3 **Motion appointing Mark Rumold, Ali Winston (residency requirement waived), Josh**
4 **Wolf, Allyson Washburn, Lee Hepner, and Chris Hyland, terms ending April 27, 2016, to**
5 **the Sunshine Ordinance Task Force.**

6
7 MOVED, That the Board of Supervisors of the City and County of San Francisco does
8 hereby appoint the hereinafter designated persons to serve as members of the Sunshine
9 Ordinance Task Force, pursuant to the provisions of the San Francisco Administrative Code,
10 Section 67.30, for the terms specified:

11 Mark Rumold, seat 1, succeeding David Snyder, term expired, must be appointed from
12 names submitted by the local chapter of the Society of Professional Journalists and be an
13 Attorney, for the unexpired portion of a two-year term ending April 27, 2016.

14 Ali Winston (residency requirement waived), seat 2, succeeding Richard Knee, term
15 expired, must be appointed from names submitted by the local chapter of the Society of
16 Professional Journalists and be a Journalist, for the unexpired portion of a two-year term
17 ending April 27, 2016.

18 Josh Wolf, seat 3, succeeding Kitt Grant, term expired, must be a member of the press
19 or electronic media with an interest in citizen access, for the unexpired portion of a two-year
20 term ending April 27, 2016.

21 Allyson Washburn, seat 5, succeeding herself, term expired, must be appointed from
22 names submitted by the League of Women, for the unexpired portion of a two-year term
23 ending April 27, 2016.

24 Lee Hepner, seat 7, succeeding David Sims, term expired, must be experienced in
25 consumer advocacy, for the unexpired portion of a two-year term ending April 27, 2016.

1 Chris Hyland, seat 9, succeeding himself, term expired, must be a member of the
2 public who has demonstrated interest in or has experience in the issues of citizen access and
3 participation in local government, for the unexpired portion of a two-year term ending April 27,
4 2016.

5 FURTHER MOVED, That the Board of Supervisors makes the following findings:

- 6 1. The membership of the Sunshine Ordinance Task Force has a goal to be
7 representative of the diversity of the City and County of San Francisco.
- 8 2. Applicant Ali Winston, new appointment, who is not a resident of San Francisco, is
9 a person with experience that uniquely qualifies him to serve on the Sunshine
10 Ordinance Task Force.
- 11 3. The Sunshine Ordinance Task Force has attempted to fill the position, for which Ali
12 Winston was nominated, with an individual who is a City resident and who has the
13 specific experience, skills, and qualifications, but have been unable to do so at this
14 time. The Rules Committee has certified that Ali Winston is qualified to serve on
15 the Sunshine Ordinance Task Force.
- 16 4. After exercising due diligence, the Board of Supervisors concludes that there are no
17 other possible representatives, who are residents of San Francisco and who have
18 the specific experience, skills, or qualifications possessed by this applicant, and
19 who is willing to serve on the Sunshine Ordinance Task Force at this time; and, be it

20 FURTHER MOVED, That the Board of Supervisors waives the residency requirement
21 for Ali Winston, as allowed in cases where no qualified City residents, willing to serve, can be
22 found, pursuant to Charter, Section 4.101, that requires person(s) appointed to boards,
23 commissions, and advisory bodies established by legislative act of the Board of Supervisors
24 to be resident(s) of the City and County of San Francisco.

Qualifications, Professional Experience, and Civic Activities

I am currently an attorney at the Electronic Frontier Foundation (EFF). EFF is a San Francisco-based, member-supported non-profit dedicated to protecting civil liberties in the digital world. As part of its mission, EFF works to educate lawmakers, courts, and the public on issues related to open government, free speech, innovation, and privacy, and the various ways technology can enhance and compromise those fundamental values.

My work at EFF focuses almost exclusively on issues related to government transparency in the national security context. I frequently litigate cases under the federal Freedom of Information Act, and I am intimately familiar with the process of filing public records requests at both the state and federal level. Through my work at EFF, I have also written *amicus* briefs in cases addressing novel issues related to freedom of information laws, transparency, and open government. As a result of this work, I understand both the promise of, and obstacles to, truly effective application of public record laws and transparent government.

I am also keenly interested in local government, and I am hopeful that serving on the Sunshine Ordinance Task Force will provide an opportunity to apply my knowledge of transparency laws and open government to meaningfully contribute to the San Francisco community. Local government's close relationship with citizens provides a tremendous opportunity for greater accountability and responsiveness from government – qualities that ultimately lead to a better and more participatory democracy. I am hopeful to contribute, even in a small way, to the promise of local government by serving on the Sunshine Ordinance Task Force.

Re: Nominating Mark Rumold to the Sunshine Ordinance Task Force

Dear Supervisors:

The Society of Professional Journalists, Northern California Professional Chapter ("SPJ NorCal") is pleased to nominate **Mark Rumold** for appointment to the City's **Sunshine Ordinance Task Force** ("SOTF").

As you know, Section 67.30(a) of the Sunshine Ordinance reserves a voting seat on the SOTF for an attorney nominated by SPJ NorCal, and it stipulates that all SOTF members "must have experience and/or demonstrated interest in the issues of citizen access and participation in local government."

Mr. Rumold is an attorney with the Electronic Frontier Foundation, an organization that advocates actively and effectively for open access to the internet and the free flow of information and ideas thereon. His work has included cases with applicability of the California Public Records Act, one of the Sunshine Ordinance's base bodies of law.

Given the City's ongoing initiative to consolidate and upgrade its electronic records backup, storage and retrieval systems, Mr. Rumold's experience in the digital world and in open data advocacy makes him ideally suited to serve on the SOTF.

