**Agreement between the City and County of San Francisco and
Thales Transport & Security, Inc. for Advanced Train Control System Equipment,
Software and Professional Services
Contract No. SFMTA-2020-20-FTA**

This Agreement is made as of _____, in the City and County of San Francisco (City), State of California, by and between Thales Transport & Security, Inc, whose principal place of business is at 5500 Corporate Drive, Suite 500, Pittsburgh, PA 15237, U.S.A., (Contractor) and City, a municipal corporation, acting by and through its Municipal Transportation Agency (SFMTA).

Recitals

A. The SFMTA's Advanced Train Control System (“ATCS”) is a proprietary system that was supplied to the SFMTA by Contractor (formerly Alcatel Transport Automation (U.S.) Inc.) under San Francisco Municipal Railway contract MR 1034R, dated August 10, 1992.

B. The ATCS is a specialized system critical to the functioning and control of the City's public transit system that requires upgrades, improvements and expansion of the ATCS Software and hardware to meet current and future SFMTA needs. Due to the proprietary nature of the ATCS, no vendor other than Contractor can supply the necessary maintenance services to the SFMTA, and this Agreement is necessarily therefore a sole source contract.

C. The SFMTA has determined that it requires updates, upgrades and special services for ATCS Software and Equipment to maintain, upgrade, improve and operate the ATCS.

D. The SFMTA wishes to contract with Thales Transportation & Security, Inc. who will provide Professional Services and Equipment on SFMTA Advanced Train Control System (ATCS) performing required system upgrades to the software and equipment.

E. This Agreement was procured through the single source requirements for sole source contracting under federal guidelines, consistent and in compliance with FTA Circular 4220.1E FTA Circular 4220.1F, Chapter VI, paragraph 3.i. – Other Than Full and Open Competition.

F. There is no Small Business Entity (SBE) subcontracting participation requirement for this Agreement.

G. Approval for this Agreement was obtained when the Civil Service Commission approved Contract number 4591-19/20 on 11/05/2018.

Now, THEREFORE, the parties agree as follows:

Article 1 Purpose of Contract, Task Orders, and Defined Terms Definitions

1.1 Purpose of Contract. 1.2 Task Orders.

1.2.1 The SFMTA will issue Task Orders to Contractor for Work necessary for the purpose described in the preceding paragraph. Article 3 Financial Matters

3.1 Certification of Funds; Budget and Fiscal Provisions; Termination in the Event of Non-Appropriation. This Agreement is subject to the budget and fiscal provisions of the City’s Charter. Charges will accrue only after prior written authorization certified by the Controller in the form of a Purchase Order, and the amount of City’s obligation hereunder shall not at any time exceed the amount certified for the purpose and period stated in such advance authorization. This Agreement will terminate without penalty, liability or expense of any kind to City at the end of any fiscal year if funds are not appropriated for the next succeeding fiscal year. If funds are appropriated for a portion of the fiscal year, this Agreement will terminate, without penalty, liability or expense of any kind at the end of the Term for which funds are appropriated. City has no obligation to make appropriations for this Agreement in lieu of appropriations for new or other agreements. City budget decisions are subject to the discretion of the Mayor and the Board of Supervisors. Contractor’s assumption of risk of possible non-appropriation is part of the consideration for this Agreement.

THIS SECTION CONTROLS AGAINST ANY AND ALL OTHER PROVISIONS OF THIS AGREEMENT.

3.2 Guaranteed Maximum Costs. The City’s payment obligation to Contractor cannot at any time exceed the amount certified by City’s Controller for the purpose and period stated in such certification. Absent an authorized Emergency per the City Charter or applicable Code, no City representative is authorized to offer or promise, nor is the City required to honor, any offered or promised payments to Contractor under this Agreement in excess of the certified maximum amount without the Controller having first certified the additional promised amount and the Parties having modified this Agreement as provided in Section 14.5 (Modification of this Agreement).

3.3 Compensation.

3.3.1 Amount. Compensation under this Agreement shall be based on either a negotiated lump sum price per task or subtask, or actual direct costs plus a negotiated fixed profit per subtask and task. Unless amended as provided in Section 14.5, in no event shall the amount of this Agreement exceed Thirty Million Dollars (\$30,000,000) for the Term of this Contract.

3.3.2 Method of Computing Compensation. The SFMTA will compensate Contractor for a Task Order using negotiated lump sum pricing for each Task. A negotiated lump sum price compensates Contractor for all costs and expenses (including but not limited to salary and other labor costs, benefits, materials and equipment costs, applicable sales tax and profit). Contractor assumes the risk that the level of effort required to complete a Task may exceed the negotiated lump sum compensation negotiated for a Task. The SFMTA will not receive a credit or refund if the Contractor completes the Task with less effort or resources than estimated when the parties negotiated the lump sum price for that Task. The parties may divide the negotiated lump sum price for a Task into milestone payments that the City shall pay upon Contractor's completion of Work or deliverables specified in the Task Order.

3.3.3 Payment. Contractor shall provide an invoice to the SFMTA on a monthly basis for Deliverables and Services completed in the immediately preceding month under a particular Task Order, unless a different payment schedule is provided in the Task Order. Compensation shall be made for Services identified in the invoice that the Director of Transportation, or his or her designee, in his or her sole discretion, concludes has been satisfactorily performed. Payment shall be made within 30 calendar days of receipt of the invoice, unless the City notifies the Contractor that a dispute as to the invoice exists. The Contract Sum of this Agreement, that is the sum value of all Task Orders issued under this Agreement, shall not exceed Thirty Million United States Dollars (\$30,000,000 U.S.) In no event shall City be liable for interest or late charges for any late payments.

3.3.4 Payment Limited to Satisfactory Services. Contractor is not entitled to any payments from City until the SFMTA approves the Equipment, Services, or other Deliverables for which Contractor seeks compensation until such Services, Equipment or other Deliverables satisfy the requirements of this Agreement and relevant Task Order. SFMTA shall not unreasonably withhold said approval. Payments to Contractor by City shall not excuse Contractor from its obligation to replace unsatisfactory Deliverables, including Equipment, Software components, materials, or Services even if the unsatisfactory character of such Deliverables, equipment, components, materials, or Services may not have been apparent or detected at the time such payment was made. Deliverables, equipment, components, materials and Services that do not conform to the material requirements of this Agreement may be rejected by City and in such case must be replaced by Contractor without delay at no cost to the City.

