PROFESSIONAL EXPERIENCE

- Chairman of the Liquidation Oversight Committee in the bankruptcy of Coudert Brothers, the oldest international law firm in America, pending in the Southern District of New York.
- Prepared documents for Honey Hill Farms for use in the distribution of frozen yogurt, which involved financing of equipment as well as product sales.
- Prepared and reviewed the documentation required set up companies to import, produce, and distribute orange juice, and was involved in litigation over limited partnership agreements used to acquire and develop real estate.
- Prepared and reviewed the documentation for establishment of the leading vegan restaurant in Northern California, including the offering materials and related contracts and agreements, such as buy-sell agreements, employment agreements, sales of stock agreements.
- Prepared and reviewed the documentation for establishment of numerous limited liability partnerships and corporations for the development of consumer electronic products, which included of the offering materials and related contracts and agreements, such as buy-sell agreements, employment agreements, sales of stock agreements.
- Prepared and reviewed the documentation for establishment of numerous limited liability partnerships and corporations for the development of real estate projects, including a motel and import-export companies for various investors and owners.
- Represented the California Pollution Control Financing Authority (Plaintiff) in major RICO, securities fraud, and breach of contract litigation in Los Angeles, resulting in two jury trials ending in multi-million dollar verdicts for plaintiff. The cases were based on a conduit financing by an agency of the State of California, and involved the

analysis of documents in a complicated municipal bond financing, including many agreements designed to provide security for the loan and governing the operation of the garbage transfer station involved.

- Represented the owner of a \$28,000,000 apartment and commercial complex in San Francisco in several conduit financings, extensions and modifications, and re-financings through the San Francisco Redevelopment Agency, which involved review and coordination of extensive documentation for consistency and appropriateness within the transaction.
- Represented the developer of public self-storage facilities in the preparation, coordination, and review of the documentation of limited partnerships created for the acquisition, development, financing, and operation of self-storage facilities in various locations in the United States.
- Represented the owners of 1310, Inc, in the acquisition, operation, and later sale of a radio station located in Oakland. This involved the preparation, coordination, and review of all documents for the transactions, including the deal memoranda and documents designed to implement the deal points, financing, licensing, approval from the FCC.
- Prepared the documents that established the company, the private placement memorandum, and all related agreements for operation of the company and the control of its stock for a company that developed a medical garment designed to prevent health-care workers from becoming infected by contact with blood,.
- Supervised the rewriting of the By-laws and CC&Rs of homeowners association of a condominium development, and the remapping of the building, to prevent the re-occurrence of litigation that had been brought among the owners due in part to conflicts and inconsistencies in the governing documents and resolutions adopted by various boards of directors.

- As general counsel for the various entities that were collectively known as The San Francisco Cannery, represented the owner in two multi-million dollar financings and eventually the sale of the property, which required preparation and review of extensive and complicated documents for consistency and appropriateness. Over a period of approximately 15 years was responsible for the documentation of numerous leases, each of which was different, but all of which had to be consistent with terms in all the other leases, and with promotional agreements, and licenses. Each of these leases and related agreements also had to be consistent with the overall business plans for the particular tenant involved. Prepared the agreements by which The Cannery sold naming rights to Del Monte Corporation. Represented The Cannery in numerous disputes with tenants, which required the analysis of documents and agreements, many of which were decades old, or had been made informally over time. Was responsible for the preparation and review of contracts to be certain that they were consistent with all other agreements that The San Francisco Cannery entered into, such as for construction, seismic upgrade, tenant improvements, public relations and promotion, the use of the courtyard space shared with this building to the west of The San Francisco Cannery, the documents related to those instances in which The San Francisco Cannery had a financial interest in a tenant.
- As counsel for a promoter of rock and music events, Thump Radio, reorganized the corporation documents, prepared new agreements for the operation of the business and bringing in new investors.
- Assisted former Mayor Willie L. Brown, Jr. in analyzing a proposed San Francisco Paratransit Program, including a proposed contract between The City and County of San Francisco Municipal Railway and GPS Data Solutions to provide the equipment and services to implement that program, and objections that the taxicab industry been raised to the contracting process, including asserted

inconsistencies and conflicts in documents, statements, and the contracting process.