We strongly urge you to give favorable consideration to Mr. Rumold's candidacy and to forward his nomination to the full Board as expeditiously as possible. As you know, the seat for which Mr. Rumold is applying is one of two on the SOTF that are vacant. This sometimes makes it difficult to muster a quorum and therefore to fulfill the SOTF's mission and conduct the business the City has entrusted to it.

Thank you for your attention.

Sincerely,

E.B. Boyd

Subject: SPJ nominees to SOTF

Dear Supervisors,

I am the co-chair of the Northern California Chapter of the Society of Professional Journalists' Freedom of Information Committee. The chapter, based on the committee's recommendations, is required by the Sunshine Ordinance to nominate an attorney and a journalist to the Sunshine Ordinance Task Force. As you know, we have nominated Electronic Frontier Foundation lawyer Mark Rumold and investigative reporter Ali Winston for these seats. This occurred after calling for nominees to come forward and screening and interviewing candidates. Both Mr. Rumold and Mr. Winston were unanimous choices of the FOI committee.

Mr. Rumold is one of the country's leading freedom of information lawyers and has even successfully sued the National Security Agency. He is a graduate of U.C. Berkeley's Boalt Hall School of Law. His bio can be found here: <https://www.eff.org/about/staff/mark-rumold>

Mr. Winston has reported for KQED, KALW, S.F. Weekly, The Center for Investigative Reporting, Pro-Publica and other outlets. He is an honors graduate of the University of Chicago and holds two masters degrees from Berkeley. His C.V. is attached.

Both Mr. Rumold and Mr. Winston will be outstanding, reform and tech-minded members of the task force. SPJ, which represents hundreds of journalists in San Francisco and thousands across the state, asks that you please support them. They will be fair, diligent and caring members of the task force. If you have any questions, please do not hesitate to contact me. SPJ looks forward to your support. Thanks.

Best,

Thomas Peele

Good afternoon Ms. Miller,

Please find included electronic versions of my form 700 and an application for the Sunshine Ordinance Task force. I attempted to send these documents to you on 3/21 but apparently did not include a period in between your first and last name -the message bounced back to me on Saturday.

I've also included my CV for posterity's sake.

Thank you for your assistance, and my apologies for the mix up.

Re: Nominating Ali Winston to the Sunshine Ordinance Task Force

Dear Supervisors:

The Society of Professional Journalists, Northern California Professional Chapter ("SPJ NorCal") is pleased to nominate **Ali Winston** for appointment to the City's **Sunshine Ordinance Task Force** ("SOTF").

As you know, Section 67.30(a) of the Sunshine Ordinance reserves a voting seat on the SOTF for a journalist nominated by SPJ NorCal, and it stipulates that all SOTF members "must have experience and/or demonstrated interest in the issues of citizen access and participation in local government." Mr. Winston is nominated to replace long-time SPJ NorCal-nominated journalist representative Richard Knee, who has chosen not to seek another term.

Mr. Winston is a reporter specializing in criminal justice whose work has appeared in the *San Francisco Chronicle*, the *Bay Guardian*, KALW, and other news outlets. He is also affiliated with the Center for Investigative Reporting, and he holds a master's degree in journalism from the University of California, Berkeley. He is a frequent user of the San Francisco Sunshine Ordinance and the California Public Records Act, and he is an advocate for transparency and open government. He is ideally suited to serve on the SOTF. Mr. Winston is an Oakland resident, and we are requesting that, as you have done for other SPJ nominees in the past, you grant him a residency waiver so he may serve on the SOTF.

Additionally, we note that the seat for which Mr. Winston is applying is one of two on the SOTF that are vacant, which increases the difficulty in mustering a quorum. As you know, SPJ NorCal nominated Mr. Mark Rumold, an attorney, to the other vacant seat in August.

In light of the foregoing, we strongly urge that you give favorable consideration to both Mr. Winston and Mr. Rumold's candidacies and that you forward their nominations to the full Board as expeditiously as possible. Thank you for your attention.

Sincerely,

Subject: SPJ nominees to SOTF

Dear Supervisors,

I am the co-chair of the Northern California Chapter of the Society of Professional Journalists' Freedom of Information Committee. The chapter, based on the committee's recommendations, is required by the Sunshine Ordinance to nominate an attorney and a journalist to the Sunshine Ordinance Task Force. As you know, we have nominated Electronic Frontier Foundation lawyer Mark Rumold and investigative reporter Ali Winston for these seats. This occurred after calling for nominees to come forward and screening and interviewing candidates. Both Mr. Rumold and Mr. Winston were unanimous choices of the FOI committee.

Mr. Rumold is one of the country's leading freedom of information lawyers and has even successfully sued the National Security Agency. He is a graduate of U.C. Berkeley's Boalt Hall School of Law. His bio can be found here: <https://www.eff.org/about/staff/mark-rumold>

Mr. Winston has reported for KQED, KALW, S.F. Weekly, The Center for Investigative Reporting, Pro-Publica and other outlets. He is an honors graduate of the University of Chicago and holds two masters degrees from Berkeley. His C.V. is attached.

Both Mr. Rumold and Mr. Winston will be outstanding, reform and tech-minded members of the task force. SPJ, which represents hundreds of journalists in San Francisco and thousands across the state, asks that you please support them. They will be fair, diligent and caring members of the task force. If you have any questions, please do not hesitate to contact me. SPJ looks forward to your support. Thanks.

