike us, are landlocked.

There are better ways to increase housing in the 7x7 miles of San Francisco. Height restrictions should be enforced, not negated to curry favor with developers.

Sincerely,
Josie Brown

Subject: SFLUC Supports Amendment to Protect Our Waterfront

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear President Peskin and fellow Board Members,

Please see the attached letter from San Francisco Land Use Coalition in support of the amendment to protect our waterfront, File No. 231079.

Sincerely,

Ozzie Rohm for San Francisco Land Use Coalition

SAN FRANCISCO LAND USE COALITION

February 25, 2024

Dear President Peskin and fellow Supervisors,

San Francisco Land Use Coalition strongly supports the amendment to the Planning Code introduced by President Peskin (File No. 231079) to protect our historic waterfront from high rise development resulting from density decontrol that was recently went into effect for parcels in that area.

We urge you to vote to approve this amendment that aims to restore what was originally in the Planning Code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts.

President Peskin's legislation seeks to bring back common sense to our Planning Code and safeguard our iconic waterfront from the encroachment of high-rise development.

Please protect San Francisco and maintain our waterfront that serves as a public amenity for all San Franciscans.

Sincerely,

San Francisco Land Use Coalition

Jerry Dratler – D1, the Richmond District
Sandra Dratler – D1, the Richmond District
Maurice Franco – D2, the Marina
Marlayne Morgan – D2, Cathedral Hill
Kathleen Courtney – D3, Russian Hill
Chris Bigelow – D3, Russian Hill
Katherine Howard – D4, Outer Sunset
Erica Zweig – D4, Outer Sunset
Ken Rackow – D4, Outer Sunset
Tes Welborn – D5, Haight Ashbury
Bruce Wolfe – D5, Haight Ashbury
George Wooding – D7, Midtown Terrace
Katherin Petrin – D7
Stephanie Peek – D7, Forest Knolls
Bruce Bowen – D8, Dolores Heights
Junona Jonas – D8, Dolores Heights
Gary Weiss – D8, Corbett Heights
Matt McCabe – D8, Noe Valley
Ozzie Rohm – D8, Noe Valley

Dear John Carroll,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations. San Francisco should prioritize housing in the center areas of the city, so that the views and character of this beautiful city can continue to be appreciated by many. I moved here 10 years ago because of the European feel the city has, and it would sadden me to see its most precious views being damaged because of the past failures to build enough housing. The Vallejo Street Steps garden, in particular, would lose a lot of its appeal with a 9-story tall luxury condo building right in front of it, blocking the view to the bay. This garden is visited by many tourists, and enjoyed by many in the neighborhood, and provides a great spot to admire the new year's fireworks.

One of the most iconic and welcoming images of San Francisco is that seen crossing the Bay Bridge into the City. And the sight of Coit Tower from this vantage point is both breathtaking and emblematic of our beautiful City. Better planning of housing within the current footprint of the Northeast sector is necessary! An approach towards upholding aesthetics should be of utmost importance. Having something like this bring us back to the days of the abhorrent Cyrus Structure!

Dear John Carroll,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

Please vote to approve legislation restoring what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

We should not let mistakes like these happen in the first place, nor should we allow developers to exploit them. We do not need more multi-millionaire rack 'em and stack 'em residential buildings selling views, but not community or neighborhood integration with them. Mr. Peskin's legislation seeks to bring back common sense to our planning code avoid encroachment of high-rise development. It has no place in this neighborhood. We need to protect the character and integrity of our neighborhood and community for current and future generations. 50 or 100 years hence, lets not be remembered for creating dysfunctional development that disrupts our neighborhood and City fabric and lines developer pockets.

The San Francisco waterfront (whether by the Bay or the Pacific ocean) does not need high density luxury buildings as they would completely transform what The City has always represented. And further the divide between the haves and have nots.

24. February 2024

Dear President Peskin and Supervisors,
Please support these amendments and pass this legislation on Tuesday. I support revitalizing Downtown, the repurposing of vacant, existing tall & massive office buildings into housing.

I am asking you to help preserve our historical districts from real estate moguls who only want to capitalize on "vistas" for the very few privileged, and privatize our public access to our waterfront.

Please look at this old postcard, and think of the then and now:

Special Interests then, Standard Oil, Car Manufacturers, Firestone put residents & tourists literally in the dark.

The special interest groups today are the billionaire investors from far off lands, the real estate industry interests in luxury condos for the very few, the paid shills and lobbying groups, and the political ladder-climbing legislators in Sacramento. After all, their goal is to just build, sell to the highest bidder, then move on to the next "venture" or take the next step up the ladder. More often than not these days, we have vacant luxury condos where money has been parked, but no one is "home"; no one is adding, contributing to our communities.

The re-purposing of vacant office buildings to housing must serve the intent of adding truly affordable housing to house current & future workers while preserving our historical buildings, our history, our Waterfront, for all. Today, we all have light, residents & tourists alike, all

free to enjoy the view & sidewalk scape of the Waterfront. Do not put "the many" of us back into the dark; do not support the creation of exclusive high-rise luxury housing.

Please support these amendments and Vote YES today!

