LEGISLATIVE DIGEST

[Creating an Infrastructure Financing District and Adopting an Infrastructure Financing Plan - Rincon Hill Area

Ordinance creating an Infrastructure Financing District and adopting an Infrastructure Financing Plan for City and County of San Francisco Infrastructure Financing District No. 1 (Rincon Hill Area).

Existing Law

Under Government Code Section 53395 et seq. (IFD Law), the Board of Supervisors is authorized to establish an infrastructure financing district and to act as the legislative body for an infrastructure financing district. Under the IFD law, IFDs can be used to finance the purchase, construction, expansion, improvement, seismic retrofit or rehabilitation of any real or other tangible property with an estimated useful life of 15 years or longer (and related planning and design work). The facilities do not need to be included in the IFD, but must have communitywide significance and provide significant benefits to an area larger than the area of the IFD. The facilities must be in addition to those provided in the IFD before the IFD was created, may not supplant facilities that are already available within the IFD was created, but may supplement those facilities to serve new development.

Background Information

On October 19, 2010, the Board of Supervisors adopted its "Resolution of Intention to Establish Infrastructure Financing District" stating its intention to form the "City and County of San Francisco Infrastructure Financing District No. 1 (Rincon Hill Area)" pursuant to the IFD Law. Also on October 19, 2010, the Board of Supervisors adopted its "Resolution Ordering Preparation of Infrastructure Financing Plan," ordering preparation of an infrastructure financing plan (Infrastructure Financing Plan) consistent with the requirements of the IFD Law.

The proposed boundaries of the IFD are as shown on the map of the IFD on file with the City Clerk, and does not include any portion of a redevelopment project area.

As further required by the IFD Law, the City prepared the Infrastructure Financing Plan and sent it, along with any report required by the California Environmental Quality Act (Division 13) (commencing with Section 2100) of the Public Resources Code) that pertains to the proposed facilities or the proposed development project for which the facilities are needed, to (i) each owner of land within the proposed IFD and (ii) each affected taxing entity; the designated official also sent the Infrastructure Financing Plan and the CEQA Report to (i) the City's planning commission and (ii) the Board of Supervisors.

Re: *City and County of San Francisco Infrastructure Financing District No. 1 (Rincon Hill Area)*

Dear Ms. Calvillo:

On October 19, 2010, the Board of Supervisors of the City and County of San Francisco (the "City") adopted its "Resolution of Intention to Establish Infrastructure Financing District" ("Resolution of Intention"), stating its intention to form the "City and County of San Francisco Infrastructure Financing District No. 1 (Rincon Hill Area)" (the "IFD") pursuant to Government Code Section 53395 et seq. (the "IFD Law").

The City is proposing formation of the IFD for the purpose of financing public improvements of communitywide significance. The IFD would consist of 10 properties in the Rincon Hill area that are proposed for development as residential buildings. Under the IFD Law, the IFD may use a portion of the revenue generated by the levy of the ad valorem property tax on the assessed value of the properties in the IFD. The tax revenue allocable to the IFD is only the "incremental tax revenue" generated by the levy of the ad valorem property tax on the "incremental assessed value" of property in the IFD, which is the assessed value above a "base year" assessed value. For the proposed IFD, the base year would be fiscal year 2010-11.

The IFD is only allocated the incremental tax revenue of the local agencies that agree to allocate their incremental tax revenue to the IFD. In this case, the City would allocate a

portion of its incremental tax revenue to the IFD, but no other taxing entity would allocate its incremental tax revenue to the IFD.

Following adoption of the Resolution of Intention, the City is obligated to prepare a draft Infrastructure Financing Plan for the IFD. Under the IFD Law, the City is obligated to distribute the Resolution of Intention and the draft Infrastructure Financing Plan, along with any report required by the California Environmental Quality Act ("CEQA") relating to the proposed public facilities to be funded by the IFD and the proposed private development projects included within the boundaries of the proposed IFD, to each governmental taxing agency that levied or had levied on its behalf a property tax on the property in the proposed IFD in the fiscal year prior to the designation of the IFD. The Infrastructure Financing Plan and the CEQA documents must also be distributed to the Board of Supervisors and the Planning Commission.

The Resolution of Intention and the draft Infrastructure Financing Plan are enclosed with this letter; the relevant Environmental Impact Reports ("Relevant EIRs") for the Rincon Hill Area Plan and any associated private development projects, which Relevant EIRs are incorporated in their entirety by this reference, are available on the website of the San Francisco Planning Department. Formation of the IFD is not a "project" under the California Environmental Quality Act, because formation of the IFD does not involve any commitment to a specific project which may result in a potentially significant physical impact on the environment, as contemplated by Title 14, California Code of Regulations, Section 15378(b)(4)). This letter and the circulation of the enclosed draft documents, however, do not constitute an action or approval under CEQA, so consequently, there is no need for any final CEQA determination at this time.

The next step in the proceedings for formation of the proposed IFD is approval of the draft Infrastructure Financing Plan by the Board of Supervisors; this approval is required before the Board of Supervisors can adopt an ordinance to allocate a portion of its incremental property tax revenue to the IFD. The earliest date this next step can take place is February 2011.

Re: *City and County of San Francisco Infrastructure Financing District No. 1 (Rincon Hill Area)*

Dear Ms. Somera:

You are in receipt of a letter dated December 9, 2010 from Michael Yarne, which:

- (i) referred to an attached draft Infrastructure Financing Plan, and
- (ii) incorporated the relevant Environmental Impact Reports ("Relevant EIRs") for the Rincon Hill Area Plan and any associated private development projects.

The next step in the proceedings related to the IFD will be a public hearing and an election; both are scheduled to occur on February 8, 2011. In connection with these proceedings, I attach a revised Infrastructure Financing Plan; **this is the version of the Infrastructure Financing Plan that the Board of Supervisors will be asked to approve on February 8, 2011.** The only changes to this document from the draft you previously received are the following: (A) the draft of the Infrastructure Financing Plan that you received erroneously included an older version of Table 11, and the attached draft includes the correct version of Table 11 and (B) the boundary map has been updated to include all the relevant addresses for the 319-325 Fremont property and to correct the address for 401 Harrison.

Please contact me or Michael Yarne if you have any questions.

Very truly yours,

Christopher K. Lynch