Best,

Thomas Peele

I am a 31-year-old long-time resident of the Lower Haight. Ak

Dear San Francisco Board of Supervisors,

It is my pleasure to recommend Rishi Chopra as the New America Media representative to serve on the Sunshine Ordinance Task Force for Seat 4, replacing outgoing member Suzanne Manneh.

I first came to know Rishi when he began working with the San Leandro-based newspaper India West—one of the most prominent and nationally read South Asian newspapers – in 2011, where his responsibilities have included covering events and managing website content relevant to the Indian American community in the San Francisco Bay Area, as well as playing a key role in marketing and business development for the newspaper and his community. He has experience reporting on such issues as South Asians in politics, domestic violence, housing rights, and was featured on Comcast Newsmakers TV, highlighting his role of the Political Awareness Chair for the Network of Indian Professionals.

Last year, Rishi demonstrated a deep interest in representing New America Media and the ethnic media sector on the SOTF, but NAM had already renominated Suzanne Manneh at the time. Still, it was clear to me that were Suzanne unavailable to continue serving, Rishi would be a strong and qualified candidate to represent the ethnic media sector.

A resident of San Francisco, Rishi is extremely committed to serving the city and mobilizing his peers and South Asian community members to become more civically engaged. He has experience as a grassroots organizer in the city, as well as volunteering to help San Francisco parents improving after-school programs, and Glide Memorial Church's homeless assistance program.

In addition to his current role as a contributor and representative for India West and the South Asian community, Rishi is also practicing his commitment to advocating for strengthening education opportunities, as a Program Coordinator at the Wadhvani Foundation, where he conducts research on U.S. community college vocational training programs and assists in building partnerships with various community college systems on a city, state and national level to build more vocational training and computer-based learning programs. Rishi is fluent in English and Hindi and has volunteered to help many South Asian senior citizens living in convalescent centers but lack English language skills.

Rishi is responsible and diligent, friendly and resourceful, and I have full confidence that he will serve the Task Force well. I urge you to make his appointment swiftly.

If I can be of any further assistance, or provide you with any further information, please do not hesitate to contact me.

Sincerely,

Sandy Close  
Executive Director  
New America Media

Dear Rules Committee Members,

I appreciate the opportunity to apply for seat number 4 on the Sunshine Ordinance Task Force and am grateful for the nomination by New America Media (please see attached nomination letter). I will be unable to attend the Rules Committee hearing on June 5th because I will be out of the country for one week, but I have requested someone from NAM to attend on my behalf if that works with their schedule. If not, I hope that this written statement will suffice and I can meet any of you once I am back on June 9th. Today, I met with Supervisor Katy Tang, Jen Low, Legislative Aide for Supervisor Norman Yee and Hillary Ronen, Legislative Aide for Supervisor David Campos. I shared with them that I had an excellent experience working at India West, which is a major Indian American newspaper in the bay area. In that capacity, I covered community events in San Francisco in the areas of business, politics, education and the arts. I also worked on business development and advertising. In my current job as Program Coordinator for the Wadhvani Foundation (a philanthropic foundation), I work on building partnerships with community colleges, businesses, community based organizations and workforce investment boards to enhance occupation training programs through education technology. We are currently running pilots to build hybrid online courses for medical assistants at the Borough of Manhattan Community College in New York City and for cyber security technicians at Anne Arundel Community College in Maryland. Our initiative is called Race to a Job. We are also about to launch a Race to a Job collaborative in San Francisco, which will likely include the San Francisco Foundation, the Bay Area Workforce Funders Collaborative, UCSF, SEIU UHW West Joint Employer Education Fund and the San Mateo Community College District. We are also in talks to establish a training partnership with Jewish Vocational Services in San Francisco. In all my jobs, I have valued implementing efficient processes to decrease delays in establishing and accomplishing critical goals and in making important decisions to solve complex problems. I also value working with diverse personalities and backgrounds. My current focus on San Francisco and minimal travel schedule would enable me to allocate a significant amount of time to SOTF responsibilities. I would value the opportunity to come in as a new member of the task force to bring a fresh, non-biased perspective and to contribute the skills I have obtained through my work in media, philanthropy, public policy, non-profits and education.

Thank you for your kind consideration.

Best,

Pixie (Rishi) Chopra

I have been a member of the League of Women Voters of San Francisco since 1985, shortly after I moved to San Francisco with my young son and daughter. I served on the League's board of directors from 1987-1997 and again from 2005-2007. I was president of the League from 1993-1997. The League has been a strong advocate for good government policies and has long supported efforts to strengthen open meeting and sunshine laws.

Speaking to my demographic profile, I am currently one of just three women on the Task Force; women have tended to be underrepresented on this body in recent years. In addition, as a psychologist and a gerontologist with experience in working with older adults with mobility and cognitive challenges—and as an older woman and grandmother—I have particular expertise with matters affecting elders in San Franciscans.

**Business and/or professional experience:**

I have included a copy of my curriculum vita. I have worked in diverse settings in San Francisco during my earlier, research career: the Bayview Hunter's Point Foundation, San Francisco General Hospital, and the Jewish Home. I currently teach online courses in psychology and gerontology at the undergraduate and graduate level with a full-time position at National University and a part-time position at Saybrook University. My students come from diverse backgrounds; many are the first in their families to have attended college—as was I.