Thank you,
Theresa Flandrich
North Beach Tenants Committee

Dear John Carroll,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

As someone who has lived and worked in the financial district for over 15 years, I strongly urge you to vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

San Francisco has a unique downtown landscape that allows residents throughout the Barbary Coast, China Town, Financial District, and Telegraph Hill unfettered views of the Bay that would be impeded with large buildings on the waterfront.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

Please DO NOT vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

President Peskin's legislation seeks to override the will of San Franciscans and Californians like me who recognize the dire need for new housing to be built. Together, let's protect the character and integrity of our neighborhood for current and future generations by allowing vacant parking lots to be redeveloped into housing so we can grow our community.

Do not be swayed by the noisy, regressive types that have too much time on their hands and seek to block housing wherever possible.

I'm about to be a new father and have lived in San Francisco for 10 years and want to make sure its a place where I can raise a family.

Sincerely,
frank reedy

RE: Support for SF Planning Code Text Amendment; Board File No. 231079

Dear Supervisors,

On behalf of the [Barbary Coast Neighborhood Association](http://www.bcnasf.org) (BCNA), I am writing to **support the passage of Board file No. 231079**, which amends the SF Planning Code to correct an oversight in recent legislation. The legislation encouraged the conversion of downtown offices to residential housing while also eliminating density controls in the northeastern part of the City.

That lack of density control now enables projects to circumvent the existing height limits when using state bonus programs. This will inevitably supercharge new building heights, as seen in two recently-proposed Sansome Street projects. The luxury project at 955 Sansome proposes a 24-story tower over three times the height limit on a parcel zoned for 84 ft. Another proposed condo project at 1088 Sansome envisions a 17-story project over 200' high on a parcel zoned for 65'. These two towers would be located in one of the City's oldest designated historic districts. Just two blocks apart, they would form the backbone for a wall of high rises and destroy the fabric of the historic district featuring buildings of 6 stories or less.

The fix offered by Board President Peskin represents a common-sense approach to preserving what makes the Northeast Waterfront neighborhood unique and livable. For that reason, we strongly support the legislation and urge its passage.

BCNA is non-profit California corporation dedicated to improving the quality of life in San Francisco. Founded in 2006, BCNA serves the residents and businesses in the historic northeast waterfront along the Embarcadero from Bay Street to Clay Street. We strongly support open space, recreation areas, and appropriate residential and commercial development. Thank you for your consideration in this matter.

Sincerely,

Diana Taylor

Dear John Carroll,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

As a new homeowner to this neighborhood, I respectfully request that the changes to density and height limits currently being reviewed and discussed be rescinded. These changes will forever transform this neighborhood, and every other neighborhood in San Francisco, that cannot be undone. In the eighties, the rallying cry for this type of development was not to Manhattanize San Francisco with tall, sun-blocking buildings in the City's core. What is being proposed now is a throwback to this unsightly and misguided use of land but now spreading out into the neighborhoods. It was stopped and prevented from occurring forty years ago and must be done again or else the neighborhoods of San Francisco will resemble the streets of Manhattan.

Please, vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

As someone who is considering permanently relocating to the historic Telegraph Hill area, or at a minimum purchasing a second residence there, I am very concerned about the planned development projects that will significantly impact the existing properties. With the type of uncertainty being created by the City's lack of reasonable zoning requirements, it makes it very difficult for people like myself to consider investing in the City's future. If the goal is to bring back the greatness that is San Francisco, than it seems that voting to approve legislation (Brd #2331079) would be a priority for all those who sit on the Board and who seek to maintain, restore and improve the City we all love.

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

I'm all for more housing. But please please build housing to SCALE in our neighborhoods. More 6-8 stories buildings instead of single towers. Plenty of LOW income housing. That's what we need and want.

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

I have just spent my life saving remodeling my grandfathers home in Cow Hollow where he came from Italy to live the American dream. He worked hard and loved America and lived his life in SF. He became a produce man, then opened his own store in Laurel Heights which is still alive 72 years later. Now I will be looking at a wall of concrete ruining the SF skylines and bay. Not to say the iconic bridge, alcatraz, and palace of fine arts. There is plenty of space in SF that is vacant to build homes and not ruin the historic look of the city. Build 4 stories but we oppose more stories.

Dear John Carroll,

The charm of San Francisco is on par with the greatest cities in the world- Paris, Rome, London, and Barcelona.

Just as Barcelona protects the open spaces and sightlines around its Gaudi's and the Sagrada Familia, Paris its Eiffel Tower, San Francisco has zealously protected the amazing sight lines to its iconic monuments, buildings and bridges. It could never have been intended to "Miami Beach-ize" our historical districts with 150-250 foot buildings blocking the sun light and the iconic views of Coit Tower, the Bay Bridge, the Trans America Building, and the city and overwhelm the historic charms of our unique historical districts.

In law school we used to make fun of cities like Houston's unzoned city scape, referencing San Francisco as an example of how to protect the beauty of a city for all to enjoy-tourist, visitor and resident alike-by reasonable and prudent land use policies.

Certainly, we can solve our housing problem without permanently scarring the essence of San Francisco in process.

Thus, PLEASE, PLEASE, vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

No one with a sane mind can think highrises along the waterfront in historic districts like we are seeing proposed is a good idea unless they hate San Francisco.

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

RE: Support for SF Planning Code Text Amendment; Board File No. 231079

On behalf of the Barbary Coast Neighborhood Association (BCNA), I am writing to support the passage of Board file No. 231079, which amends the SF Planning Code to correct an oversight in recent legislation. The legislation encouraged the conversion of downtown offices to residential housing while also eliminating density controls in the northeastern part of the City.

