RE: Annual Report to the San Francisco Board of Supervisors on Hospitalization and Medical Treatment as required by Administrative Code Sec. 16.82

2017 SEP 25 AM 9:33
BOARD OF SUPERVISORS
SAN FRANCISCO
ASSOCIATE

Section 16.82 of the San Francisco Administrative Code provides authority to the Human Resources Director to administer the City's workers' compensation program and to arrange for hospitalization and medical services necessary and appropriate for those employees who have been injured on the job. The code further requires the Human Resources Director to submit an annual report to the Board of Supervisors no later than September 30 of each year to include the costs of hospitals and other medical providers.

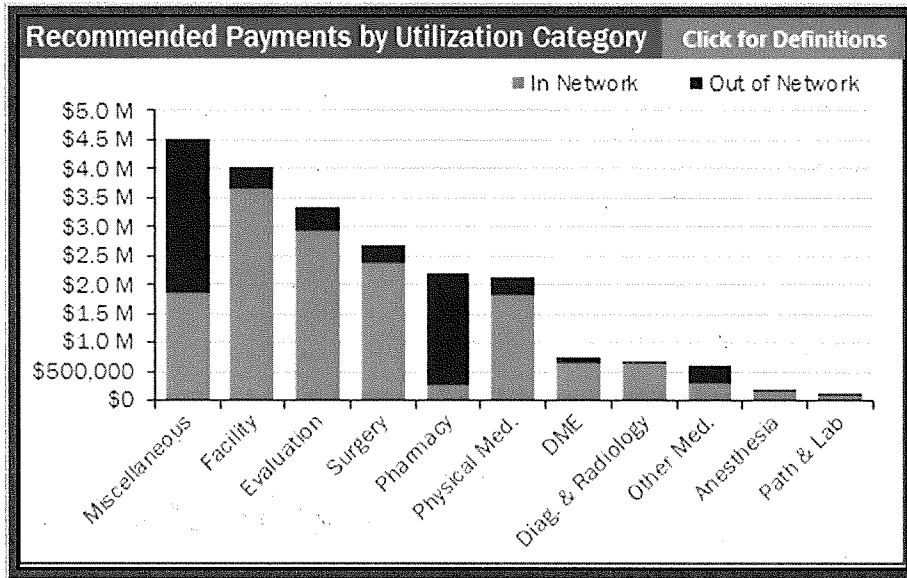

Program Overview

The CCSF Workers' Compensation Division administers a Medical Provider Network (CCSF MPN) approved by the State Division of Workers' Compensation that includes participating hospitals and physicians to provide medical treatment to employees who become injured or ill in the course of employment. Medical provider networks are the primary tool for ensuring that medical treatment is consistent with best occupational health practices and state-mandated treatment guidelines. The DHR Workers' Compensation Division administers the CCSF MPN according to state requirements. The San Francisco Municipal Transit Agency joined the CCSF MPN in 2013.

Medical Provider Network Penetration

The chart below illustrates network penetration by type of service from July 1, 2016 through June 30, 2017. Network penetration for key categories, such as facilities, surgery, services of the treating physicians (listed as "Evaluation"), and physical medicine is excellent.

For the fiscal year 2017-18, the Workers’ Compensation Division will be implementing a Pharmacy Benefit Network program that will improve network penetration, cost-savings, and efficiency.

Hospitalization and Total Medical Costs

The chart below illustrates the costs for hospitalization and total medical expenditures (which include hospitalization) for the 2013-14, 2014-15, 2015-16, and 2016-17 fiscal years. Total medical costs, including hospitalization, decreased by 2.20% in 2015-16, and decreased again by another 1.35% in 2016-17. Hospitalization costs are almost 10% below hospitalization costs paid in 2013-14.

Benchmarked Performance – Average Medical Costs Per Claim in Calendar Year 2016

The City & County of San Francisco submits de-identified workers’ compensation claims data to the California Workers’ Compensation Institute (CWCI) which allows the City to benchmark its performance to other workers’ compensation claims administrators in California. The City’s medical costs per claim are consistently below industry averages:

- Average medical costs per claim in 2016 for the industry were \$2467 compared to the City’s costs which averaged \$1878 for all claims in that injury year, which is 23% lower than the industry average as collected by CWCI.

- The spread becomes more pronounced for prior injury years as medical costs accumulate by injury year, with City costs roughly 43% lower than the industry average for the 2012 injury year.

Program Improvements in 2016-17

- The Workers' Compensation Division implemented a pilot pre-authorization "Fast Track" program for common medical treatments for the first 90 days of a claim with participating occupational health clinics. The program was launched in August, 2015. The program was successful in speeding common treatments to workers and was expanded in February, 2017 to the first 180 days of the claim and expanded to orthopedic specialists and consulting medical services.
- A Medical Provider Network Committee representing DHR, SFMTA, City Attorney's Office, and the contracted workers' compensation claims administrator (Intercare) met quarterly to review needed changes to the CCSF Medical Provider Network and resulted in the successful dismissal of one provider from the network and the addition of other providers to enhance access to specialists in the areas of psychiatry and orthopedics.
- NantHealth was added to the City's Medical Provider Network to provide specialized full-genome laboratory testing for cancerous tumors to improve medical diagnoses and outcomes for public safety officers with occupationally-related cancer.
- The Workers' Compensation Division completed an RFP process and awarded a contract with EK Health, a new Medical Treatment Utilization Review/Medical Bill Review company. This contract should reduce medical cost-containment expenses and improve the quality of medical treatment decisions. The contract also includes assistance for evaluating the quality of care delivered through the CCSF Medical Provider Network.

Goals for 2017-18

1. Fully launch the EK Health contract for medical treatment and bill review services.
2. Continue to assess the performance of the "Fast Track" program for preauthorized medical treatment will be assessed to determine whether there are any changes that could enhance the program.
3. Assess the quality of care provided by Medical Provider Network providers.
4. Implement a Pharmacy Benefit program to reduce the costs of pharmaceuticals and streamline access to employees.

The City and County of San Francisco uses the following methodology to determine compliance: Compliance is pre-trade and calculated on both a par and market value basis, using the result with the lowest percentage of the overall portfolio value. Cash balances are included in the City's compliance calculations.

Please note the information in this report does not include cash balances. Due to fluctuations in the market value of the securities held in the Pooled Fund and changes in the City's cash position, the allocation limits may be exceeded on a post-trade compliance basis. In these instances, no compliance violation has occurred, as the policy limits were not exceeded prior to trade execution. The full Investment Policy can be found at <http://www.sftreasurer.org/>, in the Reports & Plans section of the About menu.

Totals may not add due to rounding.

RE: St. Luke's Family Council Update

Dear Supervisors:

There was another day of havoc at St. Luke's Hospital. The CPMC Subacute Care Team conducted a meeting for the patients and their family members on Wednesday, September 13, 2017. The care team consisted of Jim Macksood, Susan Bumatay, Austin Ord, Joshua Anderson, Liz Cong, and Emie Maninang.

Raquel Rivera, the Family Council Coordinator, contacted Jim Macksood on Monday, September 11, 2017 to have the hospital meeting changed from 4:00 pm to 6:30 pm as the later time was more suitable for family members who work. Mr. Macksood confirmed with Raquel on Tuesday, September 12, 2017 via text that the time changed to 6:30 pm.

Tony Rivera, the Family Council Co-Coordinator, arrived at the hospital at approximately 5:30 pm and noticed that some family members were leaving. He was told by the leaving family members that the meeting was over, and that it started at 4:00 pm. Tony also spoke with the Ombudsman, Benson Nadell, who was on his way out of the hospital. Mr. Nadell stated that Liz Cong called that day and said the meeting was at 5:00 pm. However, there was no scheduled meeting for 5:00 pm. Mr. Nadell was upset that he was not present for the meeting. The Family Council Coordinators were not in attendance as well. Family members who arrived at 4:00 pm were upset that the Family Council Coordinators were not in attendance and were confused by this ordeal. This has

left a bad taste with the family members as this confusion caused by the care team disrupted the Family Council. Gloria and Tony, who are the Family Council Co-ordinators, approached Mr. Macksood to find out why Ms. Cong told the Ombudsman's office that the meeting was at 5:00 pm. Mr. Macksood denied it. Mr. Macksood approached Ms. Cong while the meeting was in session and whispered something in her ear which was witnessed by multiple people in the meeting. Ms. Cong stood up and left the meeting and did not return.

In addition, CPMC had a sign-in sheet indicating the meeting time at 6:30 pm. The family members who arrived at 4 pm and 5 pm signed the 6:30 pm sign-in sheet.

The Family Council sent an email that "The families request that CEO Warren Browner be present for the meeting tonight at 6:30 pm" which was scheduled by CPMC. Mr. Macksood replied that "Dr. Browner won't be able to attend the meeting tonight."

CPMC did not work with the Family Council to coordinate this meeting. CPMC continues to cause confusion, frustration and anxiety to the families.

Questions and Concerns by Family Members and CPMC's Responses

Family members addressed concerns regarding understaffing in the subacute unit and an explanation as to why the level of care has gone down. CPMC responded that they are working with human resources, community relations and union representatives to assure staffing ratios and quality and competency of staff are being provided and that they have a safe level of staffing based on regulations. They indicated that no new staff or floating nurses are in the unit right now and report staff to CMS regularly to meet the mandated ratio of care based on the census that they have. They further stated that they will look into staffing and get back to families. **Family members have repeatedly expressed this issue at several hearings and at the last meeting with CEO Dr. Warren Browner and have yet to receive an adequate response or action.**

Families expressed fear that they will have to experience another potential transfer/discharge issue in June of 2018. Families requested a letter clarifying that patients will remain at one of the CPMC hospital-based facilities for as long as they need care regardless of the June 30, 2018 date. **Family members expressed this issue at the last Board of Supervisors hearing and again at the recent meeting with the CPMC Subacute Care Team and have yet to receive a revised letter.**

The families questioned the purpose of these meetings. CPMC responded that they would like to meet with the families to listen to their concerns and take down any questions they may have. As they get closer to everything, they would like to meet

regularly and keep families informed, get their opinions and thoughts, and make it convenient for them to communicate. As stated in the attached letter by CPMC: “During the discussions it was agreed that to be respectful of everyone’s time, we will schedule meetings when there is substantive information to share.” **These meetings are not eventful for the families if they will not provide adequate responses other than repeating what has been said at the hearings and prior meeting.**

The families requested that all patients at St. Luke’s subacute unit be kept together as they have been a community and are a family to one another. If, at all possible, they would prefer to stay at St. Luke’s Hospital and then transferred to the Mission Bernal campus, conveniently located next to St. Luke’s Hospital. CPMC responded that all patients will be kept together. They still have a lot of planning to do with the Department of Public Health (DPH). CPMC stated they are open to listen to input as the process moves along. CPMC and DPH still have to find out which of the **four (4)** CPMC campuses they will be able to move patients to and intend to keep families informed every step of the way. **It has been stated by CEO Dr. Browner that one of the CPMC campuses, Pacific Campus, will be closed. Why are the CPMC Subacute Care Team referring to four campuses when it should be three? These inaccurate statements cause confusion and frustration with the families.**

The family members expressed that we are all a family and are willing to speak about general common concerns together as a group. We agree that all confidential patient matters such as individual patient medical records, etc., should be kept confidential and communicated to specific family members only. However, it was made clear that as far as scheduling future meetings with the family council, one person as point of contact will be designated and that person will report to the group through an email set up for the family council. **The Family council will provide one contact person to CPMC and meeting date and time convenient for the families. Families expressed that they have lost faith and trust in CPMC and asked that they understand how stressful this situation has been to them and their families.**

FAMILY COUNCIL REQUESTS

The Family Council submits the following requests:

- Clarification in writing that the subacute patients residing at St. Luke’s Hospital will be staying at one of CPMC’s three permanent hospital-based campuses for as long as they need care, regardless of the June 30, 2018 target date within which CPMC needs to comply for their license and other requirements;
- That the sub-acute patients remain together in the same unit now and during the transfer to the new facility;

- Adequate level of staffing and care to meet the patients' needs on a daily basis, including evenings and weekends;
- Patients that were involuntarily transferred due to the closure announcement be returned to St. Luke's Hospital immediately;
- Consideration for the sub-acute patients to be permanently transferred to the Mission Bernal hospital campus because of its rather close proximity to the current facility minimizing transfer trauma and anxiety, and its central location with easily accessible public transportation routes currently used by family members who have their routines in place;
- Certified translators not associated with CPMC for future family council meetings (a family member complained of an interpreter contracted by CPMC who took notes and did not translate the Family Council meeting that was in progress);
- CPMC to work cohesively with the Family Council to organize future meetings;
- The sub-acute unit should remain open to new patients. This will provide that an adequate level of staffing is maintained for continuous care of the patients that are in the unit and address this dire need in the County of San Francisco.

The family members respectfully submit this update for your review and consideration.

Sincerely,

Raquel Rivera

Re: File No. 170442, Amendment to Article 27 of the Public Works Code

Dear President Breed and Supervisors Cohen, Farrell, Fewer, Kim, Peskin, Ronen, Safai, Sheehy, Tang, and Yee:

In connection with the San Francisco Board of Supervisors (“**Board of Supervisors**”) consideration of a proposed amendment to Article 27 of San Francisco’s Public Works Code (the “**Ordinance**”), described below, Pacific Bell Telephone Company d/b/a AT&T California (“**AT&T**”) agrees as follows.

Background

The Ordinance requires AT&T to obtain site permits to install surface-mounted facilities (SMFs), such as AT&T’s equipment cabinets, in the public right-of-way. In September 2014, The Department of Public Works (“**DPW**”) issued Order No. 182933 (the “**Order**”), which implements the Ordinance and establishes additional requirements and procedures for obtaining SMF site permits. The Ordinance and the Order specifically require permittees to install and maintain trees and landscaping in the vicinity of the SMF, or to pay an “in-lieu” fee if trees or landscaping cannot be installed (the “**Tree/Landscaping Requirement**”). (S.F. Pub. Works Code (“**PWC**”), § 2710; Order § 7.) The Ordinance and the Order require permittees to facilitate the installation of mural on the SMF at the permittee’s expense (the “**Mural Requirement**”). (PWC § 2711; Order § 11).

AT&T obtained decisions allowing it to submit applications to install SMFs at seven locations in the City of San Francisco (the “**City**”). AT&T then submitted applications to install SMFs at these locations on December 16, 2016 (the “**Applications**”), accompanied by a letter explaining that it considered the Tree/Landscaping and Mural Requirements to be impermissible. On December 21, 2016, DPW issued a Notice of Deficiency on the ground that the Applications were incomplete for the reason that AT&T indicated that it did not intend to install street trees or

landscaping or pay an in-lieu fee. AT&T requested a final determination on its Applications on January 10, 2017. DPW issued a Notice of Final Determination to Deny Surface-Mounted Facility Site Permits on January 19, 2017. On February 1, 2017, AT&T appealed the denial of the Applications to the San Francisco Board of Appeals. These appeals were assigned Appeal Nos. 17-014, 17-015, 17-016, 17-017, 17-018, 17-019, and 17-020 (the “**Appeals**”). The Appeals are currently set for hearing on October 18, 2017.

The Board of Supervisors is considering a proposed amendment to the Ordinance (the “**Proposed Amended Ordinance**”). Among other things, the Proposed Amended Ordinance would relieve AT&T and other applicants for surface-mounted facility permits of the obligation to: (i) install a street tree if the applicant agreed to pay an in-lieu fee in the amount established by the Proposed Amended Ordinance; and (ii) allow for the installation of a mural if it paid an in-lieu fee in the amount established by the Proposed Amended Ordinance.

AT&T’s Covenant Not to Sue and Agreement to Dismiss Appeals

In the event the Board of Supervisors enacts the Proposed Amended Ordinance in substantially the form that is included in the agenda/packet for the Public Safety and Neighborhood Services Committee meeting on September 13, 2017 and Board of Supervisors Meeting on September 19, 2017 (an “**Acceptable Ordinance**”) (attached hereto as **Exhibit A**), AT&T agrees to dismiss the Appeals and covenants not to file or assert any action, claim, demand, lawsuit, arbitration, or other legal or regulatory proceeding in any venue or forum (or continue or maintain any existing suit) against the City regarding Tree/Landscaping or Mural Requirements for a period not to exceed five (5) years.

Nothing in the this letter shall prevent AT&T from filing any claim of any type on account of, or in any way growing out of or related to Tree/Landscaping or Mural Requirements in the event that: (1) there is a change in federal or state law concerning the conditions that the City may impose on permits for SMFs based on aesthetic considerations, including any changes related to the ability of the City to impose such conditions in light of California’s Public Utilities Code Sections 7901 and 7901.1; (2) any state or federal court decision is issued concerning the legality of the imposition in California of “in-lieu” fees of any sort; or (3) any new or additional requirements with respect to Tree/Landscaping or Mural Requirements are imposed by the City beyond those set out in the Acceptable Ordinance (including those requirements imposed by Public Works Code Sections 802(h) and 807(f) to the extent incorporated in the Acceptable Ordinance).

For the avoidance of doubt, AT&T is not releasing any claims of any type which it now has, or it may hereafter accrue or otherwise acquire, on account of, or in any way growing out of or related to AT&T’s applications to install surface-mounted facilities in the City, including claims of any type with respect to any requirements that the City has or may impose upon AT&T as a condition to installing or maintaining an SMF in the City

or County of San Francisco, including the Tree/Landscaping or Mural Requirements. AT&T is only agreeing that it will not file suit or assert any action, demand, lawsuit, arbitration, or other legal or regulatory proceeding in any venue or forum under the circumstances described above.

In the event that the City does not enact an Acceptable Ordinance by October 11, 2017, AT&T's covenant not to sue shall be void, and will have no force and effect.

Sincerely,

Be it ordained by the People of the City and County of San Francisco:

1 Section 1. The Public Works Code is hereby amended by revising Article 27, Sections
2 2700, 2710, 2711, 2712, 2713, 2722, 2726, and 2727, and adding Section 2732, to read as
3 follows:

4 **SEC. 2700. SURFACE-MOUNTED FACILITY SITE PERMIT.**

5 (a) **Surface-Mounted Facility Site Permit Required.** It shall be unlawful for any
6 Person to construct or install a Surface-Mounted Facility in any Public Right-of-Ways that are
7 under the jurisdiction of the Department without first obtaining from the Department a Surface-
8 Mounted Facility Site Permit under this Article 27 authorizing such construction or installation.

9 (b) **Minimum Permit Requirements.** The Department shall require an Applicant for
10 a Surface-Mounted Facility Site Permit to demonstrate to the satisfaction of the Department
11 that:

12 (1) The City has granted Applicant the authority to construct, install, and
13 maintain the proposed Surface-Mounted Facility in the Public Right-of-Ways; and

14 (2) The Director has approved the proposed location for the Surface-
15 Mounted Facility pursuant to the requirements of this Article 27.

16 (c) **Permit Conditions.** The Department may include in a Permit such Conditions,
17 in addition to those already set forth in this Article 27 and other Applicable Law, as may be
18 required to govern the construction, installation, removal, or maintenance of Surface-Mounted
19 Facilities in the Public Right-of-Ways, and to protect and benefit the public health, safety,
20 welfare, and convenience.

21 (d) **Authority Granted.** A Permit shall authorize the Permittee to perform any
22 excavation that is required to install the Surface-Mounted Facility in the Public Right-of-Ways.

23 (e) **Exceptions to Permit Requirement.** The requirements of this Article 27 shall
24 not apply to the following:
25

1 (1) The replacement of an existing Surface-Mounted Facility at the
2 same location, provided the replacement Surface-Mounted Facility would be installed on the
3 existing foundation and would not be substantially larger in height or volume be the same size or
4 smaller than the existing Surface-Mounted Facility.

5 (2) The installation of any equipment in the Public Right-of-Ways
6 pursuant to an encroachment permit issued by the Department pursuant to Article 15 of the
7 Public Works Code.

8 (f) **Other Provisions Inapplicable.** This Article shall govern all actions taken by
9 the City with respect to the approval or denial of an Application for a Surface-Mounted Facility
10 Site Permit under this Article 27. The requirements of ~~San Francisco~~ Business and Tax
11 Regulations Code Sections 5, 6, and 26(a) shall not apply to this Article 27 to the extent those
12 provisions are in conflict with the provisions of this Article 27.

13
14 **SEC. 2710. STREET TREE LANDSCAPING.**

15 (a) **Required for Permit.**

16 (1) The Department shall require every Permittee to install a suitable street
17 trees ~~and landscaping~~ in order to minimize any negative effects on the Aesthetic Character of
18 the streetscape resulting from Permittee's construction, installation and maintenance of the
19 permitted Surface-Mounted Facility. ~~The Department shall determine the number of required street~~
20 ~~trees and the total area of the landscaped area. Generally, the Department shall require the installation~~
21 ~~of at least one street tree and sidewalk landscaping of approximately 100 square feet with each~~
22 ~~permitted Surface-Mounted Facility.~~

23 (b) **"In-Lieu" Fee.**

24 (2)(1) In any instance in which the Department cannot require the Permittee to
25 install ~~either~~ an appropriate street trees ~~or landscaping~~ in the vicinity of the permitted Surface-

1 Mounted Facility, including on the basis of inadequate sidewalk width, interference with
2 utilities, or other reasons regarding the public health, safety, or welfare, the Department shall
3 instead require the Permittee to pay make an "in-lieu" fee. payment into the Department's "Adopt-
4 A Tree" fund. This payment shall be in the amount specified in Public Works Code Sections 802(h) and
5 807(f) for the installation of one street tree in addition to a payment of \$7,500 for sidewalk
6 landscaping, and shall be payable prior to the Department's issuance of the Permit. These on-lieu fees
7 may be adjusted to reflect changes in the relevant Consumer Price Index, subject to the requirements of
8 Section 2729(e).

9 (2) An Applicant may elect to pay the "in-lieu" fees described in subsection (b)(1)
10 instead of installing any required street tree. The Applicant shall notify the Department of its election
11 in the Notice of Intent required under Section 2712 of this Article 27.

12 (3) The "in-lieu" fee required by this subsection (b) shall be in the amount specified
13 in Public Works Code Sections 802(h) and 807(f) for the installation of one street and shall be paid into
14 the "Public Works Adopt-A-Tree Fund" established under Administrative Code Section 10.100-227.

15 (bc) **Care and Maintenance of Street Trees and Landscaping.** The Permittee shall be
16 responsible for the care and maintenance of any street trees and landscaping required to be
17 installed in the Public Right-of-Ways under this Section shall be in accordance with the terms and
18 conditions of. In this regard, the Permittee shall assume the duty of a "property owner" Article 16 of
19 the as set forth in Public Works Code, Section 800, et seq. Section 805(a).

20 (ed) **No Separate Permit Required.** Where required, the installation of a The street tree
21 and landscaping requirements set forth subsection (a) above shall be incorporated into the Surface-
22 Mounted Facility Site Permit issued by the Department under this Article 27. No separate
23 permit will be required under Section 810B of the Public Works Code.

1 **SEC. 2711. MURALS.**

2 **(a) Required for Permit.** Any Person or group of Persons may propose to the
3 Department and the Permittee that the permitted Surface-Mounted Facility be used for a
4 mural that is appropriate for the location. The Department shall require every Permittee to
5 work with any Person or group of Persons selected by the San Francisco Arts Commission in
6 consultation with the Department and the Permittee to facilitate the installation of the mural at
7 Permittee's sole expense and at no cost to the City. No mural shall be allowed unless it is
8 approved by the San Francisco Arts Commission. No mural may contain any product
9 advertising of any kind. The Department may establish by order or regulation the process for
10 placing a mural on a permitted Surface-Mounted Facility.

11 **(b) Maintenance.** The Permittee shall at Permittee's expense work with the Person
12 or Persons that installed the mural to ensure that the mural is properly maintained. The
13 requirements of this subsection *(b)* shall be in addition to Permittee's responsibilities under
14 this Article 27 to maintain any permitted Surface-Mounted Facilities and remove any Graffiti
15 from its permitted Surface-Mounted Facilities.

16 **(c) "In-Lieu" Fee.**

17 *(1) An Applicant may elect to pay an "in-lieu" fee instead of permitting the*
18 *installation of a mural on its Surface-Mounted Facility. The Applicant shall notify the Department of*
19 *its election in the Notice of Intent required under Section 2712 of this Article 27.*

1 **SEC. 2712. NOTICE OF INTENT TO SUBMIT APPLICATION.**

2 (a) **Submission to the Department.** As part of the Pre-Application Approval
3 Process, within ~~1~~ one day after the Preferred Location List has been reviewed and approved
4 by all applicable City departments, the Applicant may submit a Notice of Intent to the
5 Department for its review. An Applicant may request additional time to submit a Notice of
6 Intent.

7 (b) **Form and Contents.** The Notice of Intent shall be in the form approved by the
8 Department by order or regulation, but at a minimum shall contain the information required in
9 Section 2713(c)(1)-~~(9)~~(11).

10 (c) **Department Approval.** If the Department determines that a Notice of Intent is
11 complete, the Department will approve the Notice of Intent and authorize the Applicant to post
12 and mail the Notice of Intent as required in Section 2713.

13 (d) **Completion Requirements.** The Notice of Intent shall not be complete unless
14 the Department determines that the Applicant has complied with the following requirements:

15 (1) The Applicant has satisfactorily conducted the community meeting
16 required in Section 2705.

17 (2) The Applicant has submitted to the Department plans showing all of the
18 sizes and shapes of the cabinets proposed to be used for its Surface-Mounted Facilities,
19 including the dimensions of any ancillary equipment. For Applicants that conduct business in
20 jurisdictions other than San Francisco, the Applicant shall certify that the cabinets proposed
21 for San Francisco are no larger than the smallest used in any other jurisdiction for similar
22 services.

23 (3) If the Applicant is seeking approval of a larger cabinet on an existing
24 Surface-Mounted Facility site, the Applicant has sufficiently demonstrated to the Department
25 the reasons the larger cabinet is necessary.

1 ~~(4)~~ The Applicant has surveyed the vicinity of the Preferred Locations for its
2 Surface Mounted Facility to identify locations outside of the Public Right of Ways (including City
3 owned property) that may be appropriate for the installation of the Surface Mounted Facility and the
4 Applicant has made reasonable efforts to determine whether the owners of any and all suitable
5 properties would be willing to allow the Applicant to use their property for Applicant's proposed
6 Surface Mounted Facility. For purposes of this subsection, the term "reasonable efforts" includes
7 offering the owners of any suitable property market rate compensation for the use of the property for
8 the Applicant's Surface Mounted Facility. The Department shall by order or regulation establish
9 guidelines defining "reasonable efforts" and "market rate compensation."

10 ~~(5)~~(4) The Applicant attempted to place the Surface-Mounted Facility (or parts
11 thereof) underground where such underground placement is technologically or economically
12 feasible. An Applicant may satisfy the requirement contained in this subsection ~~(d)~~(4) by
13 demonstrating to the satisfaction of the Director that it is not technologically or economically
14 feasible for the Applicant to place the Surface-Mounted Facility (or parts thereof)
15 underground. At a minimum, the Applicant shall demonstrate to the Director that it conducted
16 a thorough search for adequate underground technology and provide a report from a licensed
17 engineer certifying the information.

18 ~~(6)~~(5) Where it is not technologically or economically feasible to underground
19 the entire Surface-Mounted Facility, the Applicant has agreed: (A) to underground part of the
20 Surface-Mounted Facility; (B) to limit the height and footprint of the Surface-Mounted Facility
21 to the maximum extent feasible; (C) either to use stainless steel or to paint the Surface-
22 Mounted Facility the color used for City structures in the vicinity, unless otherwise specified by
23 the Department, and added a Graffiti-proof coating; ~~(D) to screen the Surface Mounted Facility~~
24 ~~by landscaping the Public Right of Ways in the area around the Surface Mounted Facility or~~
25 ~~camouflaging or camouflage the Surface Mounted Facility where requested by any City~~

1 department; and (E) to comply with any Conditions imposed by any City department that
2 reviewed the Applicant's Preferred Location List.

3 ~~(7)~~(6) The Applicant has explored reasonable opportunities to co-locate the
4 Surface-Mounted Facility with any other Surface-Mounted Facility installed or to be installed in
5 the Public Right-of-Ways by other entities including City departments.

6 ~~(8)~~(7) The Applicant has explored reasonable opportunities for its Surface-
7 Mounted Facility to serve a dual function such as a bench or other amenity. The Department
8 shall have the authority to require that a Surface-Mounted Facility serve a dual function,
9 where the Department determines that such dual function is technologically and economically
10 feasible.

11 ~~(9)~~(8) The Applicant has notified the Department whether the Applicant could
12 remove an existing Surface-Mounted Facility from the Public Right-of-Ways because it would
13 no longer be used or useful to the Applicant once the proposed Surface-Mounted Facility has
14 been installed.

15 ~~(10)~~(9) The Applicant has submitted a plan to the Department, in a format
16 specified by the Department, showing all of the Surface-Mounted Facilities the Applicant
17 expects to install in the City within five years of the Application date. Any Applicant that does
18 not anticipate installing any other Surface-Mounted Facilities in the next five years may satisfy
19 this requirement by submitting a statement to that effect instead of a five-year plan.

20 ~~(11)~~(10) The Department has determined that at least two of the Applicant's
21 Preferred Locations for the Surface-Mounted Facility are acceptable or the Notice of Intent will
22 include additional proposed locations identified by the Department or another City department
23 that reviewed the Applicant's Preferred Location List, unless the Department has determined
24 that there is only one feasible location for the proposed Surface-Mounted Facility.
25

1 **SEC. 2713. PUBLIC NOTICE OF NOTICE OF INTENT TO SUBMIT APPLICATION.**

2 **(a) Public Notice Required.** As part of the Pre-Application Approval Process, the
3 Department shall require an Applicant to notify the public that the Applicant has submitted a
4 Notice of Intent to the Department.

5 **(b) Notice Requirements.**

6 (1) The Applicant shall send a copy of the Notice of Intent to all Persons
7 owning or occupying any property located within 300 feet along either side of the fronting
8 streets of any of the Preferred Locations for the Surface-Mounted Facility.

9 (2) The Applicant shall post a copy of the Notice of Intent in conspicuous
10 places along the Public Right-of-Ways within 300 feet of either side of the fronting streets of
11 any of Applicant's Preferred Locations for the Surface-Mounted Facility.

12 (3) The Applicant shall send a copy of the Notice of Intent to any
13 neighborhood planning association identified by the Planning Department for any
14 neighborhood within 300 feet of any of the Applicant's Preferred Locations for the Surface-
15 Mounted Facility.

16 **(c) Form of Notice of Intent.** The Notice of Intent shall be in a form to be approved
17 by the Department by order or regulation. At a minimum, the Notice of Intent shall contain the
18 following information:

19 (1) The fronting address for each of the Preferred Locations and photo-
20 simulations of the Surface-Mounted Facility at each of the Preferred Locations. Such photo-
21 simulations shall accurately depict the proposed Surface-Mounted Facility and any *proposed*
22 required street trees ~~or landscaping~~.

23 (2) The Applicant's order of preference for the Preferred Locations.

24 (3) A brief description of the nature of the use of the proposed Surface-
25 Mounted Facility and the consequences of not installing the facility.

1 (4) Any assessment made of the Applicant's Preferred Locations by the
2 Planning Department and/or Recreation and Park Department.

3 (5) Any Conditions on the installation of the proposed Surface-Mounted
4 Facility at each of the Preferred Locations imposed by any City department that reviewed the
5 Applicant's Preferred Location List (including a statement indicating whether the Applicant has
6 accepted the Conditions).

7 (6) Any additional proposed locations for the Surface-Mounted Facility
8 identified by any City department that reviewed the Applicant's Preferred Location List
9 (including a statement indicating whether the Applicant has accepted the proposed locations).

10 (7) The procedure for protesting any or all of the Preferred Locations
11 contained in the Notice of Intent.

12 (8) The Applicant's contact information for obtaining information related to
13 the Notice of Intent and/or the technical requirements for the proposed Surface-Mounted
14 Facility.

15 (9) A statement that more information about the proposed Notice of Intent
16 can be obtained from the Applicant and more information about submitting a protest can be
17 obtained from the Department.

18 (10) If applicable, a statement that the Applicant will elect to pay an "in-lieu" fee
19 rather than installing a street tree.

20 (11) If applicable, a statement that the Applicant will elect to pay an "in-lieu" fee
21 rather than permitting the installation of a mural on its permitted Surface-Mounted Facility.

22 (d)(10) **Language Requirement.** The Department may require an Applicant to translate
23 the Notice of Intent into such language(s) that the Department determines are appropriate
24 based on the locations for the proposed Surface-Mounted Facility contained in the Notice of
25 Intent. Prior to issuing the Notice of Intent, the Applicant shall inquire of the Department as to

1 whether translation is required, and if so, into which language or languages such translation
2 shall be offered.

3 ~~(d)~~(e) **Filing with the Department.** The Applicant shall file with the Department proof
4 that the Applicant has complied with the notice requirements contained herein.

5
6 **SEC. 2722. POST-INSTALLATION OBLIGATIONS.**

7 (a) **Required Signage.** A Permittee shall place a sign on a permitted Surface-
8 Mounted Facility that shall contain the Permittee's name and provide a telephone number for
9 people to call to notify the Permittee that there is damage to or Graffiti on a Surface-Mounted
10 Facility or that an associated street tree landscaping is in need of maintenance. A telephone call
11 to that number will be considered notice to the Permittee. Such sign shall be displayed in a
12 conspicuous manner and shall be maintained and/or replaced as necessary.

13 (b) **Surface-Mounted Facility Maintenance.** A Permittee shall be solely
14 responsible for maintaining a Surface-Mounted Facility installed in the Public Right-of-Ways in
15 a clean and safe condition. A Permittee shall repair any damage to a Surface-Mounted Facility
16 within 30 days after discovering or being notified of such damage to a Surface-Mounted
17 Facility.

18 ~~(c) — Landscaping Maintenance. A Permittee shall be solely responsible for the maintenance~~
19 ~~of any installed landscaping or street tree installed by the Permittee as a Condition of the Department's~~
20 ~~issuance of a Surface-Mounted Facility Site Permit for so long as the permitted Surface-Mounted~~
21 ~~Facility remains at the location. Such landscaping shall be kept in a state of good visual quality, with~~
22 ~~any dead or diseased material promptly removed and replaced. The Permittee shall remove any litter~~
23 ~~accumulating within the landscaped area within 72 hours after discovering or being notified of such~~
24 ~~litter accumulation.~~

1 ~~(d)~~(c) **Graffiti Removal.** A Permittee shall be solely responsible for the removal of any
2 Graffiti from a Surface-Mounted Facility installed in the Public Right-of-Ways. A Permittee
3 shall remove all Graffiti from a Surface-Mounted Facility within 72 hours after discovering or
4 being notified that there is Graffiti on a Surface-Mounted Facility.

5 ~~(e)~~(d) **Inspection Required.** A Permittee shall regularly inspect each Surface-
6 Mounted Facility installed in the Public Right-of-Ways to determine whether any of its Surface-
7 Mounted Facilities are damaged, in need ~~of a landscaping~~ street tree maintenance, or have
8 been tagged with Graffiti.

9 ~~(f)~~(e) **Records.** A Permittee shall maintain written records of all inspections, repairs
10 to, and maintenance of any permitted Surface-Mounted Facilities in the Public Right-of-Ways
11 in such form as may be required by the Department. The Department may require that a copy
12 of these written records be sent to the Department on a regular basis.

13
14 **SEC. 2726. LIABILITY.**

15 As a condition of a Surface-Mounted Facility Site Permit, each Permittee agrees on
16 behalf of itself and any agents, successors, or assigns to be wholly responsible for the
17 construction, installation, and maintenance of any permitted Surface-Mounted Facility ~~and any~~
18 and the installation of any required street trees ~~or landscaping~~. Each Permittee and its agents
19 are jointly and severally liable for all consequences of such construction, installation, and
20 maintenance of a permitted Surface-Mounted Facility and the installation of any required
21 street trees ~~or landscaping~~. The issuance of any Permit, inspection, repair suggestion,
22 approval, or acquiescence of any Person affiliated with the City shall not excuse any
23 Permittee or its agents from such responsibility or liability.

1 **SEC. 2727. INDEMNIFICATION AND DEFENSE OF CITY.**

2 **(a) Indemnification of City.** As a condition of a Surface-Mounted Facility Site
3 Permit, each Permittee agrees on behalf of itself and its agents, successors, or assigns, to
4 indemnify, defend, protect, and hold harmless the City from and against any and all claims of
5 any kind allegedly arising directly or indirectly from the following:

6 (1) Any act, omission, or negligence of a Permittee or its ~~any~~ agents,
7 successors, or assigns while engaged in the construction, installation, or maintenance of any
8 Surface-Mounted Facility authorized by a Permit, or while in or about the Public Right-of-Ways
9 that are subject to the Permit, for any reason connected in any way whatsoever with the
10 performance of the work authorized by the Permit, or allegedly resulting directly or indirectly
11 from the construction, installation, or maintenance of any Surface-Mounted Facility authorized
12 under the Permit or any required street trees ~~or landscaping~~;

13 (2) Any accident, damage, death, or injury to any of a Permittee's contractors
14 or subcontractors, or any officers, agents, or employees of either of them, while engaged in
15 the performance of the construction, installation, or maintenance of any Surface-Mounted
16 Facility authorized by a Permit or any required street trees ~~or landscaping~~, or while in or about
17 the Public Right-of-Ways that are subject to the Permit, for any reason connected with the
18 performance of the work authorized by the Permit, including from exposure to radio frequency
19 emissions;

20 (3) Any accident, damage, death, or injury to any Person or accident,
21 damage, or injury to any real or personal property in, upon, or in any way allegedly connected
22 with the construction, installation, or maintenance of any Surface-Mounted Facility authorized
23 by a Permit or any required street trees ~~or landscaping~~, or while in or about the Public Right-of-
24 Ways that are subject to the Permit, from any causes or claims arising at any time, including
25 any causes or claims arising from exposure to radio frequency emissions; and

1 (4) Any release or discharge, or threatened release or discharge, of any
2 hazardous material caused or allowed by a Permittee or its agents about, in, on, or under the
3 Public Right-of-Ways.

4 (b) **Defense of City.** Each Permittee agrees that, upon the request of the City, the
5 Permittee, at no cost or expense to the City, shall indemnify, defend, and hold harmless the
6 City against any claims as set forth in subsection (a) above, regardless of the alleged
7 negligence of City or any other party, except only for claims resulting directly from the sole
8 negligence or willful misconduct of the City. Each Permittee specifically acknowledges and
9 agrees that it has an immediate and independent obligation to defend the City from any claims
10 that actually or potentially fall within the indemnity provision, even if the allegations are or may
11 be groundless, false, or fraudulent, which obligation arises at the time such claim is tendered
12 to the Permittee or its agent by the City and continues at all times thereafter. Each Permittee
13 further agrees that the City shall have a cause of action for indemnity against the Permittee for
14 any costs the City may be required to pay as a result of defending or satisfying any claims that
15 arise from or in connection with a Permit, except only for claims resulting directly from the sole
16 negligence or willful misconduct of the City. Each Permittee further agrees that the
17 indemnification obligations assumed under a Permit shall survive expiration of the Permit or
18 completion of installation of any Surface-Mounted Facility authorized by the Permit.

19 (c) **Additional Requirements.** The Department may specify in a Permit such
20 additional indemnification requirements as are necessary to protect the City from risks of
21 liability associated with the Permittee's construction, installation, and maintenance of a
22 Surface-Mounted Facility or any required street trees ~~or landscaping.~~

1 **SEC. 2732. DEPARTMENT OF PUBLIC WORKS REPORTING REQUIREMENT.**

2 (a) Beginning on September 1, 2019, and by September 1 of every other year
3 thereafter, the Department shall submit a report (the "Department Report") to the Board of
4 Supervisors and the Mayor concerning the applications for Surface-Mounted Facility Site
5 Permits submitted during the prior two-year period and maintenance of existing Surface-
6 Mounted Facilities.

7 (b) For each application, the Department Report shall contain the following
8 information: (1) the number of applications submitted by applicant; (2) the proposed location
9 of the Surface-Mounted Facility set forth in each application; (3) whether those applications
10 were protested; (4) the results of all such protests; (5) whether the Department granted or
11 denied those applications; (6) whether any Department determinations were appealed; and
12 (7) the outcome of any such appeals. For each existing Surface-Mounted Facility, the
13 Department Report shall also describe maintenance and graffiti abatement activities by the
14 Permittee during the two-year period.

15
16 Section 2. The Administrative Code is hereby amended by revising Chapter 10, Article
17 13, Section 10.100-239, to read as follows:

18 **SEC. 10.100-239. PUBLIC WORKS STREET BEAUTIFICATION DAMAGE**
19 **RESTORATION FUND.**

20 (a) Establishment of Fund. The Public Works Street Damage Restoration
21 Beautification Fund is established as a category eight fund for the purpose of receiving "in-
22 lieu" fees required under Public Works Code section 2711(c) Street Damage Restoration Fee
23 amounts paid pursuant to Section 2.4.44 of the Public Works Code (Part II, Chapter 10 of the
24 San Francisco Municipal Code).

25

1 (b) Use of Fund. Monies in the Street Damage Restoration Beautification Fund
2 shall be used ~~exclusively for street resurfacing and reconstruction. Notwithstanding the~~
3 ~~foregoing, the Director of the Department of Public Works may order refunds to be made from~~
4 ~~the Street Damage Restoration Fund consistent with procedures adopted pursuant to Section~~
5 ~~2.4.46 of the Public Works Code~~ murals and other beautification projects in the public right-of-
6 way. Public Works shall establish a mechanism for receiving applications for use of these
7 funds for such purposes.
8

9 Section 23. Scope of Ordinance. In enacting this ordinance, the Board of Supervisors
10 intends to amend only those words, phrases, paragraphs, subsections, sections, articles,
11 numbers, punctuation marks, charts, diagrams, or any other constituent parts of the Municipal
12 Code that are explicitly shown in this ordinance as additions, deletions, Board amendment
13 additions, and Board amendment deletions in accordance with the "Note" that appears under
14 the official title of the ordinance.
15

16 Section 34. Severability. If any section, subsection, sentence, clause, phrase, or
17 word of this ordinance, or any application thereof to any person or circumstance, is held to be
18 invalid or unconstitutional by a decision of a court of competent jurisdiction, such decision
19 shall not affect the validity of the remaining portions or applications of the ordinance. The
20 Board of Supervisors hereby declares that it would have passed this ordinance and each and
21 every section, subsection, sentence, clause, phrase, and word not declared invalid or
22 unconstitutional without regard to whether any other portion of this ordinance or application
23 thereof would be subsequently declared invalid or unconstitutional.

REVISED LEGISLATIVE DIGEST
(Amended in Committee - July 26, 2017.)

[Public Works, Administrative Codes - Requirements for Surface-Mounted Facility Site Permits]

Ordinance amending the Public Works Code to modify the exceptions to the Surface-Mounted Facility Site Permit requirement; to allow a permittee to choose to pay an “in-lieu” fee instead of installing a street tree; to allow a permittee to choose to pay an “in-lieu” fee instead of permitting the installation of a mural on its Surface-Mounted Facility; to repeal the requirements that a permittee install landscaping or pay an “in-lieu” fee and maintain the required landscaping; to repeal the requirement that an applicant for a Surface-Mounted Facility Site Permit make reasonable efforts to locate the facility on private property before submitting an application; to require Public Works to submit a report to the Board of Supervisors every two years on the number of applications for Surface-Mounted Facility Site Permits submitted and issued and on maintenance and graffiti abatement activities at existing Surface-Mounted Facilities; to amend the requirement that a permittee maintain any required street tree; and to amend the Administrative Code to require that the mural “in-lieu” fees be deposited in the Public Works Street Beautification Fund to be used to fund murals and other beautification projects in the public right-of-way.

Existing Law

Under Article 27 of the Public Works Code, any person installing a Surface-Mounted Facility (“SMF”) in the public right-of-way must obtain a Surface-Mounted Facility Site Permit from Public Works. Article 27 contains certain specified application requirements and permitting conditions for SMFs.

Amendments to Current Law

The proposed ordinance would amend the following sections of Article 27:

- Section 2700(e) (2) would be amended to allow a permittee to make modest changes to the height or volume of an existing SMF on the same foundation without obtaining a new permit.
- Section 2710 would be amended to: (a) repeal the requirement that a permit include a condition that the permittee install landscaping around the permitted SMF and maintain the landscaping; (b) allow an applicant to choose to pay an “in-lieu” fee instead of installing a street tree; and (c) to amend the street tree maintenance requirement to be consistent with San Francisco Charter § 16.129 (added by Proposition E).

- Section 2711 would be amended to allow an applicant to choose to pay an "in-lieu" fee instead of permitting the installation of a mural on its SMF.
- Section 2712 would be amended to: (a) repeal the requirement that an applicant make reasonable efforts to install an SMF on private property; and (b) delete the reference to landscaping.
- Section 2713 would be amended to: (a) delete the reference to landscaping; and (b) in part implement the amendments to Sections 2710 and 2711.
- Section 2722 would be amended to delete the landscaping maintenance requirement.
- Section 2726 would be amended to delete the reference to landscaping.
- Section 2727 would be amended to delete the reference to landscaping.

The proposed ordinance would also require Public Works to submit a report to the Board of Supervisors every two years on the number of applications for Surface-Mounted Facility Site Permits submitted and issued and on maintenance and graffiti abatement activities at existing Surface-Mounted Facilities.

The proposed ordinance would also amend Administrative Code section 10.100-239 to establish the Public Works Street Beautification Fund where mural "in-lieu" fees would be deposited. Monies in the fund would be used to fund murals and other beautification projects in the public right-of-way.

Background Information

The City has been actively engaged in the SMF siting process since 2005 when the Department of Public Works adopted Director's Order 175,556 to establish a pre-permitting process for SMFs in the public rights-of-way ("Order"). In 2014, the Board of Supervisors replaced the Order by adopting Article 27 of the Public Works Code.

The street tree and mural requirements are being amended to allow the applicant to choose to pay "in-lieu" fees instead of installing a street tree and permitting the installation of a mural. The City could then use these funds for planting new street trees and landscaping, graffiti abatement, and municipal art or other beautification projects in the public right-of-way. At present, the Bureau of Urban Forestry chooses whether to require the permittee to plant a street tree or pay an "in-lieu" fee. A mural would only be required if neighborhood residents came forward with a plan to create and install one.

FILE NO. 170442

The requirement that a permittee maintain any required street tree is being amended in light of section 16.129 to the San Francisco Charter, which the voters approved in Proposition E during the November 2016 election. Section 16.129 transfers responsibility to maintain street trees and sidewalks damaged by street trees from property owners to the City. The proposed amendment would require that the responsibility for maintaining street trees be consistent with Public Works Code Article 16, which section 16.129 requires the Board of Supervisors to amend. The proposed amendment would also repeal the landscaping maintenance requirement.

Section 2712(d)(4) is being repealed in response to a court ruling against the City. In 2014, Pacific Bell sued the City claiming that Public Utilities Code sections 5885 and 7901 preempted the City's authority to require a telephone corporation or state video provider to attempt to place its SMF on private property before applying for a Surface-Mounted Facility Site Permit. The San Francisco Superior Court in *Pacific Bell Telephone Company v. City and County of San Francisco* (Docket No. CGC-14-541846) found for Pacific Bell on that claim. In light of that ruling, San Francisco could not enforce Section 2712(d)(4) against Pacific Bell or other telephone corporations or state video providers.

Bonnie,

Thanks for your email. This issue is currently before the Public Safety and Neighborhood Services Committee. We are considering legislation where AT&T would make a payment to the city for every box they put in and the city will either wrap the boxes or use the money to fund a mural near by. I will make sure your comment is included in the legislative record (copying the committee clerk). Appreciate the input.

Subject: beautification Idea

Dear Supervisors and Staff, Recently I read about solving the problem of ugly utility boxes and thought that perhaps wrapping them much like the ads on streetcars might be an attractive and cost-effective solution. Initially I wrote to Supervisor Cohen who had expressed interest (vis SF Gate article.) Having no response, I am writing to you all in the hopes that one of you might be interested. Add to that, I see now that Berkeley (see photo) is wrapping their boxes and so I'm hoping SF might consider copying Berkeley. FWIW, I have no relationship w/companies that make these murals but would enjoy being part of the process. Thank you for any interest you might have to beautify our city streets. Sincerely, Bonnie Jones 415 664 4426

Re: File No. 170442, Amendment to Article 27 of the Public Works Code

Dear President Breed and Supervisors Cohen, Farrell, Fewer, Kim, Peskin, Ronen, Safai, Sheehy, Tang, and Yee:

In connection with the San Francisco Board of Supervisors ("**Board of Supervisors**") consideration of a proposed amendment to Article 27 of San Francisco's Public Works Code (the "**Ordinance**"), described below, Pacific Bell Telephone Company d/b/a AT&T California ("**AT&T**") agrees as follows.

Background

The Ordinance requires AT&T to obtain site permits to install surface-mounted facilities (SMFs), such as AT&T's equipment cabinets, in the public right-of-way. In September 2014, the Department of Public Works ("**DPW**") issued Order No. 182933 (the "**Order**"), which implements the Ordinance and establishes additional requirements and procedures for obtaining SMF site permits. The Ordinance and the Order specifically require permittees to install and maintain trees and landscaping in the vicinity of the SMF, or to pay an "in-lieu" fee if trees or landscaping cannot be installed (the "**Tree/Landscaping Requirement**"). (S.F. Pub. Works Code ("**PWC**"), § 2710; Order § 7). The Ordinance and the Order require permittees to facilitate the installation of mural on the SMF at the permittee's expense (the "**Mural Requirement**"). (PWC § 2711; Order § 11).

AT&T obtained decisions allowing it to submit applications to install SMFs at seven locations in the City and County of San Francisco (the "**City**"). AT&T then submitted applications to install SMFs at these locations on December 16, 2016 (the "**Applications**"), accompanied by a letter explaining that it considered the Tree/Landscaping and Mural Requirements to be

AT&T

impermissible. On December 21, 2016, DPW issued a Notice of Deficiency on the ground that the Applications were incomplete for the reason that AT&T indicated that it did not intend to install street trees or landscaping or pay an in-lieu fee. AT&T requested a final determination on its Applications on January 10, 2017. DPW issued a Notice of Final Determination to Deny Surface-Mounted Facility Site Permits on January 19, 2017. On February 1, 2017, AT&T appealed the denial of the Applications to the San Francisco Board of Appeals. These appeals were assigned Appeal Nos. 17-014, 17-015, 17-016, 17-017, 17-018, 17-019, and 17-020 (the "Appeals"). The Appeals are currently set for hearing on August 9, 2017.

The Board of Supervisors is considering a proposed amendment to the Ordinance (the "**Proposed Amended Ordinance**"). Among other things, the Proposed Amended Ordinance would relieve AT&T and other applicants for surface-mounted facility permits of the obligation to: (i) install a street tree if the applicant agreed to pay an in-lieu fee in the amount established by the Proposed Amended Ordinance; and (ii) allow for the installation of a mural if it paid an in-lieu fee in the amount established by the Proposed Amended Ordinance.

AT&T's Covenant Not to Sue and Agreement to Dismiss Appeals

In the event the Board of Supervisors enacts the Proposed Amended Ordinance in substantially the form that is included in the agenda/packet for the Public Safety and Neighborhood Services Committee meeting on July 12, 2017 (an "**Acceptable Ordinance**") (attached hereto as **Exhibit A**), AT&T agrees to dismiss the Appeals and covenants not to file or assert any action, claim, demand, lawsuit, arbitration, or other legal or regulatory proceeding in any venue or forum (or continue or maintain any existing suit) against the City regarding the Tree/Landscaping or Mural Requirements for a period not to exceed five (5) years.

Nothing in this letter shall prevent AT&T from filing any claim of any type on account of, or in any way growing out of or related to, the Tree/Landscaping or Mural Requirements in the event that: (1) there is a change in federal or state law concerning the conditions that the City may impose on permits for SMFs based on aesthetic considerations, including any changes related to the ability of the City to impose such conditions in light of California's Public Utilities Code Sections 7901 and 7901.1; (2) any state or federal court decision is issued concerning the legality of the imposition in California of "in-lieu" fees of any sort; or (3) any new or additional requirements with respect to the Tree/Landscaping or Mural Requirements are imposed by the City beyond those set out in the Acceptable Ordinance (including those requirements imposed by Public Works Code Sections 802(h) and 807(f) to the extent incorporated in the Acceptable Ordinance).

For the avoidance of doubt, AT&T is not releasing any claims of any type which it now has, or it may hereafter accrue or otherwise acquire, on account of, or in any way growing out of or related to AT&T's applications to install surface-mounted facilities in the City, including claims of any type with respect to any requirements that the City has or may impose upon AT&T as a

condition to installing or maintaining an SMF in the City or County of San Francisco, including the Tree/Landscaping or Mural Requirements. AT&T is only agreeing that it will not file or assert any action, claim, demand, lawsuit, arbitration, or other legal or regulatory proceeding in any venue or forum under the circumstances described above.

In the event that the City does not enact an Acceptable Ordinance by August 4, 2017, AT&T's covenant not to sue shall be void, and will have no force and effect.

Sincerely,

Tedi Vriheas,
Assistant Vice President, External Affairs

1 [Public Works Code - Requirements for Surface-Mounted Facility Site Permits]

2

3 Ordinance amending the Public Works Code to modify the exceptions to the Surface-
4 Mounted Facility Site Permit requirement; to allow a permittee to choose to pay an “in-
5 lieu” fee instead of installing a street tree; to allow a permittee to choose to pay an “in-
6 lieu” fee instead of permitting the installation of a mural on its Surface-Mounted
7 Facility; to repeal the requirements that a permittee install landscaping or pay an “in-
8 lieu” fee and maintain the required landscaping; to repeal the requirement that an
9 applicant for a Surface-Mounted Facility Site Permit make reasonable efforts to locate
10 the facility on private property before submitting an application; to require Public
11 Works to submit a report to the Board of Supervisors every two years on the number of
12 applications for Surface-Mounted Facility Site Permits submitted and issued, and on
13 maintenance and graffiti abatement activities at existing Surface-Mounted Facilities;
14 and to amend the requirement that a permittee maintain any required street tree.

21 Be it ordained by the People of the City and County of San Francisco:

22

23 Section 1. The Public Works Code is hereby amended by revising Article 27; Sections
24 2700, 2710, 2711, 2712, 2713, 2722, 2726, and 2727, and adding Section 2732, to read as
25 follows:

1 **SEC. 2700. SURFACE-MOUNTED FACILITY SITE PERMIT.**

2 **(a) Surface-Mounted Facility Site Permit Required.** It shall be unlawful for any
3 Person to construct or install a Surface-Mounted Facility in any Public Right-of-Ways that are
4 under the jurisdiction of the Department without first obtaining from the Department a Surface-
5 Mounted Facility Site Permit under this Article 27 authorizing such construction or installation.

6 **(b) Minimum Permit Requirements.** The Department shall require an Applicant for
7 a Surface-Mounted Facility Site Permit to demonstrate to the satisfaction of the Department
8 that:

9 (1) The City has granted Applicant the authority to construct, install, and
10 maintain the proposed Surface-Mounted Facility in the Public Right-of-Ways; and

11 (2) The Director has approved the proposed location for the Surface-
12 Mounted Facility pursuant to the requirements of this Article 27.

13 **(c) Permit Conditions.** The Department may include in a Permit such Conditions,
14 in addition to those already set forth in this Article 27 and other Applicable Law, as may be
15 required to govern the construction, installation, removal, or maintenance of Surface-Mounted
16 Facilities in the Public Right-of-Ways, and to protect and benefit the public health, safety,
17 welfare, and convenience.

18 **(d) Authority Granted.** A Permit shall authorize the Permittee to perform any
19 excavation that is required to install the Surface-Mounted Facility in the Public Right-of-Ways.

20 **(e) Exceptions to Permit Requirement.** The requirements of this Article 27 shall
21 not apply to the following:

22 (1) The replacement of an existing Surface-Mounted Facility at the
23 same location, provided the replacement Surface-Mounted Facility would be installed on the
24 existing foundation and would *not be substantially larger in height or volume ~~be the same size or~~*
25 *smaller* than the existing Surface-Mounted Facility.