- Supervised and coordinated the preparation of documents to implement the development of real estate and financing of equipment acquisition, as an attorney with the Atchison, Topeka & Santa Fe Railway Company, which became Santa Fe Industries, a diversified transportation, real estate, and natural resources company.

RE: Seat 4 Historical Preservation Commission, nomination of **Richard Johns**

Rules Committee meeting 1/3/11 ~ please vote item 3 NO, item 4 YES

Board of Supervisors meeting 1/4/11 ~ please vote item 37 NO, item 38 YES

Dear Supervisors:

The city charter states that "Members of this commission shall be persons specially qualified" and then enumerates what each seat holder's qualifications must be in order to fulfill the desired balance for the commission. "Seat 4 must be a historian meeting the Secretary of the Interior's Professional Qualifications for history with specialized training and/or demonstrable experience in North American or Bay Area history."

Though Mr. Johns' resume demonstrates he is a very qualified attorney, this document does not cite any "specialized training and/or demonstrable experience in North American or Bay Area history." He does not have the Professional Qualifications for history established by the Secretary of the Interior that seat 4 requires.

The *minimum* professional qualifications in history are a graduate degree in history or closely related field; or a bachelor's degree in history or closely related field plus one of the following:

- At least two years of full-time experience in research, writing, teaching, interpretation, or other demonstrable professional activity with an academic institution, historic organization or agency, museum, or other professional institution; or
- Substantial contribution through research and publication to the body of scholarly knowledge in the field of history.

Mr. Johns does not have a degree in history (his degrees are in English and law). There is no indication that he has any FULL-TIME experience as specified by Interior Secretary, nor does his resume provide indication of substantial contribution through research and publication to the body of scholarly knowledge in the field of history.

For these reasons, Mr. Johns is not qualified for seat #4 and his nomination must be rejected.

Sincerely,

Nancy Wuerfel

Re: Nominations for San Francisco Historic Preservation Commission

Dear Honorable Members of the Rules Committee:

On behalf of San Francisco Architectural Heritage, thank you for the opportunity to comment on the current slate of nominees to the Historic Preservation Commission (HPC). With the recent passage of Proposition J in 2008, it is critical for the city recognize and observe professional qualification standards established under the City Charter for nominees to the HPC. Our overriding priority is to uphold the integrity of Proposition J and the requirements of the City Charter for all current and future appointments to the HPC.

As a threshold matter, state law clearly establishes the predominance of the City Charter. The Charter is the City's constitution and the supreme law of the City. A city ordinance "can no more change or limit the effect of a charter than a statute can modify or supersede a provision of the State Constitution."¹ Accordingly, all city ordinances and actions pursuant thereto must be consistent with the Charter; otherwise they are void.

Proposition J amended the City Charter to establish the seven-member Historic Preservation Commission (HPC), subject to objective professional qualification standards for each discipline represented. Heritage supported Proposition J as a means to clarify and simplify the historic preservation process, and to ensure consistency in the composition and expertise of the HPC.

We understand that Richard Johns has been nominated for Seat 4 which, pursuant to the City Charter, is reserved for "an historian meeting the Secretary of the Interior's Professional Qualifications Standards for history with specialized training and/or

¹ *Hubbard v. City of San Diego* (1976) 55 Cal.App.3d 380, 392.

demonstrable experience in North American or Bay Area history." Accordingly, the Secretary's Standards provide:

The minimum professional qualifications in history are a graduate degree in history or closely related field; or a bachelor's degree in history or closely related field plus one of the following:

1. At least two years of full-time experience in research, writing, teaching, interpretation, or other demonstrable professional activity with an academic institution, historic organization or agency, museum, or other professional institution; or
2. Substantial contribution through research and publication to the body of scholarly knowledge in the field of history.

The HPC's historian seat provides critical technical expertise necessary to maintain the San Francisco's status as a Certified Local Government (CLG). This program makes the City eligible for federal and state grant funding and provides it an enhanced role in the nomination of historic properties to the National Register of Historic Places and in matters subject to consultation by federal and state agencies.

Based on the materials submitted to the Rules Committee, we question whether Mr. Johns can meet the objective professional qualifications established by the City Charter and the Secretary's Standards for Seat 4. We do not question Mr. Johns' dedication to the City's history and the preservation of its historic resources, nor deny that his academic and professional credentials are impressive. However, in the absence of evidence that he satisfies the applicable qualification requirements set forth in Proposition J, Heritage requests that this nomination be withdrawn from further consideration.