That lack of density control now enables projects to circumvent the existing height limits when using state bonus programs. This will inevitably supercharge new building heights, as seen in two recently-proposed Sansome Street projects. The luxury project at 955 Sansome proposes a 24-story tower over three times the height limit on a parcel zoned for 84 ft. Another proposed condo project at 1088 Sansome envisions a 17-story project over 200' high on a parcel zoned for 65'. These two towers would be located in one of the City's oldest designated historic districts. Just two blocks apart, they would form the backbone for a wall of high rises and destroy the fabric of the historic district featuring buildings of 6 stories or less.

The fix offered by Board President Peskin represents a common-sense approach to preserving what makes the Northeast Waterfront neighborhood unique and livable. For that reason, we strongly support the legislation and urge its passage.

BCNA is non-profit California corporation dedicated to improving the quality of life in San Francisco.

Founded in 2006, BCNA serves the residents and businesses in the historic northeast waterfront along the Embarcadero from Bay Street to Clay Street. We strongly support open space, recreation areas, and appropriate residential and commercial development. Thank you for your consideration in this matter.

Sincerely and on behalf of the Barbary Coast Neighborhood Association Board of Directors,

Diana Taylor, President
BCNA
415.517.6926

Sincerely,
Diana Taylor

Dear John Carroll,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

The pandemic acutely impacted my neighborhood (the Embarcadero/Jackson Square area.) Recently, we have started to see very encouraging signs of economic recovery by way of businesses moving into and investing in both Jackson Square and the Northeast Waterfront. The historic character and smaller building sizes are what companies are looking for right now and are critical to help revitalize the area.

Rezoning and office-to-housing conversions should be done only in the hollowed out core of our downtown, such as the Financial District. There are already empty skyscrapers there waiting for new life. Let's reuse what we already have and help bring people back to the areas where they are needed most!

Sincerely,
Alexander Coughlin

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Housing can be achieved without building developments that are being flagrantly being proposed by big money developers. Fight to keep what makes San Francisco unique and beautiful.

Dear John Carroll,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Sincerely,
Nancy Shanahan
San Francisco, CA 94133

Subject: Sacred Heart Church Complex landmark designation (2015-005890DES)
Date: Friday, February 23, 2024 3:37:00 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

I sent this on February 9th but had an incorrect email address for Mr. Carroll so am resending it so he can circulate it. Thank you.

Re: Sacred Heart Church Complex landmark designation (2015-005890DES)

Dear Supervisor Melgar, Supervisor Peskin, Supervisor Preston, and Mr. Carroll,

I am a San Francisco resident and longtime member of the Victorian Alliance of San Francisco. I am concerned that the draft ordinance does not adequately protect this landmark building.

The ordinance would not protect any of the interior spaces of the church, including fixed artworks. There is a painted ceiling by Professore Achille Disi – who worked on the Vatican and for Eugénie de Montijo, the wife of Emperor Napoleon III – which is loaded with windows, bells and painted decoration of great historical significance and should be preserved as is. The ordinance would not protect the connector bridge between the church and the rectory. I am concerned that the ordinance allows the windows to be removed and preserved. Why is that to be allowed in a landmark building? Surely the windows of a church are among the most important features. Also very troubling is that the draft ordinance allows features to be preserved or “replaced in-kind”. How does one replace finely crafted nineteenth-century artistry “in-kind”? Who will determine what is retained and what is replaced “in-kind” and how will this process happen? Will the possibility of replacing an aspect of the church “in-kind” include consultation of heritage specialists?

This is the last Thomas Welsh church in San Francisco. Please rework the draft ordinance to fully protect Sacred Heart as a City Landmark.

Thank you,

Megan Smith

Dear John Carroll,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Commercial Business Districts (Board File No. 231079), as introduced by Board President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Re: Density Controls in Community Business Districts (Board File No. 231079)
Yes In My Back Yard Comment Letter

Dear Chair and Committee Members:

Our office represents Yes In My Back Yard (YIMBY) Law, a California nonprofit, and its executive director Sonja Trauss in her individual capacity. YIMBY Law's mission is to increase the accessibility and affordability of housing in California by enforcing state housing laws and by advocating for increased access to housing for households of all income levels.

The proposed legislation would reduce density within certain areas of the C-2 District (Community Business), specifically the area east of Columbus Avenue and north of Washington Street. The proposed legislation would replace the existing form-based density controls with arbitrary numerical density limits based on lot size. Form-based density in the C-2 District was specifically implemented just last year to incentivize the redevelopment of underutilized commercial buildings with high-density housing. The proposed legislation specifically seeks to roll back those incentives, reduce density, and *discourage* the development of new housing projects within the specified area.

As explained below, the proposed legislation clearly violates the Housing Crisis Act (SB 330, HCA), which prohibits any new development policy, standard, or condition that would "reduce the intensity of land use" on any parcel where residential uses are allowed, except when the new standards are issued concurrently with other changes to ensure that there is no net loss of residential capacity. To comply with state law, the proposed legislation must be adopted concurrently with increases in density elsewhere to ensure there is no loss of residential capacity within the City.