3.3.5 Invoice Format. Invoices furnished by Contractor under this Agreement must be in a form acceptable to the Controller and must include the Contract Progress Payment Authorization number. The Contractor shall submit invoices for all allowable charges incurred

in the performance of each task order. No more than one invoice shall be submitted in a month. The Contractor shall submit invoices in quadruplicate with each invoice containing the following information:

- (a) Contract Number
- (b) Task Order Number
- (c) Description of the Deliverables provided for which Contractor seeks compensation
- (d) Name, position, direct hourly rate and hours worked of employee(s) whose labor is invoiced
- (e) Other direct costs
- (f) Subcontractor costs supported by invoice itemization in the same format as described here
- (g) Fixed Fee for current invoice period and amount of Fixed Fee as of date of invoice. Fixed Fee will be calculated as a prorated portion of the total fixed fee for the task for which Contractor seeks payment.
- (h) Total costs
- (i) SFMTA Form No. 6 – Progress Payment Report

3.3.6 Progress Payment Form. The Controller is not authorized to pay invoices submitted by Contractor prior to Contractor’s submission of the SFMTA Progress Payment Form. If the Progress Payment Form is not submitted with Contractor’s invoice, the Controller will notify the SFMTA and Contractor of the omission. If Contractor’s failure to provide the SFMTA Progress Payment Form is not explained to the Controller’s satisfaction, the Controller will withhold 20 percent of the payment due pursuant to that invoice until the SFMTA Progress Payment Form is provided.

3.3.7 Reserved. (SBE Payment).

3.3.8 Getting Paid for Goods and/or Services from the City.

(a) All City vendors receiving new contracts, contract renewals, or contract extensions must sign up to receive electronic payments through the City’s Automated Clearing House (ACH) payments service/provider. Electronic payments are processed every business day and are safe and secure. To sign up for electronic payments, visit www.sfgov.org/ach.

(b) The following information is required to sign up: (i) The enroller must be their company’s authorized financial representative, (ii) the company’s legal name, main telephone number and all physical and remittance addresses used by the company, (iii) the company’s U.S. federal employer identification number (EIN) or Social Security number (if they are a sole proprietor), and (iv) the company’s bank account information, including routing and account numbers.

3.3.9 Grant-Funded Contracts.

(a) **Disallowance.** If Contractor requests or receives payment from City for Services, reimbursement for which is later disallowed by the State of California or United States Government, Contractor shall promptly refund the disallowed amount to City upon City's request. At its option, City may offset the amount disallowed from any payment due or to become due to Contractor under this Agreement or any other Agreement between Contractor and City.

(b) **Grant Terms.** The funding for this Agreement is provided to the SFMTA in full or in part by a Federal or State grant. As part of the terms of receiving the funds for this Agreement, the SFMTA must incorporate some of the terms into this Agreement (Grant Terms). The Grant Terms are set out in "FTA Contract Requirements" attached as Appendix D are incorporated into this Agreement. If there is any conflict between the Grant Terms or other FTA requirements and any other terms and conditions of this Agreement, the FTA terms and conditions shall take precedence.

(c) As required by the Grant Terms, Contractor shall insert applicable provisions into each lower-tier subcontract. Contractor is responsible for compliance with the Grant Terms by any subcontractor, lower-tier subcontractor, or service provider.

3.4 Audit and Inspection of Records.

3.4.1 Contractor agrees to maintain and make available to the City, during regular business hours, accurate books and accounting records relating to its Services. Contractor will permit City to audit, examine and make excerpts and transcripts from such books and records, and to make audits of all invoices, materials, billing records other data related to invoices, materials and billing but shall not include payrolls, salary or personnel information whether funded in whole or in part under this Agreement. Contractor shall maintain such data and records in an accessible location and condition for a period of not fewer than five years after final payment under this Agreement or until after final audit has been resolved, whichever is later. The State of California or any Federal agency having an interest in the subject matter of this Agreement shall have the same rights as conferred upon City by this Section. Contractor shall include the same audit and inspection rights and record retention requirements in all subcontracts. Contractor is not obliged pursuant to this Article to disclose records that do not relate to aspects of its performance of this Agreement, personal information and personal identifiable information ("PI") of personnel if doing so is otherwise prohibited by law or regulation or if information at issue is privileged. The above noted records shall be kept in accordance with International Financial Reporting Standards (IFRS) or the Generally Accepted Accounting Principles (GAAP), as applicable.

3.4.2 Subject to 10 days written notice to the Contractor or such other reasonable timeframe as agreed by the parties, the City and its representatives shall have reasonable access to the Contractor's above noted records, receipts and time sheets relating to

the above mentioned items pertaining to the Services, and the Contractor, at its expense, shall preserve such documents for a period of five (5) years after completion of the Services and shall retain its records in an orderly and logical fashion. The Contractor shall provide the City with the use of the Contractor's office equipment as necessary to conduct the audit, and a copy of any or all of these items noted above.

3.5 Submitting False Claims. The full text of San Francisco Administrative Code Chapter 21, Section 21.35, including the enforcement and penalty provisions, is incorporated into this Agreement. Pursuant to San Francisco Administrative Code §21.35, any contractor or subcontractor who submits a false claim shall be liable to the City for the statutory penalties set forth in that section. A contractor or subcontractor will be deemed to have submitted a false claim to the City if the contractor or subcontractor: (a) knowingly presents or causes to be presented to an officer or employee of the City a false claim or request for payment or approval; (b) knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by the City; (c) conspires to defraud the City by getting a false claim allowed or paid by the City; (d) knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the City, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City within a reasonable time after discovery of the false claim.

3.6 Payment of Prevailing Wages.

3.6.1 Covered Services. The Services that Thales will perform under this Contract are not public works or construction Work as those terms are defined in San Francisco Administrative Code Chapter 6 or in the California Public Works Code. Notwithstanding that purpose and intent of the parties and the nature of the Advanced Train Control System, the Work Thales will perform under this Contract may involve the performance of trade Work covered by the provisions of San Francisco Administrative Code Section 6.22(e) [Prevailing Wages] (collectively, Covered Services). The provisions of Section 6.22(e) of the Administrative Code are incorporated as provisions of this Contract as if fully set forth herein and will apply to any Covered Services performed by Thales and its subcontractor.

3.6.2 Wage Rates. Copies of the prevailing wage rates as fixed and determined by the Board of Supervisors are available from the Office of Labor Standards and Enforcement (OLSE) and are also available on the Internet at <http://www.dir.ca.gov/DLSR/PWD> and <http://sfgov.org/olse/prevailing-wage>. Thales agrees that it shall pay not less than the prevailing wage rates, as fixed and determined by the Board, to all workers employed by Thales who perform Covered Services under this Contract.

3.6.3 Subcontract Requirements. As required by Section 6.22(e)(5) of the Administrative Code, Thales shall insert in every subcontract or other arrangement, which it may make for the performance of Work, a provision that said subcontractor shall pay to all persons performing labor in connection with Covered Services under said subcontract or other arrangement not less than the highest general prevailing rate of wages as fixed and determined by the Board of Supervisors for such labor or services.

3.6.4 Posted Notices. As required by Section 1771.4 of the California Labor Code, Thales shall post job site notices prescribed by the California Department of Industrial Relations (DIR) at all job sites where Covered Services are to be performed.

