21 Unused and unencumbered appropriations or unencumbered balances existing at the  
22 close of any fiscal year in revenue or expense appropriations of the City and County for any  
23 such fiscal year, including such balances in revenue and expense appropriations provided  
24 under the provisions of Section 16.106 of the Charter for libraries, parks and squares,

5 the annual budget and the appropriation ordinance for such fiscal year, shall be held as surplus.  
6 ~~transferred by the Controller, at the closing of such fiscal year, to a "cash reserve fund" which is~~  
7 ~~hereby created and which may be used only in the manner authorized by Section 10.08; provided,~~

14 ~~fund as hereinbefore in this Section required or authorized, shall be held as surplus.~~

15 Such surplus shall be taken in to account as revenue of the ensuing fiscal year;  
16 provided, however, that any such surplus created or existing in any fiscal year may be  
17 appropriated by the Board of Supervisors by means of an ordinance designated as a  
18 supplemental appropriation ordinance, in the same manner and subject to the same  
19 conditions, except time, as provided in the Charter for the submission and approval of the  
20 annual budget and the appropriation ordinance.

21 No ordinance or resolution for the expenditure of money, except the annual  
22 appropriation ordinance, shall be passed by the Board of Supervisors unless the Controller  
23 first certifies to such Board that there is a sufficient unencumbered balance in a fund that may  
24 legally be used for such proposed expenditure, and that, in the judgment of the Controller,  
25 revenues as anticipated in the appropriation ordinance for such fiscal year and properly

1 applicable to meet such proposed expenditure will be available in the treasury in sufficient  
2 amount to meet the same as it becomes due.

3  
4 **SEC. 10.6-2. CONTROLLER'S AUDIT OF LEASES UNDER WHICH CITY IS LESSOR.**

5 The department, board, or commission that has management and control of, or  
6 jurisdiction over, any leased property is responsible for ensuring that all tenants are paying the

8 that they are adequately managing their leases. The cost of such audits shall be borne by the  
9 respective department, board, or commission.

10 Pursuant to Section 3.105 of the Charter, the Controller is authorized and directed to  
11 conduct audits, at regular intervals, of all leases of city-owned real property where rent of  
12 \$500,000 ~~\$100,000~~ or more a year is to be paid to the City. Any department board, or  
13 commission may elect to have audits conducted or contracted to be conducted by the  
14 Controller. The cost of each such audit shall be borne by the department, board or  
15 commission that has management and control of, or jurisdiction over, the leased real property.  
16 Within 30 days after the completion of each such audit, the Controller shall file reports of the  
17 audit with the Mayor and the Board of Supervisors and shall deliver a copy of the report to the  
18 department, board or commission that has management and control of, or jurisdiction over,  
19 the leased real property. The department, board or commission shall take corrective action to  
20 comply with the audit recommendations and shall report to the Controller on the action taken  
21 within 45 days of the receipt of the audit report and at the end of each six months thereafter  
22 until the matters disclosed by the audit have been resolved.

1       **SEC. 10.100-77. HUMAN SERVICES CARE FUND.**

2           (a) **Establishment of Fund.** The Department of Human Services Care Fund is  
3 established as a category eight fund to receive, and account for the expenditure of, savings  
4 realized through the implementation of Proposition N, or any other legislation that provides in-  
5 kind benefits in lieu of a full cash grant.

6           \* \* \* \*

7           (c) **Revenues.** The Fund shall include the following revenues:

8           Category One: Each year, the Commission shall, as part of its budget, estimate the  
9 number of homeless individuals it expects will participate in each of the separate CAAP  
10 programs (GA, PAES, CALM, and SSIP) during the upcoming fiscal year. If those numbers  
11 are less than the baseline figures, the City shall credit the Fund with the full amount of the  
12 average annual maximum cash grant for each program, multiplied by the difference between  
13 the baseline figure and the estimated number of homeless participants in each program for  
14 the upcoming fiscal year.

15           Category Two: Each year, the Commission shall, as part of its budget, estimate the  
16 number of homeless individuals in each of the separate CAAP programs (GA, PAES, CALM,  
17 and SSIP) the Commission expects will be provided in-kind benefits in lieu of a full cash grant  
18 for the upcoming fiscal year. The City shall credit the fund with the difference between the  
19 average annual maximum cash grant for each program and the average annual special  
20 allowance or other residual cash payment provided by the City, multiplied by the estimated  
21 number of homeless individuals in the program that the Commission expects will be provided  
22 in-kind benefits in lieu of a full cash grant during the year.

23           Fund revenues may also include any other monies donated or appropriated to the  
24 Fund.

25           \* \* \* \*

1 (e) **Certification.** The Human Services Commission shall conduct a public hearing or  
2 hearings and adopt findings prior to submitting the annual estimates required under  
3 subsection (c).

4 No later than 30 days after the end of each fiscal year quarter, the Department of  
5 Human Services shall report on whether the estimates under subsection (c) were accurate for  
6 that year quarter. The Controller shall review that report, and the Human Services  
7 Commission shall conduct a hearing and transmit its findings to the Board of Supervisors.  
8 The Board may hold additional hearings and may adjust any appropriations to the Fund;  
9 provided, however, that the Board may choose to reconcile the amounts in the Fund at the  
10 end of the fiscal year.