Re: Sunshine Ordinance Task Force Seat #5

Dear Sir/Madam:

In response to your letter of May 24, 2012 the League of Women Voters of San Francisco wishes once again to reaffirm our support for the appointment of Dr. Allyson Washburn to Seat #5. The League of Women Voters has nominating authority for Task Force Seat #5 under Section 67.30(a) of the Sunshine Ordinance. The League has long maintained that it is essential to good and accountable government to have members on any commission, task force, or committee who have institutional knowledge and experience. Dr. Washburn has been a member in good standing of the Task Force for four years and should remain in order for the body to continue to meet its obligations under the Sunshine Ordinance.

The Sunshine Ordinance Task Force cannot meet until a physically disabled person is appointed. Bruce Wolfe, who is physically disabled, was recently dismissed. Mr. Wolfe also has longstanding institutional memory and experience. The League feels that he would be an excellent appointment and strongly urges that he be reelected quickly in order for the Task Force to continue its business.

The League of Women Voters of San Francisco does not have any additional suggestions for nominations.

Sincerely,

Re: Appointment to Sunshine Ordinance Task Force Seat #5

Dear Madam and Gentlemen:

The League of Women Voters of San Francisco urges the Rules Committee to recommend that Allyson Washburn remain in Task Force Seat #5, for which the League has nominating authority under Section 67.30(a) of the Ordinance. The League believes that Dr. Washburn's continued excellent service on the Task Force will provide needed continuity and institutional memory; this will be especially crucial if the Board accepts the Committee's recommendation to appoint new members to Seats 3, 7, 8, 9 and 10. We fully support the efforts of the Task Force to ensure that San Franciscans have full and timely access to public records and that public meetings are conducted in a way that maximizes their informed participation in the policy deliberations of the City and County.

We would appreciate your support for our recommendation that Allyson Washburn serve another term in Seat 5 on the Task Force.

Very truly yours,

Patricia McGovern  
President

**Subject:** Re: Service to the SOTF

Dear Ms. Ausberry,

Thanks for your quick and thoughtful reply. I would love to fill Seat 11 on the SOTF. And I would be more than happy to continue serving on the committee past April 27, if this option exists.

Attached is my professional resume/cv for your review. And below, in the link attached to my signature, is some more information about my qualifications. In addition to the areas of expertise I mentioned in my first note -- public culture, censorship, and local American civic life -- I should also mention that the central topic of my second book project, "Elementary Republics: Neighbors and Citizens in Local American Civic Life," is citizen access and citizen participation in local government, which lines up perfectly with the description Seat 11!

So, as you might imagine, I am VERY excited about the prospect of joining the SOTF. And I would welcome an opportunity to discuss my interest, my qualifications, or anything else with the group. I'm available anytime at 812-606-1768 (my cell).

Thanks again for your consideration, and I hope to hear from you soon,

Hello,

I'm an assistant professor of Communication Studies at San Francisco State University, with expertise in public culture, censorship, and local American civic life, and I am wondering if there's anyway for me to lend a hand with the Sunshine Ordinance Task Force. Are there any open — or soon to be open — seats on the task force? Or any other ways that I might be of service?

Thanks for considering this request, and I hope to hear from you soon,

Sam

Good Morning Samuel,

It was been brought to my attention that your application for the Sunshine Ordinance Task Force is over a year old. We normally only keep applications for one year, but since the Task Force seats have been pending can you please just confirm that the information on the application and Form 700 is still up to date and current?

Dear members of the City's Sunshine Ordinance Task Force,

I am writing today in support of Samuel McCormick's candidacy for the open seat on your task force.

I have known Sam for two years as a colleague and a friend. As a result, I have had numerous opportunities to engage him on a range of academic, political, and personal issues. I have always been most impressed by Sam's deep commitment to the idea and the ideal of shared governance. He immediately began to contribute to our institution - running for offices on the college and university-level his very first year. This early commitment to SFSU was impressive, as I believe he was the only member of our incoming cohort (composed of at least 22 new faculty members) to undertake these responsibilities.

In his dealings with students and colleagues, Sam has a passion for fairness in keeping with SFSU's social justice mission. His work in his community (Richmond) has also been impressive, as Sam has embraced the opportunity to work with his neighbors on several civic projects.

Sam is committed to issues of equity and transparency, as evidenced by his work on behalf of those communities in which he works and he lives with his wife Heather and (soon-to-be!) daughter. It is for this passion and dedication that I urge you to consider his candidacy for the open seat on the City's Sunshine Ordinance Task Force.

Please don't hesitate to contact me with any questions.

Sincerely,
Sarah

Subject: Letter of Support for Dr. Samuel McCormick

Dear Supervisors Katy Tang, David Compos, Norman Yee, and Clerk Alisa Miller,

I write in support of Dr. Samuel McCormick's candidacy for an open seat on the City of San Francisco's Sunshine Ordinance Task Force. I am a Ph.D. student and graduate instructor at Northwestern University in Evanston, Illinois, and I'm currently a resident of Santa Barbara, California. I've known Sam for over fifteen years, since we were both undergraduate students at Indiana University. Over that time, I have been continually impressed with Sam's work to extend the reach of democracy to underserved populations and unite his teaching with community service. He would be an ideal addition to the Sunshine Ordinance Task Force. I can think of no one better suited to protect the public's interest by advising on matters of citizen engagement and government transparency.

In his research and teaching, Sam investigates the possibilities of participation in local government and uses methods of communication studies and civic education to enrich the full meaning and mandate of democracy for ordinary citizens. If you consult his curriculum vitae, you'll notice that his research has consistently won the highest awards and accolades in our field. However, what I want to focus on is the laudable ways in which he combines his award-winning teaching with an enduring commitment to acts of community service. For as long as I've known him, Sam has been a truly engaged scholar. As an Assistant Professor at San Francisco State University, Sam's courses regularly challenge students to think about the role of the civic arts during their time at university and beyond. I've observed firsthand how Sam's innovative teaching methods work to extend lessons from the classroom to the community. In short, Sam combines unique abilities and experiences to serve on the Sunshine Ordinance Task Force.