Housing Crisis Act Background

In response to the statewide housing emergency, the Legislature enacted the HCA to place significant limitations on the ability of local governments to implement any new development policy, standard, or condition that would "reduce the intensity of land use" on any parcel where

residential uses are allowed. The HCA defines “reduce the intensity of land use” as “reductions to height, density, or floor area ratio, new or increased open space or lot size requirements, new or increased setback requirements, minimum frontage requirements, or maximum lot coverage limitations, or any other action that would individually or cumulatively reduce the site’s residential development capacity.” (Gov. Code § 66300(b)(1)(A).) Reducing the intensity of land use is only permissible if a city “concurrently changes the development standards, policies, and conditions applicable to other parcels within the jurisdiction to ensure that there is no net loss in residential capacity.” (Gov. Code § 66300(i)(1).) The HCA states that any new development policy, standard, or condition that does not comply with its provisions “shall be deemed void.” (Gov. Code § 66300(b)(2).) Courts have confirmed that the HCA’s intent is “to broadly prohibit any local policies that lessen housing intensity.” (*Yes In My Back Yard v. City of Culver City* (2023) 96 Cal.App.5th 1103, 1119.)

The Proposed Legislation Reduces the Intensity of Land Use

The Planning Commission report explicitly acknowledges that reducing density within the C-2 District is not merely an unintended consequence of the proposed legislation but in fact is the entire purpose behind the proposal. The report explains that the City has actively converted zoning districts from “arbitrary” numerical density limits to form-based density where the number of units is based solely on existing height, bulk, setback, open space, and unit-mix requirements. The report confirms that form-based density “is a more effective way than numeric maximums to encourage density” that “allows for a more efficient use of the allowed building envelope,” “allows for a range of unit sizes and configurations, and in most cases, allows greater density than numerically calculated limits.” and “in turn leads to the inclusion of smaller units that are more affordable by design.” The report also concludes that form-based zoning enables more effective utilization of the state Density Bonus Law, because “projects may receive an additional density of up to 50%, which, for most lots, accommodates more units when using form-based density as opposed to a numeric cap.”

In short, the City is well aware that form-based zoning leads to greater density and more affordable units. Thus, the proposed legislation to switch from form-based density limits to numerical limits will undoubtedly lower density and reduce the intensity of land use. This clearly violates the HCA prohibition on enacting new any new development standard that would reduce the intensity of land use. (Gov. Code § 66300(b)(1)(A).)

As explained above, reducing the intensity of land use is only permissible if a city “concurrently changes the development standards, policies, and conditions applicable to other parcels within the jurisdiction to ensure that there is no net loss in residential capacity.” (Gov. Code § 66300(i)(1).) To comply with this requirement, the City must identify every parcel that would be affected by the proposed ordinance, calculate the maximum density currently allowed on each parcel by conducting a base density study utilizing the minimum allowable unit size, calculate the maximum numerical density of each parcel that could be achieved under the proposed legislation, and concurrently upzone other parcels within the City to offset the reduction. If the City fails to do so, the proposed legislation “shall be deemed void.” (Gov. Code § 66300(b)(2).)

The City's recently adopted Housing Element also acknowledges that numerical density limits act as a constraint on the development of new housing. (Housing Element 2022 Update, Appendix C – Analysis of Governmental and Non-Governmental Constraints, p. 23.) The City's analysis found that form-based zoning "is more likely to reduce the cost of housing per unit and improve overall affordability compared with traditional zoning districts," including because form-based zoning "increases flexibility for design layout, unit types, and unit scales." (Id. p. 42.) As a result, the Housing Element Policy 7.2.1 commits the City to replacing lot-based unit maximum zoning controls with form-based zoning in Well-resourced Neighborhoods near transit." Rather than follow through on the City's commitment to reducing constraints to housing, this proposed legislation adds them.

The downzoning is proposed under the guise of protecting "historic buildings." We note that there are *already* protections against the demolition of designated historic buildings within the Planning Code and state law. The only "benefit" of the proposed legislation is to reduce density within one of the most central, transit-rich areas of the City. As the Planning Commission report admits, "development pressure" will persist regardless of the proposed amendment, and the switch to numerical limits will only "result in fewer, and therefore much larger units, which are unlikely to be affordable." Not only does the proposed legislation violate state law, it defies common sense.

Conclusion

The proposed legislation downzones a significant number of parcels in the C-2 District without concurrently upzoning elsewhere in the City and therefore reduces the intensity of land use in violation of the HCA. Our clients therefore respectfully request that the Land Use and Transportation Committee either table the proposed legislation until such time that a concurrent upzoning is studied and proposed or send the legislation to the full Board with a recommendation of do not pass.

Very truly yours,
PATTERSON & O'NEILL, PC

Dear John Carroll,

I am proud to call San Francisco my home, and I the part I enjoy most about living here is walking around this beautiful city. My favorite path is down Polk across Francisco Park and through Telegraph Hill to Embarcadero. These neighborhoods are so full of rich beautiful history and represent the soul of SF. Please protect our waterfronts from new commercial developments.

10 February 2024

Dear Chair Melgar, Vice Chair Preston and President Peskin,

Many thanks to President Peskin for his discovery of an inadvertent error & offering a straight forward means of correction to this legislation. Preservation of our Northeast Waterfront Historical District is imperative for all San Franciscans today, for those who may come tomorrow & for the millions of tourists, both past & present.

