**Treasure Island Development Authority
City and County of San Francisco**

Resolution Approving an Amendment to the Refuse Collection Agreement between the Treasure Island Development Authority and Golden Gate Disposal and Recycling Company to Extend the Term and Adjust the Collection Fee for Refuse Collection Services at Treasure Island.

SUMMARY OF PROPOSED ACTION:

This item seeks approval and authorization to execute an Eleventh Amendment to the Refuse Collection Agreement between the Golden Gate Disposal and Recycling Company and the Treasure Island Development Authority to Extend the Term until the earlier of a) the Navy's transfer of former Naval Station Treasure Island to the Authority; or b) November 30, 2013, and to adjust the Collection Fee for Refuse Collection Services at Treasure Island to account for change in the Consumer Price Index.

BACKGROUND:

During the United State Navy's (the "Navy") occupation of now-former Naval Station Treasure Island (heretofore referred to as "Treasure Island") on-Island refuse collection permits were issued consistent with the Federal Facilities Refuse Collection Permit Regulation (the "Federal Facilities Regulation") as adopted by the City's Health Commission in 1992. The Federal Facilities Regulation governed the issuance of refuse collection permits for federal facilities located within City boundaries, including Naval Station Treasure Island.

The portions of Treasure Island now under the management of the Treasure Island Development Authority (the "Authority") are no longer considered active Federal facilities for the purposes of the Federal Facilities Regulation. The Base Caretaker Cooperative Agreement dated March 12, 1997, as amended from time to time (the "Cooperative Agreement"), between the Navy and the Authority, requires the Authority provide certain municipal services to Treasure Island and assume certain property management responsibilities for Treasure Island, including provision of refuse collection. Refuse collection on Treasure Island is currently governed by the Regulation for Issuance of Refuse Collection Permits for Non-Federal Facilities at Treasure Island and Yerba Buena Island (the "TI/YBI Refuse Permit Regulation"), adopted by the City's Health Commission in 1999.

On August 18, 1999 the Authority's Board of Directors approved an original three year contract with for refuse collection services (the "Original Agreement") with Golden Gate Disposal and Recycling Company ("Golden Gate"). This Original Agreement expired on September 1, 2002. After a second competitive solicitation process, the Authority Board approved a new contract with Golden Gate (the "Existing Agreement") on August 14, 2002. The Authority has subsequently approved amendments to the Existing Agreement. These prior amendments extended the term and allowed for adjustments to collection rates accounting for increases in the Consumer Price Index . These short-term extensions of the Existing Agreement allows the Authority to provide consistent

collection services to Treasure Island during the continued interim reuse of Treasure Island as required under the Cooperative Agreement. The current extension to the Existing Agreement expires on July 31, 2012. Golden Gate currently holds a refuse collection permit for Treasure Island under the TI/YBI Refuse Permit Regulation. The proposed Eleventh Amendment to the Existing Agreement extends the term to the earlier of a.) the Navy's transfer of Treasure Island to the Authority; or b.) November 30, 2013.

An extension of the Existing Agreement provides the least amount of disruption to Island residents and assures provision of services to Treasure Island that are comparable to services provided in the City. Project Office staff has been informed by Treasure Island Development Project staff that transfer of Treasure Island from the Navy to the Authority should occur within the next 12 to 18 months. Because the City's refuse collection routes under the 1932 Ordinance likely will be expanded to include Treasure Island upon the transfer of the property, soliciting a new contract for refuse collection services during the current interim reuse period would allow a new vendor a limited opportunity to recover its investment, serving as a strong disincentive for attracting multiple bidders.

Under Section 37 of the Existing Agreement, the amount that Golden Gate can bill customers (the "Billing Rate") for refuse collection services is calculated as follows.