11 (f) **Fund Limits.** The Controller shall alert the Department of Human Services, the  
12 Board of Supervisors, and the Mayor any time the revenues received by the Fund for any  
13 fiscal year exceed \$11.9 million. The Department may only expend monies from the Fund in  
14 excess of the \$11.9 million amount in any fiscal year by appropriation ordinance.

15 At the same time that the Department submits any such proposed appropriation  
16 ordinance in excess of the \$11.9 million cap, it must also submit to the Board of Supervisors a  
17 plan explaining how the Department intends to spend the money. The plan must include, at a  
18 minimum, estimates of the amounts to be spent for various purposes, as well as an  
19 explanation of who is to benefit from these expenditures, how many people will benefit, and  
20 how the proposed benefits will be provided. The Board shall approve the plan by resolution  
21 before adopting the appropriation ordinance.

2               \* \* \* \*

3               (k) **Certain Transportation Funds (Proposition 1B Funds).** The voters of California  
4       adopted Proposition 1B, the Highway Safety, Traffic Reduction, Air Quality, and Port Security  
5       Bond Act of 2006, at the November 7, 2006 California General Election. Under the  
6       Proposition, the State will appropriate two billion dollars (\$2,000,000,000) into the Local  
7       Streets and Road Improvement, Congestion Relief, and Traffic Safety Account of 2006  
8       ("Proposition 1B Local Street and Road Improvement Funds"). These funds will be distributed  
9       to cities and counties for improvements to transportation facilities that will assist in reducing  
10      local traffic congestion and further deterioration, improving traffic flows, or increasing traffic  
11      safety that may include, but not be limited to, street and highway pavement, maintenance,  
12      rehabilitation, installation, construction and reconstruction of necessary associated facilities  
13      such as drainage and traffic control devices, or the maintenance, rehabilitation, installation,  
14      construction and reconstruction of facilities that expand ridership on transit systems, safety  
15      projects to reduce fatalities, or as a local match to obtain state or federal transportation funds  
16      for similar purposes. The Proposition requires that the funds distributed to the City be  
17      deposited in a local account that is designated for the receipt of state funds allocated for local  
18      streets and roads.

19              (1) The Board of Supervisors finds that while there are a range of projects  
20      involving various City departments that could benefit from the Proposition 1B Local Street and  
21      Road Improvement Funds, implementing a coordinated planning process for use of those  
22      funds will help ensure the effective and efficient expenditure of funds in a manner that will  
23      maximize the benefit to the City and its residents.

24              (2) The Board of Supervisors further finds that given the range of projects and  
25      the Citywide impact of transportation-related projects, it is appropriate for the Board to review

1 proposed expenditures of Proposition 1B Local Street and Road Improvement Funds, and to  
2 be kept apprised of the progress on projects that are receiving Proposition 1B Local Street  
3 and Road Improvement Funds.

4 (3) The Board of Supervisors shall not ~~to~~ appropriate any Proposition 1B Local  
5 Street and Road Improvement Funds, as referenced above, until the Board has received from  
6 the department or departments requesting the appropriations a specific and detailed spending  
7 plan for the funds. The Spending Plan (the "Plan") shall set forth projects, programs and  
8 other improvements to be funded over the next ten years (10) years by Proposition 1B Local  
9 Street and Road Improvement Funds, and shall include a budget, scope, and schedule, as  
10 well as any other information requested by the Board. The Plan should also address the  
11 relative need or urgency, cost effectiveness, and fair geographic distribution of resources,  
12 taking into account the various needs of San Francisco's neighborhoods. The Plan shall be  
13 coordinated with other relevant City agencies including the Planning Department and the  
14 Municipal Transportation Agency, as well as the San Francisco Transportation Authority. The  
15 Plan should identify attempts to leverage or match Proposition 1B Local Street and Road  
16 Improvement Funds with funding from other sources, including any other state or federal  
17 funds. No City Department shall expend or encumber any Proposition 1B Local Street and  
18 Road Improvement Funds without approval from the Board of Supervisors pursuant to this  
19 ordinance. Any Proposition 1B Local Street and Road Improvement Funds received by the  
20 City and County of San Francisco will be deposited into a local account named "The  
21 Proposition 1B Local Account," and shall remain in such account until the Board of  
22 Supervisors approves a department's specific spending plan. Under no circumstances will  
23 Proposition 1B Local Street and Road Improvement Funds be mixed with other funds prior to  
24 the approval of the spending plans as outlined in this paragraph. Proposition 1B Local Street  
25 and Road Improvement Funds can be appropriated as part of the annual budget process only

1 if the requirements of this paragraph are met. The Board of Supervisors further encourages  
2 any department seeking such an appropriation to consult and work with its commission if any,  
3 the public, and the Board on the development of such spending plans.