Sincerely,

Mike Buhler
Executive Director

SFPC - HPC Seat 4 Letter 1-2-11.pdf Buckley c.v..pdf Cherny c.v..pdf Johns c. v..pdf

Dear Mayor Newsom:

On behalf of the San Francisco Preservation Consortium (Consortium), a grassroots historic preservation education and advocacy group comprised of individuals and member organizations, I thank you for reaching out to the preservation community in the past to ensure that nominees to the Historic Preservation Commission (HPC) meet or exceed the attached qualifications required by Proposition J of 2008. As you know from our past advocacy efforts, the Consortium considers appointments to the HPC to be a very serious matter and does not support nominees that do not meet the professional qualification standards of the position to which they are being nominated.

The Consortium and members of the historic preservation community were surprised to learn very recently that you have nominated three individuals to the HPC and asked that these nominations be confirmed by the Board of Supervisors (Board) just prior to your imminent resignation from office. As a result these nominations are scheduled to be considered by the Rules Committee of the Board on Monday, January 3rd and by the full Board on Tuesday, January 4th. We believe that there has not been adequate notice or time for the historic preservation community and the public to consider these nominations over the Christmas and New Year's holidays.

However, we support the reappointment of Karl Hasz and Andrew Wolfram to the HPC. As incumbent HPC members these two nominees were previously confirmed by the Board and we believe have demonstrated their professional qualifications and expertise during their tenure on the Commission—the same can be said of James Buckley who remains willing and able to serve, yet has not been nominated to a second term.

Unfortunately, this is not the case with the recent nomination of Richard Johns to the historian seat. The Consortium and the historic preservation community are quite concerned. We understand from Mr. Johns' resume that he is an ardent supporter of the City's history and the preservation of its historical sites and artifacts. He has served on more than one institution dedicated to preserving San Francisco's cultural heritage. However, we question whether Mr. Johns possesses the required professional qualifications to fill the historian position (Seat 4) on the HPC for a 4-year term. Proposition J and the nationally recognized Secretary of the Interior's Professional Qualification Standards must be met for a nominee to be qualified to serve on the HPC in this important capacity. While Mr. Johns academic and professional credentials are impressive, the Consortium requests

that in the absence of evidence that he satisfies the applicable professional qualification requirements set forth in Proposition J, this nomination be withdrawn from further consideration.

The HPC's historian provides technical expertise necessary to maintain the San Francisco's status as a Certified Local Government (CLG). This program makes the City eligible for federal and state grant funding and provides it an enhanced role in the nomination of historic properties to the National Register of Historic Places and in matters subject to consultation by federal and state agencies.

The Consortium previously recommended past Landmarks Preservation Board Member Robert Cherny who holds a Ph.D. in history and is currently a professor of history at San Francisco State University for the historian seat. We remain in support of Dr. Cherny for the position of HPC historian and are aware of his willingness to serve.

Sincerely,

Cynthia Servetnick

**Re: Withdrawal of Mayoral Nominee to Historic Preservation
Commission Seat 4 - Historian**

Dear Mayor Newsom:

On behalf of the San Francisco Preservation Consortium (Consortium), a grassroots historic preservation education and advocacy group comprised of individuals and member organizations, I thank you for reaching out to the preservation community in the past to ensure that nominees to the Historic Preservation Commission (HPC) meet or exceed the attached qualifications required by Proposition J of 2008. As you know from our past advocacy efforts, the Consortium considers appointments to the HPC to be a very serious matter and does not support nominees that do not meet the professional qualification standards of the position to which they are being nominated.

The Consortium and members of the historic preservation community were surprised to learn very recently that you have nominated three individuals to the HPC and asked that these nominations be confirmed by the Board of Supervisors (Board) just prior to your imminent resignation from office. As a result these nominations are scheduled to be considered by the Rules Committee of the Board on Monday, January 3rd and by the full Board on Tuesday, January 4th. We believe that there has not been adequate notice or time for the historic preservation community and the public to consider these nominations over the Christmas and New Year's holidays.

However, we support the reappointment of Karl Hasz and Andrew Wolfram to the HPC. As incumbent HPC members these two nominees were previously confirmed by the Board and we believe have demonstrated their professional qualifications and expertise during their tenure on the Commission—the same can be said of James Buckley who remains willing and able to serve, yet has not been nominated to a second term.