3.6.5 Payroll Records. As required by Section 6.22(e)(6) of the Administrative Code and Section 1776 of the California Labor Code, Thales shall keep or cause to be kept complete and accurate payroll records for all trade workers performing Covered Services. Such records shall include the name, address and social security number of each worker who provided Covered Services on the project, including apprentices, his or her classification, a general description of the services each worker performed each day, the rate of pay (including rates of contributions for, or costs assumed to provide fringe benefits), daily and weekly number of hours worked, deductions made and actual wages paid. Every subcontractor who shall undertake the performance of any part of Covered Services shall keep a like record of each person engaged in the execution of Covered Services under the subcontract. All such records relevant to Contractor's personnel who performed Covered Services shall at all times be available for inspection of and examination by the City and its authorized representatives and the DIR.

While it is not Anticipated that Contractor will perform covered services, Where Contractor's or a subcontractor(s)' employee(s) does perform Covered Services, Contractor shall prepare Certified payrolls pursuant to Administrative Code Section 6.22(e)(6) and California Labor Code Section 1776 for the period involved for all such employees, including those of subcontractor, who performed labor in connection with Covered Services. Thales and each subcontractor performing Covered Services shall submit certified payrolls to the City and to the DIR electronically. Thales shall submit payrolls to the City via the reporting System selected by the City. The DIR will specify how to submit certified payrolls to it. The City will provide basic training in the use of the reporting System at a scheduled training session. Thales and all subcontractor that will perform Covered Services must attend the training session. Thales and applicable subcontractor shall comply with electronic certified payroll requirements (including training) at no additional cost to the City.

3.6.7 Compliance Monitoring. Covered Services to be performed under this Contract are subject to compliance monitoring and enforcement of prevailing wage requirements by the DIR and /or the OLSE. Thales and any subcontractor performing Covered Services will cooperate fully with the DIR and/or the OLSE and other City employees and agents authorized to assist in the administration and enforcement of the prevailing wage requirements and agrees to take the specific steps and actions as required by Section 6.22(e)(7) of the Administrative Code.

Steps and actions include but are not limited to requirements that: (A) Thales will cooperate fully with the Labor Standards Enforcement Officer and other City employees and agents authorized to assist in the administration and enforcement of the Prevailing Wage requirements and other labor standards imposed on Public Works Harris by the Charter and Chapter 6 of the San Francisco Administrative Code; (B) (C) Thales shall maintain a sign-in and sign-out sheet showing which employees perform covered services and are present on the job site; (D) Thales shall prominently post at each job-site a sign informing employees that the project is subject to the City's Prevailing Wage requirements and that these requirements are enforced by the Labor Standards Enforcement Officer; and (E) that the Labor Standards Enforcement Officer may audit such records of Thales as he or she reasonably deems necessary to determine compliance with the Prevailing Wage and other labor standards imposed by the Charter and this Chapter on Public Works. Failure to comply with these requirements may result in penalties and forfeitures consistent with analogous provisions of the California Labor Code, including Section 1776(g), as amended from time to time.

3.6.8 Remedies. Should Thales, or any subcontractor who shall undertake the performance of any Covered Services, fail or neglect to pay to the persons who perform Covered Services under this Contract, subcontract or other arrangement for the Covered Services, the general prevailing rate of wages as herein specified, Thales shall forfeit, and in the case of any subcontractor so failing or neglecting to pay said wage, Thales and the subcontractor shall jointly and severally forfeit, back wages due plus the penalties set forth in Administrative Code Section 6.22 (e) and/or California Labor Code Section 1775. The City, when certifying any payment which may become due under the terms of this Contract, shall deduct from the amount that would otherwise be due on such payment the amount of said forfeiture limited to amounts necessary to satisfy the order to pay back wages for Covered Services and any penalties assessed.

Article 4 Services and Resources

4.1 Services Contractor Agrees to Perform. Contractor agrees to perform the Services provided for in Appendix A (Scope of Services). Officers and employees of the City are not authorized to request, and the City is not required to reimburse the Contractor for, Services beyond those Services listed in Appendix A, unless Appendix A is modified as provided in Section 14.5 (Modification of this Agreement).

4.2 Priority of Documents. In case of conflict between this Contract (that is, this document and its Included Appendices) and any Task Order, only as to issues of costs, scope of work, personnel assigned, warranty, liquidated damages for delay, performance bond, the Task Order shall govern.

4.3 Information and Data. The Contractor shall request in writing any information and data it will require to perform Task Orders. The Contractor shall identify the timing and priority for which this information and data will be required. The Contractor and City shall

reach agreement as to the availability and delivery time for this data and information during initial task negotiations.

4.4 Presentations. In the performance of assigned tasks, the Contractor, if requested by City and reasonably required, shall prepare graphic and written presentations, and participate in presentations of said material to various City departments, commissions, and interested community groups.

4.5 Task Requirements. The SFMTA will define Task requirements. The cost and estimated time to perform the task fully will be agreed upon in advance of the start of Work on the task in accordance with the terms and conditions of this Agreement, generally following the procedures outlined below.

4.5.1 Scope of Work. The SFMTA will prepare the scope of Work and expected time of completion, using the Task Order Request Form (Appendix C) and transmit the Task Order Request Form to the Contractor with a request for a proposal for the performance of the task.

4.5.2 Contractor Proposal. The Contractor shall prepare and submit a proposal for the task showing:

(a) A Work plan that includes a detailed description by subtask of the Work to be performed and the means and methods that will be used to perform it;

(b) Milestones for completion for each subtask and deliverables at each milestone;

(c) Personnel and the Subcontractor assigned to each part of the Work along with a resume or curriculum vitae that indicates why such personnel are qualified to perform the Work; and prior experience in performing Work of this nature; if not included in the original proposal;

(d) A detailed cost estimate for each task or subtask showing:

(i) Estimated hourly rates by labor categories as listed in Appendix B for both Contractor and Subcontractor. Labor hours for preparing monthly invoices or filling out required SBE forms will not be allowed. Contractor will manage Subcontractors so additional Subcontractor program management labor hours will not be allowed. Overtime labor hours will not be allowed without prior written approval. If overtime is approved, it will be billed at the billing rates listed and not at one- and one-half times the billing rate;

(ii) Estimated reasonable out-of-pocket expenses;

(iii) Proposed profit.

4.5.3 Negotiation of Cost and Profit. The Project Manager will review the proposal and negotiate either a lump sum price or a fixed profit to perform the Work of each subtask and task and either a total price or a total cost not to exceed for the task.

4.5.4 Record of Negotiations. The Project Manager will document the negotiations and any agreement in a Record of Negotiations.

4.5.5 Reserved. (Subcontracting Goals)

4.5.6 Controller Certification. The Project Manager will request certification from the Controller that adequate funds are available to proceed with the task as agreed.

