

LEGISLATIVE DIGEST

[Administrative Code - Pedestrian Safety Advisory Committee]

Ordinance amending the Administrative Code to change the membership requirements for the Pedestrian Safety Advisory Committee, and to establish a sunset date for the Advisory Committee.

Existing Law

The Pedestrian Safety Advisory Committee provides advice to the Board of Supervisors, the Mayor, and other City agencies regarding issues related to pedestrian safety. The Committee currently has 23 voting members.

The Committee has no sunset date on which it will terminate.

Amendments to Current Law

The proposed ordinance would change the composition of the Committee by removing six of the 23 seats---one that currently must be held by a representative from a pedestrian safety organization; one that currently must be held by a representative from child advocate or school support organizations; one that currently must be held by a representative from a public health organization; two current at-large seats; and one seat currently appointed by the Superintendent of Schools. The Committee would have 17 remaining seats. Committee members would serve staggered two-year terms. Nine of the terms would expire in 2018 and every two years thereafter, and the other eight would expire in 2019 and every two years thereafter.

Consistent with the Board of Supervisors' Rules of Order and standard practice for advisory bodies, the Committee would sunset on October 1, 2019 unless the Board of Supervisors enacts a subsequent ordinance extending the Committee.