4 (4) Any department that receives an appropriation of Proposition 1B Local  
5 Street and Road Improvement Funds shall report back to the Board of Supervisors beginning  
6 six months from the date of the appropriation, and at six-month intervals thereafter until the  
7 appropriation has been spent. The report required by this Section shall state the amount of  
8 Proposition 1B Local Street and Road Improvement Funds expended as of the reporting date  
9 and shall describe the progress on the project, the projected date of completion, and such  
10 additional information as the Board may require as a condition of the appropriation.

11 ~~(5) The Controller shall perform an audit every two years of all Proposition 1B Local~~  
12 ~~Street and Road Improvement Funds that are allocated, whether expended or not, to determine what~~  
13 ~~projects were actually funded. Any Department receiving Proposition 1B Local Street and Road~~  
14 ~~Improvement Funds shall cooperate with the Controller's Office in the performance of the audit.~~

15  
16 Section 2. The Business and Tax Regulations Code is hereby amended by amending  
17 Section 515.01, to read as follows:

18 **SEC. 515.01. HOTEL TAX ALLOCATIONS.**

19 (a) All monies collected pursuant to the tax imposed by Section 502 of this Article  
20 ("Hotel Tax Revenues") shall be allocated for the purposes specified in Subsection (b) in the  
21 amounts prescribed in Subsection (c), subject to the adjustments and limitations prescribed in  
22 Subsection (d). Any unexpended balances remaining in Allocations Number 1, 2, 3, 4, 5, 9  
23 and 10 at the close of any fiscal year shall be deemed to be provided for a specific purpose  
24 within the meaning of Section 9.113 of the Charter and shall be carried forward and  
25 accumulated in said allocations for the purposes prescribed in Subsection (b). After the

1 specific purpose allocations and accumulations required by this Section, all remaining  
2 revenues shall be transferred to the General Fund, of which an amount not to exceed two  
3 tenths of one percent (0.2%) shall be appropriated to the Tax Collector for the administration  
4 of the provisions of this Article.

5 \* \* \* \*

6 (d) **Adjustments to and Limitations on Allocation Amounts.** Notwithstanding the  
7 provisions of Subsection (c), the allocation amounts shall be subject to the following  
8 adjustments and limitations:

9 (1) Annual Adjustment: Prior to the calculation of any other adjustment  
10 prescribed in this Subsection (d), each amount prescribed in Subsection (c) shall be adjusted  
11 annually, commencing in fiscal year 1998-99, by the percentage increase or decrease in  
12 actual hotel tax revenues compared with the prior fiscal year; provided, however, that the  
13 amount of the annual adjustment pursuant to this Subparagraph (1) shall not exceed 10  
14 percent.

15 (2) Limitation on Allocation Number 3 (Low-Income Housing in Yerba Buena  
16 Redevelopment Area): Unexpended monies appropriated pursuant to priority (E) of Allocation  
17 Number 3 shall be retained in a reserve fund which shall be allowed to accumulate in the  
18 maximum annual amount of \$100,000 up to a maximum total amount of \$1,000,000.

19 (3) Limitation on Allocation Number 6 (Publicity/Advertising; Recurring Events):  
20 Of the amount allocated for publicity and advertising for recurring events, \$650,000 in 1997-  
21 1998; \$800,000 in 1998-1999 and \$400,000 in 1999-2000, thereafter adjusted by the annual  
22 adjustment provided in Subparagraph (1) of this paragraph, shall be allocated to the Arts  
23 Commission to support the City-owned community cultural centers.

24 (4) Adjustment to Allocation Number 6 (Publicity/Advertising; Recurring Events)  
25 and Allocation Number 11 (Cultural Centers): In fiscal year 1998-99 and thereafter, no

1 amount allocated to support the City-owned community cultural centers shall be released to a  
2 cultural center unless:

3 (A) The Arts Commission has received and approved an annual report  
4 from the cultural center demonstrating that the cultural center has had an active community  
5 support board dedicated to community outreach, fundraising, and advocacy on behalf of the  
6 cultural center in the prior fiscal year. For purposes of this Section, an "active community  
7 support board" shall mean a board that has convened on at least six occasions during the  
8 year.

9 (B) The Arts Commission has received and approved an annual report  
10 from the cultural center demonstrating that the cultural center has, in the prior fiscal year, met  
11 the cultural center's revenue target from sources other than hotel tax revenues. For purposes  
12 of this Section, a cultural center's revenue target shall be at least 20 percent of the cultural  
13 center's total revenues, including hotel tax revenues, in fiscal year 1996-97 inflated annually  
14 by a rate of three percent or by the rate of growth in the cultural center's hotel tax revenues,  
15 whichever is lower. If the cultural center has not met its revenue target, the amount released  
16 to the cultural center shall be reduced in the following year by an amount equivalent to the  
17 difference between the revenue target and actual revenues collected from sources other than  
18 hotel tax revenues. All revenue calculations required to effectuate this limitation shall be  
19 certified by the Controller during the City's annual budget process.

20 ~~(C) The Controller has performed a financial review of the cultural center~~  
21 ~~within the previous four years. An initial financial review shall be performed for each cultural center~~  
22 ~~by the end of fiscal year 1998-99.~~
