Dear Nathan,

San Franciscans for Sports and Recreation, a 501c4 mutual benefits corporation, was founded in 2015 by a group of concerned tennis players who saw the opportunities to play the sport that they love in San Francisco, threatened by real estate development eliminating tennis courts in the city. It was our original charter to help make some of San Francisco's public tennis courts that are in the worst condition, playable again to offset the loss of many private courts. We have since expanded our mission to include supporting and protecting other sports and recreational opportunities in San Francisco.

We are pleased to award a grant of \$864,000 to the Recreation and Park Department for the purposes of resurfacing public tennis courts throughout San Francisco, pending approval by the Board of Supervisors and execution of a grant agreement.

We appreciate your ongoing support of our efforts and look forward to working with you to deliver this gift to San Francisco.

Best regards,

Seth Socolow, Vice President
San Franciscans for Sports and Recreation