Unfortunately, this is not the case with the recent nomination of Richard Johns to the historian seat. The Consortium and the historic preservation community are quite concerned. We understand from Mr. Johns' resume that he is an ardent supporter of the City's history and the preservation of its historical sites and artifacts. He has served on more than one institution dedicated to preserving San Francisco's cultural heritage. However, we question whether Mr. Johns possesses the required professional qualifications to fill the historian position (Seat 4) on the HPC for a 4-year term. Proposition J and the nationally recognized Secretary of the Interior's Professional Qualification Standards must be met for a nominee to be qualified to serve on the HPC in this important capacity. While Mr. Johns academic and professional credentials are impressive, the Consortium requests that in the absence of evidence that he satisfies the applicable professional qualification requirements set forth in Proposition J, this nomination be withdrawn from further consideration.

The HPC's historian provides technical expertise necessary to maintain the San Francisco's status as a Certified Local Government (CLG). This program makes the City eligible for federal and state grant funding and provides it an enhanced role in the nomination of historic properties to the National Register of Historic Places and in matters subject to consultation by federal and state agencies.

The Consortium previously recommended past Landmarks Preservation Board Member Robert Cherny who holds a Ph.D. in history and is currently a professor of history at San Francisco State University for the historian seat. We remain in support of Dr. Cherny for the position of HPC historian and are aware of his willingness to serve.

Sincerely,

Cynthia Servetnick

Re: Mayoral Nominees to the San Francisco Historic Preservation Commission

Dear Mayor Newsom,

On behalf of the San Francisco Preservation Consortium (Consortium), a grassroots education and advocacy group comprised of individuals and member organizations, I thank you for reaching out to the preservation community to ensure your nominees to the new Historic Preservation Commission (Commission) meet or exceed the attached qualifications required by Proposition J which San Francisco voters overwhelmingly approved in November 2008.

The Consortium is pleased by the appointments of Alan Martinez, AIA, Historic Architect to Seat 1, Charles Edwin Chase, AIA, Architectural Historian to Seat 3, Courtney Damkroger, AICP, Preservation Professional to Seat 5 and Karl Hasz, General Contractor to Seat 6. We hope Seats 2, 4 and 7 will be filled prior to the Commission's first meeting on Wednesday, February 4, 2009.

The Consortium conducted informal interviews with several candidates whose applications you are considering nominating to the new Commission. We did not interview candidates who are known to us through their recent participation on the Landmarks Board. Per below, we highly recommend Diane Matsuda, Esq. be nominated to Seat 7 – At Large; Robert Cherny, Ph.D. be nominated to Seat 4 – Historian; and Johanna Street, AIA be nominated to Seat 2 – Historic Architect. Alternately, we recommend Lucia Bogatay, AIA be nominated to either Seat 2 or Seat 7.

Recommended for Seat 7 - At Large: Diane Matsuda, Esq. is a native San Franciscan who attended UC Hastings College of the Law and USF. She worked under State Historian Kevin Starr as program director for the California Civil Liberties Public Education Program which funded significant projects, such as the landmarking of buildings in the three remaining California Japantowns. She expresses a keen interest in collecting the oral histories of under-represented communities which she sees as the starting point in understanding the historic significance of the built environment. In her role as the executive director of the California Cultural and Historical Endowment Ms. Matsuda gained experience in evaluating historical resources under the California Environmental Quality Act. She is specially qualified by reason of her interest, competence, knowledge, training and experience in the historic, architectural, aesthetic, and

cultural traditions of the City, and her interest in the preservation of its historic structures, sites and areas, and residents of the City.

Recommended for Seat 4 - Historian: Robert Cherny, Ph.D. most recently served as Vice President of the Landmarks Preservation Advisory Board (LPAB). He is a distinguished professor of history at San Francisco State University and a renowned historian who has published extensively. The focus of Mr. Cherny's work has been on local history and labor history. He received his Ph.D. in history from Columbia University and exceeds the Secretary of the Interior's Professional Qualifications Standards for history with specialized training and/or demonstrable experience in North American or Bay Area history.