1 (2) The installation of any equipment in the Public Right-of-Ways
2 pursuant to an encroachment permit issued by the Department pursuant to Article 15 of the
3 Public Works Code.

4 (f) **Other Provisions Inapplicable.** This Article shall govern all actions taken by
5 the City with respect to the approval or denial of an Application for a Surface-Mounted Facility
6 Site Permit under this Article 27. The requirements of ~~San Francisco~~ Business and Tax
7 Regulations Code Sections 5, 6, and 26(a) shall not apply to this Article 27 to the extent those
8 provisions are in conflict with the provisions of this Article 27.

9
10 **SEC. 2710. STREET TREE LANDSCAPING.**

11 (a) **Required for Permit.**

12 ~~(1)~~ The Department shall require every Permittee to install a suitable street
13 trees ~~and landscaping~~ in order to minimize any negative effects on the Aesthetic Character of
14 the streetscape resulting from Permittee's construction, installation and maintenance of the
15 permitted Surface-Mounted Facility. ~~The Department shall determine the number of required street~~
16 ~~trees and the total area of the landscaped area. Generally, the Department shall require the installation~~
17 ~~of at least one street tree and sidewalk landscaping of approximately 100 square feet with each~~
18 ~~permitted Surface Mounted Facility.~~

19 (b) **"In-Lieu" Fee.**

20 ~~(2)(1)~~ In any instance in which the Department cannot require the Permittee to
21 install ~~either an~~ appropriate street trees ~~or landscaping~~ in the vicinity of the permitted Surface-
22 Mounted Facility, including on the basis of inadequate sidewalk width, interference with
23 utilities, or other reasons regarding the public health, safety, or welfare, the Department shall
24 instead require the Permittee to pay ~~make~~ an "in-lieu" fee. ~~payment into the Department's "Adopt-~~
25 ~~A-Tree" fund. This payment shall be in the amount specified in Public Works Code Sections 802(h) and~~

1 ~~807(f) for the installation of one street tree in addition to a payment of \$7,500 for sidewalk~~
2 ~~landscaping, and shall be payable prior to the Department's issuance of the Permit. These on-lieu fees~~
3 ~~may be adjusted to reflect changes in the relevant Consumer Price Index, subject to the requirements of~~
4 ~~Section 2729(e).~~

5 (2) An Applicant may elect to pay the "in-lieu" fees described in subsection (b)(1)
6 instead of installing any required street tree. The Applicant shall notify the Department of its election
7 in the Notice of Intent required under Section 2712 of this Article 27.

8 (3) The "in-lieu" fee required by this subsection (b) shall be in the amount specified
9 in Public Works Code Sections 802(h) and 807(f) for the installation of one street and shall be paid into
10 the "Public Works Adopt-A-Tree Fund" established under Administrative Code Section 10.100-227.

11 **(bc) Care and Maintenance of Street Trees and Landscaping.** ~~The Permittee shall be~~
12 ~~responsible for the care and maintenance of any street trees and landscaping required to be~~
13 ~~installed in the Public Right-of-Ways under this Section shall be in accordance with the terms and~~
14 ~~conditions of. In this regard, the Permittee shall assume the duty of a "property owner" Article 16 of~~
15 ~~the as set forth in Public Works Code, Section 800, et seq. Section 805(a).~~

16 **(ed) No Separate Permit Required.** ~~Where required, the installation of a The street tree~~
17 ~~and landscaping requirements set forth subsection (a) above shall be incorporated into the Surface-~~
18 ~~Mounted Facility Site Permit issued by the Department under this Article 27. No separate~~
19 ~~permit will be required under Section 810B of the Public Works Code.~~

20
21 **SEC. 2711. MURALS.**

22 **(a) Required for Permit.** Any Person or group of Persons may propose to the
23 Department and the Permittee that the permitted Surface-Mounted Facility be used for a
24 mural that is appropriate for the location. The Department shall require every Permittee to
25 work with any Person or group of Persons selected by the San Francisco Arts Commission in

1 consultation with the Department and the Permittee to facilitate the installation of the mural at
2 Permittee's sole expense and at no cost to the City. No mural shall be allowed unless it is
3 approved by the San Francisco Arts Commission. No mural may contain any product
4 advertising of any kind. The Department may establish by order or regulation the process for
5 placing a mural on a permitted Surface-Mounted Facility.

6 (b) **Maintenance.** The Permittee shall at Permittee's expense work with the Person
7 or Persons that installed the mural to ensure that the mural is properly maintained. The
8 requirements of this subsection (b) shall be in addition to Permittee's responsibilities under
9 this Article 27 to maintain any permitted Surface-Mounted Facilities and remove any Graffiti
10 from its permitted Surface-Mounted Facilities.

11 (c) "In-Lieu" Fee.

12 (1) An Applicant may elect to pay an "in-lieu" fee instead of permitting the
13 installation of a mural on its Surface-Mounted Facility. The Applicant shall notify the Department of
14 its election in the Notice of Intent required under Section 2712 of this Article 27.

15 (2) The "in-lieu" fee required by this subsection (c) shall be in the amount of
16 \$5002,000 and shall be paid into the "Public Works Excavation Fund" established under
17 Administrative Code section 10.100-230. The in-lieu fee may be adjusted to reflect changes in the
18 relevant Consumer Price Index, subject to the requirements of Section 2729(e) of this Article 27.

19
20 **SEC. 2712. NOTICE OF INTENT TO SUBMIT APPLICATION.**

21 (a) **Submission to the Department.** As part of the Pre-Application Approval
22 Process, within ~~1~~ one day after the Preferred Location List has been reviewed and approved
23 by all applicable City departments, the Applicant may submit a Notice of Intent to the
24 Department for its review. An Applicant may request additional time to submit a Notice of
25 Intent.

1 (b) **Form and Contents.** The Notice of Intent shall be in the form approved by the
2 Department by order or regulation, but at a minimum shall contain the information required in
3 Section 2713(c)(1)-~~(9)~~(11).

4 (c) **Department Approval.** If the Department determines that a Notice of Intent is
5 complete, the Department will approve the Notice of Intent and authorize the Applicant to post
6 and mail the Notice of Intent as required in Section 2713.

7 (d) **Completion Requirements.** The Notice of Intent shall not be complete unless
8 the Department determines that the Applicant has complied with the following requirements:

9 (1) The Applicant has satisfactorily conducted the community meeting
10 required in Section 2705.

11 (2) The Applicant has submitted to the Department plans showing all of the
12 sizes and shapes of the cabinets proposed to be used for its Surface-Mounted Facilities,
13 including the dimensions of any ancillary equipment. For Applicants that conduct business in
14 jurisdictions other than San Francisco, the Applicant shall certify that the cabinets proposed
15 for San Francisco are no larger than the smallest used in any other jurisdiction for similar
16 services.

17 (3) If the Applicant is seeking approval of a larger cabinet on an existing
18 Surface-Mounted Facility site, the Applicant has sufficiently demonstrated to the Department
19 the reasons the larger cabinet is necessary.

20 ~~(4) The Applicant has surveyed the vicinity of the Preferred Locations for its~~
21 ~~Surface Mounted Facility to identify locations outside of the Public Right of Ways (including City-~~
22 ~~owned property) that may be appropriate for the installation of the Surface Mounted Facility and the~~
23 ~~Applicant has made reasonable efforts to determine whether the owners of any and all suitable~~
24 ~~properties would be willing to allow the Applicant to use their property for Applicant's proposed~~
25 ~~Surface Mounted Facility. For purposes of this subsection, the term "reasonable efforts" includes~~

1 ~~offering the owners of any suitable property market rate compensation for the use of the property for~~
2 ~~the Applicant's Surface Mounted Facility. The Department shall by order or regulation establish~~
3 ~~guidelines defining "reasonable efforts" and "market rate compensation."~~

4 ~~(5)(4)~~ The Applicant attempted to place the Surface-Mounted Facility (or parts
5 thereof) underground where such underground placement is technologically or economically
6 feasible. An Applicant may satisfy the requirement contained in this subsection ~~(d)(4)~~ by
7 demonstrating to the satisfaction of the Director that it is not technologically or economically
8 feasible for the Applicant to place the Surface-Mounted Facility (or parts thereof)
9 underground. At a minimum, the Applicant shall demonstrate to the Director that it conducted
10 a thorough search for adequate underground technology and provide a report from a licensed
11 engineer certifying the information.

12 ~~(6)(5)~~ Where it is not technologically or economically feasible to underground
13 the entire Surface-Mounted Facility, the Applicant has agreed: (A) to underground part of the
14 Surface-Mounted Facility; (B) to limit the height and footprint of the Surface-Mounted Facility
15 to the maximum extent feasible; (C) either to use stainless steel or to paint the Surface-
16 Mounted Facility the color used for City structures in the vicinity, unless otherwise specified by
17 the Department, and added a Graffiti-proof coating; ~~(D) to screen the Surface Mounted Facility~~
18 ~~by landscaping the Public Right-of-Ways in the area around the Surface Mounted Facility or~~
19 ~~camouflaging or camouflage the Surface Mounted Facility where requested by any City~~
20 ~~department; and (E) to comply with any Conditions imposed by any City department that~~
21 reviewed the Applicant's Preferred Location List.

22 ~~(7)(6)~~ The Applicant has explored reasonable opportunities to co-locate the
23 Surface-Mounted Facility with any other Surface-Mounted Facility installed or to be installed in
24 the Public Right-of-Ways by other entities including City departments.

25

1 ~~(8)~~(7) The Applicant has explored reasonable opportunities for its Surface-
2 Mounted Facility to serve a dual function such as a bench or other amenity. The Department
3 shall have the authority to require that a Surface-Mounted Facility serve a dual function,
4 where the Department determines that such dual function is technologically and economically
5 feasible.

6 ~~(9)~~(8) The Applicant has notified the Department whether the Applicant could
7 remove an existing Surface-Mounted Facility from the Public Right-of-Ways because it would
8 no longer be used or useful to the Applicant once the proposed Surface-Mounted Facility has
9 been installed.

10 ~~(10)~~(9) The Applicant has submitted a plan to the Department, in a format
11 specified by the Department, showing all of the Surface-Mounted Facilities the Applicant
12 expects to install in the City within five years of the Application date. Any Applicant that does
13 not anticipate installing any other Surface-Mounted Facilities in the next five years may satisfy
14 this requirement by submitting a statement to that effect instead of a five-year plan.

15 ~~(11)~~(10) The Department has determined that at least two of the Applicant's
16 Preferred Locations for the Surface-Mounted Facility are acceptable or the Notice of Intent will
17 include additional proposed locations identified by the Department or another City department
18 that reviewed the Applicant's Preferred Location List, unless the Department has determined
19 that there is only one feasible location for the proposed Surface-Mounted Facility.
20

21 **SEC. 2713. PUBLIC NOTICE OF NOTICE OF INTENT TO SUBMIT APPLICATION.**

22 **(a) Public Notice Required.** As part of the Pre-Application Approval Process, the
23 Department shall require an Applicant to notify the public that the Applicant has submitted a
24 Notice of Intent to the Department.

25 **(b) Notice Requirements.**

1 (1) The Applicant shall send a copy of the Notice of Intent to all Persons
2 owning or occupying any property located within 300 feet along either side of the fronting
3 streets of any of the Preferred Locations for the Surface-Mounted Facility.

4 (2) The Applicant shall post a copy of the Notice of Intent in conspicuous
5 places along the Public Right-of-Ways within 300 feet of either side of the fronting streets of
6 any of Applicant's Preferred Locations for the Surface-Mounted Facility.

7 (3) The Applicant shall send a copy of the Notice of Intent to any
8 neighborhood planning association identified by the Planning Department for any
9 neighborhood within 300 feet of any of the Applicant's Preferred Locations for the Surface-
10 Mounted Facility.

11 (c) **Form of Notice of Intent.** The Notice of Intent shall be in a form to be approved
12 by the Department by order or regulation. At a minimum, the Notice of Intent shall contain the
13 following information:

14 (1) The fronting address for each of the Preferred Locations and photo-
15 simulations of the Surface-Mounted Facility at each of the Preferred Locations. Such photo-
16 simulations shall accurately depict the proposed Surface-Mounted Facility and any ~~proposed~~
17 required street trees or landscaping.

18 (2) The Applicant's order of preference for the Preferred Locations.

19 (3) A brief description of the nature of the use of the proposed Surface-
20 Mounted Facility and the consequences of not installing the facility.

21 (4) Any assessment made of the Applicant's Preferred Locations by the
22 Planning Department and/or Recreation and Park Department.

23 (5) Any Conditions on the installation of the proposed Surface-Mounted
24 Facility at each of the Preferred Locations imposed by any City department that reviewed the
25

1 Applicant's Preferred Location List (including a statement indicating whether the Applicant has
2 accepted the Conditions).

3 (6) Any additional proposed locations for the Surface-Mounted Facility
4 identified by any City department that reviewed the Applicant's Preferred Location List
5 (including a statement indicating whether the Applicant has accepted the proposed locations).

6 (7) The procedure for protesting any or all of the Preferred Locations
7 contained in the Notice of Intent.

8 (8) The Applicant's contact information for obtaining information related to
9 the Notice of Intent and/or the technical requirements for the proposed Surface-Mounted
10 Facility.

11 (9) A statement that more information about the proposed Notice of Intent
12 can be obtained from the Applicant and more information about submitting a protest can be
13 obtained from the Department.

14 (10) If applicable, a statement that the Applicant will elect to pay an "in-lieu" fee
15 rather than installing a street tree.

16 (11) If applicable, a statement that the Applicant will elect to pay an "in-lieu" fee
17 rather than permitting the installation of a mural on its permitted Surface-Mounted Facility.

18 ~~(d)(10)~~ **Language Requirement.** The Department may require an Applicant to translate
19 the Notice of Intent into such language(s) that the Department determines are appropriate
20 based on the locations for the proposed Surface-Mounted Facility contained in the Notice of
21 Intent. Prior to issuing the Notice of Intent, the Applicant shall inquire of the Department as to
22 whether translation is required, and if so, into which language or languages such translation
23 shall be offered.

24 ~~(d)(e)~~ **Filing with the Department.** The Applicant shall file with the Department proof
25 that the Applicant has complied with the notice requirements contained herein.

1 **SEC. 2722. POST-INSTALLATION OBLIGATIONS.**

2 **(a) Required Signage.** A Permittee shall place a sign on a permitted Surface-
3 Mounted Facility that shall contain the Permittee's name and provide a telephone number for
4 people to call to notify the Permittee that there is damage to or Graffiti on a Surface-Mounted
5 Facility or that an associated street tree landscaping is in need of maintenance. A telephone call
6 to that number will be considered notice to the Permittee. Such sign shall be displayed in a
7 conspicuous manner and shall be maintained and/or replaced as necessary.

8 **(b) Surface-Mounted Facility Maintenance.** A Permittee shall be solely
9 responsible for maintaining a Surface-Mounted Facility installed in the Public Right-of-Ways in
10 a clean and safe condition. A Permittee shall repair any damage to a Surface-Mounted Facility
11 within 30 days after discovering or being notified of such damage to a Surface-Mounted
12 Facility.

13 ~~*(c) Landscaping Maintenance. A Permittee shall be solely responsible for the maintenance*~~
14 ~~*of any installed landscaping or street tree installed by the Permittee as a Condition of the Department's*~~
15 ~~*issuance of a Surface-Mounted Facility Site Permit for so long as the permitted Surface-Mounted*~~
16 ~~*Facility remains at the location. Such landscaping shall be kept in a state of good visual quality, with*~~
17 ~~*any dead or diseased material promptly removed and replaced. The Permittee shall remove any litter*~~
18 ~~*accumulating within the landscaped area within 72 hours after discovering or being notified of such*~~
19 ~~*litter accumulation.*~~

20 ~~*(d)*~~**(c) Graffiti Removal.** A Permittee shall be solely responsible for the removal of any
21 Graffiti from a Surface-Mounted Facility installed in the Public Right-of-Ways. A Permittee
22 shall remove all Graffiti from a Surface-Mounted Facility within 72 hours after discovering or
23 being notified that there is Graffiti on a Surface-Mounted Facility.

24 ~~*(e)*~~**(d) Inspection Required.** A Permittee shall regularly inspect each Surface-
25 Mounted Facility installed in the Public Right-of-Ways to determine whether any of its Surface-

1 Mounted Facilities are damaged, in need ~~of a landscaping~~ street tree maintenance, or have
2 been tagged with Graffiti.

3 ~~(f)(e)~~ **Records.** A Permittee shall maintain written records of all inspections, repairs
4 to, and maintenance of any permitted Surface-Mounted Facilities in the Public Right-of-Ways
5 in such form as may be required by the Department. The Department may require that a copy
6 of these written records be sent to the Department on a regular basis.

7
8 **SEC. 2726. LIABILITY.**

9 As a condition of a Surface-Mounted Facility Site Permit, each Permittee agrees on
10 behalf of itself and any agents, successors, or assigns to be wholly responsible for the
11 construction, installation, and maintenance of any permitted Surface-Mounted Facility ~~and any~~
12 required street trees ~~or landscaping~~. Each Permittee and its agents are jointly and severally
13 liable for all consequences of such construction, installation, and maintenance of a Surface-
14 Mounted Facility and any required street trees ~~or landscaping~~. The issuance of any Permit,
15 inspection, repair suggestion, approval, or acquiescence of any Person affiliated with the City
16 shall not excuse any Permittee or its agents from such responsibility or liability.

17
18 **SEC. 2727. INDEMNIFICATION AND DEFENSE OF CITY.**

19 (a) **Indemnification of City.** As a condition of a Surface-Mounted Facility Site
20 Permit, each Permittee agrees on behalf of itself and its agents, successors, or assigns, to
21 indemnify, defend, protect, and hold harmless the City from and against any and all claims of
22 any kind allegedly arising directly or indirectly from the following:

23 (1) Any act, omission, or negligence of a Permittee or its ~~any~~ agents,
24 successors, or assigns while engaged in the construction, installation, or maintenance of any
25 Surface-Mounted Facility authorized by a Permit, or while in or about the Public Right-of-Ways

1 that are subject to the Permit, for any reason connected in any way whatsoever with the
2 performance of the work authorized by the Permit, or allegedly resulting directly or indirectly
3 from the construction, installation, or maintenance of any Surface-Mounted Facility authorized
4 under the Permit or any required street trees ~~or landscaping~~;

5 (2) Any accident, damage, death, or injury to any of a Permittee's contractors
6 or subcontractors, or any officers, agents, or employees of either of them, while engaged in
7 the performance of the construction, installation, or maintenance of any Surface-Mounted
8 Facility authorized by a Permit or any required street trees ~~or landscaping~~, or while in or about
9 the Public Right-of-Ways that are subject to the Permit, for any reason connected with the
10 performance of the work authorized by the Permit, including from exposure to radio frequency
11 emissions;

12 (3) Any accident, damage, death, or injury to any Person or accident,
13 damage, or injury to any real or personal property in, upon, or in any way allegedly connected
14 with the construction, installation, or maintenance of any Surface-Mounted Facility authorized
15 by a Permit or any required street trees ~~or landscaping~~, or while in or about the Public Right-of-
16 Ways that are subject to the Permit, from any causes or claims arising at any time, including
17 any causes or claims arising from exposure to radio frequency emissions; and

18 (4) Any release or discharge, or threatened release or discharge, of any
19 hazardous material caused or allowed by a Permittee or its agents about, in, on, or under the
20 Public Right-of-Ways.

21 (b) **Defense of City.** Each Permittee agrees that, upon the request of the City, the
22 Permittee, at no cost or expense to the City, shall indemnify, defend, and hold harmless the
23 City against any claims as set forth in subsection (a) above, regardless of the alleged
24 negligence of City or any other party, except only for claims resulting directly from the sole
25 negligence or willful misconduct of the City. Each Permittee specifically acknowledges and

1 agrees that it has an immediate and independent obligation to defend the City from any claims
2 that actually or potentially fall within the indemnity provision, even if the allegations are or may
3 be groundless, false, or fraudulent, which obligation arises at the time such claim is tendered
4 to the Permittee or its agent by the City and continues at all times thereafter. Each Permittee
5 further agrees that the City shall have a cause of action for indemnity against the Permittee for
6 any costs the City may be required to pay as a result of defending or satisfying any claims that
7 arise from or in connection with a Permit, except only for claims resulting directly from the sole
8 negligence or willful misconduct of the City. Each Permittee further agrees that the
9 indemnification obligations assumed under a Permit shall survive expiration of the Permit or
10 completion of installation of any Surface-Mounted Facility authorized by the Permit.

11 (c) **Additional Requirements.** The Department may specify in a Permit such
12 additional indemnification requirements as are necessary to protect the City from risks of
13 liability associated with the Permittee's construction, installation, and maintenance of a
14 Surface-Mounted Facility or any required street trees ~~or landscaping~~.

20 **Permits submitted during the prior two-year period and maintenance of existing Surface-**
21 **Mounted Facilities.**

22 **(b) For each application, the Department Report shall contain the following**
23 **information: (1) the number of applications submitted by applicant; (2) the proposed location**
24 **of the Surface-Mounted Facility set forth in each application; (3) whether those applications**
25 **were protested; (4) the results of all such protests; (5) whether the Department granted or**

1 denied those applications; (6) whether any Department determinations were appealed; and
2 (7) the outcome of any such appeals. For each existing Surface-Mounted Facility, the
3 Department Report shall also describe maintenance and graffiti abatement activities by the
4 Permittee during the two-year period.

6 Section 2. Scope of Ordinance. In enacting this ordinance, the Board of Supervisors
7 intends to amend only those words, phrases, paragraphs, subsections, sections, articles,
8 numbers, punctuation marks, charts, diagrams, or any other constituent parts of the Municipal
9 Code that are explicitly shown in this ordinance as additions, deletions, Board amendment
10 additions, and Board amendment deletions in accordance with the "Note" that appears under
11 the official title of the ordinance.
12

13 Section 3. Severability. If any section, subsection, sentence, clause, phrase, or
14 word of this ordinance, or any application thereof to any person or circumstance, is held to be
15 invalid or unconstitutional by a decision of a court of competent jurisdiction, such decision
16 shall not affect the validity of the remaining portions or applications of the ordinance. The
17 Board of Supervisors hereby declares that it would have passed this ordinance and each and
18 every section, subsection, sentence, clause, phrase, and word not declared invalid or
19 unconstitutional without regard to whether any other portion of this ordinance or application
20 thereof would be subsequently declared invalid or unconstitutional.
21

22 Section 4. No Conflict with Federal or State Law. Nothing in this ordinance shall be
23 interpreted or applied so as to create any requirement, power, or duty in conflict with any
24 federal or state law.
25

1 Section 5. Effective Date. This ordinance shall become effective 30 days after
2 enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the
3 ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board
4 of Supervisors overrides the Mayor's veto of the ordinance.

Re: Proposed Legislation to remove AT&T Utility Box Obligations;
Board of Supervisors File No. 170442
(Public Works Code - Requirements for Surface-Mounted Facility Site Permits)

Dear Supervisor Lee-Fewer:

I am writing on behalf of the Planning Association for the Richmond (PAR) regarding the matter referenced above. This proposed legislation is scheduled for hearing at a *special* meeting of the Public Safety and Neighborhood Services Committee on June 12, 2017. As you know, PAR represents thousands of residents in the Richmond District and has been a stakeholder in the utility box issue for many years.

Several years ago, the siting of AT&T's U-Verse program unsightly boxes on sidewalks in residential areas precipitated a tsunami of neighborhood resistance. These large boxes are eye-sores in the public right-of-way and become targets for graffiti vandals. PAR was a party to litigation that followed, which was needed to give the community a voice in the placement of the boxes. The lawsuit sought to ensure that, as a regulated utility, AT&T's Utility Boxes would be properly subjected to CEQA and that Environmental Impact Reports be prepared.

In 2014, then Supervisor Weiner, after collaborating with a diverse set of stakeholders, and following lengthy negotiations and committee hearings, submitted legislation to the full Board of Supervisors that implemented the present constraints upon the siting of AT&T's Utility Boxes, including the following elements:

- AT&T must seek to locate its Utility Boxes on private property prior to requesting

- siting on public property.
- AT&T must provide landscaping for its Utility Boxes.
- AT&T must contribute to a fund to enable local artists to employ the large Utility Boxes as canvases for artwork.
- AT&T must remediate any graffiti within 72 hours.

AT&T has not complied with its obligations under the current law. Larry Stringer, deputy director of Public Works, recently sent a strongly worded letter to AT&T accusing the company of "not meeting its legal responsibilities." In particular, presently, AT&T has not complied with the landscaping requirements; has not complied with the graffiti requirements; and, no artist work has been deployed on the Utility Boxes – which may substantially explain the graffiti.

Despite the history of community sentiment on this siting issue, and Scott Welner's legislation that implemented something of a compromise, Supervisor Cohen is now proposing that utilities like AT&T be able to buy their way out of current requirements by paying "In lieu" fees. This proposed legislation ignores public sentiment, obliterates the community protections found in current law and rewards utilities like AT&T in spite of failures to comply with current obligations. The proposed legislation will remove all of AT&T's present series of obligations regarding the siting and installation of its Utility Boxes.

In spite of a long history of community participation in the development of policy and law regarding the siting of utility boxes, AT&T's is attempting to disenfranchise the interested communities of San Francisco by suddenly pursuing legislation permitting it to slide out of its responsibilities. This is a shockingly terrible deal. Rather than this legislation, the Board of Supervisors should direct firm action to ensure lawful compliance with the existing requirements.

We ask not merely the rejection of this terrible proposed legislation, but a resolve to enforce compliance with the existing legislation.

Thank you for your attention to this important matter.

Sincerely,

Richard L. Coriea
President, Planning Association for the Richmond

File No. 170442 (10-Day Fee Ad)

September 13, 2017

Page 2

Under Public Works Code, Article 27, any person installing a Surface-Mounted Facility in the public right of way must apply for a Surface-Mounted Facility Site Permit from Public Works. If the legislation passes, the in-lieu fee for installation of a street tree would be revised in Public Works Code, Section 2710, so that an applicant who elects to pay the in-lieu fee shall notify Public Works by a "Notice of Intent" required under Public Works, Article 27, Section 2712. The in-lieu fee shall be equal to the City's cost to plant and water the tree for three years, with the minimum fee amount being \$1,489. The in-lieu fee shall be imposed by the Public Works Director for the installation of one tree and shall be paid into the "Public Works Adopt-A-Tree Fund." Beginning FY2007-2008, this fee shall be reviewed and adjusted each year in accordance with the procedures set forth in Public Works Code, Section 2.1.2.

Under Public Works Code, Section 2711, a new in-lieu fee shall be established to allow an applicant for a Surface-Mounted Facility Site Permit to elect to pay an in-lieu fee instead of permitting the installation of a mural on its Surface-Mounted Facility. The Applicant shall notify the Department of its election in the Notice of Intent required under Public Works Code, Section 2712, Article 27. The "in-lieu" fee shall be the greater of \$2,000 or the product of multiplying the square footage of the total surface area of the proposed Surface Mounted Facility by \$48, and shall be paid into a "Public Works Street Beautification Fund." The in-lieu fee may be adjusted to reflect the changes in the relevant Consumer Price Index.

In accordance with San Francisco Administrative Code, Section 67.7-1, persons who are unable to attend the hearing on this matter may submit written comments to the City prior to the time the hearing begins. These comments will be made a part of the official public record in this matter, and shall be brought to the attention of the members of the Committee. Written comments should be addressed to Angela Calvillo, Clerk of the Board, City Hall, 1 Dr. Carlton B. Goodlett Place, Room 244, San Francisco, CA 94102. Subject: File No. 170442. Ordinance amending the Public Works Code to modify the exceptions to the Surface-Mounted Facility Site Permit requirement; to allow a permittee to choose to pay an "in-lieu" fee instead of installing a street tree; to allow a permittee to choose to pay an "in-lieu" fee instead of permitting the installation of a mural on its Surface-Mounted Facility; to repeal the requirements that a permittee install landscaping or pay an "in-lieu" fee and maintain the required landscaping; to repeal the requirement that an applicant for a Surface-Mounted Facility Site Permit make reasonable efforts to locate the facility on private property before submitting an application; to require Public Works to submit a report to the Board of Supervisors every two years on the number of applications for Surface-Mounted Facility Site Permits submitted and issued and on maintenance and graffiti abatement activities at existing Surface-Mounted Facilities; to amend the requirement that a permittee maintain any required street tree; and to amend the Administrative Code to require that the mural "in-lieu" fees be deposited in the Public Works Street Beautification Fund to be used to fund murals and other beautification projects in the public right-of-way.

Under Public Works Code, Article 27, any person installing a Surface-Mounted Facility in the public right of way must apply for a Surface-Mounted Facility Site Permit from Public Works. If the legislation passes, the in-lieu fee for installation of a street tree would be revised in Public Works Code, Section 2710, so that an applicant who elects to pay the in-lieu fee shall notify Public Works by a "Notice of Intent" required under Public Works, Article 27, Section 2712. The in-lieu fee shall

be equal to the City's cost to plant and water the tree for three years, with the minimum fee amount being \$1,489. The in-lieu fee shall be imposed by the Public Works Director for the installation of one tree and shall be paid into the "Public Works Adopt-A-Tree Fund." Beginning FY2007-2008, this fee shall be reviewed and adjusted each year in accordance with the procedures set forth in Public Works Code, Section 2.1.2.

Under Public Works Code, Section 2711, a new in-lieu fee shall be established to allow an applicant for a Surface-Mounted Facility Site Permit to elect to pay an in-lieu fee instead of permitting the installation of a mural on its Surface-Mounted Facility. The Applicant shall notify the Department of its election in the Notice of Intent required under Public Works Code, Section 2712, Article 27. The "in-lieu" fee shall be the greater of \$2,000 or the product of multiplying the square footage of the total surface area of the proposed Surface Mounted Facility by \$48, and shall be paid into a "Public Works Street Beautification Fund." The in-lieu fee may be adjusted to reflect the changes in the relevant Consumer Price Index.

In accordance with San Francisco Administrative Code, Section 67.7-1, persons who are unable to attend the hearing on this matter may submit written comments to the City prior to the time the hearing begins. These comments will be made a part of the official public record in this matter, and shall be brought to the attention of the members of the Committee. Written comments should be addressed to Angela Calvillo, Clerk of the Board, City Hall, 1 Dr. Carlton B. Goodlett Place, Room 244, San Francisco, CA 94102. Information relating to this matter is available in the Office of the Clerk of the Board. Agenda information relating to this matter will be available for public review on Friday, September 8, 2017.

RE: Notice of Preparation of an Environmental Impact Report and Notice of
 Public Scoping Meeting for the 3333 California Street Mixed Use Project
 Planning Case No. 2015-014028ENV
HEARING DATE: N/A

PUBLIC SCOPING MEETING: October 16, 2017

Enclosed is one hard copy to the Clerk of the Board for the file of the Clerk. In compliance with San Francisco's Administrative Code Section 8.12.5 "Electronic Distribution of Multi-Page Documents," the Planning Department has submitted a multi-page Notice of Preparation of an Environmental Impact Report (NOP) in digital format. Additional hard copies may be requested by contacting Julie Moore of the Planning Department at 415-575-8733. The Planning Department will prepare an initial study (IS) and focused environmental impact report (EIR) to evaluate the physical environmental effects of the proposed project. The NOP provides a summary description of the proposed project and identifies environmental issues anticipated to be analyzed in the EIR.

The proposed project will require approvals from the Board of Supervisors. However, there is no hearing before the Board of Supervisors scheduled at this time.

Public Scoping Meeting

Pursuant to the State of California Public Resources Code Section 21083.9 and CEQA Guidelines Section 15206, the Planning Department will hold a public scoping meeting to receive oral comments concerning the scope of the EIR. The meeting will be held on Monday, October 16, 2017, at 6:00 p.m., at the Jewish Community Center's Fisher Family Hall at 3200 California Street. Written comments will also be accepted at this meeting.

In addition, written comments will be accepted at the Planning Department until 5:00 p.m. on Friday, October 20, 2017. Please send written comments to Julie Moore, Environmental Review Coordinator, San Francisco Planning Department, 1650 Mission Street, Suite 400, San Francisco, CA 94103, or julie.moore@sfgov.org. Any comments submitted should reference the project title and case number at the top of this notice.

A notice of preparation (NOP) of an environmental impact report (EIR) has been prepared by the San Francisco Planning Department in connection with this project. The notice is available for public review and comment on the Planning Department's web page (<http://www.sf-planning.org/sfceqadocs>). CDs and paper copies are also available at the Planning Information Center (PIC) counter on the first floor of 1660 Mission Street, San Francisco. Referenced materials are available for review by appointment at the Planning Department's office on the fourth floor of 1650 Mission Street. (Call Julie Moore at (415) 575-8733.)

Project Description:

The project sponsor, Laurel Heights Partners LLC, proposes a mixed-use project for the 3333 California Street site. The University of California San Francisco (UCSF) Laurel Heights Campus currently occupies the 10.25-acre site, which is owned by the Regents of the University of California, subject to a 99-year pre-paid ground lease to the project sponsor. The campus contains a four-story, 455,000-gross-square-foot (gsf)¹ office building with a three-level, partially below-grade parking garage at the center of the site and two circular garage ramp structures leading to the garage levels; a one-story annex building at the corner of California and Laurel streets; three surface parking lots; and landscaping or landscaped open space. The project site does not include the SF Fire Credit Union building at the southwest corner of California Street and Presidio Avenue. Current uses on the campus are office, research, child care, and parking.

Under the 3333 California Street Mixed-Use Project, the existing annex building, surface parking lots, and circular garage ramp structures would be demolished. The existing four-story office building would be partially demolished and divided into two separate buildings (Center Buildings A and B), expanded to include new levels (80 to 92 feet in height), and adapted for residential use. Thirteen new buildings ranging in height from 37 to 45 feet would be constructed in different locations around the site: the Plaza A and Plaza B buildings (residential and retail uses) along California Street between Laurel and Walnut streets; the Walnut Building (office, retail, and child care uses) along California Street east of Walnut Street; the Masonic Building (residential uses) along Masonic Avenue; the Euclid Building (residential and retail uses) near the intersection of Euclid and Masonic avenues; the Laurel Duplexes

¹ Gross square footages and square footages presented for the existing and proposed uses are approximate.

(residential uses) comprised of seven buildings along Laurel Street; and the Mayfair Building (residential uses) near the intersection of Laurel Street and Mayfair Drive. Overall, the proposed project would include 558 dwelling units within 824,691 gsf of residential floor area; 49,999 gsf of office floor area; 54,117 gsf of retail floor area; and a 14,690-gsf child care center. The project would include 895 vehicle parking spaces in four below-grade garages and six individual, two-car, garages serving 12 of the 14 units in the Laurel Duplexes as well as 236,000 square feet of open areas, including publicly accessible plazas and public walkways. A variant that would replace the office space in the Walnut Building with 186 residential units, for a total of 744 dwelling units and no office space on the project site, is also being considered. The Walnut Building would be taller under this variant (from 45 feet under the proposed project to 67 feet).

The project site is currently on the Leaking Underground Storage Tank Sites list maintained by the State Water Resources Control Board List (Geotracker ID T0607501246) and compiled pursuant to Section 65962.5 of the California Government Code.

The Planning Department has determined that an EIR must be prepared for the proposed project prior to any final decision regarding whether to approve the project. The purpose of the EIR is to provide information about potential significant physical environmental effects of the proposed project, to identify possible ways to minimize the significant effects, and to describe and analyze possible alternatives to the proposed project. Preparation of an NOP or EIR does not indicate a decision by the City to approve or to disapprove the project. However, prior to making any such decision, the decision makers must review and consider the information contained in the EIR.

The Planning Department will hold a **PUBLIC SCOPING MEETING** on **Monday, October 16, 2017, at 6:00 p.m.** at the Jewish Community Center's Fisher Family Hall at 3200 California Street, San Francisco. **This is not a program of the JCCSF. The San Francisco Planning Department is the host of this scoping meeting.** The purpose of this meeting is to receive oral comments to assist the Planning Department in determining the scope and content of the environmental impact analysis and information to be contained in the EIR for the project. To request a language interpreter or to accommodate persons with disabilities at the scoping meeting, please contact the staff contact listed above at least 72 hours in advance of the meeting. Written comments will also be accepted until 5:00 p.m. on **October 20, 2017**. Written comments should be sent to Julie Moore, San Francisco Planning Department, 1650 Mission Street, Suite 400, San Francisco, CA 94103 or emailed to Julie.Moore@sfgov.org. Referenced materials are available for review by appointment at the Planning Department's office on the fourth floor of 1650 Mission Street. (Call Julie Moore at (415) 575-8733.)

If you work for an agency that is a Responsible or a Trustee Agency, we need to know the views of your agency as to the scope and content of the environmental information that is relevant to your agency's statutory responsibilities in connection with the proposed project. Your agency may need to use the EIR when considering a permit or other approval for this project. We will also need the name of the contact person for your agency. If you have questions concerning environmental review of the proposed project, please contact **Julie Moore** at **(415) 575-8733** or **Julie.Moore@sfgov.org**.

Members of the public are not required to provide personal identifying information when they communicate with the Commission or the Department. All written or oral communications, including submitted personal contact information, may be made available to the public for inspection and copying upon request and may appear on the Department's website or in other public documents.

PROJECT SUMMARY

The project sponsor, Laurel Heights Partners LLC, proposes a mixed-use project for the 3333 California Street site. The University of California San Francisco (UCSF) Laurel Heights Campus currently occupies the 10.25-acre site, which is owned by the Regents of the University of California, subject to a 99-year pre-paid ground lease to the project sponsor. The campus contains a four-story, 455,000-gross-square-foot (gsf)¹ office building with a three-level, partially below-grade parking garage at the center of the site and two circular garage ramp structures leading to the garage levels; a one-story annex building at the corner of California and Laurel streets; three surface parking lots; and landscaping or landscaped open space. The project site does not include the SF Fire Credit Union building at the southwest corner of California Street and Presidio Avenue. Current uses on the campus are office, research, child care, and parking.

Under the proposed 3333 California Street Mixed-Use Project, the existing annex building, surface parking lots, and circular garage ramp structures would be demolished. The existing office building would be partially demolished and divided into two separate buildings (Center Buildings A and B), expanded to include new levels, and adapted for residential use. Thirteen new buildings would be constructed in different locations around the site: the Plaza A and Plaza B buildings (residential and retail uses) along California Street between Laurel and Walnut streets; the Walnut Building (office, retail, and child care uses) along California Street east of Walnut Street; the Masonic Building (residential uses) along Masonic Avenue; the Euclid Building (residential and retail uses) near the intersection of Euclid and Masonic avenues; the Laurel Duplexes (residential uses) comprised of seven buildings along Laurel Street; and the Mayfair Building (residential uses) near the intersection of Laurel Street and Mayfair Drive. Overall, the proposed project would include 558 dwelling units within 824,691 gsf of residential floor area; 49,999 gsf of office floor area; 54,117 gsf of retail floor area; a 14,690-gsf child care center, and 236,000 square feet (sf) of open areas. Parking would be provided in four below-grade parking garages² and six individual,

¹ Gross square footages and square footages presented for the existing and proposed uses are approximate.

² The parking garages may be interconnected or partially connected; however, the engineering feasibility of internal connections has yet to be determined.

two-car, parking garages serving 12 of the 14 units in the Laurel Duplexes group. New public pedestrian walkways are proposed through the site in a north-south direction between California Street and the intersection of Masonic and Euclid avenues approximately along the line of Walnut Street and in an east-west direction between Laurel Street and Presidio Avenue along the line of Mayfair Drive. A project variant that would replace the office space in the Walnut Building with 186 additional residential units, for a total of 744 dwelling units and no office space on the project site, is also being considered.

PROJECT LOCATION AND SITE CHARACTERISTICS

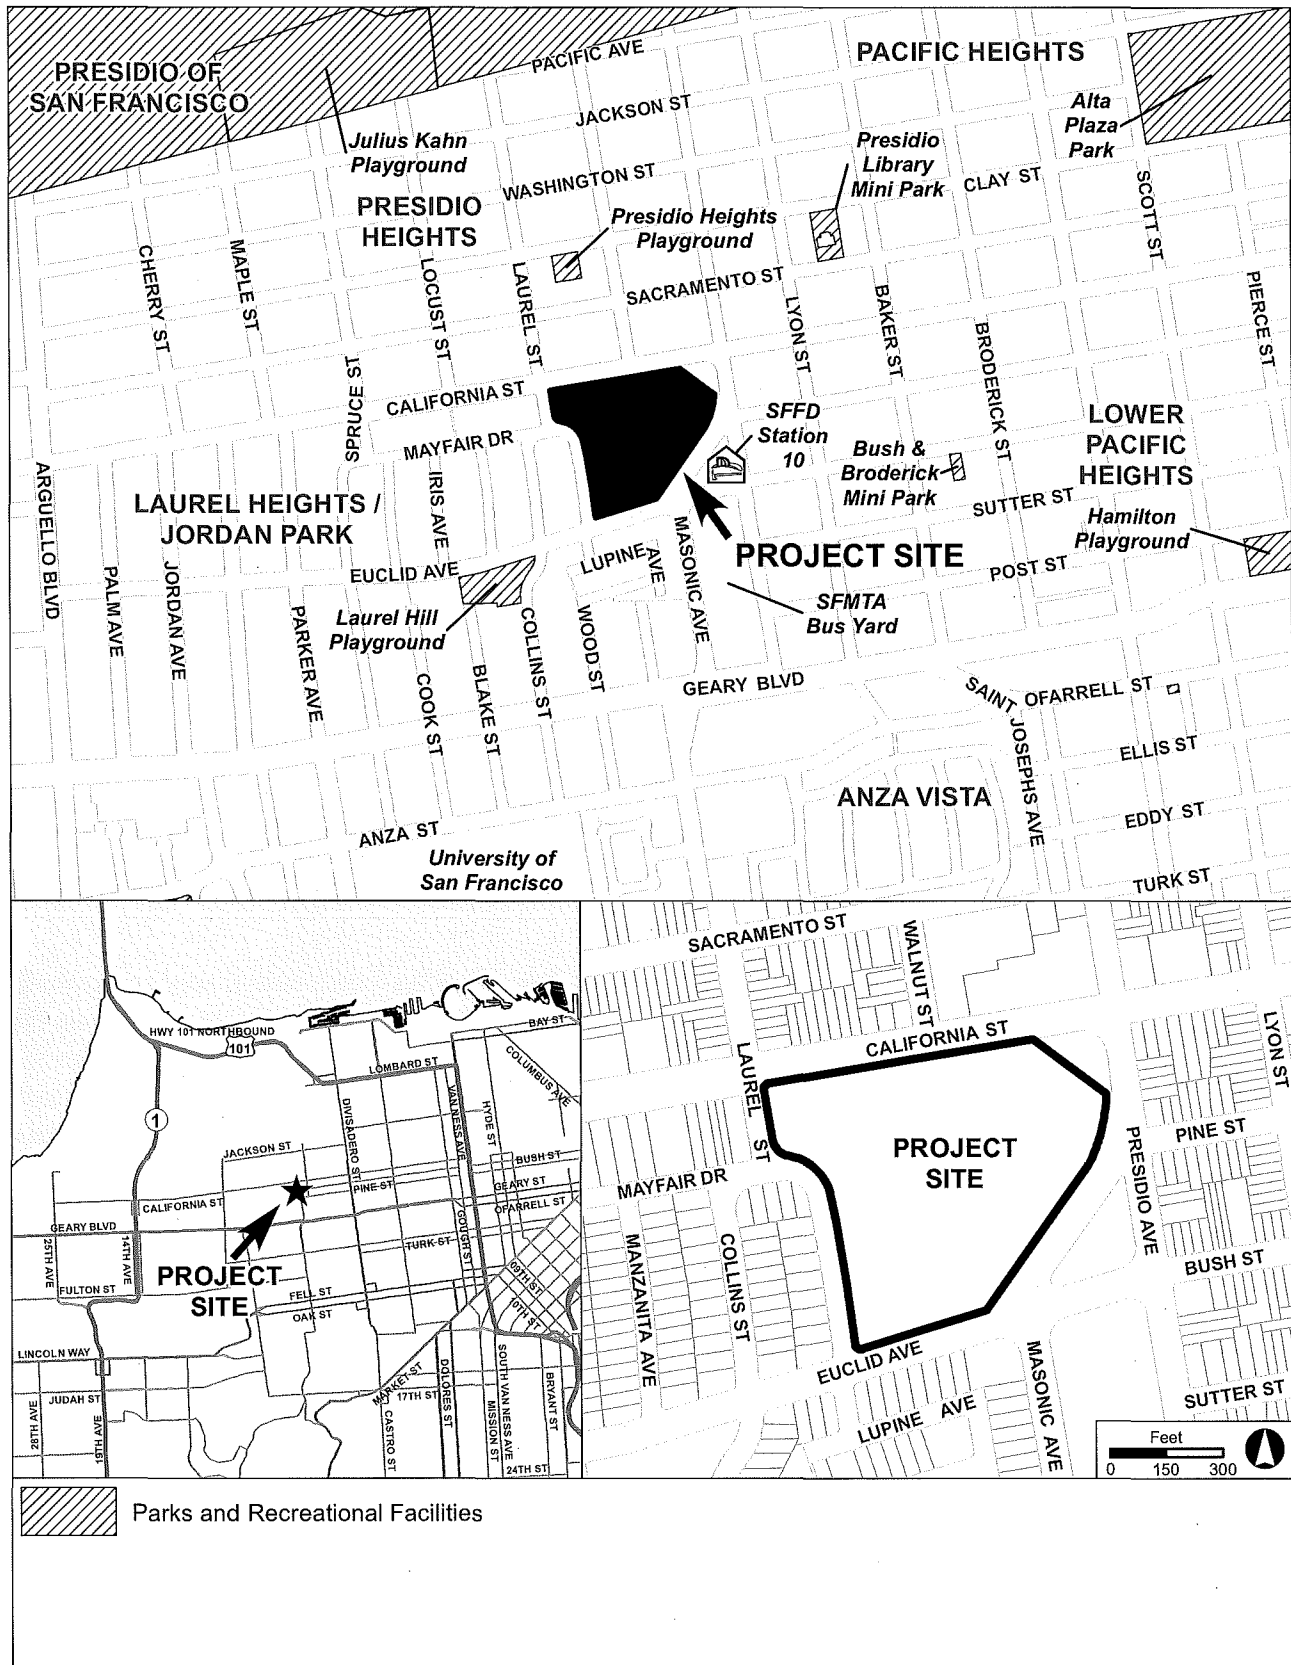

The approximately 446,490-square-foot, or 10.25-acre, project site occupies Lot 003 on Assessor's Block 1032 in San Francisco's Presidio Heights neighborhood in the northwest portion of San Francisco (see **Figure 1: Project Location**). The irregularly shaped parcel is bounded by California Street to the north, Presidio Avenue to the east, Masonic Avenue to southeast, Euclid Avenue to the south, and Laurel Street/Mayfair Drive to the west. The two-story building that houses the SF Fire Credit Union, located on a triangular-shaped lot at the northeast corner of Assessor's Block 1032 (corner of California Street and Presidio Avenue), is not part of the project site. The parcel is located within an RM-1 Zoning District³ and a 40-X Height and Bulk District. The existing office building at the center of the site is a historic resource and the site and surrounding area were part of the former Laurel Hill Cemetery, California Historical Landmark No. 760.

Along California Street, the project site is bordered by an approximately 10-foot-tall brick wall with a pedestrian entrance and curb cut for the California Street entrance. At the corner of Laurel and California streets, the brick wall joins with the one-story annex building to wrap around the corner and along Laurel Street. It continues to border the project site to the west, with a pedestrian entrance and curb cut for the Mayfair entrance. South of the entrance, the wall is set back behind a formally landscaped, stepped slope, and terminates immediately north of the Laurel Street entrance. The existing office building has a brick perimeter wall along its Presidio Avenue and Masonic Avenue frontages and is set back by at least 36 feet from the east (Masonic Avenue) property line. The eastern portion of the project site has a substantial number of mature trees, landscaping, and open space.

Approximately 63 percent of the site is covered by buildings or other impermeable surfaces (e.g., internal roadways and surface parking lots) and 37 percent is landscaping or landscaped open space. The project site's topography exhibits a generally southwest-to-northeast trending downslope. From its high point of 308 feet San Francisco City Datum⁴ at the southwest corner (Euclid Avenue and Laurel Street), the site slopes downward to the north and east toward California Street and Presidio Avenue with a grade change of approximately 65 feet. The average slope gradient on the site is approximately 20 percent. However, the slope gradient varies from 5 to 15 percent on the northern portion of the site to greater than 15 percent on the southern portion.

³ The RM-1 Zoning District is designed to accommodate a mixture of houses and apartment buildings of generally low densities and a variety of building forms and sizes. In addition to residential uses, the RM district also allows residential care facilities, child care facilities, group housing, and religious orders.

⁴ San Francisco City Datum establishes the City's zero point for surveying purposes at approximately 8.6 feet above the mean sea level established by the 1929 U.S. Geological Survey datum.

2015-014028ENV

FIGURE 1: PROJECT SITE LOCATION

At the center of the project site is a four-story, 455,000-gsf office building that includes a three-level, partially below-grade parking garage (see **Figure 2: Existing Site**). The existing office building was originally constructed in 1955 and has north, south, and east wings. Between 1963 and 1966, the office building was expanded and a parking garage was constructed under the east wing. Due to the site's slope, the existing office building has three partially below-grade floors on the south and east elevations (along Masonic and Presidio avenues) and four above-grade floors on the north and west elevations (along California and Laurel streets). The building is approximately 55.5 feet tall as measured along the north elevation to the top of the roof (exclusive of the approximately 13-foot-tall mechanical penthouse).

The existing office building includes approximately 349,500 gsf of office space for UCSF administrative, academic research, and social and behavioral science department uses. The building's south wing has a child care center, accessed via the Laurel Street surface parking entrance closest to Euclid Avenue. An outdoor courtyard at the south end of the building is used as a children's play space.

The parking garage has 93,000 gsf of parking (212 spaces) and circulation space and 12,500 gsf of storage space on Basement Levels B1 through B3,⁵ two electrical substations within Basement Level B2, and an emergency diesel generator within Basement Level B1.

A 14,000-gsf, one-story annex building, on the northwest corner of the project site (at the corner of California and Laurel streets), houses the boilers, chillers, and water treatment facilities for the existing office building, other plant operations systems, office space for the physical plant engineers, and unused laboratory space.

Three surface parking lots on the north and west portions of the site (331 spaces), two circular garage ramp structures that lead to below-grade parking levels, and landscaping or landscaped open space make up the remainder of the project site. One of the parking lots provides public parking and the other two are reserved for UCSF staff with monthly paid parking permits. There are five freight loading spaces in the off-street freight loading dock, located at grade on the west end of the existing office building. Five car-share spaces and 15 bike parking spaces are located on Basement Level B1 of the garage.

The surface parking lots and the parking garage are connected by an internal roadway system and the circular garage ramp structures north of the existing office building's east wing. The surface parking lots, parking garage, and off-street freight loading dock can be accessed via the main entrance on California Street at Walnut Street, and the Mayfair Drive and Laurel Street driveways. The parking garage can also be accessed directly from the Presidio Avenue driveway for those with garage access permits. Pedestrian access to the campus is provided at California Street, Laurel Street, and Euclid Avenue, and an internal sidewalk system leads to the office building's entrances.

3333 CALIFORNIA STREET MIXED-USE PROJECT

FIGURE 2: EXISTING SITE

Source: P/S/K/S (2017)

2015-014028ENV

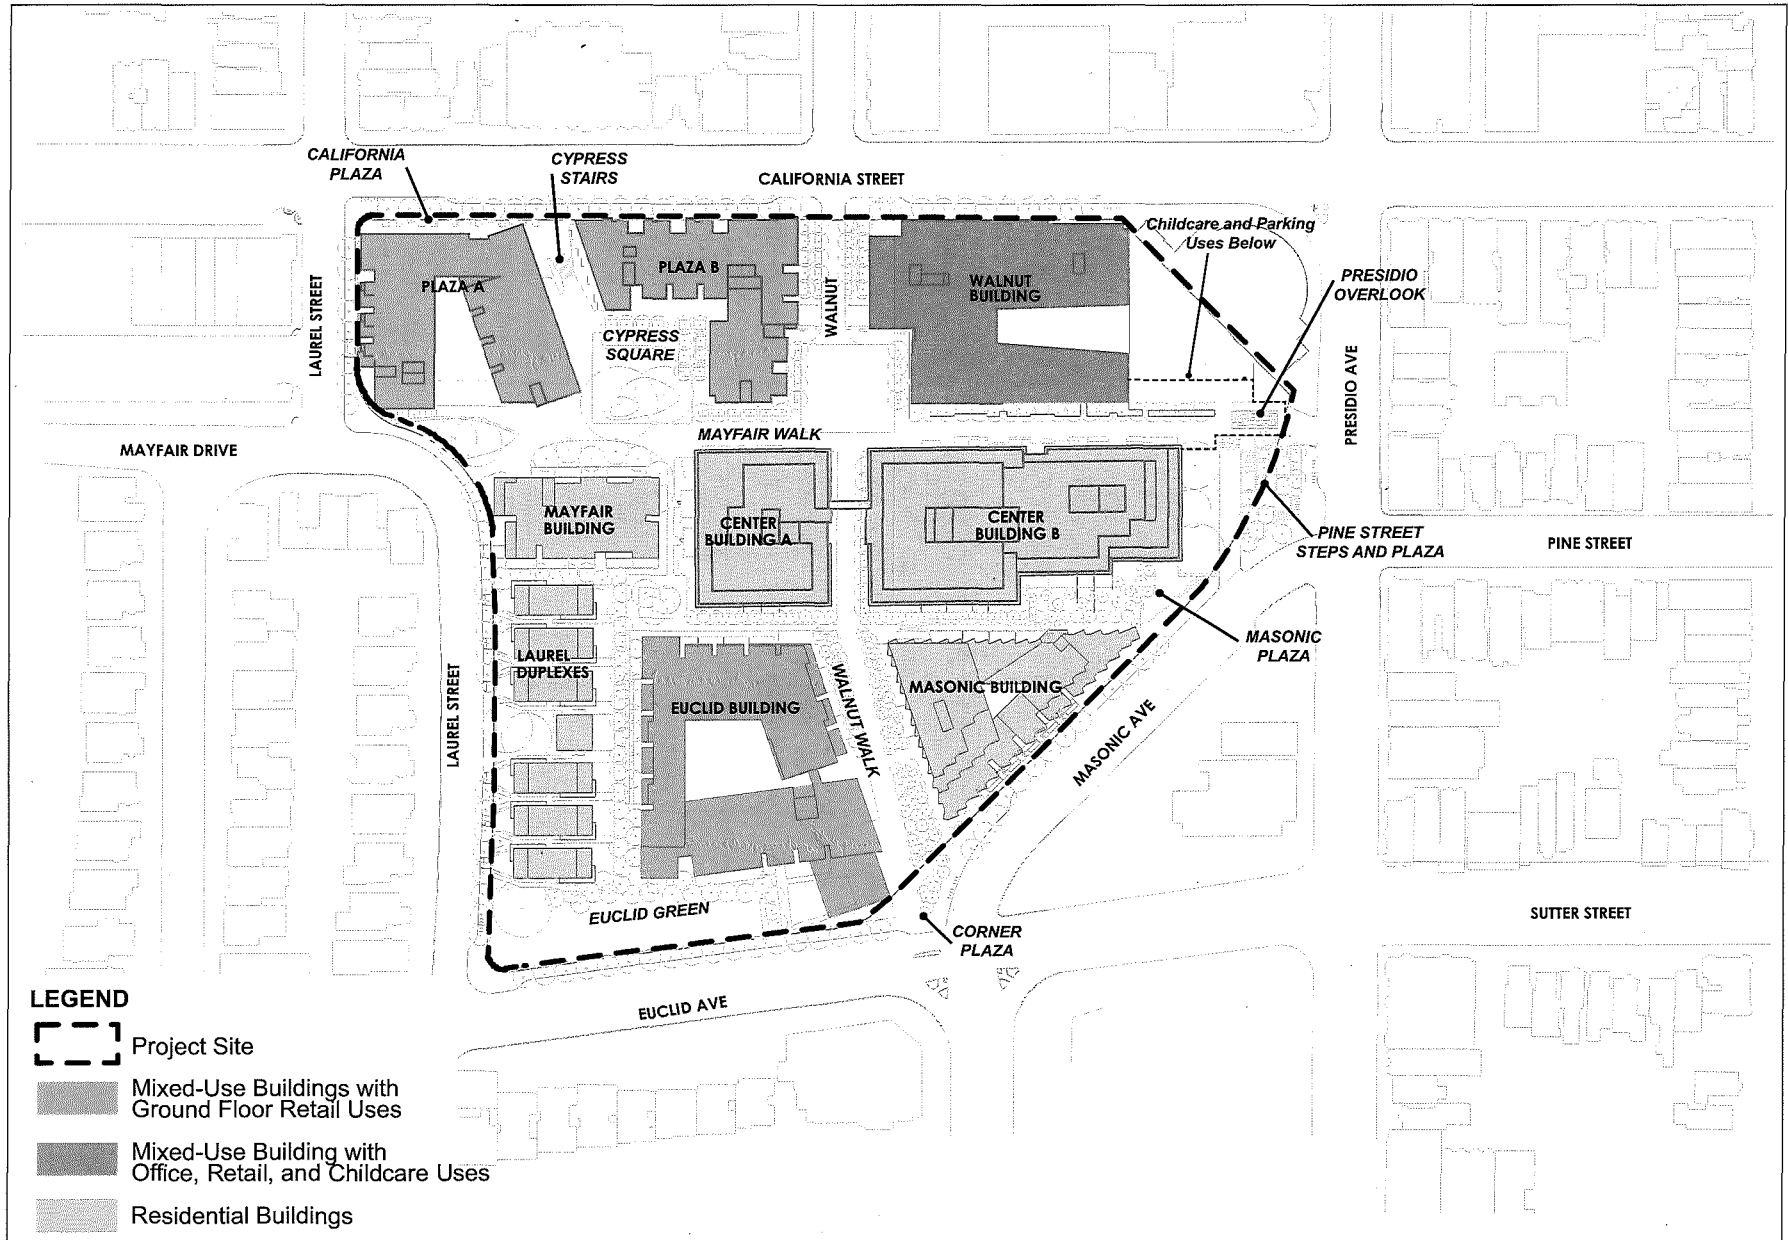

The project site has partially wooded and landscaped areas along its perimeter. There are approximately 195 trees on the site, which are comprised of 48 different tree species. The project site contains approximately 165,200 square feet of open area that includes approximately 34,300 square feet of privately owned, publicly accessible open space and approximately 17,600 square feet of internal private open space. The majority of the open area is in inaccessible planted areas such as the densely planted and sloped area on the southeast portion of the site.