Thank you. If you have any further questions or want to discuss Sam's candidacy, please don't hesitate to contact me. I am available at erikjohnson@me.com or (773) 319-2990.

Sincerely,

Erik Johnson

Dear Clerk Miller:

I am Dr. Rudolph Busby, a colleague of Dr. Samuel McCormick in the Communication Studies Department here at San Francisco State University. I am sending this message to you and to other Supervisors on the Board in support of Sam McCormick's pursuit of the open seat on the Sunshine Ordinance Task Force. Over the years Sam has used his classroom instruction, his academic advising, and his promotion of internships to prepare many bright students for civic and community involvement. The applied side of his theoretical discipline (i.e., Rhetoric and Rhetorical Theory) and his undisputed mastery of it makes Sam an excellent fit for the task force. One of his recent publications, *LETTERS TO POWER*, identifies rhetorical strategies letter writers used when addressing the eminence to whom the letters were directed. The most respected professional organization in our discipline ranked that work highest of all scholarly books in the discipline in 2013. But then, despite his undisputed achievements, Sam is not a walking encyclopedia. Beyond the cold surface his academic prowess is a warm, thoughtful, pleasant person in possession of a keen wit, a delightful sense of humor, and a low-key demeanor that makes him both accessible and approachable. With much respect to Sam and to the San Francisco Board of Supervisors, I gladly submit this message of support.

Greetings Rules Committee members,

I'd like to write a short note showing my hearty support for my colleague, Dr. Sam McCormick, as a candidate for an open seat on the Sunshine Ordinance Task Force. Two years ago, I was a member of the hiring committee that brought Dr. McCormick to San Francisco and next year, I will serve as Dr. McCormick's department chair. I, myself, have been a San Francisco resident since 2000.

A politically minded and incredibly intelligent citizen such as Sam would be a wonderful addition to this task force. He has spent more than a decade dedicating his career toward the study and demystification of the public political communication process, and he was especially eager to explore the nuances of public political communication and culture in San Francisco. Sam is a careful listener and critical consumer of information, and he understands very well the ways in which public information can be disseminated and interpreted. His expert advice on these topics would be invaluable.

I have also found Sam to be a thoughtful and dependable colleague. In addition to advancing his own writing and study of public political communication and culture, he has eagerly jumped into being a solid community member in our department. He has chaired committees, provided thoughtful and constructive insight in department meetings, taught excellent classes that challenge and grow our students, and has maintained a professional, constructive persona throughout all of it. I feel confident that, when approached for his advice, Sam always thoughtfully considers the many perspectives that might be informative and constructs his advice with all of those in mind.

Sam is also a careful decision maker. I have not known Sam to make decisions lightly and have observed how his careful questioning and note-taking have informed his opinions. In that spirit, Sam has immersed himself in San Francisco's public culture from his arrival here -- taking in the culture and becoming a part of it wholeheartedly.

I am happy to entertain any questions or clarifications you may have regarding my note. Thank you for your consideration of my thoughts,

Christina

In both my personal and professional life, I am committed to the procurement and affirmation of civil rights for all. As an openly gay man in San Francisco, I am determined to represent the interests and concerns of the LGBTQ community and of other minority communities. Through my work experience and civic engagement, described in more detail below, I have learned over and over again that the interests and concerns of the LGBTQ community overlap with those of other minority communities and have found common ground with individuals and groups that have experienced unique histories of discrimination and overcoming barriers to civic engagement. I am grateful to live in a city that has led the nation in breaking down barriers to LGBTQ civic engagement and am ever-mindful of the importance of LGBTQ representation at all levels of government. Separately, having come of age in the digital era, I am acutely aware of both the great possibilities and peculiar limitations of an online world. My thorough understanding of new technology has provided me with a nuanced understanding of topics ranging from transparency and openness to privacy and security. I am proud of my ability to put a human face to these often theoretical technological concepts and to understand the implications of new technology on various communities.

Business and/or professional experience:

As an attorney in San Francisco, specializing in public interest-oriented civil litigation, my practice includes both ensuring citizen access to government and consumer protection through access to information. I have extensive experience with the often-complex procedures involved with subpoenaing documents from a variety of public departments and agencies. I am consistently involved with negotiating the boundaries of various privileges, including rights to privacy, attorney-client, work product, and federal deliberative process privileges. I have also used the California Public Records Act in the context of administrative proceedings and, in doing so, learned the intricacies of this tool for transparency. In all of these contexts, I have necessarily balanced the public's interest in transparency and openness with the aforementioned privileges and complex limitations of government bureaucracy.

Civic Activities:

I am currently the Executive Board Organizer of the Harvey Milk LGBT Democratic Club, in which capacity I perform a variety of functions ranging from membership outreach, publicizing dates and times of hearings relevant to the Club's agenda, to providing legal analysis to Club members of pending and existing legislation. As part of my work with the Club and as part of my commitment to securing civil rights on the local level, I have on multiple occasions come before the Board of Supervisors and various committees to provide public comment. Through this experience, I've gained a greater appreciation for the notice and process associated with public hearings. Aside from my experience with the Harvey Milk Club, I am a certified legal observer with the National Lawyers Guild and am intimately engaged with municipal law and procedure through my business and professional experience, described above.