Recommended for Seat 2 - Historic Architect: Johanna Street, AIA served on the most recent LPAB and is a licensed architect specializing in historic preservation. As a sole-practitioner, she works on select preservation projects and is an advocate for the maintenance of the built environment. She holds a professional degree in Architecture from Virginia Polytech and is considered an expert in materials conservation and structural systems which enables her to offer technical assistance in solving complex design problems to Certificate of Appropriateness applicants. She is exceptionally well qualified and meets the Secretary of the Interior's Professional Qualifications Standards for historic architecture.

Alternately recommended for Seat 2 or Seat 7: Lucia Bogatay, AIA is a licensed architect recognized for her redesigns of historic buildings for contemporary use. She has practiced architecture in San Francisco for 40 years. Ms. Bogatay was appointed by Mayor Diane Feinstein to the LPAB and served for four years. She has also served on the board of the Fort Point and Presidio Historical Association, is a longstanding member of San Francisco Architectural Heritage and the National Trust for Historic Preservation. Lucia received her Master of Architecture degree from Harvard Graduate School of Design and meets the Secretary of the Interior's Professional Qualifications Standards for historic architecture.

We also conducted informal interviews with H. Ruth Todd, AIA, AICP and Carolyn Kiernat, AIA. Both are principals with Page & Turnbull, Inc. and are licensed architects who meet the Secretary of the Interior's Professional Qualifications Standards for historic architecture, qualifying them for Seat 2. However, given the City Attorney's interpretation of the conflict of interest and compensated advocacy sections of the Good Government Guide, their regular duties working for Page & Turnbull, Inc.—among the largest firms in the Bay Area providing historic preservation and conservation services—would appear to conflict with performing their regular roles in contact with the City professionally while concurrently serving on local Commissions. If not an outright conflict, their ability to serve might be severely limited.

Again, we appreciate your seeking our counsel regarding your nominees to Historic Preservation Commission Seats 2, 4 and 7. We look forward to seeing the full Commission seated as soon as possible with the highly qualified persons who have already submitted their applications to you.

Sincerely yours,

Stewart Morton, Treasurer and January Meeting Chair

Excerpt from Charter Amendment
Creating an Historic Preservation Commission
Proposition J - November 2008

QUALIFICATIONS. In addition to the specific requirements set forth below, members of the Historic Preservation Commission shall be persons specially qualified by reason of interest, competence, knowledge, training and experience in the historic, architectural, aesthetic, and cultural traditions of the City, interested in the preservation of its historic structures, sites and areas, and residents of the City. Six of the members of the Historic Preservation Commission shall be specifically qualified in the following fields:

1. Seats 1 and 2: licensed architects meeting the Secretary of the Interior's Professional Qualifications Standards for historic architecture;
2. Seat 3: an architectural historian meeting the Secretary of the Interior's Professional Qualifications Standards for architectural history with specialized training and/or demonstrable experience in North American or Bay Area architectural history;
3. Seat 4: an historian meeting the Secretary of the Interior's Professional Qualifications Standards for history with specialized training and/or demonstrable experience in North American or Bay Area history;
4. Seat 5: an historic preservation professional or professional in a field such as law, land use, community planning or urban design with specialized training and/or demonstrable experience in historic preservation or historic preservation planning.
5. Seat 6 shall be specially qualified in one of the following fields or in one of the fields set forth for Seats 1, 2, or 3:
 - a. A professional archeologist meeting the Secretary of the Interior's Professional Qualification Standards for Archeology;
 - b. A real estate professional or contractor who has demonstrated a special interest, competence, experience, and knowledge in historic preservation;
 - c. A licensed structural engineer with at least four years of experience in seismic and structural engineering principals applied to historic structures; or
 - d. A person with training and professional experience with materials conservation.
6. Seat 7 shall be an at large seat subject to the minimum qualifications set forth above.

THE SAN FRANCISCO PRESERVATION CONSORTIUM

845 Sutter Street, No. 512
San Francisco, CA 94109

The San Francisco Preservation Consortium is a grassroots education and advocacy group comprised of individuals and member organizations. Founded in 2001, we currently have 170 listserve members.

Our website is:

<http://groups.yahoo.com/group/sfpreservationconsortium>

The Consortium seeks to strengthen the City's Landmarks Ordinance (Article 10 of the Planning Code), including augmenting the powers of the Historic Preservation Commission, and renewing the commitment to uphold the provisions, procedures and protections for historic downtown resources required by Article 11 of the Planning Code.