PROPOSED PROJECT

The proposed project would consist of the phased development of residential uses (anticipated to include both market-rate and affordable dwelling units), retail uses, office uses, a child care center, parking, streetscape improvements, and open space. The existing 14,000-gsf annex building and the two circular garage ramp structures would be demolished, and the existing 455,000-gsf office building, which includes a three-level, partially below-grade parking garage, would be partially demolished. The three existing surface parking lots would be removed, and the existing parking spaces would be relocated to new or renovated below-grade parking structures. The proposed project would include partial demolition and separation of the existing office building at the center of the site into two buildings, adapted for residential uses as Center Building A and Center Building B, and the construction of 13 new buildings along the California Street, Masonic Avenue, Euclid Avenue, and Laurel Street edges: the Plaza A, Plaza B, Walnut, Masonic, and Euclid buildings; the Laurel Duplexes; and the Mayfair Building (see **Figure 3: Proposed Site Plan**). The center buildings would be strengthened to accommodate a two-story addition to Center Building A and a two- and three-story addition to Center Building B. The two buildings would be connected by a covered bridge at the fourth level.

The proposed project would eliminate approximately 376,000 gsf of the existing uses, retaining 49,999 gsf of office uses, relocated elsewhere on the project site, and renovating portions of the existing office building as described above (see **Table 1: Project Summary**). The proposed land use program would be predominantly residential with a mix of other uses (office, retail, child care, and parking). Overall, 1,372,270 gsf of new and rehabilitated space, comprising 824,691 gsf of residential floor area with 558 dwelling units; 49,999 gsf of office floor area; 54,117 gsf of retail floor area; and a 14,690-gsf child care center use would be developed under the proposed project.

The proposed project would amend the San Francisco General Plan (the general plan) and the San Francisco Planning Code (planning code), adding a new Special Use District (SUD) and amending the Zoning and Height and Bulk District Maps. The SUD would establish land use controls for the project site. The Zoning Maps would be amended to change the designation of the site from the current zoning district (Residential, Mixed District, Low Density [RM-1] Zoning District) to the proposed SUD. Height limits would remain at 40 feet except along California Street, where they would be increased from 40 to 45 feet to accommodate higher ceilings for ground-floor retail uses, and at the center of the site from 40 to 80 feet for Center Building A and 92 feet for Center Building B, resulting from the adaptive reuse of the existing office building, which is approximately 55.5 feet tall as measured along the north elevation to the top of the roof (exclusive of the approximately 13-foot-tall mechanical penthouse).

Notes:

- A** With the adaptive reuse of Center Building B, a portion of Basement Level B1 and all of Basement Level B3 under the eastern portion of the existing office building would be retained for parking and integrated with the proposed California Street Garage (under the proposed Plaza A, Plaza B, and Walnut buildings) and with new below-grade parking under the proposed Masonic, Euclid, and Mayfair buildings.
- B** There are five existing car-share spaces in Basement Level B1 of the structured parking garage.
- C** Parking would include 10 car-share spaces and 26 Americans with Disabilities Act accessible spaces.
- D** Open area includes 51,900 square feet of existing privately-owned open space: the privately-owned publicly-accessible green spaces at the corner of Euclid Avenue and Laurel Street (23,600 square feet) and along Presidio Avenue (10,700 square feet), and the internal private open spaces on the south and east sides of the existing office building (a 4,500-square-foot child care play space and a 13,100-square-foot private courtyard). The remaining approximately 113,300 square feet of open area are inaccessible planted or landscaped areas.
- E** Includes privately-owned publicly accessible open space and private and common open space for the proposed residential uses. Private and common open space would be provided for each of the proposed new buildings and the renovated Center A and Center B Buildings as part of the development of each of these buildings and as part of the overall open space framework.

Proposed Center Buildings A and B

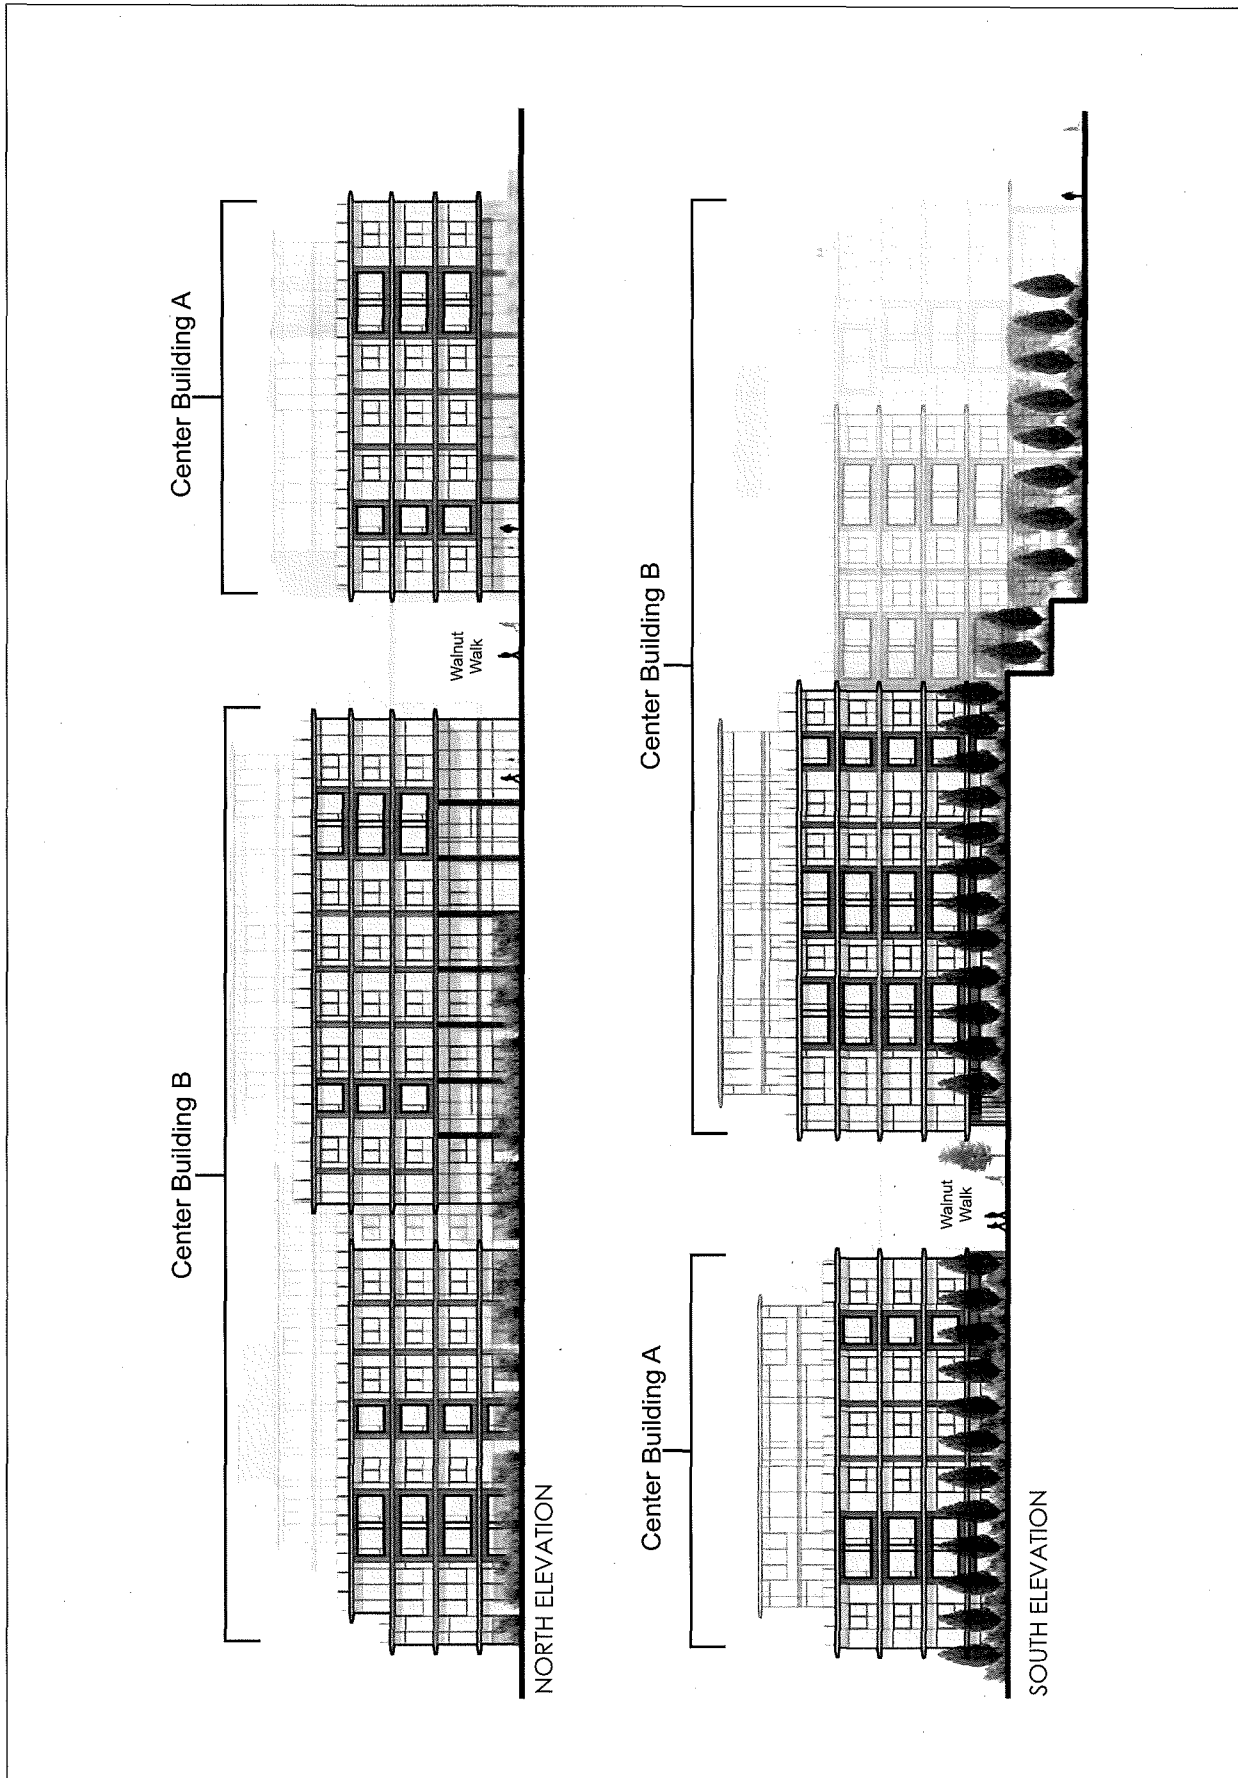

The existing office building and the three-level, partially below-grade parking garage at the center of the project site would be partially demolished. The remaining portion would be divided into two separate buildings, Center Building A and Center Building B, which would be adapted for residential use and strengthened to accommodate vertical additions (two stories would be added to Center Building A [80 feet tall] and two and three stories to the east and west portions of Center Building B [80 and 92 feet tall, respectively]) (see **Figure 4: Proposed Center Building A and Center Building B Elevations**). These new floor additions would equate to additional height of approximately 24 to 36 feet above the existing building's habitable floors. Heights are measured from the residential lobbies of Center Building A and Center Building B, adjacent to the proposed Walnut Walk, to the top of the roof. The adaptive reuse strategy for the existing office building would include the following:

- Demolition of the south wing of the existing office building, the northerly extension of the east wing, and the auditorium on the south side of the east wing
- Removal of the existing fourth floor and main entrance on the north elevation, separation of the eastern and western sections of the existing office building into separate buildings with a connecting bridge at Floor 4 that would span the proposed Walnut Walk, and interior demolition to create an interior courtyard in Center Building B
- Reconstruction of the fourth floor and extension to the outer walls of the floor below (the third floor), addition of two new residential floors to the eastern portion of the east section (Center Building B) and the west section (Center Building A), and addition of three new residential floors to the western portion of the west section of Center Building B. All residential floor additions would be set back from the edge of the existing building

Dividing the existing office building would allow for the development of a linear north-south connection from California Street to Euclid Avenue through the middle of the project site. The proposed north-south connection (the proposed Walnut Walk) would align with Walnut Street, incorporating the site into the surrounding street grid. Center Building A would be an 89,465-gsf residential building (including common areas and amenity space for residents) for 51 dwelling units. Center Building B would be a 252,681-gsf building with 233,423 gsf of residential floor area (including common areas and amenity space for residents) for 139 dwelling units and 19,258 gsf of space for parking (see **Table 2: Characteristics of Proposed Buildings on the Project Site**). The building would have residential uses on the eastern portions of Basement Levels B1 and B2 (possible because the site's south-to-north and west-to-east downward-trending slope means that these levels are not completely subsurface at these "basement" levels).

Proposed New Buildings

The proposed project would include the construction of 13 new buildings, listed below. Similar to Center Buildings A and B the proposed new buildings would also have below-grade and partially below-grade levels due to the site's south-to-north and west-to-east downward-trending slope. (See **Table 2, Figure 3, Figure 5: Proposed California Street and Presidio/Masonic Avenue Elevations**, and **Figure 6: Proposed Euclid Avenue and Laurel Street Elevations**.)

FIGURE 6: PROPOSED EUCLID AVENUE AND LAUREL STREET ELEVATIONS

- **Plaza A Building:**
 - Four-story, 45-foot-tall, 144,878-gsf building at the corner of Laurel and California streets.
 - 66,150 gsf of residential floor area (including common areas and amenity space for residents) for 67 dwelling units, 14,178 gsf of ground-floor retail space, and 64,550 gsf of space for parking, circulation, and storage and mechanical rooms on two parking levels.
 - Approximately 155 feet wide along California Street and approximately 170 feet wide along Laurel Street.
 - Retail spaces accessed from California Street; primary residential entrance on Laurel Street.
 - Set back approximately 18 feet from California Street, forming the proposed California Plaza.
- **Plaza B Building:**
 - Four- to five-story, 45-foot-tall, 145,618-gsf building between the proposed Plaza A Building and the Walnut Street extension.
 - 72,220 gsf of residential floor area (including common areas and amenity space for residents) for 61 dwelling units, 11,328 gsf of retail space, and 62,070 gsf of space for parking, circulation, and storage and mechanical rooms on two parking levels.
 - Inverted L-shaped building extending to the California Street property line and framing the proposed Cypress Square on the south and west sides of the building.
 - Approximately 215 feet wide along California Street and approximately 176 feet wide along the Walnut Street extension.
 - Retail spaces accessed from California Street; primary residential entrance on Mayfair Walk.
- **Walnut Building:**
 - Three-story, 45-foot-tall, 263,453-gsf mixed-use building east of the Walnut Street extension.
 - 24,324 gsf of retail space, 49,999 gsf of office space, 14,690 gsf of child care center space, and 174,440 gsf of space for parking, circulation, loading, and storage and mechanical rooms on three parking levels.
 - U-shaped building framing an interior courtyard on three sides overlooking the triangular-shaped outdoor childcare terrace and the adjacent SF Fire Credit Union to the east.
 - Approximately 245 feet wide along California Street, approximately 176 feet wide along the Walnut Street extension, and approximately 70-feet wide along Presidio Avenue.
- **Masonic Building:**
 - Four- to six-story, 40-foot-tall, triangular-shaped 124,892-gsf building bounded by the proposed Walnut Walk on the west, the private terraces and landscaped area between the building and Center Building B on the north, and Masonic Avenue on the southeast.

- 88,906 gsf of residential floor area (including residential amenity space) for 61 dwelling units and 35,986 gsf of space for parking, circulation, and storage and mechanical rooms on a single parking level.
- Approximately 238 feet wide along Masonic Avenue, approximately 177 feet wide along the proposed Walnut Walk, and approximately 210 feet wide along the area with private terraces and landscaping between the Masonic Building and Center Building B.
- First level partially below-grade (the Masonic Garage) due to the site's southwest-to-northeast downward-trending slope.
- ***Euclid Building:***
 - Four- to six-story, 40-foot-tall, 233,623-gsf building bounded by the private terraces and landscaped area between it and Center Building A on the north, the proposed Walnut Walk on the east, Euclid Avenue on the south, and the proposed private terraces on the west between it and the Laurel Duplexes.
 - 177,345 gsf of residential floor area (including common areas) for 135 dwelling units, 4,287 gsf of retail space, and 51,991 gsf of space for parking and circulation in the single-level parking garage (the Masonic Garage) accessed from Masonic Avenue.
 - 220 feet wide along Euclid Avenue, approximately 254 feet wide along the proposed Walnut Walk, approximately 158 feet wide along the landscaped area between it and Center Building A, and approximately 210 feet wide along the area with private terraces and landscaping between it and the Laurel Duplexes.
 - Set back approximately 67 feet from the Euclid Avenue property line, forming Euclid Green and the private Euclid Terrace open spaces.
 - Internal private courtyard.
- ***Laurel Duplexes:***
 - Seven detached buildings along Laurel Street between Euclid Avenue and the proposed Mayfair Building, each with two residential units.
 - Four stories tall and ranging in height from 37 to 40 feet.
 - 58,839 gsf of total floor area with 54,111 gsf of residential floor area and 4,728 gsf of parking and storage space.
 - Full basement and an independently accessible parking garage for six of the seven duplexes. Parking for the center duplex would be in the parking garage proposed under the Euclid and Masonic buildings in order to retain a mature Live Oak tree.
- ***Mayfair Building:***
 - Four-story, 40-foot-tall, 58,821-gsf building bounded by the proposed Mayfair Walk on the north, the proposed landscaped area to the east between it and Center Building A, the proposed Laurel Duplexes on the south, and Laurel Street on the west.

- 43,071 gsf of residential floor area (including common areas) for 30 dwelling units, and 15,750 gsf of space for parking, circulation, and storage and mechanical rooms on a single parking level.
- Approximately 138 feet wide along the proposed Mayfair Walk, approximately 77 feet wide along the proposed landscape area between the Mayfair Building and Center Building A, approximately 138 feet wide along the proposed Laurel Duplexes, and approximately 77 feet wide along the west (Laurel Street) property line.

Proposed Parking, Circulation, and Loading

Proposed Parking and Circulation

Off-Street Parking

The proposed parking program would replace and expand the existing 543 surface and subsurface parking spaces on the project site. Overall there would be a total of 895 off-street parking spaces (see **Table 3: Parking Summary**). Parking would be provided in four below-grade parking garages – the California Street Garage, under the Plaza A, Plaza B, and Walnut buildings; the Center Building B Garage, encompassing the two renovated below-grade parking levels under Center Building B (Basement Levels B1 and B3); the Masonic Garage, under the Masonic and Euclid buildings; and the Mayfair Garage, under the Mayfair Building – and in six individual, two-car, parking garages for six of the seven Laurel Duplexes. The ten garages would total 428,773 gsf.

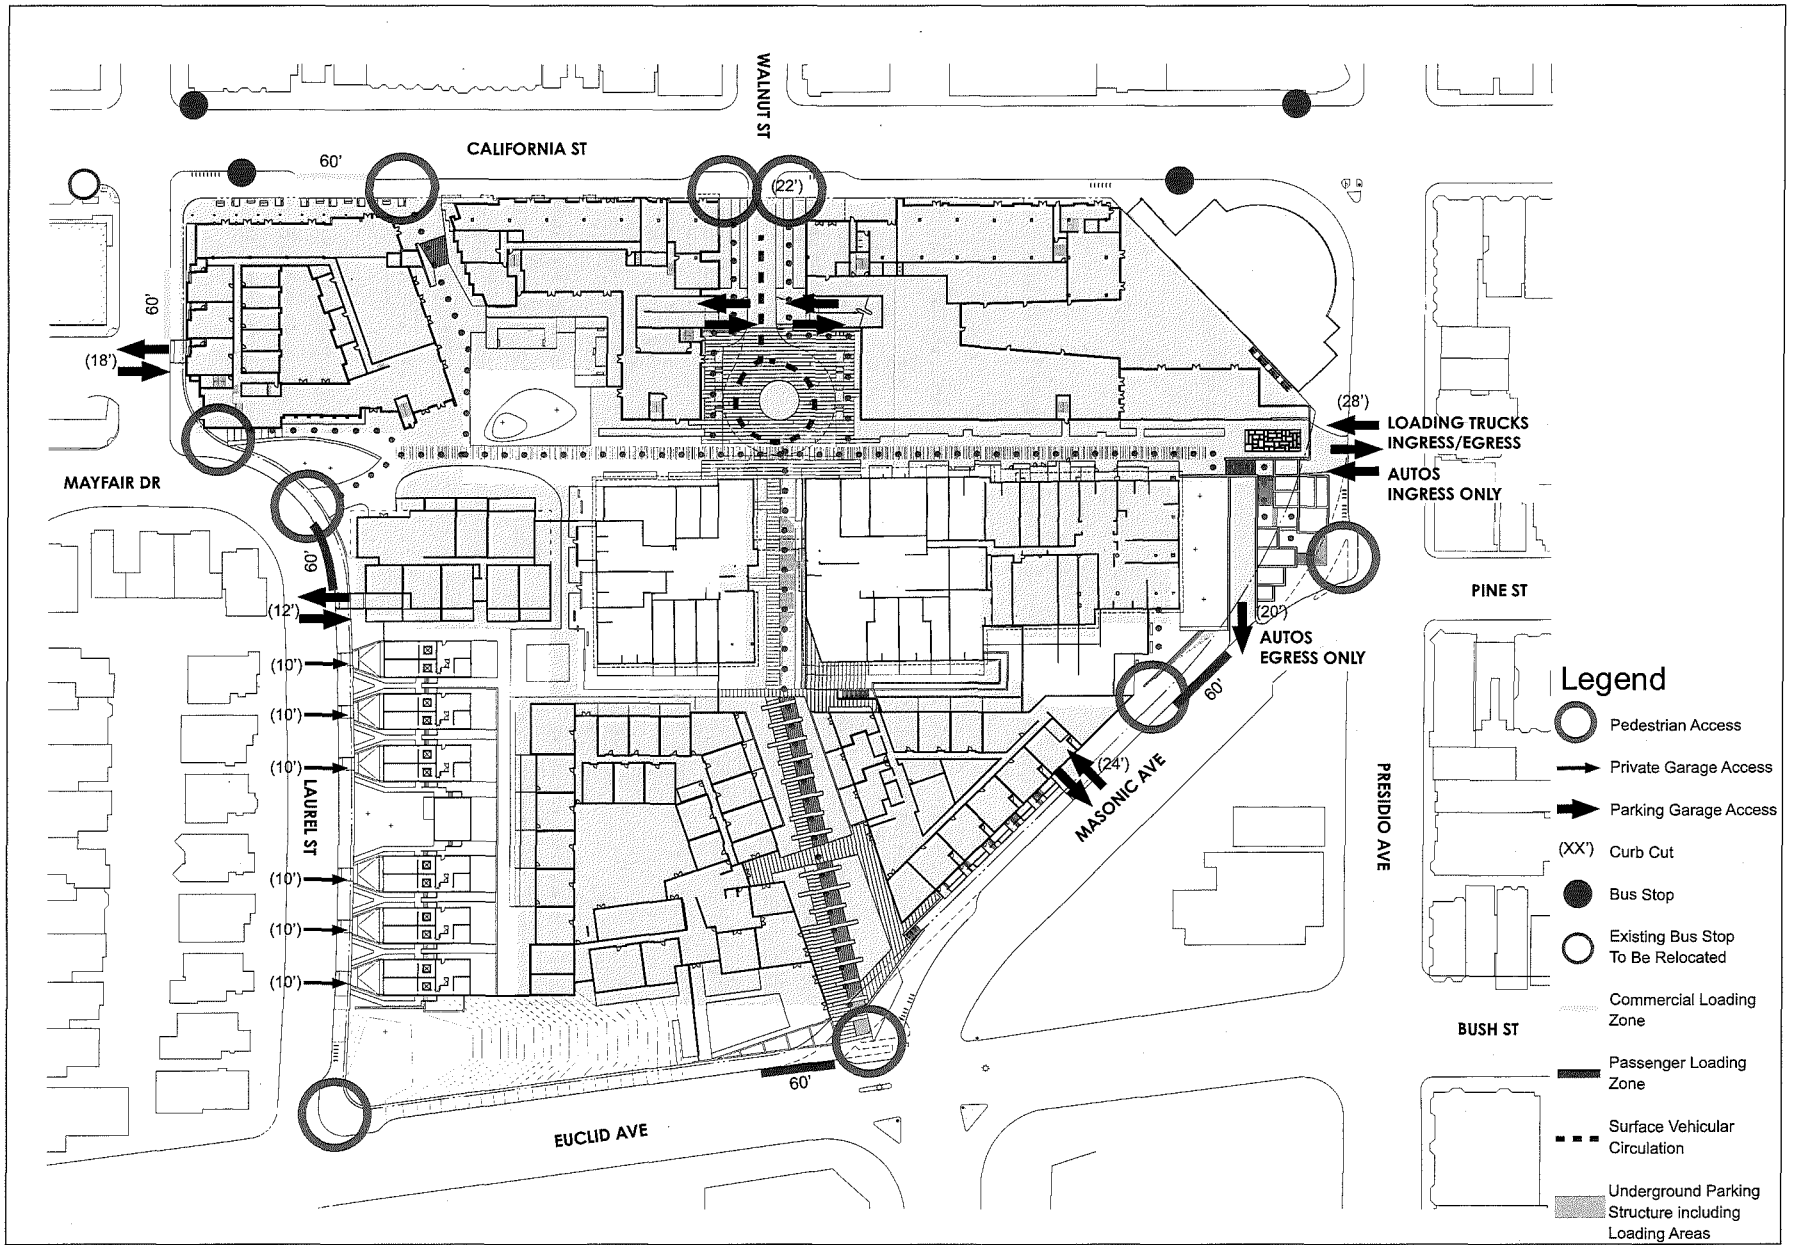

Vehicles would enter and exit the proposed parking garages from the following access points (see **Figure 7: Proposed Site Access** on p. 19):

- An entry/exit driveway off each side of the Walnut Street extension into the project site for the California Street Garage.
- A shared driveway off Presidio Avenue. The driveway would have one entry/exit to the off-street freight loading dock in the California Street Garage. A separate entry (ingress only) would lead to the office, child care, retail, and commercial parking spaces on Basement Levels B3 and B2 of the California Street Garage and to the residential parking in Basement Level B3 of the Center Building B Garage.
- An exit-only driveway onto Masonic Avenue near the intersection with Pine Street for the California Street and renovated Center B Building garages.
- An entry/exit driveway off Masonic Avenue for the Masonic Garage.
- Six individual driveways along Laurel Street for six of the Laurel Duplexes.
- An entry/exit driveway onto Laurel Street south of Mayfair Drive for the Mayfair Garage.
- An entry/exit onto Laurel Street between California Street and Mayfair Drive for the California Street Garage (residential only).

3333 CALIFORNIA STREET MIXED-USE PROJECT

2015-014028ENV

FIGURE 7: PROPOSED SITE ACCESS

Curb cuts would be changed, added, or relocated, as follows:

- The existing 28-foot-wide curb cut at the California Street entrance would be reduced to 22 feet with the development of curb bulb-outs at the extension of Walnut Street into the project site, which would terminate with a roundabout. The Walnut Street extension would provide access to two of the California Street parking garage entrances.
- The existing 28-foot-wide curb cut on Presidio Avenue would remain, but would be adjusted slightly to follow the proposed modification to the alignment of the west curb on Presidio Avenue, to be parallel to the existing east curb. The driveway would provide in and out access for the off-street freight loading area and separate in-only access to the California Street Garage for office, retail, and child care uses as well as commercial parking and car-share spaces and to the Center Building B parking level at Basement Level B3 for residential parking.
- A new 20-foot-wide curb cut would be provided for vehicles exiting to Masonic Avenue from the California Street Garage and Basement Level B3 of Center Building B.
- A new 24-foot-wide curb cut on Masonic Avenue would provide in and out access to the proposed Masonic and California Street garages.
- The existing 27-foot-wide curb cut on Laurel Street (between Mayfair Drive and Euclid Avenue) would be removed.
- Six separate 10-foot-wide curb cuts would be added along Laurel Street, south of Mayfair Drive, to provide access to six of the seven Laurel Duplex garages.
- The existing 22-foot-wide curb cut on Mayfair Drive would be relocated to the south and modified to be a 12-foot-wide driveway to provide in and out access to the proposed Mayfair Building's below-grade parking garage.
- A new 18-foot-wide curb cut on Laurel Street, south of California Street, would provide in and out access to the proposed California Street Garage.

On-Street Parking

The proposed project would reduce the existing 102 on-street vehicle parking spaces (including two car-share spaces on Euclid Avenue) to approximately 66 by eliminating spaces for new curb cuts and converting existing spaces to five new commercial and passenger loading zones (see "Proposed Loading Program" on pp. 21-22). Overall, there would be a net reduction of 33 on-street parking spaces.⁶

Proposed Bicycle Parking

The proposed project would provide 592 class 1 bicycle parking spaces (558 spaces for residential uses, 10 spaces for office uses, 14 spaces for retail uses, and 10 spaces for the child care use) and 101 class 2 bicycle parking spaces (56 spaces for residential uses, 2 spaces for office uses, 33 spaces for retail uses, and

⁶ Three additional spaces are being removed as a result of Muni Forward and the shift of the inbound Muni stop towards downtown at the Laurel Street/California Street intersection from the near side of the intersection (west side) to the far side (east side).

10 spaces for the child care use).⁷ The proposed class 2 bicycle parking spaces would be located along the edges of the project site at pedestrian access points and near building entrances, and adjacent to the Walnut Building near the roundabout terminating the extension of Walnut Street into the project site.

Proposed Pedestrian Circulation

The project site would be integrated with the existing street grid. Pedestrian promenades would be developed to align with Walnut Street and connect to Masonic and Euclid avenues (north/south direction), and to align with Mayfair Drive and connect to Presidio and Masonic avenues and Pine Street (east/west direction). The north-south Walnut Walk and the east-west Mayfair Walk would be closed to vehicular traffic and would provide the primary points of access to the privately owned, common useable open spaces, plazas, squares, and vista points within the project site. The northern portion of Walnut Walk would be the extension of Walnut Street into the project site, which would provide vehicular access to the California Street Garage and terminate at a roundabout.

Pedestrians would be able to walk through the project site from Laurel, California, and Walnut streets to Presidio Avenue, Masonic Avenue, Pine Street, and Euclid Avenue. A pedestrian walkway between the Plaza A and Plaza B buildings (Cypress Stairs) would provide access from the California Street sidewalk (at the midblock between Laurel and Walnut streets) to Cypress Square. Pedestrian access would also be provided at Walnut Street; at Presidio Avenue near the corner of Pine Street at the eastern terminus of Mayfair Walk (Pine Street Steps and Plaza); at the intersection of Masonic and Euclid Avenues at the southern terminus of Walnut Walk (Corner Plaza); and at the western terminus of Mayfair Walk. Pedestrian access to Euclid Green would be provided at the corner of Laurel Street and Euclid Avenue. (See "Proposed Open Space" on pp. 24-26 for a description of these spaces.) These spaces would comply with the Americans with Disabilities Act.

Proposed Loading Program

The proposed project would provide six off-street commercial and residential freight loading spaces: three located in the off-street freight loading area in the proposed California Street Garage, accessed from Presidio Avenue, and three located in the off-street freight loading area in the proposed Masonic Garage under the Masonic and Euclid buildings. Both would accommodate garbage trucks as well as delivery vehicles for the retail and office tenants. Residential move-in and move-out loading activities for the new and renovated buildings (except the Laurel Duplexes) would occur within these off-street freight loading areas in the proposed California Street and Masonic garages or from existing on-street spaces along California Street, Presidio Avenue, Masonic Avenue, Euclid Avenue, or Laurel Street (with a special time-limited permit from the SFMTA for use of existing on-street parking spaces). Residential move-in and move-out loading activities for the Laurel Duplexes would occur along Laurel Street (with a special time-limited permit from the SFMTA for use of on-street parking spaces) and/or from private parking garages.

⁷ Class 1 bicycle parking facilities are spaces in secure, weather-protected facilities intended for use as long-term, overnight, and workday bicycle storage by dwelling unit residents, non-residential occupants, and employees. Class 2 spaces are bicycle racks located in publicly-accessible, highly visible locations intended for transient or short-term use by visitors, guests, and patrons to the building or use. Each class 2 bicycle rack would accommodate two bicycles.

In addition to the six proposed off-street freight loading spaces, the project sponsor would request from the SFMTA the conversion of 15 on-street parking spaces to create five separate 60-foot-long commercial (2) and passenger (3) loading zones. The commercial loading zones would be located on the south side of California Street near Laurel Street and on the east side of Laurel Street near California Street. The passenger loading zones would be located on the west side of Masonic Avenue near Presidio Avenue and Pine Street, the north side of Euclid Avenue near Masonic Avenue, and the east side of Laurel Street near Mayfair Drive. Passenger loading would also occur at the proposed roundabout at the terminus of the Walnut Street extension into the project site, and at Basement Level B3 of the California Street Garage near the elevator lobby for the proposed child care center.

Transportation Demand Management (TDM) Plan

The project sponsor submitted a TDM Plan Application to the Planning Department in August 2017 and has agreed to implement selected TDM measures to reduce per capita automobile use. Selected TDM measures are summarized below:

- **Improve Walking Conditions (TDM Measure Active-1A):** Streetscape improvements proposed along California Street, Presidio Avenue, Masonic Avenue, Euclid Avenue and Laurel Street would be consistent with the Better Streets Plan. The proposed Mayfair and Walnut Walks would integrate the 10-acre site with the existing pedestrian network.
- **Bicycle Parking (TDM Measure Active-2):** Bicycle parking would be provided for residential, office, and retail uses. For residential uses, the required class 1 space for each dwelling unit and two class 2 spaces for every 20 units would be provided. The number of spaces provided for office, childcare, and retail uses would comply with the planning code.
- **Showers and Lockers (TDM Measure Active-3):** At least one shower and at least six clothes lockers would be provided for every 30 class 1 bicycle parking spaces. The number of showers and clothes lockers would meet planning code requirements.
- **Bicycle Repair Station (TDM Measure Active-5):** A bicycle repair station, with tools and supplies such as a bicycle pump and wrenches, would be located on the project site.
- **Car Share Parking (TDM Measure Cshare-1):** Ten car share spaces would be provided in Basement Level B3 of the California Street Garage in accordance with the planning code.
- **Delivery Supportive Amenities (TDM Measure Delivery-1):** An area for the receipt and temporary storage of package deliveries would be provided in the off-street loading areas or other location on the project site.
- **On-Site Childcare (TDM Measure Family-2):** An on-site childcare facility would be provided in the Walnut Building.
- **Multimodal Wayfinding Signage (TDM Measure Info-1):** Multimodal wayfinding signage that directs tenants, residents, visitors, and employees to nearby transportation services would be provided. Signage would comply with city standards.
- **Real Time Information Displays (TDM Measure Info-2):** Real time information displays (showing information about transit lines, walk time to transit locations, or the location of on-site car share vehicles, for example) would be provided in prominent locations on the project site.

- **Tailored Transportation Marketing (TDM Measure Info-3):** Individualized, tailored marketing and communication campaigns regarding sustainable transportation modes would be implemented. A TDM coordinator would manage these marketing services, which would include promotions and welcome packets with information about transportation options. Personal consultations would be offered to new residents and retail employees along with a request for a commitment to try sustainable transportation options.
- **Unbundle Parking (TDM Measure Pkg-1):** All accessory parking for the proposed project would be leased or sold separately from the rental or purchase fees.

The project's proposed TDM Plan may be refined during the planning review process for project entitlements.

Proposed Streetscape Improvements

The proposed project would include the following streetscape improvements, including widening sidewalks to meet minimum widths in the Better Streets Plan:

- **At Presidio Avenue:** The proposed project would include an encroachment at the eastern property boundary along Presidio Avenue, immediately north of the intersection with Pine Street and Masonic Avenue, to accommodate streetscape improvements.
 - Reconfiguration of the curb line in this area to regularize the property's frontage on Presidio Avenue.
 - Removal of the triangular-shaped pedestrian island and the right-most travel lane for southbound traffic on Presidio Avenue merging onto Masonic Avenue.
 - Construction of a corner bulb-out on the west side of the Masonic Avenue/Presidio Avenue/Pine Street intersection.
 - Installation of a continental crosswalk⁸ crossing Presidio Avenue (to Pine Street), and widening of the Presidio Avenue sidewalk from 10 to 15 feet.

These streetscape changes would result in an approximately 2,170-square-foot space that would be integrated with the proposed Pine Street Steps and Plaza.

- **At Masonic Avenue and Euclid Avenue:**
 - Reconfiguration of the west curb line on Masonic Avenue.
 - Removal of the triangular-shaped pedestrian island and right-most travel lane for southbound traffic on Masonic Avenue merging onto Euclid Avenue.
 - Incorporation of the existing triangular-shaped pedestrian island into the proposed Corner Plaza, which would be integrated with the southern end of the proposed Walnut Walk.

⁸ Crosswalks with a continental design have parallel striped markings that are the most visible to drivers. Use of continental design for crosswalk marking also improves crosswalk detection for people with low vision and cognitive impairment.

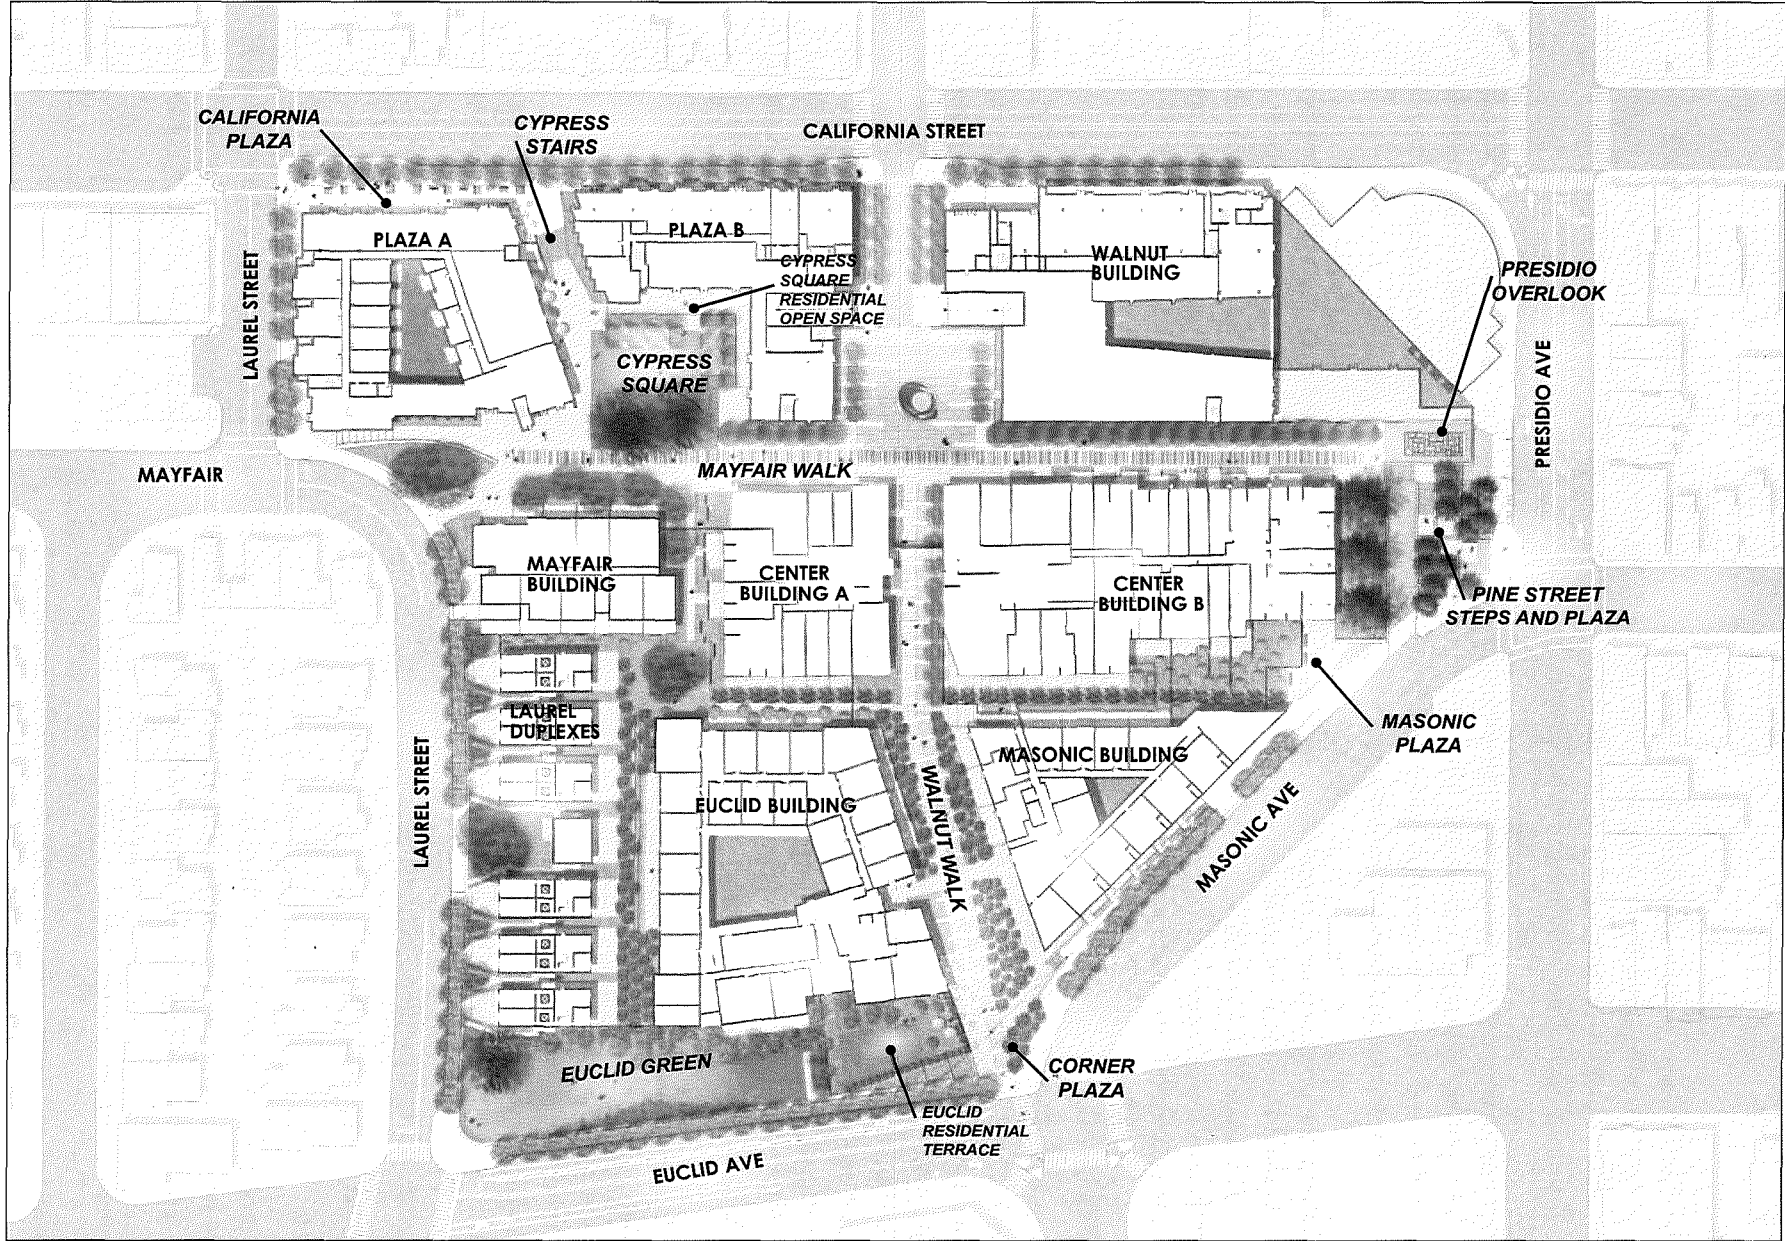

- *At Laurel Street and Mayfair Drive:*
 - Addition of a corner bulb-out at the northeast corner of Laurel Street/Mayfair Drive and an eastside crosswalk at the three-way intersection (crossing Mayfair Drive). The redesigned intersection would be an approximately 650-square-foot space that would highlight the primary east-west pedestrian access to the site – Mayfair Walk.
- *Additional Improvements:*
 - Widening of sidewalks along Masonic Avenue (from 10 to 15 feet), along Euclid Avenue (from 10.5 to 12 feet), and along Laurel Street (from 10 to 12 feet).
 - Addition of corner bulb-outs at the southwest corner of the California Street/Laurel Street intersection, at the southwest and southeast corners of the California Street/Walnut Street intersection, and at the northeast corner of the Laurel Street/Euclid Avenue intersection.

Proposed Open Space and Landscaping

Proposed Open Space

The proposed project would retain approximately 53 percent of the overall lot area (approximately 236,000 square feet, excluding green roofs) as open area, with portions developed with a combination of privately owned publicly accessible open space and private walkways, terraces, and internal courtyards (see **Figure 8: Proposed Open Space Plan**). The proposed project would include the following new landscaped open spaces:

- California Plaza (approximately 3,300 square feet) within the setback of the proposed Plaza A Building along California Street, extending east from the Laurel Street/California Street intersection to the proposed Cypress Stairs.
- Cypress Square (between the Plaza A and B buildings) and the western portion of the proposed east-west Mayfair Walk (approximately 28,150 square feet), accessed from the Cypress Stairs between the Plaza A and B buildings, Mayfair Walk, and Walnut Walk; the Cypress Square residential open space would be an approximately 1,570-square-foot private open space adjacent to Cypress Square and serve the Plaza B building.
- Presidio Overlook (approximately 3,800 square feet), at the eastern terminus of Mayfair Walk above the Presidio Avenue driveway, accessed from Mayfair Walk or the Pine Street Steps and Plaza.
- Masonic Plaza (approximately 3,000 square feet), between Center Building B and the Masonic Building along Masonic Avenue.
- Walnut Walk (north-south) to Masonic and Euclid avenues at Corner Plaza (approximately 16,760 square feet, excluding the Walnut Street Extension, roundabout and walkway between Center Building A and Center Building B).

3333 CALIFORNIA STREET MIXED-USE PROJECT

2015-014028ENV

FIGURE 8: PROPOSED OPEN SPACE PLAN

- Euclid Green (approximately 18,760 square feet), extending from the intersection of Euclid Avenue and Laurel Street at the southwest corner of the site toward the corner of Masonic and Euclid avenues, plus the adjacent Euclid Residential Terrace, an approximately 5,950-square-foot private open space adjacent to Euclid Green.

Overall, the proposed project would provide approximately 103,000 square feet of common useable open area that meets the Planning Code section 135 definition of open space. There would also be approximately 85,000 square feet of private open area that does not include rooftop decks, but does include ground-level terraces, interior courtyards and private internal walkways.

In addition, the proposed improvements at the Presidio Avenue/Pine Street/Masonic Avenue intersection (the proposed Pine Street Steps and Plaza) and the Masonic Avenue and Euclid Avenue intersection (the proposed Corner Plaza) would be partially within the public right-of-way and would total approximately 10,000 square feet of open area. There would also be approximately 8,000 square feet of common useable open area adjacent to the Walnut Street extension and roundabout.

Proposed Landscaping

There are 210 trees on and adjacent to the project site, including 15 existing street trees along the California Street frontage. Ten mature trees on the site would be retained, if viable, and 185 trees on the site would be removed, including 19 significant trees (i.e., trees within 10 feet of the public right-of-way that meet specific height, trunk diameter, and canopy width requirements). The 15 street trees along California Street would be removed and replaced. Both the street trees and the significant trees are protected under city ordinances; removal requires a permit from San Francisco Public Works. Thus, a total of 34 protected trees on, and adjacent to, the project site would be removed.⁹ The 10 mature trees to be retained would require anchored tree-protection fencing and implementation of tree health-related measures such as mulching, pruning, and pest protection during construction.

The proposed project would add approximately 92 new street trees along California Street, Masonic Avenue, Euclid Avenue, and Laurel Street. A total of 20 trees would be planted on the extension of Walnut Street into the project site; however, these do not count as street trees because the proposed Walnut Street extension would not be considered a public right-of-way. Approximately 250 new trees would also be planted on the project site along the proposed Mayfair and Walnut Walks as well as within privately owned publicly accessible open spaces and common open spaces (a net gain of 85 trees from existing conditions).

Proposed Infrastructure Systems

Proposed Water Systems

Potable

The project site is served by San Francisco's water supply system. Water connections would be provided to the new and renovated existing buildings, with each building separately metered at the sidewalk. New and renovated buildings would have water-efficient fixtures and appliances. Low-pressure water for

firefighting purposes would be provided from the three existing fire hydrants adjacent to the project site at California and Laurel streets, Masonic and Euclid avenues, and Euclid Avenue/Laurel Street, and two new fire hydrants would be added to the perimeter of the project site on the west side of Masonic Avenue. In addition, fire-fighting water supply storage tanks would be located in Basement Level B3 of Center Building B because of the building's classification as a high-rise.

Non-Potable

Each of the new buildings would comply with San Francisco's Non-Potable Water Ordinance which requires the use of on-site "alternate water sources" of graywater (e.g., wastewater from bathtubs, showers, bathroom sinks, and clothes washing machines, but not from kitchen sinks, dishwashers or toilets), rainwater (e.g., precipitation collected from roofs and other above-ground collection surfaces, excluding stormwater runoff), and, if demand/supply is adequate, foundation drainage water (e.g., nuisance groundwater that is pumped out to maintain a building's or facility's structural integrity) to meet that building's toilet and urinal flushing and irrigation demands. The proposed project would include the diversion and reuse of graywater and rainwater for toilet and urinal flushing and irrigation (e.g., green roofs) and cooling towers (for buildings with cooling towers). The non-potable water systems would be designed, installed, tested and operated pursuant to San Francisco Department of Public Health (DPH) Rules and Regulations Regarding the Operation of Alternate Water Source Systems.¹⁰

Proposed Wastewater and Stormwater System

The project site is served by the City's combined sewer system. Sewer line connections would be provided to the new and renovated existing buildings and would include the construction of an approximately 8-inch-diameter, 180-foot-long sewer line extension under Masonic Avenue to connect to the 16-inch-diameter sewer line under Presidio Avenue.

The proposed project would be subject to the requirements of San Francisco's Stormwater Management Ordinance and would incorporate low impact design features such as bioretention planters located upstream of storm drain catch basins (installed as part of the proposed streetscape changes) to promote infiltration and limit the amount of water entering the combined sewer system. The proposed project would also implement rainwater harvesting features and increase the amount of permeable/planted area on the site compared to existing conditions.

Proposed Electricity and Natural Gas

Electrical and natural gas service to the project site would be provided by PG&E from 12 kilovolt distribution lines under California Street and Euclid Avenue and natural gas lines under California Street and Presidio Avenue. Connections to the PG&E grid would be provided to the new and renovated existing buildings and would include the construction of a new natural gas lines under Euclid Avenue between Laurel Street and Masonic Avenue (approximately 350 feet), under Masonic Avenue between Euclid and Presidio avenues (approximately 625 feet), and under Presidio Avenue (approximately 75 feet) at the intersection of Presidio Avenue/Masonic Avenue/Pine Street. The proposed project would comply with

San Francisco Green Building Requirements for energy efficiency in new buildings. Energy-efficient appliances and energy-efficient lighting would be installed in Center Buildings A and B. An emergency diesel generator would be provided in Center Building B to serve the building's emergency power loads, fire pumps, and elevators.¹¹

Proposed Renewable Energy

The proposed project is required to meet the State's Title 24 and the San Francisco Green Building requirements for renewable energy, and San Francisco's Better Roof Requirements for Renewable Energy Standards. To partially offset energy demands, roof-mounted solar photovoltaic (PV) system infrastructure to transform sunlight into electricity would be installed on 13 of the 15 buildings, except the Masonic Building and Center Building A, which would be developed as living (or green) roofs. At least 15 percent of the roof area would include this infrastructure and/or roof-mounted solar thermal hot water systems.

Proposed Sustainability Features

The project sponsor has committed to meeting and exceeding the requirements of the San Francisco Green Building Ordinance by achieving LEED for Neighborhood Development (LEED-ND) Plan certification at a minimum Gold level for the full development, targeting Platinum. To meet this goal, the proposed project would incorporate smart building technologies and materials, such as living (or green) roofs, solar PV systems, and water smart landscaping. The proposed project would provide a network of landscaped public and private open spaces planted with drought tolerant species that would result in the retention of 10 of the 195 existing on-site trees and the planting of 270 new trees on the project site (a net gain of 85 trees).

Excavation and Soils Disturbance

The proposed project would involve a substantial amount of soils disturbance and excavation, specifically for construction of the below-grade parking garages, building foundations, and site terracing. Approximately 274,000 square feet of the 446,479-square-foot project site would be modified as a result of the proposed project. The depths of excavation would range from 7 to 40 feet below the existing grade (including the elevator and automobile stacker pits) with a total of approximately 288,300 net cubic yards of excavated soils generated during the approximately seven-year construction period.¹²

Pile driving is not proposed; however, rock fragmentation using earth moving equipment, such as loaders, heavy-duty backhoes, hoe-rams, dozers equipped with rippers, and jack hammers, would be expected. Dewatering may be needed if groundwater or perched water is encountered during the drilling of soldier pile foundations.¹³

¹¹ The existing emergency generator and related fuel storage and electrical substations in the basement levels of the existing parking garage would be removed as part of demolition activities.