Please pass this amendment and send to the full Board of Supervisors with recommendation.

Sincerely,
Theresa Flandrich
North Beach Tenants Committee

Support the Planning Department's recommendation and the goal as stated below:

"The goal of these and all historic districts is to preserve the character defining features that provide a link to San Francisco's past and culture. Encouraging adaptive reuse while discouraging demolition in historic districts is crucial for preserving the cultural and architectural heritage that these areas embody. Adaptive reuse allows for the retention of the historic fabric of a building, while also accommodating for growth. As such, form-based density should be encouraged for projects that propose to create housing within an existing historic structure. This approach not only safeguards the unique character of the historic building, but also promotes sustainable development by reducing the environmental impact associated with demolition and new construction. In contrast, the demolition of historic structures erases tangible connections to our shared past, leading to the loss of irreplaceable cultural and architectural treasures."

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Please approve legislation referenced above to correct a mistake in earlier legislation. In 2023 legislation was passed to rezone downtown San Francisco to facilitate offices being converted to housing in Community Business Districts. The legislation permitted high rise development not only in the downtown area, but also inadvertently all along the waterfront bordering Telegraph Hill, including within the Northeast Waterfront Historic District.

My home is at 353 Vallejo Street at the corner of Prescott Alley. I own this 3-unit building jointly with my daughter and son-in-law. I have lived on this block of Vallejo Street since 1976 (used to live across the street and moved here after buying this building in 1980). I originally settled in Telegraph Hill because it is a charming historic community and within walking distance of many parts of SF important to me, even more important now as I am a senior (am 77). It reminded me of my prior community in NYC which bordered little Italy and Chinatown. I raised my daughter in this building and as a result she loves the bustle of the city and returned here after college on the east coast. She and her husband are now raising my two grandchildren in San Francisco in a different historic neighborhood. The character of this city is important to all of us.

Our block is mostly made up of 2 - 6 unit multi-family buildings, many constructed on the ashes of the homes that burned down after the 1906 earthquake. We are zoned for 40' yet buildings already being proposed along the waterfront will be 4 or 5 times our height. Two proposals for high-rises - more than 200 feet in height - have already been submitted - one just below my home. These proposals can stand because the 2023 law eliminated density controls for downtown and unintentionally subverted the existing height limits in the Northeast

Waterfront, significantly impacting two of San Francisco's oldest designated historic districts.

Our historic homes are more than 100 years old. We are part of an iconic neighborhood visited by tourists from across the country and the world. We provide the setting for numerous television programs and movies. Unless this corrective legislation is passed, our iconic community will resemble Miami Beach with a wall of expensive high rises built along the Embarcadero below Telegraph Hill. And expensive condos won't provide trickle down housing for working class families.

Board President Peskin has introduced an amendment to the SF Planning Code, referenced above, to correct this inadvertent error in the 2023 legislation that was designed to encourage conversion of downtown offices to residential uses. **The matter will be heard this Monday.** The Planning Commission supports the legislation to correct the previous error, but developers' lobbyists and the groups they support oppose this sensible fix.

Please vote to approve legislation which will return common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Sensible development here can actually provide affordable housing for our community in buildings that maintain the character and integrity of our neighborhood for current and future generations. Passing this legislation will ensure sensible development.

Sincerely,

Frances C. Schreiber

Dear John Carroll,

Dear Mayor London Breed, John Carroll, NUSF Coalition,
Rich Hillis Planning Director, CCSF,
Supervisor Myrna Melgar,
Supervisor Aaron Peskin,
Supervisor Dean Preston,

I am a native San Franciscan. I have live over 50 years of my life in SF and the Bay Area, and now a resident of Telegraph Hill who will directly impacted by any and all high rise structures to be built outside the original zone. Needless to say, I love our city, and have respected the work of our city officials to preserve the natural beauty - physical, visual, spiritual, and soul - of our unmatched city. I urge all of you to continue your work as guardians of the historic northeast waterfront that is quintessential SF. Tall buildings already exist all along the waterfront and can serve as shelter for those in need.

Our commitment to conservation, recycle and repurpose dictates that we focus on repurposing existing structures, not build more new ones that permanently damage the natural beauty that all of us and visitors who have come to expect and return for more from our city.

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Sincerely,
Camellia NGO Peabody

Sincerely,
Camellia Ngo Peabody

Dear John Carroll,

Dear Supervisor Melgar

We are long time residents and have lived in almost every neighborhood of SF from Visitation Valley to Pacific Heights. We are dedicated to our City's welfare involving ourselves as Board members on Homelessness and Mental Health projects including two NGOs (PRC and the North Beach Coalition).

We are alarmed by the change to the Building and Planning commission's proposed change to your skyline. Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

Dear John Carroll,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

I am a first cousin of Lillie H. Coit and a former resident of San Francisco. I also attended George Washington High School. I visit the city as often as I can.

We all must do all we can to save the northeast waterfront from any high rise development. We have already seen the damage that high rises can do to our wonderful city and how they block magnificent views as well as problematic stability issues..

Thank you for your consideration.

Sincerely,
Susie Coit Williams

Dear John Carroll,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Sincerely,
Wolfgang Schulz

Dear Supervisors Melgar, Preston, and Peskin,

On behalf of the Telegraph Hill Dwellers, we are writing to **SUPPORT** the above-cited legislation to amend the Planning Code to re-institute C-2 numerical density limits in certain specified portions of the city.