Bill = (Frequency of Collection) (Container Volume @ Site) (Collection Fee + Tipping Fee @ Transfer Station / 6.25)

The "Frequency of Collection" at TI/YBI is 4.33 collections per month. For the standard 32-gallon container, the "Container Volume" is 0.154 yards. The current "Collection Fee" is \$12.67 per yard. The "Tipping Fee @ Transfer Station," which is also sometimes referred to as the "Disposal Rate," is the amount that Golden Gate pays to the Transfer Station operator, Recology San Francisco, for transfer of waste to a landfill. For purposes of calculating the Billing Rate charged customers, Golden Gate currently uses a Tipping Fee/Disposal Rate equal to \$140.76 per ton, in accord with the City's Department of Public Works ("DPW") Rate Order No. 176,099. The result is a current Treasure Island Billing of \$23.47 per 32-gallon container.

Golden Gate proposes the following adjustments to the Billing Rate:

- I. Effective August 1, 2012, there will be a Cost of Living Adjustment ("COLA") to the Collection Fee, but the pass-through Tipping Fee/Disposal Rate will not be changed because the Recology Companies have not submitted a successor rate order to the one that was filled and approved as DPW Rate Order No. 176,099. In the event that the Recology Companies submit and obtain approval for a new rate order the Tipping Fees established under the new DPW order will be passed through to the Authority.

According to Section 28 of the Existing Agreement, any change to the Collection Fee requires the Authority's approval, granted by nature of Authority Board approval of this Eleventh Amendment at its June 13, 2012 meeting. The current Collection Fee of \$12.67 per yard has been in effect since April 1, 2011 and is based on the change in the

Consumer Price Index (CPI) from May 2009 to May 2010. The proposed adjustment is based on the change in the CPI from May 1, 2010 to May 1, 2011, which was 3.57%. Application of the CPI change to the current Collection Fee would lead to an increase in the Collection Fee from \$12.67 per yard to \$13.12 per yard, or \$8.75 per 32-gallon container, effective August 1, 2012.

The refuse collection services that Golden Gate provides at Treasure Island are complex and integrated with services provided by its sister companies in the City. Requirements for Treasure Island service include managing an infrastructure capable of meeting aggressive recycling goals established by the City, managing acceptance and disposal of household hazardous waste materials, managing bulky item collection and maintaining standards of service and responsiveness to customers. Under the Existing Agreement Golden Gate provides all of these services on Treasure Island at a rate that is lower than that currently paid by City residents.

RECOMMENDATION:

Approve the Eleventh Amendment to the Refuse Collection Agreement between the Treasure Island Development Authority and the Golden Gate Disposal and Recycling Company to Extend the Term and Adjust the Collection Fee for Refuse Collection Services at Treasure Island

WHEREAS, The Agreement will expire on September 1, 2005, and the Authority has not completed the issuance of a new competitive solicitation for refuse collections services as required by the Authority's Purchasing Policy and Procedures; and

WHEREAS, The Authority Board of Directors will not meet again until September 14, 2005, a date that follows the expiration date of the Agreement; and

WHEREAS, Golden Gate has indicated its willingness to continue providing refuse collection and disposal services on the same terms and conditions as set forth in the Agreement for thirty (30) additional days to allow the Authority Board of Directors to consider an additional extension to the Agreement; and

WHEREAS, If the Agreement is not extended, refuse collection and disposal for the approximately 3,000 residents as well as the commercial and office tenants and occupants of Treasure Island and Yerba Buena Island (including the Authority's offices) will stop on September 1, 2005, and the household refuse from such residents and the refuse from the commercial and office tenants and occupants (including food and other bio-waste products) will accumulate, potentially attracting pests and causing other health and safety concerns for all occupants and users of Treasure Island and Yerba Buena Island.

NOW THEREFORE, I, TONY HALL, Executive Director of the Treasure Island Development Authority, hereby find and declare that an emergency situation exists of such urgency that an interruption in refuse collection and disposal services cannot be allowed to occur. I therefore authorize and approve a thirty (30) day extension of the Agreement with Golden Gate.