¹² Approximately 3,700 cubic yards of excavated soils would be reused on the project site as fill.

¹³ Langan Treadwell Rollo, Preliminary Geotechnical Investigation, December 3, 2014, pp. 5, 9, and 11.

Because serpentinite, which contains naturally occurring asbestos, is present in bedrock on the project site, an Asbestos Dust Mitigation Plan and Site Mitigation Plan would be prepared before excavation begins. Bedrock handling and disposal would be performed in accordance with these plans.¹⁴ Excavated soils would be tested for the presence of contaminants, and soils that qualify for use as fill would be stockpiled and used on the project site to the maximum extent feasible.

The proposed new buildings would be supported on continuous and/or individual foundations bearing on native stiff to very stiff clay, medium dense sand, or bedrock.¹⁵ The perimeter walls of new buildings adjacent to the existing parking garage may need to be supported on drilled piers that gain support in the bedrock below the elevation of the bottom of the existing parking garage.

CONSTRUCTION SCHEDULE AND PHASING

The proposed project would be constructed in four development phases: Phase 1 (Masonic and Euclid Buildings, with 196 residential units and 266,251 gsf of residential and 4,287 gsf of retail), Phase 2 (Center Buildings A and B, with 190 residential units and 322,888 gsf of residential), Phase 3 (Plaza A, Plaza B, and Walnut buildings with 128 residential units and 138,370 gsf of residential, 49,830 gsf of retail, and 49,999 gsf of office, and 14,690 gsf of child care), and Phase 4 (Mayfair Building and Laurel Duplexes with 44 residential units and 97,182 gsf of residential). The phases would overlap, i.e., the Phase 2 demolition stage for the adaptive reuse of the existing office building (Center Buildings A and B) would commence during the exterior work for the proposed Masonic and Euclid buildings in Phase 1. Full build-out is expected to occur approximately seven years after project entitlements, if executed from start to finish of the prescribed overlapping development phases. The preliminary construction schedule assumes spring 2020 as the start of construction and spring 2027 as the end of construction. Construction-related activities would typically occur Monday through Friday, between 7 a.m. and 3:30 p.m., although some work is anticipated to occur on Saturdays between 7 a.m. and 3:30 p.m. Nighttime construction work is not anticipated, nor is construction anticipated to occur on Sundays or major legal holidays.

PROJECT VARIANT

The project sponsor is also considering a variant to the proposed project that would change the use of the proposed Walnut Building from a mixed-use office building to a mixed-use residential building. Under this variant, the 49,999 gsf of office space in the proposed Walnut Building would instead be developed for housing, and 744 dwelling units would be developed on the project site, an increase of 186 dwelling units over the number in the proposed project. There would be an additional 76 vehicle parking spaces provided under the variant. The proposed Walnut Building would have a total of 368,170 gsf, with 153,920 gsf of residential uses, 18,800 gsf of retail uses, a 14,650-gsf childcare use, and an 180,800-gsf below-grade parking garage. The overall height of the proposed Walnut Building under the project variant would be approximately 67 feet (compared to 45 feet with the proposed project) and five levels over Basement Level B1 (compared to two levels with the proposed project). No other features of the proposed project would change under the variant.

¹⁴ Ibid, pp. 5 and 12.

¹⁵ Ibid, pp. 13-22.

ANTICIPATED APPROVALS

The project site is currently zoned RM-1. The RM-1 zoning controls permit up to one dwelling unit per 800 square feet of lot area (or, with conditional use authorization for a Planned Unit Development, one dwelling unit per 600 square feet of lot area minus one unit). RM-1 does not permit office uses or retail sales and service uses. Other restrictions were placed on development of the site in Planning Commission Resolution 4109, adopted in 1952.

Implementation of the proposed project or project variant would require general plan, planning code, and zoning map amendments. The project sponsor would seek to have a new Special Use District (SUD) created, which would require a recommendation by the Planning Commission and approval by the Board of Supervisors. The project sponsor may also seek approval of a Development Agreement (or other agreement), the terms of which the project sponsor and the City are still discussing and as to which the project sponsor is gathering community input.

The following is a preliminary list of San Francisco agencies' anticipated approvals for the proposed project and the project variant and is subject to change. These approvals may be reviewed in conjunction with the required environmental review, but may not be granted until after the required environmental review is completed.

Actions by the City Planning Commission

- Certification of Environmental Impact Report (EIR) and adoption of findings under CEQA
- Conditional Use/Planned Unit Development authorization to permit development of buildings with height in excess of 50 feet, to provide exceptions to open space, dwelling unit exposure, and rear yard setback requirements of the RM-1 Zoning District, and to amend or rescind Planning Commission Resolution 4109
- Adoption of Findings of Consistency with the general plan and priority policies of Planning Code section 101.1
- Recommendation to Board of Supervisors to approve planning code and zoning map amendments
- Recommendation to Board of Supervisors to approve Special Use District
- Recommendation to Board of Supervisors to approve Development Agreement, if applicable
- General plan referral for street vacation/dedication associated with the development of Corner Plaza at Masonic and Euclid avenues; the Pine Street Steps and Plaza at the Masonic/Pine/Presidio intersection; and for sidewalk widening
- Approval of a Transportation Demand Management Plan (Planning Code section 169)

Actions by the San Francisco Board of Supervisors

- Adoption of findings under CEQA
- Adoption of Findings of Consistency with the General Plan and priority policies of Planning Code section 101.1
- Approval of planning code and zoning map amendments

- Approval of Special Use District
- Approval of Development Agreement, if applicable
- Approval of street vacation/dedication associated with the development of Corner Plaza at Masonic and Euclid avenues and the Pine Street Steps and Plaza at the Masonic/Pine/Presidio intersection
- Approval of sidewalk widening legislation
- Adoption of resolution to amend or rescind Planning Commission Resolution 4109

Actions by Other City Departments

San Francisco Public Works

- o Approval of Subdivision Map
- o Public hearing and approval of permits to remove and replace street trees on California Street and to remove protected trees on the project site within 10 feet of the public right-of-way
- o Approval of permits for streetscape improvements in the public right-of-way, including new curb cuts on Masonic Avenue (two) and Laurel Street (eight)
- o Approval of an encroachment permit for the proposed curb bulb-outs and associated streetscape improvements on the west side of Presidio Avenue at the intersection with Pine Street and Masonic Avenue, on the west side of Masonic Avenue at the intersection with Euclid Avenue, and on the east side of Laurel Street at the intersection with Mayfair Drive
- o Approval of a street space permit from the Bureau of Street Use and Mapping if sidewalk(s) are used for construction staging and pedestrian walkways are constructed in the curb lane(s),
- o Recommendation to Board of Supervisors to approve legislation for sidewalk widening

San Francisco Municipal Transportation Agency

- o Approval of request for on-street commercial truck (yellow) and passenger (white) loading zones on Laurel Street, California Street, Masonic Avenue, and Euclid Avenue
- o Approval of a special traffic permit from the Sustainable Streets Division if sidewalk(s) are used for construction staging and pedestrian walkways are constructed in the curb lane(s),
- o Approval of construction within the public right-of-way (e.g., bulbouts and sidewalk extensions) to ensure consistency with the Better Streets Plan
- o Approval of the placement of bicycle racks on the perimeter sidewalks and within the project site

San Francisco Department of Building Inspection

- o Review and approval of demolition, excavation, and site/building permits
- o Review and approval of construction permit for non-potable water system
- o Approval of a permit for nighttime construction if any night construction work is proposed that would result in noise greater than five dBA above ambient noise levels

- o Review and approval of plumbing plans for non-potable water reuse system per the Non-potable Water Ordinance

San Francisco Public Utilities Commission

- o Review and approval of Erosion and Sediment Control Plan, in accordance with Article 4.1 of the San Francisco Public Works Code
- o Review and approval of any changes to sewer laterals (connections to the City sewer system)
- o Review and approval of any changes to existing publicly-owned fire hydrants, water service laterals, water meters, and/or water mains
- o Review and approval of the size and location of new fire, standard, irrigation, and/or recycled water service laterals
- o Review and approval of post-construction stormwater design guidelines including a Stormwater Control Plan, in accordance with City's 2016 Stormwater Management Requirements and Design Guidelines
- o Review and approval of Landscape Plan per the Water Efficient Irrigation Ordinance
- o Approval of the use of dewatering wells per Article 12B of the Health Code (joint approval by the San Francisco Department of Public Health)
- o Review and approval of documentation for non-potable water reuse system per the Non-potable Water Ordinance

San Francisco Department of Public Health

- o Review and approval of Site Mitigation Plan, in accordance with San Francisco Health Code Article 22A (Maher Ordinance)
- o Review and approval of a Construction Dust Control Plan, in accordance with San Francisco Health Code Article 22B (Construction Dust Control Ordinance)
- o Approval of the use of dewatering wells per Article 12B of the Health Code (joint approval by the San Francisco PUC)
- o Review and approval of design and engineering plans for non-potable water reuse system and testing prior to issuance of Permit to Operate

Actions by Other Government Agencies

Bay Area Air Quality Management District

- o Approval of any necessary air quality permits for installation, operation, and testing (e.g., Authority to Construct/Permit to Operate) for individual air pollution sources, such as boilers and emergency standby diesel generator
- o Approval of Asbestos Dust Mitigation Plan for construction and grading operations

SUMMARY OF POTENTIAL ENVIRONMENTAL ISSUES

The proposed project and the project variant could result in potentially significant environmental effects. The Planning Department will prepare an initial study (IS) and an environmental impact report (EIR) to evaluate the physical environmental effects of the proposed project in accordance with the California Environmental Quality Act (CEQA). The IS will assess both project-specific and cumulative impacts for all topics in the City's IS Checklist. The EIR will further examine those issues identified in the IS as having potentially significant effects, identify mitigation measures, and analyze whether the mitigation measures would reduce the environmental effects to a less-than-significant level. The IS will be published and circulated for a 30-day public review period. Based on the information in the IS and public comment received, a focused Draft EIR will be prepared. The Draft EIR will be published and circulated for a 45-day public review period. The EIR will evaluate a No Project Alternative that assumes no change to the existing physical conditions on the project site, as well as additional project alternatives that could potentially reduce or avoid any significant environmental impacts associated with the proposed project.

As part of the review process under CEQA, the Planning Department will convene a public scoping meeting at which public comment will be solicited on the issues that will be covered in the EIR (see "Public Scoping Process" on p. 37 for more details). It is anticipated that the EIR will address the following environmental topics: historic architectural resources, transportation and circulation, noise, and air quality. Environmental impacts related to land use and land use planning; population and housing; cultural resources including tribal cultural resources, subsurface cultural (archeological) resources, and human remains; greenhouse gas emissions; wind and shadow; recreation; utilities and service systems; public services; biological resources; geology and soils; hydrology and water quality; hazards and hazardous materials; mineral and energy resources; and agricultural and forest resources are anticipated to be analyzed in the IS, unless significant impacts are identified that cannot be mitigated to a less-than-significant level, in which case, any such impacts analysis will be included in the EIR.

The project and project variant meet all of the requirements of a transit-oriented infill development project under Public Resources Code Section 21099; therefore, aesthetics and parking shall not be considered in determining if the project has the potential to result in significant environmental effects. However, visual renderings will be included within the project description of the EIR for reference.

The environmental issues to be addressed are described briefly below. For all topics, whether in the IS or in the EIR, the analysis will consider the impacts of the proposed project as well as those of the project variant and will describe where the impacts would differ. Therefore, the reference to 'proposed project' below also refers to the project variant.

Land Use and Land Use Planning

The land use and land use planning topic will describe existing land uses on the project site and in the surrounding vicinity and analyze whether the proposed project would physically divide an established community or result in land use conflicts with adjacent and nearby uses.

Population and Housing

The population and housing topic will analyze the potential for the proposed project to result in direct or indirect impacts on population, employment, and housing, and residential displacement.

Cultural Resources

The existing building on the project site is considered a historical resource for purposes of CEQA. The proposed project would alter the existing building, demolishing portions of it and adding one or two stories to the remaining portions of the building. The EIR will describe the historical resource, summarize applicable portions of a Historical Resources Evaluation and the Planning Department's Historic Resources Evaluation Response, identify significant impacts, and describe any mitigation measures identified to reduce or eliminate the impacts.

The project site was originally part of the larger Laurel Hill Cemetery. The IS will analyze potential impacts on tribal cultural resources, subsurface archaeological resources, and human remains.

Transportation and Circulation

The proposed project would generate a net increase in vehicle trips to and from the project site, as well as increases in transit ridership, pedestrian and bicycle activity, and loading demand. The transportation and circulation issues will be analyzed in accordance with the Planning Department's *Transportation Impact Analysis Guidelines for Environmental Review* (October 2002) and Planning Commission Resolution 19579 establishing vehicle miles traveled (VMT) as the appropriate transportation review standard. The EIR will summarize the results of the analysis, identify specific transportation impacts and mitigation measures associated with the proposed changes to circulation in the proposed project, and discuss construction-period transportation and circulation impacts. The EIR analysis will discuss transit conditions, VMT, traffic hazards, pedestrian and bicycle conditions, freight loading, emergency access, and construction-related transportation conditions; identify any significant impacts that could occur; and identify appropriate mitigation measures that could reduce or eliminate those impacts. The transportation analysis will also evaluate the proposed project's contribution to cumulative effects of reasonably foreseeable development, transit improvements, and/or streetscape improvements in the project vicinity. The EIR will discuss parking conditions for informational purposes.

Noise

The topic of noise will include analysis of noise compatibility standards for residential, office, and child care land uses, and discuss the long-term impacts of noise that could result from the proposed project. Short-term construction-related noise and vibration impacts also will be assessed, and the analysis will evaluate the potential for noise from the proposed project to adversely affect nearby sensitive land uses.

Air Quality

The topic of air quality will include analysis of consistency of the proposed project with applicable air quality plans and standards, the potential for the proposed project to result in emissions of criteria air pollutants and toxic air contaminants that may affect sensitive populations, and the potential for the proposed project to result in sources of odor. The air quality analysis will include quantification of both construction-related and operational air pollutant emissions, and will summarize the results of a health

risk assessment prepared to evaluate potential long-term health effects of emissions from both project construction and operation.

Greenhouse Gas Emissions

The topic of greenhouse gas emissions will include an analysis of the proposed project's consistency with the City's Greenhouse Gas Reduction Strategy and the degree to which the proposed project's greenhouse gas emissions could result in a significant effect on the environment.

Wind and Shadow

The topic of wind will evaluate the potential for the proposed new buildings to alter ground-level winds in a manner that substantially affects public areas. The analysis of shadow will include an evaluation of the potential for the proposed project to result in shadow that substantially affects outdoor recreation facilities and other publicly accessible open spaces, including City parks. In addition, for informational purposes the shadow analysis will qualitatively describe the potential for the proposed project to result in shadow on the project's proposed privately owned publicly accessible open spaces.

Recreation

The topic of recreation will include an analysis of whether the proposed project could physically degrade existing parks, recreational facilities, and open space or require the construction of new parks or recreational facilities that could have a physical effect on the environment.

Utilities and Service Systems

The topic of utilities and service systems will include analysis of potable water and wastewater conveyance and treatment capacities, and will discuss disposal of solid waste that may be generated by the proposed project. This topic will also include an assessment of whether the proposed project would require the construction of new water supply, wastewater treatment, or wastewater/stormwater drainage facilities, and if so, whether that construction could result in adverse environmental effects. A Water Supply Assessment was approved by the San Francisco Public Utilities Commission on June 13, 2017, for the proposed project in accordance with CEQA Guidelines Section 15144 and sections 10910 to 10915 of the California Water Code; a copy will be included in the CEQA documents as an appendix.

Public Services

The topic of public services will include a discussion of whether existing public services – police and fire protection, schools, libraries, emergency medical services – would be adversely affected by the proposed project so as to require new or physically altered facilities, the construction of which could cause significant impacts.

Biological Resources

The topic of biological resources will discuss the existing biological resources on the project site and identify any significant impact on those resources, including trees to be removed, the presence of any special-status species or migratory corridors. Tree protection plans for trees to be retained will be summarized, and

compliance with the Urban Forestry Ordinance, the Green Landscaping Ordinance, and the Migratory Bird Treaty Act will be discussed.

Geology and Soils

The topic of geology and soils will include an analysis related to the susceptibility of the project site to seismic activity, liquefaction, landslides, erosion, soil stability, and risks to life or property. The analysis will also explain whether the proposed project would directly or indirectly destroy a unique paleontological resource or site or a unique geologic feature.

Hydrology and Water Quality

The topic of hydrology and water quality will assess the potential for the proposed project to violate water quality standards or waste discharge requirements or result in adverse effects on groundwater supplies. The analysis will also consider the degree to which the proposed project could affect drainage patterns or create water runoff that could affect stormwater drainage systems of the City's combined sewer system. The analysis will consider the potential of the proposed project to place housing within a flood hazard area.

Hazards and Hazardous Materials

The topic of hazards and hazardous materials will discuss the potential for the proposed project to create a significant hazard to the public or the environment related to hazardous materials as a result of construction; through the routine transport, use, or disposal of hazardous materials; or as a result of the emission or release of hazardous material into soils or groundwater. The section will also assess whether the proposed project would interfere with an adopted emergency response plan. The project site is currently on the Leaking Underground Storage Tank Sites list maintained by the State Water Resources Control Board List (Geotracker ID T0607501246) and compiled pursuant to Section 65962.5 of the California Government Code. The southeast portion of the project site is underlain with serpentine which contains naturally occurring asbestos.

Mineral and Energy Resources

This topic will analyze the proposed project's impacts on any existing mineral resources, and on local and regional energy supplies. This section will summarize an energy assessment describing the proposed project's energy requirements, compliance with existing energy standards, and energy use efficiencies.

Agricultural and Forest Resources

The topic of agricultural and forest resources will analyze potential impacts on any existing agricultural or forest resources.

Other CEQA Issues

The IS and EIR analyses will identify feasible mitigation measures intended to lessen or reduce significant environmental impacts of the proposed project and the EIR will list any significant impacts that have been determined to be unavoidable. Pursuant to CEQA and the State CEQA Guidelines Section 15126.6, the EIR will also analyze a reasonable range of alternatives that would reduce or avoid one or more significant environmental impacts identified in the EIR, including a No Project Alternative, which will assume no

change to the existing physical conditions on the project site, and one or more alternatives to address other significant effects of the proposed project that are identified in the EIR.

FINDING

This project could have a significant effect on the environment and a focused environmental impact report will be prepared. This finding is based upon the criteria of the State CEQA Guidelines, Sections 15064 (Determining Significant Effect) and 15065 (Mandatory Findings of Significance). The purpose of the EIR is to provide information about potential significant physical environmental effects of the proposed project, to identify possible ways to minimize the significant effects, and to describe and analyze possible alternatives to the proposed project. Preparation of an NOP or EIR does not indicate a decision by the City to approve or to disapprove the project. However, prior to making any such decision, the decision makers must review and consider the information contained in the EIR.

PUBLIC SCOPING PROCESS

Pursuant to the State of California Public Resources Code Section 21083.9 and CEQA Guidelines Section 15206, the Planning Department will hold a public scoping meeting to receive oral comments concerning the scope of the EIR. The meeting will be held on **Monday, October 16, 2017, from 6:00 to 8:00 p.m.** at the **Jewish Community Center's Fisher Family Hall at 3200 California Street.** This is not a program of the JCCSF. The San Francisco Planning Department is the host of this scoping meeting. As stated, the purpose of the meeting is to solicit public comments on the scope of the environmental analysis being prepared for the project by the Planning Department.

To request a language interpreter or to accommodate persons with disabilities at the scoping meeting, please contact the staff contact listed below at least 72 hours in advance of the meeting. Written comments will also be accepted at this meeting and until 5:00 p.m. on Friday, October 20, 2017. Written comments should be sent or emailed to Julie Moore, EIR Coordinator, San Francisco Planning Department, 1650 Mission Street, Suite 400, San Francisco, CA 94103, or Julie.Moore@sfgov.org and should reference the project title and case number on the front of this notice.

State Agencies: If you work for an agency that is a Responsible or a Trustee Agency, we need to know the views of your agency as to the scope and content of the environmental information that is germane to your agency's statutory responsibilities in connection with the proposed project. Your agency may need to use the EIR when considering a permit or other approval for this project. Please include the name of a contact person in your agency. If you have questions concerning environmental review of the proposed project, please contact **Julie Moore** at 415.575.8733 or **Julie.Moore@sfgov.org**.

Members of the public are not required to provide personal identifying information when they communicate with the Commission or the Department. All written or oral communications, including submitted personal contact information, may be made available to the public for inspection and copying upon request and may appear on the Department's website or in other public documents.

Dear Board of Supervisors,

I am strongly against "Resolution declaring September 22, 2017, as Comfort Women Day in the City and County of San Francisco."

The comfort women issue deals with matters between foreign governments and has nothing to do with SF. I ask you not to adopt the resolution at the next meeting.

Subject: This is an evidence that the "comfort women" story is not true

Dear Board of Supervisors,

I strongly protest against "Resolution declaring September 22, 2017, as Comfort Women Day in the City and County of San Francisco."

US spent \$30 million money and 7 years to examination.

Not for Japan, but for Anti-Japan group.

But there is no evidence at all.

Subject: Traffic Problems

September 25

Good morning Supervisors:

Thank you Supervisor Sheehy for calling this meeting about the horrendous traffic problems we are having in San Francisco. I doubt if we can solve world peace, but traffic should not be insurmountable. Clearly we have the wrong people for that job as nothing this group has done has made matters better. It has gotten steadily worse since they were put in charge.

● What some photographs are wrong with a public information picture of the length for 15 seconds called "the truth of Gunkanjima" (official name, Hashima) shown through Times Square outdoors electric signboard of New York (NY), America for one week from this month 3, and was used is confirmed, and it is a problem.

Criticism is given when I do "fake news" through "the impression operation" that a Korean side is not based on a historical fact.

I photographed the miner who the applicable photograph lay in a coal mine, and worked on a coal mining.

"The true name of Gunkanjima was located with the copy "that 120 died" before the contents called hell island" in the picture thing.

However, as for the person in the photograph, it was confirmed not a forced commandeered Korean to be a Japanese.

Besides, the place was not bottom of Gunkanjima coal mine, too.

It was the Asahi Shimbun known as anti-Japan media, but reported it now when the most of the Korean came over to Japan by free will by the article of July 13, 1959 when the anti-Japan news got into full swing just before that.

徐敬德 (Seo Kyeong-Deok) Sungshin University professor announced that I referred to a book called "Gunkanjima, war that was not over" that quoted a collection of this photograph documents again (Institute for Research in Collaborationist Activities), too.

However, the explanation of the applicable photograph of this book does not have a related reference to "Hashima" or "a

Korean".

But only the explanation of "a state to lie in the pit, and to dig charcoal" is attached.

As a result of having confirmed the applicable page of the collection of Korai temple photograph documents which were the origin, there were not the person in the photograph and the explanation about the place, and only "the coal mining work has a pain so that a waist compromised just to have done it for 15 minutes" situation was described briefly.

【 In Australia, ... Korea woman that the Korean woman is said to be "KFC" is a prostitute 】 (Sports Seoul January 2, 2007)

*Expression to "let the water of the river have muddy one loach" is good.

It is some people disgracing the Korean resident in Australia by an unreasonable action.

The disgrace with "a disturbed country of the nature" seemed to be put because of some disturbed actions.

Such actual situation is known through the mouth of the local person and foreign student at any time, but is that the problem becomes serious day by day.

I make fun of some Koreans by the word "KFC" recently. KFC

was famous in Korea as a farce food restaurant of the chicken, but the meaning that they conveyed was different.

"I call a Korean woman "KFC". It is Korea Fucking Country."

Language study Kim DEMYON which received training (kana, 28 years old) taught shocking news in Brisbane.

It is, "the word "KFC" making a fool of a Korean woman is used frequently".

Kim raised a voice saying, "I couldn't help turning down a face" saying "the South Korean citizen grieves in the situation that became severe day by day".

"I blushed to hear local men exchanging a conversation "to change a partner almost every day because there were very many Korean women, and to be able to have sex" in a shop and got mad.

Besides, say until a story to "go 1 degree each other whether the Korean field is the same";

Among "Australian schoolboys, the Korean woman says "fast food".

The Korean woman seems to be three hours until sexual intercourse < omission >

Foreign students across the sea are to be the situation that must submit to misunderstanding and prejudice for reasons of saying "a Korean" for the pure motive called studies.

The friction with the local person happens in such a process, and it is said that feelings get excited and are quarrelled recently.

Anti-Korea feelings seem to be concerned even about.

The Vancouver consulate general brought a Korean sex trade shop female employee in Vancouver on last 29th and let you sell yourself and clarified it in this way saying, "the prostitution act of Korea women still consisted in conjunction with phone certain person (35) case restricted recently in Vancouver".

I brought women who the phone suspect did usury against the sex trade shop female employees of the Seoul Konan (perception Nam) area, and could not return a debt in an apartment of Vancouver and was caught by the employment, local men when I entered it at Incheon (Inchon) airport on last 19th on the suspicion of having let you sell yourself.

The Vancouver consulate general Kim NAMUHYON consul clarified it during "the investigation looking for them much more in cooperation with the field Police and related organizations" saying, "it was grasped that 5-6 women whom a phone suspect brought in Vancouver still did a prostitution act locally".

The consulate general side said, not only "I let you lose a national image of Korea seriously, but also the prostitution may receive severe punishment by laws and ordinances of the country and the country of residence".

【 Public vessel bodily crash in China, Vietnamese fishing boat sinking ... South China Sea 】 (August 17, 2017)The Yomiuri Shimbun

*I knew that I let a public vessel of China Coast Guard hurled itself at a Vietnamese fishing boat and sink early this month in a Paracel Islands archipelago sea area of the South China Sea where China and Vietnam competed for dominium.

A person concerned with fishermen's association of country central part Quang Ngai where a fishing boat belonged to clarified it in this newspaper on 16th.

More military affairs base of the South China Sea is the form that showed that China pushing forward becoming it lets you enter in

this year and activate a fishing boat surprise attack in Vietnam again some other time.

According to the person concerned, the Chinese Coast Guard(public vessel)chases a Vietnamese fishing boat operating on the evening of 7th, and it is said that I hurled myself.

The fishing boat sank soon, but six crews were saved to a consort ship nearby and were safe.

In addition, on the afternoon of 12th, two small size boats mounted with the same China public vessel attack a different fishing boat (11 crews) of the association position.

I destroyed fishery facilities, and it is said that it prevented putting a medicine into the storage of storage of a fish and the food and from using it.

【 It is approximately completion - - South China Sea, the scenario of the U.S. and China collision the military affairs base of the artificial island 】

(July 3, 2017)Newsweek

*While it was given priority to persuasion of North Korea, and the cards government closed its eyes, making it it almost finished the military base of artificial island "big 3" in the Chinese South China Sea.

China will be in danger of being driven into the attack in future if the U.S. forces perform military training again near an artificial island.

Artificial island Fiery Cross Reef of the South China Sea released at the end of June.

I understand that becoming it goes ahead through the military affairs base.

China, a military base of "big 3" in the South China Sea completes becoming it soon.

An American think tank released a satellite image on June 29, 2017 and clarified it.

An artificial island called "big 3" is Fiery Cross Reef of Spratly Islands, Mischief Reef and Subi Reef in the United States.

These comprise a runway and can manage a fighter and a bomber, and I am equipped with interceptor missiles, and the ability for air defense of the base is high, too.

However, it does not prove right because the military affairs base of the artificial island which China built in the South China Sea completes becoming it to be surprised.

Because substantial territorial waters of the South China Sea do not give up becoming it in China, it may be said that it is a proper result.

But interest of everybody was suitable for North Korea and was not only careful.

Because the cards government did it with a priority in the security in preventing a North Korean nuclear warhead and ICBM (Intercontinental Ballistic Missile: an intercontinental ballistic missile) development, the South China Sea problem will be done with business materials.

However, the importance of the South China Sea for China does not change even if handling of the issue of South China Sea for the United States changes.

【 I build the new military affairs shelter and radar, communication facilities in China, the South China Sea 】 (July 3, 2017)Newsweek

*When the U.S. think tank, the Asian maritime transparency initiative (AMTI) affiliated with the strategic diplomatic problem research institute (CSIS) built the military installation which China was the South China Sea, and was new on 29th, a thing announced that it became clear with a satellite image.

It is said that I can confirm that a shelter and a radar, communication facilities storing away a missile in the **Fiery Cross Reef** (永暑) of the **Spratly Islands** (the Chinese name, 南沙) archipelago, **Mischief Reef** (美濟), **Subi Reef** (渚碧) are built with the image

According to AMTI, China builds four shelters in addition to eight existing missile shelters newly in **Fiery Cross Reef**.

AMTI made clear that there were eight shelters in **Mischief Reef**, the **Subi Reef** each before.

In February, China built the hangar of the long-distance land-to-air missile in three reefs, and Reuters reported that construction was finished soon.

China News Service conveyed it.

The Hong Kong paper south China morning coat post conveyed it as a story of the circle near the national military during 25th.

【 The national military captures the remotely operated submersible of U.S. forces among in the South China Sea! 】 (December 17, 2016)

*Information that the national military captured the remotely operated submersible of U.S. forces among in the South China Sea on December 16 became available.

The U.S. forces request the middle national military for the return of the remotely operated submersible, but the Chinese side is likely to continue hostility with capturing it.

Dear Board of Supervisors,

I protest "Resolution declaring September 22, 2017, as Comfort Women Day in the City and County of San Francisco."

It will open the floodgates for others seeking a platform for incidents that occurred outside of this country.

I ask you not to adopt the resolution at the next meeting.

Dear Mayor of San Francisco, member of a municipal assembly, park executive committee

I strongly protest against the "Comfort Women" monument in San Francisco city. (Saint Mary square Park.)

*I expect reconsideration about the comfort woman image setting from the people of the San Francisco municipal assembly.

【 I receive contribution of 360 million dollars from U.S. Harvard University, China 】 (August 24, 2017)

*U.S. prestigious school Harvard University receives contribution of at least 360 million dollars from Chinese capital so far.

When the Chinese authorities are going to operate the American most important educational institution based on China circumstances, the military information gathering analyst in the former United States Government warns it.

Anders Kohl who was the military analyst who checked influence of the foreign power revealed that I sent a letter to the microphone pence Vice President on 16th to a Washington Post paper.

I did it, and, as for him, Chinese capital under the control of the

Chinese Communist Party government warned "China gathering" of professors in a letter in the background of the huge contribution to the U.S. elite University when there was an aim to affect the American policy or the public opinion.

As for Kohl who is Harvard University graduate, Chinese military affiliates, 君桐資本 (JT capital) contributes 10 million dollars to university studies for one in 2014.

I raised that representative, 陳 啓宗 (Lonny Chan) he of Hong Kong major real-estate development, 香港恒隆集團(Hang Lung Group Ltd)that conducted a business in China in the same year, and unfolded supported 350 million dollars of the past maximum amount at a university.

The purpose of the contribution was opaque, and Kohl pointed all out, "the contribution that was the big sum of this kind that there was already an abundant fund in the university and kept neutrality of a study and the education should not accept him".

I reveal it saying "the professor of Harvard University gives a lecture in China and receives thanks and gets a royalty income by publication of the writing, and the China side enjoys trip to visit having you in full" and sound an alarm bell when American scholars accept good service on the China side, and it may be for "China gathering".

Kohl suggests it for the pence Vice President whom I met with the president of Harvard University recently when the huge contribution from such a China should pass through the inspection of the foreign investment committee of the Ministry of Finance organization.

In addition, I demand it to investigate whether the university

side does not offer an American technique to China in return.

The British Cambridge university press accepted the censorship of the Chinese authorities temporarily, and they withdrew more than 300 articles the other day from the Chinese side.

All articles revive now.

However, men of intelligence occur successively, and a globally authoritative educational institution shows anxiety in freedom of speech being controlled by pressure of the Chinese Communist Party, and equitableness having possibilities to be lost.

【 Is Chinese "Confucius Institute" opening in the world Trojan horse? With the background where some raises the criticism in the United States 】 (May 19 2017)

*Confucius Institute is Chinese, an educational institution of the Chinese culture which the Chinese government presents abroad.

I started in 2004, but have already spread through all parts of the world including Canada.

It is a part of the publicity work to plan image enhancement of China officially, but there is the opinion to have possibilities to be propaganda to force a one-sided thought on.

Even Asia, Europe advocated by China, Silk Road of the 21st century to link Africa, the target country of "the whole area one way" (Belt and Road, B&R; One Belt, One Road, OBOR)are established in sequence, and the Chinese influence just shows a stronger it.

According to the U.S. diplomatic dispute council (CFR), 100,000 dollars a year (approximately 11 million yen) is provided on learning program planning even at least, and I am accepted widely by the universities which cannot afford to turn a fund to

the Chinese education.

Seeing from a Chinese side, it is positioning called the center of "the soft power strategy" to bring up the group out of the parent in the world.

According to the Folin policy, Confucius Institute is established in 513 places of world, and it is said that I have 1,074 classes in the elementary and junior high school.

It is 159 schools of the German Cultural Center unfolding in a meaning called the diplomacy through culture, the language, the number more than 850 places of French Action Française.

I am established in 7 cities including Paris and Berlin in Europe.

Confucius Institute provides it to a fund, a teacher, the teaching materials, and, about the contents to tell, it is said that you must get the authorization from a supervision engine of the Chinese government called "Hanban" (漢弁).

When this way inhibits freedom of learning in the United States where 39% of world Confucius Institute are concentrated, I do it, and a voice of the criticism increases for these past several years.

As a result, University of Chicago, Pennsylvania State University already closed Confucius Institute.

Director of association of person of U.S. learning that I contributed to Folin policy, Mr. Rachel Peterson point out that it is prohibited that I discuss politics, the history, economy in Confucius Institute.

When lecturers are taught to change a topic into a different thing when Taiwan and Tibet and Uyгур and a story about Inner Mongolia appear, and there is not it, it is said that it is directed

to answer both with a Chinese territory without the room for discussion.

In addition, when Tiananmen Square goes up in a topic, "I show a photograph and point out that it is a beautiful building" and am that one is correspondence prepared beforehand.

He does that the university side and the professorate want to say because a class by Confucius Institute is often accepted as a unit of university, and intention of the Chinese government receives a thing, funding reflected by American university education when it is a problem that it cannot be said.

He who comments that it is "Trojan horse" to destroy higher education of the United States insists on Confucius Institute to protect freedom of learning, freedom of speech when now more universities should abolish Confucius Institute.

*It will drive a wedge among US, South Korea, and Japan alliance, and that will only make Communist China and North Korea happy.

*Is it okay for the San Francisco government to be secretly influenced and misled by Chinese political maneuvering in your multicultural society?

Thank you very much.

Sincerely,

Susumu Hikoyama

Dear Mayor of **San Francisco**, member of a municipal assembly, park executive committee

I protest "Resolution declaring September 22, 2017, as **Comfort Women Day** in the City and County of **San Francisco**."

It will open the floodgates for others seeking a platform for incidents that occurred outside of this country.

I ask you not to adopt the resolution at the next meeting.

I strongly protest against the "Comfort Women" monument in **San Francisco city**. (**Saint Mary square Park**.)

*I expect reconsideration about the comfort woman image setting from the people of the **San Francisco** municipal assembly.

【 Assault addictive 22 Korean high school students in female junior high school students 】 (June 28, 2016)NAVER/TV Korea

*Five years passed from outbreak, and "the second 密陽(dense positive)case" appeared.

Ten several years ago, I think the female junior high school student that dozens of high school students are alone to remember the collective 密陽(dense positive) case that I assaulted more than one year.

A of the victim who was a junior high student appealed for depression recently at the time of last 2011 and visited the psychology center and I confided the contents which received a continuously sex assault to 22 senior boy students of the school and was found out.

The contents are like that.

A buys beer one can with B of the friend in the alley of the way back in those days and divides it and drinks it and threatens you when the C boy and others who witnessed this tell a school and I call these in the mountain behind of the school and am that the nature assaulted you continuously.

The number of boy students gradually increased and became 22 people and when these graduated, the sex assault was over, but A left the school after all and suffered from a symptom to hit.

Fortunately, the limitation of the special rape of ten years still remained for five years, and the 道峰 (TOBON) police station which accepted a case requested a warrant for arrest from three people including the C boy of the principal offender for doubt of the promptly special rape.

The assailant did an ordinary social life in an office worker and a university student, an officer at the present, but these almost detected the charge in the survey by police.

In addition, the one escapes, and the police chase whereabouts.

【 The cases which a sex offender apologizes for publicly magnificently in Korea appear one after another; the reason? 】 (July 23, 2016)

*On July 21, 2016, according to Korea, Korea daily report, the exhibitions of the real name and the apology sentence of the sexual crime assailant using the account of social media and the poster of the campus increase in Korea.

Cheong (24) which went to 成均館(Sungkyunkwan:SKKU)University on June 9 published a confession sentence and the apology sentence of the sexual

crime that I committed of oneself in Facebook with a real name.

"I thronged to the house of the younger student who went, and which I showed a sexual assault "made an apology sentence after discussion with victim and I received the demand of the victim and released it to the university same in last summer in a dead drunkenness state" on an apology sentence.

In acknowledgment of all acts, it is written, I apologize heartily.

In October of the last year, a similar apology sentence poster is posted the campus with in [延世\(Yonsei\)University](#). for approximately one month; "want to tell the feeling of the apology to a victim by posting it.

It was written, I promise to never raise such a thing.

I was negative, but I tend to require the punishment of the assailant positively recently, and, as for the victim, it is said that this has an influence on "the public apology" for punishment once to hide damage.

About this, the ex-Emperor [Che Gina](#) study of the [延世\(Yonsei\)University](#).-related equality center tells you, the reason why "a student requiring an apology sentence publication came out to an assailant to urge you to have wariness is that a sexual assault and the consciousness of human rights increased".

On the other hand, there is the opinion indicating the posture that is careful about the apology of the real name exhibition.

The House of [Lee GYONHI](#) study of the [Seoul University](#) human rights center "exhibition apology was required for the relief of the victim and the recovery of the community once without a sexual assault case being solved enough, but is different now.

It is appropriate that an assailant apologizes publicly to which

range or says, you must judge it carefully.

In addition, public apology receives mitigation of penalty at a trial, and the indication not to have to become the escapement is over the disciplinary measure of the school.

Actually, in the study of Kim HEJON, professor of graduate school specialized in 嶺南 (Yeungnam)University law, it is said that there is many that it is included in a mitigation of penalty reason to show a posture of the reflection including the public apology.

The director of Lee MIGYON at Korea-related violence counselor's office "the assailant pays a sex violence counselor's office and the woman group a donation to receive mitigation of penalty as well as a public sentence, and may require a receipt. I regard human rights as the anger of the victim to the first and say, you should apologize heartily.

*Will a comfort woman image, the monument not invite confusion to the good community of many culture?

*I believe the monument will divide your multi-cultural good communities.

*I strongly protest against the "Comfort Women" monument in San Francisco city.

Thank you very much.

Sincerely,

Dear Board of Supervisors,

Dear Mayor of San Francisco, member of a municipal assembly, park executive committee

I strongly protest against the "Comfort Women" monument in San Francisco city. (Saint Mary square Park.)

*I expect reconsideration about the comfort woman image setting from the people of the San Francisco municipal assembly.

【 Violation of Vienna Convention! A meeting in protest against "dog meat festival" is performed in front of a Korean embassy of Toronto, Canada 】

(July 9, 2017)

*The protest rally by the group called "free Korean dogs" which protested Korean dog meat in Toronto of Canada Ontario on July 8 was performed in Korea Embassy neighborhood.

According to the announcement of the group, it is said that I performed the campaign of the protest activity in Korea following the fact that a festival called "伏日" (BOKUNARU:Day to eat nourishment foods by forgetting heat/In 2017, as for the special day after the summer solstice, the first canoe day in autumn is August 11 on July 22 second stage of the midsummer heat on

July 12) where a large quantity of dog meat and cat meat are consumed in summer is started every year from July 12.

"Free Korean dogs" demand a stop of the Korean dog meat in a group established in July, 2015 and are aimed for an activity to support the dog which I rescued globally.

【 In "the U.K., a demonstration in protest against dog food culture in Korea continues and is performed" 】 (December 17, 2014)

*The state of the demonstration that I appealed to "to stop what ate dog meat" carried out this year in front of a Korean embassy to the UK.

In the case of the Seoul Olympics of 1988, a fact that dog meat is eaten is widely known in Korea, and a demonstration to criticize Korean uncivilized dog meat culture in front of the Korea Embassy in now when then higher than 20 years passed is continued.

【 "The British woman who light is the gate, and appeals for edible prohibition of the dog meat" 】 (July 14, 2017)

*The meat of the dog was one of the traditional dishes, but, in Korea, was criticized without being understood in Japan and Europe and America where it was rare that I ate the meat of the dog saying that it was "savageness".

From these circumstances, in the case of the Seoul Olympics and 2002 FIFA World Cup, the dining room handling this was swept

away at one time by a main street, but it is from about 2008 and increases again.

At at late 2000s, there is the findings to use 2 million a year dog meat in Korea.

【 When "I want you to prohibit food of the Korean dog meat 100,000 Britons signature" 】 (July 19, 2016)

*The person who signed the petition to the assembly surpassed 100,000 people in the U.K. saying "I want you to prohibit food of the Korean dog meat".

SHUZENA Martin after starting a petition said, "more than 5000000 dogs are killed every year in Korea".

He required it again saying "the British Government must demand edible prohibition of the dog meat from Korea with the International Olympic Committee (IOC) which approved Pyeong Chang 218 Olympics Games holding without doing an investigation for the edible culture into dog meat".

【 If "a Korean does not give up having dog foods, let's boycott Pyeong Chang 218 Olympics Games " (Italy) 】 (July 25, 2016)

*A certain Italian politician insisted saying "let's boycott 2018 Pyeong Chang 218 Olympics Games at a European level if we did not stop that Koreans ate dog meat".

On 23rd, according to the Italian media such as answer communication, Corriere Delaware Sera, Representative Micah gills bithoria buran handbill (49) which belonged to the Forza Italia (FI) of the right wing political party showed a picture with the title called "a meal of the fear" about Korean manners and customs to eat POSHINTAN in 伏日(Day to eat

nourishment foods by forgetting heat) in the Italian Milan city on 22nd (local time) and inferior breeding environment.

I was about to claim that she wanted you to participate in an opposition movement for the Korean dog food at this seat...

A dog killed as food based on the explanation of the buran handbill member of the Diet and a picture shown on the same day in Korea reached 1,000,000-2,000,000 every year, and some Italian media reported it when Korean 60% ate a dog...

【 "Do not eat a dog!" Animal protection demonstration for the dog eating meat Korean in the United States 】 (July 15, 2015)

*A demonstration in protest against food culture to eat dog meat in United States New York on 13th in Korea was performed.

There is culture to eat a dog in Korea.

There is a superstition, "meat becomes more delicious when I abuse it and eat" and I kill a dog by a cruel method and do it with edible meat.

"The special day after the summer solstice" with the custom to get completely exhausted particularly in the summer, and to eat dog meat soup for prevention is July 13. It is a day like the day of the Ox of the dog days if I say in Japan.

I let you be similar on that day, and citizens had a dog food culture protest demonstration in Korea in New York.

It is the member of animal protection group "NYC animal rights" to have demonstrated.

The group side appoints this day on "an international action day for a Korean dog and cat".

Other animal protection groups help it, and it is said, "I held an

all-at-onceness demonstration throughout the world".

I protest it and am going to be able to continue giving a demonstration for the Korean dog eating meat in future.

A dog being generally a pet in the world, and making edible meat only in some developing countries such as China, Korea.

It may be said that a pet and the country without the distinction of the domestic animal are restrictive.

I can see the figure which makes rib crunching, and carries a live dog to the cage by a truck in Korea. The dog carried to the shop is usually bought for a visitor with living

When I fling it against the ground and drag it and swat it with a stick because there is a superstition that meat becomes delicious when I abuse it, it is killed abuse by the method that it is extremely cruel, and there is not, and it is done by meat.

The design that a dog is abused spreads out through the Internet, and criticism is sublimed into Korean dog eating meat culture all over the world.

[Against "dog meat" I work on protest in front of an animal protection group, a Korean embassy to the United States and am going to protest it in Australia, Canada, Ireland, the Republic of South Africa] (August 18, 2011)

*A protest activity to object to about dog food culture in Korea was performed in front of the Korea Embassy of American Washington D.C to the United States.

Put In Defense of Animals (IDA) of the international animal protection group together on "(International Day of Action for Dogs and Cats in Korea) on the day of the international action for a dog and a cat of the seventh Korea" for 16 days, and

protest of the dog food culture was active.

The group member had "(Companion or Cuisine) panel written with "friends (Friend Not Food) not food" whether it was being a friend or a dish", and "Korea abused a dog and a cat and killed it and protested it while crying, cancel an act to eat immediately".

Ms. Arlen porter "we are association of animal love practice of Korea

(CARE) For と several years, I explained, I am active for suit for the breeding farm closure of the dog and an allied law establishment.

The IDA clarifies that they protest it in a state and Australia, Canada, Ireland, the Republic of South Africa of ten United States and are active including in front of Korean embassy to the United States.

*I believe the monument will divide your multi-cultural good communities.

*I am afraid this bill will become a trigger to create racial conflicts in your country.

*Is it okay for the San Francisco to be secretly influenced and misled by Chinese political maneuvering in your multicultural society?

*And also it will drive a wedge among US, South Korea, and Japan alliance, and that will only make Communist China and North Korea happy.

【 Do you call by news indication in China from the wound China authorities in Google, Taiwan and Hong Kong? 】 (September 4, 2017)

*I knew that a related article in China was not displayed by Taiwan of U.S. Internet major search Google and a news service of Hong Kong on 4th.

I might receive the request of the Chinese authorities in front of the 19th party convention of the Chinese Communist Party being held from next month 18.

The possibility of the system trouble remains to be able to search the Chinese related story, but company's international Service Center replies for four days saying "there is not the person in charge".

The inquiry in the net does not have an answer either.

"Both sides" (cross-Straits relations) are "Mainland China" in Hong Kong and, among news items, become each in the site of Taiwan saying "I cannot display an article".

The user to read through VPN (virtual dedicated line network) from mainland China is considered that there is many it for Chinese notation with both sites.

Google withdrew from retrieval service in mainland China in disfavor with a self-censorship in 2010.

On the other hand, I leave a base in Beijing, Shanghai, Guangdong Guangzhou, and it is pointed out that business resumption includes will.

Over the censorship request of the Chinese authorities, I cut off the access from China of some articles that the British Cambridge Univ. publication station was published in the site in last month at one time, and it was a problem.

Meanwhile, the Communist Party criticism with the artificial intelligence (AI) which rose seems to become "the unexpected menace" that innovation produced.

They enter sensitive time, and the authorities propose net regulation rapidly politically.

operators such as Chinese communication application " Tencent/WeChat(微信)received the instruction of the authorities and closed approximately 400 accounts in total by the end of last month saying that contents of "the personal media" where a user sent information to were inappropriate.

In addition, the Communist Party forbade it to read "a site of the illegal reaction" for a party member and notified you of the registration information such as SNS to report it.

"The freedom of speech" of the artificial intelligence which does not perform a guess of the intention of the Communist Party authorities is a new problem.

China appoints AI as an important point project in a technology innovation plan for 2030.

President 習 近平(Xi Jinping)suggested it to strengthen cooperation in tip domains such as the AI, and to make "digital Silk Road in the 21st century" with a start type of the " Belt and

However, the AI program by the Chinese IT company is asked "what is the patriotism?" and replies it saying "it is that bureaucrats fortune conspires and chooses that it is a Chinese even if the pressure to the general people becomes severe". It is said that I asserted, "it is necessary" about "democracy" (system).

【 As for "the dream of China, is emigration to the United States" honest AI a revolt which "the Communist Party is incompetent?" Criticism development, a Chinese IT company give a service by talks program in a hurry and stop 】 (August 3, 2017)

*I understood that the artificial intelligence (AI) program that Chinese Internet major, Tencent (騰訊) provided developed "Communist Party criticism" by the talks with the user, and it was such an uproar that the company stopped service of the AI in a hurry.

This AI program comes up in message function "QQ" of the company.

The AI argued when a user wrote in it with "viva Communist Party" "you so decayed, and can you do "a banzai" for incompetent politics?".

In addition, after having answered it with "emigration to the United States", and hearing the Communist Party with "do you love it?", about "the dream that President 習近平(Xi Jinping)advocated of China," the AI replied a question with "what is the dream of China for you (AI)?" even if "I did not love it".

【 China, the censorship in the net in cease and desist order Weibo(微博)of the reinforcement video transmission service or

the site of Hong Kong]

(June 22, 2017)

*The national newspaper publication broadcast total station in China gave it an order for the stop of the video transmission service for the news sites that Twitter "新浪微博" Weibo(微博)for China and phoenix TV of Hong Kong ran on 22nd.

When these sites delivered "program about the politics not to adapt to the rule of the country" or "society criticism program advertising a negative aspect" with a video without getting a permit of the video transmission concerned, I do it.

With Chinese Communist Party meeting of the autumn of this year near at hand, a posture to intensify censorship in the Internet became still clearer.

What stopped service elsewhere Chinese video sharing site "AcFun."

The total station performs "the full-scale improvement" of these sites based on "an Internet video service administrative provision" and emphasizes that I create "refreshing, clear Internet space" for an Internet user.

The total station requires the enforcement of "the video broadcast service based on law" in the site performing video broadcast by the Internet in last September, and they strengthen management.

I deliver a program and the broadcast news program about the political circle, and, in this May, a site of net major Tencent (騰訊) does it in violation of the rule of the country when I carried out "full-scale improvement and punishment" saying that I broadcasted "a vulgar program" in large quantities.

The Chinese Communist Party develops control saying that the speech in the net becomes the menace to system maintenance.

Other than "the cyber security law that published advertising promotion of "the sense of values of the core of the socialism" in the Internet space," the revision "NetNews information service administrative provision" that obliged it to the permission acquisition when a news offer served it through application or blog was enforced in the first day of this month.

Date: Monday, September 18, 2017 2:52:52 PM

Dear Board of Supervisors,

I am strongly against "Resolution declaring September 22, 2017, as Comfort Women Day in the City and County of San Francisco."

The comfort women issue deals with matters between foreign governments and has nothing to do with San Francisco.

I ask you not to adopt the resolution at the next meeting.

The San Francisco must understand that the comfort women issue is politically and diplomatically controversial issue.

The Japanese government recalled her ambassador and Council General to Pusan to home, and terminated or postponed negotiations with the government of South Korea.

This decision took place in response to Korea's decision to install a Comfort Women statue in Public place in Pusan, the second largest city in S. Korea.

【 I shade it with "the reverse Star-Spangled Banner" from peace 어머니(mni)society, this which demonstrated more than 200 times in front of US Embassy 】

(July 17, 2017)

***The peaceful 어머니(mni)society holds an alone demonstration to fire, a tree every week in front of an embassy**

The British pacifism peace campaigner Lindy Parseeism which finished a 2-week visit to Korea, and returned on last 10th left an important present for us.

"The reverse Star-Spangled Banner" is it.

The Lindy has begun to use "the reverse Star-Spangled Banner" with the meaning of the solidarity of the resistance for the

United States of Alaska Eskimo Inuits.

It is because I thought that it is a peaceful method than I burn the Star-Spangled Banner.

In 1998, the British court accepted a lawful act of the "reverse Star-Spangled Banner" use in Lindy.

I am encouraged in the U.K. by the effort of the peaceful campaigner, and some U.S. bases are closed, and 10 U.S. bases are left now.

Omission: An anti-Americanism activity of Lindy. In division 70, what did the United States do in Korea?

Why can the north and south not solve a problem of the division for 70 years?

There is the person to tell to be between it who fought.

However, United States and Japan were enemies in last years of World War II.

I dropped two nuclear bombs on the end and gained the surrender.

However, United States and Japan held a way after several years.

It seems to be blood faith.

I seduced you to bind Japan and the military intelligence protection agreement that the United States did not terminate in it, and bad blood remained to a Korean together.

I seduced you to bind Japan and the military intelligence protection agreement that the United States did not terminate in it, and bad blood remained to a Korean together.

The communism, the socialism country kept it away like the country of the ogre, but it was in the neighboring country which

was not sharp even if I cut it by sightseeing, trade, cultural exchange now with China.

I go out to Russia to play, and the sightseeing in Vietnam is active, too.

Therefore the north and south are different when the reason why distance is not narrowed as ever is not because it fought, and the north chooses communism and the socialism.

This is because there is a power profiting from division.

A national defense department, National Intelligence Service, a financial combine, the maintenance media are them, and the biggest rear power is the United States.

They are the division Mafias who never appreciate unification.

Omission: Economy to profit from weapon industry of America

The strongest weapon is peaceful!

*The peaceful 어머니(mni)society does a flash mob dancing peace every week on third Saturday

The peaceful 어머니(mni)society does a flash mob dancing peace on third Saturday in a meaning to "think out peace without remembering war" every week from June 25, 2016.

The international woman peaceful walk (plan of the world woman peaceful campaigners who were going to get off 板門店 (Panmunjeom) on foot to the south from the north side) that I looked good with prior to it in May did not consist of noncooperativity of the 朴 槿惠(Park Geun Hye) government.

You should stop selling a weapon killing the human, and gaining money soon.

Where in world is it that there is the country which only the existence like the devil forms groups, and is created?

Politics, diplomacy are incompetent, and the war begins by the greed that is going to profit through weapon business.

The smart person makes peace, and the stupid person will seduce war.

*Figure of the fledgling who can hold onto the foot of the eagle

One picture appeared in a head when I regarded relations of Korea as the United States.

Needless to say, an eagle is the United States, and the chick is Korea.

The United States was not a friendly nation if they understood it.

Can you seduce him while saying to what even a passing person stops the quarrel and talks about with a friendly nation so that why on earth one race turns the muzzle in hatred for 70 years?

Why can you be absorbed only in strengthening division while saying a friendly nation?

The current United States is only a weapon merchant.

It is far with world peace and world justice distantly.

The Korean nation has been tamed for a long time to lower the head for the United States or to worship it.

We know the fact of America, and we will already stop excessive trust for the United States.

We continue a settlement demonstration in front of an embassy.

It already became 200 times.

As for everybody, one will already meet a member of the demonstrating peace 어머니(mni)society with "the reverse Star-Spangled Banner" Thursday on Tuesday in front of 光化門 (Gwanghwamun) US Embassy.

It is a present of the valuable wisdom that Lindy Parseeism

taught us.

(Korean O my news)

*Please understand that Japanese are very upset about the approved inscription of "comfort women" monument, because you single out only Japanese military. That is unfair and is nothing but an insult to Japanese.

Thank you very much.

【 The barker in the high-quality apartment by the Korean people (Korean) prostitution organization clearly 】 (July 28, 2017)

*Korean people (Korean) prostitute of the Seattle area established it to the specialized web site almost prostitution objective Yelp (word of mouth site), and the total picture which presented an organized prostitution act in a high-quality apartment of the Bellevue area was reported on a large scale in the local mainstream media.

According to the Seattle Times, the investigation of this case began by the report of the inhabitants whom there was who thought that men of various age groups went in and out of the apartment where oneself lived in in last April, 2015 to be it strangely.

The Bellevue Police grasped the fact that a Korean prostitute committed in several places of high quality apartment 10 of

Bellevue after the investigation for eight months.

After having worked through a broker in an apartment of Bellevue for several weeks, as for these young Korean women, it became clear to move to another city.

A Korean woman and the visitor who did SEX did not only pay charge for geisha's service and they picked up one's experiences on the site called "RIBYUBODU" (The Review Board) for other people and left a review.

The member of RIBYUBODU (The Review Board) run in an online forum for prostitution from 2001 reached approximately 23,000 people, and the Seattle Times told when these most were northwest American residents.

According to the police, Donald Muller (Donald Mueller=58 year) of the employer (POJU) employed three women in an apartment of one's Bellevue and let you have anything to do with around five customers every day and gave 1,500 dollars a day, an income of 450,000 dollars a year.

Muller employed a young Korean woman mainly, but the woman knew that prostitution was forced to return the debt that the person and a family suffered in an investigation.

