Under Title 10 United States Code § 2576b

This agreement is entered into by and between

THE STATE OF CALIFORNIA
DEPARTMENT OF FORESTRY AND FIRE PROTECTION (CAL FIRE)

AND

SAN FRANCISCO FIRE DEPARTMENT

This agreement made and entered into this 20th day of December, 2022, by and between the State of California acting by and through the Director of the Department of Forestry and Fire Protection (CAL FIRE), hereinafter referred to as the STATE and the San Francisco Fire Department, hereinafter referred to as the COOPERATOR, covenants as follows:

I. PURPOSE

The STATE has been approved as an agent of the United States Department of Agriculture (USDA) Forest Service for administering excess Department of Defense (DoD) personal property as part of the Firefighter Property (FFP) program, which allows the COOPERATOR to take custody and use FFP property in providing fire and emergency medical services, including disaster relief activities.

II. MUTUAL INTEREST OF PARTIES

Both the STATE and the COOPERATOR have a mutual interest in the prevention, protection, and suppression of all fires near and adjacent to the property and the people of California, including providing medical emergency services and disaster relief.

III. AUTHORITIES

The Secretary of Defense is authorized by Title 10 United States Code § 257b to transfer to firefighting agencies, personal property that is excess to the needs of the DoD and that the Secretary of Defense determines is suitable to be used by such agencies in fire protection, emergency medical services and disaster relief activities.

IV RESPONSIBILITIES
THE COOPERATOR AGREES:

1. To only screen and acquire FFP property that are designed for or can be modified for direct use in fire pre-suppression or suppression activities, provide emergency medical services associated with the COOPERATOR's fire service responsibilities, or items that can be used to support disaster relief activities.
2. FFP property cannot be requested or issued for: cannibalization, parts, for speculative/possible future use, warehousing/stockpiling, or to sell, lease, rent, exchange, barter, secure a loan, or to otherwise supplement normal budget.

3. Warehousing/stockpiling is only authorized for disaster response accommodations. FFP property such as generators, cots, tents, etc. that are obtained to support potential disaster relief or other contingency operations will be considered to have been placed into use if they are readily available to support emergency contingencies.
4. To send the STATE a copy of the signed receipt (1348-1A) for each FFP property item removed from the DoD Defense Logistics Agency (DLA) upon return from property pick up. This is a mandatory requirement as identified by the DoD and the USDA Forest Service.
5. To bear the entire cost of transportation, retrofit, modification, maintenance, repair, (including painting, as necessary) and operation of acquired FFP property while in the COOPERATOR'S possession, and relieve the STATE of all responsibility and liability in matters related to FFP property.
6. Acquired FFP property must be placed into use or ready for use within one (1) year of receipt. If the property is not placed for use in the one (1) year timeline, the property must be returned to the DoD Defense Logistics Agency (DLA) at the COOPERATOR's expense.
7. To ensure add on tanks, pumps, hose reels, modification of property (e.g.: converting fuel tanker to a water tanker) etc. will not cause an acquired FFP vehicle to exceed the manufacturer's Gross Vehicle Weight (GVW) rating. This could compromise the safe use of the FFP vehicle.
8. To obtain prior to operation of any FFP property, the minimum liability insurance in the amount required by State law to cover the operation of FFP rolling stock. The COOPERATOR must maintain adequate insurance to cover damages or injuries to cover persons or property relating to the use of the FFP property.
9. Insurance is not required on any FFP property that has a DEMIL code of B, C, D, F and Q (other than Q6) along with other property with special handling requirements that remain titled to the DoD.
10. The COOPERATOR must paint any FFP rolling stock that has distinct military colors or markings.
11. The COOPERATOR shall be responsible for the proper care, maintenance, security, and storage of the FFP property.
12. The COOPERATOR is required to keep the FFP property operational for a minimum of one (1) year after "In Service" date before normal disposal can take place.
13. Identify and track all FFP property that has a DEMIL code of B, C, D, F and Q (other than Q6) which require special handling. These FFP property items will not transfer ownership to the COOPERATOR and will remain titled to the DoD.
14. COOPERATOR will contact the STATE for FFP property that has a DEMIL code of B, C, D, F and Q (other than Q6) that is no longer needed and to be returned to the DLA at the COOPERATOR's expense.
15. The DoD reserves the right to recall DEMIL property issued through the FFP program at any time tracked by the USDA Forest Service for accountability purpose until the COOPERATOR requests disposal of the FFP property item.
16. FFP property that has not been used for firefighting or emergency services for a minimum of one year must be reported to the STATE and USDA Forest Service for disposal authority. Supporting documentation must be provided on why the property needs to be disposed prior to the one year of use. Possible documentation includes:

 - a. Negligence: The failure to abide by Federal rules and regulations.