The Consortium advocates the appointment of appropriately qualified persons to the Planning Commission, the Board of Appeals and the Historic Preservation Commission. The Consortium also advocates increased funding for neighborhood surveys and the incorporation of survey findings into Neighborhood Plans as well as planning and permit application decisions.

In the realm of new legislation, the Consortium would like to see measures that would prevent deliberate "demolition by neglect" of historic resources by private property owners and guarantee basic maintenance of all designated resources owned by the City of San Francisco and the Redevelopment Agency.

To facilitate rehabilitation and adaptive reuse of historic resources, the Consortium urges the removal of administrative barriers to the application of the State Historical Building Code to all eligible structures in the City, as required by California law. Further, the Consortium supports the City's development of additional financial incentives to encourage retention, reuse and maintenance of privately-owned historic sites.

PROFESSIONAL EXPERIENCE

- Chairman of the Liquidation Oversight Committee in the bankruptcy of Coudert Brothers, the oldest international law firm in America, pending in the Southern District of New York.
- Prepared documents for Honey Hill Farms for use in the distribution of frozen yogurt, which involved financing of equipment as well as product sales.
- Prepared and reviewed the documentation required set up companies to import, produce, and distribute orange juice, and was involved in litigation over limited partnership agreements used to acquire and develop real estate.
- Prepared and reviewed the documentation for establishment of the leading vegan restaurant in Northern California, including the offering materials and related contracts and agreements, such as buy-sell agreements, employment agreements, sales of stock agreements.
- Prepared and reviewed the documentation for establishment of numerous limited liability partnerships and corporations for the development of consumer electronic products, which included the offering materials and related contracts and agreements, such as buy-sell agreements, employment agreements, sales of stock agreements.
- Prepared and reviewed the documentation for establishment of numerous limited liability partnerships and corporations for the development of real estate projects, including a motel and import-export companies for various investors and owners.
- Represented the California Pollution Control Financing Authority (Plaintiff) in major RICO, securities fraud, and breach of contract litigation in Los Angeles, resulting in two jury trials ending in multi-million dollar verdicts for plaintiff. The cases were based on a conduit financing by an agency of the State of California, and involved the

analysis of documents in a complicated municipal bond financing, including many agreements designed to provide security for the loan and governing the operation of the garbage transfer station involved.

- Represented the owner of a \$28,000,000 apartment and commercial complex in San Francisco in several conduit financings, extensions and modifications, and re-financings through the San Francisco Redevelopment Agency, which involved review and coordination of extensive documentation for consistency and appropriateness within the transaction.
- Represented the developer of public self-storage facilities in the preparation, coordination, and review of the documentation of limited partnerships created for the acquisition, development, financing, and operation of self-storage facilities in various locations in the United States.
- Represented the owners of 1310, Inc, in the acquisition, operation, and later sale of a radio station located in Oakland. This involved the preparation, coordination, and review of all documents for the transactions, including the deal memoranda and documents designed to implement the deal points, financing, licensing, approval from the FCC.
- Prepared the documents that established the company, the private placement memorandum, and all related agreements for operation of the company and the control of its stock for a company that developed a medical garment designed to prevent health-care workers from becoming infected by contact with blood,.
- Supervised the rewriting of the By-laws and CC&Rs of homeowners association of a condominium development, and the remapping of the building, to prevent the re-occurrence of litigation that had been brought among the owners due in part to conflicts and inconsistencies in the governing documents and resolutions adopted by various boards of directors.

- As general counsel for the various entities that were collectively known as The San Francisco Cannery, represented the owner in two multi-million dollar financings and eventually the sale of the property, which required preparation and review of extensive and complicated documents for consistency and appropriateness. Over a period of approximately 15 years was responsible for the documentation of numerous leases, each of which was different, but all of which had to be consistent with terms in all the other leases, and with promotional agreements, and licenses. Each of these leases and related agreements also had to be consistent with the overall business plans for the particular tenant involved. Prepared the agreements by which The Cannery sold naming rights to Del Monte Corporation. Represented The Cannery in numerous disputes with tenants, which required the analysis of documents and agreements, many of which were decades old, or had been made informally over time. Was responsible for the preparation and review of contracts to be certain that they were consistent with all other agreements that The San Francisco Cannery entered into, such as for construction, seismic upgrade, tenant improvements, public relations and promotion, the use of the courtyard space shared with this building to the west of The San Francisco Cannery, the documents related to those instances in which The San Francisco Cannery had a financial interest in a tenant.
- As counsel for a promoter of rock and music events, Thump Radio, reorganized the corporation documents, prepared new agreements for the operation of the business and bringing in new investors.
- Assisted former Mayor Willie L. Brown, Jr. in analyzing a proposed San Francisco Paratransit Program, including a proposed contract between The City and County of San Francisco Municipal Railway and GPS Data Solutions to provide the equipment and services to implement that program, and objections that the taxicab industry been raised to the contracting process, including asserted

inconsistencies and conflicts in documents, statements, and the contracting process.