4.5.7 Notice to Proceed. After certification, the Project Manager will send to the Contractor a written NTP and task number. The Contractor shall use the task number when submitting invoices to the Project Manager for payment. The Contractor shall not commence Work on any task until it receives a written NTP for the task.

4.5.8 Changes. Agreed lump sum prices and fixed profits for subtasks and tasks cannot be modified unless there is a material change in the scope of Work of the task. If there is a material change in the scope of Work of a task, then a proposal, negotiations, and Record of Negotiations shall be required before changes to agreed lump sum prices and fixed profits can be approved. Certification by the Controller is required for changes that result in an increase to the total cost of a task.

4.5.9 Failure to Agree on Terms of Task. In the event that the SFMTA and Contractor cannot reach agreement on the terms of the Task Order, the SFMTA may either cancel the Task Order and have the Work accomplished through other available sources or may direct the Contractor to proceed with the task under such conditions as City may require to assure quality and timeliness of the task performance.

4.6 Assigned Personnel. Contractor shall utilize only competent personnel under the supervision of, and in the employment of, Contractor (or Contractor's authorized subcontractors) to perform the Services. Contractor shall comply with City's reasonable requests regarding assignment and/or removal of key personnel, but all personnel, including those assigned at City's request, must be supervised by Contractor. Contractor shall commit adequate resources to allow timely completion within the project schedule specified in this Agreement. Contractor acknowledges that timely performance of Work is greatly dependent upon the assignment of personnel with requisite expertise and experience to supervise and perform the Work ("Key Personnel"). Such Key Personnel will be identified in each Task Order. Contractor shall not reassign Key Personnel or assign Key Personnel to other projects without advance written notice to the SFMTA and providing a competent replacement. The SFMTA will not unreasonably withhold its approval of replacement personnel.

4.7 Current Workload and Available Resources. The Contractor covenants that its current workload and the workload of its Subcontractors will not affect the commencement and the progress of Work under this Agreement. The Contractor shall have all the necessary professional, technical and support personnel, including those of the Subcontractors, available, ready and mobilized to perform the Work within two weeks of the receipt of NTP of a Task Order.

4.8 Transmittal of Work Product. When requested by Agency’s Project Manager, and after completion of each task and subtask, the Contractor shall transmit to Agency all Work Product (duplicates and originals) produced or accumulated in the course of its and its Subcontractors’ Work on this Agreement. The Contractor’s Project Manager and Key Personnel shall have thoroughly reviewed and approved all Work Product and signed off as such prior to transmitting them to Agency.

4.9 Agency’s Responsibilities Regarding Submittals. The Agency will review and comment on Contractor’s submittals generally within two calendar weeks of submittal. The Agency and Contractor will establish a timetable of submittals and reviews in the initial coordination meetings and include such a timetable in the approved Task Order. The Agency’s review and comments of Contractor submittals shall in no way relieve the Contractor of its independent responsibility to perform its own quality checks and review, nor shall any comment or review by the Agency relieve the Contractor of its independent responsibility to provide submittals and deliverables in full compliance with local, state and federal codes, regulations and standards.

If Contractor considers certain Agency review comments or directives, either written or oral, to require Work efforts not included in the approved Program Management/Implementation Plan, the Contractor shall provide Agency with either a written request for clarification of intended Work or a proposal to proceed with Additional Work within two calendar weeks of discovering the perceived extra Work, in strict accordance with the procedures specified in subsection 4.5.2 above.

4.10 Subcontracting. Contractor may subcontract portions of the Services only upon prior written approval of City. Contractor is responsible for its Subcontractors throughout the course of the Work required to perform the Services. Neither Party shall, on the basis of this Agreement, contract on behalf of, or in the name of, the other Party. Any agreement made in violation of this provision shall be null and void. The City approves Thales’ subcontracting of portions of the Work to its affiliate, Thales Canada.

4.11 Independent Contractor; Payment of Employment Taxes and Other Expenses.

4.11.1 Independent Contractor. For the purposes of this Article 4, “Contractor” shall be deemed to include not only Contractor, but also any agent or employee of Contractor. Contractor acknowledges and agrees that at all times, Contractor or any agent or employee of Contractor shall be deemed at all times to be an independent contractor and is wholly responsible for the manner in which it performs the services and Work requested by City under this Agreement. Contractor, its agents, and employees will not represent or hold themselves out to be employees of the City at any time. Contractor or any agent or employee of Contractor shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Contractor or any agent or employee of Contractor is liable for

the acts and omissions of itself, its employees and its agents. Contractor shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Contractor's performing services and Work, or any agent or employee of Contractor providing same.

Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Contractor or any agent or employee of Contractor. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to policy and the result of Contractor's Work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Contractor performs Work under this Agreement. Contractor agrees to maintain and make available to City, upon request and during regular business hours, accurate books and accounting records demonstrating Contractor's compliance with this section.

Should City determine that Contractor, or any agent or employee of Contractor, is not performing in accordance with the requirements of this Agreement, City shall provide Contractor with written notice of such failure. Within ten business days of Contractor's receipt of such notice, and in accordance with Contractor policy and procedure, Contractor shall remedy the deficiency or present a plan to remedy the deficiency that is reasonably acceptable to the City. Notwithstanding, if City believes that an action of Contractor, or any agent or employee of Contractor, warrants immediate remedial action by Contractor, City shall contact Contractor and provide Contractor in writing with the reason for requesting such immediate action.

4.11.2 Payment of Employment Taxes and Other Expenses. Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Contractor is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Contractor which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Contractor for City, upon notification of such fact by City, Contractor shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Contractor under this Agreement (again, offsetting any amounts already paid by Contractor which can be applied as a credit against such liability). A determination of employment status pursuant to the preceding two paragraphs shall be solely for the purposes of the particular tax in question, and for all other purposes of this Agreement, Contractor shall not be considered an employee of City. Notwithstanding the foregoing, Contractor agrees to indemnify and save harmless City and its officers, agents and employees from, and, if requested, shall defend them against any and all claims, losses, costs, damages, and expenses, including attorneys' fees, arising from this section.

4.12 Assignment. Notwithstanding the foregoing, Thales may assign in connection with the sale of the relevant business any or all of its rights and obligations under this Agreement to a third party, subject to the prior written approval of the Director of Transportation, which shall not unreasonably be withheld. The SFMTA may not assign any or all of its rights and obligations under this Agreement unless prior authorization is granted in writing by Thales.

4.13 General Warranty. Contractor warrants to City that the Services will be performed with the degree of skill and care that is required by current, good and sound professional procedures and practices, and in conformance with generally accepted professional standards prevailing at the time the Services are performed so as to ensure that all Services performed are correct and appropriate for the purposes contemplated in this Agreement.