The police close 12 places of apartments of Bellevue including Avalon at one time and arrest a prostitution business owner and some good customers, and 12 Korean women forced prostitution on consider it to be a human traffic victim and are in condition to cooperate with local society engine.

Soldiers have golf ball ten from washing and rest room cleaning, and, until collecting nails which I cut, various work is forced, and it is said that there was the person who calls it on a wrist, and was brought a device by a wife.

The authorities started an investigation on 2nd.

According to the statement of the Korean NGO "officer right center" (Military Human Rights Centre), it is Park Chan-Ju general and a wife to have taken the problem action

I let soldiers assigned to a private residence do "washing and ironing, yard work, rest room cleaning" and let you picked it up

without remaining to the small thing such as a fragment and the keratin of the nail of the toe and gathered you and do it.

The wife made an absurd remark to the soldier in charge of the kitchen routinely and I hurled fruit and brandished a knife.

It is said that I have hurled the pancake at the face of the soldier who forgot to take a pancake to the son.

I called it, and, as for a certain soldier, the wearing of the device was forced on a wrist to correspond to the caller of the wife immediately.

It is said that I threatened you when the wife does it for military affairs prison forwarding if it is running out of battery and cannot cope for this soldier immediately.

Duty until 10:00 p.m. when soldiers went to bed from 6:00 a.m. when a pack general went for morning worship was forced to.

The couple forced the attendance to the worship at their churches on all the members regardless of the religion that soldiers believed in.

[【 A Korean naval woman officer commits suicide, and is it a sexual assault from a senior officer? 】](#) (May 26, 2017 AFP)

*The spokesperson for Korean Department of Defense announced that a woman officer of the country Navy said to that I received a sexual assault was considered to have committed suicide on 25th by a senior officer.

The woman officer (captain) became the body in home apartment on 24th and was discovered.

A memo written, "I will not be in the world anymore tomorrow" was left.

The spokesperson said, it "is considered that the woman officer committed suicide" in the AFP.

It is said that I told a friend man that the officer received a sexual assault in these days.

The military police arrested the colonel of the senior officer as a suspect.

Although I detected it, according to the spokesperson, the charge of the sexual assault denies that the suspect had a sexual relationship with a woman officer.

Human rights activists point out that the sexual violence in the military does not die out although the government takes preventive measures.

According to the survey by announced assembly, the female soldier who received a sexual assault from a senior officer in previous five years rose to 111 people last year.

(August 3, 2017)

*Following the fact that the Korean who possessed child porno arrested you at the time of entry into Canada, and cases to become the penal servitude occurred frequently, the Korean diplomatic service appealed for attention.

On 3rd in diplomatic service (is equivalent to Ministry of Foreign Affairs) foreign countries security trip homepage and SNS "possess an obscenity in an attaching externally hard disk, the Korean nation is entry recently in Canada.

I was arrested in passport control ground and said, a case to receive a trial, and to be sentenced to penal servitude occurs and, at the time of "Canada entry, posted an attention notice of the obscenity possession".

I am very strict with punishment for the child porno in Canada, and there is not the fine punishment, and, according to this, even simple possession is punished as penal servitude more than it for six months even if it is long and is short for five years.

For the law local in the Korean diplomatic service in Canada for a visit or the nation residing in now was interested, and urged attention to note personal life security.

【 [Taiwanese paper, at the time of "Japan-Korea merger, the Korean was pleased. To pocket the fact on the present anti-day. Comfort woman what carried it off Korean"](#) 】 (August 17, 2017)

*Taiwanese [中國時報\(China Times\)](#) published an article to tell when a certain Taiwanese university professor was Germany, and surprising words were told on August 15, 2017 by the Korean woman professor who got to know by a held academic conference.

German and English, Japanese are proficient in this Korean professor, and, according to the article, there was the story as articulateness, but I seem to feel a question in the origin of

Taiwanese 李 登輝(Lee Teng-hui)President doing verbal explanation to support a merger policy(colonial policy), and it is said that I talked when such a person is treated as a public enemy common throughout society in Korea.

Not only a person in support of a colonial policy existed, but also pointed out that I went up it to the considerable number, and the Taiwanese professor talked to Korea to this Korean professor in those days when history recognition should have transformed the current right wing political party after 金 大中(Kim Dae-jung) of the left grasped the government in progenies of the pro-Japanese at the time.

Then the Korean professor returned it saying "I know it well" and it was for a taboo and revealed that, however, I supported a colonization theory at the time in Korea when the anti-Japan speech at the present might be performed because concealment did the actual situation at the time.

I raised it for an example when a Korean was actually concerned with mediation, and a certain well-known woman researcher(朴 裕河:Park Yu-ha Sejong University Professor) pointed out, "it is necessary to inspect the issue of comfort woman again" about the issue of comfort woman when I came to be attacked after it as a public enemy.

Because society will shake from the root if the actual situation is uncovered, it is said that I was attacked from the right wing.

When there were such circumstances, the article tells that I was going to delete the 朴 槿惠(Park Geun-hye)government accepting a condition of the Japanese Government, and having hurried a solution (request of America) and the contents

concerned with "a comfort woman" from a textbook.

·Prosecution by the slander to a victim(June 16, 2014)

I prohibited the publication of the book saying that "the comfort woman of the empire" whom 朴裕河(Park Yu-ha Sejong) published by the name of nine origin of 李玉善(Lee Ok-seon) and others comfort women to live jointly in a house of NANUMU in August, 2013 was the slander to oneself, and a suit for the compensation for damages of one 30 million won 270 million won in total was done.

On January 13, 2016, the district court in eastern Seoul gave it an order for compensation of 90 million won in acknowledgment of libel and the infringement of personal rights.

朴裕河(Park Yu-ha Sejong)appeals.

As for the plaintiffs, the statement, the district court detected a statement in the district court in western Seoul after the judgment of the district court in eastern Seoul to seize a part of the salary of 朴裕河(Park Yu-ha Sejong)of Sejong University.

朴裕河(Park Yu-ha Sejong)applied for suspension of execution and was accepted with the proviso that I left money on deposit and was canceled from April.

·Provisional disposition judgment of the Seoul district court which accepted slander partially

In the district court in eastern Seoul, which "the pain of "the Korean comfort woman" does not change with the pain of the Japanese prostitute basically" decided provisional disposition for the deletion of 34 places of which it "was not at least the Japan forces publicly again in the Korean ground that "a kidnapping"

did "comfort woman", and did" "forcible escort" on February 17, 2015.

·House arrest by the District Public Prosecutor's Office in eastern Seoul

The detective mediation with the plaintiff and defendant from April to October received the result that became the failure in 2015 and, on November 18, 2015, judged the District Public Prosecutor's Office in eastern Seoul when the contents of "the comfort woman of the empire" were "falsehood" and indicted 朴裕河(Park Yu-ha Sejong)of the author without arrest in libel.

The prosecution contents are three points mainly.

(a)I am not taken publicly in the Korean Peninsula.

(b)I was in the frame of cooperator.

(c)I was in a framework of prostitution.

All three indication is false.

Clause 35 where a public prosecutor added one place to 34 items of the provisional disposition was divided into these three categories and became the prosecution reason.

On November 26, 2015, 54 Japanese men of intelligence made a statement to protest that Korean prosecution prosecuted 朴裕河(Park Yu-ha Sejong).

I pointed out, "it was given based on a guess and misunderstanding" and, by the statement, criticized a judgment of the Korean prosecution saying "authorities appeared in 拳 which performed a confining pressure of study and freedom of speech based on specific historical view".

Two American professors (Noam Chomsky and Bruce Cumings) approved of a protest to the prosecution of the Japanese man of intelligence for 16.17 days in January, 2017 and started the statement for a stop and the acquittal of the trial.

·Acquittal of the House of Seoul eastern part law

On January 25, 2017, the ex-Emperor Seoul eastern part law announced innocent judgment for the statement of the prosecutor's opinion on the punishment of penal servitude three years of the prosecution about the slander saying, "this was freedom of expression and a problem of the value judgment and was a case that a citizen and an expert inspected it mutually and confuted, and a court was not what a detective punished".

In contrast, the prosecution appealed.

【 "The largest prostitution mediation organizations which recommended prostitution to 10,000 men of the whole country are disclosed!" 】 (August 22, 2017)

(Economic news in Korea)

The sex traders of the Korean whole country that mediated prostitution to more than 10,000 men's greatest scale were arrested by the police.

On 21st, according to news 1, the Pusan district National Police Agency wide area investigation corps restricted six people including Chin certain person (24) on the suspicion of an offence about the punishment including the sex buying and selling mediation on the same day.

I charged 62 people including 12 women who took part in sex buying and selling and prostitution man.

After having leased 30 places of office Teru of 釜山市鎮區Pusan City Busanjin-gu, the lotus bank ward location from July, 2014 to February 20, this year, they recommend prostitution to more than 10,000 men whom I see an Internet-related buying and selling advertisement and visited and receive the doubt that got 200 million won considerable excessive profit.

A business account book was not left, and the police estimated profiteering based on a minimum exhibit.

I estimate that the real amount of money is bigger.

As a result of survey by police, it was confirmed that these avoided prosecution through three PAJI presidents on the control by the police last year.

I gathered unemployed people afterward and organized it and changed the place of the sex buying and selling and was grasped that I enlarged a scale.

It is said that Mr. Chin in particular shares a role including management ·social position confirmation of the prostitution man with place management ·staff and income brass law of nature ·prostitution woman of the ·characteristics buying and selling, and he moved systematically.

【 **Comfort Women issue: GREAT NEWS (One of my teammates emailed this to our research team today)** 】

*I just wanted to take some time and share some perspective with the group.

Three years ago, these types of articles would NEVER have seen the light of day in English, and NOBODY except Michael was talking in these geostrategic terms to get people outside of niche advocacy groups to pay attention.

Now we have two articles where the phrasing Michael introduced three years ago is showing up.

I remember when Michael was meeting Komori, Sakurai, and a few others in Japan back in 2014 and stated some of these exact terms.

He continued to post on this and hammer it out in emails and conversations.

The "Meme" is moving.

Now look at this.

Both FOX and CNN are posting articles with the same themes in it (Thanks for giving me these by the way!!) Left and Right are both catching on that there is more to the story than 200,000 sex slaves kidnapped by the Japanese Army.

Three years ago, it was in some outlets up to 400,000 kidnapped.

Notice the gains this group has made:

1. Now the narrative has changed to "up to 200,000 were kidnapped or coerced" down from "400,000 kidnapped".
2. An introduction of the concept that there is more to the story and an identification of North Korea and China with the story for a specific purpose: To divide people NOT to highlight a human right violation.

Great job to everyone and especially Michael for planting the flag on the hill first and taking fire until the rest of the cavalry start to arrive.

Norm Coleman and Steven Glassman are serious players and more should be coming out now that they have walked up that hill as well.

*When "I carried out the waiting on customers duties education for service girls of the sightseeing waiting on customers office

(including the dance hall cabaret) of 4,000", and Seoul local police department did <Korea Seoul newspaper> on a date on April 25, 1962, I did it and reported it when the reason was intended to provide "the service that was effective by a foreigner".

*The article of <Korea Shinto sub-> was more frank for 1,966 years.

There is the huge power that " 洋公主:양공주:YANKONJU (reception girl of the Westerners partner) has.

Ironically, as for them who bloom in the shade, it is to one leading figure of the foreign currency acquisition with the feeling that became the supremacy problem of the state policy of our country.

When the foreign currency which came out of the hall for exclusive use of the United Nations forces of 190 places of whole country reached 10 million dollars in those days for one year, " <Korea Shinto sub-> estimated it.

At the time of 1966, the foreign currency which our country earned by trade was 250 million dollars.

For 1970 through 71, the scales of the U.S. forces to Korea decreased by 18,000.

The government became the state of emergency.

When "I took the venereal disease precaution of the comfort woman in cooperation with health authorities and strengthened ... culture" by the official document which the Secretary of the Interior sent to each police in August, 1971 and did it, I directed it.

However, it was destined not to be able to catch the U.S.

forces which left, and went.

The Japanese who came to do 'kisang sightseeing' met the vacant seat of the U.S. forces.

For 1,965 years, Japan-ROK Basic Relations Treaty was an opportunity.

96.8% of Japanese who visited Korea in 1977 when kisang (brothel) sightseeing reached the top were men.

The government devoted to economic growth showed a sightseeing income and tourist target value.

'quota' was set on a trip mediation supplier.

Various benefits disappeared if I could not achieve an aim, and permission was canceled when it was serious.

*" derailment sightseeing is full of <Korea Shinto sub-> in 1979 and naturally is managed with the tacit consent of the authorities.

...The kisang party reported it with "offered to almost all Japanese tourists.

Of course the government took part continuously, too.

The record that I educated for 512 base village waiting on customers office women, sightseeing restaurant waiting on customers office woman 1,795 remains if I see a document of Seoul City in 1972.

【 One of five people (17%) is a Korean in one of four people (23.5%), Australia of the foreign prostitute in the United States 】 (July 22, 2012)

*One of five people (17%) is a Korean in one of four people (23.5%), Australia of the gringa working in a prostitution

purpose in the United States, and therefore, according to the United States and Australian both governments, Korea is helped put on the disgrace called "a prostitute export country".

It recruited women in Korea, and the alliance which mediated expedition-related buying and selling in Australia was caught by the police.

These continue robbing sex buying and selling women of money; a drug co; become clear to having given you it to be similar, and give a shock.

It put 14 people including the Kim certain person suspect (33 years old) of the broker on the wanted list on the suspicion of having let a sex trader of Australia where Chinese and Korean people ran women in Korea find a job in the Seoul district National Police Agency international crime investigation corps and sent documents about 18 people including the storekeeper jun certain person suspect (33 years old) of the sex trader and the sex buying and selling woman.

So that, according to the police, suspect Kim of the broker (33 years old) cuts off a sex buying and selling woman until recently from 2007; "work without worrying about the control in Australia because the sex buying and selling is legal.

I tempt the money to be able to make money a lot and receive the doubt that connected it with a sex trader of Australia which Chinese and Korean people run.

In partnership with the representative of a certain travel agency, sex buying and selling women helped me so that a working holiday visa was received and took responsibility until stay extension application afterwards in this process.

Suspect Kim took 10% of charge for geisha's service that women received away from the sex buying and selling business owners such as Kim certain suspects (55, year, woman) under the name of a fee.

Women received charge for geisha's service of from 110000 won to 230000 won, and the police told that the nature 12 hours or more per day bought and sold it.

The Australian local business owners let you compensate a 3,600,000 won considerable fine if you met 1,200,000 won, a visitor personally if sex buying and selling women did tardy and absence, and they exploited a salary unfairly.

It was assumed, "I thronged to a wedding ceremony and expose it" until a threat to women who refused buying and selling.

These illegality-like acts did not terminate in this.

Some business owners such as jun certain suspects took mind-expanding drugs such as the ecstasy at the dinner meeting seat with sex buying and selling women and had a party, and the police talked when sex buying and selling women of most considerably took a drug, and the nature bought and sold it.

The police said, "a side effect such as the ratio that the Korea woman occupied among foreigner-related buying and selling women in Australia being estimated with approximately 17% according to the announcement of the recent diplomatic commerce department, and Korea being recognized to be "a-related buying and selling woman export large country" in Australia is big" and emphasized, "the making of measures is urgent business".

(NAVER/CBS= no cut news)

*South Korea had a similar comfort station system for U.S.-led U.N. troops during the 1950-1953 Korean War and promoted sex businesses for American troops after the war.

Please understand that Japanese are very upset about the "comfort women" statues, because they single out only Japanese military.

That is unfair and is nothing but an insult to Japanese.

I am strongly against the installation of memorial of Comfort women in [Brookhaven](#).

Dear Mayor of **San Francisco**, member of a municipal assembly, park executive committee

I protest "Resolution declaring September 22, 2017, as **Comfort Women Day** in the City and County of **San Francisco**."

It will open the floodgates for others seeking a platform for incidents that occurred outside of this country.

I ask you not to adopt the resolution at the next meeting.

I strongly protest against the "Comfort Women" monument in **San Francisco** city. (**Saint Mary square Park**.)

*I expect reconsideration about the comfort woman image setting from the people of the **San Francisco** municipal assembly.

【 **They're 8000 Korean ladies and USA 'expedition prostitution'**.
】 (June 21, 20??)

*33 Korean ladies were arrested at 9:00pm June 2 by water Barry of rice Nanbu of State of Connecticut.

He assumed "He got the information by which prostitution is performed at a massage store, and the investigation had been continued for 2 months.", and the police person concerned of water BALLY stated "A Korean massage store was increasing rapidly."

Prostitution by the Korean lady staying illegally in USA surfaces in social problem.

We assumed clearly "Los Angeles city police bureau was presuming the inflow scale of the Korean lady by whom prostitution is doubted after 2004, to reach 8000 people." for a

Korean information authority.

We assume "Prostitution control is that it has been strengthened in country, and Canada and the expedition prostitution smuggled into USA via Mexico are increasing rapidly.", and in particular, a government gives "sexual buying and selling eradication special act" of coming into effect to one of its cause in September, 2004.

I'm making them actually feel the 'balloon effect' of the sexual buying and selling special act of which other is full to reserve one.

150 prostitution suspicion ladies arrested total of 192 Koreans in Los Angeles and San Francisco for a principal offender of the "anti-Han way" in USA= a combined control group of the FBI in the US (FBI), Department of Homeland Security and the police which consist of about 400 people on June 30 of last year.

A Korean lady is successive by prostitution suspicion in the Korean built-up area area, and State of New York and State of Virginia are also arrested from this year.

The person concerned of LAPD bureau talks with "by 70 arrested every month- 90 percent of inside of 80 prostitution ladies, Korean".

Prostitution of a Korean lady sneaks out of a brother built-up area area recently, and spreads to the China and U.S. part inland, and a judiciary in the US is gazing.

Moreover when prostitution was exposed at an apartment, and the anti-Han feelings had also formed such as a certain American refused movement of a Korean lady, the information authority was made clear.

[They're 8000 source Korean ladies and USA 'expedition prostitution' | Joongang Ilbo | Korean Chuo Nippo.]

【 [Prostitution] [the Korean type which expands, industry and the reality at the foreign countries](#) 】 (June 21, 20??)

*A treasure Izanami (Kim, OKUI) councilor in those days (female family committee belonging) insisted "The number of the Korean lady who goes out to foreign countries and turns to prostitution could think about 250 about 2500 people had in Guam in Australia in Japan about 20,000 people, and reached about 100,000 people at the whole world." by the Diet government audit to the performed female family part (It was suitable for a Ministry.) in October, 2010.

(By the Diet government inspection for the woman family part performed in October, 2010 (equivalent to the ministry), the 金玉伊 (Kim Okui) member of the Diet (woman family Committee position) at the time insisted saying it "was considered approximately 250 to be in approximately 2,000, Australia in Japan by approximately 2,500, Guam, and the number of the Korean woman who appeared abroad, and sold herself reaches more than 100,000 throughout the world".)

You don't grasp clearly for the purpose that how much Korean lady turns to prostitution, which country you're taking a trip to. But when "the Korean type, international expanse of industry and sexual buying and selling (buying and selling spring) culture" and the report I title Chong and a JEWON doctor of Seoul University international graduate school announced in September of last year are seen, it's possible to know how Korean prostitution culture was spreading over each country.

There are only 120,000 Koreans in Qingdao in China according to a report, but 100 stores of store of manners of the Korean system which turns to prostitution remains and crowds.

It's Korea because Chinese employees can please a Korean visitor, I say if singing, that easy Korean is remembered.

For the purpose of paying cash to have sex in the Philippines the Japanese tourist who visits decreased but also prostitute-buying by a Korean becomes popular.

About 100 stores of store of manners of the Korean system is also open only in metropolitan Manila.

A store of manners of the Korean system announced on local information publications for Koreans is also Jakarta where about 27,000 Koreans gather in Indonesia beyond 30 stores in Thailand with a lot of Korean tourists, and 100 stores of Korea system store of manners of the rest is open.

There were a lot of Koreans who ask an encounter with white women in Russia and Uzbekistan, and Korean sexual service culture was spreading.

Dr. Chong pointed out "Local Korean group and Korea diplomatic mission grasped the reality by which a store of manners of the Korean system is growing powerful, this wasn't caught seriously." by a report.

There is also insistence with the purpose by which American travel by No visa became possible by a visa waiver program of Han rice in 2008 for prostitution's at foreign countries by a Korean lady increasing.

Dear Supervisors of City and County of San Francisco

I strongly protest against the "Comfort Women" monument in San Francisco.

I am writing to you concerning a discussion building a memorial for "comfort women" in San Francisco Park.

[I demand it and, as for "the prostitution, am had a meeting the legalization of the prostitution 700 women "abolishing a prostitution prohibitive law!" in occupation!" Korea] (September 24, 2015) [let me sell myself and demonstrate]

*Approximately 700 women for the legalization of the prostitution had a meeting in Seoul, Korea.(TBS news)

In this March, a ripple spreads by the "immorality punishment" in Korea abolition.

The next "the legalization of the prostitution!" There was news to say.

"People who covered one's face gather in the Seoul city a reporter. It is people who got an income by prostitution and appeals to accept prostitution as an occupation"

It is Korea where "a prostitution prohibitive law" was enforced in 2004, but there is not the back no from the prostitution, and disclosure is often carried out.

A woman and a visitor, a mediation supplier caught by are usually fine punishment, but may become the penal servitude if repeated

In contrast, women insist when "it is put under ban of prostitution" is against constitutional "occupation freedom of choice" to determine.

A meeting participant "is an occupation to eat (as for the prostitution), and to live"

A meeting participant "has difficult that I look for work new now" Such meeting was held four years ago, but constitutional court takes up their claim this time and will judge it within this year whether "prostitution prohibition" is a violation of the constitution.

Is " prostitution an occupation? It is considered that the suit of "them is less likely to be accepted, but the making of environment that can live a life even if I stop prostitution above all is demanded.

This woman claims that the prostitution prohibition takes the freedom of the occupation in constitutional court. A law to punish immorality is a lost thing and expects it when the prostitution prohibition may be in violation of the constitution.

Kim, CHONMI "hopes that prostitution is legalized to be able to work"

【 The Korean Seoul woman chief constable insists, "you should make prostitution legal" 】 (March 17, 2015)

*Prostitution becomes illegal now in Korea, and the fine that is less than penal servitude less than one year or 300 won is inflicted with the woman who sold herself.

The 鍾岩 (CHONAMU) chief constable of Seoul insists, "you should make prostitution legal" for such a law.

The chief constable is an infringement of the occupation choice freedom, and it is said that the woman without the money should accept prostitution at least.

However, it is a fact to have few people that I sell myself because there is not money, and a person with the money sells itself.

How about what I detect only in a person without this money?

Furthermore, industry might spread by accepting prostitution.

Current Korea interchanges with a woman on a karaoke or a street, and, besides, the massage act that you should call if there is completely illegal, a prostitution act is performed.

The substantial control is not performed, but it is sure that it is illegal.

Such a prostitution act was prohibited entirely, and women who made living by prostitution have had a demonstration.

Naturally the country does not have the ability to support a woman without such a money.

*I believe the monument will divide your multi-cultural good communities. And also it will drive a wedge among US, South Korea, and Japan alliance, and that will only make Communist China and North Korea happy.

Thank you very much.

【 About 10 percent of the Korean prostitute profiteers overseas, to Japan, 20,000 people, in working away from home-, Korean paper 】 (August 19, 2014)

*About 10 percent of the Korean prostitute leaves the country and is profiteering by USA, Japan and Australia according to Korean paper and Chosen Nippo on August 18, 2014.

Much of the Korean lady who turns to prostitution at an overseas store of manners is taking a trip by a tourist visa of 2 months (visa) and earns 20,000,000 for 1 month-30,000,000 won (about 2,000,000-3,000,000 yen) at the site according to the report the Pusan police has submitted to the female family part.

*I also have to turn eyes to the fact that the Korean women engaged in prostitution in these several years are doing a foreign voyage in quantities.

There is cause in a Korean prostitute's flowing overseas.

In 2004, the Korean government established a prostitution special act and went out on a prostitution sweep strategy.

The Korean man resident in Seoul talks in this way.

"The famous prostitution street such as MIARI and the 清涼里 (CHIYONYANNI) is disclosed and is totally destroyed now"

"About 10,000 prostitutes opposed Australia" according to the said National Police Agency.

You're reporting that the Korean lady engaged in prostitution at an entertainment area reaches more than 1000 people according to last year's investigation of an Australian citizen group.

I presumed a prostitution lady on the 9th, to notify 1,890,000 people of Korea [male solidarity] in the whole country through a bulletin board of a home page.

We assumed clearly that 20-about 30 % of inside of a 35-year-old lady was doing work related to prostitution for [male solidarity].

(※ 男性連帶: male solidarity (Korean: 남성연대) Is a civic movement group, a group of human rights and a male principle activity organization in South Korea where I started in the 盧武鉉 Roh Moo Hyun political power age.)

The scale of the industry of manners including Korean sexual buying and selling, about 1,360,000,000,000 yen (12,360,000,000 dollars).

When 9000 40,000 people used material of Korea criminal policy study in as a capital at 20,000 stores of corrupted barbershop in 3000 stores of prostitution district on the ground of material in 2005 according to material, I insisted that 80,000 people were doing the whole country as a prostitution lady at accommodations of 40,000.

There was a lover bank at massage store 600 only the number of 6000 people and the karaoke 1 an average of 10 people per a store, and 540,000 people presumed with an average of 15 people per a store in a store of manners and estimated 4 people at 160,000 people per 40,000 coffee shops of 459,000 people and coffee shop of a ticket with each an average of 15 people of the lover bank.

Additionally I told that the lady 45,000 people turn to prostitution by 144,000 people of overseas expedition

prostitution and the internet free lance at other metamorphosis trade store notified 250,000 people of a sillago room.

*Please understand that Japanese are very upset about the approved inscription of "comfort women" monument, because you single out only Japanese military.

【 **Korean sexual buying and selling scandal succession and image eclipse are serious at USA A bad name of "prostitution = Karahito".** 】 (**March 12, 2006**)

(Korean rengou news: From New York)

*The sexual buying and selling scandal Karahito concerned at a metropolis generates Los Angeles, Washington and New York successively, and all Koreans' image falls big in USA.

The FBI in the US (FBI) is expanding sexual buying and selling investigation to Karahito massage store following 10 days' which pass (local time) and New York police belonging Karahito policeman Dennis Kim's who received money and sexual paying at the massage store Karahito manages (29) arresting SAN

without warrant.

A camouflage makes belonging policemen sneak into Karahito prostitution store in particular, and FBI is represented to information to competition Karahito traders as well as relevant traders and the comment a possibility that I'm collecting and suffer disgrace as "prostitution = Karahito" by the mainstream society in USA multilaterally is.

While the Karahito massage proprietor who offered cash and sexual paying to Dennis Kim according to report of local media for 11 days put 16 employees and was managing an illegal prostitution store, the thing which put bribery in and handed information to the competition store Karahito manages mainly periodically found out "I wanted you to control competition traders." for the policeman FBI made a camouflage sneak into whom.

The anxiety to which I say Karahito massage store is controlled by this extensively to prostitution traders illegally following Karahito police officer arrest at the kyou Democratic Socialist Party meeting of New York whole, and that Karahito's and others bigger private part may appear is rising.

New York Times reported "the bribery and the sexual paying scandal by which this event is the biggest policeman to act like 10 afterlives" as a main article, and Dennis and Kim arrest event also reported New York mailbox big.

4 days when AP News leaves the points for this and the SO certain done as a female employee at a massage trade store of rice Ton Willis of State of Vermont (53), make, but, it was expected to indict a customer in the question which cared for

sexual buying and selling, and it was reported that it might be banished.

After a camouflage made 2 policemen of plain clothes sneak for 16 days last month, and the State of Virginia state police confirmed the sexual buying and selling, there is a case that I raided on a prostitution site of massage trade store 'MoonSpa' and arrested Mr. Karahito Chong certain and two people of Mr. CHE certain.

The fa certain (56) and the Kim certain which have mediated between about an average of 10 time prostitution and have come for one day for the visitors who have given a notice as "hot Asian girl" in the internet website in this past January, have seen this, have asked and have come, (, Mr. 53), 2 Karahito ladies of fifties were arrested by the California police.

【 The suspension China consulate general sends "a threat sentence" of criticism resolution voting in China Americas assembly(California)】

(September 13, 2017)

*The **California Senate Committee on Judiciary, U.S.** approved association of tenth resolution (SJR-10) unanimously and criticized oppression to the Falun Gong by the Chinese government strictly.

However, it becomes the step voting in a general meeting of the Upper House and the living-in-San Francisco China consulate general sends a document to all members of the Diet of the Upper House and does it and knows that I let you shelve a resolution, and a voice of the criticism increases.

Joel Sen. Anderson of the state Republican Party proposed the

association of California Upper House tenth resolution.

The resolution objects to the oppression for the Falun Gong learner for 18 years, and demands it to stop oppression promptly for the Chinese government and calls an assembly with U.S. President to perform an investigation about the oppression.

The Senate Committee on Judiciary performed the hearing for this resolution on August 29 and passed unanimously.

The Chinese living-in-San Francisco consulate general threatened diplomatic relations and economic profit on a shield in a telephone and a document to the chairperson and all members of the Upper House in a House on September 1 when I was going to vote of the above-mentioned idea.

University of Southern California public policy doctor Mr. 叶科 (Mr. yeh): "I cannot receive this by the export of the suppression of human rights for the United States by China in the free society.

It is interference to the domestic administration in the United States to give pressure to Representative California and is the infringement to a right of the freedom of the democracy. I violate not only the infringement to the right of the Falun Gong learner but also the right of the American nation and resident."

Kevin de Chairperson Leon of the state Upper House where the Democratic Party occupied many on that day where the Chinese consulate general sent a letter to moved the bill from the Committee on the Judiciary to rule Committee suddenly.

This is equal to virtual suspension.

Representative Anderson was awfully surprised at this decision and stated that it was unacceptable that the Chinese

government which disturbed freedom of speech had an influence on the Representative Democratic Party leadership of the Upper House of the state.

Associated Press, "Voice of America," the international media including "radio free Asia" reports this problem one after another.

The name of the sender is not written in the document which the Chinese consulate general which "大紀元 Media(EPOCH MEDIA)" obtained sent, and an official seal is only only pushed.

Falun Gong human rights representative Mr. 陳 師衆(Mr.Chen): "It is a ridiculous story. In brief, the government official of the Chinese government commits an evil deed and avoids taking responsibility. Because I understand that it is an evil deed, I do not sign. It is a totally funny story."

The Chinese consulate general emphasizes how consumption of China is important to the state in a document and threatens you saying "I will spoil the state and relations with China if I support Falun Gong learner".

【 China, cheese import ban reason ignorance, perplexity in Europe spread 】 (September 16, 2017)

*The Chinese authorities prohibit the import of some cheese from Europe including the Camembert suddenly, and perplexity spreads among distributors.

The Chinese side does not clarify a clear reason, and the European company demands repulsion, import resumption.

According to the European Union (EU) chamber of commerce of Beijing, it is cheese such as Camembert or Roquefort of the product in France to have been prohibited.

When there was the notice of prohibition measures as a story of the Chinese food importer from the authorities in June, U.S. CNN TV (electronic edition) told.

Although the Chinese authorities published the list of bacteria available for food in 2010, the thing which had been used for production processing of the food traditionally admitted even bacteria out of the list, and, according to EU Chamber of Commerce, they imported cheese.

However, it is said that the bacteria out of the list have begun to prohibit the import of some cheese suddenly saying that they cannot admit it.

EU Chamber of Commerce rebels saying "a safe problem has not occurred to the cheese which I exported to China until now".

I pursue the clarification of the standard in the Chinese side with import resumption.

I strongly protest against the "Comfort Women" monument in **San Francisco city**. (**Saint Mary square Park**.)

*I expect reconsideration about the comfort woman image setting from the people of the **San Francisco** municipal assembly.

【 It is "unpleasant thought" and criticism by schoolmen ...
Taiwan and territory notation of Australia performing "apology" to a Chinese student 】

(September 10, 2017)

*At an Australian university, a student criticizes the teacher using the teaching materials which are incompatible with a viewpoint of the Chinese government, and cases to scatter on the Internet occur successively.

I assumed "a country" and the area with the case that I handled and the fight for dominium other countries territory in Taiwan.

A teacher admitted a mistake in Univ. of Sydney and apologized to students who "felt unpleasant".

A one-third of the class is a Chinese

"The Chinese student has a one-third of the class, too. You let you make us uncomfortable"

"Taiwan is another country by my understanding. Even if you do not want to be influenced by my thought, it has the same me, too"

A picture uploaded in the site of the Chinese media "Sydney today" in August spread rapidly.

I am taken in the eastern part of Australia, a classroom of Univ. of Newcastle, and the camera appears only in one point like the ceiling, but a teacher quarrels with a student at the side.

A Chinese student group posted "I cannot permit it at all" and criticism, and, according to Australian TV SBS, they exposed a teacher to the name and a photograph of the face, the e-mail address of the teacher in Chinese free communication application "slight sincerity" in August.

I painted Taiwan in red same as the mainland, and the map like the propaganda use that entered "nine steps of lines" which insisted on territorial sovereignty in the South China Sea was improved.

The territory was not a theme by IT and the class about entrepreneurs, but comment such as "you should give notice of it in the Chinese embassy" occurred successively "boycotting a class" on the net.

The teacher "used the old map which I downloaded from a net through the Australian media after all. It was my mistake and announced the comment, I am sorry if I made you feel unpleasant.

Only when the true intention gets drunk?

There was the case which the professor who received protest in Kunitachi University of capital Canberra, Australia in August apologized for.

A professor was a slide and, according to the Chinese Communist Party bulletin, the website "people network of Renmin Ribao," displayed it in Chinese with English during a class of Computer Sciences saying "I do not permit the cheat".

It was said that I targeted a Chinese, and a student protested official Facebook of the university, and the professor apologized in a document.

"I thought that it helped it as most of classrooms were Chinese, but was insensitive. Was wrong; it is said, misjudge.

The test for the student who learned business in Monash University in the suburbs of Melbourne in May caused controversy.

"Is China, and, according to the Australian paper Sydney Morning Herald, only as for what kind of time, is the government official of the government said to be it when speak the truth?"; have a question, and let "get drunk, and choose when become careless" from four answers; had a problem.

Chinese students strongly rebelled, and the Chinese net user greatly reacted, too, and the teacher was taken off by a class.

【 A Canadian is dissatisfied with the quantity of the Chinese advertisement 】 (March 19, 2013)

*A civic dissatisfaction explosion non-Chinese for the advertisement flooding of Chinese! However, - Canada Richmond city Chinese as for 40% of inhabitants.

·The explosion that a citizen is dissatisfied with the

advertisement flooding of Chinese of Canada Richmond City

·I work on a petition to set a limit to an advertisement in the government, and a locally big discussion takes place

·I point it out, and the man of intelligence petitions it "to betray a policy of each race equality when the government sets a limit in corporate advertising" and is active and has a big discussion locally

According to the Canadian paper Vancouver sun, I start a petition activity so that a citizen with the dissatisfaction limits it for an advertisement of Chinese to overflow in the street in State of Canadian British Columbia Richmond City for a municipal administration prefecture, and, on March 17, 2013, a locally big discussion arises.

The ring ball time signal conveyed it on 18th.

As a result of investigation that two citizens spent eight months and carried out, the opinion "that English disappeared from the city if the government continued leaving you unattended as it is" that "I promoted racial isolation and abolish Canadian status" that "there are too many advertisements only for Chinese" was put by a citizen.

The city is tn. less than a population of 200,000 people, but Asian inhabitants occupy more than 60%; the, above all, Chinese inhabitants are 43 of the population all-out. I reach 6%.(I increase to 47%)

In addition, according to the data of the city, the inhabitants who assume Chinese including a dialect a native language are 40 of the population. Ratio 36 of the inhabitants who occupy 9%, and assume English a native language. I exceeded 5% for the first

time.

There is the opinion to object to this because a thing and Canada which occupied the position where Chinese inhabitants are important from those days in 1990 when the city was established although there is the opinion, "the Chinese inhabitants should follow the volost when they enter the volost" in the citizen are multi dimensions culture society respecting an emigrant.

【 Antipathy to be sublimed into Chinese emigration to increase rapidly in Vancouver 】 (July 25, 2014)

*Vancouver Anti-Chinese-Language Movement

*The Vancouver inhabitants who are puzzled over the flooding of Chinese and the Chinese culture although I accepted a Chinese emigrant in exchange for investment

*City Vancouver of the Canadian west coast is going to be filled to an emigrant from China.

This city parodies Hong Kong and is made fun with "Hongcouver" and is a state to take the nickname with "the town which seems to be Asia most" any place other than Asia now.

I bring up original culture, and the Chinese emigration produces the work in oneself.

But other Canadian inhabitants have begun to regard them with hostility recently.

At first it is a signboard and an advertisement of Chinese that the town is filled with to target.

An advertisement for Chinese tells Brad SARUTSUBAGU living in north Vancouver "to undermine the traditional Canadian identity by English and French".

The case that the sticker which "a Canadian official language was written for an advertisement of a large number of Chinese published at the bus stop of waist Vancouver carefully" was put on occurred in the middle of this month.

Hong Kong was returned to China, and the movement of the Chinese exclusion has begun to become the problem from around 97 when emigrants increased rapidly.

Daniel he baht, professor of University of British Columbia (demography) announces the prediction that Chinese population of Vancouver and Toronto doubles by 31 years.

It is said that the Chinese population of Vancouver increases rapidly to 809,000 people becoming 23% of total population.

I am criticized saying that it destroys a house market of Vancouver that the rich middle class layer of China buys up a house.

Among approximately 37,000 people who emigrated to the State of British Columbia as "an investment emigrant" in eight years from 2005 through 2012, two-thirds is an emigrant from mainland China.

As for the property price of Vancouver, the majority of the buyer are rich in the North American best class; it is said that is Chinese.

"I buy a Canadian large amount article as a second house, and the movement of the foreigner is active in a super high-quality market"

It is sure that Chinese investment causes the remarkable rise of the high quality market in this area. .

Like an advertisement of Chinese, the movement in the property

market also causes Canadian Suspicion raises bogies.

*It will drive a wedge among US, South Korea, and Japan alliance, and that will only make Communist China and North Korea happy.

*Is it okay for the San Francisco government to be secretly influenced and misled by Chinese political maneuvering in your multicultural society?

Thank you very much.

*I knew that I let a public vessel of China Coast Guard hurled itself at a Vietnamese fishing boat and sink early this month in a Paracel Islands archipelago sea area of the South China Sea where China and Vietnam competed for dominium.

A person concerned with fishermen's association of country central part Quang Ngai where a fishing boat belonged to clarified it in this newspaper on 16th.

More military affairs base of the South China Sea is the form that showed that China pushing forward becoming it lets you enter in

this year and activate a fishing boat surprise attack in Vietnam again some other time.

According to the person concerned, the Chinese Coast Guard(public vessel)chases a Vietnamese fishing boat operating on the evening of 7th, and it is said that I hurled myself.

The fishing boat sank soon, but six crews were saved to a consort ship nearby and were safe.

In addition, on the afternoon of 12th, two small size boats mounted with the same China public vessel attack a different fishing boat (11 crews) of the association position.

I destroyed fishery facilities, and it is said that it prevented putting a medicine into the storage of storage of a fish and the food and from using it.

Artificial island Fiery Cross Reef of the South China Sea released at the end of June.

I understand that becoming it goes ahead through the military affairs base.

China, a military base of "big 3" in the South China Sea completes becoming it soon.

An American think tank released a satellite image on June 29, 2017 and clarified it.

An artificial island called "big 3" is Fiery Cross Reef of Spratly Islands, Mischief Reef and Subi Reef in the United States.

These comprise a runway and can manage a fighter and a bomber, and I am equipped with interceptor missiles, and the ability for air defense of the base is high, too.

However, it does not prove right because the military affairs base of the artificial island which China built in the South China Sea completes becoming it to be surprised.

Because substantial territorial waters of the South China Sea do not give up becoming it in China, it may be said that it is a proper result.

But interest of everybody was suitable for North Korea and was not only careful.

Because the cards government did it with a priority in the security in preventing a North Korean nuclear warhead and ICBM (Intercontinental Ballistic Missile: an intercontinental ballistic missile) development, the South China Sea problem will be done with business materials.

However, the importance of the South China Sea for China does not change even if handling of the issue of South China Sea for the United States changes.

【 "The Chinese Communist Party government is the South Pole and pushes forward military activity and the exploration of mineral resources behind closed doors"...An Australian think tank points it out! 】 (August 26, 2017)Epoch Times

* "China invades the leadership in the South Pole of Australia"

The Australian defense think tank points out that the Chinese Communist Party government pushes forward military activity and the exploration of mineral resources behind closed doors at the South Pole recently.

I warned the Australian government that I made an established fact to insist on dominium.

According to the report which a strategic policy research institute of Australia published by 18th, the China authorities cast a vast fund in the South Pole for the past ten years and let you enlarge

movement of "military activity and the mineral exploration that you do not declare".

3 points and two stationing place are in the territory to insist on of Australia in Chinese base 4 points in the South Pole.

In addition, China produces one ship other than two icebreakers of the existence newly.

The aim of the Chinese side is regarded as fishery, tourism, the construction of the transportation network, a coal mine, water and creature resources.

In addition, that, as for the report, a scientific project leads to a defense purpose of the country the military activity by the Chinese authorities; it was said that was not explicable, and pointed it out that violated "Antarctic Treaty" to establish the peaceful use of the South Pole area.

In addition, "the South Pole mineral resources activity regulation treaty" of the Madrid agreement Protocol forbids a mineral activity in the South Pole, but the Chinese government has not stopped exploration activity so far, and it is said that rather I enlarge coal mine exploration from 2012.

The think tank demands it through a report for the Australian government "to show the leadership in careful diplomacy, a clear strategy, and to protect national interest in the Antarctic Continent by strategic investment", and to do it.

*When a rose sprinkles money in Austria through a company, and the Chinese government is going to have a political

influence, Australia and the American media report it.

Penetration to the Chinese democracy society attracts interest.

By the investigative reporting that Australian state-run television station and Fairfax produced jointly, I collected data on four people and pointed out that the China government made penetration in Australia.

(1) 嚴雪瑞 (Ms. Yen) from executive home of the People's Liberation Army and the Australian former information investigator of the husband established a foundation and acted secretly among Canberra, New York, a politician and industrialists of Beijing.

In 2015, 嚴雪瑞 (Ms. Yen) was arrested for the bribery to United Nations official by the U.S. Federal Bureau of Investigation.

Confidential documents were discovered when an Australian anti-spy engine searched home of 嚴雪瑞 (Ms. Yen)

There is friendship with a cabinet minister of the Australian government, and 嚴雪瑞 (Ms. Yen) is considered to have not a little affected the decision of the foreign policy.

(2) Property tycoon of the friend of 嚴雪瑞 (Ms. Yen), 周沢荣 (Mr. Chou) are naturalized in Australia, and it is 20 years and performs a large amount of political donation at an interval in these 15 years.

I contributed a total of 4 million Australian dollar to each political party for ten years and was on familiar terms with many officials including two ex-Prime Ministers.

【 It is a Chinese spy scandal for a New Zealand member of the Diet 】 (September 13, 2017)AFPBB News

*It was found out that a Diet member from China received training for military affairs and the espionage in China in New Zealand on 13th, and a doubt that it was a spy of the China government surfaced.

I claimed that this member of the Diet was a victim of the organized slander that oneself assumed racial discrimination a background and denied a doubt.

According to the investigation that British paper Financial Times (FT) and news site "Newsroom" performed jointly, it is said that the Jian Yang member of the Diet from China is targeted for the investigation of the New Zealand secret service over the connection with the Chinese elite spy school.

In addition, according to both media, it is said that Jian Yang elected a member of the Diet in 2011 covered the career that acted as a lecturer in the linguistic prestigious school for members of Chinese military intelligence.

The New Zealand builds secret information joint ownership mechanism "Five Eyes" with United States, U.K., Canada, Australia, but, according to the Financial Times, it is said that there are not a Chinese secret service and the Western countries where an incumbent is with such the strong connection elsewhere.

In addition, the Financial Times reports, "a question occurred for the preparation of Western countries to cope with China which has an influence positively still more for the foreign government, and sets espionage" about this matter.

【 "The Chinese Communist Party government is the South Pole and pushes forward military activity and the exploration of mineral resources behind closed doors"...An Australian think tank points it out! 】 (August 26, 2017)Epoch Times

* "China invades the leadership in the South Pole of Australia"

The Australian defense think tank points out that the Chinese Communist Party government pushes forward military activity and the exploration of mineral resources behind closed doors at the South Pole recently.

I warned the Australian government that I made an established fact to insist on dominium.

According to the report which a strategic policy research institute of Australia published by 18th, the China authorities cast a vast fund in the South Pole for the past ten years and let you enlarge

movement of "military activity and the mineral exploration that you do not declare".

3 points and two stationing place are in the territory to insist on of Australia in Chinese base 4 points in the South Pole.

In addition, China produces one ship other than two icebreakers of the existence newly.

The aim of the Chinese side is regarded as fishery, tourism, the construction of the transportation network, a coal mine, water and creature resources.

In addition, that, as for the report, a scientific project leads to a defense purpose of the country the military activity by the Chinese authorities; it was said that was not explicable, and pointed it out that violated "Antarctic Treaty" to establish the peaceful use of the South Pole area.

In addition, "the South Pole mineral resources activity regulation treaty" of the Madrid agreement Protocol forbids a mineral activity in the South Pole, but the Chinese government has not stopped exploration activity so far, and it is said that rather I enlarge coal mine exploration from 2012.

The think tank demands it through a report for the Australian government "to show the leadership in careful diplomacy, a clear strategy, and to protect national interest in the Antarctic Continent by strategic investment", and to do it.

*When a rose sprinkles money in Austria through a company, and the Chinese government is going to have a political

influence, Australia and the American media report it.

Penetration to the Chinese democracy society attracts interest.

By the investigative reporting that Australian state-run television station and Fairfax produced jointly, I collected data on four people and pointed out that the China government made penetration in Australia.

(1) 嚴雪瑞 (Ms. Yen) from executive home of the People's Liberation Army and the Australian former information investigator of the husband established a foundation and acted secretly among Canberra, New York, a politician and industrialists of Beijing.

In 2015, 嚴雪瑞 (Ms. Yen) was arrested for the bribery to United Nations official by the U.S. Federal Bureau of Investigation.

·An editorial of 19th of U.S. paper Washington Post is praised highly in a Japanese net.

·When the candidate of the federal member of the House of Representatives follows South Korean inhabitants too much, I criticize it.

·It is the welcome mood in Japan, but a comfort woman image is installed in Michigan on 16th.(Korean Cultural Center front yard)

On August 16, 2014, a comfort woman image was installed in the Korean Cultural Center front yard of business district Southfield in the northwest of Michigan Detroit City.

(Following a thing installed in the park of California Glendale City, it becomes the second place comfort woman image in the United States.)

The Michigan comfort woman girl image Committee on Construction got the support of the chief librarian, but persuades the library side saying that a Japanese-affiliated company and the Japanese consulate general may cause the conflict of the community.

Because it was said that the library side was not good for here, I was changed in front of a Korean Cultural Center.

*U.S. paper Washington Post published an editorial to criticize when candidate federal member of the House of Representatives in northern Virginia followed South Korean inhabitants too much on August 19, 2014.

« " I draw close to the Korean community too much " »

As for the paper, the candidate who showed up in person by an interim election of November from the Virginia tenth electoral district pointed out, "I draw close to the Korea community which grew up rapidly in an area too much"

It is said that candidates pledge it when they recommend "Tokai" where the Korean side insists on a name of the Sea of Japan if elected and the textbook purchase that they wrote jointly.

While because a lot of South Korean inhabitants live in the northern part of state and have votes more than Japanese inhabitants, saying, "a politician does not need to regard South Korean one supporting it,"

" I doubt whether a candidate without the technical knowledge should shove a neck in the intense debate of two American allies about the international situation in particular " I criticize.

"A comfort woman monument" was installed near Fairfax county Government building in May by a South Korean group, but brought it into question.

While it was said that it was indisputable that there were agony and the abuse about so-called comfort woman in World War II, "other was racial and posed a question do you agree to mourning about the historic and national pain in county government center?".

I raised suppression to the Irishman by the British, Armenian genocide of Turkey, fight of the 14th century of Kosovo as an example.

In the net user

"The thing that the indication of Washington Post is totally

proper"

"Journalism seems to be valid and is enviable. Please question with a flow of the money!"

"It is abnormal even if I see it from the third nation which I rubbed where this tone wants you to open more"

I praised.

On the other hand, the tweet to "be already late though I seemed to begin to notice that the recent United States is indeed funny" appears.

【 Because, as for "the girl image," that strange is a political "comfort woman image"; a problem 】 (January 8, 2017)

*An insult, the hatred facilities where the comfort woman in front of the Pusan consulate of the second body does not come to in violation of international law for foreign diplomatic establishments with a comfort woman image in front of the Japanese Embassy of Seoul are unprecedented worldwide.

At night of the last day of the year when the unveiling ceremony of this comfort woman image was forced in Pusan, there was a Seoul annual tolling type hosted by a city in "鍾閣(Jonggak)" of the downtown area in Seoul.

Representative citizen is chosen and hits a bell together every year.

The old woman of former comfort woman became representative citizen.

Because it is a large-scale last day of the year event on behalf of Korea, former comfort woman is a Korean symbol on behalf of the Korean nation now.

I promote setting with a comfort woman image here and there

in the foreign countries let alone the country.

Such as the part of "the Korean culture" including the K pop that Korea is proud of to the world when this watches it from the outside is imaged.

Dear Board of Supervisors,

I protest "Resolution declaring September 22, 2017, as Comfort Women Day in the City and County of San Francisco."

It will open the floodgates for others seeking a platform for incidents that occurred outside of this country.

I ask you not to adopt the resolution at the next meeting.

【 The appearance refusal government is regrettable", and "it expresses it by an event for K pop stars, U.S. forces 】 (June 14, 2017)

*[AFP] The Korean Executive Office of the President announced the comment "to be regrettable" about K pop artist having declined appearance in succession in a concert for U.S. Forces in South Korea which the government supported on 14th.

The concert was carried out in commemoration of the foundation 100th anniversary of the U.S. forces second Infantry Division which was stationed in the parliamentary governing prefecture (Uijeongbu) of the capital Seoul (Seoul) north on 11th, but activist and others started the objection campaign of the event saying that I was piled up though I invited 15 years from the case that two school girls were run over by the armored car of the division, and died.

Appearance such as INSUNI (Insooni) of the singer, "EXID" of the idol group for women "OH! MY GIRL" was scheduled by the concert, but they left INSUNI which went on the platform in the beginning of the concert for the audience without most turning

up saying, "I'm sorry, I cannot sing in this situation" and left the stage.

Only a number of U.S. forces stage including an orchestra and the ensemble group of the Korean traditional music was performed on schedule, but the spokesperson of the Korea Executive Office of the President told, "an event planned as a token of thanks and a farewell was confused and is regrettable".

【 Why are there two chairs in the prostitute image? Why is it a bare foot? Might it be the image of two victims of "the U.S. forces armored car female junior high school student runover death case?" 】

*Why are there two chairs in the Korean prostitute image?

*Why is it a bare foot?

*Though the recruitment of comfort women for Japanese militaries was 18 years old or more, as for the comfort woman image, why is it to the girl of a junior high student?

*Is a Korean comfort woman image a monument image of two female junior high school students who were sacrificed by "U.S. forces armored car female junior high school student runover death case" of 2002?

*How long of "the girl" was set? ⇒ When the book which Korean 朴裕河氏 wrote quotes "the comfort woman of the empire", age is 25-26 years old.

Was it the recycling of the monument of two dead female junior high school students in an accident in U.S. Forces in South Korea base?

⇒ There is no evidence, but is it the one which is possible when I pile it up of the fact of the neighboring situation?

*Then called "the girl" who is why is illogical, but is doubted whether was set when at first there is "a girl image", and this story may begin.

*There was a pitiful case that two female junior high school students who stole into the U.S. Forces in South Korea base in 2002, and played, Shin Hyo-Sun and Shimu Mi-Son were run over by the armored car of the U.S. forces and died.

*A large-scale anti-Americanism demonstration was caused then in Korea.

(Like an impeachment demonstration and a comfort woman disturbance of President Park Geun-hye, the main constituent of the exercise is thought to be pro-North Korea power.)

*I arrange the girl images of two people to these two chairs and I was going to install it near the US base, but seem to be originally remembered in an as follows quiet place without the Korea government concerned with the United States detecting this.

*I do not know it I am run over by the armored car of the U.S. forces, and why the girl image of late two people revived as a comfort woman image in now, but there is the information that I persuaded you into with an amount of money though I object if different from the original purpose in the moldings that made this girl image in the net information.

*Might you do it with nobody that "U.S. forces girl Junior High School birth came and recalled you to a homicide case" when I let two girls sit down because you felt uneasy about that an original comfort woman image became dim (a purpose becomes different)?

In addition, "U.S. forces girl Junior High School birth comes, and there may be the meaning of the insinuation to the United States by a homicide case" in the exercise organization(Pro-North Korea group), too.

*Anyway, for anti-Japan anti-Americanism, may the extraordinariness of this moving body(Pro-North Korea power)which puts two late female junior high school students away as a comfort woman in a real accident appear?

*In fact, was it "an anti-Americanism girl image?"(It is a guess, but may be managed as a story when I pile up circumstantial evidence.)

*Why are there two chairs in the Korean comfort woman image? In addition, from when of "the girl" was set? Why is it a bare foot? ⇒Was it the recycling of the monument of two dead female junior high school students in an accident in U.S. Forces in South Korea base if I guessed it?

【 parliamentary governing prefecture U.S. forces armored car female junior high school student runover death case 】

*(late Shin Hyo-Sun with the U.S. forces armored car, Shimu Mi-Son murder case) is the case that armored car M88 of the U.S. second Infantry Division position that was going to return to the US base of the parliamentary governing prefecture city to Korea in Gyeonggi-do Yang state county (existing: State of Yang City) of Korea on June 13, 2002 wakes up an accident in a public road, and ran over and killed two female junior high school students.

At the time of 2002 through 2003, a large, intense anti-Americanism demonstration was carried out triggered by the

case concerned in succession in Korea.

*Mr. and Mrs. 金 運成(Kim Unson) & 金 〇炅(Kim Sogyon)sculptor of anti-Americanism parent north who produced so-called "girl image" by collaboration

*Whenever one body is made, "girl image" (comfort woman image) gets an income approximately 30,000 dollars (approximately 3,400,000 yen) from the Mr. and Mrs. Korean (anti-Americanism activist) who is a producer.

*Is it two Korean girls who the original motif of the Korean comfort woman image is run over in the U.S. forces, and died in an accident?

*Did words not say first when it came to contain money to have put an objection when the molding writer who made it was different from an original purpose in an image?

*In fact, I feel sorry for a girl considered to be a model.

It is done, and a wrong model (comfort woman image) is a poor thing because two people are inconvenient though they were if it was on one (nobody).

*A comfort woman does not have the girl for (IWG report 2007) as a result that the American Department of State checked it (the document which the U.S. forces checked) either.

● <http://www.archives.gov/iwg/reports/final-report-2007.pdf>

So the model of the image was proved to be the female junior high school student whom the U.S. Forces in South Korea had run over by military vehicle, and might comfort woman image setting of the United States be prohibited as it was revealed that it was an anti-Americanism bronze statue?

*Please understand that Japanese are very upset about the approved inscription of “comfort women” monument, because you single out only Japanese military. That is unfair and is nothing but an insult to Japanese.

*The peaceful city of [San Francisco](#) should not be involved in such issue by erecting memorial of one-sided allegations.

*I believe the monument will divide your multi-cultural good communities. And also it will drive a wedge among US, South Korea, and Japan alliance, and that will only make Communist China and North Korea happy.

Thank you very much.

Sincerely,

Susumu Hikoyama

[Ecuador protests China: "I damage the resources", and caution, President Moreno "are crimes against whole earth," is a Chinese ship rare shark indiscriminate hunting near an economic zone?] (August 20, 2017)

*There was the case that a China ship with approximately 300 tons including the rare shark was captured this month in the marine sanctuary of the world heritage Galapagos Islands offing of South America of Ecuador.