- Supervised and coordinated the preparation of documents to implement the development of real estate and financing of equipment acquisition, as an attorney with the Atchison, Topeka & Santa Fe Railway Company, which became Santa Fe Industries, a diversified transportation, real estate, and natural resources company.

Authority:

Charter Amendment, Prop. J, November 4, 2008 election.

Board Qualifications:

Proposition J, on the November 4, 2008 ballot, amended the Charter to create an independent Historic Preservation Commission, which shall advise the City on historic preservation matters, participate in processes that involve historic or cultural resources, and take such other actions concerning historic preservation as may be prescribed by ordinance. The proposed Charter amendment would end the service of all current members of the Landmarks Preservation Advisory Board as of December 31, 2008. The Commission shall have the authority to recommend approval, disapproval, or modification of landmark designations and historic district designations under the Planning Code to the Board of Supervisors. The Planning Commission would have 45 days to comment on the HPC recommendation regarding landmarks designations and provide comments to the Board of Supervisors.

Certain matters of the Board of Supervisors would be required to be referred to the HPC prior to passage by the Board of Supervisors, including ordinances and resolutions concerning historic preservation issues of historic resources, redevelopment project plans and waterfront plans.

The Historic Preservation Commission shall consist of seven members nominated by the Mayor and subject to approval by a majority of the Board of Supervisors. The original appointments shall have four members with four-year terms and three members with two-year terms as follows: the odd-numbered seats shall be for 4-year terms and the even-numbered seats shall be for 2-year terms. After the expiration of the original terms, all appointments shall be four-year terms, provided however, that a member may holdover until a successor has been nominated by the Mayor and approved by the Board of Supervisors. There shall be no limit on the number of terms a member may serve.

San Francisco
BOARD OF SUPERVISORS

Within 60 days of the expiration of a term or other vacancy the Mayor shall nominate a qualified person to fill the vacant seat subject to approval by a majority of the Board of Supervisors who shall hold a public hearing and vote on the nomination within 60 days of the Mayor's transmittal of the nomination to the Clerk of the Board of Supervisors. If the Mayor fails to make such nomination within 60 days, the nomination may be made by the President of the Board of Supervisors, subject to the approval of a majority of the Board of Supervisors.

Members of this Commission shall be persons specially qualified by reason of interest, competence, knowledge, training and experience in the historic, architectural, aesthetic, and cultural traditions of the City, interested in the preservation of its historic structures, sites and areas, and residents of the City.

Seats 1 and 2 must be licensed architects meeting the Secretary of the Interior's Professional Qualifications Standards for historic architecture.

Seat 3 must be an architectural historian meeting the Secretary of the Interior's Professional Qualifications Standards for architectural history with specialized training and/or demonstrable experience in North American or Bay Area architectural history.

Seat 4 must be a historian meeting the Secretary of the Interior's Professional Qualifications Standards for history with specialized training and/or demonstrable experience in North American or Bay Area history.

Seat 5 must be a historic preservation professional or professional in a field such as law, land use, community planning or urban design with specialized training and/or demonstrable experience in historic preservation or historic preservation planning.

Seat 6 shall be specially qualified in one of the following fields or in one of the fields set forth for Seats 1, 2, or 3: (a) - A professional archeologist meeting the Secretary of the Interior's Professional Qualifications Standards for Archeology; (b) - A real estate professional or contractor who has demonstrated a special interest, competence, experience, and knowledge in historic preservation; (c) - A licensed structural engineer with at least four years of experience in seismic and structural engineering principals applied to historic structures; or (d) - A person with training and professional experience with materials conservation.

Seat 7 shall be an at large seat subject to the minimum qualifications set forth above.

The Commission shall be staffed by the Planning Department.