All warranties provided by Contractor in respect of any Equipment and Software supplied under this Agreement shall be as set forth in the warranty provisions applicable to the Task Order for the Services provided under that Task Order, which warranty shall have a term of not less than two years from first use in revenue service Thales shall reperform at no additional charge to the SFMTA any of the Services that it does not properly perform. Notwithstanding anything to the contrary in the Agreement, Thales's warranty obligations shall not extend to the Preventative Maintenance or other corrective action performed by the SFMTA's personnel or third parties acting on behalf of SFMTA. Except as expressly stated in this Agreement, Thales's warranty obligations shall be limited to the provisions of this Section 4.13, the Task Order for said Services, and as stated in Appendix A to this Agreement. All and any warranties, terms, conditions or representations, express or implied, oral or written, statutory or otherwise arising by operation of law are hereby expressly excluded.

4.14 Delays.

4.14.1 Delay Due to Contractor. By entering into this Agreement, Contractor agrees that in the event the Equipment, Software or services Contractor provided for under this Agreement are delayed the City will suffer actual damages that will be impractical or extremely difficult to determine. For each Task Order made under this Agreement, the Parties will mutually agree upon a key date or dates (the "Key Date(s)") in respect of the timely performance of the Services or dated milestones for portions of the Services, and a corresponding amount of liquidated damages that the Contractor shall pay to the SFMTA for each business day of delay solely and directly attributable to the Contractor beyond said Key Date(s). Said liquidated damages are not a penalty but are a reasonable estimate of the losses that City will incur based on the delay, established in light of the circumstances existing at the time the parties executed the Task Order for the relevant equipment, software or services. The City shall subtract said amounts of liquidated damages from amounts that are due Contractor. The parties will negotiate for each Task Order the value of liquidated damages (that is, dollar amounts for each day of delay or other metric), which will be stated the Task Order. The negotiated value of liquidated damages for Contractor's delay will compensate the SFMTA for loss of business value caused by

Contractor's delay (that is, the value of the benefits from the Task Order Work that SFMTA would have obtained but for Contractor's delay).

4.14.2 Delay Not Due to Contactor. In the event that the Contractor incurs additional cost or delay in the scheduled milestones or timelines due to: a) any act, omission or delay of the City with respect to its obligations under this Agreement or the relevant Task Order; or b) any circumstance not solely and directly attributable to the Contractor; or c) another contractor or subcontractor, the relevant Task Order shall be modified accordingly such that the scheduled milestones or timelines shall be extended for a period not less than the period of delay unless otherwise mutually agreed by the Parties. If the delay is attributable to the City, the City shall reimburse Contractor for all reasonable additional costs and expenses incurred by the Contractor as a result of such delay.

4.15 Bonding Requirements. Any bonding requirement shall be set forth and agreed to under the applicable Task Order.

4.16 Restoration of ATCS to Prior Operating Condition. As directed by the SFMTA, at any time during the course of Contractor's performing a Task Order, or as part of a full or partial termination of this Agreement, or if Contractor should abandon or otherwise materially breach this Agreement, Contractor shall reverse changes as agreed by the parties that Contractor has made to the ATCS and shall reasonably restore the ATCS to its operating condition and status prior to commencing a given Task Order to maintain existing ATCS functionality and safety certification. The SFMTA shall compensate Contractor for said Services on a time and materials basis. In case of Contractor's breach of its obligations under this Section 4.16, monetary compensation would be an inadequate and insufficient remedy for the loss of utility of the ATCS, and the SFMTA may therefore seek to enforce the requirements of this Section 4.16 by writ of mandamus or other legal or equitable action for affirmative relief in any court that has jurisdiction. If a problem is discovered after acceptance of the Task Order, Thales will remedy the problem under warranty.

Article 5 Insurance and Indemnity

5.1 Insurance.

5.1.1 Required Coverages. Without in any way limiting Contractor's liability pursuant to the "Indemnification" section of this Agreement, Contractor must maintain in force, during the full term of the Agreement, insurance in the following amounts and coverages:

(a) Workers' Compensation, in amounts required by California law, with Employers' Liability Limits not less than \$2,000,000 each accident, injury, or illness; and including coverage, as applicable, for U.S. Long Shore and Harbor Workers' Act benefits and Jones Act benefits, and Federal Employers Liability Act. Commercial Liability Insurance shall not exclude damages and other liability arising from failure or malfunction of the ATCS, including but not limited to damages to rail vehicles, wayside equipment and SFMTA infrastructure, and injury to persons.

(c) Commercial Automobile Liability Insurance with limits not less than \$2,000,000 each occurrence, "Combined Single Limit" for Bodily Injury and Property Damage, including Owned, Non-Owned and Hired auto coverage, as applicable; and

(f) Technology Errors and Omissions Liability coverage, with limits of \$2,000,000 each occurrence and each loss. The policy shall at a minimum cover professional misconduct or lack of the requisite skill required for the performance of services defined in the contract and shall also provide coverage for the following risks:

(i) Network security liability arising from the unauthorized access to, use of, or tampering with computers or computer systems, including hacker attacks; and

(ii) Liability arising from the introduction of any form of malicious software including computer viruses into, or otherwise causing damage to the City's or third person's computer, computer system, network, or similar computer related property and the data, software, and programs thereon.

5.1.2 Commercial General Liability and Commercial Automobile Liability Insurance policies must be endorsed to provide:

(a) Name as Additional Insured the City and County of San Francisco, its Officers, Agents, and Employees.

(b) That such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that insurance applies separately to each insured against whom claim is made or suit is brought.

5.1.3 All policies shall be endorsed to provide 30 days' advance written notice to the City of cancellation for any reason, intended non-renewal, or reduction in coverages. Notices shall be sent to the City address set forth in Section 14.1 (Notices to the Parties). All notices, certificates and endorsements shall include the SFMTA contract number and title on the cover page.

5.1.4 Should any of the required insurance be provided under a claims-made form, Contractor shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of five years beyond the expiration of this Agreement, to the effect that, should occurrences during the contract term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.

5.1.5 Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

5.1.6 Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the lapse date. If insurance is not reinstated, the City may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.

5.1.7 Within five Days of the SFMTA Board's award of this Agreement and Before commencing any Services, Contractor shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Approval of the insurance by City shall not relieve or decrease Contractor's liability hereunder.

5.1.8 If Thales will use any subcontractor(s) to provide Services, Thales shall require the subcontractor(s) to provide all necessary insurance and to name the City and County of San Francisco, its officers, agents and employees and Thales as additional insureds.

5.1.9 Approval of the insurance by the City shall not relieve or decrease the extent to which Thales or subcontractor of any tier may be held responsible for payment of any

and all damages resulting from its operations. Thales shall be responsible for all losses not covered by insurance, excluding damage caused by earthquake and flood (whether caused by storm or tidal wave) consistent with Section 7105 of the California Public Contract Code in excess of 5 percent of the Agreement Sum, including the deductibles. All policies of insurance and certificates are subject to review by the City and must otherwise meet the requirements of the City's Risk Manager.