Re: Sunshine Ordinance Task Force Applicant Lee A. Hepner

Dear Supervisors Campos, Tang, and Yee:

I write in support of Lee Hepner's application for a seat on the Sunshine Ordinance Task Force. Lee has worked as an attorney in my office for several years. Through working with Lee, I can attest to his work ethic, advocacy for open government, transparency, and consumer protection. These are values and ideas on which we work together to further.

I can also attest to Lee's character and effective approach to working through procedural and substantive challenges. Lee has proven himself to be adept at facilitating productive conversations with opposing interests through mediation and settlement conferences. He has also proven himself to be un-phased by periodic spikes in the workload, aided in part by his organizational skills and his dedication to the work before him. Lee is respectful, conscientious, and detail oriented. These skills will be of substantial use in service on the Task Force.

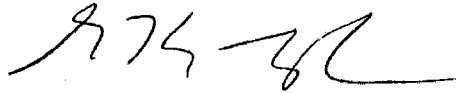

Lastly, Lee is a critical and pragmatic thinker. When called upon to develop litigation strategy, he is flexible with his approach while always keeping the ultimate goal in clear sight. I have no doubt that Lee will bring this same skill set to the Task Force, particularly with respect to working with other members to make the Task Force as effective as possible.

Dear Supervisors David Campos, Katy Tang, and Norman Yee:

As co-Presidents of the Harvey Milk LGBT Democratic Club, we write in support of Lee Hepner's application for a seat on the Sunshine Ordinance Task Force. Since its inception the Harvey Milk Club has been committed to ensuring that LGBT voices are present in city government. Harvey Milk himself founded our club because he firmly believed that members of our community needed a seat at the table on every commission, board and task force. Since that time we have actively advocated for LGBT representation at City Hall and are proud to do so today and encourage you to appoint Lee Hepner to the Sunshine Ordinance Task Force.

Throughout his multi-term tenure on the Executive Board of the Harvey Milk LGBT Democratic Club, Lee has demonstrated a fervent commitment to understanding and engaging in local government process. He

has attended numerous board and committee hearings and provided public comment on behalf of the Harvey Milk Club. His demonstrated participation in government hearings is indicative of his broader commitment to the fundamental tenets of representative democracy, such as openness and transparency of procedure. At the Club's annual dinner in 2013, we gave Lee the honor of presenting an award to open government advocates Chelsea Manning and Daniel Ellsberg, based on Lee's commitment and enthusiasm for these issues.

In his role on the Harvey Milk Club's Executive Board, we value Lee's soundness of judgment and desire to hear all sides of an issue before rendering his own thoughts or opinions on a subject. He is level-headed in all situations and strives for objectivity. His capacity as an attorney has been valuable to the Club, particularly when the Club is grappling with the nuance of an existing or proposed piece of legislation. We often rely on Lee to confirm that the club is in compliance with the government codes that govern us and he does so dutifully and thoroughly. His commitment to housing issues in particular has helped the Club understand the legal ramifications of various court opinions and existing landlord-tenant law, as well as in charting our goals for what the future of housing rights in our City should look like. Lee has provided value not only as an advocate for the Club, but also as a rational thinker and decision maker.

Based on our working relationship and friendship with Lee both inside and outside of the Harvey Milk Club, we believe he would be a valuable addition to the Sunshine Ordinance Task Force. We welcome any further inquiry about his background or experience with the Club and are happy to schedule a meeting to discuss our support for Lee with you in greater detail should you desire

Yours truly,

Dear Supervisors,

I am writing in support of Lee Hepner for appointment to the Sunshine Ordinance Task Force.

I know Mr. Hepner through his work with the Harvey Milk LGBT Democratic Club. His qualifications, however, go further than the experience he brings from his work with this organization. His work as an attorney focuses on issues of transparency that are significantly related to the work that is carried out on the Sunshine Ordinance Task Force. I feel his expertise and enthusiasm would be a great asset.

Mr. Hepner's dedication to civil rights, social justice and public service is genuine. He is professional and committed, and I recommend him without hesitation.

I am writing in support of Lee Hepner for a seat on the Sunshine Ordinance Task Force. Lee is a solid advocate for transparent government. He is fair and diligent in all the work I have seen him do. I know him from his work in the community both at the Harvey Milk LGBT Democratic Club and community projects. I could not imagine someone better for this position. After seeing the corruption in other cities I am happy that San Francisco prioritizes open, transparent government operations and I think Lee would be a great addition to this task force.

I am currently serving on the Commission (seat 9) and would welcome a chance to continue the hard work for this beautiful city that i live in. I also serve on the Education & Outreach and the Rules Committees of the Task Force. One of the ideas i put forward was to have additional special meetings each month to reduce our backlog of cases. We have successfully initiated that and are making headway. Commitment to attendance at task force meetings is paramount to establishing a quorum, as well as giving complainants a fair chance to recieve a majority vote. I believe I have one of the best if not the best attendance record for regularly scheduled task force meetings in the past 2 years (absent once for surgery, once for travel for a rescheduled meeting).

Statement for Chris Hyland, Incumbent for seat 9 SOTF

Greetings and introduction in several languages.....:)

In English:

Chair Yee, Members Tang and Campos,

My name is Chris Hyland and I am the incumbent for Seat 9 on the Task Force. Thank you for having us appear before you once again, and working expeditiously to fill these important seats. With my opening greetings in 3 languages I wanted to emphasize my multi-racial and diverse background, a fact that I failed to mention 2 weeks ago, but did so 2 years ago when the previous Rules Committee selected me for Seat 9 . My mother is of Turkish decent (my Grandmother was of Turkish-Mongolian origin), and my father is Irish-German-American.