For the reasons stated in our letter, we urge you to recommend passage of this legislation to the full Board of Supervisors.

Thank you for your consideration.

Sincerely,

Stan Hayes

President
Telegraph Hill Dwellers

RE: SUPPORT – Density Controls in Community Business Districts (File 231079)

Dear Supervisors Melgar, Preston, and Peskin,

On behalf of the Telegraph Hill Dwellers, we are writing to SUPPORT the above-cited legislation to amend the Planning Code to re-institute C-2 numerical density limits in certain specified portions of the city.

This legislation merely restores the previous status quo of C-2 zoning before passage of downtown adaptive reuse legislation, effective in August 2023. We support such adaptive reuse legislation as a needed means to provide more affordable housing by facilitating conversion of vacant downtown commercial buildings to residential use.

However, as an unintended consequence of that complex legislation directed at downtown, long-standing density limits in C-2 zoning districts were modified in certain portions of the city from explicit numerical limits to form-based densities. All of this was done by a simple change of wording in a footnote of Planning Code Table 210.1. While the explicit numerical limits remain in the body of the table, language in that footnote eliminates their application in the affected part of the city, instead stating “there is no density limit” in that portion of the city and requiring form-based density regulation.

Already, we are seeing negative effects. Developers seeking to exploit this seemingly minor change have proposed two steel-and-glass luxury condominium buildings over 200 feet in height in the C-2 zoned Northeast Waterfront Historic District, towering over nearby historic buildings. At 955 Sansome, a proposed State Density Bonus high-rise tower has grown to 267 feet, more than three times its 84-foot height limit and more than three times taller than any other building in the historic district. At 1088 Sansome, another State Density Bonus high-rise tower has been proposed that would be 204 feet in height, more than three times its 65-foot height limit.

THD strongly supports affordable housing in scale and compatible with its neighborhood. For example, we have supported three major affordable housing developments providing nearly 300 units within a quarter-mile of the above two projects.

We urge you to recommend passage of the legislation before you to the full Board of Supervisors.

Sincerely,

Stan Hayes

President, Telegraph Hill Dwellers

Dear John Carroll,

SF topography makes its vistas endlessly interesting and beautiful. SF's location by water makes its waterfront irresistible for high rise development, blocking vistas in all directions. This contradiction must be addressed by sensible, balanced development policy. The state has no stake in this. SF as a community does. Therefore:

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

RE: Support for SF Planning Code Text Amendment; Board File No. 2331079

Dear Supervisors Melgar, Peskin & Preston:

On behalf of the [Barbary Coast Neighborhood Association](http://www.bcnasf.org) (BCNA), I am writing to support the passage of Board file No. 2331079, which amends the SF Planning Code to correct an oversight in recent legislation. The legislation encouraged the conversion of downtown offices to residential housing while also eliminating density controls in the northeastern part of the City.

That lack of density control now enables projects to circumvent the existing height limits when using state bonus programs. This will inevitably supercharge new building heights, as seen in two recently-proposed Sansome Street projects. The luxury project at 955 Sansome proposes a 24-story tower over three times the height limit on a parcel zoned for 84 ft. Another proposed condo project at 1088 Sansome envisions a 17-story project over 200' high on a parcel zoned for 65'. These two towers would be located in one of the City's oldest designated historic districts. Just two blocks apart, they would form the backbone for a wall of high rises and destroy the fabric of the historic district featuring buildings of 6 stories or less.

The fix offered by Board President Peskin represents a common-sense approach to preserving what makes the Northeast Waterfront neighborhood unique and livable. For that reason, we strongly support the legislation and urge its passage.

BCNA is non-profit California corporation dedicated to improving the quality of life in San Francisco. Founded in 2006, BCNA serves the residents and businesses in the historic northeast waterfront along the Embarcadero from Bay Street to Clay Street. We strongly support open space, recreation areas, and appropriate residential and commercial development. Thank you for your consideration in this matter.

Sincerely,

Diana Taylor

Hi -

I am writing to express my OPPOSITION to 231079 (Density Controls east of Columbus Avenue) at next Monday's meeting.

We need more housing everywhere in this city, and 231079 is Aaron Peskin's cynical attempt to block housing in the northern, wealthy neighborhoods he represents.

I hope that you see through his cynicism, and will work to build a San Francisco that can accommodate all of us who want to live here.

Thanks

Jack Eidson (94117)

Dear John Carroll,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Sincerely,
Jeffrey Ko

The lack of density control now enables projects to circumvent existing height limits when using state density bonus programs. This will inevitably supercharge new building heights, as seen in two recently proposed Sansome Street projects that are THREE TIMES the existing height limits.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

I support the passage of Board File No. 2331079 to preserve our waterfront and allow for sensible, appropriate development along San Francisco's cherished waterfront.

Prevent destruction of the city skyline and quality of residential neighborhood life by allowing development and real estate corporate interests the option of plucking off shoreline and GG Park views with high-rises like Miami and Manhattan. As the most dense city in the US west of the Hudson River housing unit production must be renovation, or renovation with additions. New construction for housing should be the last choice after the empty offices spaces are filled which less likely to happen when these other options are available.