5.1.10 Thales and its subcontractors shall comply with the provisions of California Labor Code Section 3700. Prior to commencing the performance of Services, Thales and all of its subcontractors shall submit to the awarding department a certificate of insurance against liability for workers compensation or proof of self-insurance in accordance with the provisions of the California Labor Code.

5.1.11 Liability insurance, except for professional liability insurance, shall be on an occurrence basis, and said insurance shall provide that the coverage afforded thereby shall be primary coverage (and non-contributory to any other existing valid and collectable insurance) to the full limit of liability stated in the declaration, and such insurance shall apply separately to each insured against whom claim is made or suit is brought, but the inclusion of more than one insured shall not operate to increase the insurer's limits of liability.

5.1.12 All insurance policies required by this Agreement shall be endorsed to provide for thirty (30) Days prior written notice of cancellation for any reason, intended non-renewal, or reduction in coverage to the City. All notices shall be made to all the following:

5.1.14 If, at any time during the life of this Agreement, Thales fails to maintain any item of the required insurance in full force and effect, all Services of this Agreement may, at City's sole option, be immediately suspended, and all payments due or that become due will be withheld, until notice is received by the City as provided in the immediately preceding Section 5.1.12 that such insurance has been restored to full force and effect and that the premiums therefore have been paid for a period satisfactory to the City.

5.1.15 Joint and Several Liability. If Thales is a joint venture partnership, the liability of each partner of the joint venture shall be joint and several. No insurance policy providing coverage under this Agreement shall contain any provision prohibiting coverage of a joint venture partnership or otherwise limiting coverage any joint venture partner.

5.1.16 Indemnitees.

5.2 Indemnity, Defense and Liability.

5.2.1 Obligation to Defend and Indemnify.

(a) To the fullest extent permitted by law and except as specifically provided otherwise in this Agreement, upon the City's providing notice to Thales as provided in Section 5.2.1(b) as to any claim, administrative action, or lawsuit brought by a third party against the City for any loss of or damage caused by or arising from the negligent or intentional acts of Thales or its subcontractors arising from the Services, Thales shall assume the defense of said claim, administrative action, or lawsuit, indemnify and save harmless the City, its boards, commissions, officers, and employees (collectively "Indemnitees"). Subject to the requirements and limitations in Section 5.2.1(b), said indemnification shall include any and all claims, suits,

actions, losses, costs, damages, injuries (including, without limitation, injury to or death of any employee of Thales or its subcontractors), expense and liability of every kind, nature, and description (including, without limitation, direct, economic, indirect, incidental and consequential (special) damages incurred by said third parties, court costs, attorneys' fees, litigation expenses, fees of expert contractors or witnesses in litigation, and costs of investigation), that arise out of, result from, are connected with, pertain or relate to, directly or indirectly, in whole or in part, the negligence, recklessness, or willful misconduct of Thales, any of its subcontractors or Affiliates, anyone directly or indirectly employed by them, or anyone that they control (collectively, "Liabilities") in the performance of the Services.

(b) The indemnification contained herein is subject to the City: (i) providing Thales with prompt written notice of the claim; (ii) granting Thales sole control of the defense to the claim except that Thales may not enter into any settlement that would adversely impact the City's rights or impose liability upon the City without its prior written consent; and,

(c) The terms, conditions, provisions, and failure to cover of any insurance policy covering Thales' performance under this Agreement shall not operate to limit Thales' Liabilities under this Agreement. Nor shall the amount of insurance coverage operate to limit the extent of such Liabilities.

(d) Thales assumes no liability whatsoever for the sole negligence, active negligence, or willful misconduct of any Indemnitee.

5.2.2 Limitation of Liability.

(a) The City's total liability to Thales for the Services shall be limited to the value of the Services completed in accordance with the requirements of this Agreement, said amount not to exceed the Contract Amount stated in Section 3.3, as that amount may be modified by a properly approved and executed Change Order.

(b) Except as provided herein, Thales' liability to the City under this Agreement shall be limited to the to the value of direct damages arising from Thales' breach of this Agreement or Thales' negligence in performing the Services and which shall be limited to 100% of the Task Order under which the damages are incurred. 5.2.3 Limitations on Special Damages. The City and Thales's respective liabilities to each other for special, incidental, consequential, and indirect damages are hereby limited as follows:

(a) The City, its boards and commissions, and all of their officers, agents, members, employees, and authorized representatives shall have no liability to Thales for any type of special, consequential, indirect or incidental damages, including but not limited to losses of use, data, profit, revenue, income, business, anticipated savings, reputation, and more generally, any losses of an economic or financial nature, whether these may be deemed as consequential or arising directly and naturally from the incident giving rise to the claim, arising under or related to this Agreement or under any cause of action related to the subject matter of this Agreement, whether in contract, tort (including negligence), strict liability, or otherwise. This limit of liability applies under all circumstances including, but not limited to, the breach, completion, termination, suspension, cancellation or recession of the Services or this Agreement, negligence or strict liability by the City, its boards and commissions, and their representatives, contractors or agents.

(b) Except as specifically provided in this Agreement, Thales, and its Affiliates, employees, officers, directors and shareholders, shall not be liable to the City for any special, consequential, indirect or incidental damages, including but not limited to losses of use, data, profit, revenue, income, business, anticipated savings, reputation, and more generally, any losses of an economic or financial nature, whether these may be deemed as consequential or arising directly and naturally from the incident giving rise to the claim arising under or related to this Agreement or under any cause of action related to the subject matter of this Agreement, whether in contract, tort (including negligence), strict liability, or otherwise. Except as provided herein, this limit of liability applies under all circumstances including, but not limited to, the breach, completion, termination, suspension, cancellation or recession of the Services or this Agreement, negligence or strict liability by Thales. 5.2.4 Indemnity for Infringement of Intellectual Property Rights.

Thales shall at its sole expense and election, provided any such election does not result in any cost to the City arising from the claim, either: (1) indemnify the City; or (2) obtain the right to use the infringing item; or (3) modify the infringing item so that it becomes non-infringing; or (4) replace the infringing item with a non-infringing item, subject to the requirements of Section 5.2.4(d), below.

(b) Thales shall have no obligations hereunder with respect to any intellectual property infringements caused by: (1) Thales' compliance with the City's designs; (2) City's use or combination of the Software or Proprietary Equipment with products or data of the type for which the Proprietary Equipment and Software was neither designed nor intended; or (3) the modification of the Software or Proprietary Equipment without Thales' prior written consent.

(c) The provisions of this 5.2.4 shall be the City's sole remedy for infringement claims and is conditional upon City: (1) giving prompt notice in writing to Thales of any claim or proceeding being made or threatened; (2) allowing Thales to defend and settle under its responsibility any proceedings or claims through counsel chosen by Thales at Thales' own expense and (3) affording all reasonable assistance in connection therewith.

