The CPPs shall:

(1) Support a culture and practice of policing that reflects the values of protection and promotion of the dignity of all people, and, especially, the most vulnerable in the community.

(2) Foster an environment where requests for service and information from SFPD are handled in a timely and transparent manner.

(3) Support ~~the Police Department’s~~ SFPD’s ongoing reform efforts to increase community engagement, trust, positive interactions, and relations between the community and police officers.

SFPD shall (A) adopt a foot and bike patrol strategy that will deploy foot and bike patrol officers at every district station to effectively reduce crime and strengthen the SFPD's partnership and trust with the community, and (B) develop a formula for designating the foot and bike patrol streets and boundaries based on the reporting of crime, high volume foot traffic, crime prevention, and community input. The Police Department shall continue to evaluate the effectiveness of this deployment and readjust the strategy by considering the numbers of calls for service, crime prevention initiatives, and individual interactions with the community.~~

(1z) **Quality of Life Issues.** SFPD shall develop a strategy for proactive problem solving on quality of life quality-of-life issues, nuisances, and crime prevention, and identify alternatives to criminal law enforcement for quality of life issues. (23) **Language Access Needs.** SFPD shall incorporate a strategy tailored to address the distinct language access needs of communities served by each district station.

(ed) **Community Process.** SFPD shall create a public process for eliciting community input for the CPPs from community members, including neighborhood associations and groups, small businesses, merchant groups, non-profits, school groups, and neighborhood leaders that provide direct services to San Francisco residents *in areas served by* their respective district stations before adoption of the CPPs. SFPD shall consider and incorporate, to the extent possible, community feedback that includes a proactive problem-solving approach in designing CPPs. This public process is intended to allow the community to provide valuable input to SFPD as a measure of accountability.

RE: File 231101 – Community Policing and Foot and Bike Patrols

Dear Ms. Calvillo,

Should the proposed initiative ordinance be approved by the voters, in my opinion, in and of itself it would not affect the cost of government.

The proposed initiative ordinance specifies that the San Francisco Police Department (SFPD) will establish policies regarding community policing as well as foot and bike patrols, subject to SFPD's regular public hearing processes. If approved, the ordinance would require the Chief of Police to recommend staffing levels for foot and bike patrol assignments in accordance with the bi-annual staffing study and as part of the regular City budget process.

As of June 2023, SFPD had 48 officers assigned to foot or bike patrols. To the extent the implementation of this ordinance would require future additional foot and bike patrol officers beyond the current number of officers, it may increase the cost to government. These costs will vary considerably depending on the operational decisions made by the SFPD and decisions made by the Mayor and Board of Supervisors through the normal budget process as an ordinance cannot bind future Mayors or Boards of Supervisors to provide funding.

Sincerely,

Janice Levy FOR
