Be it ordained by the People of the City and County of San Francisco:

Section 1. Article 9 of the Business and Tax Regulations Code is hereby amended by revising Sections 604 and 607 to read as follows:

SEC. 604. COLLECTION OF TAX BY OPERATOR; RECEIPT TO OCCUPANT; RULES FOR UNACCOUNTED TICKET RATIO AND COLLECTION SCHEDULES.

(a) Every Operator maintaining a place of business in this City and County as provided in Section 603 ~~of this Article 9 herein~~, and Renting parking space in a Parking Station in this City and County to an Occupant who is not exempted under Section 606 or Section 608 of this Article or elsewhere in this Business and Tax Regulations Code, shall at the time of collecting the Rent from the Occupant, collect the Parking Tax from the Occupant and on demand shall give to the Occupant a Receipt that meets the requirements of Article 22 of this Code. In all cases in which the Parking Tax is not collected by the Operator, ~~as aforesaid~~, the Operator

1 shall be liable to the Tax Collector ~~of the City and County~~ for the amount of Parking Tax due on
2 the amount of taxable Rent collected from the Occupant under the provisions of this Article
3 the same as though the Parking Tax were paid by the Occupant. In all cases of transactions
4 upon credit or deferred payment, the remittance or payment of Parking Tax to the Tax
5 Collector may be deferred in accordance therewith, and the Operator shall be liable therefore
6 at the time and to the extent that such credits are paid or deferred payments are made in
7 accordance with the rate of tax owing on the amount thereof.

8 (b) Unless the Operator can provide an explanation or other sufficient proof that the
9 Enforcing Agency in its sole discretion deems to be credible to establish the validity of a claim
10 for a Lost Ticket or an otherwise Unaccounted Ticket ~~(as those terms are defined in Section 2201~~
11 ~~of Article 22 of this Code)~~, every Lost Ticket and Unaccounted Ticket shall be considered as a
12 full value Parking Ticket for which the Operator is liable for transmitting to the City the full
13 value of the Parking Tax and surcharge required under this Business and Tax Regulations Code
14 applicable to the highest maximum daily rate charged for any parking space without discount,
15 except that an Operator shall be allowed an Unaccounted Ticket Ratio of 1.5% ~~percent~~ for
16 each Parking Station that it operates ~~(as that term is defined and used in Article 22 of this Code)~~ in
17 a reporting period, for which the Operator may not be liable for failure to remit the Parking
18 Tax. For purposes of this Section 604, the term "Unaccounted Ticket Ratio" means the ratio of
19 Unaccounted Tickets to Issued Tickets for a given period, expressed as a percentage of Issued Tickets.
20 The Unaccounted Ticket Ratio shall be calculated as follows. The number of Unaccounted Tickets for
21 a reporting period is calculated separately for each Parking Station operated by the Operator as the
22 sum of Inventory at the start of the reporting period and the Issued Tickets for that period, less the
23 Voided Tickets for that period, less the Collected Tickets for that period. The Unaccounted Ticket
24 Ratio is calculated as the number of Unaccounted Tickets for a particular Parking Station for that
25 period divided by the number of Issued Tickets for that period, with the resulting quotient multiplied by

1 100 and expressed as a percentage of Issued Tickets. The terms used in this subsection (b) shall have
2 the meaning given to them in Section 2201 of Article 22 of this Code to the extent not defined in this
3 Article 9.

LEGISLATIVE DIGEST

[Business and Tax Regulations Code - Parking Tax Reporting Requirement]

Ordinance amending the Business and Tax Regulations Code to remove the requirement that parking operators certify and report periodically to the City the ratio of their unaccounted parking tickets to total issued tickets for each parking station for the reporting period.

Existing Law

The City imposes a tax for the rent of occupancy of parking spaces in a parking station in the City. The tax is imposed on the occupant but is collected by the parking station operator and remitted to the City. The operator is liable for any uncollected tax. In general, operators must provide a parking ticket to the occupant indicating the date and time that the occupant's motor vehicle entered the parking station, and the name and address of the parking station. For lost or unaccounted parking tickets, operators are liable for transmitting to the City the full value of the parking tax applicable to the highest maximum daily rate charged for any parking space without discount, except that the operator is allowed an "unaccounted ticket ratio" of 1.5 percent for each parking station that it operates. The unaccounted ticket ratio is the ratio of unaccounted tickets to issued tickets for a given period. When remitting parking taxes to the City for a reporting period, the operator must report its unaccounted ticket ratio for that period and certify under penalty of perjury that the stated ratio is accurate.

Amendments to Current Law

This ordinance would retain the 1.5 percent allowance for unaccounted tickets, but would no longer require an operator to report and certify its unaccounted ticket ratio when remitting parking taxes to the City.