(d) Thales shall be entitled to modify or replace any infringing item so that it becomes non-infringing, or in the event that such modification or replacement is not possible using reasonable technical efforts, to replace the item concerned with a non-infringing item that meets the performance requirements relevant to the replaced item.

5.3 Not Used.

5.4 Release of Hazardous Materials. Thales acknowledges that any claims, demands, losses, damages, costs, expenses, and legal liability that arise out of, result from, or are in any way connected with Thales' release or spill of any legally designated hazardous

Article 6 Reserved. (Liabilities of the Parties)

Article 7 Payment of Taxes

7.1 Contractor to Pay All Taxes. Except for any applicable California sales and use taxes charged by Contractor to City, Contractor shall pay all taxes, including possessory interest taxes levied upon or as a result of this Agreement, or the Services delivered pursuant hereto. Contractor shall remit to the State of California any sales or use taxes paid by City to Contractor under this Agreement. Contractor agrees to promptly provide information requested by the City to verify Contractor's compliance with any State requirements for reporting sales and use tax paid by City under this Agreement.

7.2 Possessory Interest Taxes. Contractor acknowledges that this Agreement may create a "possessory interest" for property tax purposes. Generally, such a possessory interest is not created unless the Agreement entitles the Contractor to possession, occupancy, or use of City property for private gain. If such a possessory interest is created, then the following shall apply:

7.2.1 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that Contractor, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest.

7.2.2 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extension, renewal, or assignment of this Agreement may result in a "change in ownership" for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest created by this Agreement. Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by Revenue and Taxation Code Section 480.5, as amended from time to time, and any successor provision.

7.2.3 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., Rev. & Tax. Code Section 64, as amended from time to time). Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.

7.2.4 Contractor further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.

7.3 Withholding. Contractor agrees that it is obligated to pay all amounts due to the City under the San Francisco Business and Tax Regulations Code during the term of this Agreement. Pursuant to Section 6.10-2 of the San Francisco Business and Tax Regulations Code, Contractor further acknowledges and agrees that City may withhold any payments due to Contractor under this Agreement if Contractor is delinquent in the payment of any amount required to be paid to the City under the San Francisco Business and Tax Regulations Code. Any payments withheld under this paragraph shall be made to Contractor, without interest, upon Contractor coming back into compliance with its obligations.

Article 8 Termination and Default

8.1 Termination for Convenience.

8.1.1 City shall have the option, in its sole discretion, to terminate this Agreement or any Task Order, at any time the Term, for convenience and without cause. City shall exercise this option by giving Contractor written notice of termination. The notice shall specify the date on which termination shall become effective, and the scope of the termination (that is, Task Order or entire Agreement).

8.1.2 Upon receipt of the notice of termination, Contractor shall commence and perform, with diligence, all actions necessary on the part of Contractor to affect the termination of the Task Order or this Agreement (as applicable) on the date specified by City and to minimize the liability of Contractor and City to third parties as a result of termination. All such actions shall be subject to the prior approval of City. Such actions shall include, without limitation:

(a) Halting the performance of all Services under the terminated Task Order or this Agreement (as applicable) on the date(s) and in the manner specified by the SFMTA.

(b) Terminating all existing orders and subcontracts, and not placing any further orders or subcontracts for materials, Services, equipment or other items for the Work terminated.

Upon such assignment, the SFMTA shall have the right, in its sole discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.

(d) Subject to the SFMTA's approval, settling all outstanding liabilities and all claims arising out of the termination of orders and subcontracts.

(e) Completing performance of any Services that the SFMTA designates to be completed prior to the date of termination specified by the SFMTA.

(f) Taking such action as may be necessary, or as the SFMTA may direct, for the protection and preservation of any property related to this Agreement which is in the possession of Contractor and in which the SFMTA has or may acquire an interest.

8.1.3 Within 30 days after the specified termination date, Contractor shall submit to the SFMTA an invoice, which shall set forth each of the following as a separate line item:

(a) Compensation to Contractor for all Services performed through the termination date at the rates agreed upon in Appendix B, Rate Table, plus reasonable profit for those Services.

(b) Compensation for equipment in manufacturing not yet delivered, at the Task Order price;

(c) The reasonable cost to Contractor of handling material or equipment returned to the vendor, delivered to the SFMTA or otherwise disposed of as directed by the SFMTA.

(d) All unavoidable subcontractor/supplier termination fees/charges, etc.; and

8.1.4 In no event shall the City be liable for costs incurred by Contractor or any of its subcontractors after the termination date specified by the SFMTA, except for those costs specifically enumerated and described in Section 8.1.3. Such non-recoverable costs include, but are not limited to, anticipated profits on the Services under this Agreement, post-termination employee salaries, post-termination administrative expenses, post-termination overhead or unabsorbed overhead, attorneys' fees or other costs relating to the prosecution of a claim or lawsuit, prejudgment interest, or any other expense which is not reasonable or authorized under Section 8.1.3.

8.1.5 The City's payment obligation under this Section shall survive termination of this Agreement or any Task Order.

8.2 Termination for Default; Remedies.

(a) Contractor fails or refuses to perform or observe any term, covenant or condition contained in any of the following Sections of this Agreement:

8.2.2 On and after any Event of Default, City shall have the right to exercise its legal and equitable remedies, including, without limitation, the right to terminate this Agreement or to seek specific performance of all or any part of this Agreement. In addition, where applicable, City shall have the right (but no obligation) to cure (or cause to be cured) on behalf of Contractor any Event of Default; Contractor shall pay to City on demand all reasonable and necessary costs and expenses incurred by City in effecting such cure. 8.2.3 All remedies provided for in this Agreement may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules and regulations. Nothing in this Agreement shall constitute a waiver or limitation of any rights that City may have under applicable law.

8.2.4 Any notice of default must be sent by registered mail to the address set forth in Article 14.

8.3 Non-Waiver of Rights. The omission by either party at any time to enforce any default or right reserved to it, or to require performance of any of the terms, covenants, or provisions hereof by the other party at the time designated, shall not be a waiver of any such default or right to which the party is entitled, nor shall it in any way affect the right of the party to enforce such provisions thereafter.

Article 13 Security Sensitive Information and Critical Infrastructure Information

13.1 Security Sensitive Information . ATCS and SFMTA infrastructure design documents are Security Sensitive Information. Design Documents, Drawings, ATCS testing and performance specifications (and any other documents that the SFMTA identifies as SSI Documents) that the SFMTA provides to Thales and that Thales creates under this Contract constitute Security Sensitive Information and Critical Infrastructure Information under federal and State law. (See 49 CFR 15 and 1520.) Thales acknowledges that access to the SSI Documents by unauthorized persons or organizations would pose significant risk of grave harm to the SFMTA and public safety.

