Requests Granted

From: Supervisor Dufty

To: Controller

Requesting/Inquiring: Requesting the Controller to review the efficiency of, and recommend improvements to, the processing of infractions through the City's traffic court and other adjudication methods, with a focus on alternate means to improve the outcomes for lower-level offenses involving alcohol and other violations of the Municipal Police Code.

This review should also consider improvements that are needed to the Department of Public Health initiative for High Users of Multiple Systems to ensure that chronic public inebriates are not cycling in and out of services and then back onto the streets, including the possible need for a Conservator within the Public Guardian's Office specifically focused on clients who are chronically homeless with serious alcohol and substance abuse disorders.

Further, the review should consider the effectiveness of the City's previous 11550/HIDA (High Intensity Drug Arrests) program that provided police officers with specialized training and coordinated with other law enforcement agencies to address individuals under severe influence from narcotics use and offer treatment alternatives.