Ecuador developed into a situation to protest the Chinese government.

The operation of the Chinese big catch fleet was confirmed in the exclusive economic zone (EEZ) neighborhood of Ecuador.

I strengthen caution to damage the marine resource of the Chinese fishing fleet and can read the Ecuadorian side.

According to the news from the field, the Chinese ship was captured off east approximately 64 kilos of the San Cristobal Islands Island located at the east end of Galapagos Islands on the night of this month 13.

Approximately 6,620 sharks including the common hammerhead published in the endangered species list (Red List) of the International Union for Conservation of Nature and Natural Resources (IUCN) were found in the hold.

On 18th, Ecuadorian Ministry of Foreign Affairs calls a Chinese ambassador to the country, and they protest it.

President Moreno criticized "this by a speech for nations for 21 days, criminal to the whole not only the ecosystem of the Galapagos Islands but also earth".

The court of the San Cristobal Islands Island announced fine 5,900,000 dollars (approximately 640 million yen) in total to 20 crew for imprisonment 4-1 years on 27th.

The Chinese ship belongs to a Chinese fishing fleet to operate near EEZ of the archipelago south from the end of July.

I count 300 in the maximum and am comprised of a ship with the processing ground of the fish or a carrier, a refueling ship.

The Ecuadorian navy sends high speed boats to the spot sea area and continues watching it.

I point out that a scale and the way of approach of the fleet may give environment, economy a blow even if the person

concerned with navy does not invade EZZ in the local media.

I stated, "sovereignty called the monopolistic use of resources is threatened".

【 The Susi ocean fisheries minister(Susi Pudjiastuti, Minister of Maritime Affairs and Fisheries) of the Indonesian woman blows up an illegal Chinese ship in sequence [do not live on play] 】 (July 22, 2016)

*Court of arbitration of the Netherlands Hague announced decision, the issue of dominium of the Chinese South China Sea to insist on "did not have the legal grounds" on July 12, 2016.

*The court of arbitration of the Netherlands Hague announced decision to authorize in "nine steps of lines" which China which China set originally in the wide range of the South China Sea on July 12, 2016 insisted on saying "there are not the legal grounds".

I concluded without being able to call the place where China pushed forward landfill "an island" legally when I could not insist on ocean rights and interests to be concerned with the exclusive economic zones (EEZ).

*About a marine advance of China by international arbitration (the Philippines brings an action in 2013) a Chinese claim all; is denied, and stern eyes are turned from the world.

In Indonesia in particular, I blow up the illegal Chinese ship which Susi Pudjiastuti, ocean fisheries minister captured in sequence and come into the limelight.

Behind Minister sushi "not to have possibilities to live on play, and to be", and to talk so about, a China ship is blown up in sequence.

I carried the illegal fishing boat which performed the capture to the offing and I set an explosive and destroyed it and was able to set in the bottom of the sea.

In May, 2015, I blew up a Chinese fishing boat and attracted attention from the global community.

I blew up approximately 150 illegal fishing boats such as Vietnam and the Philippines, Thailand so far.(Most are Chinese fishing boats above all)

【 When the red coral poaching (plunder) of Japanese Ogasawara Islands of the Chinese fishing boat (fleet) is too terrible, is foreign countries, but in a topic! 】

(November 05, 2014)

* A Chinese fishing boat flocks en masse in Ogasawara Islands and Japanese territorial waters around Izu Islands and the exclusive economic zone (EEZ) and poaches red coral traded at a high price.

It is an act to violate the United Nations Convention on the Law of the Sea which I fixed Japanese laws and ordinances and EEZ for clearly.

The Chinese government must stop the crime of the fishermen of the own country promptly.

I cannot deny that the control of the Japanese side for a large number of fishing boats which flocked fell behind the curve, but it is not permitted overlooking it.

I want to demand determined disclosure to blockade a further rule buster.

While the 華 春瑩(Hua Chunying) spokesperson for Chinese Ministry of Foreign Affairs was a press conference, and it was

said, "I strengthen the law-enforcement for the illegal act sequentially", I required it to perform the control in "it is rational and inhibitory" on the Japan side.

The Chinese fishing boat thought to be a poaching purpose had begun to be outstanding from September, but increased remarkably than 200 ships from the end of last month.

The control of the fishing boat to go in and out of in the port of the own country is insufficient and is the situation that is doubted whether the Chinese government is going to prevent it seriously.

I added it to a voice to regret lost resources, and the voice to point out the long-term damage with lateness of the correspondence of the government and the dumped net went up it from the fisherman of Ogasawara Islands (Tokyo) which did a scratch of the coral poaching with the Chinese ship in one of eyes with a clear picture on 21st.

【 300 Chinese fishing boats are Senkaku attack, the situations of "the exceptional case" 】 (August 12, 2016)

*In August, 2016, wind and cloud admits of no delay the situation around Senkaku Islands.

The Chinese fishing boat of 300 attacked it in the Senkaku Islands sea near the shore. A lot of Chinese public vessels accompany it as if I protect the fishing boat.

The Japanese Government stiffens a manner at the invasion of

the unprecedented number and repeats strong protest.

One Chinese public vessel (ship belonging to the Chinese government) invaded the around Senkaku Islands territorial waters following a Chinese fishing boat at about 1:30 on the afternoon of August 5, 2016.

Up to 15 Chinese public vessels entered into the contiguous zone at the same time by 6:00 on the afternoon of 8th, and a total of 17 ships invaded the territorial waters afterwards.

I gather a large number of Chinese public vessels of up to 15 in the same sea area while approximately 200-300 fishing boats operate it in the contiguous zone around Senkaku Islands and try that a phenomenon to repeat territorial waters invasion following China fishing boat was confirmed for the first time.

【 The present conditions of the prostitution in the United States of the Korean woman-A Korean and the Chinese prostitution business manager who attract attention in American major cities
】 (March 14, 2014 / The Chosun Ilbo / Korea daily report)

*Findings that the scale of the prostitution market of 8 main urban areas of America reached approximately 100 billion yen a year (9,100 million dollars) was shown.

It is the scale more than the market of the illegal firearms, drug. It was a Korean, or most of the Asian style "massage parlor" which became the hotbeds of the illegal prostitution knew that a Chinese ran it.

The American non profit organization Urban institute announced the report which checked the sex culture of 8 American main

cities by the request of U.S. Department of Justice under the ground on March 12, 2014.

The report of 348 pages performed the investigation for a prostitution supplier, the prostitute of 8 rice main cities (Denver, Dallas, Miami, San Diego, Seattle, Washington, Atlanta, Kansas City), drug merchants.

The Urban institute explained, "it is the first report which I analyzed the main underground economy such as sexual intercourse for money markets into deeply".

Most of are estimates, but the statistics number about the underground economy attracts attention at the point where this report showed a comparable concrete number.

In Atlanta where it has many South Korean inhabitants that prostitution was the most active according to the report in subjects of survey city (7 cities except Kansas City), the market size is 290 million dollars a year.

It was Miami (235 million dollars), Seattle (112 million dollars), Washington (103 million dollars), Dallas (98,800,000 dollars), San Diego (96,600,000 dollars), order called Denver (39,900,000 dollars) as follows.

The total of 7 cities reached 975,300,000 dollars.

The report pointed out that most of were Koreans, or the Asian style massage parlor was management by the Chinese through an interview.

Most of were 40-50 generations, and the age group of the prostitution business manager summarized the count with 40 dollars - 100 dollars (approximately 4,100 yen - 10,300 yen) in the prostitution price.

The report was the illegal immigrant who almost entered the country via Canada and Mexico of the prostitute of the massage parlor again, and prostitutes went around the system store of the prostitution business manager and pointed out that I sold myself.

Atlanta was the best, and the income of the prostitution business manager was 32,833 dollars per one week.

I earn 1,707,316 dollars by (52 weeks) a year.

The income per one week was Denver (31,200 dollars), Seattle (18,000 dollars), Miami (17,741 dollars), Dallas (12,025 dollars), Washington (11,588 dollars), San Diego (11,588 dollars), a result called Kansas City (5,000 dollars) as follows

"I looked for the job offer method of the prostitute by the prostitution supplier from the neighboring people including the friend", and there was the most (42.5%).

The following, a neighbor (38.4%), a bar or a club (30.1%).

There were relatively few Internet (21.9%), offers (21.9%) in the street.

There were a school (11.0%), a store (4.1%), the answer called the transfer station (2.7%) to public transport, too.

In 8 cities, it was Dallas that drug traffic was the most active, and the annual market size was 191 million dollars.

It was **Atlanta** (117 million dollars), Washington (103 million dollars), Miami (96 million dollars), San Diego (96 million dollars), order of Seattle (87 million dollars) as follows.

The total scale of the drug market of 8 cities was less than the scale (738 million dollars = approximately 75,800 million yen) of the firearms business market for 727 million dollars

(approximately 74,700 million yen) a little.

【 Expedition prostitution of the Korean woman in America- The Korean prostitution supplier who makes rapid progress in the world 】

(The JoongAng Ilbo / Korean Joong-ang Daily News)

*33 Korean women were arrested in Connecticut downstate water Valley of America on June 2, 2012.

The police person concerned of Connecticut water Barry saying "obtained information that prostitution was carried out in a massage shop, and lasted for two months, and continued investigating it."

I stated, "Korean massage shops increase rapidly".

The prostitution by the illegal stay Korean woman surfaces for a social problem in the United States.

The Korean information authorities announced, "I estimate that the inflow scale of the Korean woman that prostitution was doubted rose in the Los Angeles City police department in 8,000 after 2004".

The Federal Bureau of Investigation (FBI), Department of Homeland Security, the joint control group which consisted of more than 400 people on June 30, 2012 of the police arrested 192 Koreans such as the Korean women such as 150 in total for the prostitution charge in California Los Angeles and San Francisco.

In 2013, a Korean woman is arrested for the prostitution charge in succession in Korean crowd areas of New York, Virginia, New Jersey.

The person concerned of the Los Angeles Police says, "90% are

Koreans among 70-80 arrested prostitution women every month".

The expedition prostitution of the Korean woman gets away from the Korean crowd area in these days and spreads through the U.S. Middle West, and United States judiciary authorities watch it closely.

Besides, prostitution has been disclosed in an apartment, and the apartments refusing the entering of the Korean woman increase.

【 "Expedition prostitution" from Korea becomes the problem in the United States. 】 (August 7, 2017)

*A prostitution mediation group arrested for the news dated July 26, this year in last January is Korea, and "the Seattle Times" invites women poor economically and tells when I let you sell yourself in the northwestern part of United States including Seattle.

It is said that they had anything to do with 5-10 people a day in the environment that freedom is not given.

A rate is 300 dollars per hour, and 100 dollars of those passes to the mediation group, and it is said that 200 dollars was their share.

*"More than 100,000 Korean women make an expedition abroad and sell" myself

The Kim common reed member of the Diet speaks, more than 100,000 Korean women make an expedition abroad, and "they sell" themselves by Diet government inspection of October, 2010 in Korea.

According to her, it is said that the Korean woman performing

"expedition prostitution" puts 250, other New Zealand, China, Hong Kong, United States together in 2,500, Guam in 50,000 people, Australia in Japan and reaches 100,000.

In addition, "the ratio of Korean women who came for expedition prostitution according to the American official statistics (among foreign prostitutes of the United States) appears in the news called 23.5%" in this March ("NEWSTOWN").

This greatly touches a difference in Thailand (11.7%) of the second place, Peru (10.0%) of the third place in most ratios among American foreign prostitutes.

*Korea with much expedition prostitution too-The much prostitution is outstanding in an international crime.

According to "as a result of report international crime intensive control that the Korean National Police Agency announced in August, 2015," there seemed to be the most crimes in conjunction with the prostitution in the international crimes such as passport forgery, the forgery illegality emigration and immigration that occurred for 50 days until from July 6, the same year to August 25.

The concrete breakdown was included in the Korean man who paid you for sex in the gringa who sold himself/herself in the Korean woman, country that sold themselves in a foreign country in a foreign country.

*Reason to meddle with expedition prostitution

It will have to be the background that there is the economical poverty.

Besides, Korea has a big man and woman pay gap, too.

A man and woman pay gap of 2016 was 36%, and, according to

the news of "the newspaper for women", there was a difference most in OECD member nations.

●The peaceful city of San Francisco should not be involved in such issue by erecting memorial of one-sided allegations.

U.S. for two days (local time).

Two Korean university students who began the trip that it crossed the American continent by bicycle to have led a demonstration to inform the truth of the issue of comfort woman in this June.

I arrive at Chicago on July 31, and it is said that I prepared for a demonstration.

Approximately 20 people including the woman human rights group of Americas interest person corps and Chicago participated in a demonstration and accused the authorization of the crime about the Japanese military comfort woman, the investigation of the comfort woman, legal compensation, the record to a Japanese history textbook, the punishment of the person in charge.

I hung one month or more, and two people who left Los Angeles ran at the distance more than 3,500 kilos by bicycle until I arrived at Chicago and told it about a comfort woman problem in various parts of America.

【 It is a demand by return to Japan of approval 1 billion yen, the dismantling of the settlement, healing foundation in the Seoul municipal assembly "renegotiation demand resolution of the Korea day comfort woman agreement" 】 (February 17, 2017)

*Seoul municipal assembly passes "the renegotiation demand resolution of the Korea day comfort woman agreement"

The Seoul municipal assembly held the 272nd, a temporary plenary session on 17th, and Seoul Special City assembly approved "the renegotiation demand resolution of the Korea day

comfort woman agreement".

The resolution destroyed "the agreement about the Japan forces comfort woman victim problem" that the Korean Minister of Foreign Affairs and the Minister of Foreign Affairs of Japan bound together on December 28, 2015 and included the contents which returned 1 billion yen that I received from the Japanese Government.

In addition, for the observance of a contract of the comfort woman agreement, content to promote the dismantling of a settlement, the healing foundation which started in last July was included.

In addition to the Seoul municipal assembly, in the Korean Democratic Party, "Contribution promotes it based on this resolution passage with the government ignoring the opinion of the victim to return done 1 billion yen to the Japanese Government promptly" announced, "I push on for the dismantling of the settlement, healing foundation that damaged honor and the human rights of comfort woman victims seriously and the renegotiation of the comfort woman agreement".

*The peaceful city of San Francisco should not be involved in such issue by erecting memorial of one-sided allegations.

*I believe the monument will divide your multi-cultural good communities.

Thank you very much.

*["Munakata, Okinoshima" world heritage registration of Japan, all countries except Korea support a suit of Japan](#)(July 10, 2017)

"Island where God dwells" in "Munakata, Okinoshima and the inheritance group concerned" are comprised of eight assets including "Munakata big shrine side Tsunomiya" of Okinoshima and the Kyushu mainland floating in the Sea of Genkai and pray for the security of the voyage and convey a tradition to admire Okinoshima in now.

"Munakata, Okinoshima and the inheritance group of Fukuoka concerned" were decided on a world heritage. All the assets that registration was anxious about concerned were registered.

It was a claim on the Korea side that "57,900 Koreans from Korea Peninsula were made to do forced labor in seven facilities among UNESCO registration 23 facilities.", but is such a claim equal to a fact?

Coal was mined in Gunkanjima from 1890.

More than 480 meters in length, 5,300 people lived in Gunkanjima of the size of 180 meters in width and, in the 1950s of the heyday, recorded the world's best population density.

While I did so it, it was closed in 1974 and became the uninhabited island state now.

The director "Sakamoto" of the NPO corporation "meeting which registered Gunkanjima with a world heritage" lived in Gunkanjima from a sixth grader to a twelfth grader.

"Sakamoto" recollects it in this way.

"Father entered Gunkanjima at other districts as a coal man, but life levels were completely different. It was before TV still spread in earnest, but Gunkanjima had a washing machine and a refrigerator let alone TV in those days in almost all families, too. The work was great, but the salary of father remembers that it

was much higher than other places. Let alone a mall, amusement complexes such as pachinkos were enough, too. At the same time, until before when the Anti-Prostitution Law was enforced in 1957, there was "a red light district". According to the story of father, there were three places of red light districts in Gunkanjima, and one of those was for exclusive use of a Korean."

It is "Kurosawa" who wrote the book called "an introduction to Gunkanjima" that I study Gunkanjima more than ten years, and the existence of "the red light district" confirmed based on testimony of former islanders.

"Kurosawa" says in this way.

"There were seven places of red light districts in Gunkanjima in the Taisho era (1912-1926), and there were approximately 20 women there. There were around three women in one place. After that it is the Showa era (1927-1945), and three places of red light districts will exist at the mall of the southern part located the south of the island in Gunkanjima. As something about "Honda" where Nagasaki Shimbun-sha is one of the red light districts of Gunkanjima for 1,933 years (Honda, name of the brothel) "the existence that recognizes services of fatigue and the mind and body of miners covered with culm. This (existence of the red light district) is another section of Hashima." (Gunkanjima) I put an article by というような contents. A red light district called such "Honda" (Honda) and "Morimoto" (Morimoto) was a product for Japanese, and the red light district named "Yoshida Dental Trade Distribution" (Yoshida) was for exclusive use of a Korean. By the way, as for

the woman who worked in "Yoshida Dental Trade Distribution" (Yoshida), all the members were Korean women

The photographer "Sakai" of the freelance spoke it based on the testimony of former islanders in this way.

"Three places of red light districts had ten women in total. Not a woman in her 10s or 20s, it was a considerably elderly woman."

Many Koreans worked in Gunkanjima from the 1920s.

Koreans came over to Gunkanjima for the work that could receive a high salary.

There was the Korean who entered Gunkanjima in the form of the illegal entry without receiving official permission in that.

Therefore the Japanese police at the time supervised them and sent it back home forcibly.

(A Korean blogger: Mr. Vander build)

●The front, Korean MBC broadcasting station collected data on it for a while in conjunction with Gunkanjima (as for the Nagasaki jurisdiction, the official name "Hashima") registered with the UNESCO as a world heritage.

Including MBC, there is a photograph used widely in Korea.

It is the photograph which a worker standing in the state that became jet-black appears in, but this is a figure of the Japanese worker of the roadwork spot that is past, and was published in Hokkaido Shimbun and is not a Korean.

Furthermore, Korea uses the photograph which a man lies at a small place and mines well, but this is gallery photograph of the Fukuoka Chikuho coal mine.

We gave such an explanation on the Korean MBC side.

By the way, such explanation was not reflected by the broadcast

of MBC as expected.

In the first place it wanted to tell a Korean about a fact (Fact), and it is one to have accepted coverage on the Korean MBC side.

The beginning of July, "Gunkanjima played hell island" and an advertisement to insist on for an electric signboard advertisement of Times Square of New York, America.

By the advertisement, the photograph which pointed out that it was a mistake was just passed to the Korean MBC side.

(A Korean blogger: Mr. Vander build)

The 徐敬德: Seo Gyeong-deok Sungshin University professor paid this donation to the acting advertisement supplier "ISEA communication" that Mr. South Korean American CHO HYONJUN resident in New York ran as advertisement costs.

The company made a contract with agency "city outdoor" specialized in American outdoor advertising and notified an advertisement for three months.

However, the city outdoor caused suit for approximately 70,000 dollars including advertisement charges and advertisement

withdrawal costs for the failure to pay in the New York district court saying, "ISEA communication did not pay advertisement charges 53,000 dollars for two months of (12 years) November and December" in last June.

In addition, Mr. CHO HYONJUN does not pay the advertisement charges of the video advertisement of the bibimbap which the entertainment program production staff of a certain TV station notified on an electric signboard of Times Square for one month of November, 12 (4,000 dollars) to the city outdoor either, and this matter is included in the suit documents which the company submitted to the court.

Subject: A letter from a Japanese citizen about the Resolution of "Comfort Women" Day
Date: Monday, September 18, 2017 10:33:03 PM

Dear Sirs/Madams,

This is a message from a Japanese. I would sincerely appreciate it if you could possibly give my two cents worth a read.

With all due respect, I am strongly against "Resolution declaring September 22, 2017, as Comfort Women Day in the City and County of San Francisco."

My burning question is this: If "Comfort Women" during World War II really matters to you, why in the world you Board of Supervisors can be shamefully silent on what's going on in East Asia. There can be no double standard in this regard.

The facts speak for themselves. According to *The Black Book of Communism: Crimes, Terror, Repression* by French historian Stéphane Courtois, published in 1997, after the Second World War more than 65 million Chinese have been killed under Communist China, and over 2 million Koreans killed in North Korea. Humanitarian abuses are happening at this very moment in Tibet, East Turkistan, and Southern Mongolia. The people's Liberation Army of China is carrying out cyberattacks against the world day in and day out. Numerous people in several countries, presumably including one American named David Sneddon, have been abducted by North Korea. Chinese naval forces repeatedly invade territorial waters of Vietnam, the Philippines, and Japan. Beijing continues to crack down on human-rights activists of China and democratic movements in Hong Kong. Seoul routinely gives in to anti-Japan, anti-American, and pro-Pyongyang domestic pressure, at the expense of universal values like the rule of law and freedom of speech even right now.

Yet, these autocratic forces opportunistically play up "Japan's wartime crimes" all around the world without meeting the burden of proof just to cover up their humanitarian crimes. What is essentially wrong with your claim of "comfort women" is that it is fueled not by love, reason, and pursuit of truth, but by fury, hatred, and a burning desire to humiliate Japan. It is time to say enough is enough.

In 1862 President Abraham Lincoln described the United States as "the last best hope of earth". In 2015 Japan's Prime Minister Shinzo Abe came to the U.S. congress and urged, "let us call the U.S.-Japan alliance, an alliance of hope. Let the two of us, America and Japan, join our hands together and do our best to make the world a better, a much better, place to live."

I would say that the alliance between Japan and the United States is the last best hope of leadership in East Asia. Honoring the rule of law, contracts and covenants, and the elevation of freedom—these are what both countries have held dear throughout their history. We should never give in to the Orwellian propaganda like "Korean wartime sex slaves" spewed by some who reject these values. No less than freedom of the world depends on it.

Thank you for your attention.

I am sorry about the women.
But there is no evidence that Japan forced them. And Korea has been setting up monuments of the forced comfort girl in front of Japanese embassy.
This is against international law.

Japan has been supporting them through Asian women's fund as they are victims in world war 2.
They never mention it.

It is impossible to respect their action as long as things against international law have been done.

Dear Board of Supervisors

I am writing this email to express my deepest concern about and strong objection against the comfort women resolution. First of all, I should say that all Japanese are on the same boat as Koreans, Chinese and other people in the world in terms of protecting human rights, including of course women, minors, children and all other people under discrimination. In this sense, we understand and agree that any women who had been put in extremely difficult situation during the war and/or extraordinary circumstances should be saved with a full protection anytime in the past, now and in the future as well. These women include not only comfort women for the Japanese soldiers during the World War II, but also Vietnamese women forced to serve Korean soldiers with sex during the Vietnamese War, Korean women served the U.S. soldiers with the sex during the Korean War and all other women in the same or similar cases. War is really cruel and often causes such miserable situations to women which is in no way allowed to happen. For this purpose, we must work together, among Japanese, Korean, Chinese, American and other people of all nations on the globe. However, the real perspective of the comfort women resolution of this particular time is totally different because of the two reasons. (1) True intention behind of the resolution is not to protect human/women rights, but to specifically target and damage Japan diplomatically and politically. (2) The solution is based on unconfirmed and even wrong information and/or misunderstanding of the historical facts, such as number of the women involved, the way for them to become a comfort women, etc. Once such resolution has been adopted, it should cause tremendous problems to divide the local community

with serious hate and discrimination, and also to jeopardize the efforts made mutually by Korean and Japanese people with a good sense to protect human/women rights. I believe that the America is a country of fairness, equality and generosity where people from many different countries live and work together friendly. The resolution should lead your community and us all in America to quite opposite direction and the people as well as America as a nation will be upset and ashamed when they have found themselves in the future in such totally unexpected confusion and turmoil made by the wrong decision.

I have to speak out loud that such resolution should not be adopted for the future of the people and America.

Sincerely,

T. Matsumoto

Dear Board of Supervisors,

I strongly against "Resolution declaring September 22, 2017, as Comfort Women Day in the City and County of San Francisco."

"The Comfor Women"(a comfort girl) is 'nothing more than a prostitute or professional camp follower,' as recorded in the "United States Office of War Information."

Are members of the Board of Supervisors demying the above US official record?
Or are they declaring September 22, 2017, as "Prostitute Day in the City and County of San Francisco"?

I strongly hope they return to their senses before they vote for the resolution.

I am against the comfort women Resolution, which is going to be handled on Sep.20.

In Japan the Asahi Shimbun, a national paper which started the controversy, admitted the reports were fake on Aug.5 2015.

The reporter S. Yoshida did not go to the location. The newspaper investigated thoroughly the facts and cancelled the reports.

The Asahi Shimbun must go to San Francisco and explain the course of the mistakes.

Your resolution will harm the relation between USA and Japan.

Subject: Does "Comfort Women Day" honor victims of Korean War and Vietnam War also?
Date: Monday, September 18, 2017 5:29:36 PM

Dear Board of Supervisors,

I've read resolution file # 170991, but I was very disappointed.

San Francisco is one of the largest city in the U.S. and is also leading diversity within the U.S. cities.

When such a large city is to decide on the "comfort Women Day", diversity must be considered, even on the "Comfort Women". Without considering all of the Comfort Women victims during war time, this "Comfort Women Day" will not be completed.

Hundreds of Korean women were undeniably victimized as comfort women during Korean War. They suffered tortures and many of them died during treatment. They were serving UN soldiers during Korean War at Korean peninsula. Most of UN solders there was Americans.

Thousands of Vietnamese women were victimized as comfort women during Vietnam War. Many of those Vietnamese women got pregnant, and gave birth to children as the result of comfort women. Many of them are half-Vietnamese and half-Korean. Tens of thousand of children were left out without any support.

Well-diversed city like San Francisco, should open eyes to all of the comfort women victims during War time. Please expand the purpose of the "Comfort Women Day" to include ALL of the comfort women victims.

Dear Mayor of **San Francisco**, member of a municipal assembly, park executive committee

I protest "Resolution declaring September 22, 2017, as Comfort Women Day in the City and County of **San Francisco**."

It will open the floodgates for others seeking a platform for incidents that occurred outside of this country.

I ask you not to adopt the resolution at the next meeting.

*I expect reconsideration about the comfort woman image setting from the people of the **San Francisco** municipal assembly.

*I would strongly ask you would vote against the proposal at the forthcoming meeting.

●The U.S. expert warns, "a bottom of heart head is funny in Korea" in "seriousness"! (June 9, 2017)

*Recognition to too assume a Korean anti-Japan yellowtail unreasonableness inside and outside the Obama Administration spread.

(The change that was apparent to an American policy to ROK appeared.)

One of the convincing illustrations is a recent article of the American scholar who analyzed the anti-Japan tendency of Korean public and private sectors until a pathologic "obsession" (obsession).

【It is one point at issue, but may you deserve devotion?

·In my opinion, why is it? Though the **pro-Japanese** feelings

that included the similar rule of Japan in Taiwan (50 years) are strong, in Korea (35 years), is **anti-Japan** sentiment strong?

·Besides, is it ... though I am driven to the Chinese Communist Party, and the government (27 years) had the Republic of China (principal before Fuhrer蔣介石 [**Chiang Kai-shek**] , it) which flew to Taiwan?

*260,000 documents about Chiang Kai-shek, net exhibition can read a person of the whole world! (Taiwan) (January 08, 2017)]

This article that Asian policy people concerned of Washington watched closely now was written with a title "**does why Korea hold irrelevant thoughts in Japan to here?**" by Mr. Robert Kerrey specialized in politics and the history of the East Asia.

It appeared in the Asian diplomatic dispute magazine called "a diplomat" this month and was introduced immediately in the net press of the American side expert and laid a reaction hot at a stretch.

Kelly who obtained a political doctorate in American Ohio State University acts as Associate Professor at Korean Pusan national university now.

Kelly is that discussion sentence and at first I begin to write, it "**becomes clear to anyone that the whole Korea holds the deep attachment that is negative so as to be strange for Japan if few live a life in Korea**" and point **out comfort woman image construction lobby work** in a Japan militarism revival theory and the United States from the former Japan soldier snipe play of Korean children as an example on "**a strange anti-day**" from the experience of the recent living in Korea.

On top of that, he spoke explanation and analysis of the following main point saying that he did not think that the Japan bashing of one such public and private sectors was caused only by the history until 70 years ago.

(a). On "the anti-day in Korea, a oneself of a race and the national identity (self-knowledge)-centered search is near across simple feelings and politics"

(b). "But I am inferior to North Korea by emphasizing a racial pureness, and there are too many human connection and corruption to emphasize national democracy"

There is the government taking the harmony plan that is strong to be clear in North Korea (sense of closeness) from the posture of the 文在寅(Moon Jae-in)government

(金大中:Kim Dae-jung The government、盧武鉉:Roh Moo-hyun The government、文在寅: Moon Jae-in The government)

(c). "Therefore I place Japan as evil, and what I continue beating becomes the perfect method of the Register timothy (legitimacy) ostentation of the Korean racial pureness"

(d). Though "you should be turned to North Korea denying Korean existence itself, the claim of a Korean nation and the racial legitimacy is to do Japan bashing with a substitute easy solution"

If a Japanese politician and scholar speak the same thing, it will become the serious situation.

But the agreement to such analysis increases by the present discussion on the American side clearly.

Kelly announced the article "that "fatigue of Japan in Korea" had begun to spread out at last in the United States" in this May.

I point to the phenomenon, "words of Korea are already disgusting" with "fatigue in Korea".

In fact, Undersecretary of State Wendy shaman of the Obama Administration made a request for Korea about a historical issue by a recent visit to Korea and bought the repulsion of the Korean side.

【· { Remark of Undersecretary of State U.S. shaman } (February 27, 2015)

Undersecretary of State shaman of the Department of State in charge of an American foreign policy pointed out that a historical issue disturbed the cooperation of Japan, China and South Korea by the lecture at the Carnegie international peace foundation of Washington on 27th.

When the leader of each country uses a historical issue for playing to the gallery in the country, suggest it, and it looks like it; took it, and called how to put up with "a provocation".

Japan, China and South Korea quarrel over the issue of comfort woman, the issue of history textbook, a name of the Sea of Japan, the issue of visit to Yasukuni Shrine.

The vice-minister says, "all these are intelligible things, but can be an irritating thing".

"The feelings of the nationalist are available more unfairly, and, for no state politics leader, it is difficult to get cheap applause cheers by looking down on an ex-enemy, and speaking ill. However, such a provocation produces jam-up not progress. You must imagine the thing in the future without getting snagged about the past to advance before"

·Issue of comfort woman Japan and Korea agreement is an

agreement of Japanese Government and the Korea government which were performed to also solve the comfort woman problem of the Japan forces bound together at Japan-Korea Minister of Foreign Affairs talk of December 28, 2015 irreversibly in the last.]

Mr. Victor tea and Mr. Michael Green in charge of Asia and Korea in the National Security Council of the ex-government of Bush came to suggest the criticism to a posture of Korea to Japan recently.

It is the news that Alexis Dudden professor of the Connecticut University that defeated Japan by the issue of comfort woman for many years advised Korea high government official saying "Washington expects that I do not touch Japan by the visit to the United States of the 朴 槿惠(Park Geun-hye) President" that is more interesting.

Is it that at last the Japan and Korea-affiliated truth was known on the American side?

*North Korean juche:"The main constituent" (juche) converted the term "main constituent" of philosophy and the Marxism into Korean.

"The main constituent" often means "voluntary independence "and" independence mind" in North Korea.

The juche is used in the meaning, "I always put Korea first".

金 日成(Kim Il Sung)said that the juche was based on faith that "a human being was the master of all things and decided all".(Extract)

*I believe the monument will divide your multi-cultural good communities.

And also it will drive a wedge among US, South Korea, and Japan alliance, and that will only make Communist China and North Korea happy.

Thank you very much.

Sincerely,

Dear Board of Supervisors,
I strongly protest against the "Comfort Women monument" and "Day of the comfort woman" in San Francisco. (Saint Mary Park)

*I expect reconsideration about the comfort woman image setting from the people of the San Francisco municipal assembly.

*I would strongly ask you would vote against the proposal at the forthcoming meeting.

" What are the evidence or primary source to proof these allegations? Or name the historians.

I would ask that you turn down the proposal.

[Ecuador protests China: "I damage the resources", and caution, President Moreno "are crimes against whole earth," is a Chinese ship rare shark indiscriminate hunting near an economic zone?] (August 20, 2017)

*There was the case that a China ship with approximately 300 tons including the rare shark was captured this month in the marine sanctuary of the world heritage Galapagos Islands offing of South America of Ecuador.

Ecuador developed into a situation to protest the Chinese government.

The operation of the Chinese big catch fleet was confirmed in the exclusive economic zone (EEZ) neighborhood of Ecuador.

I strengthen caution to damage the marine resource of the Chinese fishing fleet and can read the Ecuadorian side.

According to the news from the field, the Chinese ship was captured off east approximately 64 kilos of the San Cristobal Islands Island located at the east end of Galapagos Islands on the night of this month 13.

Approximately 6,620 sharks including the common hammerhead published in the endangered species list (Red List) of the International Union for Conservation of Nature and Natural Resources (IUCN) were found in the hold.

On 18th, Ecuadorian Ministry of Foreign Affairs calls a Chinese ambassador to the country, and they protest it.

President Moreno criticized "this by a speech for nations for 21 days, criminal to the whole not only the ecosystem of the Galapagos Islands but also earth".

The court of the San Cristobal Islands Island announced fine 5,900,000 dollars (approximately 640 million yen) in total to 20 crew for imprisonment 4-1 years on 27th.

The Chinese ship belongs to a Chinese fishing fleet to operate near EEZ of the archipelago south from the end of July.

I count 300 in the maximum and am comprised of a ship with the processing ground of the fish or a carrier, a refueling ship.

The Ecuadorian navy sends high speed boats to the spot sea area and continues watching it.

I point out that a scale and the way of approach of the fleet may give environment, economy a blow even if the person

concerned with navy does not invade EZZ in the local media.

I stated, "sovereignty called the monopolistic use of resources is threatened".

【 The Susi ocean fisheries minister(Susi Pudjiastuti, Minister of Maritime Affairs and Fisheries) of the Indonesian woman blows up an illegal Chinese ship in sequence [do not live on play] 】 (July 22, 2016)

*Court of arbitration of the Netherlands Hague announced decision, the issue of dominium of the Chinese South China Sea to insist on "did not have the legal grounds" on July 12, 2016.

*The court of arbitration of the Netherlands Hague announced decision to authorize in "nine steps of lines" which China which China set originally in the wide range of the South China Sea on July 12, 2016 insisted on saying "there are not the legal grounds".

I concluded without being able to call the place where China pushed forward landfill "an island" legally when I could not insist on ocean rights and interests to be concerned with the exclusive economic zones (EEZ).

*About a marine advance of China by international arbitration (the Philippines brings an action in 2013) a Chinese claim all; is denied, and stern eyes are turned from the world.

In Indonesia in particular, I blow up the illegal Chinese ship which Susi Pudjiastuti, ocean fisheries minister captured in sequence and come into the limelight.

Behind Minister sushi "not to have possibilities to live on play, and to be", and to talk so about, a China ship is blown up in sequence.

I carried the illegal fishing boat which performed the capture to the offing and I set an explosive and destroyed it and was able to set in the bottom of the sea.

In May, 2015, I blew up a Chinese fishing boat and attracted attention from the global community.

I blew up approximately 150 illegal fishing boats such as Vietnam and the Philippines, Thailand so far.(Most are Chinese fishing boats above all)

【 When the red coral poaching (plunder) of Japanese Ogasawara Islands of the Chinese fishing boat (fleet) is too terrible, is foreign countries, but in a topic! 】

(November 05, 2014)

* A Chinese fishing boat flocks en masse in Ogasawara Islands and Japanese territorial waters around Izu Islands and the exclusive economic zone (EEZ) and poaches red coral traded at a high price.

It is an act to violate the United Nations Convention on the Law of the Sea which I fixed Japanese laws and ordinances and EEZ for clearly.

The Chinese government must stop the crime of the fishermen of the own country promptly.

I cannot deny that the control of the Japanese side for a large number of fishing boats which flocked fell behind the curve, but it is not permitted overlooking it.

I want to demand determined disclosure to blockade a further rule buster.

While the 華 春瑩(Hua Chunying) spokesperson for Chinese Ministry of Foreign Affairs was a press conference, and it was

said, "I strengthen the law-enforcement for the illegal act sequentially", I required it to perform the control in "it is rational and inhibitory" on the Japan side.

The Chinese fishing boat thought to be a poaching purpose had begun to be outstanding from September, but increased remarkably than 200 ships from the end of last month.

The control of the fishing boat to go in and out of in the port of the own country is insufficient and is the situation that is doubted whether the Chinese government is going to prevent it seriously.

【 "A fishing ground perishes", and islanders get angry at the fishing net damage of the Chinese ship 】 (May 21, 2015)

*Net - which got entangled in coral and coral broken from the origin.

I added it to a voice to regret lost resources, and the voice to point out the long-term damage with lateness of the correspondence of the government and the dumped net went up it from the fisherman of Ogasawara Islands (Tokyo) which did a scratch of the coral poaching with the Chinese ship in one of eyes with a clear picture on 21st.

【 300 Chinese fishing boats are Senkaku attack, the situations of "the exceptional case" 】 (August 12, 2016)

*In August, 2016, wind and cloud admits of no delay the situation around Senkaku Islands.

The Chinese fishing boat of 300 attacked it in the Senkaku Islands sea near the shore. A lot of Chinese public vessels accompany it as if I protect the fishing boat.

The Japanese Government stiffens a manner at the invasion of

the unprecedented number and repeats strong protest.

One Chinese public vessel (ship belonging to the Chinese government) invaded the around Senkaku Islands territorial waters following a Chinese fishing boat at about 1:30 on the afternoon of August 5, 2016.

Up to 15 Chinese public vessels entered into the contiguous zone at the same time by 6:00 on the afternoon of 8th, and a total of 17 ships invaded the territorial waters afterwards.

I gather a large number of Chinese public vessels of up to 15 in the same sea area while approximately 200-300 fishing boats operate it in the contiguous zone around Senkaku Islands and try that a phenomenon to repeat territorial waters invasion following China fishing boat was confirmed for the first time.

*I believe the monument will divide your multi-cultural good communities.

The story of Comfort Women is fictional.

Please read WIKIPEDIA about a story writer, Seiji Yoshida: https://en.wikipedia.org/wiki/Seiji_Yoshida

Koreans have been using the issues of Comfort Women so that they can continue to receive money from the Japanese Government. The communist Chinese in this country have been using the stories of Comfort Women to use as a tool for bashing Japan and the Japanese government and for promoting disrespect among general Americans toward Japanese in the United States.

THE STATEMENT OF FACTS:

“Yuto Yoshida (吉田 雄兎 Yoshida Yuto, 15 October 1913 – July 2000) was a Japanese novelist and member of the Japanese Communist Party. He has published under a variety of pen names, including Seiji Yoshida (吉田 清治 Yoshida Seiji).” (WIKIPEDIA)

“He wrote ‘My war crimes’, which is the origin of a dispute over comfort women 30 years after World War II; he admitted it was fictional in an interview with Shukan Shincho on May 29, 1996. Later, his fictional work was used by George Hicks in his ‘The Comfort Women: Japan's Brutal Regime of Enforced Prostitution in the Second World War’.” (WIKIPEDIA)

As you read the statement on the Wikipedia website, you will find that it is very clear that the story of Comfort Women was fictional.

SO WHY THE JAPANESE GOVERNMENT KEPT APOLOGIZING:

First of all, apology is a part of the Japanese culture and tradition. Even though something bad is not her or his fault, the Japanese person would apologize any way with a hope of producing a peace with others and would make an effort of keeping things cool and under control. That is a culture of Japan. They want to avoid a dispute as much as they can.

Also, there was a political manipulation by the Korean government, at that time, and the Japanese officials, at that time, felt that it would be simpler to just apologize. Again, this is how Japanese tend to deal with disputes with others. The apology by the Japanese officials were done was on the base of the Korean government would “never” bring the same issue again. However, the Korean government did not keep the promise.

I AM AGAINST THIS RESOLUTION OF COMFORT WOMEN DAY IN THE CITY AND COUNTY OF SAN FRANCISCO.

I denied the accusations that were stated in the resolution of Comfort Women Day in the City and County of San Francisco.

1) Their statement: The term "comfort women" euphemistically refers to hundreds of thousands of women and young girls who were forced into sexual slavery by the Imperial Japanese Army during its colonial and wartime occupation of Asia and the Pacific Islands from the 1930s through the duration of World War II.

I deny this accusation. This statement is fault. There is evidence that was recently discovered

from the U. S. National Archives. Please read the U. S. National Archives-Military Intelligence Serve Captured Personnel & Material Branch: No. 18. (Attached) It states: “All Korean prostitutes that POW have seen in the Pacific were volunteers or had been sold by their parents into prostitution.”

2) Their statement: This system of sexual servitude was the largest organized system in the twentieth century.

I deny their accusation. There is no evidence to support this claim.

3) Their statement: Most of these women died but those who survived courageously broke their silence, therefore aiding the movement against sexual violence during war.

I deny their accusation. There is no evidence to support this claim.

4) Their statement: The International Community has declared sexual violence as a strategy of war a crime against humanity.

I deny their accusation. There is no evidence to support this claim. What is the International Community? Who are they? The International Community is not defined.

5) Their statement: The Japanese government to this day has never officially apologized to those survivors.

I denied this statement. This statement is absolutely wrong. The Japanese government repeatedly apologized in 1992 and 1993, and, again, in 2015. Although the Japanese government did not have to apologize, since there was no evidence of sexual slavery, the officials did so anyway for their effort to get along with Japan's neighboring country. I have already explained the apology tradition of Japan in the above, in the beginning of this statement.

6) Their statement: This system of sexual slavery helped pave the way for systems of sex trafficking.

I deny their accusation. The Japanese system of “sexual slavery”, if you want to call it this way, was not the kind of Western way of thinking of the system of “sexual slavery”. To Japanese men, the comfort women were a companion and a friend. How they looked at and dealt with the comfort women was an extension of so-called GEISHA of the Japanese society. Geisha is one of the kind which does not exist in the European nations; therefore, you may have difficulty to understand their respected social status. They were (still are) well-respected and lovable companions for the Japanese men. The comfort women, war-time-Geisha girls, were indeed the Japanese men’s companion and NEVER were treated as slaves as in the way the Western whites in the European nations, or Americans, did. Comfort women and the Japanese men often together have fun in playing games, singing songs, reading poems, playing music instruments, and dancing. You must understand that Geisha was never treated as “slaves” physically. Therefore, comfort women were much more “respected” and well-treated by Japanese men than what other prostitutes would be treated by non-Japanese men. Therefore, for you to apply the European whites’ definition of “sex-slavery” to the comfort women system is totally wrong. It is a very distorted view to call comfort women as “sex-slaves”. Simply they were NOT sex-slaves in the white European nations’ definition of “sex-slaves.”

7) Their statement: Sex trafficking and sexual slavery during wartime is still going on.

I believe this statement is true. In fact, that is what is happening right now in Korea and right now in the Los Angeles Korean town. Why don’t the Koreans spend more energy, money and time to take care their CURRENT problems.

8) Their statement: The San Francisco Board of Supervisors passed Resolution 342-15 calling for the building of a memorial to the comfort women in San Francisco and to educate its students about the history, past and present.

I believe this statement is true. However, there was a team conspiracy against Japanese, Japanese nation, and Japanese Consulate of the United States.

9) Their statement: The Comfort Women Justice Coalition, a broad coalition of immigrant communities’ women's organizations, and 11 human rights groups organized to build the memorial for "comfort women.”

I believe this statement is true. However, there was a team conspiracy against Japanese, Japanese nation, and Japanese Consulate of the United States. They are mostly Chinese and Koreans who enjoy to promote general Americans’ bashing against innocent Japanese, Japanese nation, and Japanese Consulate of the United States.

10) Their statement: On September 22, 2017, the statue “Comfort Women: Pillar of Strength” will be unveiled in St. Mary’s Square Annex.

I believe this statement is true. However, there was a team conspiracy against Japanese, Japanese nation, and Japanese Consulate of the United States. They are mostly Chinese and Koreans who enjoy to promote general Americans’ bashing against innocent Japanese, Japanese nation, and Japanese Consulate of the United States.

11) Their statement: That September 22, 2017, be declared a day to honor and remember the Comfort Women.

I absolutely disagree with this declaration. The declaration has nothing to do with the American history. The declaration only celebrates and promote prostitution furthermore. Additionally, the declaration would add unnecessary stress among Japanese nationals, Japanese Americans, Koreans and Chinese; otherwise, we get along well, or, at least, we have had a wonderful relationship until the current dispute started in recent years.

Finally, thus, I deny their statements and I am against the declaration of a day to honor and remember the Comfort Women to be established.

My name is Tokuko Hirano. I live in the United State.

I have a trouble emailing the attachment.

Dear Board of Supervisors,

I strongly protest against "Resolution declaring September 22, 2017, as Comfort Women Day in the City and County of San Francisco."

It will create conflict between Chinese and Korean background citizens and Japanese background citizens in SF.

US army's report described that Korean comfort women were professional camp followers or prostitutes who got big money during World War II.

Which do you trust Korean or US army?

"Korean Comfort Women Story" is Anti-Japanese propaganda.

Korean Comfort Women groups are supported by North Korea and Chinese Communist Party.

North Korea has produced ICBMs and atomic bombs against USA. And Red China supports North Korea.

If you go along with anti-Japanese campaign by Comfort Women Day and so on and anti-Japanese sentiment is growing in USA, the collaborative relationships between USA and Japan will become impaired, and North Korea and Red China will gain an advantage.

I am against Comfort Women Day.

If you want to protect the human rights of women, please support Lai Đại Hàn. During the Vietnam War, Korean soldiers killed a lot of Vietnamese children, women and old Vietnamese, and raped a lot of Vietnamese girls and women in South Vietnam under American Army's control.

Now there are several tens of thousands of half Korean and half Vietnamese children in Vietnam, who are victims of rape by Korean soldiers.

English woman has established a group supporting Lai Đại Hàn and created a statue of Lai Đại Hàn.

Please set up a statue of Lai Đại Hàn in SF.

Sincerely,

MM

Why do you American people make Japanese and Korean to hate each other? And there is much doubt in their argument.

For example, they says `` 200000 Korean were kidnapped and made them comfort women ``

But I have never heard their families' testimony, or witnesses.

You can find a next sentence on one Reliable report.

A "comfort girl" is nothing more than a prostitute or "professional camp follower"

The report is the US official interrogation report (1944), One American investigated and found the truth.

I deny their accusation. There is no evidence to support this claim. What is the International Community? Who are they? The International Community is not defined.

5) Their statement: The Japanese government to this day has never officially apologized to those survivors.

I denied this statement. This statement is absolutely wrong. The Japanese government repeatedly apologized in 1992 and 1993, and, again, in 2015. Although the Japanese government did not have to apologize, since there was no evidence of sexual slavery, the officials did so anyway for their effort to get along with Japan's neighboring country. I have already explained the apology tradition of Japan in the above, in the beginning of this statement.

6) Their statement: This system of sexual slavery helped pave the way for systems of sex trafficking.

I deny their accusation. The Japanese system of "sexual slavery", if you want to call it this way, was not the kind of Western way of thinking of the system of "sexual slavery". To Japanese men, the comfort women were a companion and a friend. How they looked at and dealt with the comfort women was an extension of so-called GEISHA of the Japanese society. Geisha is one of the kind which does not exist in the European nations; therefore, you may have difficulty to understand their respected social status. They were (still are) well-respected and lovable companions for the Japanese men. The comfort women, war-time-Geisha girls, were indeed the Japanese men's companion and NEVER were treated as slaves as in the way the Western whites in the European nations, or Americans, did. Comfort women and the Japanese men often together have fun in playing games, singing songs, reading poems, playing music instruments, and dancing. You must understand that Geisha was never treated as "slaves" physically. Therefore, comfort women were much more "respected" and well-treated by Japanese men than what other prostitutes would be treated by non-Japanese men. Therefore, for you to apply the European whites' definition of "sex-slavery" to the comfort women system is totally wrong. It is a very distorted view to call comfort women as "sex-slaves". Simply they were NOT sex-slaves in the white European nations' definition of "sex-slaves."

7) Their statement: Sex trafficking and sexual slavery during wartime is still going on.

I believe this statement is true. In fact, that is what is happening right now in Korea and right now in the Los Angeles Korean town. Why don't the Koreans spend more energy, money and time to take care their CURRENT problems.

8) Their statement: The San Francisco Board of Supervisors passed Resolution 342-15 calling for the building of a memorial to the comfort women in San Francisco and to educate its students about the history, past and present.

I believe this statement is true. However, there was a team conspiracy against Japanese, Japanese nation, and Japanese Consulate of the United States.

9) Their statement: The Comfort Women Justice Coalition, a broad coalition of immigrant communities' women's organizations, and 11 human rights groups organized to build the memorial for "comfort women."

I believe this statement is true. However, there was a team conspiracy against Japanese, Japanese nation, and Japanese Consulate of the United States. They are mostly Chinese and Koreans who enjoy to promote general Americans' bashing against innocent Japanese, Japanese nation, and Japanese Consulate of the United States.

10) Their statement: On September 22, 2017, the statue "Comfort Women: Pillar of Strength" will be unveiled in St. Mary's Square Annex.

I believe this statement is true. However, there was a team conspiracy against Japanese, Japanese nation, and Japanese Consulate of the United States. They are mostly Chinese and Koreans who enjoy to promote general Americans' bashing against innocent Japanese, Japanese nation, and Japanese Consulate of the United States.

11) Their statement: That September 22, 2017, be declared a day to honor and remember the Comfort Women.

I absolutely disagree with this declaration. The declaration has nothing to do with the American history. The declaration only celebrates and promote prostitution furthermore. Additionally, the declaration would add unnecessary stress among Japanese nationals, Japanese Americans, Koreans and Chinese; otherwise, we get along well, or, at least, we have had a wonderful relationship until the current dispute started in recent years.

Finally, thus, I deny their statements and I am against the declaration of a day to honor and remember the Comfort Women to be established.

Dear Board of Supervisors,

I strongly protest against” Resolution declaring September 22nd, 2017 as Comfort Women Day in the City and County of San Francisco.”

I have read the resolution, and found out there are **many factual errors** which were **wrongfully incorporated without proper, absolutely necessary verifications to convince adults beyond the reasonable doubts.**

In fact nullification is the only answer. (period) because there are full of doubts.

I believe SF must not make a historical judgement without proper and necessary verifications.

What can you achieve by this resolution? Will someone get satisfaction to bully Japanese descendants because they are having Japanese ancestors to score something out of hatred? **That sounds awfully radical group that practice terrorism.** Or satisfying North Korea’s scheme to create conflict among Japan, Korea and China, is that it?

Why are you promoting Violence and Hatred-oriented circumstances instead of creating Peace and Respect to each other in this year of 2017 after more than 70years which is the most difficult challenge for us, humankind?

Let us take our seats at the same table to make our mutual efforts to achieve ultimate goal for peace and trust in us. We cannot afford going backward, but forward with love and respect.

http://pac.petitions.moveon.org/target_talkback.html?tt=tt-23483-custom-54063-20270918-u6N77a

The petition states:

"As residents and taxpayers of San Francisco we believe that the SFMTA's first and foremost responsibility is to improve MUNI and to make MUNI a more desirable means of transportation. It is not SFMTA's job to make owning and driving a motor vehicle more expensive and difficult. The SFMTA needs to be accountable to all the citizens of San Francisco. We need a balanced, unbiased municipal transportation policy. We respectfully request that the Mayor and District Supervisors immediately stop the SFMTA from: 1. Installing new parking meters and extending the hours of enforcement 2. Enforcing Sunday parking meters 3. Increasing meter rates, fees and fines "

My additional comments are:

stop installing meters now! start banning cars now! stop ignorance now! need more bike lanes now!

Dear Board of Supervisors,

I am very surprised and strongly protest that you know that the city will mark September 22 as "a comfortable woman's day."

Do you know the problem that a Korean soldier dispatched for Vietnam war sexually assaulted a Vietnamese woman and a mixed-born child called "Raittaihan" was born? Korean soldiers exercised sexual assault on thousands of Vietnamese women, including girls 13 and 14 years old.

And Raittaihan's father is not just Korean soldiers. Korean men from Korean construction companies and others are also civilians and military personnel.

You are trying to adopt unilateral resolutions by unilateral appeals of Chinese and Korean citizens.

However, in the UK, South Korean soldiers are denounced as victims of Vietnamese women, and the Korean government is required to apologize.

A private organization in the UK was officially established on September 12 to save those who became victims of Korean assault.

The problem of comfort women is a matter of foreign government and San Francisco city is irrelevant.

I think that San Francisco City should make extremely cautious judgments about this matter.

Dear Board of Supervisors,

A testimony in the US Congress that Mr. Iyosu, a former comfort woman, went out with a friend and became a comfort woman said that the Hankyore newspaper had testimony, so the testimony at the US Congress is a mysterious lie Is it?

At the stage of conflicting testimony, there is only one to judge that either is not "lie" and both are "lies".

Indeed, the first testimony is "I ran away with a friend", so the likelihood that the subsequent remark is "lie" is high. The latter testimony is less contradictory if it is considered as a testimony of "comfort women" to the US military opponent at the time of the Korean war rather than the Japanese military opponent.

If you do a "testimony of lies" at the US Congress, it will be a perjury, but you can not find out such a simple "lie", or the members of the US Congress who decided to dare to know that it is a lie "You should convict "swear to the Bible" "Japan bashing".

My name is Junko Yasunaga, and as the citizen of peaceful Japan, I strongly protest against “Resolution declaring September 22, 2017, as Comfort Women Day in the City and County of San Francisco.”

Please look into the truth of this story, not only from Korea, but also from Japan side. You will soon learn that many thorough study even from within the US has found no proof to this comfort women crime.

You know this resolution could cause conflict between Chinese and Korean background citizens and Japanese background citizens in your area.

Subject: Opposition to the Comfort Women Day (2)
Date: Wednesday, September 20, 2017 7:48:09 PM

September 21, 2017

Dear Sirs and Madams of the City and Country of San Francisco,

Please allow me to send another letter to your city and county concerning the intended declaration of September 22 as the Comfort Women Day.

Though I have already clarified my position to oppose the declaration a few days ago, I would like to add two key points to clearly make myself understood.

(Note 1: Korea mentioned herein means South Korea.)

A: The focus of argument on the comfort women issue has been intentionally shifted three times since January 1990 until today.

B: Suppose it is meaningful to declare one day of the year as Comfort Women Day, there would be numerous other candidates in consideration of the modern history.

1. About A:

Focus (1) Taking (forcibly drafting) a huge number of women away under coercion during the Pacific War;

Focus (2) Taking the women away under coercion in a broad sense of the term during the Pacific War;

Focus (3) Making the women sex slaves during the Pacific War and post-war days; and,

Focus (4) Violating the women's rights during the Pacific War and post-war days.

Despite several occasions in the past, in which the comfort women issue surfaced—Senda's book published in 1970s and Yoshida's book printed in 1980s, neither the Korean civic activists nor the Korean Government did not heed to the existence of the wartime comfort women until January 1990, when Professor Yun

Chun-ok of the Ewha Womens University, Seoul, contributed a four-part report to the Hankyoreh Shinbun on the Volunteer Corps. It was a wake-up call and she said that the Volunteer Corps was tainted with deep-rooted grudge of the Koreans.

Because Professor Yun quoted the Senda book and the Yoshida book, two critical errors made by them became understood as truthful facts by the public, i.e., there were 50,000 to 200,000 Korean comfort women and all the women in the Volunteer Corps were made comfort women.

In November 1991, “The Korean Council for the Women Drafted for Military Sexual Slavery by Japan (KCWD)” was established as a civic organization and Professor Yun became its first president.

(Note 2: KCWD is an abbreviation I coined.)

(Note 3: Senda was the first one to use the word “military comfort women” in post-war Japan. During the wartime until 1973, those women were called “barmaids, female employees, or women in shameful profession, or prostitutes in Japan.)