13.2 Use of SSI Documents . Thales shall use the SSI Documents only for the purposes of performing the Services under the This Agreement, and for no other purpose. Thales shall guard the SSI Documents safe and secure at all times from disclosure to unauthorized personnel and shall only allow access to the SSI Documents to persons with a "need to know" for performing the Services. When the SSI Documents are not being used to perform the Services, Thales shall keep the SSI Documents in a locked, secure area so that the SSI Documents are not physically or visually accessible to persons who are not directly involved in the preparation of Thales' Proposal for the This Agreement. When unattended, the SSI Documents must be secured in a locked container, office, or other restricted access area with access to the keys or combination limited to those with a need to know. Thales shall not copy, publish, circulate or use any of the SSI Documents for any purpose other than performing the Services under this This Agreement, without first obtaining the SFMTA's written approval to do so.

13.3 Disposal of the SSI Documents. After Final Acceptance of the Services or earlier termination of this Agreement, Thales may keep one set of the SSI Documents for its internal use only, but shall return all other sets of SSI Documents or destroy them, as follows:

SSI Documents shall be returned to:

San Francisco Municipal Transportation Agency
Information Technology
Attention: David Rojas
1 South Van Ness, 3rd floor San Francisco, CA 94103

If not returned to the SFMTA, the SSI Documents must be destroyed in a manner that ensures recovery of the information contained therein would be difficult, if not impossible. Any means approved for the destruction of national security classified material such as machine shredding, may be used to destroy the SSI Documents. If no such means is available, the SSI Documents may be destroyed by cutting or tearing them into small pieces and assimilating it with other waste material. Compact discs or other physical electronic media containing the SSI Documents shall be broken to pieces. Electronic files containing the SSI Documents or any portion of them shall be deleted. Thales shall certify to the SFMTA in writing that the SSI Documents have been destroyed as required herein.

13.4 Liability for Failure to Secure or Misuse of the SSI Documents. Subject to the provisions of this Agreement, Thales shall be fully liable for any and all harm and damages that may arise from unauthorized persons or entities gaining access to the SSI Documents due to or arising from Thales' failure to adhere strictly to the requirements of this Article 13. In addition to civil liability, Thales is cautioned that violation of applicable laws and regulations concerning protection and use of Security Sensitive Information may subject Thales to federal penalties.

13.5 Subcontractors. Thales shall include the provisions of this Article 13 in any agreement with a Thales Affiliate or subcontractor that will require access to the SSI Documents, and Thales shall be responsible for its Subcontractors' and Suppliers' adherence to the requirements of this Article.

Article 15 SFMTA Specific Terms

15.1 Large Vehicle Driver Safety Training Requirements. Contractor agrees that before any of its employees and subcontractors drive large vehicles within the City and County of San Francisco, those employees and subcontractors shall successfully complete either (a) the SFMTA’s Large Vehicle Urban Driving Safety training program or (b) a training program that meets the SFMTA’s approved standards for large vehicle urban driving safety. The SFMTA’s approved standards for large vehicle urban driving safety is available for download at www.SFMTA.com/largevehicletainingstandards. This requirement does not apply to drivers providing delivery services who are not employees or subcontractors of the Contractor. For purposes of this section, “large vehicle” means any single vehicle or combination of vehicle and trailer with an unladen weight of 10,000 pounds or more, or a van designed to carry 10 or more people.

By entering into this Agreement, Contractor agrees that in the event the Contractor fails to comply with the Large Vehicle Driver Safety Training Requirements, the City will suffer actual damages that will be impractical or extremely difficult to determine; further, Contractor

agrees that the sum of up to One Thousand Dollars (\$1,000) per employee or subcontractor who is permitted to drive a large vehicle in violation of these requirements is not a penalty, but is a reasonable estimate of the loss that City will incur based on the Contractor's failure to comply with this requirement, established in light of the circumstances existing at the time this Contract was awarded. City may deduct a sum representing the liquidated damages from any money due to Contractor. Such deductions shall not be considered a penalty, but rather agreed monetary damages sustained by City because of Contractor's failure to comply.

15.2 Delivery, Title and Risk of Loss in Shipping.

15.2.1 Contractor shall deliver all equipment and software purchased under this Agreement Free on Board (F.O.B.) Origin, in accordance with the Uniform Commercial Code to the MTA's delivery address specified in the relevant Task Order for the Equipment or Software. Contractor shall assume risk of loss until the Equipment or Software is delivered to the first carrier. The price listed in any Task Order shall include for the corresponding goods all shipping costs and insurance for loss during shipping in accordance with said F.O.B. delivery term but excludes any customs duties, import taxes or other charges which shall be borne by the City. Contractor shall select the carrier, means, and method of delivery best to ensure safe delivery. Contractor shall insure all goods shipped for the full replacement value. Title to the Equipment shall pass to the City upon payment in full of the price determined in the Task Order for said goods.

15.2.2 Title to any Software, Documentation and other confidential information or data delivered to the City under this Agreement shall remain vested solely in Contractor or its licensors. Upon delivery of goods, the City shall perform a visual and quantitative check of thereof and shall notify the Contractor in writing of any apparent defect, omission or damage. If such notice is not given within ten (10) business days, the goods shall be considered in conformity with the packing list and free from apparent defects.

Contractor is subject to the enforcement and penalty provisions in Chapter 12M.

16.1.2 Confidential Information In the performance of Services, each Party may have access to the other Party's proprietary or confidential information, the disclosure of which to third parties may damage the owner of the proprietary or confidential information. If a Party discloses proprietary or confidential information to the other Party, such information must be held by the receiving Party in confidence and used only in performing the Agreement. Each

Party shall exercise the same standard of care to protect such information as it would to reasonably and prudently protect its own proprietary or confidential information.

Contractor shall not use or disclose City's Data or Confidential Information except as permitted or required by the Agreement or as otherwise authorized in writing by the City. Any Work using, or sharing or storage of, City's Confidential Information outside the United States is subject to prior written authorization by the City. Access to City's Confidential Information must be strictly controlled and limited to Contractor's staff assigned to this project on a need-to-know basis only. Contractor is provided a limited non-exclusive license to use the City Data or Confidential Information solely for performing its obligations under the Agreement and not for Contractor's own purposes or later use. Nothing herein shall be construed to confer any license or right to the City Data or Confidential Information, by implication, estoppel or otherwise, under copyright or other intellectual property rights, to any third party. Unauthorized use of City Data or Confidential Information by Contractor, subcontractors or other third parties is prohibited. For purpose of this requirement, the phrase "unauthorized use" means the data mining or processing of data, stored or transmitted by the service, for commercial purposes, advertising or advertising-related purposes, or for any purpose other than security or service delivery analysis that is not explicitly authorized.

The Contractor shall not be required to indemnify the Federal Government for any such liability arising out of the wrongful acts of employees or agents of the Federal Government.

6. Application to Data Incorporated into Work. The requirements of Subsections (2), (3) and (4) of this Section do not apply to data developed by the City or Contractor and incorporated into the Work carried out under this Agreement, provided that the City or Contractor identifies the data in writing at the time of delivery of the Work.