Sincerely,
steve ward

Dear John Carroll,

MY PERSONAL PLEA: I may have moved to another neighborhood (D7) of San Francisco, but our ICONIC waterfronts - on all 3 sides of San Francisco - are very important to me and my family. We are at one of these areas every week and often several times each week. RESTORE THE ORIGINAL CODE - NO MORE sneaking-in plans for mega towers without our knowledge that will compromise our eastern water front.

POSITION:

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

Dear John Carroll,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Sincerely,
Kurt Hansen

Dear John Carroll,

As a long-time resident of the Northeast Waterfront Neighborhood, I urge you to vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

The relative scarcity of high rise development makes the entire Embarcadero a pleasant place for walking, cycling, and historic streetcars, precious open space and lack of congestion, which makes San Francisco unique and attractive.

Sincerely,
Donald Campbell

Dear John Carroll,

CORRECTED SUBJECT LINE: PROTECT NEW HOUSING FROM BEING BLOCKED BY NIMBY-ISM
(This form does not allow editing of the subject line)

Please vote AGAINST legislation that blocks downtown office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

We need to revitalize downtown by bringing in more residents. I bike and walk thru that area regularly and it is desolate where it could be lively. Having more residents would support having more businesses and enliven this area.

I think we should ALLOW the developments at 955 and 1088 Sansome to proceed.

President Peskin's legislation seeks to BLOCK housing next to entrenched parties who oppose any changes and seem to serve to protect the interest of a few at the expense of the many.

Sincerely,
BA Williamson
San Francisco, CA 94133

Dear John Carroll,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Sincerely,
Pedro Salrach
San Francisco, CA 94123

Dear John Carroll,

Dear Mayor Breed:

San Francisco is finally emerging from the effects of Covid. Finally tourists with their cameras are returning. We hope conventions will follow! We shall all benefit from this, hotels, restaurants and retailers. The city is beautiful. The City by the Bay. Now it seems a loophole might destroy the Northern Waterfront. The bayshore freeway was torn down so that San Franciscans and visitors could enjoy the spectacular views and have an opportunity to enjoy our world class northern waterfront.

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development.

The ugly twin Fontana buildings near Ghirardelli Square are a glaring example of something that never should have slipped through the planning.

I urge and encourage you to respect our natural beauty and find another way to add housing. Not line the pockets of greedy developers many of whom do not even live in San Francisco.

Sincerely,
Angela Grove

Dear John Carroll,

I am a San Francisco resident and have lived here for 40 years. I am so proud of our beautiful city however I am troubled by the state and local legislation that is promoting large scale high rise buildings in historic areas of the city. If this happens, the waterfront will be a series of Fontana towers, a blight to our beautiful waterfront!

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

Dear John Carroll,

I write to you not only as a lifelong resident of the Northeastern part of San Francisco, but also as a fifth generation San Franciscan. I am also writing on behalf of my eleven-year-old son as he is obviously not a voter yet, however, he too is very concerned about protecting the waterfront he knows and loves.

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

The goal of President Peskin's legislation is to make our planning code logical and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

PLEASE PROTECT OUR CITY.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

This inadvertent change is opening up a travesty like what occurred more than 40 years ago when developers were allowed to build Fontana Towers, forever blocking that part of the waterfront from many neighborhoods. Please use reason here and stop this "grab" by greedy real estate moguls.

Dear John Carroll,

Flabbergasted! Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by Board of Supes' President Aaron Peskin.

Board of Supes' President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Thank you.

Sincerely,
Gregory Chiampou

It took two generations to remove the blight of the raised freeway along the Embarcadero and we all benefited from the attraction of the new urban open space, the tourists and locals who now enjoy it and the commerce they support. Don't remake the mistake of marring one of San Francisco's defining experiences.

Dear John Carroll,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

I often work in the historic Northeast Waterfront. It is beautiful and serene. Let's not destroy this neighborhood with high-rise structures built by speculative developers.

Sincerely,
Rosanna Russell

Dear John Carroll,

Let common sense prevail! Protect the waterfront!

I hope you will vote and approve the legislation that will restore the original code (it was changed by accident for the rezoning downtown (Case 2023-010060PCA or Board File No. 231079)). Support the wisdom of BOS President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Safe, sensible, and appropriate development east of Columbus Avenue and north of Washington Street must be encouraged over multistory properties, where the bare minimum of affordable housing could justify multiple floors of luxury housing, reducing the quality of life for all.

As a resident and voter in San Francisco, I support this ordinance as it would ensure the preservation of the character and cultural and economic diversity of the neighborhood and adjacent residences; conserve the habitat of a coastal urban bird refuge; preserve the vistas enjoyed by innumerable annual visitors and residents; ensure that new residences built would provide safe habitability without infringing upon that of existing residents.

Dear John Carroll,

On behalf of the Barbary Coast Neighborhood Association (BCNA), I am writing to support the passage of Board file No. 2331079, which amends the SF Planning Code to correct an oversight in recent legislation. The legislation encouraged the conversion of downtown offices to residential housing while also eliminating density controls in the northeastern part of the City.