My father was also an ambassador for the United Nations, and in the first 20 years of my life I lived in 5 different countries including Turkey, Sudan, Bangladesh, Oman and Yemen. I also attended boarding school in the United Kingdom. These were formative years and instilled in me an appreciation for different cultures and the ability to interact with people from all walks of life. This multi-racial and multinational experience has been of great value to me in dealing with the cases that have been brought before us on the Task Force. We are indeed a very diverse city and it takes a diverse task force to properly serve our constituents.

Thank you Chair Yee for supporting my reappointment to seat 9 three weeks ago. I hope to persuade Members Campos and Tang to also support me for a 2nd term. I would like to touch upon some additional areas:

- My degrees are in English & Psychology from Georgetown University, and I have an MBA from Johns Hopkins University. I was trained as a paralegal and have some understanding of the law. This training has all been very useful navigating through the cases we hear on the task force, narrowing the focus of discussions, and in crafting the minutes of our task force and sub committees.
- I introduced the idea that we should have special meetings to put a dent into the back log of cases that we inherited and we have been successfully doing that for the past 9 months (and continue to do so).
- I have one of the best (if not the best) attendance records. I have no children, just pets, and have my own business so am able to meet the needs of both the regular and special meetings. I also serve on not one but two committees - the Education & Outreach and the Rules Committees.
- I have an Information Technology background (I am an IT Recruiter) It seems televised coverage is not something we are going to be budgeted for in the near

future. I would like to (if re-elected) reactivate the Technology Committee so as to provide a snapshot through our website of a "day in the life of the SOTF". I envisage a portal for both the first time complainant, as well as the Custodians of Records in our city departments. I am hoping to set up short video coverage, as well as presenting several case studies depicting actual cases we have heard, thereby providing a road map and setting expectations for those that may appear before us in the future. The intent here is to launch a "re-branding" campaign for the SOTF and at the same time allow newcomers to tackle the parliamentary learning curve in advance of appearing before us, and thereby improve the efficiency of our in-person meetings.

- Lastly, I would like to talk about Institutional Knowledge. With 4 members choosing not to run again I think it valuable to re-elect those members that are choosing to run again. It would be a shame to lose any part of the institutional capital we have worked so hard to build over the past 2 years.

In summary I would like to emphasize the qualities I hope to continue to bring in a 2nd term:

- 1) First rate attendance
- 2) IT background
- 3) Ethnically diverse background
- 4) Legal background
- 5) Institutional Knowledge to continue to drive for efficiencies within the SOTF.

I appreciate your consideration and support for a second term

Sincerely,

Chris Hyland

Chair Yee, Members Tang and Campos,

I wanted to send you a brief note of thanks for your time hearing the lengthy comments of all the applicants (and public comments) for the SOTF open positions yesterday. Thank you in particular to Chair Yee for supporting my reappointment to seat 9.

I promised to be brief when my turn came up to speak and i feel i have more to add here by email in the hopes of persuading Members Campos and Tang to also support me for a 2nd term. For the benefit of Member Campos i will summarize my statement below, and then add a few more points that i hope will sway the balance.

- *I started out by thanking Richard Knee (our professor emeritus) for his 12 years of service and underscored how important his institutional knowledge was in helping all of us new members over the past 2 years.*
- *I stated that i introduced the idea that we should have special meetings to put a dent into the back log of cases that we inherited and we have been successfully doing that for the past 9 months (and continue to do so).*
- *I handed the Committee Members and the Clerk an attendance sheet that our clerk put together. I emphasized the fact that i have one of the best (if not the best) attendance records. I have no children, just pets, and have my own business so am able to meet the needs of both the regular and special meetings. I also serve on not one but two committees - the Education & Outreach and the Rules Committee.*
- *Anticipating Member Tang's question as to what i would like to change within the SOTF i noted that in the absence of televised coverage for our meetings i was hoping (if re-elected) to reactivate the Technology Committee so as to provide a snapshot through our website of a "day in the life of the SOTF". I also have a technology background (I am an Information Technology Recruiter) and i envisaged a portal for both the first time complainant, as well as the Custodians of Records in our city departments. I am hoping to set up short video coverage, as well as presenting several case studies depicting actual cases we have heard, thereby providing a road map and setting expectations for those that may appear before us in the future. The intent here is to launch a "re-branding" campaign for the SOTF and at the*

same time allow newcomers to tackle the parliamentary learning curve in advance of appearing before us, and thereby improve the efficiency of our in-person meetings.

To the above i would like to add a few notes i brought up when i appeared before your Committee 2 years ago, and should have mentioned yesterday:

- I wanted to underscore my diverse background. I am from a mixed race and mixed nationality background - my mother is Turkish, i speak several languages, and i live in the heart of the Mission. My father (American) was an Ambassador for the United Nations and we lived in many different countries growing up including Turkey, Sudan, Bangladesh, Oman and Yemen. This exposure to different cultures early on has allowed me to interact well with people from all backgrounds and walks of life and has proved directly useful at the SOTF (public comment from natives of Pakistan and Egypt come to mind, amongst others).
- My Information Technology background will continue to be an asset, as will my background as a paralegal.
- Lastly, going back to my opening point about Institutional Knowledge. With 4 members choosing not to run again i think it prudent to re-elect those members that are choosing to run again. It would be a shame to lose any part of the institutional capital we have worked so hard to build over the past 2 years.

