Transportation Development Act, Article 3 State Grant Funds

Summary

The Municipal Transportation Agency and the Department of Public Works request authorization to accept and expend \$696,000 in Transportation Development Act, Article 3 (TDA 3) state funds available for County bicycle and pedestrian projects. SFMTA will use \$355,000 for bicycle education programs, as well as bicycle facility planning, engineering, implementation and maintenance. DPW will use \$341,000 for planning and design of curb ramps, as well as sidewalk repair at various sites throughout the City.

Background

The TDA of 1971 earmarked ¼ percent of the general state sales tax for transit and created a Local Transportation Fund (LTF) in each county to receive the funds. The State Board of Equalization returns the general sales tax revenues to each county's Local Transportation Fund according to the sales tax collected in each county.

Article 3 of the TDA apportions 2% of the ¼ cent sales tax for the purpose of funding bicycle facility, education and safety projects as well as pedestrian, and street & road development projects. The funds are allocated by the Metropolitan Transportation Commission (MTC) annually and disbursed under TDA Article 3 to the nine Bay Area counties. The grant does not have a matching fund requirement.

The net amount available for allocation in FY 11-12 is \$721,291 and includes MTC's FY 11-12 revenue estimate for San Francisco of \$655,923, and \$65,368 which is carried over from prior years. SFMTA and DPW will split FY 11-12 revenues equally. Of the \$65,368 carried over from prior years, \$21,956 will go to DPW and \$43,412 will go to SFMTA. Given concerns that the FY 11-12 revenue estimate assumes more aggressive sales growth than the county may realize, DPW is requesting \$341,000 (rather than \$349,918) and SFMTA will apply for \$355,000 (rather than \$371,373).

Project Selection

MTA proposes to use:

- \$355,000 for the planning, engineering, implementation, and maintenance of various bicycle facilities, such as: striping and signing Class II bikeways (bike lanes); improving Class III bikeways (bike routes) by widening curb lanes and installing shared lane bicycle pavement symbols ("sharrows"), especially on roadways with heavy traffic volumes and narrow lanes; bicycle parking (bike racks, lockers and other materials & measures to facilitate bicycle parking); and implementing a bicycle sharing program. The choice of projects is based on input SFMTA received from various community groups, such as the

San Francisco Bicycle Coalition and the Board of Supervisors' Bicycle Advisory Committee. Up to \$30,000 of the \$355,000 will be used for various bicycle safety programs such as educational events, safety brochures, flyers, maps, public outreach campaigns to promote safe bicycling, outdoor media and advertising, purchase and distribution of bicycle safety equipment and materials, and staff attendance at bicycle safety-related conferences and trainings.

DPW proposes to use:

- \$170,500 to repair public sidewalks at various locations in San Francisco. Sites for repair will be selected from DPW's list of public requests and prioritized based on condition of sidewalk, extent of damage, level of pedestrian use, accidents and complaints.
- \$170,500 for preliminary engineering (planning and design) of curb ramps at various sites throughout the City. Locations will be selected from a list developed by DPW and the Mayor's Office of Disability (MOD). The city prioritizes curb ramp locations using guidelines established under the Americans with Disabilities Act (ADA) and the City's ADA Transition Plan for curb ramps and sidewalks. The top priorities are locations that residents with disabilities have identified as ramps they need in order to safely get to transit stops, civic buildings, and to and from work. Additionally, DPW prioritizes public requests from areas with higher populations of people with disabilities and low numbers of usable curb ramps.

SAN FRANCISCO
MUNICIPAL TRANSPORTATION AGENCY
BOARD OF DIRECTORS

RESOLUTION No. 11-049

WHEREAS, With input from the San Francisco Bicycle Coalition, the Board of Supervisors' Bicycle Advisory Committee, and community groups, the San Francisco Municipal Transportation Agency (SFMTA) Bicycle Program has identified a need for various bicycle projects and programs to improve and enhance bicycling as a safe, viable transportation option; and,

WHEREAS, The SFMTA will apply to the Metropolitan Transportation Commission (MTC) for up to \$355,000 in FY11/12 Transportation Development Act, Article 3 funds for (1) implementation of bicycle safety outreach and education programs, such as educational events, safety brochures, flyers, maps, public outreach campaigns to promote safe bicycling, outdoor media and advertising, purchasing and distributing of bicycle safety equipment and materials, and staff attendance at bicycle safety-related conferences and trainings; and (2) bicycle facility projects; and,

WHEREAS, If any of the projects and programs do not receive funding, this will not affect SFMTA's other projects and programs; now, therefore, be it,

RESOLVED, That the SFMTA Board of Directors authorizes the SFMTA, through its Executive Director/CEO (or his designee), to accept and expend up to \$355,000 in FY11/12 Transportation Development Act, Article 3 funds for bicycle safety outreach and education programs and bicycle facility projects; and be it further,

RESOLVED, That the SFMTA Board commends this matter to the Board of Supervisors for its approval to accept and expend the aforementioned grant funds; and be it further,

RESOLVED, That the SFMTA Board authorizes the Executive Director/CEO (or his designee) to execute agreements and provide documents required for receipt of these funds, pending approval of the Board of Supervisors; and be it further,

RESOLVED, That the Executive Director/CEO (or his designee) shall transmit a copy of this resolution to the Metropolitan Transportation Commission.

I certify that the foregoing resolution was adopted by the San Francisco Municipal Transportation Agency Board of Directors at its meeting of APR 19 2011.

PROJECT DESCRIPTION:

The project encompasses various locations within San Francisco city limits primarily within the public right-of-way, 34 miles of bicycle lanes and 75 miles of sharrows (shared roadway bicycle markings intended to alert drivers that bicyclists share the traffic lane). The locations include some areas within the jurisdiction of the Port of San Francisco and the Recreation and Parks Department. The project area is generally bounded by: North Point Street to the north; Geneva Avenue to the south; The Embarcadero to the east; and The Great Highway to the west.

To make bicycling a more viable and sustainable alternative transportation option, the San Francisco Municipal Transportation Agency (MTA) proposes a comprehensive 2009 San Francisco Bicycle Transportation Plan (2009 Bicycle Plan), which consists of an update to prior Bicycle Plan documents; sixty near-term bicycle route network improvement projects (near-term improvements), long-term and other minor bicycle route network improvement projects; as well as amendments to the *San Francisco General Plan* and *San Francisco Planning Code* to implement goals contained in the Bicycle Plan.