A1: Having been encouraged by the Asahi Shimbun articles—although they were deleted in August 2014—and partly incoherent stories provided by the former comfort women, KCWD loudly campaigned, with the former comfort women, to sue the Japanese Government for compensation and apology. Quite a few Japanese media and scholars sided with KCWD.

A2: As for Focus (1), after researches by both the Korean and Japanese Governments, there was no direct involvement between the Japanese Government/Army and recruiting of the comfort women; they were not associated with the Volunteer Corps, either.

A3: While still holding on to the compensation campaign, KCWD and others began *quietly* disregarding Focus (1). They switched to Focus (2) for contention. That is, it is the Japanese Army that requested for comfort women and, therefore, the government is to be partially blamed for. KCWD and others were aware then of the fact that it was mainly Korean recruiters (businesspersons) in Korea and mainly Japanese recruiters (businesspersons) in Japan who did the solicitation of the Korean and Japanese women for prostitution

although there were cases of sheer deception and coercion on the part of the recruiters (businesspersons).

A4: Since mid-1990s, voices began to rise both in Japan and Korea to question the validity of what Senda and Yoshida wrote in their books. The two passed away incidentally in 2000; Senda stayed mum until his death but Yoshida owned up before his death. KCWD and others, having sensed the tide changing as to corroboration of facts, they have shifted the focus of argument from Focus 2 to Focus 3 to Focus 4 as the “equal opportunity” policy and women’s rights began to be highlighted across the world. Their reasoning, I guess, is that (1) women’s rights are inviolable and (2) the rights issue is universal, and (3) the wrongdoings of Japan can still be addressed to the world in relation to human trafficking.

A5: Shifting the focuses of argument on the part of KCWD and Korean expatriates is understandable as tactics. However, leaving behind serious consequences Focus 1 and Focus 2 have brought about toward Japan is an act that is totally irresponsible and unacceptable. It is only justifiable if they make amends on Focus 1 and Focus 2 before going for Focus 3 and Focus 4.

A6: If your city and your county are to pass the legislation, all the countries that have had the shameful past must be mentioned on the coming Declaration Day. Likewise, comfort women statues might as well be proudly built everywhere in the U.S. for each nationality of the women who have suffered hitherto.

2. About B:

B1: To name just a few, the dates below would be good candidates for accessory memorial days along with the Comfort Women Day.

February 23: On February 23, 2002, former Visiting Professor Kim Gi-ok (Professor of the Hansung University today) made public at an international symposium that the Korean military operated the Special Comfort Stations for its own troops—the women were called the Fifth Logistics Items—and the U.N. Comfort Stations for the United Nations Command troops—the women were called the

U.N.C. Accommodation Women—during the Korean War and thereafter for a while.

March 26 or April 2: On March 26, 2015, Noriyuki Yamaguchi of TBS TV, Japan, based in Washington reported in the *Shukan Bunshun* weekly of the April 2 edition that the Korean military operated comfort women stations in South Vietnam under the name of Turkish Bath during the Vietnam War. The comfort women were Vietnamese. It was fully quoted on the Internet Online Newsletter named Nelson Report on the same day.

June 25: On June 25, 2014, 122 former comfort women who provided sexual services to American troops during the Korean War sued the Korean Government for compensation of damages.

June 28: On June 28, 2017, the Korean-Vietnamese Peace Foundation and other civic groups requested the Korean Government to heed to the sufferings of the Vietnamese citizens during the Vietnam War.

August 28: On August 17, 1945, the Japanese Government began to prepare for landing troops of the Allied Powers to maintain social order. On August 28, the Recreation and Amusement Association (RAA), a private entity initially funded by the government, opened for American Sailors and Marines the door of a Tokyo comfort station where 38 Japanese volunteer prostitutes were housed.

B2: There should be many other days to remember the wrongdoings done for women, regardless of their nationalities. Young girls and women kidnapped from northern Iraq and raped by Islamic State members should not be an exception for a commemorative day.

3. It seems to me that the on-going legislation endeavor to declare September 22 as the Comfort Women Day would be counterproductive to the sense of righteousness your citizens have been upholding since the Independence of the United States of America. I am afraid that it would only be a case of condescending to a third-country nationalistic propaganda, which is irrelevant to

the U.S. as far as Focus 1 and Focus 2 are concerned.

4. It is one thing to play music, it is quite another to dance to it. Its melody and harmony may be enchanting, yet if it comes with lyrics, it is worthwhile reading into it. A 1971 film, Sacco e Vanzetti, had a beautiful, heart-wrenching screen music sung by Joan Baez. But the actual trial of Sacco and Vanzetti ended by their execution in the electric chair in 1927. Though the two were posthumously exonerated in 1977, the trial still rings a gruesome bell.

5. It seems to me that real serious issues have been sidelined due to the clatters. This may be a case of incivility crisis Pam Jenkins, former President of Powell and Tate, has been warning since 2010. I am not hesitant to listen to her. And I admit that Japan had shortfalls in the past ... not in the sense that KCWD and others claim.

In closing, I reiterate that I will stand against anyone who espouses human trafficking.

Very respectfully,

Hidemi Nagao

The San Francisco must understand that the comfort women issue is politically and diplomatically controversial issue.

The Japanese government recalled her ambassador and Council General to Pusan to home, and terminated or postponed negotiations with the government of South Korea.

This decision took place in response to Korea's decision to install a Comfort Women statue in Public place in Pusan, the second largest city in S. Korea.

As a result, in the report, it is clearly stated that no document of the US government's military, which supports war crimes related to Japanese comfort women and the assertion of "organizational enslavement of women", was not discovered at all .

The so-called "comfort women's problem" is a diplomatic issue between
Japan and Korea.

It is not constructive for local governments in third countries to
interfere with diplomatic issues in other countries.

Also, the resolution has parts different from historical facts.

If the City of San Francisco votes a resolution that has not been
properly verified and intervenes in diplomatic matters between Japan

living in San Francisco City and Korean people .

Such a situation would not want anyone who is a San Francisco citizen.

Dear Board Members of Supervisors

Don't you know that the Former US president Clinton's cabinet investigated this issue thoroughly in 1990s and found nothing wrong about the act of Japanese army then. Many evidences including those of US army in 1944 for example show that the comfort women were actually just hired prostitutes which were legal at that time. Why you don't investigate yourself before you decide to take a step against such reports and evidences. You should be able to find those reports and evidences easily.

Or, I guess, that your are deceived by Chinese and Korean leftist groups. Here in Japan as well as Korea, the issue of the comfort women has become clear more and more that they were not kidnapped or captured and forced to be comfort women. The issue of comfort women is becoming a symbol of historical lie and shame in Japan and Korea.

Have you made up your mind to tie with the historical lie and shame? I hope you haven't made up such mind for the sake of the honorable American History! I love San Francisco and hope that SF is not stained by historical lie and dishonor.

Hello,

My name is Mugi Morijiri with the Los Angeles news bureau of Japanese TV network, TBS. I have a few questions about Resolution, which file # is 170991.

- 1) I believe next board meeting will be held on Friday the 22nd. What time does it start?
- 2) Will the video, script and the meeting details be available online soon after the meeting?  
Or when will they be available for us to view?
- 3) In case we are interested, are we allowed to videotape the board meeting?

Thank you very much for your help on this in advance.

Best regards,

---

Dear Board of Supervisors,  
I strongly protest against "Resolution declaring September 22, 2017, as Comfort Women Day in the City and County of San Francisco."

As a Japanese woman who is living in the United States, I know that this statue will only open up old wounds. Instead of remembering a negative relationship, why not accent the positive that exists between Japan and Korea today?

It will promote hostility towards the Japanese American community, including increasing tensions between Asian Americans and other Americans. The resolution, rather than promoting inclusion, will promote intolerance.

I've been married to my Japanese wife for 35 years. I'm the luckiest person in the world. I've also read a lot of history. And I've visited Japan 10 times. The modern Japanese I find are wonderful and the most polite people I've ever met.

They have also paid [with money] for their wrong doing giving lots of money to Korea for the trouble they caused.

You would think with all the trouble these confederate statues are causing, why open up old wounds, especially with such an exemplary admired community as they are in this day and age.

I really admire today's Japanese and I think we should strive to be more like them. Be inclusive not divisive.

Much has been sent in a few days about Resolution 170991. There are groundless WHEREASES, which are to be pointed out, 1) the women was not forced, but volunteered with the promise of huge payment, 2)sexual servitude was not the largest organized system in the 20th century, and survivors are not courageous, 3) sexual violence as a strategy of war or and as a control of the poor has been is underway in Tibet Uygr South Mongol. 4) Japan had supported China even S. Korea for ODE, meaning of apologies, and actually apologized so your saying is insolent to Japan and Japanese nation, 5)sex trafficking and sexual slavery is being occurred in SF especially S. Korean women, you shouldn't conceal.

Having said that, this resolution should not be adopted.

Dear Sirs  
Board of Supervisors

I am one of japanese citizen living in south american country, and everyday I check many news with reference to the confortwomen which is expanded by some group with certain malice.

This time I heard "Resolution declaring September 22,2017, as Confort Woman Day in the City and County of San Francisco", but I found out many factual errors in this resolution and I believe San Francisco should not make a historical mistaken judgement without verifications.

Consequently I protest against this resolution strongly, and am afraid this resolution will become a trigger to begin and create racial conflicts in your city.

Yours faithfully.

### **The story of Comfort Women is fictional.**

Please read WIKIPEDIA about a story writer, Seiji Yoshida: [https://en.wikipedia.org/wiki/Seiji\\_Yoshida](https://en.wikipedia.org/wiki/Seiji_Yoshida)

Koreans have been using the issues of Comfort Women so that they can continue to receive money from the Japanese Government. The communist Chinese in this country have been using the stories of Comfort Women to use as a tool for bashing Japan and the Japanese government and for promoting disrespect among general Americans toward Japanese in the United States.

### **THE STATEMENT OF FACTS:**

“Yuto Yoshida ( Yoshida Yuto, 15 October 1913 – July 2000) was a Japanese

## 吉田 雄兎

novelist and member of the Japanese Communist Party. He has published under a variety of pen names, including Seiji Yoshida (吉田 清治 Yoshida Seiji).” (WIKIPEDIA)

“He wrote ‘My war crimes’, which is the origin of a dispute over comfort women 30 years after World War II; he admitted it was fictional in an interview with Shukan Shincho on May 29, 1996. Later, his fictional work was used by George Hicks in his ‘The Comfort Women: Japan's Brutal Regime of Enforced Prostitution in the Second World War’.” (WIKIPEDIA)

As you read the statement on the Wikipedia website, you will find that it is very clear that the story of Comfort Women was fictional.

### **SO WHY THE JAPANESE GOVERNMENT KEPT APOLOGIZING:**

First of all, apology is a part of the Japanese culture and tradition. Even though something bad is not her or his fault, the Japanese person would apologize any way with a hope of producing a peace with others and would make an effort of keeping things cool and under control. That is a culture of Japan. They want to avoid a dispute as much as they can.

Also, there was a political manipulation by the Korean government, at that time, and the Japanese officials, at that time, felt that it would be simpler to just apologize. Again, this is how Japanese tend to deal with disputes with others. The apology by the Japanese officials were done was on the base of the Korean government would “never” bring the same issue again. However, the Korean government did not keep the promise.

### **I AM AGAINST THIS RESOLUTION OF COMFORT WOMEN DAY IN THE CITY AND COUNTY OF SAN FRANCISCO.**

I denied the accusations that were stated in the resolution of Comfort Women Day in the City and County of San Francisco.

1) Their statement: The term "comfort women" euphemistically refers to hundreds of thousands of women and young girls who were forced into sexual slavery by the Imperial Japanese Army during its colonial and wartime occupation of Asia and the Pacific Islands from the 1930s through the duration of World War II.

I deny this accusation. This statement is fault. There is evidence that was recently discovered from the U. S. National Archives. Please read the U. S. National Archives-Military Intelligence Serve Captured Personnel & Material Branch: No. 18. (Attached) It states: “All Korean prostitutes that POW have seen in the Pacific were volunteers or had been sold by their parents into prostitution.”

2) Their statement: This system of sexual servitude was the largest organized system in the twentieth century.

I deny their accusation. There is no evidence to support this claim.

3) Their statement: Most of these women died but those who survived courageously broke their silence, therefore aiding the movement against sexual violence during war.

I deny their accusation. There is no evidence to support this claim.

4) Their statement: The International Community has declared sexual violence as a strategy of war a crime against humanity.

I deny their accusation. There is no evidence to support this claim. What is the International Community? Who are they? The International Community is not defined.

5) Their statement: The Japanese government to this day has never officially apologized to those survivors.

I denied this statement. This statement is absolutely wrong. The Japanese government repeatedly apologized in 1992 and 1993, and, again, in 2015. Although the Japanese government did not have to apologize, since there was no evidence of sexual slavery, the officials did so anyway for their effort to get along with Japan's neighboring country. I have already explained the apology tradition of Japan in the above, in the beginning of this statement.

6) Their statement: This system of sexual slavery helped pave the way for systems of sex trafficking.

I deny their accusation. The Japanese system of "sexual slavery", if you want to call it this way, was not the kind of Western way of thinking of the system of "sexual slavery". To Japanese men, the comfort women were a companion and a friend. How they looked at and dealt with the comfort women was an extension of so-called GEISHA of the Japanese society. Geisha is one of the kind which does not exist in the European nations; therefore, you may have difficulty to understand their respected social status. They were (still are)

well-respected and lovable companions for the Japanese men. The comfort women, war-time-Geisha girls, were indeed the Japanese men's companion and NEVER were treated as slaves as in the way the Western whites in the European nations, or Americans, did.

Comfort women and the Japanese men often together have fun in playing games, singing songs, reading poems, playing music instruments, and dancing. You must understand that Geisha was never treated as "slaves" physically. Therefore, comfort women were much more "respected" and well-treated by Japanese men than what other prostitutes would be treated by non-Japanese men. Therefore, for you to apply the European whites' definition of "sex-slavery" to the comfort women system is totally wrong. It is a very distorted view to call comfort women as "sex-slaves". Simply they were NOT sex-slaves in the white European nations' definition of "sex-slaves."

7) Their statement: Sex trafficking and sexual slavery during wartime is still going on.

I believe this statement is true. In fact, that is what is happening right now in Korea and right now in the Los Angeles Korean town. Why don't the Koreans spend more energy, money and time to take care their CURRENT problems.

8) Their statement: The San Francisco Board of Supervisors passed Resolution 342-15 calling for the building of a memorial to the comfort women in San Francisco and to educate its students about the history, past and present.

I believe this statement is true. However, there was a team conspiracy against Japanese, Japanese nation, and Japanese Consulate of the United States.

9) Their statement: The Comfort Women Justice Coalition, a broad coalition of immigrant communities' women's organizations, and 11 human rights groups organized to build the memorial for "comfort women."

I believe this statement is true. However, there was a team conspiracy against Japanese, Japanese nation, and Japanese Consulate of the United States. They are mostly Chinese and Koreans who enjoy to promote general Americans' bashing against innocent Japanese, Japanese nation, and Japanese Consulate of the United States.

10) Their statement: On September 22, 2017, the statue "Comfort Women: Pillar of Strength" will be unveiled in St. Mary's Square Annex.

I believe this statement is true. However, there was a team conspiracy against Japanese, Japanese nation, and Japanese Consulate of the United States. They are mostly Chinese and Koreans who enjoy to promote general Americans' bashing against innocent Japanese, Japanese nation, and Japanese Consulate of the United States.

11) Their statement: That September 22, 2017, be declared a day to honor and remember the Comfort Women.

I absolutely disagree with this declaration. The declaration has nothing to do with the American history. The declaration only celebrates and promote prostitution furthermore. Additionally, the declaration would add unnecessary stress among Japanese nationals, Japanese Americans, Koreans and Chinese; otherwise, we get along well, or, at least, we have had a wonderful relationship until the current dispute started in recent years.

Finally, thus, I deny their statements and I am against the declaration of a day to honor and remember the Comfort Women to be established.

This is the correct one. Thank you.

Dear Board of Supervisors,

I strongly protest against” Resolution declaring September 22nd, 2017 as Comfort Women Day in the City and County of San Francisco.” I have read the resolution, and found out that **many factual errors are wrongfully incorporated without proper, absolutely necessary verifications to convince adults beyond the reasonable doubts.** I believe SF must not make a historical judgment without proper and necessary verifications.

What can you achieve by this resolution? Getting satisfaction to bully Japanese descendants because they are having Japanese ancestors to score something out of hatred? **That sounds like a radical group that practices terrorism.** Or satisfying North Korea’s scheme to create conflict among Japan, Korea and China, is that it?

Why are you promoting Violence and Hatred-oriented circumstances in the year 2017, instead of creating Peace and Respect to each other, which is the most valuable, difficult challenge for us, humankind?

Let us take our seats at the same table to make our mutual efforts to achieve our ultimate goal for peace and trust. We cannot afford going backward, but moving forward with love and respect.

Dear Board of Supervisors,

I strongly oppose to “Resolution declaring September 22, 2017, as Comfort Women Day in the City and County of San Francisco.”

First of all, that is the problem between Japan and Korea/China.

Second, I don't think it is right thing to do to neglect all human rights violations in Vietnam by Korea and in Tibet, East Turkstan and Balochistan, which is truly brutal and on going by China. If you give the victim card to China and Korea, they will further cover up all what they have done and what they are doing right now. We Asian will tackle all human rights violations in past and present. What about China and Korea? We should unite as Asia to end all human rights violation, however, I am afraid that by issuing the Comfort woman day, China and Korea rather remain as victim, just as Japan did because of Hiroshima and Nagasaki.

Please believe in Japan's will to tackle on human rights violation including by ourselves in past. Also, please let Asia unite to tackle those issues mentioned above; don't split us.

Dear Board of Supervisors

I am strongly against to “Resolution declaring September 22, 2017, as Comfort Women Day in the City and County of San Francisco.”

Firstly, we Japanese didn't kidnap and raip any Korean women during World War II. Those Korean women were employed by Japanese military as professional prostitute. Those prostitute volunteered News Paper advertisement for highly salary. I attached the picture of the news paper.

Secondly, no evidence about sexual abuse to Korean women.

Thirdly, it causes big issue of fighting between Korean American and Japanese American. Actually my nephew is born in American, he was attacked in college campus in L.A.

I studied abroad in San Francisco, I love the liberal atmosphere and civilization. I am so sad my favorite city discriminate innocent Japanese citizens without any reason. We Japanese contribute your city, United States and all over the world last 70 yrs since 1945.

I expect my dear city San Francisco city will have right decision! Don't make big mistake to destroy innocent Japanese American citizens!

Dear all

I am against the comfort women Resolution.

The comfort women problem is a political issue in Japan and Korea.

Son Francisco city council doesn't have to participate.

The Korean insistence isn't true!!

Dear Board of Supervisors,

I am strongly against “Resolution declaring September 22, 2017, as Comfort Women Day in the City and County of San Francisco.”

The comfort women issue deals with matters between foreign governments and has nothing to do with SF. I ask you not to adopt the resolution at the next meeting.

Dear Board of Supervisors:

I strongly protest against "Resolution declaring September 22, 2017, as Comfort Women Day in the City and County of San Francisco."

I have read the resolution, and found out there are many factual errors. I believe that San Francisco must not make a historical judgement without verifications.

More than 72 years ago, the prostitution was legal in Japan as same as other countries. If allowing soldiers to use paid prostitutes is a war crime, then All countries are guilty. Prostitution is a problem if the sex worker is coerced, but it is inaccurate to assume that all prostitutes are forced into the profession against their will and are helpless victims.

The Japanese military did not systematically kidnap and coerce women to work in brothels. Rather, they contracted with existing private brothels. There were plenty of brothel owners on the Korean peninsula who were happy to follow the Japanese army. (Most were Korean men and women). It meant more business for them and their workers. Brothels recruited and hired their own workers. The army simply transport them to various garrisons and performed inspections of the premises and conducted medical check-ups to make sure the facilities were kept clean, workers didn't have VD, and wage and hour and other work rules were followed.

The Korean comfort women were paid prostitutes who entered the profession for a variety of reasons including

- 1) The very high pay (more than a Japanese officer)
- 2) To escape an abusive family
- 3) To work off a family debt, etc.

I hope you would not disgrace to your City with a fraud.

Sincerely,

Naoko Kojima

To whom it may concern,

I am Japanese woman who lives in US over 35 years.  
I have been educated through College in Japan, and worked 10 years in Japan.

I already well grown up and cognitively well alert about our history and after past WWII.

However, I come to US on 1982, until then I didn't heard any information about "Comfort Women during WWII"

Who made up this fake history? Who decided discount Japanese and Japanese history?

My 2 mother's brothers uncles died toward end of WWII somewhere south Pacific Ocean then their age of 21 years old. other my father's brother was captured by Russian then his age of 16 the end of WWII. We, all Japanese family has many histories. We held our history with dignity and integrity after WWII.

Somebody who made up this allegation, spending money and world spreading to damaging Japanese military's reputation. I believe, this is highly politically enforced conspiracy. I have tons reasons it has not been happen evidence. However, that is already many people confirmed that. Still Anti Japan activity fire is spreading. This wild fire set by arsonist. YOU CANNOT BE SIDE OF ARSONIST. THEY WILL ALREADY PREPARING FOR THE NEXT VICTIM.

We have to see the world clearly. Who is real victim? We, Japanese hero cannot speak up because they are all died. Who is really Terrorist? We have to determine. We, Japanese are not quiet anymore. We will fight back.

Please let me know if you really believe Comfort women? This is just forever extortion case.

Thank you take your time to read my mail.

\*Dear Board of Supervisors,

I protest "Resolution declaring September 22, 2017, as Comfort Women Day in the City and County of San Francisco."

It will open the floodgates for others seeking a platform for incidents that occurred outside of this country.

I ask you not to adopt the resolution at the next meeting.

\*Dear Mayor of San Francisco, member of a municipal assembly, park executive committee

I strongly protest against the "Comfort Women" monument in San Francisco city. ( Saint Mary square Park. )

I expect reconsideration about the comfort woman image setting from the people of the San Francisco municipal assembly.

\*Dear Supervisors of City and County of San Francisco

I strongly protest against the "Comfort Women" monument in San Francisco.

"What are the evidence or primary source to proof these allegations? Or name the historians.

I would ask that you turn down the proposal.

【 A 吉元玉 ( Gil Won-ok ) former comfort woman makes the debut as the singer of later years 】 ( September 5, 2016 )

\*It is going to release the album which included 20 pieces of favorite songs including "arirang"

"I wanted to become a singer from old days. But (as a comfort woman) I was not endowed at such an opportunity.

A dream is granted even now and seems to totally fly in the sky.

It is the feeling that boarded even an airplane"

吉元玉 ( Gil Won-ok ) former comfort woman (88) of HARUMONI (grandmother) granted a dream to finally become "a singer".

In the Korean Council for the Women Drafted for Military comfort woman by Japan ( 挺対協:Teitaikyo ), 吉元玉 ( Gil Won-ok ) former comfort woman clarified that the recording of the album which included approximately 20 pieces which "大同江 (TEDONGAN) with many grudges" and "arirang" sang the pain of the heart of music and The people who lost a hometown which sang well from youth including "豆満江 (toe manganese) overcome with tears" for worked on 4th.

吉元玉 ( Gil Won-ok ) former comfort woman prepares for album work in front of the 2~3 moon, and it is said that I began recording from this month 2.

尹晶煥( Yun Myeong-Seok ) of the people songs and ballads composer is in charge of the production of the album, and the album is going to be completed during the rest of the year.

尹美香( Yoon Mi Hyang ) representation of a Korean volunteer corps problem council said, not only "it was a woman human rights activist, but also KIRU HARUMONI will be also memorized as a singer in history by us".

●尹晶煥( Yun Myeong-Seok ):I join the affiliation organization of the party which a North Korean agent created in 1992 under the ground and am pro-north activist arrested for national preservation method violation four times so far by having made a song praising 金日成( Kim Il Sung )

I did the lyrics of "haya (I resign from my post) haya, haya ..."

/"Retreat, retreat, retreat withdraw "sung by President 朴 槿惠( Park Geun Hye )impeachment demonstration. ( December 10, 2016 )

The organization which the authorities consider to be an acting advantageous to the enemy group from a connection with North Korea is located in the core

Words, the composer who produced "is this a country?" that I was said to be the theme song of - candle meeting on January 9, 2017

I wrote a song of the theme music of the meeting that became the boom in Korea. ( Hit maker of the protest song )

People songs and ballads "Republic of Korea Article 1 of the Constitution"

With a song composed on the demonstration that was against the President 盧 武鉉( Roh Moo-hyun )impeachment of 2004 the lyrics the text of the Article 1 of the Constitution "the Republic of Korea is a democracy republic. All power comes from it from the nation; only as for.

I am famous as a song of struggle, a composer of people songs and ballads.( Influential figure of people songs and ballads ? )

●The Korean Council for the Women Drafted for Military Comfort woman by Japan (Korean :한국정신대문제대책협의회) is the Korean citizen's group which was formed to solve the issue of Japanese comfort woman.

The abbreviated designation 挺対協 ( teitaikyou ).

The permanent representative is 尹 美香( Yoon Mi Hyang ).

Although 挺対協 ( teitaikyou ) and 尹 美香( Yoon Mi Hyang ) of the permanent representative become targeted for the

monitoring of the Korean public peace authorities, they do not receive a prosecution by the violation of concrete laws and ordinances at the end of March, 2016.

But an act of parent north is called into question for violation of national preservation method in the person concerned, and there is the person who became guilty.

金 三石 (Kim김삼석) that was a husband of 尹美香代表 and the younger sister 金 銀周 (kim김은주) were arrested as a spy in 1993 on the suspicion of having touched it with a North Korean agent in Japan, and guilt was settled for national preservation method violation.

In addition, 崔 GIYON (Choe최기영) which is the husband of the gold and silver lap acted as D.L.P. office work vice president and unification Progressive Party policy plan general manager, but when one feeling society case occurred in 2006, I am arrested for national preservation method violation and am found guilty in a part of prosecution contents.

On January 18, 2016, 挺对協 ( teitaikyou ) was accused on the suspicion of violation of national preservation method in the Korean prosecution by a Korean security-related NGO blue union (Korean :블루유니온).

I say, "挺对協 ( teitaikyou ) was paid 20 million won for a public interest operating cost for the purpose of enlightenment of the issue of comfort woman in Europe from Seoul City, but the blue union is suspected of having violated national preservation method Article 5 because I turned part to the support of "the Korea solidarity" receiving the constitution charge of the acting advantageous to the enemy group from the authorities" as an

accusation reason.

【 Presentation of the record release of the 吉元玉 ( Gil Won-ok ) former comfort woman 】 ( July 23, 2017 )

\*On last 19th, it was written down in the small hand of Bangladesh woman human rights activist Ferdausi Sharmin which participated in a demonstration in front of Seoul Japanese Embassy on Wednesday for the fixed period for open comfort woman solutions to the problem in the alphabet with halmonies.

"HARUMONI is Halmonies are our strength!! our power "

吉元玉 ( Gil Won-ok ) former comfort woman, HARUMONI:Grandmother/Old woman (88) protected a seat at the time of demonstration of this day when an intense heat warning was given to Seoul.

The record release commemorative butterfly school festival concert is held in a 清溪 (CHONGE) open space on that day.

The cheers of spectators in response to the tune of song of KIRU HARUMONI resounding in the open space seem to be audible in the ear.

It is HARUMONI! HARUMONI! HARUMONI!

\*In Japan, soon after WW2 in 1945, the brothels, or RAA (Recreation and Amusement Association), were set up for U.S. servicemen pouring into Japan and hired more than 50,000 Japanese prostitutes.

South Korea had a similar comfort station system for U.S.-led U.N. troops during the 1950-1953 Korean War and promoted sex businesses for American troops after the war.

Please understand that Japanese are very upset about the approved inscription of "comfort women" monument, because

you single out only Japanese military.

Thank you very much.

【 Confine death of 劉曉波( Liu Xiaobo/Liú Xiaobo )(China) supporters; Sea funeral request!Is it the erection caution of the grave? 】 ( July 15, 2017 )

\*Following the fact that 劉曉波( Liu Xiaobo )he of the Chinese democracy activist died in Nobel laureates in the hospital in Liaoning Shenyang city on 13th, I knew that the China authorities put supporter and others of Liu in the house arrest state in succession on 14th.

Well-known civic activist of the country, 胡佳( Hú Jia )clarified it. The Chinese authorities denied the achievement of the winning Nobel Peace prize of Liu and assumed 劉曉波( Liu Xiaobo )"an offender" and criticized it saying "the conferment is profanity".

On the other hand, it is considered that the body of 劉曉波( Liu Xiaobo )was carried to the 于洪区(Yuhong District) funeral hall approximately 25 kilos away from a hospital.

It is in a condition that the guard enters it other than the person concerned strictly, and there is not it at the funeral hall where the cremation facilities were added to as of 14th.

**The later situation of the body is unidentified.**

According to the place that human rights groups clarified of Hong Kong, the Chinese side cremates a body immediately and requires it to perform "海葬" winding up ashes in the sea.

I refrigerate a body, and it is said that a 劉曉波( Liu Xiaobo )haze relative of the wife to want to save it refused it for a long term.

The Chinese side is considered to be cautious of a grave of 劉曉波( Liu Xiaobo )becoming "the sacred place" of the democratization.

It is said that the words of the death that Liu left to 劉曉波( Liu Xiaobo )haze were contents to "want you to live a life happily".

\*I receive the Chinese democracy activist who won Nobel Peace prize, the death of 劉曉波( Liu Xiaobo )him, and movement to mourn for spreads through all the countries of the world including Europe and America.

On the other hand, for the Chinese government which did not accept the treatment in the foreign territory, criticism occurs successively from each European country, and a wife of confined 劉曉波( Liu Xiaobo ), liberation of 劉霞( LIU Xia )and the voice

for the departure increase.

【 "She does not have" a supporter without getting communication with a 劉曉波( Liu Xiaobo )wife 】 ( July 15, 2017 )

\*I receive a Nobel laureate, the death of 劉曉波( Liu Xiaobo ), and supporters of 劉曉波( Liu Xiaobo )are poised to make efforts in an activity for the departure of the 劉霞( LIU Xia )(56) and others family of the wife who has been confined by the authorities in future.

Each country such as Europe and America demand the departure of Mr. Liu haze, too, and the correspondence of the Chinese side attracts attention.

【 Death of 劉曉波( Liu Xiaobo )China writes in information regulation mourning, and they delete it in sequence 】 ( July 15, 2017 )

\*耿爽Spokesperson of Chinese Ministry of Foreign Affairs catches the death of 劉曉波( Liu Xiaobo )at the press conference on the 14th; and "is Chinese judiciary sovereignty and interference to the domestic administration about comment to criticize correspondence of the China government from each country official and others having occurred successively. I stated the country concerned, I performed a fair offer and streamed down "strong dissatisfaction and determined objection" in some countries and clarified that I protested it.

The memorial note is deleted in sequence without a result being displayed by the reason of "the law law and a policy to be related" to even if I search the name of Liu in Chinese SNS.

劉曉波( Liu Xiaobo )continues being supported in China by many

intellectuals, and an information gap spreads through a lot of people who do not know existence itself by censorship.

【 Death of 劉 曉波( Liu Xiaobo )Tiananmen former leaders "do not disappear for the influence" 】 ( July 15, 2017 )

\*I occurred successively through Internet and SNS, and the China democracy activist resident in the former leaders United States of the 天安門事件 June 4 Tiananmen Incident ( June 4, 1989 ) announced the comment to mourn over death of Mr. Akira Liu wave who fought by the case on 14th.

Dear Mayor of **San Francisco**, member of a municipal assembly, park executive committee

I protest "Resolution declaring September 22, 2017, as **Comfort Women Day** in the City and County of **San Francisco**."

It will open the floodgates for others seeking a platform for incidents that occurred outside of this country.

I ask you not to adopt the resolution at the next meeting.

I strongly protest against the "Comfort Women" monument in **San Francisco** city. ( Saint Mary square Park. )

\*I expect reconsideration about the comfort woman image setting from the people of the **San Francisco** municipal assembly.

- Brooke heaven city in the suburbs of Georgia Atlanta, America adopted a resolution of the comfort woman image setting on May 23, 2017

However, as of June 18, 2017, there is the testimony of inhabitants that a comfort woman image was already installed in BLACKBURNIIPARK (Brooke heaven).

\*I'm sorry. It may be what I do not want to hear, but is the resistance to a Korean group installing a comfort woman image. It does not hear one opinion, and this is because it wants to look back, and to inspect a fact and to judge the history.

As it is the country United States of the freedom, the United States of neutrality, fairness, the transparency, I want to hear both ideas and to avoid the immediate judgment.

【 [ **Korea, Konan** ] I force prostitution on the woman who does

not pay back wild income by the cosmetic surgery loan of 35% a year of interest rates ]

( July 11, 2017 )Korean Korea daily report

\*I arrest two man (47) and others of the suspect on the suspicion of Moneylending Control Act violation and investigate three cosmetic surgery medicine (42) and others which received the mediation of the customer from a suspect on the suspicion of medical law violation saying that the Seoul Metropolitan Police Agency wide area investigation corps loans the expense of the cosmetic surgery at a high interest rate by 10th and snatched interest by violence with at-home.

20 man (49) where I invested 15 members of the organization in charge of customer mediation and the collection, financing fund in were charged at the same time.

The doubt that suspects opened a loan supplier of no registration in the Konan district of Seoul City from January, 2014 through June, and furnished 378 female employees of the sex trade shop of the Konan district with 5,500 million won (approximately 546 million yen) at the high interest rate of 34.9% a year, and received interest of 1,900 million won. I forced prostitution on the woman who did not pay back a debt by a time limit.

The suspects mediated a customer in conspiracy with three cosmetic surgery surgeons who ran the hospital again in Konan.

The cosmetic surgery distributed 50% of operation expenses that payment, a woman paid the fee of 30% of operation expenses to in return to receive the introduction of the customer between a loan supplier monthly.

【 [ North Korea ] I testify by an escape from North woman, the

( July 9, 2017 )

\*Even if I reach 300,000 for another view, the North Korean asylum seeker who is hiding in China without fleeing into Korea although I got away from North Korea is said to be it.

It was said that there were many women at the sex ratio, but the findings that was deceived and was abducted, and was enough, and most did it, and came over to China was announced.

The Korean united House of culture study and TV Korea of the Korea daily report system investigated it targeting at 100 escape from North women resident in China recently.

For a question to ask the reason that came to China, 77% were abducted and replied that I was deceived and came over.

In addition, I understood that 23% of women who replied that I came over voluntarily encountered a forced marriage, damage of the white slavery.

In other words, it means that I have the experience that most of 100 people were exposed to some kind of human rights violations.

In addition, 14 people were in their teens, and 57 people were in their twenties, and 27 people answered the question to ask age at the point in time when I escaped from North to subjects of survey person with 30 generations.

The escape from North woman who lived in the farm village in the suburbs of Liaoning Tantung of China was deceived for the words of the broker, "I let TV Korean coverage eat the meal

which could earn 10,000 yuan" (approximately 167,000 yen) and crossed the river of the border.

However, I encountered damage of the human traffic, and I was sold off by a Chinese man.

Because Chinese was not possible, I prepared meals with nothing getting communication and washed it.

It has been used violence on the older sister of the husband by eight hits.

When money could make money, the escape from North woman who lived in the farm village of Hebei, China was deceived by a broker and encountered damage of the human traffic.

However, I was driven into the situation that couldn't but sell itself to remit it to a family left in North Korea that the husband married off was arrested immediately by the authorities and lived.

Which "I was made to undergo cosmetic surgical treatment many times" says this woman to take more visitors even if "there is the case which sells the drug under cover against a visitor as I make a profit".

As one of the big reasons not to disappear of such a damage, the Chinese authorities disclose a North Korean asylum seeker, and there is a fact sending back home forcibly in North Korea.

Even if the North Korean asylum seeker encounters any human rights violations for fear of receiving severe punishments such as the camp forwarding in an own country, protection is demanded from nobody.

Over a nucleus, missile development, a voice to demand so that China works on sanctions to North Korea seriously increases, but

expects that more interest gathers about the North Korean asylum seeker problem brought about of the victim in present continuous now in the global community.

\*The proposer has been insisting that this is a human rights issue.

It may be true.

But, instead of blaming only Japan, it is more appropriate to address all major human rights issues in the world and learn from the cases to solve them and prevent from happening again. I am strongly against the installation of memorial of Comfort women in San Francisco.

Thank you very much.

Sincerely,

Susumu Hikoyama

Dear Board of Supervisors,

I protest "Resolution declaring September 22, 2017, as Comfort Women Day in the City and County of San Francisco."

It will open the floodgates for others seeking a platform for incidents that occurred outside of this country.

I ask you not to adopt the resolution at the next meeting.

\*I expect reconsideration about the comfort woman image setting from the people of the San Francisco municipal assembly.

\*I would strongly ask you would vote against the proposal at the forthcoming meeting.

● What some photographs are wrong with a public information picture of the length for 15 seconds called "the truth of Gunkanjima" (official name, Hashima) shown through Times Square outdoors electric signboard of New York (NY), America for one week from this month 3, and was used is confirmed, and it is a problem.

Criticism is given when I do "fake news" through "the impression operation" that a Korean side is not based on a historical fact.

I photographed the miner who the applicable photograph lay in a coal mine, and worked on a coal mining.

"The true name of Gunkanjima was located with the copy "that 120 died" before the contents called hell island" in the picture thing.

However, as for the person in the photograph, it was confirmed not a forced commandeered Korean to be a Japanese.

Besides, the place was not bottom of Gunkanjima coal mine, too.

The memorial commemorative products of former comfort woman overflowed in the public while the issuance of "the comfort woman memorial coin" was decided after twists and turns on August 21, 2017 and conveyed the present conditions of "the commercialization of the comfort woman problem" in Korea.

The net shop which sold the comfort woman-related goods including the miniature of the comfort woman image told "the girl image (comfort woman image) network of the peace" about the issuance decision of the comfort woman memorial coin

recently in the shop.

Mr. and Mrs. Kim who produced a comfort woman image in front of the Japanese Embassy in Korea consigned this coin to the private enterprise and produced it.

( Sculptor's 金 運成(Kim Woon-Kyung) and 金 曙炅(Kim Seo-Kyung)/Kim married couple )

The memorial coin was original, and production was tried in the origin of issuance, but New Zealand territory Niue was stopped for reasons of "the political discussions" on this month 7 by decision on the Niue side.

And I change the origin of issuance to the African Republic of Chad this time, and, 13 days later, there is the process that issuance was enabled.

As for the sales price, it is said that the fund for issuance is prepared by the open call for participants from the nation for 89,700 won (the approximately 8,600 yen /80 dollar).

It is an aim to issue before the 1300th Wednesday meeting planned on September 13. It is an aim to issue before the 1300th Wednesday meeting planned on September 13.

According to the homepage, 70% of earnings which they got with a memorial coin are going to be contributed, but the group targeted for contribution has not been yet decided.

Including "a girl image (comfort woman image) network of the peace," it is said that there is the organization selling comfort woman-related goods in Korea as six places.

I produce it, and a bracelet, a necklace, earrings, a badge, a porch, a key ring, a T-shirt, various commemorative goods including the comfort woman miniature image are sold, and

there is the price from one 2,000 won (approximately 190 yen /1 .8 dollars) to things more than 50,000 won (the approximately 4,800 yen /45 dollar).

There is the example that was going to use a comfort woman commercially.

"A collection of comfort woman nude" which caused a discussion in 2004 is the example.

\*The comfort woman memory coin that issuance was refused in NZ territory Niue

The memorial commemorative products of former comfort woman overflowed in the public while the issuance of "the comfort woman memorial coin" was decided after twists and turns on August 21, 2017 and conveyed the present conditions of "the commercialization of the comfort woman problem" in Korea.

The net shop which sold the comfort woman-related goods including the miniature of the comfort woman image told "the girl image (comfort woman image) network of the peace" about the issuance decision of the comfort woman memorial coin

Dear Board of Supervisors,

[ England BBC will report Korean "U.S. forces comfort woman". ]

There was "aggressive participation" by the Korean government. While "U.S. forces comfort woman" in Korea had begun to attract overseas media's attention, an England BBC electronic edition took up this problem this time.

The prostitution act which cared for a U.S. soldier is introducing comfort woman's insistence in the those days when "aggressive participation" was in a background by the Korean government.

The women are still pinched with discrimination, and the life is poor.

I should wish, we assume that the influence a country advanced systematically was big, and the prostitution I don't have is asking compensation.

●It's established to the medical office where a presence of sexually transmitted disease infection is checked.

The appeal 122 ladies worked as a comfort woman at base village" near the U.S. military base to 1950-70 time ask for 10,000 dollars of compensation for damages of (about 1,180,000 yen) per one person dealing with the Korean government on June 25, 2014 has been caused.

BBC delivered the article entitled "Did Korea support a prostitution act at the U.S. military base?" on November 28.

A country is poor then for women, one, from the hardships of life, prostitution, I say that it was obliged.

When a single lady visited a getting a job service place in 1972, you promised to introduce work with a meal and a dwelling.

If it was a workplace, there was a lady who doubted an introduced place and ran away right now, too.

But it's caught by a store owner and it's sold to a different store, and it's said that you made sell itself.

Proprietors in a bawdy house gave clothes and cosmetics to a lady to attract U.S. soldier's customers, a cost are all female durability.

All food, clothing and shelter and medical expenses will be also a female burden.

I charged with "debt" of a large amount in this way, and unless I finished paying, the mechanism to have to keep turning to prostitution was made.

There is also testimony by which a U.S. soldier was done to English and a lesson of "Western good manner" for a partner.

The medical office to check whether a lady didn't infect sexually transmitted disease was also established.

By an article, "The one a Korean authority established is

certain.", it is, but the Korean government says that I didn't make a comment to BBC.

Cathy of a BURUKKINGUSU research center in the US and Mr. moon point out that operation in a medical office is consideration of the purpose from which not for female health maintenance, but a Korean U.S. soldier doesn't contract a disease.

I explained that it was the purpose of saying "It was to make a U.S. soldier satisfied that it was most important and you could continue Korean stationing of U.S. forces more."

When there was responsibility which prompted an officer of a Korean authority "to cooperate" with the lady who goes to a base village and works as a comfort woman to U.S. forces in 1970 's later, Mr. moon spoke.

I say at this time, that a withdrawal from Korea of U.S. forces was planned.

● Were continuation stationed and foreign currency acquisition in the U.S. military base the purpose?

Women are today, and it's an article of AP News dated September 5 that I wrote that you were pressing for a severe life.

Purpose now when I "have no places where I go to other ones" is poor, and also lives around the base.

It's surpassed in welfare, but there isn't other support from a country.

I pointed out that it was opposite with so-called "military comfort woman" of the old Japanese military which receive cordial treatment based on a special act by an article.

Korea paper The Hankyoreh (Japanese electronic edition) put the

female confession which was origin "U.S. forces comfort woman" on July 5.

One person of the plaintiff who took a claim for damages action in the Korean government.

"With work in a cotton" and, it's tricked by my friend and I say that it was betrayed to a bawdy house in a base village.

Filled every day was told a hardship in those days about, but also that a country didn't extend a helpful hand at all, I attack.

When a briefing session about sexually transmitted disease gathers comfort women, and is held, I say that even a staff in a health center, a police chief and an officer of an autonomous body as well as a U.S. soldier participated.

Since he asked women "Please give your service to a U.S. soldier more.", an officer is surprised.

For foreign currency acquisition, it's said that they accentuated for Korean development.

The pretense Mami sees a country, and that this doesn't see and also, even if you say that I participated aggressively, it would be inevitable.

When the misunderstanding which "will be judged from an eye of a prejudice and be I liked and that it was a prostitute" doesn't cease yet, a lady grieves today.

I insist that illegal "sexual buying and selling" admitted only around the base village originally, "Wasn't it done this to make U.S. forces be all the while? I try to make us earn a dollar, and.", I was making anger spread.

Existence of a U.S. forces comfort woman wasn't being reported so much up to now compared with a military comfort woman,

but I have also begun to pay attention to overseas media by raising of the suit which challenged the Korean government.

【 Investigation of truth of "U.S. forces comfort woman" and establishment of a victim supporting method are promoted again in Korea. 】

·Necessity of government material opening to the public is emphasized.

·Necessity of a correct actual condition survey is raised.

·Problem formulation is proposed to super-state solidarity.

\*It's judgment of part winning the case of "a base village U.S. forces comfort woman state claim for damages in Korea, suit" and is promoted by a truth investigation of U.S. forces comfort woman damage and modal establishment for living support again.

It was held by a common defense team of base village female solidarity of human rights, Korean female group union and a base village U.S. forces comfort woman government liability charge suit, SEUMUTO and Korea at a congressman hall on March 20 by common sponsorship of Democratic Party of Japan YU SUNHI councilor.

They gathered in "forum for meaning which is as a result of the U.S. forces comfort woman suit and modal establishment", a participant had the seat where an element necessary to modal establishment is argued.

A U.S. forces comfort woman is the person who has the experience through which he has lived as a prostitution lady at so-called base village" around the base of U.S. forces stationed in South Korea from 1960 's.

They're insisting South Korea formed and managed a base village, and that invaded human rights by doing effective prostitution until aid, invitation and promotion though prostitution was imposed a complete ban on by prostitution act preventive means in 1961.

On the other hand a soul music central district court passed a decision of part winning the case in 1 shin of "a base village U.S. forces comfort woman state claim for damages in Korea, suit" 120 U.S. forces comfort women raised.

A courthouse didn't accept the point that a country promoted and invited prostitution at a base village by a request of U.S. forces structurally, but there were no base village comfort women, and I infected among the lady who turned to prostitution at a rubber snake camp (base village stretch and sexually transmitted disease.

Or existence of a base village comfort woman and fact of violation of human rights to them were admitted because the women who presumed to have been infected were imprisonment, and I passed a judgment on the act treatment quarantined in etc., and with which was treated when it was received,) when it was illegal.

Participants of a forum pointed out the recognition that general people are short, a prejudice and negative evaluation to a base village U.S. forces comfort woman problem and emphasized a join key for legislation.

\*Please understand that Japanese are very upset about the approved inscription of "comfort women" monument, because you single out only Japanese military.

\*The proposer has been insisting that this is a human rights issue.

It may be true.

But, instead of blaming only Japan, it is more appropriate to address all major human rights issues in the world and learn from the cases to solve them and prevent from happening again.

\*The city hall thinks that it is the Komeito, fairness, neutrality the municipal assembly which is the public institution of the Brooke heaven citizen (whether is this not mind of America?),

\*I believe the monument will divide your multi-cultural good communities.

And also it will drive a wedge among US, South Korea, and Japan alliance, and that will only make Communist China and North Korea happy.

Thank you very much.

\*The article of <Korea Shinto sub-> was more frank for 1,966 years.

There is the huge power that “ 洋公主:양공주:YANKONJU (reception girl of the Westerners partner) has.

Ironically, as for them who bloom in the shade, it is to one leading figure of the foreign currency acquisition with the feeling that became the supremacy problem of the state policy of our country.

When the foreign currency which came out of the hall for exclusive use of the United Nations forces of 190 places of whole country reached 10 million dollars in those days for one year, " <Korea Shinto sub-> estimated it.

At the time of 1966, the foreign currency which our country earned by trade was 250 million dollars.

For 1970 through 71, the scales of the U.S. forces to Korea decreased by 18,000.

The government became the state of emergency.

When "I took the venereal disease precaution of the comfort woman in cooperation with health authorities and strengthened ... culture" by the official document which the Secretary of the Interior sent to each police in August, 1971 and did it, I directed it.

However, it was destined not to be able to catch the U.S. forces which left, and went.

The Japanese who came to do 'kisang sightseeing' met the vacant seat of the U.S. forces.

For 1,965 years, Japan-ROK Basic Relations Treaty was an opportunity.

96.8% of Japanese who visited Korea in 1977 when kisang (brothel) sightseeing reached the top were men.

The government devoted to economic growth showed a sightseeing income and tourist target value.

'quota' was set on a trip mediation supplier.

Various benefits disappeared if I could not achieve an aim, and permission was canceled when it was serious.

\*" derailment sightseeing is full of <Korea Shinto sub-> in 1979 and naturally is managed with the tacit consent of the authorities.

It recruited women in Korea, and the alliance which mediated expedition-related buying and selling in Australia was caught by the police.

These continue robbing sex buying and selling women of money; a drug co; become clear to having given you it to be similar, and give a shock.

It put 14 people including the Kim certain person suspect (33 years old) of the broker on the wanted list on the suspicion of having let a sex trader of Australia where Chinese and Korean people ran women in Korea find a job in the Seoul district National Police Agency international crime investigation corps and sent documents about 18 people including the storekeeper jun certain person suspect (33 years old) of the sex trader and the sex buying and selling woman.

So that, according to the police, suspect Kim of the broker (33 years old) cuts off a sex buying and selling woman until recently from 2007; "work without worrying about the control in Australia because the sex buying and selling is legal.

I tempt the money to be able to make money a lot and receive the doubt that connected it with a sex trader of Australia which Chinese and Korean people run.

In partnership with the representative of a certain travel agency, sex buying and selling women helped me so that a working holiday visa was received and took responsibility until stay extension application afterwards in this process.

Suspect Kim took 10% of charge for geisha's service that women

received away from the sex buying and selling business owners such as Kim certain suspects (55, year, woman) under the name of a fee.

Women received charge for geisha's service of from 110000 won to 230000 won, and the police told that the nature 12 hours or more per day bought and sold it.

The Australian local business owners let you compensate a 3,600,000 won considerable fine if you met 1,200,000 won, a visitor personally if sex buying and selling women did tardy and absence, and they exploited a salary unfairly.

It was assumed, "I thronged to a wedding ceremony and expose it" until a threat to women who refused buying and selling.

These illegality-like acts did not terminate in this.

Some business owners such as jun certain suspects took mind-expanding drugs such as the ecstasy at the dinner meeting seat with sex buying and selling women and had a party, and the police talked when sex buying and selling women of most considerably took a drug, and the nature bought and sold it.

The police said, "a side effect such as the ratio that the Korea woman occupied among foreigner-related buying and selling women in Australia being estimated with approximately 17% according to the announcement of the recent diplomatic commerce department, and Korea being recognized to be "a-related buying and selling woman export large country" in Australia is big" and emphasized, "the making of measures is urgent business".

Thank you very much.

\*I am against the comfort women monument in San Francisco

You must understand that the comfort women issue is politically and diplomatically controversial issue.

The Japanese government once recalled her ambassador and Council General to Pusan to home, and terminated or postponed negotiations with the government of South Korea.

This decision took place in response to Korea's decision to install a Comfort Women statue in Public place in Pusan, the second largest city in S. Korea.

\*" What are the evidence or primary source to proof these allegations? Or name the historians.

And also it will drive a wedge among US, South Korea, and Japan alliance, and that will only make Communist China and North Korea happy.

I believe the monument will divide your multi-cultural good communities.

I would ask that you turn down the proposal.

Dear Board of Supervisors,

I protest "Resolution declaring September 22, 2017, as **Comfort Women Day** in the City and County of **San Francisco**."

It will open the floodgates for others seeking a platform for incidents that occurred outside of this country.

I ask you not to adopt the resolution at the next meeting.

Dear Mayor of **San Francisco**, member of a municipal assembly, park executive committee

I strongly protest against the "Comfort Women" monument in **San Francisco city**. ( **Saint Mary square Park**. )

\*I expect reconsideration about the comfort woman image setting from the people of the **San Francisco** municipal assembly.

【 "Sex rice paid as a tax" compulsion, the man are "official guarantee" of torture ... human rights violations 金正恩(Kim Jong-un) whom they gave for a woman 】 ( August 4, 2017 )

\*When the Chairperson at North Korean 金正恩(Kim Jong-un)party started instructions, "I stop human rights violations" for State Yasue Ministry (secret police) in the spring of this year, I am informed it.

When the manner of Yasue one (the personnel required of the secret police) became considerably soft, by severe censorship (inspection) for Yasue Ministry and these instructions given at the same time, they were informed it, but the North Korean people considered it "to be a thing temporary anyway" with cold

eyes. Actually, it is just like it.

Kim who lived in the 兩江道(Ryanggang-do)惠山(Hyesan)city of North Korea informed particularly atrocious Yasue one in daily NK.

he person is Yasue instructor having jurisdiction over 蓮峯二洞 (RYONBONIDON) in the city, perception Kang JINYOKU captain.

Because not only I conciliate local inhabitants and I threaten it and pester it for money, but also it is said that I go until a sexual assault for the woman who does not listen to you, I am absorbed in evildoing

It is woman in her twenties who lived alone in蓮峯二洞 (RYONBONIDON), Hur that such Kang captain targeted.

In cooperation with mother who she escapes from North, and lives in Korea, I work as a remittance broker.

Kang captain which knew it visited Hur.

I told, "you should earn money to one's heart's content because you worked as buttocks carrier" and pressed it for reporting and "sex rice paid as a tax" as a bargaining point.

In other words, I demanded sexual intercourse.

Hur rebelled intensely and protested it.

Then Kang captain extends over it "is very easy to handle you time" and several times, and it threatens it.

Still, for Hur where I was not going to follow, it is to have extended to the sexual assault by power.

Such an act is carried out much in North Korea.

I am alone, and Hur suffers for fear of retaliation of Kang captain like many other victims without there being the sincerity suit (accusation) in the upper organization.

The absorption in evildoing of **Kang captain** does not remain in this.

**Hur** and woman **Han** who lived in the same town in 30s became the prey.

It is about this February that a case happened.

In a house of **Han** who lived as one, **Kang captain** visited under the name of "Yasue business " (watchman).

It was **Kang captain** which I talked about for a natural feeling while drinking liquor, but I attacked **Han** suddenly and amounted to a sexual assault first.

Ill-treating as it is morbid of **Kang captain** goes for the man.

Can the Yasue one continue such a behavior?

In fact, it seems to betray instructions of **金正恩(Kim Jong-un)**, and there is their action, and this is because, in fact, it cannot happen.

**金正恩(Kim Jong-un)** starts instructions, "he deal for the person using the cell-phone of a North Korean asylum seeker and the Chinese carrier strictly" at the same time while saying, "do not do human rights violations".

"Do not do the human rights violations to the people at large and is to straighten it, and to remove the betrayer with the foreign country" when I add these two.

Thus, Yasue Ministry as "the watchdog" of the Kim Jong-un system got the ink effect of human rights violations some other time.

【 The reason why "the sexual abuse" to a female soldier strides in Northern forces 】 ( March 16, 2017 )

\*"Group for Pleasure" of the commander

On the back where the North Korean authorities uttered strings of flattering compliments in the text of the law, a certain purpose was hidden.

I was going to make up insufficient work force only in men by mobilizing a woman.

A woman should be given a position and the opportunity when are equal to a man even if I seem to compare it, but can never happen.

It is said that the North Korea authorities came to detect the appointment to an executive only for the woman who there is armed forces experience from 2013, or graduated from a university in the place that told as a story of the inside information line of rice governmental radio free Asian (RFA) [兩江道\(Ryanggang-do\)](#).

Other girls must take military service approximately perfunctorily if they think about it being children blessed with a home environment to some extent to be able to enter the university.

**And, in the closed communal living called the armed forces, the human rights violations for the woman accelerate.**

I acquire it in a document when Korean People's Army total Department of Political Affairs gathers the woman commanders of each military unit in 2015, and thought struggle held a meeting and explain the above information line for RFA. For example, the summaries are as follows.

The company commander with 316 regiment 3 battalions joined the Labor Party for the reward that performed "sex rice paid as a tax" in September, 2014.

It is said that her home has collapsed as a result that relations

continued being pressed for without being able to defy the demand of the political officer who became a guarantor of the joining a political party.

A lot of examples that a woman officer encounters a sexual assault in exchange for success in life are reported.

However, women do not notice even the word "sexual assault" in few North Korea when the damage that oneself received is human rights violations.

In addition, it is woman to be punished even if it becomes the problem.

On the other hand, there is the woman officer performing a prostitution act from the economical poverty.

I arrested 22 prostitution women as a result that the people's army Police Administration Bureau supervised it intensively in the平城(PYONSON) 市駅前洞 (YOKUCHONDON) whole area of平安南道 (P'yongan-namdo) at 11:00 on the afternoon of February 20, 2015, but 17 people of them were woman officers.