That lack of density control now enables projects to circumvent the existing height limits when using state bonus programs. This will inevitably supercharge new building heights, as seen in two recently-proposed Sansome Street projects. The luxury project at 955 Sansome proposes a 24-story tower over three times the height limit on a parcel zoned for 84 ft. Another proposed condo project at 1088 Sansome envisions a 17-story project over 200' high on a parcel zoned for 65'. These two towers would be located in one of the City's oldest designated historic districts. Just two blocks apart, they would form the backbone for a wall of high rises and destroy the fabric of the historic district featuring buildings of 6 stories or less.

The fix offered by Board President Peskin represents a common-sense approach to preserving what makes the Northeast Waterfront neighborhood unique and livable. For that reason, we strongly support the legislation and urge its passage.

BCNA is non-profit California corporation dedicated to improving the quality of life in San Francisco. Founded in 2006, BCNA serves the residents and businesses in the historic northeast waterfront along the Embarcadero from Bay Street to Clay Street. We strongly support open space, recreation areas, and appropriate residential and commercial development. Thank you for your consideration in this matter.
Sincerely,

Diana Taylor
President, BCNA

Dear John Carroll,

I am writing to ask that you vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

This legislation is needed to protect the waterfront and historic districts from high-rise development. A wall of luxury condos would block the city skyline that draws tourists and is cherished by most San Franciscans. After removing the Embarcadero Freeway and revitalizing the waterfront, it would be a shame to destroy it by pandering to real estate developers. Please protect our city and supporting this amendment.

Sincerely,
Judith Powell

Dear John Carroll,

San Francisco's Northeast waterfront and the base of Telegraph Hill are some of the city's most historic areas. The 85-foot height limit for this area was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts. The 200+ foot luxury towers now allowed will forever ruin the character of this unique area.

Please vote to approve legislation that aims to restore what was originally in the code (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Dear John Carroll,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Sincerely,
Jack Oswald

Dear John Carroll,

Mayor Breed and everyone involved.

PLEASE do not let developers decide the fate of the shape of our waterfront. Once you allow one building, there will be huge buildings lining the water front and effecting the character of our entire neighborhood. THE PEOPLE should decide what should happen here, not DEVELOPERS who are motivated more by money than any other factor.

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

Dear John Carroll,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Sincerely,
Norman Laboe

We should be encouraging the conversion of existing towers that are sitting nearly empty before building new towers. Converting the existing commercial towers already in the vicinity is the way to revitalize the greater Financial District neighborhood. Additionally, the smaller size buildings in the Northeast Waterfront are ripe for companies looking to downsize their office footprint and should remain as is so we can work productively to get more people back working and living in the area.

Sincerely,
Alexander Coughlin

Dear John Carroll,

Please do not approve more ultra-highrises in areas that have had sensible zoning which benefits everyone.

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

Dear John Carroll,

I write to you not only as a lifelong resident of the Northeastern part of San Francisco, but also as a fifth generation San Franciscan. I am also writing on behalf of my eleven-year-old son as he is obviously not a voter yet, however, he too is very concerned about protecting the waterfront he knows and loves.

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

The goal of President Peskin's legislation is to make our planning code logical and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

PLEASE PROTECT OUR CITY.

Sincerely,
Sarah KLIBAN

Dear John Carroll,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Sincerely,
Renie Dupar

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

It took two generations to remove the blight of the raised freeway along the Embarcadero and we all benefited from the attraction of the new urban open space, the tourists and locals who now enjoy it and the commerce they support. Don't remake the mistake of marring one of San Francisco's defining experiences.

Dear John Carroll,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Sincerely,
PATRICIA CASPER

Dear John Carroll,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

Sincerely,
Katherine Petrin

Dear John Carroll,

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development. Together, let's protect the character and integrity of our neighborhood for current and future generations.

This inadvertent change is opening up a travesty like what occurred more than 40 years ago when developers were allowed to build Fontana Towers, forever blocking that part of the waterfront from many neighborhoods. Please use reason here and stop this "grab" by greedy real estate moguls.

Sincerely,
Bette Stockton

Dear John Carroll,

I am a San Francisco resident and have lived here for 40 years. I am so proud of our beautiful city however I am troubled by the state and local legislation that is promoting large scale high rise buildings in historic areas of the city. If this happens, the waterfront will be a series of Fontana towers, a blight to our beautiful waterfront!

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

Dear John Carroll,

Dear Mayor Breed:

San Francisco is finally emerging from the effects of Covid. Finally tourists with their cameras are returning. We hope conventions will follow! We shall all benefit from this, hotels, restaurants and retailers. The city is beautiful. The City by the Bay. Now it seems a loophole might destroy the Northern Waterfront. The bayshore freeway was torn down so that San Franciscans and visitors could enjoy the spectacular views and have an opportunity to enjoy our world class northern waterfront.

Please vote to approve legislation that aims to restore what was originally in the code and was inadvertently changed during the rezoning of downtown for office-to-housing conversions in Community Business Districts (Case Number: 2023-010060PCA [Board File No. 231079]), as introduced by President Aaron Peskin.

President Peskin's legislation seeks to bring back common sense to our planning code and safeguard our iconic waterfront from the encroachment of high-rise development.

The ugly twin Fontana buildings near Ghirardelli Square are a glaring example of something that never should have slipped through the planning.

I urge and encourage you to respect our natural beauty and find another way to add housing. Not line the pockets of greedy developers many of whom do not even live in San Francisco.

Sincerely,
Angela Grove
San Francisco, CA 94123