In summary I would like to emphasize the qualities i hope to continue to bring in a 2nd term:

- 1) First rate attendance
- 2) IT background (member of Technology Committee)
- 3) Ethnically diverse background
- 4) Legal background
- 5) Institutional Knowledge

I appreciate your continued consideration and will continue to uphold my SOTF responsibilities as a hold over candidate

Sincerely,

Chris Hyland

Rules Committee
SF Board of Supervisors
1 Dr. Carlton B. Goodlett Place
San Francisco, CA 94102-4689

Dear Supervisors Yee, Tang, Campos --

My name is Bruce Wolfe. I appreciate the opportunity of your consideration for appointment to the Sunshine Ordinance Task Force in Seat 6, 7, 8, 9, 10 or 11 as a person with a mobility disability. I have served on our Sunshine Ordinance Task Force since 2005 with a one year hiatus in 2008, through 2012. I returned to the SOTF at the behest of a former Ethics Commissioner and long-time open government advocate, Joe Lynn, and my dedication to maintaining that transparency as our means to balance democracy. My experience, enjoyment and civic duty continues to interest me as I learn new aspects of this area of policy and law, and continued collaboration with my colleagues on the SOTF on how to best optimize the process, create consistency, use innovation and increase efficiency.

I am a person with a mobility disability for over the past 20 years after a work injury. Perhaps you knew or had been visited by my service dog, Charlie, over the past decade as we sadly lost him at the ripe old age of fourteen and a half years old last June. He is sorely missed but a new member of the team, Lady, will carry his legacy under the dome. That said, his presence along with over 30 of disability advocacy has given me the confidence to serve on the SOTF not just as eligible for the appointment and seat but with the added value of bringing my experience along.

Additionally, my interest in open government equally spans my lifetime from the east coast to west over 30 years ago. Here in San Francisco, my interest was piqued through my attendance at City College as a student managing its Shared Governance program for student participation. While the Sunshine Ordinance did not apply then, the thrust of my interest was towards getting all state agencies that operate and elected locally to abide by it. And, we have been successful on many including City College which agreed to apply some of its elements.

My full-time job over the past seven years has been with a consumer advocacy and protection organization.

Currently, as you know there has been a great increase in complaints coming to the SOTF despite that all Sunshine Ordinance compliance results in less than 5% through the complaint process of the SOTF. The SOTF offers the public a number of services with a single person staff supplied by the Clerk of the Board and one legal counsel supplied by the City Attorney's office. The rest of the services are provided by the all volunteer membership of the body most of whom hold full-time jobs. With an additional staffer, much more expedited services could be provided to reduce the number of complaints on a daily basis.

In addition, with the advent of information technology and now the commitment through Dept of IT and SFData.org, more and more public information is being made accessible through the web and other applications. I am an IT professional across the broad spectrum of information/technology/security/social media who has brought a modicum of necessary expertise to the SOTF.

The Sunshine Ordinance is based in state law of the CA Public Records Act and Ralph M. Brown Open Meetings Act. Much work still needs to be done by the SOTF.

1. Training: Of its many charges, I hope to increase the amount of training to the city family. As a martial arts instructor of over 35 years, a social worker, college level instructor, life coach and trained hundreds in computing, I have some sense how to guide folks towards understanding at their level. I would plan on

identifying problem areas of departments and agencies with repeat violations and work with department heads to help curb and get things under control. Compliance is mandatory. I am interested in bringing the full force of my expertise in this area which is why I decided to re-apply to the SOTF.

2. **Streamlining the hearing process:** One of the many areas of concern is the time and hour of SOTF hearings and meetings. The hearing process was overhauled some years ago which help create a much fairer process and did reduce the time spent on each case. But cases were not as plentiful as they are today as all areas of government from federal to our little city are being challenged for information by the public. Of a few areas in question:
 1. Hearing timeframe needs to be annually reviewed and optimized as necessary without losing any respect for either party.
 2. Multiple complaints should be considered co-joined when focused on the same respondent regarding the same set of issues so there will be one hearing covering multiple complaints on the same respondent unless specifically distinct from each other.
3. **Information Technology:** There is ample opportunity to help increase the availability of public information and records through new efforts to centralize data and make available on the web. I have attended COIT meetings regularly as representative of SOTF since its inception where this subject was under consideration as the contract was being awarded to Microsoft.

Additionally, to increase the role of the SOTF administrative department to help the general public and to intervene as necessary to expedite and acquire the public information they seek to reduce the amount of complaints coming before the SOTF.

I am a staunch, unbiased open government advocate and experienced in Gov2.0 information technology which also lends to the ever-increasing nature of transparency in government. My aim is to be fair, reasonable and adhere to the principle of bringing greater Sunshine and more expedited access of public information and meetings as possible.

Again, I appreciate the opportunity of your consideration for appointment to the Sunshine Ordinance Task Force.

Yours Truly,

An example of my qualifications for this task force can be seen in 2012 when I cofounded the democratic club the Black Young Democrats of San Francisco. Our ongoing goal is to enhance the voices of Black youth in the city. Later in that year, the city considered the controversial "Stop-and-Frisk" policy that not only disproportionately targeted Blacks and Latinos, but also failed to reduce crime in New York City where it was created. Seeing this injustice and knowing what it would mean for our diverse communities should it come to the city, my organization took to social media, communities across the city, and eventually City Hall to ensure that no such policy came to San Francisco. With other community advocates and organizations, we played an instrumental role in urging the city to consider alternate means in its ongoing pursuit to make San Francisco safer, more just, and welcoming for all who come to call the city home.