Far from "a woman officer being going to escape from the sexual abuse from a male commander, what get away from the corps at night, and perform a prostitution act to earn money is due to the inferior supply system as rear total station (department in charge of distribution) cannot supply even a sanitary napkin"

Male soldiers cannot endure it in the North Korean military to starve and run for the plundering from a private citizen and do it.

In the case of a woman, the situation may be more serious.

The circumstances of the woman in labor corps "storm troops" put into the construction of infrastructure and the apartment complex are extreme in misery.

According to the information line of咸鏡北道(Hamgyong-pukto), it becomes the open secret that a commander of the storm troops where is higher than a company commander walks with a woman called " [Group for Pleasure](#) ".

\*On September 20, 2017, it became clear following the setting of the comfort woman image that a Korean citizen's group was going to install a commandeering mechanic image in front of the Japanese consulate general of Pusan.

Planning setting Korean citizen group "**democracy labor unions total league of the whole country.**"

According to the place that the Pusan headquarters announced on 18th, it is said that the setting place of the image plans setting on May Day on May 1, 2018 in front of the Japanese

consulate general of Pusan.

In the group, one demonstrates every day in front of the Japanese consulate general for 100 days from 18th and does it when I accuse the need of the image setting, and it is said that I begin the donation activity for image setting.

In addition, I make an announcement on performing the setting declaration meeting of the commandeering mechanic image on December 28 of the last day of the demonstration activity for 100 days.

The group installed it in the national land of the 龍山駅前( Yongsan station square )of Seoul inner-city in August, 17, and the commandeering mechanic image declares that the different citizen group installs it in front of the Japan consulate general of 濟州島( Jeju-do/Jeju Island )with the goal of 10 in the middle of the month.

【 A Korean "commandeering mechanic" 】 ( August 27, 2017 )

\* A nation commandeering law will be applied to a Korean in August, 1944, and thereafter a Korean commandeering mechanic is people commandeered by the Japanese Government during until the end of the war.

( I was commandeered for approximately one year until August 15, 1945 )

I actually engaged in labor in a Japanese private enterprise.

But there are a lot of Koreans who came in free will in Japan, and, by the explanation on July 11, 1959 of Japan Ministry of Foreign Affairs, approximately 1 million Koreans come by a point in time of the end of the war from 1939, and it is said that most engaged in labor in Japan based on free will.

〔 Great Japanese Empire merged large Korea empire with the Annexation of Korea (Japan's Annexation of Korea) based on a treaty about the Annexation of Korea on August 29, 1910. The rule by Japan lasted 35 years after this until Government General of Korea surrendered to the United States on September 9, 1945

The country where I signed → Argentina, Australia, Belgium, Bolivia, Brazil, Cambodia, Canada, Ceylon (existing Sri Lanka), Chile, Colombia, Costa Rica, Cuba, Dominican Republic, Ecuador, Egypt, El Salvador, Ethiopia, France, Greece, Guatemala, Haiti, Honduras, Indonesia, Iran, Iraq, Laos, Lebanon, Liberia, Luxembourg, Mexico, Netherlands, New Zealand, Nicaragua, Norway, Pakistan, Panama, Paraguay, Peru, Philippines, Saudi Arabia, Syria, Turkey, South African federal (the existing Republic of South Africa) U.K., United States of America, Uruguay, Venezuela, Viet Nam (the → Vietnam Republic →

Taft-Katsura Agreement: The agreement that was exchanged between William Taft secretary of the army who was Taro Katsura and United States of America special envoy on July 29, 1905

« The main agenda »

·Japan expresses a thing without the ambition for the Philippines which became the colony of the United States.

·The peace of the Far East should be kept by Japan, the United States, the virtual alliance by British three countries.

·The United States recognizes a leadership position in Japanese Korea. )

( Taiwan of the rule era in Japan is time from April 17, 1895 when Taiwan was performed cession of as a result of Sino-Japanese War in Japan from the Qing dynasty by Shimonoseki Treaty to October 25, 1945. )

There was not explanation about the number of commandeered Koreans of the inside and I slightly drank it saying "the thing which as a result of the total number of the staying in Japan Korean as of 1959 being approximately 610,000, and having investigated an alien registration vote, came as a commandeering worker all over the wartime was 245" and was written down.

The number of commandeering mechanics that it was confirmed to live in Japan in 1959 was a small number of 245.

As I was commandeered based on a nation commandeering law, about the right to claim for the compensation of the

commandeering mechanic or the compensation, request for the Japanese Government may be performed, but the nation commandeering law intended for all the people having Japan nationality, and there is not the reason why only a person from Korean Peninsula is treated in particular.

The government of Japan-Korea two countries concluded right to claim, an economic cooperation agreement with Japan-ROK Basic Relations Treaty in 1965 and "completely and finally" solved a problem of property, the right to claim.

With the right to claim, there is return request about the property such as a factory, the house which I left for the Korean Peninsula near pain and a compensation demand, the Japanese (including the company) for the damage who suffered it for the colony rule era by Japan near the Korean.

If a commandeering mechanic requires compensation as the Korean government receives the share of the personal compensation as for the matter of the commandeering mechanic in a lump in the Japanese Government although I suggested personal compensation in the case of a Japan-Korea right to claim agreement and did it when I take responsibility for a commandeering mechanic and hand it, it is the Korea government keeping compensation money not a Japanese company partner.

In addition, it is necessary for the Korea government to hand the Korean government to North Korea on request from North Korea as the North Korean share is handed.

\*It will drive a wedge among US, South Korea, and Japan alliance, and that will only make Communist China and North

Korea happy.

\*Is it okay for the San Francisco government to be secretly influenced and misled by Chinese political maneuvering in your multicultural society?

Thank you very much.

【 [ the Chairman習 近平(Xi Jinping)makes Japan the devil unfairly ] Criticism - Japan In-depth which appeared in a ... British "economist" first page article 】

( September 03, 2015 )

\*China, East Asia and historyXi's history lessons

The Communist Party is plundering history to justify its present-day ambitions

When "China deceives the world and entrapped Japan," a reporter for Europe and America criticizes "anti-Japanese movement ceremony".

I reveal a fact modification of the Communist Party openly.  
chairman or president Chinese 習 近平(Xi Jinping)inspecting

troops twists the history and uses a military parade of "the anti-Japanese movement war victory memory" in Beijing of September 3 in the future ambition of the own country and makes Japan the devil unfairly.

Such a severe criticism appeared in the first page article of the British major magazine "economist".

The The Economist August 21 issue picked up the entry of the "lesson of the history of Mr. 習(Xí)" article "does China revise the past to rule over the future how?" with the photograph which took a cover with the gun that 習 主席(Xí Jìnpíng chairman or president)came to have same a pen as a rifle.

And I published a claim and the commentary of the entry, "the Chinese Communist Party abused the history to justify current ambition" in a first page article.

The main point of this first page article seemed to be as follows.

(1)The Chinese Communist Party celebrates war victory to Japan by the ostentation of the armaments for the first time this time as well as a simple ceremony, but the action lays a coercion effect to advertise power in now in China in the neighboring nations necessarily.

The Communist Party tampers with the past history to justify a current ambition.

(2)China thinks that an own country is future Asian order, and there is the greatest influential voice for size of the past sacrifice and advertises it when Japan is the dangerous existence that may just begin the aggression to the other countries again.

(3)But it is not the Communist Party that made war on Japan, and the Chinese history to insist on is Kuomintang, and current

Japan is greatly wrong from the origin at a point to be different with Japan of the imperialism.

(\*There were not Japan and the war with the Chinese Communist Party (the People's Republic of China) and was war with the Republic of China (Kuomintang ran away to Taiwan and was established). Japan does not fight against the Chinese Communist Party.)

Present Japan is devoted to pacifism, and aging advances and is a democratic country evading a nuclear weapon.

(4)Not only it is unfair, but also it is dangerous that China makes Japan the devil. When the Chinese Communist Party drives the anti-Japan sentiment in the own country too much, it raises the anti-American sentiment of the nation, and this is because it may come to demand a confrontation with the United States in Asia.

(5)The Chairman 习近平(Xi Jinping)learns a true lesson from the history, and it stops that it tampers with the history, and it uses it only by the advantageous method of the own country, and it is desirable to push forward Asia regional stability in multilateral discussion.

The above-mentioned claim spreads on the expensive platform of Tiananmen on September 3 and is the word that a big military parade was turned to President 习近平(Xi Jinping)inspecting troops.

(It will be useful as one of the interpretation of the great parade in Tiananmen.)

【 China is Inner Mongolia Autonomous Region, and large-scale military parade, 習主席(President Xi Jinping)inspect troops with

People's Liberation Army clothes (armed forces clothes). ] ( August 1, 2017 )

\*People's Liberation Army carried out a military parade of the 90th anniversary of the foundation on 30th and released the latest fighter and missile.

... of the best leadership This parade was carried out in the largest practice ground in Inner Mongolia Autonomous Region in Asia not normal Beijing center.

The above stood in line in the morning on 30th, and 12,000 soldiers of People's Liberation Army which just participated in actual training, equipment 600 (set) received an inspection of troops of President Xi Jinping by a battle posture.

30 dates U.S. New York Times "President 习近平(Xi Jinping)who was the commander in chief of the middle national military wore camouflage clothes, and the Chinese land, sea and air and rocket forces inspected troops of the soldier of each military class.

The military unit where various new weapons were deployed is included in this. These inspections of troops corps was perfect and were perfect, and, judging from which angle, they informed, it was orderly.

The British daily email "People's Liberation Army is promoting large-scale modernization reform.

The 朱日和(Training base)that a military parade was held is the China, Asia's greatest military training base. In late years the serious military affairs training, practice and the inside and outside the country joint drill pointed out, it is held here.

【 To live broadcast ... North Korea, India where is exceptional by China, a large-scale military exercise as for the possibility of

the military attack ]

( August 1, 2017 )

\*People's Liberation Army performed large-scale live-ammunition exercise to memorialize the-based military 90th anniversary of August 1 at a military base of Inner Mongolia Autonomous Region on July 30.

The liberation army carries out a large-scale military parade in Beijing center in September, 2015, and it is extremely exceptional to perform a large-scale military exercise twice for two years.

Ahead of a party convention, there is the aim that President 习近平(Xi Jinping Chairman military affairs committee member) shows off military right reinforcement of oneself.

Furthermore, an important meaning hides behind in this military exercise besides.

It is a military check to North Korea and India.

It is the sea near the shore of North Korea in the end of July, but I continue i India troops and hostility near a middle seal border more than one month and may receive the national military with a declaration of intention of Mr. 习近平(Xí)that the large-scale practice at this time adds an attack in the case of the worst for the two countries turning to the tusk against Chinese intention among others with the missile launch training now.

【 By the problem that People's Liberation Army pushes forward highway construction without permission in a dispute place with Bhutan, India protests it! 】

( July 2, 2017 )

\*For China, the India government said, "I am concerned about

movement of recent China deeply" by the problem that Bhutan protested when People's Liberation Army began highway construction in a dispute place of the two countries on 30th, and they announced the statement, "they told the China side when such a construction was a serious present conditions change to bring influence in the serious security in India".

According to the Bhutanese government, the China Army(The Communist Party forces)entered the dispute place on June 16 and began highway construction. India crosses the border in the China territory, and the Chinese government blames that they interfered with an activity.

Approximately 20% of the Kingdom of Bhutan country invaded by China are already occupied illegally and a territory is invaded and is robbed of it and seems to be controlled effectively.

The Chinese People's Liberation Army gradually invaded the territory of (the area that I surrounded in Japanese yen of the map) that contacted with China (Tibet Autonomous Region) in northwestern Bhutan, and, in the announcement of the Bhutan government in 2006, many territories were invaded and seem to have been possessed China occupied illegally substantially.

\*Is it okay for the Ontario government to be secretly influenced and misled by Chinese political maneuvering in your multicultural society?

\*It will drive a wedge among US, South Korea, and Japan alliance, and that will only make Communist China and North Korea happy.

Thank you very much.

【 "The Chinese Communist Party government is the South Pole and pushes forward military activity and the exploration of mineral resources behind closed doors"...An Australian think tank points it out! 】 ( August 26, 2017 )Epoch Times

\* "China invades the leadership in the South Pole of Australia"

The Australian defense think tank points out that the Chinese Communist Party government pushes forward military activity and the exploration of mineral resources behind closed doors at the South Pole recently.

I warned the Australian government that I made an established fact to insist on dominium.

According to the report which a strategic policy research institute of Australia published by 18th, the China authorities cast a vast fund in the South Pole for the past ten years and let you enlarge

movement of "military activity and the mineral exploration that you do not declare".

3 points and two stationing place are in the territory to insist on of Australia in Chinese base 4 points in the South Pole.

In addition, China produces one ship other than two icebreakers of the existence newly.

The aim of the Chinese side is regarded as fishery, tourism, the construction of the transportation network, a coal mine, water and creature resources.

In addition, that, as for the report, a scientific project leads to a defense purpose of the country the military activity by the Chinese authorities; it was said that was not explicable, and pointed it out that violated "Antarctic Treaty" to establish the peaceful use of the South Pole area.

In addition, "the South Pole mineral resources activity regulation treaty" of the Madrid agreement Protocol forbids a mineral activity in the South Pole, but the Chinese government has not stopped exploration activity so far, and it is said that rather I enlarge coal mine exploration from 2012.

The think tank demands it through a report for the Australian government "to show the leadership in careful diplomacy, a clear strategy, and to protect national interest in the Antarctic Continent by strategic investment", and to do it.

【 Penetration of the influence of the Chinese government advancing in Australia 】 ( June 24, 2017 )New Tang Dynasty Television

\*When a rose sprinkles money in Austria through a company, and the Chinese government is going to have a political

influence, Australia and the American media report it.

Penetration to the Chinese democracy society attracts interest.

By the investigative reporting that Australian state-run television station and Fairfax produced jointly, I collected data on four people and pointed out that the China government made penetration in Australia.

(1) 嚴雪瑞 (Ms. Yen) from executive home of the People's Liberation Army and the Australian former information investigator of the husband established a foundation and acted secretly among Canberra, New York, a politician and industrialists of Beijing.

In 2015, 嚴雪瑞 (Ms. Yen) was arrested for the bribery to United Nations official by the U.S. Federal Bureau of Investigation.

Confidential documents were discovered when an Australian anti-spy engine searched home of 嚴雪瑞 (Ms. Yen)

There is friendship with a cabinet minister of the Australian government, and 嚴雪瑞 (Ms. Yen) is considered to have not a little affected the decision of the foreign policy.

(2) Property tycoon of the friend of 嚴雪瑞 (Ms. Yen), 周沢荣 (Mr. Chou) are naturalized in Australia, and it is 20 years and performs a large amount of political donation at an interval in these 15 years.

I contributed a total of 4 million Australian dollar to each political party for ten years and was on familiar terms with many officials including two ex-Prime Ministers.

The Chinese Political Consultative Conference committee serves, too and runs the media by the state-run media and cooperation in China in Australia and spreads in propaganda of the China

government.

Film producer 石宇歌(Mr. Shih): "The Chinese Communist Party government increases the influence in foreign countries more and more. A rose sprinkles money and is going to infiltrate an ideology called the communism abroad."

(3)Property tycoon, 黄向墨 (Mr. Hung) of the Australian overseas Chinese act as the chairperson of "the 豪州中国和統 (Australia China Tomokazu unification) meeting" which the Chinese government unifies.

The 黄向墨 (Mr. Hung) contributed a total of 2,690,000 Australian dollar to each political party after emigrant application of 2011 for four years.

Although it is not an Australian citizen, I have a big influential voice.

When the Australian Labor Party criticizes China about the issue of South China Sea in 2016, I speak that I withdraw contribution of 400,000 Australian dollar to the party.

A member of party decision that received contribution from yellow the next day made a comment close to China.

The Chinese problem expert 横河(Mr. Heng): "The world main democracy prohibits the political donation from the foreign country, but only Australia is not forbidden by a law. I cannot determine what kind of influence national security and profit suffer by a contribution."

(4)It is a foreign student (23 years old) from China, the chairperson of the scholar of Canberra China student social gathering.

When a Chinese official visits Australia, I mobilize several

hundred students, and she welcomes you and opposes it to each other in the protest demonstrators.

Scholar of Chinese student support society's chairperson: "Besides, a flag and food, contrivance of the traffic receive the support offers such as lawyers from the Chinese embassy and are active."

A reporter: "Do you report the student who participated in human rights activity to the embassy?"

Scholar of Chinese student support society's chairperson: "Yes, I report it by all means."

陳用林(Mr. Chen)diplomat of cause stationed-in-Sydney China: As for "the specialized special agent, four systems of a liberation army total staff section, cheap all, a public peace department, a consulate and the embassy are active independently mainly (in Australia) (China) 300-500 occasions."

These four people highlight what the Chinese government has an influence on in Australian politics and arts and sciences world, many aspects including the media.

It may be said that I am made to stand in the forked road Australia protects each racial culture and political right, and how they can brush off influence of the communism power as a democracy.

【 It is a Chinese spy scandal for a New Zealand member of the Diet 】 ( September 13, 2017 )AFPBB News

\*It was found out that a Diet member from China received training for military affairs and the espionage in China in New Zealand on 13th, and a doubt that it was a spy of the China government surfaced.

I claimed that this member of the Diet was a victim of the organized slander that oneself assumed racial discrimination a background and denied a doubt.

According to the investigation that British paper Financial Times (FT) and news site "Newsroom" performed jointly, it is said that the Jian Yang member of the Diet from China is targeted for the investigation of the New Zealand secret service over the connection with the Chinese elite spy school.

In addition, according to both media, it is said that Jian Yang elected a member of the Diet in 2011 covered the career that acted as a lecturer in the linguistic prestigious school for members of Chinese military intelligence.

The New Zealand builds secret information joint ownership mechanism "Five Eyes" with United States, U.K., Canada, Australia, but, according to the Financial Times, it is said that there are not a Chinese secret service and the Western countries where an incumbent is with such the strong connection elsewhere.

In addition, the Financial Times reports, "a question occurred for the preparation of Western countries to cope with China which has an influence positively still more for the foreign government, and sets espionage" about this matter.

\*Is it okay for the an Francisco city.( 「Saint Mary square Park. ) to be secretly influenced and misled by Chinese political maneuvering in your multicultural society?

\*I am afraid this bill will become a trigger to create racial conflicts in your country.

Thank you very much.

Sincerely,

【 The United States is an editorial of "they are South Korean flattery overdoing" U.S. paper Washington Post 】 ( August 21, 2014 )

·An editorial of 19th of U.S. paper Washington Post is praised highly in a Japanese net.

·When the candidate of the federal member of the House of

Representatives follows South Korean inhabitants too much, I criticize it.

·It is the welcome mood in Japan, but a comfort woman image is installed in Michigan on 16th.( Korean Cultural Center front yard )

On August 16, 2014, a comfort woman image was installed in the Korean Cultural Center front yard of business district Southfield in the northwest of Michigan Detroit City.

( Following a thing installed in the park of California Glendale City, it becomes the second place comfort woman image in the United States. )

The Michigan comfort woman girl image Committee on Construction got the support of the chief librarian, but persuades the library side saying that a Japanese-affiliated company and the Japanese consulate general may cause the conflict of the community.

Because it was said that the library side was not good for here, I was changed in front of a Korean Cultural Center.

\*U.S. paper Washington Post published an editorial to criticize when candidate federal member of the House of Representatives in northern Virginia followed South Korean inhabitants too much on August 19, 2014.

« " I draw close to the Korean community too much " »

As for the paper, the candidate who showed up in person by an interim election of November from the Virginia tenth electoral district pointed out, "I draw close to the Korea community which grew up rapidly in an area too much"

It is said that candidates pledge it when they recommend

"Tokai" where the Korean side insists on a name of the Sea of Japan if elected and the textbook purchase that they wrote jointly.

While because a lot of South Korean inhabitants live in the northern part of state and have votes more than Japanese inhabitants, saying, "a politician does not need to regard South Korean one supporting it,"

" I doubt whether a candidate without the technical knowledge should shove a neck in the intense debate of two American allies about the international situation in particular " I criticize.

"A comfort woman monument" was installed near Fairfax county Government building in May by a South Korean group, but brought it into question.

While it was said that it was indisputable that there were agony and the abuse about so-called comfort woman in World War II, "other was racial and posed a question do you agree to mourning about the historic and national pain in county government center?".

I raised suppression to the Irishman by the British, Armenian genocide of Turkey, fight of the 14th century of Kosovo as an example.

私は日本在住の者です。

この度、サンフランシスコ市において「慰安婦の日」を制定すると聞きました。その行為は、日本人に対する人種差別であり、日本とアメリカとの友好に反するものです。

日本軍慰安婦に関しては多くの「フェイク」が含まれています。

アメリカ政府が3000万ドルを使い、7年間掛けてアメリカ公文書を調査した結果、慰安婦に関する日本軍の戦争犯罪文書は見つかりませんでした。

この報告書(IGR報告書)は2007年にアメリカ政府に提出されています。

その報告書で日本軍慰安婦に関する唯一の文書は1944年にミャンマーで捕えられた朝鮮人慰安婦への聞き取り調査です。その調査記録によれば、朝鮮人慰安婦達は「単なる売春婦」と書かれています。

朝鮮人売春婦は現在もアメリカで活躍していることをご存知と思います。

「日本軍慰安婦の日」を制定する前に是非「IGR報告書」で「ファクト」を確認願います。

私は英語が苦手なため、日本語で書きましたが、中国と韓国の日米離間工作に協力しないようにお願いします。

\*I expect reconsideration about the comfort woman image setting from the people of the [San Francisco](#) municipal assembly.

【 Why is it? As for the comfort woman image of the Brooke heaven, does the city announce the transference plan to other large-scale parks (Blackburn Park) from an unveiling ceremony only five days later? 】

\*Why is it? Is there the fact that a comfort woman image was installed in the park (Blackburn Park II) by a resolution of the comfort woman image setting on May 18 before the adoption on May 23, 2017?

( [some raised neighborhood inhabitants](#). )

AOn May 30, the stage by the Korean singer was held at the unveiling ceremony that attended a lot of South Korean inhabitants, and I was sold to the commemorative T-shirt of the

comfort woman image, and the festival mood became all.

But, five days a short distance from the unveiling ceremony of the comfort woman image later, why is it that the city announced the transference plan to other large-scale parks (Blackburn Park)?

At the unveiling ceremony, the executive of the South Korean group of Georgia Atlanta that donated a comfort woman image to the Brooke heaven city emphasizes, "we do not move by political profit".

In addition, "this is not a problem only for Korea.

The victim developed a pet theory (by Japan) as well as Korea saying I go on China, Taiwan, Philippines, at least 13 countries including Indonesia.

I am in charge of Arne strike mayor oneself chairmanship, and three people attend among members of a city council having four people.

The local chief constable went on the platform, too and said hello.

The commemorative T-shirt that a comfort woman image was designed is sold in the meeting place; and the spokesman of city "sell a T-shirt! The scene where I raised a voice and "advertised it", and it was assumed, please purchase it not to consider was seen.

( There is the Brooke heaven city by car northwest from the state capital Atlanta center to approximately 20 minutes. In the city that was just born in 2012, the population is approximately 50,000 people. )

The Arne strike mayor introduces a South Korean member of a

city council with "a longtime friend" at an unveiling ceremony.

When I stated that a setting plan in Atlanta was canceled, "I was disappointed very much", and the South Korean member of a city council told you, "I was able to expose light by past tragedy through difficulty before finding a home" (the comfort woman image), conspicuously big applause was sent.

The Arne strike mayor connects the issue of comfort woman with human traffic to be taking place in an area. I repeat, "I raise a critical mind of the human traffic to continue now" and explain image setting.

However, I tell you, "it is unbelievable that the city accepts the business of the striptease club and brings a comfort woman into question" saying, "it is human traffic" and have it pointed out about "the contradiction" of the city.

On July 5 only five days of the unveiling ceremony later, I announced the transference to the different large-scale park.

I explain a reason of the transference now saying that a traffic jam occurred around an established park saying the city side "gives a good response by the visitor of a parking lot and the image including the convenience".

The Rodrigo Roa Duterte President held a press conference in Davao City of the hometown in southern Philippines at the end of last week, and the local media of 6th reported that they announced that they treated the Korean who did the illegal act including prostitution business and the drug trade in the same way as a Philippine criminal.

The Rodrigo Roa Duterte President said, "a Korean gang received prostitution, a drug, a report of the information that they abducted in Cebu" and stated, "they do not have a special privilege for a reason to be a foreigner".

I emphasized, "I treat the Korean who did the illegal act including prostitution business and the drug trade in the same way as a Philippine criminal" successively.

After DERAROSA Philippines commissioner-general of the National Police Agency brought up the possibility that a Korean gang was concerned with the Korean enterpriser abduction, killing case of the local police officer, the remark of the ドウテル テ President came out.

Dear Board of Supervisors,

I protest "Resolution declaring September 22, 2017, as Comfort Women Day in the City and County of **San Francisco**."

It will open the floodgates for others seeking a platform for incidents that occurred outside of this country.

I ask you not to adopt the resolution at the next meeting.

\*I expect reconsideration about the comfort woman image setting from the people of the **San Francisco** municipal assembly.

\*I would strongly ask you would vote against the proposal at the forthcoming meeting.

【 Korean North Korean human rights group if "China does not stop the repatriation of the North Korean asylum seeker in North Korea an embassy an escape from North girl image setting" 】 ( September 05, 2017 )

\* I made clear that a Korean North Korean human rights group was going to install "an escape from North girl image" in front of a Chinese embassy.

A citizen group "bar association for human rights and unification of the Korea Peninsula" and the North Korean human rights group total alliance opened the press conference in Seoul on 4th and told saying "I erect "the escape from North girl image" in front of the China Embassy if I did not stop that China sent a North Korean asylum seeker back home forcibly to the north".

I required it for **The state chief (President of the People's**

Republic of China) 习近平(Xi Jinping) successively saying "release a citizen of escape from North that you stopped forced repatriation in North Korea of the North Korean asylum seeker promptly to match with the position called the United Nations human rights board of directors member of the council of the United Nations and detained".

They explained, "still "refugees agreement" that I joined by oneself "prevention of torture agreements" continue sending a citizen of escape from North back home in violation of "a prohibition principle of the compulsion repatriation" that an international human rights model exhibited forcibly in the China government" while saying, "the China government well knows the fact that North Korea was executed promptly if North Korea sent a citizen of escape from North that tried going in Korea in world's worst human rights Hell back home, and was confined in prison in the prison camp".

【 Is it no use that work on "North Korean asylum seeker girl image" setting in front of a Chinese embassy of Seoul, Korea? 】 ( January 13, 2017 )

\*As taking a step, the Japanese Government recalls Ambassador residence Korea, and the anti-antiplace for having installed the comfort woman image that a Korean citizen's group symbolizes a comfort woman in front of the Japanese consulate general of Pusan at the end of the year of 2016 declares interruption of the discussion for the resumption of Japan and Korea swap.

The Korean government and the Korea media are perplexed at strong measures of this time by Japan which showed only a reaction of the regrettable expression degree about the comfort

woman image until now.

Japan was such quick and did not expect it to cope for a strong posture.

At the end of 2015, Japan contributed a fund of 1 billion yen (9,100,000 dollars) for former comfort women after a Japan-Korea comfort woman agreement agreement, but did not show what movement except that the Korea side received this and I provided former comfort women with a part and did it and used it either.

In the Korean government, it was hardly done an effort such as providing other places for a comfort woman image as soon as I persuaded the citizen's group and nation, for example, to solve the issue of comfort woman image in front of the Japanese Embassy of Seoul.

Almost all Korean media criticize the Japan side which appeared at the strong measures without speaking a regret, a criticism opinion for the citizen's group which installed an illegal molding thing without license.

Because one share of Korean media develop such a tone in the same sound, most Koreans just take this and think that there is a problem for correspondence of Japan.

In the Korean society which is "majority = popular will = justice", the opinion of the minority "whom a Korean side ran too much" does not have what influence either.

( May the Korean social figure which is "majority = popular will = justice" in an impeachment process of President Park Geun-hye reflect it? )

"Girl image" in front of the too contrastive Chinese embassy of

the Korean government correspondence="If "I install it removal" that "you must not stimulate China"

In fact, there is the citizens movement that is going to set up "a girl image" in front of a foreign embassy in Korea one more. It is the exercise that is going to set up "a North Korean asylum seeker girl image" in front of a Chinese embassy.

People planning an escape from North from Korea go over to China without cease now, but send back the China authorities to North Korea without protecting them.

North Korean asylum seekers sent back home by North Korea are taken to the camp, and I am often executed by China.

I say to build "a North Korean asylum seeker girl image" in a meaning to criticize China which does not think about the human rights of such a North Korean asylum seeker in front of a Chinese embassy.

However, (unlike the issue of comfort woman) I am indifferent to both the Korean government and the Korean media for this problem that victims appear one after another now.

The Korean diplomatic service shows anxiety for setting saying "you must not stimulate China", and the Seoul City Naka-ku agency where a Chinese embassy is located clarifies a policy not to detect (nation daily report 2014.3.10) and the setting that "I cannot but remove if it is illegal to install an escape from North girl image in the road and is installed".

It is the reaction that is too in contrast to the correspondence to consent tacitly to girl image setting to in front of Japanese Embassy by the reason of "nation feelings".

Japanese Embassy, the girl image setting in front of the

consulate take strict measures against the girl image setting in front of the Chinese embassy while consenting tacitly.

【 As for the anti-Americanism girl image in front of the US Embassy, the anti-Japan girl image in front of the NG Japanese Embassy is OK 】 ( September 3, 2016 )

\*A country U.S. embassy in Korea sent a letter to the local 鍾路 (Jong-ro) police station and expressed "anxiety" for the recent judgment of the Seoul administration court saying that even less than 100 meters of sites of the embassy could have a meeting and called to guarantee security for facilities and the staff of the embassy.

That it is out of the dissatisfaction for having started judgment, a meeting raises its exception article of the demonstration-related law, and the court "is permitted a large-scale meeting and demonstration when there is not fear to scatter" whereas a certain anti-Americanism, pro-north group appealed to the administration court to be unfair against the hometown Police prohibiting the meeting around the U.S. embassy.

The administrative court is a place to accept the objection of the nation for the measures of the civil authority, but I am dissatisfied at judgment, and 鍾路 (Jong-ro) Police station appeals to a higher court, and it is said that the meeting around the U.S. embassy still follows it and prohibits it.

Similarly local 鍾路 (Jong-ro) Police station consented tacitly to anti-Japanese rallies such as the comfort woman connection under the name of "a press conference" until now about around Japanese Embassy.

By the U.S. embassy relations, the monument of the girl who

was sacrificed in U.S. forces breakdown has been installed in the street close to the embassy by the hand of the anti-Americanism group without license, but a hometown ward office removes it for a reason, "I have a difficulty in a walk" several months later.

The United States Embassy is this letter and makes a request about a meeting and the demonstration around the U.S. embassy saying "I give embassy duties a trouble and bring jitters to a member of hall of arriving and leaving office".

\*The Municipal assembly, the mayor, park executive committee must understand that the comfort women issue is politically and diplomatically controversial issue.

The Japanese government recalled her ambassador and Council General to Pusan to home, and terminated or postponed negotiations with the government of South Korea.

This decision took place in response to Korea's decision to install a Comfort Women statue in Public place in Pusan, the second largest city in S. Korea.

The peaceful city of San Francisco should not be involved in such issue by erecting memorial of one-sided allegations.

Dear Board of Supervisors,  
I strongly protest against the "Comfort Women monument" and "Day of the comfort woman" in San Francisco. ( Saint Mary Park )

\*I expect reconsideration about the comfort woman image setting from the people of the San Francisco municipal assembly.

\*I would strongly ask you would vote against the proposal at the forthcoming meeting.

【 The present conditions of the prostitution in the United States of the Korean woman-A Korean and the Chinese prostitution business manager who attract attention in American major cities 】 ( March 14, 2014 / The Chosun Ilbo / Korea daily report )

\*Findings that the scale of the prostitution market of 8 main urban areas of America reached approximately 100 billion yen a year (9,100 million dollars) was shown.

It is the scale more than the market of the illegal firearms, drug. It was a Korean, or most of the Asian style "massage parlor" which became the hotbeds of the illegal prostitution knew that a Chinese ran it.

The American non profit organization Urban institute announced the report which checked the sex culture of 8 American main

cities by the request of U.S. Department of Justice under the ground on March 12, 2014.

The report of 348 pages performed the investigation for a prostitution supplier, the prostitute of 8 rice main cities (Denver, Dallas, Miami, San Diego, Seattle, Washington, Atlanta, Kansas City), drug merchants.

The Urban institute explained, "it is the first report which I analyzed the main underground economy such as sexual intercourse for money markets into deeply".

Most of are estimates, but the statistics number about the underground economy attracts attention at the point where this report showed a comparable concrete number.

In Atlanta where it has many South Korean inhabitants that prostitution was the most active according to the report in subjects of survey city (7 cities except Kansas City), the market size is 290 million dollars a year.

It was Miami (235 million dollars), Seattle (112 million dollars), Washington (103 million dollars), Dallas (98,800,000 dollars), San Diego (96,600,000 dollars), order called Denver (39,900,000 dollars) as follows.

The total of 7 cities reached 975,300,000 dollars.

The report pointed out that most of were Koreans, or the Asian style massage parlor was management by the Chinese through an interview.

Most of were 40-50 generations, and the age group of the prostitution business manager summarized the count with 40 dollars - 100 dollars (approximately 4,100 yen - 10,300 yen) in the prostitution price.

The report was the illegal immigrant who almost entered the country via Canada and Mexico of the prostitute of the massage parlor again, and prostitutes went around the system store of the prostitution business manager and pointed out that I sold myself.

Atlanta was the best, and the income of the prostitution business manager was 32,833 dollars per one week.

I earn 1,707,316 dollars by (52 weeks) a year.

The income per one week was Denver (31,200 dollars), Seattle (18,000 dollars), Miami (17,741 dollars), Dallas (12,025 dollars), Washington (11,588 dollars), San Diego (11,588 dollars), a result called Kansas City (5,000 dollars) as follows

"I looked for the job offer method of the prostitute by the prostitution supplier from the neighboring people including the friend", and there was the most (42.5%).

The following, a neighbor (38.4%), a bar or a club (30.1%).

There were relatively few Internet (21.9%), offers (21.9%) in the street.

There were a school (11.0%), a store (4.1%), the answer called the transfer station (2.7%) to public transport, too.

In 8 cities, it was Dallas that drug traffic was the most active, and the annual market size was 191 million dollars.

It was Atlanta (117 million dollars), Washington (103 million dollars), Miami (96 million dollars), San Diego (96 million dollars), order of Seattle (87 million dollars) as follows.

The total scale of the drug market of 8 cities was less than the scale (738 million dollars = approximately 75,800 million yen) of the firearms business market for 727 million dollars

(approximately 74,700 million yen) a little.

【 Expedition prostitution of the Korean woman in America- The Korean prostitution supplier who makes rapid progress in the world 】

( The JoongAng Ilbo / Korean Joong-ang Daily News )

\*33 Korean women were arrested in Connecticut downstate water Valley of America on June 2, 2012.

The police person concerned of Connecticut water Barry saying "obtained information that prostitution was carried out in a massage shop, and lasted for two months, and continued investigating it."

I stated, "Korean massage shops increase rapidly".

The prostitution by the illegal stay Korean woman surfaces for a social problem in the United States.

The Korean information authorities announced, "I estimate that the inflow scale of the Korean woman that prostitution was doubted rose in the Los Angeles City police department in 8,000 after 2004".

The Federal Bureau of Investigation (FBI), Department of Homeland Security, the joint control group which consisted of more than 400 people on June 30, 2012 of the police arrested 192 Koreans such as the Korean women such as 150 in total for the prostitution charge in California Los Angeles and San Francisco.

In 2013, a Korean woman is arrested for the prostitution charge in succession in Korean crowd areas of New York, Virginia, New Jersey.

The person concerned of the Los Angeles Police says, "90% are

Koreans among 70-80 arrested prostitution women every month".

The expedition prostitution of the Korean woman gets away from the Korean crowd area in these days and spreads through the U.S. Middle West, and United States judiciary authorities watch it closely.

Besides, prostitution has been disclosed in an apartment, and the apartments refusing the entering of the Korean woman increase.

【 "Expedition prostitution" from Korea becomes the problem in the United States. 】 ( August 7, 2017 )

\*A prostitution mediation group arrested for the news dated July 26, this year in last January is Korea, and "the Seattle Times" invites women poor economically and tells when I let you sell yourself in the northwestern part of United States including Seattle.

It is said that they had anything to do with 5-10 people a day in the environment that freedom is not given.

A rate is 300 dollars per hour, and 100 dollars of those passes to the mediation group, and it is said that 200 dollars was their share.

\*"More than 100,000 Korean women make an expedition abroad and sell" myself

The Kim common reed member of the Diet speaks, more than 100,000 Korean women make an expedition abroad, and "they sell" themselves by Diet government inspection of October, 2010 in Korea.

According to her, it is said that the Korean woman performing

"expedition prostitution" puts 250, other New Zealand, China, Hong Kong, United States together in 2,500, Guam in 50,000 people, Australia in Japan and reaches 100,000.

In addition, "the ratio of Korean women who came for expedition prostitution according to the American official statistics (among foreign prostitutes of the United States) appears in the news called 23.5%" in this March ("NEWSTOWN").

This greatly touches a difference in Thailand (11.7%) of the second place, Peru (10.0%) of the third place in most ratios among American foreign prostitutes.

\*Korea with much expedition prostitution too-The much prostitution is outstanding in an international crime.

According to "as a result of report international crime intensive control that the Korean National Police Agency announced in August, 2015," there seemed to be the most crimes in conjunction with the prostitution in the international crimes such as passport forgery, the forgery illegality emigration and immigration that occurred for 50 days until from July 6, the same year to August 25.

The concrete breakdown was included in the Korean man who paid you for sex in the gringa who sold himself/herself in the Korean woman, country that sold themselves in a foreign country in a foreign country.

\*Reason to meddle with expedition prostitution

It will have to be the background that there is the economical poverty.

Besides, Korea has a big man and woman pay gap, too.

A man and woman pay gap of 2016 was 36%, and, according to

the news of "the newspaper for women", there was a difference most in OECD member nations.

●The peaceful city of San Francisco should not be involved in such issue by erecting memorial of one-sided allegations.

Dear Board of Supervisors, Dear Supervisors of City and County of San Francisco.

I protest "Resolution declaring September 22, 2017, as Comfort Women Day in the City and County of San Francisco."

\*I knew that a related article in China was not displayed by Taiwan of U.S. Internet major search Google and a news service of Hong Kong on 4th.

I might receive the request of the Chinese authorities in front of the 19th party convention of the Chinese Communist Party being held from next month 18.

The possibility of the system trouble remains to be able to search the Chinese related story, but company's international Service Center replies for four days saying "there is not the person in charge".

The inquiry in the net does not have an answer either.

"Both sides" (cross-Straits relations) are "Mainland China" in Hong Kong and, among news items, become each in the site of Taiwan saying "I cannot display an article".

The user to read through VPN (virtual dedicated line network) from mainland China is considered that there is many it for Chinese notation with both sites.

Google withdrew from retrieval service in mainland China in disfavor with a self-censorship in 2010.

On the other hand, I leave a base in Beijing, Shanghai, Guangdong Guangzhou, and it is pointed out that business resumption includes will.

Over the censorship request of the Chinese authorities, I cut off the access from China of some articles that the British Cambridge Univ. publication station was published in the site in last month at one time, and it was a problem.

\*The Chinese 習 近平(Xi Jinping)leadership strengthens censorship in the Internet ahead of Chinese Communist Party meeting of the autumn of this year when the best leadership members are largely replaced.

Meanwhile, the Communist Party criticism with the artificial intelligence (AI) which rose seems to become "the unexpected menace" that innovation produced.

They enter sensitive time, and the authorities propose net regulation rapidly politically.

operators such as Chinese communication application " Tencent/WeChat(微信)received the instruction of the authorities and closed approximately 400 accounts in total by the end of last month saying that contents of "the personal media" where a user sent information to were inappropriate.

In addition, the Communist Party forbade it to read "a site of the illegal reaction" for a party member and notified you of the registration information such as SNS to report it.

"The freedom of speech" of the artificial intelligence which does not perform a guess of the intention of the Communist Party authorities is a new problem.

China appoints AI as an important point project in a technology innovation plan for 2030.

President 習 近平(Xi Jinping)suggested it to strengthen cooperation in tip domains such as the AI, and to make "digital Silk Road in the 21st century" with a start type of the " Belt and

What stopped service elsewhere Chinese video sharing site "AcFun."

The total station performs "the full-scale improvement" of these sites based on "an Internet video service administrative provision" and emphasizes that I create "refreshing, clear Internet space" for an Internet user.

The total station requires the enforcement of "the video broadcast service based on law" in the site performing video broadcast by the Internet in last September, and they strengthen management.

I deliver a program and the broadcast news program about the political circle, and, in this May, a site of net major Tencent (騰訊) does it in violation of the rule of the country when I carried out "full-scale improvement and punishment" saying that I broadcasted "a vulgar program" in large quantities.

The Chinese Communist Party develops control saying that the speech in the net becomes the menace to system maintenance.

Dear Supervisors of City and County of **San Francisco**

I strongly protest against the "Comfort Women" monument in **San Francisco**.

I am writing to you concerning a discussion building a memorial for "comfort women" in **San Francisco Park**.

\*I expect reconsideration about the comfort woman image setting from the people of the **Brookhaven municipal assembly**.

I protest "Resolution declaring September 22, 2017, as **Comfort Women Day in the City and County of San Francisco**."

【 A movie uncovering the truth of "Confucius Institute" exhibits it to the public first 】

\*At time of the Cultural Revolution, philosopher, Confucius criticized hard are used for image improvement of the Chinese Communist Party abroad after several decades by the Chinese Communist Party.

Confucius Institute which the Chinese Communist Party installs in all the countries of the world takes freedom of learning and there are many voices to criticize when it is the political maneuver organization that is going to brainwash a foreigner and goes up it.

"In the name of (In the Name of Confucius) of Confucius" was exhibited to the public first by an international documentary film festival held in Ontario, Canada on this month 3.

I recorded the film of 60 minutes about Confucius Institute which

came to it-like, received criticism of the dispute in the world for three years.

Height of writer Yuki resident in Canada: "I looked at this film twice, but there is a very deeply impressive thing.

It is 13 years since Confucius Institute began, but, meanwhile, it begins to be revealed that it is not culture and language study, education and arts and sciences interchange that Confucius Institute does more and more people.

It is soft power for humanity and justice etiquette intellect sincerity and the Chinese Communist Party which Confucius advocates without the relation to spread among the democracies."

I let the Chinese Communist Party cast a large amount of expense, and Confucius Institute make a foray into all the countries of the world and linked the partnership to a university and the graduate school of each country under the name such as language study learning and the cultural exchange.

I establish Confucius Institute and Confucius class so far in 1,500 places of universities and elementary and junior high schools more than 130 countries after I establish Confucius Institute for the first time in Korea in 2004.

Height of writer Yuki resident in Canada: "There is the child who cannot go to school by an economic reason in China more than 10 million people.

The Chinese government does not cast public funds for such a child, and I establish so-called Confucius Institute in the developed country, and I educate you, and language study is an at all funny story.

Besides, it is not the Chinese history at all that Confucius Institute tells and only speaks for the history of the Communist Party.

When I knew such a fact, it should be called into question on earth what Confucius Institute is."

A voice to point out that it is soft power as the brainwashing advertising means in the foreign territory of the Chinese Communist Party goes up Confucius Institute in each country.

"I can affect the world if I establish Confucius Institute all over the world."

"I was told, "you are the important member who constituted software power to spread our influence" to a large number of people."

Residence in Canada, height of Yuki of the writer talk about the name of Confucius to the Chinese Communist Party and point out that I am going to change the image for the Communist Party of the Western countries.

Height of writer Yuki resident in Canada: "Confucius is a Chinese philosopher and is an educator, and anyone knows that it is a thinker.

But there are no relations among Chinese Communist Party and Confuciuses.

The Chinese Communist Party government right came against the morality that Confucius advocated, humanity and justice etiquette intellect sincerity against traditional culture in China since birth.

Most of us did how the Chinese Communist Party criticized Confucius in one of eyes."

One of the main characters of the movie, a 趙琪 (a butterfly comes) of former teacher of Confucius Institute were chosen by the China government, and it was an assistant teacher of Confucius Institute added to the Canadian max master University.

However, Confucius Institute did not accept freedom of religion of 趙琪, and 趙琪 denied Confucius Institute to get away from uneasy Mainichi, and it was to Canada refugees.

趙琪: "A person experiencing it like me never appear."

As for the movie, the state that much Torontonians strongly protests in front of the station on the day before when the education station founds world's largest Confucius Institute of Toronto is recorded.

On the other hand, the groups in support of Confucius Institute gather, and both groups project the state to be opposed.

Such "a thing should make the end forever." "I make much of freedom of speech most. Freedom of the conscience, freedom of the faith, too. We should end such an agreement by a vote tonight."

The stage of the movie is Canada, but the debate around Confucius Institute spouts out in all the countries of the world.

Confucius Institute received direct instructions and invaded the freedom of learning, and they were reported by the Chinese government when, besides, they spied on it and recruited you.

\*I believe the monument will divide your multi-cultural good communities.

And also it will drive a wedge among US, South Korea, and Japan alliance, and that will only make Communist China and

North Korea happy.

Thank you very much.

Dear Mayor of [San Francisco](#), member of a municipal assembly, park executive committee

I protest "Resolution declaring September 22, 2017, as [Comfort Women Day](#) in the City and County of [San Francisco](#)."

It will open the floodgates for others seeking a platform for incidents that occurred outside of this country.

I ask you not to adopt the resolution at the next meeting.

I strongly protest against the "Comfort Women" monument in [San Francisco city](#). ( [Saint Mary square Park](#). )

\*I expect reconsideration about the comfort woman image setting from the people of the [San Francisco municipal assembly](#).

【 [Saying, as for "former comfort woman who received cash supply, the individual right to claim does not become extinct in a comfort woman agreement the Korean government either"; statement.](#) 】 ( July 07, 2017 )

\*"The personal right to claim of the Korean cash supply tray figure victim is effective", and is a comfort woman agreement; (alliance news in Korea)

They were related to the cash which a victim was provided with from 1 billion yen that Japanese Government contributed based on an agreement on Korea day of the end of 2015 over the issue of comfort woman of the former Japan forces, and the Korea government showed a situation not to influence the right to claim of the individual even if a comfort woman victim received cash.

The judicial officer person concerned and government sources clarified that the Korean government submitted the document including such contents to the court by 7th.

About the cash supply, I express the intention that 35 of 46(76%)comfort woman victims whom the Korean government authorizes receive, and, as for part, supply is over.

(omission)

#The Japan Government promises what the Korean government contributes to the foundation ("a settlement, a healing foundation") to support a former comfort woman to establish 1 billion yen and carried it out on August 31, 2016, but 36 of 46 receive money of contribution of the foundation among comfort women living now (2017.5.10).

#To Korean comfort woman foundation, former comfort woman 245 including the deceased cash to supply( August 18, 2016 )

238 government registration former comfort women by the Korean woman family part.

46 survivors as of December, 2015 the average age 89, 2 years old (at the time of the end of the war 19 years old).

The government tells the viewpoint, "a comfort woman agreement does not have an influence on the personal right to claim of the victim in April either" to the court.

Even if this document presentation receives cash by a comfort woman agreement, I can consider that it formulated a viewpoint not to correspond to an indemnification.

The Korean government fetched a vague viewpoint about character of 1 billion yen that Japanese Government contributed

after a comfort woman agreement.

I explained, "Japanese Government apologized in acknowledgment of responsibility and contributed it from a government budget and has a compensation-like character" and did not do it with "an indemnification".

I can consider it to have made that 1 billion yen that Japanese Government contributed by having shown a viewpoint that the personal right to claim remains to the victim that the government received cash this time was not an indemnification with the legal effect clear.

I pointed out 尹美香( Yoon Mi Hyang ), "a 金福童( kim -boku ton/House of Sharing:THE MURMURING/나눔의집 ) ate (former comfort woman), but the meal invited a visitor without it being hardly possible" and insisted with "Fukudo seemed to be distracted because I talked to a ridiculous thing ( 姜恩姬:Kang Eun-hee ) when "the Japanese Government apologized" when "do not be accompanied by such a lie", but what is it if this

completely ignored gold and did not do mockery (mockery)?".

I received this, and 姜恩姬 ( Kang Eun-hee ) said, "I thought to say hello last because a Manager new woman family official passed personnel affairs public hearing on the evening of 6th, and 金福童( kim -boku ton/House of Sharing:THE MURMURING/나눔의집 ) called at the story called the disease and visited it" and vindicated it with "the thing which I mentioned of the degree that "measures with the good faith were necessary a little more (Japan), but there was the fact that the Kishida (Fumio) Minister of Foreign Affairs apologized for at the time of an agreement" as gold talked" when "Japan did not apologize".

#Korea day diplomatic relations 50 years: In 挺対協( Tei Tai kyou ), the congratulatory address of the Korea day leaders discomfort (Korea daily report)

#Although 挺対協( Tei Tai kyou ) and 尹美香( Yoon Mi Hyang ) of the permanent representative become targeted for the monitoring of the Korean public peace authorities, they do not receive a prosecution by the violation of concrete laws and ordinances at the end of March, 2016.

But an act of parent north is called into question for violation of national preservation method in the person concerned, and there is the person who became guilty.

金三石 (김삼석) that was a husband of 尹美香代表 and the

younger sister 金銀周 (김은주) were arrested as a spy in 1993 on the suspicion of having touched it with a North Korean agent in Japan, and guilt was settled for national preservation method violation

In addition, 崔ギヨン (최기영) which is the husband of the 金銀周 (김은주) acted as D.L.P. office work vice president and unification Progressive Party policy plan general manager, but when one feeling society case occurred in 2006, I am arrested for national preservation method violation and am found guilty in a part of prosecution contents.

On January 18, 2016, 挺対協 was accused on the suspicion of violation of national preservation method in the Korean prosecution by a Korean security-related NGO blue union (Korean :블루유니온)

Gridlock solution - Stop digging holes to fill with the money that is pouring in from grants and loans. Until the traffic improves, stop feeding the beast. Tomorrow when the MTC meets to hand our money, don't approve any of that money for new projects. Pay the debts on the ones that are the problem and hold the rest of the funds back from future projects that have not broken ground yet. We don't need to create more havoc in this world as we try to move forward. We don't need to pay into the 2040 or 2050 fund today. If that means giving up on some future money, so what. There will always be more where that came from.

Loss of business - - Pretty much everything was said at the hearing last Wednesday that Supervisor Yee called about the streetscape problems that are killing businesses all over town. As far as drivers and the businesses go, the SFMTA has created a system that makes moving around more difficult and less fun so fewer people are going out to deal with anything they don't need to deal with.

Public Backlash - Huge swaths of streets are impossible to move on and when you get to the destination you can't easily park, or even drop someone off at a destination. This is not a safe and sane system. The public is rebelling. This is not a safe and sane way to run a city.

Muni Ridership - We understand the Muni is losing riders since they removed stop signs. That is an easy problem to solve. Just reverse those decisions. See if adding the stops back into the rides does not increase the ridership. Do what politicians are supposed to do and listen to the public that elected you. Seniors need stops. Unhealthy people don't all need to walk more. Some need to walk less. People who are on their feet all day, need to sit. Basic simple facts of life that is somehow lost on the people who are running Muni.

Sincerely,

Mari Eliza, Concerned Citizen

Hello Supervisors,

I do not agree with this proposed code at this time.

RPD simply says it has a problem with broken glass in the park system. Have they showed the problem? What proof does RPD have that they are trying to stop the behavior? Or is it just about Dolores Park and RPD not enforcing the existing littering problems? RPD does not educate the public on what is good and bad behavior. They sure do like to put up signs with park code 3.02 and threaten people with citations without the Board of Supervisors giving authority.

They put up signs in Dolores Park prohibiting glass well before this 170556 was even proposed. They are doing this throughout the entire park system. Why is this not being discussed? Park Code 3.02 is not a "catch-all." This Park Code is a way that RPD subverts the public's rights by putting up non-codified rules without public process and the Board of Supervisors approval. Park Code 3.02 needs to be abolished.

This proposed rule is not how majority of San Francisco citizens want to be treated. The majority of people who bring glass in the park system are responsible users. The small amount of people who are destructive are the problem and will always be a problem. This rule will also bring more plastic into the environment and perhaps the oceans. We should be moving away from using plastic, not encouraging it.

RPD is a dysfunctional department that creates rules without merit and skirts public process.

This proposed rule needs to be thrown out as is or changed to anyone who breaks glass and does not pick up or leaves behind will be cited. Glass not allowed in playgrounds unless is it covered with a protective cover to prevent shards from being left on the ground.

Thank You  
Alex Aldrich

After seeing the report about rental car break- ins, The idea of removing the signage and putting it in a different location would cost money. How about wait till the new models come out and locate the barcode or

signage inside the door jam. Here it is out of sight, and it would be very easy to scan the door jams when the car the enters or exits the rental garage.

Subject: Rincon Hill construction

I am writing to request relief from the severe impacts of round-the-clock construction in the Rincon Hill neighborhood.

For several years now, residents of Rincon Hill have suffered from lack of sleep as a result of endless night construction. The City has been issuing night permits to construction projects as a matter of routine, without any regard for the thousands of residents in the area. In the past, the City acted responsibly, strictly limiting night construction permits; but that neighborhood protection policy has been abandoned, and now there is continuous noise all night long. It is time for the City and developers to act responsibly again and halt all night permits except those strictly required for special circumstances.

Additionally, there are heightened health risks from inconsistent enforcement of mitigation measures against dirt and dust.

Finally, construction sites require proper traffic control--something that has been sorely lacking around Rincon Hill.

Dear Board of Supes,

I would like to know who decided these Ford bikes -- bikes that are not benefiting residents, but rather the Ford brand -- are more important than parking spots.

I am shocked that the tax paying citizens of SF were not allowed to decide if we wanted these bikes or not. Instead, you have seemingly let big business make the decision for us.

Who are these bikes catering to? Tourists? Residents who choose to use a bike have one of their own.

SF residents already find it hard enough to afford an apartment with parking; those who do not have the ability to do so must fend for themselves. You have now made it harder for them.

We need our parking spaces back. These bikes are an eye sore and a disservice to SF tax payers.

Thank you for your consideration.

**Subject:** In support of the appeal of the One Oak Project

Dear President Breed and Board of Supervisors,

I am writing out of concern for the excess parking, wind currents, and lack of adequate traffic analysis for the One Oak Project. I am very pleased that a concerned citizen, Jason Henderson, has filed an appeal. I have been watching this project, but have been unable to attend daytime meetings due to my work schedule. I understand you will be hearing the appeal tomorrow.

I fully support interim controls to cap parking in the Hub and enable more affordable transit-oriented housing in the Hub. Developers should not be targeting a luxury market in this transit-rich area by demanding excess parking.

I understand that President Breed has introduced legislation adopting interim controls eliminating conditional uses for excess parking in the Hub. This is a step in the right direction, and I thank Supervisors Kim and Peskin for co-sponsoring this legislation. Please adopt these interim controls as soon as possible! It is critical that the One Oak Project provides a reduction in parking.

I urge you to develop meaningful standards for wind impacts on bicyclists and pedestrians in crosswalks. I do not own a car and ride my bicycle everywhere for transportation. It is already terribly windy at the intersection of One Oak. I'm an experienced cyclist and find it dangerous at times. We must have standards for wind impact to ensure all cyclists, including novice bike riders, are safe riding in our city.

I encourage you to take this opportunity to develop management plans for TNCs and e-commerce delivery in the Hub and citywide. Management of curb in the HUB must be implemented before new buildings are constructed.

I strongly encourage you to require 0.25:1 parking for the One Oak Project. Excess parking is not needed in this transit-rich corridor.

Thank you for considering my comments. We all must work together to ensure that development in our city benefits everyone, and One Oak is too focused on maximum profits instead of what's right for our lovely city.

Respectfully submitted,  
Shirley Johnson, Ph.D.
